civility and incivility, in the Inquiry Concerning Virtue, or Merit (1699), the philosopher Anthony Ashley-Cooper, 3rd Earl of Shaftesbury, said that men and women possess an innate Morality, a sense of right and wrong conduct, which is based upon the intellect and the emotions, and not based upon religious doctrine.

In the philosophic debates of 17th-century Britain, the Inquiry Concerning Virtue, or Merit was the Earl of Shaftesbury's Ethical response to the political philosophy of Leviathan (1651), in which Thomas Hobbes defended absolute monarchy and justified centralized government as necessary because the condition of Man in the apolitical state of nature is a "war of all against all", for which reason the lives of men and women are "solitary, poor, nasty, brutish, and short" without the political organization of people and resources. The European Hobbes gave as example the American Indians as people living in the bellicose state of nature that precedes tribes and clans organizing into the societies that compose a civilization.

In 18th-century anthropology the term noble savage then denoted nature's gentleman, an ideal man born from the sentimentalism of moral sense theory. In the 19th century, in the essay "The Noble Savage" (1853) Charles Dickens rendered the noble savage into a rhetorical oxymoron by satirizing the British romanticisation of Primitivism in philosophy and in the arts made possible by moral sentimentalism.

Second Wind

second wind | Intermediate English - a return of strength or energy that makes it possible to continue in an activity or start again: I was tired, but I ignored it until I got my second wind. (Definition of second wind from the Cambridge Academic Content Dictionary © Cambridge University Press)

I have loved the film The Replacements as an all-time classic and even with Keanue Reeves in it found nothing at all wrong with it. The movie score was part of its strength and I used it when I put up my mother's memorial site. It was all about sencond winds and none

will ever have a seond wind like hers and all she did for me. Before the computers started call backs would spen half a day on hold with the SSA or any other large public or private bueara sometimes the wireless phone handset battery dying before the the hold line was picked up. But she just kept going.

In The Replacements it is about the journey and getting a second chance. It was not about the League nor the union players nor strike-breaking.

All else equal the strike breakers were amazing players but all was not equal. One could not hear, another had a felon records and was a conduct risk, and various other problems. One I am going to use later was a fairly dumb thug that could be pointed at other players as if a dog playing catch hoping to go get the football.

The journey was clearly one about life itself. Not enough an be said about the journey. The hardships, the challenges, setbacks, gains, and gathering up that second wind, getting out of the bog.

It was an all around great movie as I get time to relax one I hope to see again and again.

Blacks beleive Black Adam was the True Kings of Atlantis, the original world of Human Beings who were like Numenorians, special forms of beings.

The White of Europe, the Darkeness, destroyed Black Atlantis, the place of Amnukki, later Kings of the Dark Evil Europe.

The EUropean conquest of the world, and destruction of Atlantis is now undone as DNA is restored to Black Atantis Kings, the Annuki.

> Suddenly, this energy was ruptured by a catastrophe that took down the dominant Empire of Atlantis and set this reality upon a course that put it under the full control of the dark. However, this so-called fall was in reality part of a divine journey to teach you about the devious ways of the dark [Evil Europens]. The cataclysm reduced the human population to barely 15 million. These Beings were utterly childlike in their outlook and very primitive in their technology. They knew little or nothing of why they were here and retained no knowledge of their true origins. - 3 Batz, 9 Zac, 2 Ik - February 20, 2007

Black Nationalists have also advocated for a separate territory for African Americans within the country (similar to white nationalists who argue for a white homeland in the Pacific Northwest). According to their propaganda, Black Nationalists would like a portion of the Southeast United States reserved for a black nation. Further, they are known for their antigovernment and anti-police sentiments due to their long-held views on government corruption and police brutality. Given the historical treatment of black people in the U.S., including such things as lynchings up to modern day mass incarceration, this concern is clearly not entirely unfounded.

People of the Sun

http://www.angelfire.com/oh/AncientKnowledge/TAO.html

Question: Who Are The People Of The Sun?

Answer: People Of The Sun are anyone who by nature is born in tropical environments, Inclusive of Mexico, The Caribbeans,Hawaii,South America,Puerto and of course Africa Etc. People of the sun are melanin-ite children bearing the gift of Melanin from the Anunnaki in their genes. Melanin can withstand exposure to heat up to 1250ˆ(Degrees Fahrenheit) and still retain most of its properties. (From Scroll #147 in part) Question: Why are some people subjected to bodily damage from the sun and others aren't?

Anwer: Because some people have more Melanin than others. The amount of Melanin in a persons body determines the rate of damage the Ultra Violet Rays of the sun can cause. The higher percentage of Melanin in a person's body the less they will be affected by the Ultra Violet Rays. Melanin produces Brown to Black eyes,Skin tone and 9 Ether hair (wooly kingly hair that looks like the tops of trees when flying over them) Hummm! The people who are Melanin recessive beings have a deficiency which produces Lighter skin, Lighter eyes, and 6 Ether blonde hair. Melanin acts as a filter to prevent damage of the delicate deeper layers of skin, by the penetration of Ultra Violet light.

That dosen't sound like a curse to be dark skinned, DO IT? Actually it sounds more like a protective gift from the Anunnaki.

Along with some ancient tablets and writtings such as The Enuma Elish (when on high) and the Atra Hasis, The Epics Of Gilgamesh, and the Ancient Law Codes Of Hammurabi, Enki and the world order, and Ishtar' Descent into the Underworld, The there's The tablets of Adapa: The first man. These are just a few of the Ancient tablets left behind by the Anunnaki to remind us that we are members of the royal blood line. We were made in their image and likeness but we don't remember because of the spell of Kingu (spell of Ignorance) aka the spell of Religion.

The "Birthing" Continues!

The January 29, 2007 conversation!

At that time, I heard two men, who were speaking in my living room. I was lying on my couch and in the Spirit, busily working with the DNA as the DNA was cleaning "stuff" out of my body, which Satan and the humans had put in the night before. On hearing them speaking, I asked our Father to let me

see them; and He opened my eyes to behold a “giant” of a man! The first thing, which caught my eye about this “giant” was a huge ring on the ring finger of his left hand. It radiated a bright light; and from there saw that this “giant” of a man was dressed in a cream colored suit. He had brought a chair with him, which had arms, but no back and he was seated on this chair. He was speaking with a human, a highly decorated military officer; and alongside the giant, this man looked like a child. I knew that if this giant stood up, his head would go out the roof of my living room, this roof being about eight feet tall; and later, I would see that this was indeed so.

The two of them were watching the new DNA as it worked and cleaned out my body! Then, I heard the “giant” say to the highly decorated military man, “I had no idea! We had received reports, but had not idea that it (the DNA) was anything like this! This will make **them** equal to **us**! Every one of **them** must be destroyed!”

On December 7, 2006, the George W. Bush Administration's Department of Justice ordered the unprecedented midterm dismissal of seven United States attorneys.

On November 27, 2006, AG Alberto Gonzales met with senior advisers to discuss the plan. The Justice Department did not receive White House approval for the firings until early

December. As late as December 2, Sampson had written to Michael Elston that the Justice department was “[s]till waiting for green light from White House” with regards to the firing. Deputy White House counsel William K. On December 7, 2006, Justice Department official Michael A. Battle informed seven U.S. Attorneys that they were being dismissed. The Second Annunaki [Cloning anums] Conversation

February 20, 2007

I had been working very hard in the Spirit, perhaps for eight or nine hours, almost straight, when I drifted off to sleep, but for perhaps only ten or fifteen minutes! When I awoke, I sensed a presence in the room and I "looked" in the Spirit to see two very tall men, one taller than the other! But, they were not only tall! They were huge! They were giants!

I recognized the man, who was on the left, the one, who was dressed in the cream colored suit. He had white hair and light-colored eyes! I immediately saw the huge, brilliant stone on his left "ring" finger and the mass of white hair on his head! I did not pay much attention to the second person, as the first one, the huge giant began to speak to me; for he knew that I could see them both!

The giant said to me, "What do you want from us?"

I replied, "I want nothing from you!"

Then, he said, "But, you have a new DNA and through this new DNA, which is similar to ours, you will be like us!"

I said, "Who are you?"

And, he said, "Anu!"

Then, I said, "This (new DNA) is our Father Yahweh's choice, to bless the righteous humans, to bless those, who choose to do right with their lives; and it is only right for it to be so!

The New DNA

My Dear Ones, the new DNA continues to grow in strength and power from our Father Yahweh and from day to day, He adds new dimensions to this new DNA according to His good pleasure. For, He is totally in charge of this work and as such only He knows what is to be added to the growth of this new DNA and at what intervals.

Since the Annunaki have taken over, they have done such horrible things to my body, with such vast amounts of wire, rubber, cloth and meat, that is truly mind-boggling. They put multiple strands of wires up and down my spine and in other places of my body to hold in place their vast amount of stuff and also to act as conductors of the electrical currents, which they channel into my body. Because of this, our Father has made the DNA spirals much stronger and some of them also much larger. They now work the length of my body, clearing away vast amounts of "stuff" during their time of daily cleansing!

I awaken early in the mornings and the among the first words on my lips are praise and thanks to our Blessed Father Yahweh! And, then I ask Him to direct the work of the DNA spirals in my body according to His will, that these works may be pleasing to Him and that they may magnify Him and bring Him glory! And, I wait upon Him to begin His beautiful work. Soon thereafter, the DNA spirals will begin to turn, and churn and grind up the meat, cloth and wire. There may be only huge, and very strong spirals, which work throughout my body, or there may be smaller ones, which are working amidst the larger ones. These large spirals often loose and carry out of my body the long wires, not grinding them up at all, but carrying them out in tact! Yet, they are able to grind them up if our Father in Heaven chooses to empower them to do so; for I have seen the DNA spirals cut through large strands of wire and chew them up, thereafter carrying the ground up wire out of my body.

Our Father may work through the DNA spirals for as many as five our six hours before I get out of bed in the mornings and through most all of this I am awake and aware of what the DNA

is doing, but in a very calm and relaxed state. Afterward, I then may need to go into the Spirit and work more with the DNA and the Spirit of God to remove what the DNA has not already removed. This requires an active work on my part and from day to day I have often spent many, many hours in the Spirit doing this work with the DNA. However, nowadays, as the DNA is growing, and our Father is having the DNA to do more and more work, I may not need to spend as much time the Spirit. The amount of time I need to spend in the Spirit is really determined by the amount of "stuff" left in my body after the DNA does its work in the morning!

"Full-term

Oh, my Dear Souls, I am so grateful to see that the DNA is growing! I am so grateful to see that it is getting stronger by the day; for this also means that it is often not necessary for me to spend as many hours in the Spirit. I believe that it also means that a time is at hand when the DNA will be able to clean all of this "stuff" from my body, without my having to spend much time in the Spirit working with it! When this happens, if it is our Father's will, I wonder whether this "capability" then means"full-term!"

About the criteria for "full-term" DNA, I can only guess; and my guesses are usually wrong, but the above scenario is also "food for thought!" However, one thing is certain: from day to day, I see the most remarkable and astounding work with this new DNA. Our Father's creation through this new DNA is truly amazing, a great and beautiful gift for humanity!

Will the Human Birth Cycle Change?

Will the new cycle of gestation for the new human race also be changed? Will it far exceed the forty weeks, which we now call the human birth cycle! My Dear Ones, I do not know, but it seems that this may be the case. On the 10th of March, this DNA "baby" will be ten months old! From this point, my Dear

Ones, I do not know how much more the DNA must grow before it is “birthed” back to our Father in Heaven! I can only tell you that from day to day it is growing and getting stronger; and that it is truly an amazing sight to behold.

This week all eyes were on Washington, where Gen. David

Petraeus, the commander of U.S. forces in Iraq, and Ryan Crocker, the U.S. ambassador to Iraq, appeared before Congress to tout the alleged success of President Bush's "surge." The pair also delivered their message on Fox News during an exclusive hour-long interview.

The duo's public relations blitz recalled another campaign 40 years earlier, in which a matched pair of ambassador and general argued the case for a different unpopular war. In 1967, Gen. William Westmoreland, then leading the U.S. military effort in Vietnam, and Ellsworth Bunker, the U.S. ambassador to that country, told Congress and the media that progress was being made in Vietnam.

3 Batz, 9 Zac, 2 Ik - February 20, 2007

Selamat Jarin! We come again bringing more information about your world and the current status of first contact. Our Earth allies are on the very brink of being able to put into effect their plans for global transformation. A series of coordinated maneuvers in the past few weeks have finally got the last dark cabal on the run, which is making possible the long-promised

deliveries of the prosperity programs to their most anxious recipients. This aspect of the grand plan is only able to happen because those working for the ouster of the present US administration are very close to achieving this objective. Likewise, the announcements of global debt annulment and the range of new international banking laws are ready to roll at a moment's notice. All this is kept under wraps by a mainstream media focusing instead on America's steadily worsening Iraqi affray. For us, the vital hardcore news is the covert end game between the old guard of Illuminati rulers and those intending to reshape your world's present collapsing reality.

The significance behind this "chess game" is that your world is to be completely transfigured, which is why your rulers are intent on keeping your attention directed toward the war in the Middle East. This dastardly "production" is being used as a smokescreen to disguise the all-out confrontation raging between the dark cabal and their rivals, our Earth allies. During the course of this conflict, a great deal of masquerading by both sides was undertaken to achieve their goals. These strategies allowed our Earth allies to develop a broad game plan, which is at last bringing this hapless cabal to its knees. But inevitably, a few minor points remain outstanding. These are now being resolved and we expect some major developments to happen shortly. We retain our role of official watchdog and intelligence advisor to our Earth allies on a spectrum of matters, ranging from the reformation of the global banking system to the most effective way to conduct the removal of many recalcitrant regimes around the world. We have also been permitted to draw up a detailed program for rectifying your multitude of global environmental crises.

Reforming a planetary society with the complexity of yours in no easy matter. Our Earth allies have gone through some difficult initiations since the Anunnaki, your former overlords, came over to the side of the Light in the mid-1990s. Today, the allies constitute a hodgepodge of individuals and groups that were at first very much at odds with each other. Later on, in the early years of this century, they increasingly joined forces until they now work surprisingly well together. They have forged an

exhaustively detailed plan for bringing about a wholly new world, and 90 per cent of these plans are already agreed upon; the remaining 10 per cent is dependent upon the uprooting of the American regime. Over the past five years, this illicit regime squeezed the global money flow until it is now very difficult to conduct business internationally. This angered many who formerly approved of the self-serving ways of the dark cabal and led to a spate of new rules and regulations being drafted and put into place for quick enactment.

What is happening now is the final maneuvering-into-position by a secret global coalition intent on legally expulsing the present US regime. As you can image, this is a complex undertaking that began in the post-WWII era. The growing arrogance of various corporate and allied wealthy individuals forged an interwoven global complex whose goal was to dismantle the legal constructs that hold this democratic republic together. This was clearly perceived by early members of the secret coalition who had long worked in government and saw at first hand what was going on around them. This strengthening power grab by a rich and corporate America reached its first pinnacle in the 1960s, reaching new heights in the 1980s and 1990s. By this time, a number of ongoing court cases brought by this pro-democratic coalition were challenging what had become a dictatorial oligarchy intent on creating a corporate-based, non-democratic American Empire. The epitome of this is the present US regime.

The dark cabal set up the present US administration to complete a process begun in the closing days of WWII. But a growing body of patriotic and disgruntled government employees and assorted allies clearly understood what was covertly being done to hijack the American Republic. The focus of this underground group was on legally remedying these abuses and returning the fiscal resources pilfered by the dark. They also saw that both political parties were becoming puppets for the empire-building programs of the dark. The opposing sides finally engaged in an all-out clash in the late 1990s, a highlight of which was the stolen election of 2000. With this contemptible act, it became clear that the needed

reforms were not going to be enacted by the now-degenerated US political system. Equally clear was the need for creating an effective alternative to this system and putting it into power. The upshot is the present bunch of policies advocated by our Earth allies.

This means that the imminent economic, political, and governmental changes are the counter-measures to a vast covert coup that has successfully hijacked the US government and converted it into the chief agent for clamping your entire global society in a vice of slavery. This was to have been extant by the late 1990s had it not been for the Anunnaki's changing sides. We emphasize this repeatedly to establish a central point: The reverberating changes in this galaxy's politics are being mirrored by events happening locally on your world. This is why our original first contact mission took on new meaning and scope, and why Heaven drastically revised the early-1990's timetable. First contact morphed from the more usual swift paradigm shift into a more involved and gradual process, in which your spiritual awakening was externally represented in the remaking of your political, cultural, and economic environments.

The recasting of your reality includes a gently increasing exposure to our benign presence. This variegated operation has already provided a substantial escalation in sightings over the past five years and, to a lesser extent, in the increase of interaction between our crews and yourselves. Our intent is to make you aware that we are here, and that we are set on completing this first contact mission in as reasonable a timeframe as is divinely given us. Bear in mind that this mutual first-contact learning-curve applies to you as much as it does to us; you, too, have much to learn about our reality and how we live, work, and play. From this perspective, you can see that a lot must be fitted in to a rapidly decreasing amount of time. These time constraints put considerable pressure upon our Earth allies to get their part done, and then let us do the rest.

Our part in all this is to set up our crews with the most efficacious approach for carrying out the mass landing

procedure. All indications so far point to doing it in one fell swoop. From experience, we have discovered that a piecemeal approach simply doesn't work on your planet. Recent experimental attempts in various isolated areas with the less inculcated peoples still stirred up over-stimulation and considerable resistance. Based on this, we now intend to stick with an intervention en mass at the divinely appointed time. This will also ensure that all goes as planned. But prior to this, you will need a series of awareness-raising broadcasts in order to remove, to the extent that we require, the deep-seated xenophobia ingrained in you since childhood. Happily, the time for all this is drawing nigh!

Today, we continued our discussion about the coming great changes and how these relate to the first contact mission. We feel it is important that you grasp what a monumental operation this is turning out to be. But whatever the challenges, we can and will succeed in this divinely prescribed mission. Remember, Together, We are indeed Victorious! Know in your Heart of Hearts that the perpetual Supply and infinite Abundance of Heaven are indeed Yours! Selamat Majon! Selamat Kasitaram! These groups of Earth humans are dedicated to saving your planet from the line- up of ever-worsening predicaments planned with avarice and cold-blooded ambition by your dark cabals, especially during the last 400 years. The Earth humanitarians regard first contact as a means to accelerate the many cures needed to transform a fragmented global population into a collective ready to accept the profound challenges posed by a sudden rise in global consciousness.

These noble aims put them in stark opposition to the way this planet is being run and require outstanding resolve in order to effect transformation on such a scale of all the core perceptions of humanity-a truly monumental task! Faced with such odds, they came quickly to regard our assistance as a most welcome addition to the course they had decided to pursue.

We observe the many on Earth willingly permitting the few to be in command. Do you not recognize the fallacy in the dictation of the few over the many? Every one of you are potentials gods … for each of you is made in the image of our Creator God. Why not come together in unison and create a planetary culture in which all share in the abundance of life? Don't be frightened away by the concepts of socialism and communism. These ideologies have yet to manifest on Earth in their true form. In your recent planetary history, only one group has come anywhere near revealing the cosmic meaning of community. The Essenes. And, they fell short. Community, at the cosmic level, means appreciation for the unique gifts of all beings on every planet.

Excerpto of a 28 USC 1746 Declaration I filed with the US FDC CC

Title: Declaration 1, Elements leading to the presumption of foreign espionage

I, Edward Paul Donegan born 11/18/1961, declare the following:

This declaration, Declaration 1, foreign actors, is in a set of

declarations. Declaration 2 is the felonies likely sustainable if charged under a RICO case. Declaration 3 is the political effects of the racketeering conspiracy. Declaration 4 is the escalating powers in Constitutional Offices of those associated with the racketeering conspiracy, and thus a statement of the danger of the RICO organization.

Three forms of impersonations are described below and each have occurred frequently.

1. In the first form of impersonation other parties have pretended to be me, and by impersonating me, created liabilities upon me. This has included unlawful access to my domiciles such as my hotel room by parties impersonating me. Other impersonations, including impersonations carried out in medical facilities, have been achieved by using intentional vauge identifications , such as clothing descriptions, rather than patient IDs, to mispresent identities.

2. In the second form of impersonation involves my own persohood present although through covert operations the person of me is cast as engaging in activities in which I am not involved in through deceptive means.

3. In the third form of impersonation patently false stories representing my persona are planted in the press and elsewhere and contain no disclaimer the person represented is not based on me. Rather, the viewers are left to gauge the facts from the planted stories and presume they are about me.

4. The facts as they unfold also support Espionage as address in Declarations 2 and 3.

These impersonations are sabotage and racketeering in the US

political system and among the political parties and in the following examples of impersonations US and Non-US citizens are involved in impersonating myself, Edward Paul Donegan, natural born citizen of the United States, a participant in US political sanctioned activities.

Aftermath

To cover the manufacture of Obama numerous aircraft may have been downed, my family harassed, there may have been murder of journalists, ill conceived or not fully discussed or disclosed genetics programs around the world, political corruption and political assassinations in the U.S. of judges, journalists, etc.,

It all appears to have gotten started on February 20 1961. According to all records it seems JFK and Thorkil Kristensen were experimenting with race and IQ in an Invitro Fertilization Experiment most likely led by Sidney Gottlieb, chemist and speech therapist of the CIA the OSS which worked with King George V's speech defect children, King Edward VIII included, and among the Norflok Virginia Kings Daughters, Glorian Donegan.

The Windsors, the Kennedy's and the Obamas, and Boeing Corp were all tied to Seatle Futurism and the 21st Century Expo as was the Thomas C. Wales murder, and many of the Kennedy family were murdered.

The Windsors were originally from Germany but during WWII began concealing that history.

One person familiar with the possible history, and Griffeth Experiment Spanish Illuminati geno engineers was CIA officer Leslianne Sheddwho died on November 23 1996

> She took on an active leadership role in school, and was a member of both the Spanish and German clubs. She also participated in her high school's American Field Service program for students interested in working

> with students from foreign countries.
>
> Her high school principal recalled that Lesli was known as being “outgoing and vivacious,” and her English teacher remembered her as a warm, caring, and kind person. “She was perky and just a little ray of light,” she said.
>
> Lesli went on to earn a bachelor’s degree from the Jackson School of International Studies at the University of Washington [Seatle] in 1990. She spent the spring 1988 semester studying in Cologne, Germany.”
>
> At the University of Washington, Leslianne was a member of the Chi Omega Sorority.

Another plane would crash recently as it headed to Ethiopa, a place of former famine, where I believe a new Omlette of eggheads is being cooked up and perhaps the NEXT Newsweek cover of Obama will be him Ethiopan Village King head-wear.

I also wonder about the Extortion17 downed flight as tied to the extortion of my DNA conceeded to by an impersonator of me and the Camp Bastion Attack and Bengazi ties to the trafficking of that DNA.

The Windsors, the Kennedy's and the Obamas, and Boeing Corp were all tied to Seatle Futurism and the 21st Century Expo as was the Thomas C. Wales murder, and many of the Kennedy family were murderd.

I also was IVF on February 20 1961 and my father and mother were receiving military medicine and DNA testing at that time as Atomic Veterans and part of mutagenetic testing of above ground nuclear testing in Nevada.

In spite of his high professional reputation, he has been criticized for, among other things, administering electroconvulsive therapy and experimental drugs, including poisons such as curare, to patients and prisoners without their informed consent, and his role in the history of the development of psychological and medical torture techniques. Some of this work took place in the context of the Project MKUltra program for the developing of mind control and torture techniques, psychoactive poisons, and behavior modification systems.[6] Decades after his own death, the psychic driving technique he developed continued to see extensive use in the torture of prisoners around the world.

Both by credentials and force of personality, Wolff was an impressive figure. CIA officials listened respectfully to his grand vision of how spies and doctors could work symbiotically to help-if not save-the world. Also, the Agency men never forgot that Wolff had become close to Director Allen Dulles while treating Dulles' son for[Korea War cpmbat] brain damage.

Wolff's specialized neurological practice led him to believe that brain maladies, like migraine headaches, occurred because of disharmony between man and his environment. In this case, he wrote to the Agency, "The problem faced by the physician is quite similar to that faced by the Communist interrogator." Both would be trying to put their subject back in harmony with his environment whether the problem was headache or ideological dissent. Wolff believed that the beneficial effects of any new interrogation technique would naturally spill over into the treatment of his patients, and vice versa.

Fourteen of the fifteen attackers were killed by coalition forces responding, military officials said Saturday. The surviving insurgent was taken into custody, and was wounded in the attack.

Raible's Harrier squadron deployed in April and was moved in July from Kandahar Airfield, in neighboring Kandahar province, as the U.S. realigned units as part of its ongoing drawdown in forces in Afghanistan. Raible flew the first Harrier from Kandahar to Bastion as part of that move.

> Thousands attended the opening ceremonies as Seattleites in pioneer dress re-enacted the landing on Alki Beach, arriving on a schooner meant to simulate the sailing vessel which had brought the pioneers from Portland to rain-soaked Puget Sound. According to newspaper accounts, "costumed and painted Indians"

watched curiously from shore; the “Indians,” members of the West Seattle Sportsmen’s Club, then barbecued salmon for the throng.

A highlight of the event was the burial of a time capsule representing life in 1951 Seattle.

The guest of honor for the city’s centennial kickoff was General Douglas Macarthur, still wildly popular in Seattle despite his well-publicized feud with President Harry Truman over Korean War policy.

Newspapers provided extensive coverage of these festivities just as they had documented much of the rest of Seattle’s remarkable journey. A special section of The Seattle Times offered numerous “Pages from Seattle’s Album of History.” Headlines described the city as “Proud but Humble” at its 100-year milestone.

V. C. Woerheide Funeral Held

Funeral services were held last Tuesday in Alexandria, Va., for Victor C. Woerheide, a former St. Louisan who prosecuted "Axis Sally" after World War II.

Mr. Woerheide, who was 67 years old, died March 18 of a heart attack.

In his 34 years with the United States Department of Justice, Mr. Woerheide initiated the inquiries that resulted in the postwar treason trials of several Americans including poet Ezra Pound and Mildred Gillars, known as "Axis Sally" for her pro-Axis broadcasts from Berlin.

More recently, he was a principal attorney and played a key role in the investigation in the Chicago area that led to the indictment and conviction of the late Otto Kerner, former Governor of Illinois and federal appeals court judge.

Mr. Woerheide had a major role also in investigating and prosecuting several Illinois contractors on charges of bribing the late Illinois Secretary of State Paul Powell and rigging bids on a $16,000,000 state capitol renovation project.

Mr. Woerheide received bachelor's and law degrees from the University of Missouri at Columbia and was graduated from the Harvard University School of Business Administration in 1939.

Mr. Woerheide retired from the Justice Department two years ago. But he was still working for the department on a murder case that is now before the U.S. Supreme court, said his sister, Mrs. Jeanne W. Hencke, who lives in the family home here. He was presented the John Marshall Award for outstanding legal achievement in 1975 by then Attorney General Edward H. Levi.

Mrs. Hencke said her brother often visited St. Louis and had planned to come here for the fiftieth reunion of his graduating class at Cleveland High School, held last week. In addition to his wife and his sister, he is survived by a son, Victor, and a daughter, Mrs. Evelyn Arana, both of Alexandria; a brother, Arthur of Silbsee, Tex., and another sister, Mrs. M.C. Umpleby of Dallas.

His father, Arthur E. Woerheide, a prominent probate attorney here, died in 1972, and his mother, Mrs. Anna W. Woerheide, died in 1975.

Vanity Fair, BY ROBERT SAM ANSON (March 12, 1945 - Cleveland, OH November 2, 2020) JULY 1998

Jeffrey Robert MacDonald, M.D., has had many chances since the day a North Carolina jury rejected his story that Manson-style intruders beat him unconscious, then murdered his family. **Seven times his case has been to the U.S. Supreme Court** in one form or another-a modern record for a criminal proceeding. In his appeals, he has raised claims about the impartiality of his judge, the ethics of his prosecutors, the validity of the more than 1,000 pieces of evidence used against him. He has also noted, time and again, that others have confessed to the crimes he insists he did not commit. And still Jeffrey MacDonald, whose case has been the subject of countless articles, a best-selling book, and a top-rated TV movie, sits in prison.

"I am a decent human being," he says, seemingly on the verge of tears. "My guilt was over not being able to defend my family. They died. I didn't. …

As Freddy Kassab had discovered, believing MacDonald guilty was one thing, finding someone willing to prosecute him something else. No matter that MacDonald admitted that his story of killing one of the intruders had been a lie ("I was keeping Freddy happy," he explained. "The man is a fanatic") or that the C.I.D. reinvestigation had turned up substantial new evidence-trying MacDonald, Freddy and Murtagh were repeatedly told, was a loser.

Then, in 1974, things turned around. Tired of the heat Kassab was generating, the attorney general handed the case over for review to Victor Woerheide, whose handling of last-resort causes had made him the Justice Department's junkyard dog. Murtagh offered his services, and a grand jury was impaneled in Raleigh.

After seven months of testimony and evidence, it indicted Jeffrey Robert MacDonald, M.D., on three counts of murder.

My mother, my father, and myself, also victims of that scam, still fighting this together with all that we were and are.

My father and I always were Atheists who communicated so well, when we disagreed. Our joking about each others good shots and fun spirited talks were part of the old adage about men who had no need to say it, it just seemed to screw up how easily it was always and already there.

And there was never any doubt in either of us of our love and respect for each other. If ever times were tough between us it was just that we each had to do it separately until it was done, but that was respect for each other and each others lives and right to live them too.

Known as " The Man Who Saved The World " which occurred 59 years ago, at the peak of the Cuban missile crisis, the second command of Vasilli Alexandrovich Arkhipov (Russian army) from the Soviet submarine B-59 declined to agree to order his captain to launch nuclear torpedo against US warships and start a superpower nuclear war which was then a very intense Cold War (Cold War) between the Soviet Union (Soviet Union) and the US.

American submarine in an effort to force it to surface, without realizing it carries nuclear weapons. Soviet officials who lost their radio contact with Moscow, concluded World War 3 (WW3) have begun, and two officers agreed to explode warships outside the sea water level. Arkhipov refused to agree, unanimously agreement of three officers needed.

In the 32 years since her son's murder, Linda Ives has been relentless in her search for answers, but when she found the answers, there was no place to go with them. This is like no other crime story, and the mission of this website is to take Linda's answers to the citizens of our country. This website will go where the evidence leads, which is into a powerful conspiracy of secrets that involve three U.S. presidents. As daunting a task as we have, there is much in our favor:

1. The writers of this website will not evince political preferences.

2. No one can tell us what we can and cannot publish, because no one controls us.

3. Our motivations are not for personal gain of any kind: power, prestige, notoriety, money, etc. simply do not interest us. This makes it impossible for detractors.

4. The nature of conspiracies as described by Francesco Guicciardini in 1528 predicts that the truth will surely come out. When

that happens, the legacy of three presidents will be corrected.

Suspects and theories *

One week before the boys died, a man wearing military fatigues was spotted not far from the train tracks. When police officer Danny Allen attempted to stop him, the man opened fire and managed to disappear into the night. On the same night the boys died, a similar-looking man dressed in military fatigues was spotted nearby.

The usual theory given about the boys' deaths, believed by Linda Ives, involves drug trafficking.[7][8][9] The theory is that the boys came upon a drug drop from an airplane similar to Barry Seal's operations near Mena and were murdered.

Now lets look at those two links to alleged drug trafficking at Mena airport of 7, 8, 9 of these August

Eric Hoffer retrieved from Wikipedia and copied or modified to here

Early life

Hoffer was born in 1902[4][5] in The Bronx, New York, to Knut and Elsa (Goebel) Hoffer.[6] His parents were immigrants from Alsace, then part of Imperial Germany. By age five, Hoffer could already read in both English and his parents' native German.[7][8] When he was five, his mother fell down the stairs with him in her arms. He later recalled, "I lost my sight at the age of seven. Two years before, my mother and I fell down a flight of stairs. She did not recover and died in that

second year after the fall. I lost my sight and, for a time, my memory."[9] Hoffer spoke with a pronounced German accent all his life, and spoke the language fluently. He was raised by a live-in relative or servant, a German immigrant named Martha. His eyesight inexplicably returned when he was 15. Fearing he might lose it again, he seized on the opportunity to read as much as he could. His recovery proved permanent, but Hoffer never abandoned his reading habit.

Hoffer was a young man when he also lost his father. The cabinetmaker's union paid for Knut Hoffer's funeral and gave Hoffer about $300 insurance money. He took a bus to Los Angeles and spent the next 10 years wandering, as he remembered, "up and down the land, dodging hunger and grieving over the world."[10] Hoffer eventually landed on Skid Row, reading, occasionally writing, and working at odd jobs.[7]

In 1931, he considered suicide by drinking a solution of oxalic acid, but he could not bring himself to do it.[11] He left Skid Row and became a migrant worker, following the harvests in California. He acquired a library card where he worked, dividing his time "between the books and the brothels." He also prospected for gold in the mountains. Snowed in for the winter, he read the Essays by Michel de Montaigne. Montaigne impressed Hoffer deeply, and Hoffer often made reference to him. He also developed a respect for America's underclass, which he said was "lumpy with talent."

Hoffer tried to enlist in the US Army at age 40 during World War II, but he was rejected due to a hernia.[13] Instead, he began work as a longshoreman on the docks of San Francisco in 1943.[14] At the same time, he began to write seriously.

Hoffer left the docks in 1964, and shortly after became

an adjunct professor at the University of California, Berkeley.[15] He later retired from public life in 1970.[16] “I’m going to crawl back into my hole where I started,” he said. “I don’t want to be a public person or anybody’s spokesman … Any man can ride a train. Only a wise man knows when to get off.”[10] In 1970, he endowed the Lili Fabilli and Eric Hoffer Laconic Essay Prize for students, faculty, and staff at the University of California, Berkeley.

Hoffer called himself an atheist but had sympathetic views of religion and described it as a positive force.[17]

He died at his home in San Francisco in 1983 at the age of 80.[18]

INC. Inc.com In 1951, America’s Greatest Philosopher Predicted Where We’d Be in 2019 Eric Hoffer saw exactly where the U.S. was headed and tried his best to warn us away from it. BY GEOFFREY JAMES https://twitter.com/Sales_Source

The U.S. hasn’t generated many great philosophers, but former longshoreman Eric Hoffer was arguably the greatest of them. Born in 1898 and dying in 1983, Hoffer lived through two world wars and the depression, and saw technology evolve from the steam age to the computer age.

His observations about life, religion and politics (drawn mostly from his masterwork, “The True

Believer”) seem more relevant and pointed today than when he originally wrote them in 1951. Here are 24 gems:

1. “Absolute faith corrupts as absolutely as absolute power.”

2. “Add a few drops of venom to a half truth and you have an absolute truth.”

3. “An empty head is not really empty; it is stuffed with rubbish. Hence the difficulty of forcing anything into an empty head.”

4. “Faith in a holy cause is to a considerable extent a substitute for lost faith in ourselves.”

5. “Far more crucial than what we know or do not know is what we do not want to know.”

6. “For many people, an excuse is better than an achievement because an achievement, no matter how great, leaves you having to prove yourself again in the future; but an excuse can last for life.

7. “Hatred is the most accessible and comprehensive of all the unifying agents. Mass movements can rise and spread without belief in a god, but never without a belief in a devil.”

8. “It has often been said that power corrupts. But it is perhaps equally important to realize that weakness, too, corrupts. Power corrupts the few, while weakness corrupts the many. Hatred, malice, rudeness, intolerance, and suspicion are

the faults of weakness. The resentment of the weak does not spring from any injustice done to them but from their sense of inadequacy and impotence. We cannot win the weak by sharing our wealth with them. They feel our generosity as oppression."

9. "Naivete in grownups is often charming; but when coupled with vanity it is indistinguishable from stupidity."

10. "Never forget that one of the most gifted, best educated nations in the world, of its own free will, surrendered its fate into the hands of a maniac."

11. "No matter how noble the objectives of a government, if it blurs decency and kindness, cheapens human life, and breeds ill will and suspicion-it is an evil government.

12. "Our frustration is greater when we have much and want more than when we have nothing and want some. We are less dissatisfied when we lack many things than when we seem to lack but one thing."

13. "Passionate hatred can give meaning and purpose to an empty life."

14. "Propaganda does not deceive people; it merely helps them to deceive themselves."

15. "Rudeness is the weak man's imitation of strength."

16. "Should Americans begin to hate foreigners

wholeheartedly, it will be an indication that they have lost confidence in their own way of life."

17. "The hardest thing to cope with is not selfishness or vanity or deceitfulness, but sheer stupidity."

18. "The opposite of the religious fanatic is not the fanatical atheist but the gentle cynic who cares not whether there is a god or not."

19. "The search for happiness is one of the chief sources of unhappiness."

20. "To know a person's religion, we need not listen to his profession of faith but must find his brand of intolerance."

21. "We can be absolutely certain only about things we do not understand."

22. "We lie the loudest when we lie to ourselves."

23. "You can discover what your enemy fears most by observing the means he uses to frighten you."

A Negative View of the USA

I have found that Narrative (Legends) are created by a combinations of break-ins to our homes for specific tie to Targeted are that used to explained unexplained vague items outside and in common areas. The combination of something personal to use like a pair of prescription glasses, underwear with fluids, items with serial numbers, a lock of hair or saliva, rare items in combination with an unexplained events or items in public place the curse on us, the slander, the Legend is created we are tied to things we are not thought the public sees as real events.

In this book I accuse George H.W. Bush along with others including LBJ of killing JKF, RFK, Ted GUnderson, Dorothy Killgallen, Marylin Monroe, Clark Gable, Us Assistant Attorney Thomas Crane Wales, Federal Judge Roll, Justice Scalia, Congress people like Gabrielle Gifford, Sony Bono, and US Senators, REpresentatives, CIA agents, and others far less famous and have a good theory as a first hand witness to explain all of those deaths along with supporting evidence.

I can't get a single pres or Government contact to interact with me and like most conspiracy theorist you have your own publicity or you have none and in my case my social standing is stunted, the reach of my voice by Espionage Psychological Warfare designed to degrade me into someone percieved as a delusional homeless person.

My book is not about the politicians who order Gang Stalks or other criminal harassment. It is about the US public for not shooting and killing our politicians like Christopher Wray, William Barr, ore many others.

We have a dumbed down corrupt inept and inferio population and culture. My brother died with not (it seems) use of him as a witness in the important matters and the public attention will

NOT turn to the overthrow of the USA in 1963.

I have no interest = "" in killing fbi directors nor politicians nor meda figures. I have come to accept the problem is in the lower escutcheons of our dumbed down = "" and = "" foolish lower levels of society and little can = be = done for the usa is too dumpster a wasteland.

I have come to wish i could kill my father for his having been in the us military and getting caught up on all the dna testing and cia based activities he was in.

It destroyed his life and family rather than be his last family member to die I wan the US destroyed first.

This country is inferior and a threat to the world and the closer to the grass roots the more the manure of the deep state is exposed that the flowers of our society root in.

.I am in the US, unhappy what I watch occurring as it occurs, and like after the Republic fell in Star Wars, a republic loyalist like me with no prospects of taking on the USA will have to wait it out and write what I can hoping Sunlight is the best disinfectant, but it does not seem to be with bacteria not self-conscious about its makeup or acts.

Is short, if the FBI did not flood Corpus Christi on the information I have about RFK or any other matter, if the FBI Special Agents did not shoot Christopher Wray, Myorkis, or others, or find a Special Prosecutor or other means fo taking on corruption I have asked them to do for years, I accept the Deep State is not at the King position, it is in the sewage fabric of the USA itself, and I will write critically about the USA while I am in it and hope I can write critically of it if I can ever get out, but I have no interest and a street battle against the USA. I just wonder how come it won't fight one against itself.

In October 2015, Russia's newly launched military intervention in defense of embattled Syrian President Bashar al-Assad received a clerical blessing. Patriarch Kirill, the powerful leader of the Russian Orthodox Church and a close ally of President Vladimir Putin, declared the operation "a responsible decision to use military forces to protect the Syrian people from the woes brought on by the tyranny of terrorists."

The main spokesman for Kirill's church went even further: "The fight with terrorism is a holy battle and today our country is perhaps the most active force in the world fighting it," said the head of the church's public affairs department, Vsevolod Chaplin, in a quote reported by Interfax news agency.

Seven years later, Kirill and his loyal clergy now deliver sermons about their country's role in another righteous, holy battle. It doesn't matter that many Ukrainians weathering the brunt of the Russian war machine are Kirill's co-congregants - there are some 12,000 parishes in Ukraine subject to the church in Moscow. As Russia embarks on a new large-scale offensive in the east of the country, Kirill has articulated little concern about the millions of Ukrainian lives hanging in the balance.

Court Martial (Star Trek: The Original Series)
retrieved from Wikipedia and copied or modified to here

The USS Enterprise is at Starbase 11 for repairs after an ion storm. During the storm, Captain James T. Kirk was forced to eject a research pod containing Lieutenant Commander Benjamin Finney to prevent the destruction of the ship. A search party was unable to find Finney. Commodore Stone, commander of the base, reviews the ship's records and discovers that Kirk ejected the pod while the ship was at Yellow Alert and not Red Alert as Kirk claimed. Stone accuses Kirk of perjury and warns him that he may be subject to court martial.

Stone first interviews Kirk privately, asking about his history with Finney. Kirk had served with Finney aboard the USS Republic and reported a mistake Finney had made, causing Finney to be reprimanded and sent to the bottom of the promotion list. Ever since, Finney has blamed Kirk for hindering his advancement. Stone asks Kirk to voluntarily step down as captain of the Enterprise, but Kirk disputes the allegations and demands a trial.

Captain Kirk is cleared of all charges and restored to duty after Spock is allowed by the Court to test the computer evidence, when doing so it is found the forensic evidence was altered, finney is alive and trying to bring down Kirk by leaving evidence Finney (himslef) died from Kirk illegally sending him to his death.

Samuel Thomas Cogley (born 2202)

Cogley was a human from Earth who lived during the 23rd century. Born in Montana, which is part of the United States of America. By 2267, he was 5 feet and 5 inches tall.

He like the Prosecutor charging Kirk with the intentional death of a bitter rival in Star fleet disguising the death as an accident, loves law and books. The Prosecutor, Defense Attorney Cogly, Spock as tech exoert, and the Presiding Judge will at trail find during the investigation of facts that the rival of Kirk staged his own death. In the mean time Kirk is Persona Non Gratta amoung other captains until cleared.

Cogley grew up to become a famed attorney known for his unusual but often successful methods. He preferred books to computers, rarely using such devices for research. https://memory-beta.fandom.com/wiki/Samuel_Cogley

It is a feel good episode about The Federation and its Due Process commitment, about Cogley and the respect for books and the philosophy and traditions that best live in them rather than computers lacking the dust and aging of the pages or the connection with those who formed its letters or sentences rather than sterilized facts in sterilized atmospheres.

It features relying upon our past for our protections today on the basis of what has worked best in history and what we can learn from it our own conduct whatever our felling.

My father lived and fought for something much like the Federation, that Federaion now attack his only living family child after his own death.

The destruction of my computers my mother loved me having, or automobile transportation, or things like that by the State that is attacking me, as much as racial or sexual abuse I fell, it is hatred for the State that attacks me as Mafia, and as insult and injury to every member of my family probably except me, the State is trying to protects its rich and powerfull through the abuse of me.

This is about my suppressed by violent feelings for what the USA is and it is an Ethnic pain of hatred, of deep hatred, for the USA that is a rational and fact based hatred of the USA.

I quote now one revision of a letter I wrote to the US Secret Service asserting the attacks on me are by the same powerfull elites that attacke the Kennedy's.

> On open and widely distributed letter by Ed Donegan who prefers the Secret Service charter mission of protecting the JFK RFK and TK presidencies from assassination overthrow and Olive Stone as a media contact as the two places to turn with material information and preferably both.

> To the United State Secret Service and to whom it may concern. The Mafia was used to attempt the overthrow of Fidel Castro, to succeed

in the Overthrow of JFK and Roman Catholic influences, and as attack on me and they are all related to the Kennedy Assassination and the CIA and have targeted me as a victim in the same matter because of family history of the 1920s and 1960s in Dorchester Massachusetts (initially Google Donegan Dorchester and Kennedy Dorchester.)

Mafia Konnection Ultra is the FBI using allegations I am retarded and schizphrenic to allow Racketeering Influence Criminal Organization elites the influences to attack me as Mafia, staging destructive false allegations against me and physically and legally civilly attacking me on the basis of those accusations.

That is the connection to the Kennedy's on my fathers side, initially. On my mother's side Secretary of State Dean Rusk was in North Carolina at the Presbyterian Davidson College North Carolina in 1927 about the time my mother Glorian Gainey and Harold Gainey were in North Carolina as underground railroad rescuies from Austria as Kutscherea Windsor Von Trapps.

"To allow opposition by speech seems to indicate that you think the speech impotent." Speech from me has not been so and has been Targeted specifically because it is related to the history of the

Presidency and Dorchester-Boston Massachusetts and thus I have had change my writing career to address the Mafia attacks on me the Secret Service should also be addressing.

The attacks on my home office and computer equipment and other attacks on me have been as much a part of espionage related presidential activities as were the Watergate Towers break ins and other crimes.

These are not the only crimes I have been the victim of by an Espionage Deep State that is tied to the crimes of assassinating Kennedy members and others.

Constitutional Protection of the Home as described by Cornell University web material.

I. INTERESTS PROTECTED

The Fourth Amendment of the U.S. Constitution provides that "[t]he right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized."

The ultimate goal of this provision is to protect people's right to privacy and freedom from unreasonable intrusions by the government. However, the Fourth

Amendment does not guarantee protection from all searches and seizures, but only those done by the government and deemed unreasonable under the law.

To claim violation of Fourth Amendment as the basis for suppressing a relevant evidence, the court had long required that the claimant must prove that he himself was the victim of an invasion of privacy to have a valid standing to claim protection under the Fourth Amendment. However, the Supreme Court has departed from such requirement, issue of exclusion is to be determined solely upon a resolution of the substantive question whether the claimant's Fourth Amendment rights have been violated, which in turn requires that the claimant demonstrates a justifiable expectation of privacy, which was arbitrarily violated by the government.

In general, most warrantless searches of private premises are prohibited under the Fourth Amendment, unless specific exception applies. For instance, a warrantless search may be lawful, if an officer has asked and is given consent to search; if the search is incident to a lawful arrest; if there is probable cause to search and there is exigent circumstance calling for the warrantless search. Exigent circumstances exist in situations where a situation where people are in imminent danger, where evidence faces imminent destruction, or prior to a suspect's imminent escape.

On the other hand, warrantless search and seizure of properties are not illegal, if the objects being searched are in plain view. Further, warrantless seizure of abandoned property, or of properties on an open field do not violate Fourth Amendment, because it is considered that having expectation of privacy right to an abandoned property or to properties on an open field is not reasonable.
However, in some states, there are some exception to this limitation, where some state authorities have

granted protection to open fields. States can always establish higher standards for searches and seizures protection than what is required by the Fourth Amendment, but states cannot allow conducts that violate the Fourth Amendment.

The Organized Crime Control Act of 1970

Money Laundering makes gains obtained wrongfully seem to be gained in a legitimate way. In non-racket crimes the crime is obvious and the criminal hopes to hide his or her identity, perhaps with a ski mask or hosery over the head. In Money Laundering the party or parties try to look legimate and have normal organizations, office space, etc., and try to keep their criminal operations hidden.

The Organized Crime Control Act of 1970 (Pub. L. 91-452, 84 Stat. 922 October 15, 1970), was an Act of Congress sponsored by Democratic Senator John L. McClellan and signed into law by U.S. President Richard Nixon.

The Act was the product of two sets of hearings in the Senate, the Select Committee on Improper Activities in Labor and Management hearings of 1957-1959 and the McClellan hearings of 1962-1964.

The Act prohibits the creation or management of a gambling organization involving five or more people if it has been in business more than 30 days or accumulates $2,000 in gross revenue in a single day. It also gave grand juries new powers, permitted detention of unmanageable witnesses, and gave the U.S. Attorney General authorization to protect witnesses, both state and federal, and their families. This last measure helped lead to the creation of WITSEC, an acronym for witness security.

Part of the Act created the Racketeer Influenced and Corrupt Organizations Act.

It is not to be confused with New York's Organized Crime Control Act of 1986, which is also called OCCA and is sometimes referred to as "Little RICO" or "Baby RICO".

The Racketeer Influenced and Corrupt Organizations (RICO) Act is a United States federal law that provides for extended criminal penalties and a civil cause of action for acts performed as part of an ongoing criminal organization.

Under RICO, a person who has committed "at least two acts of racketeering activity" drawn from a list of 35 crimes

(27 federal crimes and eight state crimes) within a 10-year period can be charged with racketeering if such acts are related in one of four specified ways to an "enterprise." Those found guilty of racketeering can be fined up to $25,000 and sentenced to 20 years in prison per racketeering count. In addition, the racketeer must forfeit all ill-gotten gains and interest in any business gained through a pattern of "racketeering activity.

Racketeering is a type of organized crime in which the persons set up a coercive, fraudulent, extortionary, or otherwise illegal coordinated scheme or operation (a "racket") to repeatedly or consistently collect a profit.

Originally and often still specifically, racketeering may refer to an organized criminal act in which the perpetrators offer a service that will not be put into effect, offer a service to solve a nonexistent problem, or offer a service that solves a problem that would not exist without the racket. However, racketeers may offer an ostensibly effectual service to solve an existing problem.

The traditional and historically most common example of such a racket is the "*protection racket*", in which racketeers offer to protect a business from robbery or vandalism; however, the racketeers will themselves coerce or threaten the business into accepting this service, often with the threat (implicit or otherwise) that failure to acquire the offered services will lead to the racketeers themselves contributing to the existing problem.

In many cases, the potential problem may be caused by the same party that offers to solve it, but that fact may be concealed, with the intent to engender continual patronage. The protection racket is thus often a method of extortion, at least in practice.

[Edward Paul Donegan asserts he was a sophistic in gym and other activities but making him seem retarded including in fashion, intellect, and metrosexuality allowed for backward Texans and others to them solve that problem they asserted incorrectly as existing by providing themselves education from Trust Fund money seemingly on behalf of Edward Donegan and his needs.]

However, the term "racket" has expanded in definition over time and may now be used less strictly to refer to any continuous or repeated illegal organized crime operation, including those that do not necessarily involve fraudulent or coercive practices or extortion. For example, "racket" may refer to the "numbers racket" or the "drug racket", neither of which generally or necessarily involve extortion, coercion, fraud, or deception with regard to the intended clientele.

Because of the *clandestine nature of the black market*, most proceeds made from criminal rackets often go untaxed.

The term "racketeering" was coined by the Employers' Association of Chicago in June 1927 in a statement about the influence of organized crime in the Teamsters Union. Specifically, a racket was defined by this coinage as being a service that calls forth its own demand, and would not have been needed otherwise.

[Edward Paul Donegan asserts an Abuse of Power police abuse operation at MacLamar Property and in California locations were Racketeering activities including Break-ins disguised as laws compliant landlord access, burglaries of home office left unsolved, money laundering as others incurred liabilities assessed to Ed Donegan and received benefits only due to Ed Donegan and other crimes including murder silencing Jen Moore and Edward Paul Donegan once wrote a law suit and has provided commentary that the pattern-of-activity requirement is met of two or more instances of the crimes that include Protection Racket

proceeds.

Combined GangStalk Statement

A weave of data from Ed Donegan and Ted Gunderson confirmed by Jen Moore

This also is part of a larger concatenated files export of the same title including Dr. Katherine Horton (Stop007.org) and others. who have written and studies and filed lawsuits on cover surveillance and harassment programs.

Ted Gunderson asserts of shots fired at his family, being poisoned by FBI higher-ups, violent thugs in concert with police conducting thug attacks, etc.,

Individuals targeted by this program have been subjected to illegal and unconstitutional phone taps, illegal re-routing of business and private phone calls for purposes of harassment, illegal audio “bugging”, surreptitious entry into home, office, and vehicle, visual surveillance in the home conducted by illegal placement of miniature remote, wireless cameras (often accessible via internet), illegal internet spyware, illegal GPS tracking (often through their own mobile phones), regular fixed and mobile surveillance, mail misdirection, mail theft and tampering, financial and employment sabotage, slander campaigns and community ostracizing, internet disinformation and smear campaigns, poisoning, assaults and murder, illegal set-ups on pending charges and other felony charges, amongst many other civil rights abuses.

In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful members of criminal syndicates,

multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

Ed Donegan and Jen Moore assert the same

I first noticed Stalking and surveillance of me in 1978 or so and saw it used on my mother in the 1970's not knowing what it was and myself even more intensively in 1983.

I assert at least one food poisoning one by syringe into food, another by dirty bomb and I suspect about five other, at least fifty standoffs with stalkers usually with rifles or guns, and perhaps as many of 10s of thousands of violent street thugs as abusive stalkers with insane accusations and smear and attack abusiveness towards me.

Nothing to do with reality in any way, but people act like it ever was or is. Some may believe it because they investigate non-pejorative facts like Where Were You an Hour Ago or One What Day is Your Birthday.

In their minds or the minds of those investigating that information it is a link to an accusation. I stand by the

> fact I am not engaging in misconduct and being born November 18 or being anywhere I am during the day is incriminating to me whether that is investigated as true or not.

...

"Gang stalking", "gang stalking groups" and "gang stalking methods" reasonably describes an ongoing, active, covert nationwide program that is in effect today, and, based on my investigations and experience, has been operational since at least the early 1980's. Since the 1980°s gang stalking has increased in scope, intensity and sophistication by adapting to new communications and surveillance technology. These programs are using the codenames Echelon Program, Carnivore System, and Tempest Systems.

These programs are negatively impacting thousands of Americans and severely abusing their civil rights on a daily basis.

Based on my investigative work, which includes intelligence from sources such as active and former members of the Intelligence Services (including the FBI, the CLA, the N.S. A and Military Intelligence), information from informants active in criminal enterprises, and, victim testimonies, I have come to the conclusion that thousands of victims have been targeted by an illegal government rogue criminal enterprise that is active 24 hours a day within the U.S. This conspiracy is far too active to be controlled or operated by private enterprise whose goals are achieving financial gain [Slush funds, black budgets, counter-fitting, drug dealing, repugnant markets of organ trafficking and biology trafficking banned under the Organized Crime Act of 1970, guns trafficking, mafia and criminal allegiances with political elite across nations.]

These operations require extensive financing with no return on the investment. This program's operations are financed by

illegal black operations, i.e., narcotics, prostitution, child kidnapping (children sell at covert auctions for up to $50,000 per child), human trafficking, gambling and other rackets.

I [Ted Gunderson] have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

GANG STALKING VIGILANTISM RUN BY U.S. GOVERNMENT, SAYS EX-FBI OFFICIAL reads the post title on Rudy2s blog.

The ex-FBI official is Ted Gunderson mentioned earlier in this page and let's first look at Ted Gunderson's death.

In his 80s he said the United States Military was in an NWO overthrow plot and using Directed Energy Weapons on citizens, government officials, conducting poisonings, and other targeted killings on behalf of the NWO and he continued these assertions and writings until his death from Cancer, perhaps Cancer Type CIA-Havana Syndrome.

Rudy2: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or undesirables.

Ted Gunderson, 82, who has served as the *Special Agent in Charge*of the FBI's **Los Angeles, Memphis and Dallas FBI Field Offices**, has stated in a series of public speaking appearances that **he is now targeted by these same elements, and fears for his life and for the safety of his family**. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to silence him.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube, three years before cancer

consumed him.

Let's take a moment to look at his life. In his later life he defended Grene Beret doctor Jeffery Macdonald from a murder charge likely unjust.

He felt some evil form of plot did lurk, and had killed McDonald's wife and child leaving MacDonald himself with few injuries and all the blame.

I think the US Military killed McDonald through assets or CIA officers direclty while at the same time shouting "kill the pigs" as though they were leftist crazies.

And the brains of the women were destroyed, I think the goal.

Perhaps days of surveillance picked the best time for the team to strike the mother and daughter, a time when Jeffery slept in the kitchen because his daughter had wet the bed in his own bed.

With FOXP2 child's development expressions, things like bed wetting or sucking thumb lat in life as well as dry throat are problems.

But the Santa Monica California Lawyer had tips and information of a military backed plot from much earlier, the JFK assassination which Gunderson worked as an FBI agent in Dallas Texas and Los Angeles for the FBI and I believe that investigation leads to this.

on here cleaning I can see that the question is why further suicide how do you harness the county hire you guys that's what I said who are you Madison for predator marshals I thought you lived in New York this scene is strange to you and he doesn't move this stage first and second day after probably illegal the sergeants report in the paper this morning made it sound like Marsh was psychotic murder-suicide case closed but you think there's more to it don't you that's why I'm here I discovered the body on Friday afternoon nobody showed up for 18 hours today it's all cleaned up case closed Marsh killed both his kids the family dog then himself yomaira I talked to him on Thursday afternoon the day it happened he told me to agents and Pagan residual I'm pretty worried about you Marshall oh yeah we go way back we did a lot of work together Dark Ages Oh agent yeah what'd he greet glad to meet you do read the sergeant's report down at the cafe they were reading it out loud to read the part about a marsh died from a single gunshot wound to the right side of the head Marsh died of a gunshot wound to the left temple not the right that Marsh is right then no you ask me that changes everything nice to see sergeant DeWitt you reporter matter of fact they the report on the Phillips murder suicide was in today's paper yeah I read that that's why I'm here sergeant wait isn't talking to the press I think you talked to the Department of Justice I'm sergeant wait Madison Freeman I'm investigating the murder of Marshall Phillips you can put that away you afraid to talk on the record absolutely not Phillips Phillips committed suicide I was with him in New York about a week ago and I spoke with him on the phone last Thursday he didn't in any way seem suicidal to me hmm you came all the way from New York to tell me that Marsh was very concerned about the fact that he was starting to piss off some very important people he was despondent over his imminent divorce using illegal painkillers kind of describes half of America seems like you've wasted your trip you got a a crew out there destroying every shred of evidence from a crime scene that's just about two days old he killed his dog killed two kids then he killed himself what more do you want like to see the body I'd like to meet the Pope I could get a court order yeah well you're wasting my time you're misleading the public you're trying to get arrested I've got a my witness it says that the entry

wound was to the left temple not to the right do I witness is mistaken why would a small-town cop change a murder to a suicide I'll give you to the count of three you must think you're on very firm ground sergeant but I guarantee you two you're not I was there on February 13th that evening someone broke into Phil Marshall's house through the back sliding door and was looking for something somebody is after something that he has and I think whatever it is that you know it was so important that was worth killing him and his two kids for you you he was a nice man we talked now and then and his kids stayed over quite a bit you ever hear anything unusual unusual gunshots no I'd say I think you would your house is so close to his you think you're here you know if somebody was firing a gun in their house I would think so we have you hear any gunshots Thursday Thursday Friday what gunshots we hear around here on TV mr. Freeman this is Marcia's sister Barbara thank you so much for being such a good friend to my brother mr. Freeman well you know I went back quite a ways your brother was very concerned about what he saw happening to his country that was his biggest complaint that not enough people took him seriously well it it's a big leap for a lot of people what are the neighbors saying nobody heard me gunshots he was a great neighbor and he loved his kids I'd agree with that there's a memorial service for Chris and Megan an hour I'd sure like it if you came I'd be honored mosh was living on borrowed time you know I felt that way ever since he was flying for all that you know what's his name Barry seal do you know how many people been killed it disappeared I was one of them you know lucky to be alive difference between the Martian me he was my witness I think this is why the service is right here I'm reading from from a posting on a local website out there it says if you were asked and this is two members of the press you tell them that Phil Marshall was diagnosed as a mentally ill person who got his hands on a gun good morning students we've come together today to wish two of our own treasures farewell their young lives snuffed out their own father Marshall builders a man everyone thought of as a loving parent to our own Chris and Megan Phillips Marshall Phillips was apparently under a great deal of stress despondent over his impending divorce when Chrissie Megan's mother his whole life here didn't

complete disarray by coming together today perhaps we can begin to bid Chris and Megan hey sergeant that blogger and some woman just pulled up afternoon folks ma'am I am Asha Phillips sister and this is my house now what are you doing in here forensics why I thought this was a closed case not entirely what I'll show you the neighbors all state they heard no gunfire also it appears as though the two children were asleep on the couch where they were killed so what we're trying to determine is how loud the gunshots were from outside the house and whether or not the second child had time to react after the first was shot since you're here you're welcome to observe are we ready yes sir I'll observe for the family is the sound recordist ready yes sir check the door doors Kirk this is the same type of weapon is owned by mr. Phillips all right here we go time between shots two seconds coroner says both children had a blood-alcohol content greater than point zero five percent so we can assume they were both sleeping soundly prior to the event in two seconds not enough time for the second child to react much less defend himself or herself which one was shown first no idea oh and were there powder burns on either hand or mr. Phillips I'll have to look into that Oh that'd be a good idea you said also that there was a blood-alcohol level of point zero five or greater that's right which was greater the girl yeah Oh point zero seven in her case so you ran a tox screen a full panel yeah I'll have to look into that and the fatal board of course you did a ballistics check and you found positively that the fatal shot came from mr. Phillips pistol you don't like the way I'm running this case no no III think you're doing a great job he probably talked with the two agents that interviewed him on Thursday afternoon two agents yeah agents intruders ain't knock him out with the chloroform is that shot using a silencer same scenario in the family room the two kids are killed the same way but why would they kill the family dog you made that up it's one of your conspiracy theories so your murder-suicide scenario is nothing but at the area I haven't seen any proof there were no agents here on Thursday no this is my investigation in my jurisdiction you want to challenge my findings you take it up with the DA okay ballistics test full toxicity panel powder burns otherwise I will sir ma'am have a good day however how loud were the gunshots pretty damn loud loud enough for the

neighbors to well apparently and I heard them yeah it's just that the wits police report made it sound like all the houses were far apart and that's obviously not the case good morning you are mr. Philips sister and you are a friend of course such a tragic end may I see my brother please of course of course please excuse me for just a moment here he is what is that your brother's remains he was cremated early this morning just goes on and on I'm sorry who gave you the authority to cremate the body the coroner of course the two children were cremated as well you [_] nobody called me I'm sorry the coroner said they were finished with I don't care about no [_] corner what right does he have to decide the night of the murder Martian even held me about receiving something he said was sensational I'm sorry I don't want to think about it right now Madison what if what he received was the proof that he needed to tie everything together I'm gonna take Marshall home now and then I'm gonna move on thank you for being such a good friend okay that's all free medical bodies without the family's consent I have nothing to do with it oh really who did County Coroner so all of the tests that we discussed nothing no they took 20 boxes filled with all of his personal papers his computers that's the kind of treatment that you give to terrorists and serial killers you know you're really starting to annoy me mr. Freeman you keep coming in here talking about conspiracy stuff but you won't even look at the obvious obvious well I'll tell you what's obvious Phillips suffered from bipolar disorder he was often heavily medicated depressed mentally unstable he was despondent over his upcoming divorce he was deeply in debt his doctor had him under orders to see a psychiatrist this is why he lost his job as a pilot there was simply no evidence of any intruders in that house of course not you had it all destroyed had two bodies caught it away and cremated and I'll tell you something else he wasn't let go from the airlines because of some kind of psychiatric problem there bad knee oh come on since when's the mercury concerned about a little controversy it's all about a major break of a 911 puzzle Oh said he had had some proof that's why he was killed no I don't know where it is I don't know what it is but I know that they're after it well yeah yeah sure of course I'll be sure to stay in touch there has been a real problem in lost evidence lost clues and the right now

there's a demand for either the Attorney General of the state of California Kamala Harris to launch her own investigation of Marshalls death or the US Attorney General Eric Holder ordering the FBI into conducting an independent investigation that is the only thing that can be done now although critical evidence has been lost unfortunately any news the coroner had Marcia's body and both of the kids screaming poor Sharon Sharon isn't even here yet how could they well it's called destroying the evidence now there's nothing left don't make Madison's stand on the door I mean we had coffee yet I've been thinking lately about some of the stuff in Marcia's books Oh what stuff Oh story he used to tell about an Arabian Prince who left was buckin adopted by the Bush family Larry did he tell you how that got started was one of his favorite story no stories it's all we got left now I never heard it the president and James Baker apparently convinced the Saudi prince that's Arabia Saudi Arabia was vulnerable to an air attack and our with the top gun in the Saudi Air Force so when he brought this news home through his father the king he was given five balloons to take whatever steps necessary to protect the kingdom banned our contracted for six Boeing Jets fitted with a wax radar the quest of one of those Jets came in somewhere around million dollars so the whole packets couldn't have been more than 1 billion including all the electronics but the price tag that Bush and Baker broke her to the Saudis came in that 80 billion 80 times the market price of the aircraft think of the Commission's it was a time when prince Bandar became officially frightened of the Bush family band our Bush they call him became a regular Thanksgiving guest at Kennebunkport how can they do that it's highly suspicious but I'm not surprised and I'm so sorry Barbara was here yesterday she took Marcia's remaining.this with her back to New Orleans you're both [_] sure you should have shut this [_] up Sharon the charity note that Marsh would have wanted us to talk can't you bring Chris and make him back we have nothing to talk about Sharon they're trying to convince the world that he was crazy that he murdered in his own children you know he would never hurt them I don't know anything hey what's obsessed with conspiracy theories destroyed our marriage it turned him into somebody I didn't want to know he didn't kill your kids he might as well have he

was one of the most courageous men I've ever met people believed in him look what it got him would it mattered well when I found the congressional joint inquiry report and learned that as soon as these guys hit the ground in Los Angeles ontong January 15th you know they were met by employees of the Saudi aviation authority hey Leo thanks for coming by yeah what's up you know Marsh Phillips right before I see you with there for a few years before he moved up captain you made a trainer right so he was curious about why the word of a commercial pilot isn't taken seriously when he tries to tell them about the the amount of training it took probably mine eleven hijackers to do what they did I mean just if you just got a couple hours in a single-engine Cessna you're not gonna jump into the cockpit Boeing 767 fly it right in of course not so how come that's not part of a national conversation well Marshall try to make a part of the conversation now he's dead that it might be why commercial pilots with thousands of hours have tried to duplicate the 9/11 attacks and simulators and 99 times out of a hundred they failed big passenger jets art built the fly at speeds the terrorist pilots flew those jets push them close to 500 miles an hour the wings start falling off can I try it a simulator simulator tsa doesn't let just anyone climb into the big simulators did Marsh try it of course yeah we both did do it I'm telling you okay imagine you're behind the wheel of a 18-wheeler okay you think you could steer a big rig through a jiffy loop at 150 miles an hour without scratching the side I know it's insane yeah all right not somebody flew those planes into the towers and they had to get training somewhere no now you're on the right track but don't waste your time looking at simulators no those pilots had to have training in the real thing and don't let anyone tell you different you got a chance to do some research for me look I need you to find out how many flight training schools there are in the United States that train arabic-speaking pilots on the Boeing 757 and 67 but not not just simulators the real deal license and registration by Officer dopant I'm assuming that there's a reason you're pulled over license and registration please it's a rental you know I still need to see the registration you here on vacation mr. Freeman you know why I'm here you want to attract a lot of attention from law enforcement is that what you pulled me over to tell me no

pulled you over because you have a broken taillight no I don't yes you do fix it and he just they just pulled me over for no reason for no reason well city street I wasn't even doing the speed limit the brand-new car can I see the citation he didn't give me a citation he just gave me a warning for your broken taillight no the officer broke the taillight you know I find that hard to believe me too that's why I'm here do you have any witnesses no so you could be actually making all of this up it happened you don't have any proof I have a broken taillight then the officer did have a reason to pull you over no no like I said the officer broke the taillight that's like a warning a warning yes for what I told you I'm a reporter an investigative reporter I'm here covering a pretty controversial story mr. Freeman I can see you now District Attorney doers how can I help you well I wanted to file a complaint of harassment again one of your police officers harassment yeah I explained all of this for your assistant already you spent the last three days looking into a murder suicide which occurred in Murphy's late last week also you'd know all about this my understanding is that you disapprove of the way sergeant DeWitt has handled the case yes and with good reason is that right yes it was officer DeWitt who pulled me over so either officer DeWitt is extremely incompetent or he's involved in some effort to try to keep some facts from me let me ask you something do you think the government has a right to protect the public from dangerous information unless it involves the murdering of US citizens so you're one of those people one of those truthers anarchists conspiracy theorists yes I I'm one of those who can his patriotic duty to question authority why would anyone want to dredge all this up so many years after the fact probably unless you don't get that taillight fixed have a nice day mr. Freeman there's only one company in the u.s. that trains arab-speaking pilots and big jets they train pilots at a small airport in Marana Arizona also very interesting special forces trains out of know yeah well that makes sense because Mark said that he had a contact with special forces there and was sending him something year after 9/11 one of the owners of das was a planet a federal judge my just getting too close be careful Madison how can I help you guys we need to talk to you about what about what you're after what do you mean Ron I'm after

the reason for your trip we read your blog your friend Marshall Phillips praying about blowing the lid off 9/11 in this next book of energy to do what the Weasly was build we're interested what you think the fans excuse me why are you here mr. Freeman this is a very public place and unless you want some unwanted attention I suggest you just back the hell off you're talking to me hon no I'm talking to these two bozos behind me you're the only bozo I see sorry so what could we have done to reduce the chances that Chris and Megan Phillips would become victims of a psychopathic parent Oh what it tipped us off well we know that Marshall Phillips wrote controversial books filled with conspiracy theories about the 9/11 attacks did that raise any red flags for anyone and the Phillips neighbors all say that Marshall Phillips seemed like a perfectly normal guy is a normal person addicted to prescription drugs your parents were taking prescription pain medication on a regular basis wouldn't you be concerned he never acted weird or anything the FBI has instructed local police departments to treat anyone harboring conspiracy theories about the 9/11 attacks as potential terrorists what in Marshall Phillips do he wrote books promoting conspiracy theories wouldn't that raise a red flag for you tip you off that someone might just go off and start killing people everybody like Chris's dad we all thought he was kind of cool so they don't have any questions holy when was the last time you saw Chris Phillips I don't know the day before on my way home you won't have Cruces neighbors we're friends yeah we're gonna stop by later and have a little chat with you I know you don't think mr. Phillips killed those kids Hey just thought you wanted to talk but not further up now go go the Freeman's got a new friend who's your friend Freeman was that whole show in there did you put him up to that or or was that your program about the murder-suicide what you think that kid's gonna help you find what you're looking for swords it's pretty obvious that I'm not the one looking for something something like what that's why you're selling maybe hid it in a secret spot oh yeah along with this secret tape the god Barry seal killer you are a part of it not even close no more sequin speak to those either big mistake just want what he's hiding you understand me [_] I've been expecting you we can't talk here it's not safe I've been hassled by law enforcement all they want about 10

minutes ago through secret agent types why I don't think they've found that well whatever it is it isn't here there's nothing left in the house everything's gone I know I don't look mister but I don't think the killers were by sir you want to found March yeah I don't know what it means I think so yeah I don't know how much time we've got so here they're gonna know my car why don't you take this and just go around the block got it yes hello I'm uh I'm sorry to bother you earlier today I met your son and there was something that he wanted to tell me about mr. Phillips Mike and that poor boy were in the same class together but that's all there is to it we don't want any trouble but ma'am hey mister you were at the cafe this afternoon yeah right right and those two guys they're looking for you I mean they're here right now trying to find you I thought I was clear oh you're not the same one same what he said he wanted to talk with Mike and you are better wages man we'd like to talk with Mike as well what in the world about about his friendship with Chris Phillips I don't know you're not the bad guys well though the good guys they want everybody to know the truth then bad guys they want to keep the secret that's what got mr. Phillips killed what about Chris and Megan collateral then collateral probably wouldn't have been killed if they weren't at home it was [_] when when you spoke with sergeant DeWitt weren't exactly truthful that were you so what I know you're at the house I saw your tire tracks so what if I was you were the one with the flashlight yeah you would let me see anything the day we found so I came back that night I didn't do anything I just took a few pictures and then you left yeah yeah what aren't you telling us nothing I left right after what would you do seeing your best friend like that and you only took three pictures yeah let me see your phone you can send them to anyone post them on Facebook or Twitter no way what are you doing that's my phone you send them to me and then you tranch them off your phone somebody's sending that Madison creep pictures pictures of what pictures of dead people don't hang on to anything that they'd want no I mean it no pictures nothing well that's so fun you want to have fun go to a skate park all right look they're tracking your phone now go get rid of it the hell is he going mater get on a bike too much for you guys give me a phone oh yeah Oh looking for he set you

pictures pictures sent me pictures I think he sent me pictures you may have sent him to India or Bali Bali little prick thinking um runneth on a bike Dampier Bohun son of a [_] it's a real dog is God like that where is he now straight ahead trust me the [_] across the road about a mile ahead of here you like the language where is he Rick no you look the night those two men came Mike was in his room doing his homework and now two federal agents are in the hospital because you're saying attempted to destroy evidence ma'am you're gonna force us to knock your door down what we'll give you to the count of three one you our founding fathers anticipated that someone was going to try to take over our government that they were going to try to get an absolute power going and they left us with the tools that are still here to be a democracy you know and all we have to do is use it and it's very simple get it into the court system if you get it into the court system and you can start with Khalid Sheikh Mohammed bring it in there now now you open it up and then we can go in and find all these experts that said ok there was a stock trade here where did that money go why didn't we track that down all those trades could be tracked down but if you have a Justice Department that's under the intelligence community they're pretty much handcuffed they're not going to do anything about it so it's back to us if we want a democracy if we want to live by the Constitution it's our duty it's our duty and the voices are starting to come forward now and there's a lot of them there's so many great witnesses that are available for a trial right now it would be very entertaining to see this come down but really that was covered by the founding fathers they anticipated this type of a takeover and and they gave us tools to fight it and they're still there and all we have to do is demand it

The Gay Frag

Tom Donegan was likely used by high ranking Democrats leading him on but in the end was disposable risk to the very high power CIA MKULTRA conspiracy that finally disposed of him. He meant well and my harsh politics and dumb statements and reactions gave what in football is called bullutein board material for another teams locker room, building up the prefight and I regret that.

Data is additive when it adds to and is consistent with existing data, even if the existing data regarding a situation is itself contradicted by other evidence or by those who assert something else.

Data is conflict when it contradicts existing evidence about a particular situation.

The evidence I and others have regarding the Gainey's (Glorian, Harold, Festus) and Donegan's (James Paul Donegan marrying Glorian Gainey of North Carolina) and the two actual real sons Thomas Neil Donegan and Edward Paul Donegan is addative to Truther.

First off; about Tom Donegan Mark Weirness. Mark Weirness is from a North Carolina I could not find anything about ,he says he was half jewish and half christian. Almost no social media information exists on him and the two or three bits of information I could locate are consistent with certain birthdays, and my mother spent her life deeply suspicious of him.

A for Tom (leaving out Mark for a moment) I lived with my mother for about 15 years in Arlington Virginia. Almost every single day she was pinned down in her apartment by Stalking (I did not know the name for it or how to recognize it well at that time) but since 1978 or so I remember driving her to Alta Bates Hospital in Berley in the family station wagon saying "If we run

that bicyclist [in the road as we we speeding] we will just put him and the bike in the back and take him with us to the ER."

She was having heart palpitations and frightened. Today I think they were from Stalking and Borderline Personality Disorder reaction to that. It CERTAINLY was the case for 15 years or more in Virginia where she would come back visibly shaking and unstable "They are just at me at me at me! THey are just at me and I feel like I am walking on egg shells! I can't take it (from me, thinking she was out of line) or the people she asserted were "at her."

So she stayed home appearing like Tara Moore an agoraphobic not wanting to leave the house trying to do everything she could by QVC or Overstock.com on the Internet when the Windows 98 computer booted up fast enough it usually did not.

There was not a day in the last 8 years of her life she was not in full tears "Why is Tom being so mean to me!" It got so bad from what I did NOT see over the last year before the very last year I was begging her if not shouting at her to please stop about Tom I couldn't;t take the repetitive complaining of her any more.

In the last year of her life she was in very serious decline and I was around the clock busy and sympathetic in every way. She was right about many things one of which was every picture of hers and EVERY PICTURE OF MINE FOR 35 YEARS WAS GONE! NO EXPLANATION. All of her hats were gone except for one, it was like erasing her.

In Corpus Christ in about 2017 I started passing out a revised form of my book with the title of the handouts "Indications of Eugenics" and a conspiracy surrounding Mitochondrial DNA. I have continued to expand on that theory and with the help of Jen Moore traced with abdicated grandfather king I always had known about from my father's side that since about 1973 I thought was the side of the family it came from over to my mother's history.

During my "stay" in Federal Medical Center Bunter North Carolina I asserted with my brother's assistance (like with his assistance in rigging up the phony allegations I was delusional) I was radiolgically attacked and he knew about was terrified of being within a few feet from me. I asserted radiation burns on the SIDE of my prison white boxer underwear that were exposed to the holes in the bunk as I slept on my side and the suspicious planted foil wrapped something I took out of my bunk under the metal bed plate. He disposed of that underwear but I had redness of the skin and several days after release heard a Geiger counter the hallway and I had already thought it was radiation I was exposed to. An attack by cab driver of me and Glorian from that hospital had the cab we were in calling 911 about the cab with a gun chasing us because THAT cab faked being the first cab and was now brandishing a gun trying to get the next cabe the real one to pull over in the middle of the night in a long dark stretch of freeway no exits at all.

My father (California) and my mother were talking by phone during this and I was at a 45 degree angle looking back towards the chasing cab and the cab driver's hand to see if and when he raised the pistol again.

Once the chasing cab saw the cell phone in use by the driver of our cab that other cab broke away.

This is not normal. After my mother's death it was made to look like I was crazy, a schizophrenic, etc., standard CIA plans. A site blocked by APL has several different accounts of Targeted people being made look schizophrenic.

I believe in what was likely thought of harmless activity her DNA was put into "elite" families including Barrack Obama Jr by the CIA and what once was convenient use of my DNA in non whites turned into violent usage as I attacked as owing non hetero whites for alleged misconduct.

I have pictures for instance in this book The Great Treason of gay women pretending they are talking to a loser retard on

North Beach as Neighborhood Watch who caught a stupid loser little boy trying to chase little girls and what a joke that was and I was.

In the imgae two gay females nearly spit on me of what I child loser I am caught again. I guess I really owe now.

In another picture in this book ag.jpg Hispanics or Pakistanis who don't speak English, DO wear aviator glasses like those on the beach attack me with knives, guns, tell me "whites don't belong here" (in Los Angeles or Corpus Christi Sea Wall) by saying that to their dog as I walk by even though the dog isn't white.

My brother and Mark Weirness seem to have set this up and

even as I approached FMC Butner from other facilities my mother was undergoing hysterectomy and Tom and Mark were like Spock and Kirk not getting their story straight before the female whale biologist in the truck.

This issue on the one side with HER (Glorian Gainey aka Glorian Donegan) secret background Jen Moore reveals along with consistent Birther Truther is cumulative.

It seems now hostile abusiveness is treating a source material (the Donegan's) so violently in a system Tom and Mark devised the source Glorian and Ed will be gone and what will remain is the ghoul-ism of phony claims to our assets

I had been Pro Gay most of my life supporting Gay Marriage, etc., promoting Alan Turing among Conservatarions, my Libertarian party in Virigina having Love vs. plaintiff for inter racial marriage potus history, an my Political Rights motto on the subject Freedom to Chose is Freedom To Cruse, a play on Milton and Age of Reason and Cato that the first amendment should allow gay marriage.

At Honor Flight DCA I did not like veterans groups that much having been a frequent commuter passing by wheelchairs and others at Metro stops, but I did find a way to support veterans by pointing out WWII Veterans saved gays in Nazi Europe.

Being attack as fading into history straight white US Male is not what my parents intended or I did, but this is the Mafia outcome and Truther explains it, these laying in wait attackers are allowed to prey on me because the destruction of me is needed by the Elites of MKULTRA history, and the story of this is ADDITIVE to what Jen Moore asserts about the truth of the Kennedy assassination and how MKULTRA ties to this.

My mother was wonderful to Tom, Mark, and me and to James Paul Donegan she never fell out of love with. Tom and Mark decided to re-write who she was, abuse her in her life, and join in a campaign to destroy her and me.

FBI Surveillance Van Number 7

That is the WiFi SSID I saw inside Arlington (Virginia) Central Public Library circa 2009.

I had already lived through a 25 year car chase setting GangStalk, railroad run by my brother with the National Institute of Health to get me psychiatrically committed to a mental hospital over a FOIA request on grants by the NIH that accused the FBI Criminal Division New York of fraud.

During that and while Mueller was the FBI Director and Rod Rosentein was the US Attorney for the National Institute of Health Bethesda Maryland I accused not only unconstitutional abusive railroad but after the fact while in custody at the cancer and nuclear medicine capable medical facility a dirty bomb attack in my that like my institutionalization in the first place I accused my brother Tom Donegan and Mark Wineess of facilitating and covering up as they did the details of my mother's surgery and hysterectomy.

It was during this time that I calling myself what is now used as a term for FBI CIA NSA abuse victims a Targeted Person I recognize what Jen Moore and Veronica Hoffman asserted and is true.

I took apart the fire alarms, etc., while in the Claredon Courts apartment I was in suspicious of the surveillance I was under, took my phones apart (battery out, depleted capacitor by hard resents with the batter out) and other electronic blackouts to prevent harassment as I would do things as simple as walk from the living room to the kitchen and honking horns, things like that would sound.

When I was in California near Santa Monica I complained to the people who were some sort of race baiting undercover operatives placed there that when my mother was dying in the

hospital I had to choose between harassing phone calls answering every single one or tun the phone off something I never wanted to do.

I had to remove the SIMM chip in my phone to use gym equipment and that led to loosing one and a long fight to try get a replacement simm.

During my time in Arlington Central Library there were such crazy people around me I remember a few things happening. I scratched by back against a book case and teen female ran near, weird, but not problematic, but then a pack of 6 scuzzy people were following me on a different day I and I could see they had knives.

At one point I had found a book cases row and ducked down to where they could not see me and though if there was anyway I could find or get to a gun.

I will never forget the view I had had of this whole line of book cases, now ironically different the Austin Central Public l library where it is similar events and as always the staff in on it.

The situation compounded when I went to Los Angeles a few years agon about 20119 and saw Foulcots Pendulum one of the most important memories I have in my life and possibly the very spot I first saw it with my father when I lived in Los Angeles where I was born and I had my first aware of myself thoughts as we talked about it and being in the world.

A group of teens rushed in accusing me of my seeking child porn in viewing it, and that reminded me of the samne thing done at National Aerospace Museum with that exact scenario.

Over time I began to embrace what I used to hate, Eastern contempt for the USA and I used Facebook checking for Tehran where I wished I was.

For some I am programmed and different than the normal me.

I am not I have simply been allowed to see what the USA is. I am confident I am being quoted on my hatred for the USA and I am thankful for that.

When I returned to Alington Central Library again in 2020 or so and the same activities occurred I spread feces on the library and on the area generally and will always love Russia over the USA and that is by comparison.

American History - The Assassination of JFK - Operation 40

This comprehensive encyclopedia of the assassination of President John F. Kennedy has over 700 entries. This includes biographies of 668 people involved in the case. The encyclopedia also looks at the possibility that different organizations such as the Mafia, CIA, FBI, Secret Service, KGB and the John Birch Society might have been involved in the planning of the assassination. Other possibilities such as anti-Castro activists, Texas oil millionaires and the Warren Commission's lone-gunman theory are also looked at.

American History - The Assassination of JFK - Operation 40 retrieved from Spartacus Educationsl and copied or modified to here

On 11th December, 1959, Colonel J. C. King, chief of CIA's Western Hemisphere Division, sent a confidential memorandum to Allen W. Dulles, the director of the Central Intelligence Agency. King argued that in Cuba there existed a "far-left dictatorship, which if allowed to remain will encourage similar actions against U.S. holdings in other Latin American countries."

As a result of this memorandum Dulles established Operation 40. It obtained this name because originally there were 40 agents involved in the operation. Later this was expanded to 70 agents. The group was presided over by Richard Nixon. Tracy Barnes became operating officer of what was also called the Cuban Task Force. The first meeting chaired by Barnes took place in his office on 18th January, 1960, and was attended by David Atlee Phillips, E. Howard Hunt, Jack Esterline, and Frank Bender.

According to Fabian Escalante, a senior officer of the Cuban Department of State Security (G-2), in 1960 Richard Nixon recruited an "important group of businessmen headed by George Bush (Snr.) and Jack Crichton, both Texas oilmen, to gather the necessary funds for the operation". (2) This suggests that Operation 40 agents were involved in freelance work.

It is known that at this time that George Bush and Jack Crichton were involved in covert right-wing activities. In 1990 The Common Cause magazine argued that: "The CIA put millionaire and agent George Bush in charge of recruiting exiled Cubans for the CIA's invading army; Bush was working with another Texan oil magnate, Jack Crichton, who helped him in terms of the invasion." (3) This story was linked to the release of "a memorandum in that context addressed to FBI chief J. Edward Hoover and signed November 1963, which reads: Mr. George Bush of the CIA"

Reinaldo Taladrid and Lazaro Baredo claim that in 1959 George Bush was asked “to cooperate in funding the nascent anti-Castro groups that the CIA decided to create”. The man “assigned to him for his new mission” was Féliz Rodríguez.

Daniel Hopsicker also takes the view that Operation 40 involved private funding. In the book, Barry and the Boys: The CIA, the Mob and America’s Secret History, he claims that Richard Nixon had established Operation 40 as a result of pressure from American corporations which had suffered at the hands of Fidel Castro. (6)

Webster Griffin Tarpley and Anton Chaitkin have argued that George Bush was very close to members of Operation 40 in the early 1960s. In September, 1963, Bush launched his Senate campaign. At that time, right-wing Republicans were calling on John F. Kennedy to take a more aggressive approach towards Castro. For example, in one speech Barry Goldwater said: “I advocate the recognition of a Cuban government in exile and would encourage this government every way to reclaim its country. This means financial and military assistance.” Bush took a more extreme position than Goldwater and called for a “new government-in-exile invasion of Cuba”.

As Tarpley and Chaitkin point out, beneficiaries of this policy would have been “Theodore Shackley, who was by now the station chief of CIA Miami Station, Felix Rodriguez, Chi Chi Quintero, and the rest of the boys” from Operation 40.

"Life in Corpus Christi" with mud (including feces) used to assault me is not the real story, it is the weapon, racial and sexual assault of me, not the wielder of the weapon, the USA itself, and I will never forgive the USA.

That there is some deep state plot is what this book is about, but my hatred of the USA will always be based on the support of overt crimes against me and others by societal interests in

committing and perpetrating the crimes from ivory towers.

Being on the Streets again

As i was fighting off a stalk all of my life, the result of my being stalked rather than my being paranoid I heard others in institutions talk of “being on the streets” (free to move about) in comparison to being institutionalized.

In custody I watched the corrections officers arrange for snitches to assault me, steal property for framing me (ask for writing papers, stamps, which then had my finger prints, etc.) and openly make those agreements with prisoners in front of me, including agreements for snitches to violently assault me.

I was horrified this was happening out of view of the public and I had no way to document it.

More frightening was that it occurred in public too as feces is thrown at me, etc., and this is being paid for with cops who are escorting the assailants and the press finds this interesting including my homelessness and lack of medical care, violent and sexual assaults in my own home, also interesting to the press.

Just my perspective on things.

Media Backing of the White House Plumbers assault of me, not the MSM outing outing them

The shot callers of the Deep State control both the Media and the Government and it is not that I can not prove the Plumbers operation “fixing” illegal use of my genome, it is just that the shot callers control the media as well, thus proving the operation is no utility the press just denies the operation with a louder voice.

I will just have to make do as things are but I continue to document the situation rather than fight back.

The hope is this book will finally out the criminality and genuine investigative reporting will lead to exposure of government wrongdoing and support for prosecuting that corruption including the powerful elite politicians abusing their power, be those of powers of Press of Government utilized in furtherance of crime.

Hope for the Future

right now Henchmen work with impunity in the corruption (politicians are placed by special interests, politicians ask for and get or authorize unconstitutional acts or favors in back room government) and the press permits this as part of the larger agenda supported by these acts.

I have said the large story of this is unavailable to the press because its component elements have been suppressed and intimidated for so long and my hope is this book will be the full view including my rare insights to conversations with my father that will make the larger picture available as if a birth forcing a narrow pass to wide by extraordinary mass rather than an easy passage.

Persecution is the systematic mistreatment of an individual or group by another individual or group. The most common forms are religious persecution, racism and political persecution, though there is naturally some overlap between these terms.

The inflicting of suffering, harassment, imprisonment, internment, fear, or pain are all factors that may establish persecution, but not all suffering will necessarily establish persecution. The suffering experienced by the victim must be sufficiently severe. The threshold level of severity has been a source of much debate.[1]

Religious and Persecution (Wikipedia)

Main article: Religious persecution

Religious persecution is systematic mistreatment of an individual or group due to their religious affiliation. Not only theorists of secularization (who presume a decline of religiosity in general) would willingly assume that religious persecution is a thing of the past[citation needed]. However, with the rise of fundamentalism and religiously related terrorism, this assumption has become even more controversial[citation needed]. Indeed, in many countries of the world today, religious persecution is a Human Rights problem.

Archetype Google knowledge panel retrieved from link and copied or modified to here

The concept of an archetype appears in areas relating to behavior, historical psychology, and literary analysis.

An archetype can be: a statement, pattern of behavior, prototype, “first” form, or a main model that other statements, patterns of behavior, and objects copy, emulate, or “merge” into. Wikipedia

Myself as the Scapegoat which is actually a Sheep who hails from Sheep People

Some of this I covered early on such as the Rumor Has It analogy chapter.

Most of my preteen and tean life was in the San Francisco Bay Area from an atheist family, my father leaving the Catholic Chruch betraying a close friend of his, I think John F. Kennedy.

I the San Francisco Bay Area and a sadomasochist, and a Deist, Earthy type environmentalist and nature lover (also from my father) I fit in faily easily to the BDSM life of Goth.

I remember once in the Netscape AOL gym (no I think it was the Exzcite©Home gym, could be either) a gym instructor talking about Beats Per Minute as workout music and I reall saying I find it is music I like, even at the wrong BPM, I can still like it for the gym and feel energized by it.

Though I had left the Goth scene long ago it met my music needs as music I enjoyed as the music itself and the dancers to it on YouTube also fit my motions on the elliptical machines, etc., wich as simple music usage for me.

To me this as simply like being at a concert with my private screen, as if an airplane seat watching a movie or MTV on some personal TV.

In fact others were “tempted” by it and blamed me as a likely peeping tom in the gym when in fact under my norms this was common to me.

The Goat as predators upon the gym population generally and using me for their scapegoat

In fact my gym usage was commendable and by blaming me for the acts of the gym staff the gym staff then could be praised for what I had been doing as I was made a scapegoat for the “meat market” resulting from Gothy gym music as soft core porn of hardcore music energy and beats.

As I have said I was used as what PsyOps called an Enemy Prisoner of War, someone whose goth music was studied, but away the main population, where it was proselytized by others with different attributes than I had. IN fact one difference was the Goats were predators and seeking acclaim while making me

a scapegoat.

This was obviously a racial issue which I did not create nor did my gym usage create, and I also believe there were religious elements to the Goat and Scapegoat system as well.

In short it seems those who could not handle the temptation of the Crystal Ball needed me as an excuse for their misconduct. The differences between the Goat, who were wolves, and the scapegoat, the sheep, was the fraud and disruption indtroduced into the gym.

Those who fell to temptation of short Goth skirts were ethically spiteful of those women, but through abuse of me as their scapegoat, they “fell from” their own conduct standards to blame me as a scapegoat for things in my conduct self standards which were non deceptive and non exploitative.

This became not only Social claims against me but Legal and Property claims as well.

Goats (Wolves) learning to dress as Sheep

I was and am under study by Wolves whose predation against Sheep they wish to asses to me, likely in NDAA Fusion Centers of inconclusive cases and NDAA Targeting of citizens on limited evidence which the fake victims create as fake NDAA claims against me.

I consider this Infiltration of Foreign Agents and Foreign Interests abusing Espionage tools.

Deism

I and my father fit the loyal to the USA Atheist Deist nature loving life of Science and Classical Antiquity, also Modernity,

and should not be subjected to Espionage or abuse for these beliefs, aesthetics, culture, ad art.

Epistemic Science

Part of my Epsitemia beliefs are that Science, and not Ethics, explain a motive for others to attack whites with false claims, and I still believe this to be a motive for attacks on me as well as a meens for attacks on me.

That I complain about the attacks on me by non whites is used as justification, as if a self fulfilling prophecy. My criticism of assailants is sort of a libel claim they make against me, but I say it is OK to say they are in the wrong, and my counter claim against assailants in NOT actionable, it is allowable.

Natural Birth

I know very little about my State birth, my State identity.

There is a gap in between my Social “Security” number and my brother’s and during my life I have been told various stories and recieved various explanations as to which SSN is mine, 022-46-3233 or 022-46-3235.

At the time of my parents deaths, not far apart, my brother and Mark Weirness were so hostile and physically assaulting of me that I could not risk attend their funerals, being near my own relatives, likely that situation on purpose, my brother openly in deceit upon me at those times.

The best information I can surmise from availabel records is this.

My father was likely a King Edward VIII LONOND KE FAMILY out of wedlock “Windsor” (a royal family using a name adopted from England, their new home following leaving Germany) though he was seemingly friendly with my grandfather “Edward” who I was named after.

King George V, working with RCA and the Illuminati, is said to have traits similar to FOXP2 such as strong even morose emotions.

A History of the British Monarchy/Windsor Rulers
Wikipedia retrieved from link and copied or modified to here

The House of Windsor was created in 1917 when George V relinquished all German titles from the British

Royal Family and this included changing the families last name from Wettin and house name from Saxe-Coburg and Gotha to Windsor, after the Monarch's ancestral home, Windsor Castle.

It was likely in the underground railroad of people the Catholics and Free Masons were rescuing at various locations or trafficking at varioius locations or creating identities for at varous locations (Anglicans and Mombossa Kenya, Hawaii, Los Angles, Cape Cod, and perhaps other locations) my father met my mother Glorian Donegan a Kutschera tied to Austrian Nazis and perhaps even Eva Braun or others, certainly the Von Trapps who she seemed to live among until she was 9.

The DuPonts and North American Aviation, Boeing, the Kennedy's, and others were all on the "flying saucer" of Illuminati works not onlly present in my life in South Carolina but as Manhattan Project defense contractors.

My mother and father were role models as people, never seeking to be poor "Little House on the Prarie" values, but were, as if poor farmers who simply wished to normal life of learning and almost Amish simplicity while still be well read, philosophical, and good family members respecting law, as I do, not as a boundary of me acts but a description of my and sentient societies morays which are our respectful and protective treatment of each others and always loyal to the USA and the cause of the Allies.

Some Firsts

It looks my birth was an intersection between two major elements of WWII powers.

- England Windsors and the Allies and

- Germany/Austria Kutscheres and the Axis.

It seems that history including the development of Psychiatry in Vienna, with Freud, Jung, and others, and the study of Genetics, Eugenics, and Borderline Personality Disorder, Dysgraphia, and the various expressions of an extreme form of ADD most likely know as Borderline Personality Disorder which is the FOXP2 gene in a brain from that region otherwise quite capable.

The first IVF?

It is probable that on February 20 1961 I was my fertilization, was part of the first IVF experiment which utilized ovum from my mother Glorian born December 13 and I was carried by her between February 20 1961 and November 18 1961.

During that time, or following it April 1962 after passing the one year mark of life Project Pegasus created the first First World black future president, Barack Obama groomed by the CIA utilizing Glorian Ovum but with Malcom X as a speak and insurgent brain capability and this was done under the DARPA program in the Space Race Missile Crisis.

It was in that Manhattan Project development of the designing, building testing, and deploying the first war usage Atomic Bomb I was born under, the Manhattan Project.

I have never in my life been correctly identified by any element of the Nation-State in which I live and thus my long term claim that I am a stateless unrecognized citizen within the land of the United States.

Bunker Born

My true life, my Natural Life, is that of a person born in and living in a hostile world hunkered down in a Bunker, a war zone for me of non uniformed criminal and racially, sexually, and criminal element drug addled assailants, using me as an Enemy Prisoner of War for for psychological study via human rights violations; that, as experiments both create normal reactions to artificial environments (making me look abnormal in comparison to the behaviors of people in normal environments) as well as living in criminal controlled environment deprivations of my property and other rights.

That my mother and father experienced, “stealth and cunning” assailants who the normal resources against did now work, state operators assailants who surrounded my mother, father, and me with a Pay Wall, hostile in effect “prison guards” or “baby sitters” in plain clothes as a prophylactic layer between me and normal society and conducted State interest serving plain clothes assailants assaults upon my family and with my brother Tom Donegan’s complicity or “inside job” FBI paid-informant help.

Part of the function of the Pay Wall is to plant evidence (liabilities dropped into my “crib”) and the study and move of my legitimate assets to elsewhere by others and for others away from my presence, consent, or even knowledge.

It is in this life my true birth has occurred as a National Socialist.

While in isolation avoiding assaults I have continued learning and found that the USA and Allies positions of WWII, and the USA itself, have failed.

The failed situation is the genetic needs of the genetically needy were neither identified or lawfully ethically addressed (Ethics, Ethical Policy, resultant from Science) and instead Science has been captured by Ethics which bans the topics, the study of race with unfettered Science, thus leaving an improperly understood or addressed racial discordant condition

and the failure to recognize the problem, interpret it accurately, nor appreciate or be on gaurd for the situation's dangers.

Alternatives to the USA

Certainly my observation of the weakness of the USA to address the dangerous genetic conditions, the vary dangers I live under, leads me to think of the humiliation imposed on Germans Hitler lead a reaction to.

I believe Eastern Euroope has the better world history including in the Middle East and not being part of the Dark Ages, and that Eastern Europe is now plotted against by the Masons and Western Europe, the West Europeans hoping to make consistent the history it has already made by underground railroads.

I also think of Islam and Sharia law as well. How can the USA be so weak, so inferior, and so cowardly, and so profiteering on such outlandish and egregious human rights violations?

At least that religion understands the importance (of at least their own) religious sanctity and the importance of that, as well as the importance of fighting corrupt acts.

It is not important I have a conclusion here, but these are my observations as best as I can make them now.

The Nation State

Petty Tyrant retrieved from link and copied or modified to here

This American Life is a weekly public radio program and podcast. Each week we choose a theme and put together different kinds of stories on that theme. Mostly we do journalism, but an entertaining kind of journalism that's built around plot. In other words, stories! Our favorite sorts of stories have compelling people at the center of them, funny moments, big feelings, surprising plot twists, and interesting ideas. Like little movies for radio.

Petty Tyrant
In Schenectady, New York, a school maintenance man named Steve Raucci works his way up the ranks for 30 years, until finally he's in charge of the maintenance department. That's when he starts messing with his employees. Teasing them at meetings. Punishing them with crummy work assignments. Or worse things, like

secretly slashing their tires in the middle of the night.

Ten years after his arrest, Steve Raucci broke his silence and gave an interview to Paul Nelson at the Times Union in Albany.

This book has nothing to do with any delusion I have ever held about superiority of myself or even the White Race itself.

I have had learning disabilities, extrema off-the-scale ADD it has been called, speech spasmodia resulting in poor effect in meetings (non charismatic) written language problems of dropped words or conjugations, spellings, etc., and study problems in school.

Both the social outcome and and biological proclivities tied to ADD made me a likely candidate and true clinical case of chemical dependency.

Balanced into this were loving parents of at least adequate financial or intellectual means to support my development of my resources and education during my life.

I was a mixed bag. I fact at times I have refereed to myself as a Basket Case.

This is a book about the inferiority of the United States. It is one I have wanted to write all my life and the body of evidence I have continued to accumulate during my life is part of the close of this book.

The short story, though an important story, is that a deceptive Ethic was imposed on US society about racial equality existing while in fact secret operations addressed the realities of the problem, the problem absent from public discussion and public policy

This book is reality about a fires which burn downward. About a need an elite to control society, and erode from the top of the pyramid systems sufficiently below the top that the top can continue its agenda.

Petty Officials and Ranked Society

Ranked Society Wikipedia retrieved from link and copied or modified to here

A ranked society in anthropology is one that ranks individuals in terms of their genealogical distance from the chief.

Another term for a “ranked society” is a chiefdom. Closer relatives of the chief have higher rank or social status than more distant ones.

Societies who follow this kind of structure associate rank with power, where other societies associate wealth with power.

When individuals and groups rank about equally, competition for positions of leadership may occur. In some cases rank is assigned to entire villages rather than individuals or families.

The idea of a ranked society was criticized by Max Weber and Karl Marx. Ranks in ranked society are the different levels, platforms, or classes that determine someone’s influence on political aspects, votes, decision making, etc. A person’s ranking also gives them societal power (power within their civilisation).

Process Versus Substance an the Jim Volcelka Challenge

In all cases, in all matters, in all duties and obligations of others such as the Courts I should receive the protection of my Human Rights. THis is true in housing too.

In all matters the Corridors of Power have some other agenda and assets in place to insure the diversion and undermining of my rights.

What people are told as to why my rights should be undermined is not subject to my scrutiny because they are able to do it without showing cause to me as to why my Human Rights are unenforceable.

In the course of my life I have struggled on the one hand to try measures short of legitimate self defense of my rights and try to calculate, to persuade, the enforcement of my rights.

The Stonewall has made that nearly impossible. In a perfect stonewall no one identifies their identity, reasons for actions, or motives, and the victim merely shouts at the stonewall which is

satisfied with itself, and most likely the Stonewall is either the result of dupe or payoff but its inner architecture is protected and its outer surface is intransigent and unbudging.

I have described the situation I am in as Perplex, one defying rational explanation, no matter how complex an explanation is sought or tried.

Because there have literally been cracks in the Stonewall, my ability to hear through the breaches of architecture in the concrete wall between 46 and 47, unit numbers of apartments at my current address, I have fpund the internal operational components.

What I can tell you is I have been all my life attacked in all matters by a filthy lumpenproletariat whose actions, methodology, and identity have reiked as the petty filth vagrant population rather than Nation State population.

The mystery of my life is how that population has not only survived but operated as weaponized predators under sway of higher ranks of society as agents of the higher ranks Bourgeoisie.

In fact this structure appears to be the surviving social structure of Medieval Feudal Europe with Masons still in Buegouse controlled office of US governance captured by wealth and methods of subterfuge and control of USA institutions to support their agenda through subordinated entities under financial and other mechanisms of control.

I will find I am the product of that Masonry covert action in the USA and other Illuminati influenced nations.

lumpenproletariat - Usage by Marx and Engels
According to historian Robert Bussard, Karl Marx and Friedrich Engels viewed the lumpenproletariat as:[21]
Wikipedia retrieved from link and copied or modified to here

In English translations of Marx and Engels, lumpenproletariat has sometimes been rendered as “social scum”, “dangerous classes”, “ragamuffin”, and “ragged-proletariat”.[3] It has been described by some scholars and theorists, as well as the Soviet nomenclature, as a declassed (déclassé) group.[10][11][12][13][14] The term “underclass” is considered to be the modern synonym of lumpenproleteriat.[15][a] Scholars note its negative connotations.[b] Economist Richard McGahey, writing for the New York Times in 1982, noted that it is one of the older terms in a “long line of labels that stigmatize poor people for their poverty by focusing exclusively on individual characteristics.” He listed the following synonyms: “underclass”, “undeserving poor”, and “culture of poverty”.[18] Another synonym is “riff-raff”.[19] The word is used in some languages as a pejorative. In English it may be used in an informal disapproving manner to “describe people who are not clever or well educated, and who are not interested in changing or improving their situation.”[20]

> essentially parasitical group was largely the remains of older, obsolete stages of social development, and that it could not normally play a progressive role in history. Indeed, because it acted only out of socially ignorant self-interest, the lumpenproletariat was easily bribed by reactionary forces and could be used to combat the true proletariat in its efforts to bring about the end of bourgeois society. Without a clear class-consciousness, the lumpenproletariat could not play a positive role in society. Instead, it exploited society for its own ends, and was in turn exploited as a tool of destruction and reaction.

The reach of these lumpenproletariat have been in all official and socila matters, the Irregulars of illegal deeds.

Who Started It

I have long said a study of conflicts involves when you start the timeline, and thus who started it. I am on the defensive, and the USA started it back in the Manhattan Project.

braggadocio

Braggadocio means not only bragging, but bragging about something that's not true. When your friend boasts of a private yacht, ten personal servants and nightly caviar dinners, that's braggadocio, unless he happens to live on the French Riviera.

Braggadocio comes from the word brag, but saves you the trouble of calling someone's bragging a lie by giving you one word that does both.

You might say that the new guy at work who keeps telling stories about his heroic genius for fixing any computer is full of braggadocio - since when you asked him for help with yours he had no idea what to do.

Definitions ofbraggadocio

1. vain and empty boasting

Synonyms:
bluster, rhodomontade, rodomontade

Type of: boast, boasting, jactitation, self-praise

What started as confusing odd co-incidences finally became a pattern and the pattern eventually filled into this by a pointalist picture being painted and by overheard or other details creating a continuity or fabric of the dots.

Those acting with hostility towards me were generating hostility towards me by showing the public a peeper was in the area. True, but those who were on the hunt for the peeper WERE the peepers.

The public saw their braggadocio towards me and likely also saw and heard that (behind my back) others without my grant of authority to do so were pleading me guilty to peeping and even paying the peepers to pretend I did it and stigmatize me in public but non-verbal non explicit-ways.

I call this the Goat and the Scapegoat "ploy." A peeper was found out, and it was someone other than the peeper, it was their hunt for the **real peeper** they are telling, or noisily showing the public, their busy work of.

I have stated in the Psychology section that lumpenproletariat have been allowed to engage in abusive entanglement with both me and the normal polite society life withing middle class norms I would live among.

In this abusive entanglement I become the fall-guy to their certainly understandable appreciation of fit and beautiful women, perhaps on a hot day, in the gym, at the pool, and those very same women likely are friendly, un-threatened in every day life, and don't mine new friends, especially ones who keep the place safe.

The blame transferred to me though is likely the real intent both on a political or religious level or gains level of some of the doers of the misdeeds, and those same perpetrators of the actual abusive acts my get, are getting "bird dogging" or"kickback fees" for producing claims against me which can be layed against me or my trust by those who are not beneficiaries of the trust but claim to be.

This is not directly a critique of the lumpenproletariat nor was it ever. I have always said the most vulnerable or underprivileged are ripe for recruitment by those at the top of the pyramid who need some "work done.

Bougewasi who serve people like Prescott, George H.W., or other MKULTRA big interests who have some mistakes to clean up, who need some evidence to disappear.

Edward Snowden Goes to Russia

> https://www.wired.com/2014/08/edward-snowden/
>
> …when Snowden finally agree[d] to discuss his personal life, the portrait that emerges is not one of a wild-eyed firebrand but of a solemn, sincere idealist who-step by step over a period of years-grew disillusioned with his country and government.
>
> Born on June 21, 1983, Snowden grew up in the Maryland suburbs, not far from the NSA's headquarters. His father, Lon, rose through the enlisted ranks of the Coast Guard to warrant officer, a difficult path. His mother, Wendy, worked for the US District Court in Baltimore, while his older sister, Jessica, became a lawyer at the Federal Judicial Center in Washington. "Everybody in my family has worked for the federal government in one way or another," Snowden says. "I expected to pursue the same path." His father told me, "We always considered Ed the smartest one in the family." It didn't surprise him when his son scored above 145 on two separate IQ tests. [about 125 for Ed Donegan once or twice it looks like, probably in that range from 110 to 125 and similar tech interest]
>
> Rather than spending hours watching television or playing sports as a kid, Snowden fell in love with books, especially Greek mythology. "I remember just going into those books, and I would disappear with them for hours," he says. Snowden says reading about myths played an important role growing up, providing him with a framework for confronting challenges, including moral dilemmas. "I think that's when I started thinking about how we identify problems, and that the measure

of an individual is how they address and confront those problems," he says.

Soon after Snowden revealed himself as a leaker, there was enormous media focus on the fact that he quit school after the 10th grade, with the implication that he was simply an uneducated slacker. But rather than delinquency, it was a bout of mononucleosis that caused him to miss school for almost nine months. Instead of falling back a grade, Snowden enrolled in community college. He'd loved computers since he was a child, but now that passion deepened. He started working for a classmate who ran his own tech business. Coincidentally, the company was run from a house at Fort Meade, where the NSA's headquarters are located.

Snowden was on his way to the office when the 9/11 attacks took place. "I was driving in to work and I heard the first plane hit on the radio," he says. Like a lot of civic-minded Americans, Snowden was profoundly affected by the attacks. In the spring of 2004, as the ground war in Iraq was heating up with the first battle of Fallujah, he volunteered for the Army special forces. "I was very open to the government's explanation-almost propaganda-when it came to things like Iraq, aluminum tubes, and vials of anthrax," he says. "I still very strongly believed that the government wouldn't lie to us, that our government had noble intent, and that the war in Iraq was going to be what they said it was, which was a limited, targeted effort to free the oppressed. I wanted to do my part." [Edward Donegan was getting dressed for work at Wells Fargo doing network security when his mother called and said turn on the news, moments later a call coming in to go to work anyway.]

Per reports Snowden was aware of intensive abuses by Espionage inside the USA. Edward Paul Donegan was ready to

vote for Obama Jr. on a civil liberties and non neocon agenda but was in federal prison on a misdeameanor anyway.

Obama never laxfied the Surveillance State I think because the CIA origins of Obama and other high profile executive and political appointee families are trying to cover up Cabal assasinations.

JFK: The Last Dissenting Witness is the gripping story of Jean Hill's incredible ordeal which began when she saw a gunman on the famous grassy knoll fire the shot that exploded the president's skull. That sunny, November, Dallas day turned into calamity. The country would never forget, and neither would Jean Hill.

Working as a key consultant on the Oliver Stone film JFK, Hill was inspired to finally tell her full story. In JFK: The Last Dissenting Witness, we learn about Hill's years of death threats, official intimidation, and harassment by the F.B.I. and the Warren Commission. In this highly personal story, Hill reveals her furtive romance with a married Dallas police officer in the presidential motorcade, and her struggle to keep her sanity, her career, and her life together as a single mother of two children while being caught up in the greatest murder mystery of the century.

About the Author

Bill Sloan is a Pulitzer Prize nominee and veteran Dallas newspaperman who has authored more than a dozen books and has covered many of the major events and personalities of the 20th century during his robust

career.

Now deceased, Jean Hill was a Dallas schoolteacher. One of the closest witnesses to the assassination of President Kennedy, she was only feet away from the presidential limousine and she later gave her highly controversial testimony before the Warren Commission. -This text refers to the paperback edition. From Publishers Weekly

It seems surprising that there has never before been a book by Jean Hill, familiar to JFK assassination buffs as “the lady in red” who was standing only feet away from the presidential car when the shots were fired.

She testified and insisted through years of discouragement, disbelief and distortions on the part of investigators, the FBI, the Warren Commission and others, that she saw an unidentifiable man firing from the grassy knoll and later a person who looked exactly like Jack Ruby running toward that man.

Readers of this swollen account, coauthored with a Dallas journalist, will discover that *Hill early on decided to add nothing further, having been intimidated by frequent phone threats, the sabotage of her car and an alarming move against one of her children.* Only when she came to know **Jim Marrs, author of one of the books on which Oliver Stone’s film JFK was based** , and later the movie people themselves, did she come out of her shell **and rejoice in her standing as the last living major dissenting witness**.

Her tale is often engaging, sometimes infuriating; the feisty schoolteacher emerges ultimately as something of a folk heroine. Much of the later sections of the book, in which Hill becomes starry-eyed about the movie folk, could have been severely trimmed. Still, her story is salutary for those overly respectful of official authority.

On the matter of fake birth certificates and ties to the Edward Paul Donegan birth certificate.

The two know or to some believed to be Birth Certificate shams were in Hawaii [Lorretta Fuddy Indonesia CIA cover story person for the Rockefeller's and CIA where Madylen Lee Payne grandmother to Barrack Obama and wife of Stanley Armour Dunham (in trouble with the CIA) worked for a CIA utilized bank and also worked in Porbate office) about when the CIA was making it the 50th US State just as they were working on Indonesia at the same time, Indonesia 1958 by Prouty does not mention Hawaii by Sidney Gottlienb was part of the CIA Station turning Hawaii a state 1959 or so.

All during this time according to Prouty Indonesia and V.P. Nixon the CIA was planning for control of Indonesia with joint CIA and US Military operations he Prouty was a part of and we know Barrack Obama Jr. was headed for.

Mombasa is a sham too, a fake birth certificate, and I think the real one was destroyed or held classified by the CIA 022-46-3234 in between Tom Donegan and Ed Donegan Obama Jr born in Los Angeles during atomic testing, McCone, and JFK present, and tied to Donegan test DNA and RFK was briefed into that by John Frankenhammer of the movie Manchurian Candidate as he was assassinated.

I Edward Paul Donegan was born November 18th 1961 in Los Angeles California at St Joseph's Roman Catholic Hospital and there is a birth certificate next to mine missing, no person in the Donegan family has it, I think Barrack Obama Jr. did and egg from my mother was used. JFK was in Los Angeles at a Democrat dinner and fundraiser staying with Peter Lawford at the time of my birth and seemed to be planning for it February 20th 1961 meeting with George Ball of the State Dept along with Thorkill Kristsen and I assert Donald Barr and later his son William Pellham Barr along with the Bush family, Nixon family, and others were grooming Barrack Obama JR cover story denying the Los Angeles County birth and creating possible

other births.

The question of presidential eligibility is not the central one when it comes to Natural Birth or born in the USA. The question of Bush arising to power, or Nixon to the Presidency by treason and assassination taking up arms against the Presidency, or being a part of that plot, does matter to eligibility for Presidency and that the office was achieved by criminal conduct and fruit of a poisonous branch if history, and whether power is being held by these criminals abusing power utilizing assassinations to hide their criminal liabilities that were the rungs up the stepladder to high office.

John F. Kennedy warned of a plot to enslave us all and spoke of the nobility of his High Office of President of the USA. He was correct. If there were any advantages of the Royal system it is the concept of nobility. Today's and then's CIA was based on mobsters, criminals, assasins, junkies, the maladapted and worthless who as bacteria were weaponized into any cause. The US is unable to reject rule by Scarface or Al Capone and finds itself no different.

One thing Ronald Reagan did well was talk about the nobility of a USA that self governed through the people and majestically of that utilizing City on the Hill imagery and the US as an Island of Freedom where Freedom otherwise did not exist as he spoke in his Inaugural Addresses, yet it seems his administration to bowed to accepting the British plot into it along with Goerge H. W. Bush.

When Reagan spoke of the USA it was Kennedy-esque as much of Reaganism was including tax cuts to boost the economy and fierce anti-communism.

I will not act violently even in self defense and keep writing trying to interpret history. When I was questioned by the Secret Service in blowout anger I was spouting situation led to that arrest and questioning I said I don't believe in violence,. After Ruby Ridge oversight was upon policing after Oklahoma City

Bombing anti terror powers were increased. But even Ted Gunderson came to believe as he defended FOXP2 family Jeffery McDonald that there was or must have been more than publicly visible to the Oklahoma City bombing and the FBI DOJ CIA role in corruption since the JFK RFK deaths. We must accept we no longer live in a country we once both trusted and believe was ours, we were wrong on both counts. That means being more careful, not less, it is no game to the police nor to the citizen, just know who each other are as careful navigation of life.

What is a Victim Impact Statement?

A Victim Impact Statement is a written or oral statement presented to the court at the sentencing of the defendant. Many times victims, their family members, and friends of the victim participate in both written and verbal statements. More often than not, numerous individuals write letters to the sentencing judge and only a few of those directly connected to the crime speak at sentencing. Victim Impact Statements were created as an opportunity for the judge to hear how a criminal action has affected you and those that you love. Victim Impact Statements are not limited to the courts. Many times, probation or paroling agencies allow for an opportunity to present a statement as well.

How to Write a Victim Impact Statement?

As you are preparing your impact statement, you may find that using the following questions can

guide you. Remember that writing about your feelings may be very painful, so be sure to pace yourself and don't feel that you need to have it "perfect". Be gentle with yourself and take as many breaks as you need. As you are preparing your statement, you may find that the following questions can guide you:

- How did the crime affect you and your family?
- What was the emotional impact of the crime on you and your family?
- What was the financial impact on you and your family?
- Do you have any recommendations to the court about disposition (sentencing) of this case?
- Is there anything else you would like to tell the court?

The above guidelines do not cover the totality of the impact of crime, but may be used as a starting point. Victim Impact statements are unique to you and people have various ways of expressing how crime has affected them. Even though guidelines are typically given to you before sentencing, and there is much flexibility in how you present your statement, there are things you will need to take into consideration.

DO:

- Write simply and descriptively. Your goal is to help the court feel your trauma. While nobody can truly understand what you are feeling, you can help others identify with your trauma by using feeling evoking words and phrases. Using descriptive words can help people form an image of what you are saying.

Example:

Every morning when I wake up, I have to remind myself that my attacker won't be able to hurt me today. If I don't tell myself that I simply can't get out of bed. Since I was assaulted I have lost the full function of my right leg. I still have to go to the doctor for physical therapy and they fear that I still won't be able to walk the same. I used to love to run, until my attacker took that away from me. It hurts emotionally and physically to even make it to work in the morning. When I drive past the place that this all happened I try not to shake in fear. I can't sleep most nights without nightmares of my attacker. I so desperately want my life back. The life I had before he took my life away.

- Do address the judge, or paroling authority, when you speak. You may want to talk directly to the offender. If this is something you want to do, ask permission from the judge first. You can still say what you need regarding the offender through the judge.

- Do ask permission if a picture is part of your

statement. More often than not this is allowed, but any visual aids you utilize will need permission from the court first.

- Do write out your statement in advance. Presenting a statement is emotional. You may think you know what you want to say but when the time comes, your emotions could take over and your train of thought is lost. If this occurs, you can read directly from your statement.

- Do have an alternate person that can read your statement in case you cannot finish.

DON'T:

- Don't directly express your anger toward the court or the offender. Your goal is to express your hurt and your pain, not to blame. The blame has already been placed on the offender, so now is the time to talk about what you have been experiencing through your loss.

- Don't use unsuitable language, as it will diminish the effectiveness of your statement.

- Don't describe what you want to happen to the offender in prison. Please do not get descriptive about any harm you would like to see imposed.

- Don't put personal, identifying information in

your letter and do not say it verbally in court. This includes your physical address, mailing address, email address and phone number. The offender will be provided copies of all letters submitted. If you state this out loud in court, it will be another opportunity for the offender to contact you in the future.

What Happens to my Victim Impact Statement? Do I Have to Read it in Court?

Preparing and presenting an impact statement in court, or in front of a paroling or probation agency, can be intimidating. If you do not think you can physically stand in front of the offender and read your statement, have an alternate in mind beforehand. It does not matter who presents your statement as long as you have identified this person in advance. Many times, victim advocates are asked to present impact statements. It does not have to be a victim advocate, and should be someone you feel comfortable expressing your words.
If you submit a letter, this will become part of the court file, the prosecutor's file and defense file. Victim Impact Statements can also be included in the offender's Department of Corrections file. It could be subject to public disclosure. This is why it is essential to not include contact information in your statements, written or verbally.

Why Write a Victim Impact Statement?

It is not mandatory you write an impact statement.

This is a right you have but not one you have to participate in. Many choose not to participate. There are several reasons why Victim Impact Statements are beneficial. The reasons stated below are just a few.

- The judge gets to hear your side of the story. This is usually the first time this occurs. Throughout the criminal justice process, the focus is on the offender. Hearing from those that are affected by the crime puts a face with an often forgotten victim.

- You have a chance to tell the judge how you want sentencing to occur. More often than not, cases conclude by a plea offer. Many times the prosecutor and defense have agreed to a recommended amount of time. The judge is not bound by that agreement. You can make a difference in the amount of time an offender receives by speaking up. This is true in cases that go to trial as well.

- You have the opportunity to address the court, and the offender by way of the court, about how the crime has affected you. Many find this helpful in the journey of victimization. Letting those know how they harmed you can be beneficial for emotional well-being.

- The impact statement becomes part of the offender's permanent file. It is a reminder of the harm they caused you.

Victim Impact

There are two methods that migt be used to evaluate actions including the lawfullness of the actions.

- **Criminal Intent also known as Mens Rea**It maybe that the state of mind of a person engaged in activties has expressed his or her state of mind or the state of

mind of the actor may be surmised by the totality of information about the persons' whose actions are being judged.

- **Victim Impact** The harm to the victim especially as revealed on long running operations and activities may lead a person to surmise the intent of the person's whose actions are causing the harm.

I Edward Paul Donegan assert in a singular sense my attempts to get my story out, my book out, and to live an harassment free life taken as a fact pattern spanning years shows an Elites of Espionage and Politics have an interest in suppressing and oppressing me and my assertions about FBI and CIA on high level politicians corrupt acts.

I Edward Paul Donegan assert in a collective sense our attempts to get our story out and do so in safety is the nearly singular story with differing names in each case of John F. Kennedy, Robert F. Kennedy, Sunny Bono, Robert F. Kennedy, Andew Breitbart, Micheal Hastings, Jen Moore, Ted Gunderson, and Robyn Gritz and others.

I assert many about to write stories damaging to the CIA, FBI, or others tied to CIA activities and MKULTRA fit a fact pattern of cover-up by assassination, or in Espionge terms "*The Silence of the Grave*" as Ron Pataki referred to about rats like Dorothy Killgallen who outed the Mafia as Roman Catholic Sonny Bono did and Roman Catholic Leo Ruan did about MKULTRA CIA activities in

Jonestown, and Ryan was about to blow the whistle on another CIA factory of test births and psychiatry.

Edward Paul Donegan asserts the value of his life and education, education and life built by his parents were subject to mockery and abuse as he (I) have been mocked as a toxic immoral sexual predator for normal sexuality and good conduct and this mockery and toxification of me as public humiliation had the harm as the motive of the kingpins of the operation and their accomplices had racial and profit motives is defrauding me under the theory I was an abusive immature and retarded person

The betrayal to the Donegan family is one I fight with and almost fight over. I have often spoken that my father and I (and my mother and I too) often had very deep conersations among them my father asking me to have "pulling the plug" responsibility for him, before the days of DNR he had asked me to help him to his ens should he lose his dignity and not be able to stop it himself.

I liken it to Starship Troopers or Jaws were a kill shot from an ally helps a kidnapped or predator siezed victim already doomed. This country using a scheme to debilitate my life by mocking my life undermines his life and my mothers as well. For much of this I have struggled (as I explained in H-EB and other places) how can I go back in time and kill him not after his death, when this was done to me, but go back in time even further to when he was about to join the US Military and kill him then.

I think now on behalf he and myself as I am charged by him to do that is the correct course of actions rather than fighting the aggressors to me (again) and being institutionalized or beaten up

> again that he would not want, the State to succeed first in picking a fight with me then winning that fight.

Continuous Chains of Oppression are aggravating circumstances by their additive criminal count effects energizing criminal harm done. The harm is to the Criminal too who grows to believe a criminal act can be normalized and the criminal sinks into permanent self deceiving criminal insanity.

Elder Abuse retrieved from Wikipedia and copied or modified to here

Elder abuse (also called “elder mistreatment”, “senior abuse”, “abuse in later life”, “abuse of older adults”, “abuse of older women”, and “abuse of older men”) is “a single, or repeated act, or lack of appropriate action, occurring within any relationship where there is an expectation of trust, which causes harm or distress to an older person.” This definition has been adopted by of the

The World Health Organization (WHO) is a specialized agency of the United Nations responsible for international public health.[2] The WHO Constitution states its main objective as “the attainment by all peoples of the highest possible level of health”.[3] Headquartered in Geneva, Switzerland, it has six regional offices and 150 field offices worldwide.

The WHO incorporated the assets, personnel, and duties of the League of Nations’ Health Organization and the Office International d’Hygiène Publique, including the International Classification of Diseases (ICD).[6] Its work began in earnest in 1951 after a significant

infusion of financial and technical resources.

The WHO's mandate includes advocating for universal health care, monitoring public health risks, coordinating responses to health emergencies, and promoting health and well-being. From Wikipedia the free encyclopedia

(WHO) from a definition put forward by Action on Elder Abuse in the UK. Laws protecting the elderly from abuse are similar to and related to laws protecting dependent adults from abuse.

It includes harms by people the older person knows, or has a relationship with, such as a spouse, partner, or family member; a friend or neighbor; or people that the older person relies on for services. Many forms of elder abuse are recognized as types of domestic violence or family violence since they are committed by family members. Paid caregivers have also been known to prey on their elderly patients.

While a variety of circumstances are considered elder abuse, it does not include general criminal activity against older persons, such as home break-ins, "muggings" in the street, or "distraction burglary," where a stranger distracts an older person at the doorstep while another person enters the property to steal.

The abuse of elders by caregivers is a worldwide issue. In 2002, WHO brought international attention to the issue of elder abuse. Over the years, government agencies and community professional groups, worldwide, have specified elder abuse as a social problem. In 2006 the International Network for Prevention of Elder Abuse (INPEA) designated June 15 as World Elder Abuse Awareness Day (WEAAD), and an increasing number of events are held across the globe on this day to raise awareness of elder abuse and highlight

ways to challenge such abuse.

The destruction of what James and Glorian Donegan build including Ed Donegan by waiting for the death of James and Glorian and then launching the attack on their child Ed Donegan was the destruction of deceased parents children after the parents could not longer protect their own family from abuse and was a laying-in-wait attack designed in advance to undermine the will and family line of Glorian and James Donegan, subjecting their children to racially motived sexual abuse and violation of human rights in every from including the First Amendment, health, housing association reproductiving and US nationality, all violated.

Google knowledge panel retrieved from Is Racketeering a felony? and copied or modified to here

There are **more than twenty crimes which can support a racketeering charge**, and *most of those crimes are felonies by themselves*. Committing the crimes is not enough to convict a person of racketeering.

[It is often true Racketeering will flourish most effectively when bounties from Rackets elevate racketeering figures into political offices where they can operate as crime bosses imune from police asking too many questions and I cite the Hobnbes act on this as well as RICO statues).

Racketeering is a special type of criminal enterprise which profits from committing certain crimes

The key is that the crimes committed must be related to one another to further the criminal enterprise, and they must have been committed within five years of one another (under Nevada law)).

That **money laundering** and other crimes **using wrongful accounting** and be used to generate **undue revenue streams** and seem legitimate in **financial accounting** was the form of **Racketeering** (such as Protection Rackets) in Business Organizations (including non profit charters) which have fallen under the **influence** of profits from crimes like **money laundering** via identity theft in buying goods or services and paying liabilities from accounts your own nor not your own.

Sexual abuse of me meant to slander me before the public in a Narrative religious aggressors need and abuse wich is assisted by State actors who wish religious beneficiaries profit from the sexual and religious abuse of me.

It includes conspiracy against housing and other property rights and conspiracy against reproductive rights and many others serious Conspiracy Against Rights including violation of religious rights and “transfers” under extortion of reproductive rights.

This book is the result of harassment of me, harassment I was told I could never PROVE was real, a dopple of me I know is distinct from me but sometimes near me was being used as an Information Doppleganger, a disinformation tool, to change or alter the truth about events or places I am said to be or I am connected to, and in that altered narrative generate slander, animosity towards me, and obtuse conspiracy against rights in ways meant to be cliquish and withheld rather than tested and transparent.

IN A CIA NSA FBI US Marshalls plan a transposition scheme called Roadblocking was occurring in which I look like a pervert because woman jump in front of me when I am walking and often a person with the exact matching attributes of me, cloned from me, move forward with ease considering I am shunned in cliquish ways.

The various people often identifying as tied to some neighborhood social protection crime watch often are the ones saying they should be vetted as soon as I fail the vetting and a swarm of new people from places like Chicago flood places to Corpus Christi who will expand groups 10 or 50 fold.

Gangstalk is a slander system which encourages the ambush of my activities, the Targeted Individual, such that a Government meant to preserve the equal rights of all will in fact discourage and conspire against basic rights such as housing on the pretext to manufactured slander.

The slander of me never made sense but the use of it finally did make sense.

I only researched and wrote this book in response to the slander campaign creating ostracism of me. Yet the more I researched the book the more death threats I receive and the louder the “Rough Music” of dirty tricks, veiled death threats, became.

Why does that make sense that my researching my genealogy, why anyone cares about my genome or my mother’s mitochondria at all would result in death threats against me, growing louder?

It makes sense because I uncovered the fact the slander campaign though never acknowledged to me or explained to me was meant to inhibit my normal successful life and perhaps lead to in an isolated homeless person’s death and in that death, the truth of my genome and its identification may never have occurred.

With this book though exactly that story is emerging, the reason the Government feared that story is emerging, my genome was tied to Free Masonary use illegally in major “elite figures” of the USA by elite figures and elite agencies, and they wish the truth of those espionage programs to be revealed to the public or discoverable by the public or if even told the

public, the story discredited as a mere conspiracy theory.

The fight to have housing to write this book, wifi, library access, book publication rights, home office not under attack, computers not attacked, leases broken over and over, have been constant insurmountable threats but for a abandoned building squatted by Olive Twist like criminals harassing me even in my private space apartment with noise designed to be objectionable and sometimes sexually, racially or otherwise abusive and shouted into the apartment and frequent home intrusions and vandalism.

I don't want as just a *process* matter some put to death for egregious racketeering in reproductive rights and crimes against reproductive rights aw well. I also want as *substance* matter the gain from reproductivity racketeering destroyed, the biological waste products of bio monsters of black market eugenics created biology experiments, and unless that is done the incentive for large scale and even small scale single instance criminal human engineering of family lines will be incentiveized .

The Weed of Crime is creating too luscious a fruit for the crime to stop.

Protection from the USA to Dissent from the USA

> ### The five modes of Agrippa
>
> *Sextus Empiricus* described these "modes" or "tropes" in Outlines of Pyrrhonism, attributing them "to the more recent skeptics"; Diogenes Laërtius attributes them to Agrippa.[2]
>
> The five modes of Agrippa (also known as the five tropes of Agrippa) are:

1. **Dissent** - The uncertainty demonstrated by the differences of opinions among philosophers and people in general.

2. **Progress ad infinitum** - All proof rests on matters themselves in need of proof, and so on to infinity, i.e, the regress argument.

3. **Relation** - All things are changed as their relations become changed, or, as we look upon them from different points of view.

4. **Assumption** - The truth asserted is based on an unsupported assumption.

5. **Circularity** - The truth asserted involves a circularity of proofs.

From Wikipedia the free encyclopedia

If I click about Wikipedia with some sense of direction I find these are Pirrohist versus Academic argument, a skeptical take on the Academic, the ideological constructs of Truth, doubting the constructions can be certain, much like Idols of the Marketlace of ideas, these unsound cognitive limitations prevent the truth of Academe from being of epistemic certitude.

I have heen attacked on a Human Rights basis by the State in rare and illegal ways, offensively so.

Yet the straw launched at me by the winds are gold.

The US legal system, the US public, revels in its own glories and sees its shine.

Yet I know living within it, in “the system” (in the USA’s legal mechanisms of being a Targeted Individual) first hand the corrupt abuses which in its systemf of governance keep its corrupt power structures intact, wealthy, and a danger to myself and the world.

The United States was never meant to have certainty. It is a radical system meant for radical progress, sometimes oscillating, sometimes reversing, and sometimes, perhaps on some trend line of history to full for any book, progressing away from egregious error so a better guess, and better appreciation that it is only a guess.

The US seems to b run by power holders whose seeming arrogance reaches such crescendo that epistemic systems, democratic processes are the inferior reliance, that their own State abuses of power are better rule than mere law.

Yet as James Comey has often pointed out these are rarely powerful people. The are fearful people holding power and abusing power so they may never be caught for their misconduct and thus never be held accountable.

This book researchers a truth found at its end, not at its begging. The reason I have been subjected to Espionage based abuse of human rights is not the merit of myself, which is virtuous, but rather the State’s interest in hiding its vices, its acts towards Glorian Donegan, James Donegan, and myself by preempting the truth of my story from coming out, even before I myself had known the State interest in my family history and why I would need to get that story out.

Dissent is necessary for the State, to know you are ignorant is knowledge, and out state including its FBI, CIA, Marshalls, and others, need to suppress evidence and people.

Or do I have that wrong? I do. It is the Masons in the FBI, CIA, DARPA, DOJ who need to use the FBI and DOJ to hide from their own crimes by using the FBI, DOJ, and other agencies to

destroy the evidence of Masonry misconduct.

Duuring much of my life I have been assaulted by seeming schizophrenic homeless people “bird dogging” me, assaulting me for fees paid by others and the assaults were reading bizarre scripts out towards me about atom smashing, yellow life jackets, various shark stories, and other curiosities of conversation to see how I might respond to those question, what I might mention knowing about.

Over time the inexplicable assaults built such a pattern I was able to figure out this was about radiation, DNA, mitochondria, my mother, and her history and the history of the Manhattan Project.

The most dangerous espionage agencies in the world including US Missle Command are openly controlled by Masons in fear of their own shadaw, the dark shadow they have cast over US history, and these espionage agencies must be dissented against and I have the foundations to do that.

I had wanted to make my living in IT or selling this book for perhaps 99 Cents per copy, or maybe 5 or 6 Dollars.

Such is not to be. But I will stake my life history, my character, and my stance in life on the contents of this book and stand by it, and encourage others to doubt the Color of Law, and understand its projects are shams and so are its projections of power.

In the Chapter CIA in which I accuse a Deep State cartel at 555 Tanchaua in Corpus Christi as CIA NDA FBI Vatican backed NDDA Deep state siezing assets in bankruptcy court I cite Linda Newirk and REveatlion1.ca on this about February 20 Nov 18 Dec 13 Aug 4 “spiritual code” “360 DNA” for the world through NASA.

The True Story of Revelation 12

In the immediate wake of the coup in Chile, I witnessed how the Cardinal of Santiago, Raul Silva Henriquez -acting on behalf of the Catholic Church- confronted the military dictatorship.

Who is Jorge Mario Bergoglio? (Pope Francis)

In 1973, he had been appointed “Provincial” of Argentina for the Society of Jesus.

In this capacity, Bergoglio was the highest ranking Jesuit in Argentina during the military dictatorship led by General Jorge Videla (1976-1983).

He later became bishop and archbishop of Buenos Aires. Pope John Paul II elevated him to the title of cardinal in 2001

The military junta led by General Jorge Videla (left) was responsible for countless assassinations, including priests and nuns who opposed military rule following the CIA sponsored March 24, 1976 coup which overthrew the government of Isabel Peron:

”Videla was among the generals convicted of human rights crimes, including “disappearances”, torture, murders and kidnappings. In 1985, Videla was sentenced to life imprisonment at the military prison of Magdalena.”

When the military junta relinquished power in 1983, the duly elected president Raúl Alfonsín set up a Truth Commission pertaining to the crimes underlying the “Dirty War” (La Guerra Sucia).

The military junta had been supported covertly by Washington. Wall Street and the Neoliberal Economic Agenda

> One of the key appointments of the military junta (on the instructions of Wall Street) was the Minister of Economy, Jose Alfredo Martinez de Hoz, a member of Argentina's business establishment and a close friend of David Rockefeller.
>
> The neoliberal macro-economic policy package adopted under Martinez de Hoz was a "carbon copy" of that imposed in October 1973 in Chile by the Pinochet dictatorship under advice from the "Chicago Boys", following the September 11, 1973 coup d'Etat and the assassination of president Salvador Allende.

In that vary same chapter I suggest Justice Scalia and Judge Roll were murderd to continue Extortion17 flights, 350 flights of that type, to distribute bone marrow genome around the world lowering retardation, austims, aids, cancer, and other social progress decelerants as a method of NWO medicine and getting all in the new OECD supported world plan.

Concealing the operation using my DNA and black marketing it has succceed through for profit operations and utilized murder of state officials and journalists.

This one pixel of information is part of the larger the book the Medical State tells of use of a Behavioral Health Care system of assault on me which as on a surface level been racial and religiously motivated people taunting me over the FOXP2 language defect gene I carry which leads to clipped writing I carry, and I believe is part of the MKUTRA history of that gene which is also ARTICHOKE having dry throughout problems, and ted to that gene and Borderline Personality Disorder, all slight fine nuero continuous control problems with attention, continuous focus, and things like reading and writing.

My writing is a cognitive deficit including both the Dysgraphic handwriting Albert Einstein and Price Edward VIII had, and I have, and my speech is spasmodic, another trat of the gene, the gene which ties to espionage agencies and espionage ties to my father and mother having been involved with the CIA and other programs.

Sexual humiliation of me in public, those pacing teens tots, or other females near me while shouting things like “you are a jerk off Ed Donegan” or “You are a Bear!” as if I had anything to do with those females planted near me.

I looked it up and a *Bear* is an older man who stalks or is interested in younger women or minors.

The state of Texas is religiously and in other ways retarded and abusive and people like Gregg Abbot who have confused ideas about sexuality are both studying my Pagan Deism while also trying to humiliate me by as me masterbating in publc, and accsuing me in public of doing so in public .

That theory, humiliating to me and my religion, and factually wrong, creates a different religions claim, that claim being the Dopple of Ed used the a minor as pornogray they the real Ed owes DNA penance to that religion.

In abusive use of Behavioral Health Care the United States now uses it for Organized Stalking which attempts to humiliate, provoke, and and create violent emotions in those targeted by Behavioral workers in PsyOps and in the arbitrary system of targeting of law abiding system critics of the government find themselves targeted and often die in CIA infiltrated health care systems, deemed mentally incompetent, and not on suicide watch.

The religious abuse system is Health Care claims if females treat me in a sexually abusive or inappropriate way they are my “fapping” idols in my mind and I owe them as my pornography >

I have stated for 7 yeas I never authorized any of my DNA and if any who have my parents DNA by abuse of me will be burned to death and eery molecule of their bodes destroyed as the process of religious justice.

I have never been able to escape abusive treatment of me in full view of the public as white women of normal reproductive age are threatened with death if they are near me nor the death threats to me conduct with police watching if I ever walk down the street, leaving my apartment.

These actions are from a CIA, FBI, NSA, DARPA system of illegal activities tied to the Manhattan Project work of Sidney Gottlieb and the USA need, the British need, the elites of the USA need to make sure my branch of secret family line does not live normally or meet my own death normally.

Who I am is very difficult to determine

In order to entangle with me in a sexually abusive way women will give themselves names like “Dominiue” or “BJ” and males use names which I repeat suggest I have schizoprhenic anthropomorphizing expressed psychiatric symptom.

Condemning me in into skid row unwanted health care including unwanted religious services of other religions create an entrapment to fake and settle claims which serve the function of sham robbery and missue of my and my family’s assets.

I note earlier in this book

1. Military Intelligence uses Dopple to create informatoin not sourced from the person being imitation

2. The person being immited can be the victim of claims he or she is paranoid of mentaly ill, and that the stalking does not really exist, thus the activities of the dopple are protected from being called out

As this book chronicles since the 1990s (now it being 2021) there have been Dopples of me which appear to be cut outs of the real Edward Donegan who will provide what information or agreement from Edward Donegan is wanted but Edward Donegan would not provide or was never even informed of.

A likely early claim of use of genome to settle a peeping debt when from my Silicon Valley apartment I pointed my camera used for bike rides as the community pool where Stanford “hotties’ and PhD upscale women sunbathed.

When I cam back from my daily chores that day, getting a 12 speed bike tune for a long ride in the mountains, only children were on the tape which was NOT the normal scene of that poo.

Money was pretty good that at AOL Netscape as my bank account lept up in balance more rapidly than I expected. Taking a moment to recover the the disappointing of my pool haul in the net I examined by bank statement to find I was being paid once a week not every other week thus doubling my salary.

When I approached AOL payroll they were abuse about how dare I try to defraud them an demanded a quick payback program I agreed to, less than two months, though this co-incided with a person name Toni, Irish looking with red hair (I had no hair) wearing clothes like mine around, carrying my signature folio thpe of choice I use anywhere for organization in any meeting type environment, and oddly AOL was highly hostile, called me severely emotionally ill, and fired me very quicly.

I was lured to AOL by my brother suggesting a job there to me and I think since that time every moment of my life fighting of Dopples of me has been a covert war against what I would agree to, if asked, and what covert agencies and others have needed from a Dopple of me, agreement to the illegal practices of Sindey Gottlieb and the Manhattan Project, thus making those involuntary sciences and biological programs legal.

[If given a chance I probably could have desktop published some birth certificates for those swimming to vixens that they were 21 and ready to sill Mikes Hard Lemonade with me on my porch.]

Who am I? It is not just and AOL Time Warner question, and it is the most important unsolved, unsettling, and disturbing questions of my life and lifespan

> **THE LAW OF DRUNKENESS: You can't fall off the floor.**

> Quoted from The B.A.R.N. Bangor Recovery Slogans
>
> *wetdrunk calling substance abuse recover:*I am on floor too drunk to stand up”
>
> *Member of substance abuse recovery:* “Stay there. It is the safest plance to be. You can fall down from there.”
>
> Another one I will use is “*AA won’t open the gates of heaven to let you in, but it will open the gates of hell to let you out*” that I apply to these church groups trying take the Book of Genesis from wrong to right by moving genetic origines, and religion from wrong to right by concealing murders by religions, and moving religions from wrong to right by making the orphanages works in the world appear Nurture when in fact the real work done is Nature by Opus Dei.

The single most fear I have ever had, the only fear that is the sum of all fears, is I am never without a Dopple, ever in my life, and my residence unit number (cell, hospital bed in shared room or homeless shelter or apartment or drivers license or pained unit number versus floor plan) has every been correct once in my life, and in fact a complex mathematical machinery of switch ins and switch outs assembly line style of a Dopple of me, the wrong ID cards, the wrong physical location, and often someones speaking for me, and or electronic forgeries or telecom cross-wiring of my physical location have been a every moment of my life struggle and there no great fear I would ever have than it being right once, in that condition the Government is in danger of the truth and thus I am in danger of death.

I am trying to stay on tack here about the conditions I live under rather than why those conditions exist but I think Malcom X, Jeffery Epstein, and I have or are evidence the FBI CIA DAPPA Espionage state run by a cartel elite killed JFK to keep DARPA Brain program studies underway, and like Malcom X (born 1925 and Jeffery Esptien the existence of the truth of

me and FOXP2 would get many killed by the rule of law in the Electric Chair.

> From earlier in the book
>
> Donald Barr (August 8, 1921 - February 5, 2004) was an American educator, writer, and Office of Strategic Services (OSS) agent. He was an administrator at **Columbia University** where he recruited Brain foundation scientist Jeffery Epstein. William Pellham Barr Attorney General, Bush white house laywer and himself CIA, ruled Epstein hanging suicide, though on July 4th weekend, oddly, time with Malia Ann Obama birtday of July 4 1988, I think her genetic 3rd party patenting by Jeffery Epstein and tied to the fime frame of illegal activities targeting me and allegation of my mental status.

[At least one of the Obama children was in vitro fertilized and had a brain infection.]

But back to the point now of the circumstances of the conditions of my lifespan inside the United States of America, basic human rights and human principles are not being honored, like being free of Covert espionage harassment under color of law, defrauded, denies due process, subjected to black oops backed long cons, any other form of embarrassment.

The harassment I document is the basis of my claim to be free of the United States of American and its illegal or human rights abusing programs.

I did not Stand My Ground and move into my Austin leased apartment, but returned to Corpus Christi on threat of arrest if I tried to take occupancy of my apartment, threat by this woman calling herself Cynthia Nino

The core path of this has been to Conspire Against Rights, socially engineer I do not belong in normal locations nor do I have normal rights and instead as a mentally defective person I should fall down through the drain of a skid row housing unit as a racist and pedophile, the only housing a person like me would have ever had anyway.

I have called this the “chattering teeth social engineering ploy” where a social engineering social sabotage situation is setup by people talking up anyone in my permiter, the chattering teeth telling people to not co-operate with me or not to allow the normal progression of my life or activities

I was given flimsy excuses like their were bugs in the apartment so it wasn’t ready, or the hurrican henry which has passed over almost that day made me one dayh late so the lease paid in full and with depost was cancelled. Bear in mind I was driving the rental Uhaull full box back truck with my motorcycle and apartment furniture in it solo across the muddy destroyed roads on a six hour trip.

OECD Depresion of Appearances Detrimental to OECD by decptive practices at 1001 N. Water St. Corpus Christi, Texas.

In what i call Assets Down / Liability Up a shell idenity, a dopple of me in an apartment near me, meant to be confused with me and confused with my apartment is created.

As Dopples they (the Dopple person and Dopple apartment) seem to operate as me but they are actually corrupt acts cartel entities operating in names meant to be confused with, and identified as me, rather than as identified as the Cartel personage they are hiding behind the front peron and front apartment they created.

Cartel Controlled Areas and Cartell Controlled Violence

The county of Texas I moved to trying to leave Arlington Virginia near Washington D.C. was mostly Republican Party Red State with an electoral victory for Donald Trump and a white tough on crime prosecutor.

Within a short time of my arrival a Black Hispanic social Justice District Attorney was elected and chaos erupted in my life including sabotage to and loss of my vehicle, racial assaults and sexually abusive assaults, said to sociology curious about who the new alt right person was by debates occurring in places like Good Samaritans Homeless shelter, said to be FBI and DHS backed racial study activity.

I have never been safe from increasing use of street gangs by espionage agencies who are hostile to me, using COINTELPRO pre-emption on me, in battles racial in nature and never wanted by me which also include stigmatizing me rather than studying

me.

The level of clout to carry out abusive assaults on me and the level of US Government Agency interest in my genome was always baffling to me as I spent my life on the defensive from these attacks.

I now believe I, Justina Pelatier, Brittany Spears, Caitlyn Mahoney, and simply by geneology (rarther than FOXP2) Tom Dunham are espionage victims of the most powerful agencies of all which date back to Vienna Austria, the Von Trapps, underground railroads, and secret use of involuntary genome sciences, and now the most powerful agencies of the world have an espionage interest in a eugenically disastrous fall of my life into homeless shelter skid row blows exchanged death.

Means of income other than behavioral health care Social Security income have been conspired against, I can not get to High Tech meetups, cities, or social involvement in the California or Austin, and in homeless shelters derogatory evidence is planted.

I helive a cartel admires the secret history of my genome, but conceals the existence of it by cartel illegal activities of irregular warfare, and it is this money laundering cartel I believe killed Jen Moore and others, and it is that I am in flight from.

If that happens the espionage moles who misused my genome and are now black marketing it to themselves and others can continue to live comfortably, profitably, and whin elections with cartel money.

One might ask why don't I just file a lawsuit over this? Blind conservator ship along with the co-operation of my brother and magistrates, judges, others, to covert operations or classified operations (law suits "too hot to handle" as legal profession talk goes) prevent relief in the courts, secret programs tend to get secret co-operation and these are very powerful requester for

co-opeation, DAPRA, FBI, DHS and others.

In addition to blind conservatorship problems pre-empting my own legal battles my brother Tom Donegan has largely backed others in getting my genome on charity markets in a way which both defames the alt right political belief system while transferring benefits to claimants that they have been harmed by alt right (right wing biggots) political people like myself.

His stepping in as the older brother to become the “emergency contact’ when perhaps a fried or ally of him claimed to be me and created the “emergency” can get him shifted in as the person to handle a situation like asking the apartment in Austin to not let me move in, or asking the sheriffs personnel to keep me out of court hearings while he explains other interests in the case and how it should be handled, out interests conflicting though.

Since my written grammar is clipped, dropped conjugations or words, etc., and my speech is spasmodic and the gene for that is very rare, I easily am described as bipolar, retarded, and lacking rational mental state.

Those are the wrong diagnosis of the speech, writing defect though. I am normal intelligent and rational.

The Cartel, Slush Funds from US v 323k, Dirty Wars, Dirty Work

See this on Youtube Jen Moore was killed as she reported on the slush fund I outed nearlyk the day of her death, the CIA slush fund racketeering and black marketing Glorian Donegan Genome and also monetizing it in a protection racket utilization of it.

OSS to CIA, black budgets, Operation Paperclip, &

Hidden Identities

Task Force: Whistleblowers Journey:Live in DC

MK Ultra, Mind control, Pedophelia blackmail, secret societies, Jesuits

It is this cartel I fear for me life from, and frankly, if Seal Team Six or the media power of Brittany Spears can not stop the Rockefeller Rotschilds based plan, I have little hope of defense against it either despite my good lay legal knowledge and good plans combating the crime ring by documenting it, etc.,

Same things as Tom Dunham, applying our job skills in high tech to elucidate the important information on the illegal cartel espionage dirty racket.

In very specific ways Jen Moore and I have written this and other works together, in tandem and in serial including on money laundering, slush funds, MKULTRA, and the CIA.

Use of shell accounts like an apartment near my north corner 1x1 a 1001 N. Water Street has been an entity piggy backed to mine by fake appearances such as swapped original painted unit numbers, the claim they adjoin as some old or new hotel room adjoin thus are the same leased space, or plants on the outside catwalk seem to join the shell entity and occupant to me thus the assets go to that “joined apartment” which it is not.

I am told that person in 47, a black male, has made claims to be me. He also makes outward appearance he is talking to journalist on his phone outside 47 as I am calling journalists from inside 46 and after I move out, likely on profits to the books taken from me, he will buy the unites as condos and join them tearing down the wall between and what were competing identities to who I was and the accounting do my assets and

liabilities and covert it all over to him as I am gone on the building conversion to condos making 46 and 46-46 (as he calls 47) all one fused unit.

Lots of data is on that on the CDROM and lawsuit data but a I can not get the case taken.

I will always be updating this book but it is difficult. The reason I am on that Motorola wifi hotspot I mentioned at the start of this chapter is that I can not get wifi, ever, and I receive death threats if I write this book, as Jen Moore did as well, she died a day or so after I posted about Dept of Defense sluch funds and the Ukraine and I was writing MS World documents on US DOD slush funds on genomic,s perhaps 2.5 trillion in seized assets for foreign econmies of a hundred trillion dollars of latger produced wealth, no wars, and MKULTRA has moved genome from Glorian Donegan to everywhere, and it is expected therefore to be found in everyone.

Thank you for reading Jen Moore's and my book, and thank you to Tom Dunham and Veronica Hoffman as well for the many contributing elements.

Is it time to evacuate from the USA because of British aligned Free Masons? The situation for the descendents of James and Glorian Donegan is as bad as when the British forces in the Colonies gather colonists together and burned them inside their barns.

Mr Vice President Nixon in Dallas 1963

I have been hearing from the CIA in New Orleans and elsewhere Mr Greer the frustration with JFK and RFK is overwhelming.

“Mr Greer you know our most senstive sercrets. You have driven limos I and FDR and Eisenhower and others have had our chats in to and from meetings, it was who took me to meet Jack Rubestein so many years ago, back in 1946 as the Marshall Plan was being formed.

“This will finally be over for us soon, our national nightmare of a buffoon in the Whitehouse.

“We have support teams everywhere. We control the Dallas Police, we control the train yards, the city buildings, the IDs being used and printed by us, we have air support, and every means available for support teams to help the operation complete and leave the bag as the saying goes at the feet of Lee Harvey Oswald.”

William Greer spoke “I have checked that map and that route myself, I couldn’t have planned it better, and I have seen the trail Lee Harvey Oswald will have left on the map drawings.”

I am comfortable with this action. If Lee Harvey Oswald is a Russian sympathizer he may be perceived to have acted alone. The same with me. If caught, I have no same I acted to end the support for terrorism in my own nation of birth Northern Ireland. I will be proud to say I acted alone and take credit for my act should it come to that.”

Nixon spoke again “It how we all feel. This just has to get done. Rarely have so many acted alone working together, but that is what we have here as we all understand the need and accept responsibility to do something about this, anything that

can be done.”

“I only wish the voting public could have been told how much you and the CIA accomplished before “president” JFK put the brakes on it all” Greer addded.

Identity of Edward Paul Donegan as New William Cooper

My name is Edward Paul Donegan and I am writing for as long as I still can as New William Cooper Patriotic Sovereign Press

I hope to know as much as my father but I do not and never will. But if I were to put my own words now into his mouth now using many of his own when he was alive it might sound something like this and from him.

"It is possible to be politically outnumbered in life, on the job, in the military, or somewhere else; but it is impossible to ever by morally outnumbered. We must march to our own drummer and have faith in who we are and hold true our own faith, even that we make mistakes always and always need to seek them out and correct them. Morality is not absolute nor is truth. Fairness is so rare it must be from an accident or someone with extra time in busy life. We just have to look to our own consciousness and even that may change over time. At least that inside as we cope with the requirements of life."

I am being treated abusively and unfairly. It is not though morality alone I look to. It is the very process and meaning of Justice. One might think of John Stuart Mill. "If all mankind minus one were of one opinion, and only one person were of the contrary opinion, mankind would be no more justified in silencing that one person, than he, if he had the power, would be justified in silencing mankind."

That might be true of Witness Statements of facts as well as personally held (not acted on moral opinions). If Lee Bowers Jr. was the only neutral authoritatively credible view of the JKF assassination how important is his beliefs of what he saw? Or my own, Edward Paul Donegan's. It is odd the State fights me or Bowers. Preserving rare perspectives has long been a aim of

courts whose charter it is to preserve debate.

Who I like and do not like is up to me. In addition to that I expect not to harm others and others not to harm me. A con job run by the Government and complicit actors is doing just that.

COINTELPRO runs to the opposite of that.

COINTELPRO in some peoples' mind against at far-right racist is just. But I have always known this had never been about that since most of my friends in the underground leather community did not share my beliefs but they themselves were being abusively treated by this covert operation as well.

I depend on the rule of law catching up with fraud and the use of fraud to not only stage but fund malicious untrue allegations to ruin my life and ruin what a middle class WWII family lived for. My father the poor Roman Catholic living in Dorchester (at times part of the City of Boston Massachusetts) as I was partly college educated and partly industry educated in high tech choosing that route for myself but being sabotaged.

I have not injured others in civil harm way NOR as as offender against the laws of the State (no any church other than proposing Deist theories) or nation, a gullible will say as me that I did but that is use of my identity to fake predicates for actions against me, socially in blacklisting and also to form a protection racket that surround the false premise I am a threat and harming people.

It is just basic common sense in the history of law that Long Cons (themselves often a British tradition - Confidence Tricks or theft of even Oliver Twist was asked to help with pickign pockets are basic forms of fraud, theft, accounting bunko and other fraud. I assert murders were committed of Whistle-blower Jen Moore and that is not being investigated but she and I assert "black opss" do illegal things and can get away them, including drugs, gun, and other racketeering including offering out genetic desirability to the black markets on promise of

desirable genes on the pharmacy market. Repugnant Markets like Organ Trafficking is illegal under the Organized Crime Act (tissue of any type for sale) and false pretexts used as claims to rights is also illegal.

What Is Common Law?

Common law is a body of unwritten laws based on legal precedents established by the courts. Common law influences the decision-making process in unusual cases where the outcome cannot be determined based on existing statutes or written rules of law. The U.S. common-law system evolved from a British tradition that spread to North America during the 17th- and 18th-century colonial period. Common law is also practiced in Australia, Canada, Hong Kong, India, New Zealand, and the United Kingdom. https://www.investopedia.com/terms/c/common-law.asp

Courts have heard arguments of many case types and ruled as to what elements must be present for certain types of crimes, what distinguishes one crime from another (such as extortion versus blackmail) and rulings like that as precedents.

KEY TAKEAWAYS Common law, also known as case law, is a body of unwritten laws based on legal precedents established by the courts.

Common law draws from institutionalized opinions and interpretations from judicial authorities and public juries.

Common laws sometimes prove the inspiration for new legislation to be enacted.

Identity theft and money laundering is in the law. Who I like or don't like as a personal matter is not. Allowing a criminal profit by a Long Con using identity theft, my identity used by an imposture who will not only "concede" he fell for a trap asking for child porn (again, I did not and never have) and make payouts to (from what I hear from a whistle-blower) is a

religious group or groups and that fits with information I have and that group is trying to co-opt me intellectually and spiritually while subverting the appearance of my morality and conduct abusively jockeying against me.

The misconduct, criminality, and abnormality is theirs not mine. The FBI and others have staged "finding" child porn on someone or use public locations like commute buses for KOMPROMAT (staged embarrassing photos) but over the years this scam has operated since my mother's death my trust fund or conservancy (some of that is blind) is funding the abuse smear allegations against me.

Common Law is important to us especially in whole as Blackstone, Jefferson, Madison, and so many others in history have understood since Classical Greece that John Milton set Areopgatica in as religions struggled with each, Kings feared the Press, and Science was under control of the Church.

Our philosophical system of liberal society (Ordered Liberty the order for safety for one as required but what is left is freedom another. In the scheme of society our Charter, our Social Contract, our Constitution creates the "font of power" of Government, the reach and limitations of its powers, and the way it may act are a matter of Laws.

The skeleton and flesh of our society is structurally planned and interdependent for success. Attacks on the Press in self governing society hinders debate and in the Courts and elsewhere it has been recognized debate is needed for successful self government by the people. Infringements on any speech including dissenting speech is a threat to the Republic and that is even more true today than under Constitutional Monarchies.

While case rulings may "make law" as Courts understand the balances between freedom and proscriptions or the functions of law in the State the Courts also address specific cases. In anti Terror laws in the US the Courts have considered both the scheme of the laws for Constitutionality and also the affects of

the laws in cases brought before the Courts.

In these matters the dependencies of these balanced components of The Body Politic have to be weighed and considered in effects and thus the laws may be subjected to tests in the courts as to the impact of the laws or the precise ways they may operate in any case.

Espionage agencies in black markets, harassment of citizens, conducting break-ins and intimidation, could pass no test of Constitutionality in Balance of Powers between Branches, Powers of Government, or others tests on the case level application of the laws even if on the scheme level the system of laws was constitution. No laws of any type may interfere with the First Amendment by fabrications of facts to undermine that protected right.

If I can get my case before the courts that is my case and under Title 18 USC 241, 242, and in some matters as 246 and the many cases of Common Law such as NYT V. Sullivan, NYT v. The Nars (whatever Pentagon Papers was) and similar cases in Common Law going back to Zenger and many other First Amendment cases.

Sir William Blackstone's (10 July 1723 - 14 February 1780) four-volume Commentaries were designed to provide a complete overview of English law and were repeatedly republished in 1770, 1773, 1774, 1775, 1778 and in a posthumous edition in 1783. Reprints of the first edition, intended for practical use rather than antiquary interest, were published until the 1870s in England and Wales, and a working version by Henry John Stephen, first published in 1841, was reprinted until after the Second World War. Legal education in England had stalled; Blackstone's work gave the law "at least a veneer of scholarly respectability". William Searle Holdsworth, one of Blackstone's successors as Vinerian Professor, argued that "If the Commentaries had not been written when they were written, I think it very doubtful that the United States, and other English speaking countries would have so universally

adopted the common law." In the United States, the Commentaries influenced Alexander Hamilton, John Marshall, James Wilson, John Jay, John Adams, James Kent and Abraham Lincoln, and remain frequently cited in US Supreme Court decisions.

Quoted by Jurists all over the world it is a widely regarded set of principles in law and the names ascribed to many of them in legal systems around the world. I have not looked up Fraud, Abuse of Proccess, Sexual Assault, false arrests and legal mechanisms founded upon fabrication of evidence including planted evidence but it would be in there, none of this is new.

One might find this meaning in Common Law or adopted into criminal codes. "There are two separate and distinct forgery offenses under Article 123, UCMJ: (1) forgery by making or altering, and (2) forgery by uttering.

(forgery by uttering has the following elements: (a) that a certain signature or writing was falsely made or altered; (b) that the signature or writing was of a nature which would, if genuine, apparently impose a legal liability on another or change another's legal rights or liabilities to that person's prejudice; (c) that the accused uttered, offered, issued, or transferred the signature or writing; (d) that at such time the accused knew that the signature or writing had been falsely made or altered; and (e) that the uttering, offering, issuing or transferring was with the intent to defraud).

What Blackstone did in law was similar to what James Madison had done with Constitutions examining Habeus Corpus, branches of governments and authorities of government types,, etc., Blackstone took Common Law from courts as to what the elements of fraud, bunko, murders, etc., and the punishments for the crimes in comparive lists to create a common denominations and reference library.

Perhaps the next major advancement in law after Blackstone was the Organized Crime Act in the USA or similar legislation

elsewhere.

The GangStalk by elements and co-conspirators as an illegal international cartelthat operates on both Cartel profit needs and cartel self-defense needs covering its tracks with illegal operations including black budget operations based illegal markets.

William Cooper like Ted Gunderson, Ed Donegan (myself) Geral Sosbee and others know the US is composed of this cancer and a dangerous and corrupt threat.

My being treated in a illegal and criminal manner by a corrupt state and its allies is what my books are about as are Mark Rich's, Gene "Chip" Tatum's, and others.

> THE death of Mr Viner in 1756, and his ample benefaction to the university for promoting the study of the law, produced about two years afterwards a regular and public establishment of what the author had privately undertaken. The knowlege of our laws and constitution was adopted as a liberal science by general academical authority; competent endowments were decreed for the support-ii- of a lecturer, and the perpetual encouragement of students; and the compiler of the ensuing commentaries had the honour to be elected the first Vinerian professor.

> IN this situation he was led, both by duty and inclination, to investigate the elements of the law, and the grounds of our civil polity, with greater assiduity and attention than many have thought it necessary to do. And yet all, who of late years have attended the public administration of justice, must be sensible that a

masterly acquaintance with the general spirit of laws and the principles of universal jurisprudence, combined with an accurate knowlege of our own municipal constitutions, their original, reason, and history, hath given a beauty and energy to many modern judicial decisions, with which our ancestors were wholly unacquainted. If, in the pursuit of these inquiries, the author hath been able to rectify any errors which either himself or others may have heretofore imbibed, his pains will be sufficiently answered: and, if in some points he is still mistaken, the candid and judicious reader will make due allowances for the difficulties of a search so new, so extensive, and so laborious.

THE labour indeed of these researches, and of a regular attention to his duty, for a series of so many years, he hath found inconsistent with his health, as well as his-iii- other avocations: and hath therefore desired the university's permission to retire from his office, after the conclusion of the annual course in which he is at present engaged. But the hints, which he had collected for the use of his pupils, having been thought by some of his more experienced friends not wholly unworthy of the public eye, it is therefore with the less reluctance that he now commits them to the press: though probably the little degree of reputation, which their author may have acquired by the candor of an audience (a test widely different from that of a deliberate perusal) would have been better consulted by a total suppression of his lectures; - - had that been a matter intirely within his power.

FOR the truth is, that the present publication is as much the effect of necessity, as it is of choice. The notes which were taken by his hearers, have by some of them (too partial in his favour) been thought worth revising and transcribing; and these transcripts have been frequently lent to others. Hence copies have been multiplied, in their nature imperfect, if not erroneous; some of which have fallen into mercenary hands, and

> become the object of clandestine sale. Having therefore so much reason to apprehend a surreptitious impression, he chose rather to submit his own errors to the world, than to seem answerable for those of other men. And, with this apology, he commits himself to the indulgence of the public.

Milton William "Bill" Cooper (May 6, 1943 - November 5, 2001) was an American conspiracy theorist, radio broadcaster, and author known for his 1991 book Behold a Pale Horse.

According to sociologist Paul Gilroy, Cooper claimed "an elaborate conspiracy theory that encompasses the Kennedy assassination, the doings of the secret world government, the coming ice age, and a variety of other covert activities associated with the Illuminati's declaration of war upon the people of America".[5] Political scientist Michael Barkun characterized it as "among the most complex super-conspiracy theories", and also among the most influential due to its popularity in militia circles as well as mainstream bookstores. - Wikipedia

Ed Donegan (I, Me, Myself AND I) do agree though I am a recent comer to Super-conspiracy Theory a a very large scale secret government perhaps 600 years old recently (1954 or 1946) gaining formal control of the USA after first gain press and espionage agency control in starting in 1902 London.

A blip in history that was going to stand up to this was Joseph Kennedy Srs son John F. Kennedy but the US government was too deeply controlled by British faction sleeper agents and JFK could not reign in the treason, falling victim to its plotters General Edward Lansdale and Generdal CD Jackson among the worst of them.

William Cooper was fighting JFKs war against the CIA and its long term generation to generation elite families and so am I, defensively trying to understand their conspiracies against my rights, having to and thus faking evidence to make phony cases against me where no real has existed or does exist.

The entire books series and all my life span might also be called "The Jim Volcelka Quetion" why would the elites fo this government conspire against me?

I think it is the manufacture of Obama Jr and others out of James and Glorian Donegan exploited to help that, and now attempts to silece me by forcing me into low survival rates conditions.

Blunt Force is the basic method of Tareting journalists, victims of the Mafia, etc., THugs are used to attack. If the police atack in uniform they attacked and they can not deny it. If the police attack through thugs they have placed they can plausibly deny they were behind the attacks. Those attacks both physical and death threats, terrorist threats, etc., made secretly and Thug "A" talks to Thug "B" next to the victim (me) and me the clear intended recipient of death threats made but denied made to me.

In Behold a Pale Horse, Cooper asserts that President John F. Kennedy was assassinated because he was about to reveal that extraterrestrials were in the process of taking over the Earth. According to a "top secret" video of the assassination that Cooper claimed to have discovered, the driver of the presidential limousine, William Greer, used "a gas pressure device developed by aliens from the Trilateral Commission" to shoot the president from the driver's seat.[it was probably a poison fletch firing gun per Prouty who accuses the umbrella man of being a tranquilizing fletch firer and Willaim Greer was born in Northern Ireland and supported the Royals as most of US Espionage does.

The aliens are a code word for some group, possible Royal Air

Force or Knights of Malta, mayne even La Cosa Nostra or Scotish Rites or ex-nazis. I donlt know but the dates of the agreement with aliens match when Princess Elisabeth and Prince Phillip on the 1940s became engaged. That is probably it.

As Cooper moved away from the Ufology community and toward the militia and anti-government subculture in the late 1990s, he became convinced that he was being personally targeted by President Bill Clinton and the Internal Revenue Service. In July 1998, he was charged with tax evasion; an arrest warrant was issued, but Cooper eluded repeated attempts to serve it. In 2000, he was named a "major fugitive" by the United States Marshals Service.

On November 5, 2001, Apache County sheriff's deputies attempted to arrest Cooper at his Eagar, Arizona home on charges of aggravated assault with a deadly weapon and endangerment stemming from disputes with local residents. After an exchange of gunfire during which Cooper shot one of the deputies in the head, Cooper was fatally shot. Federal authorities reported that Cooper had spent years evading execution of the 1998 arrest warrant, and according to a spokesman for the Marshals Service, he vowed that "he would not be taken alive".

I am less suspicious about the Clinton's than any other presidents, but I and Ted Gunderson and William Cooper and Jen Moore do assert the police are trained killers. I am proud he would not be taken alive. I have no weapons and no choice, so if it comes it comes, but I am happy to write as William Cooper and suspect the same Deep State he did.

I will write elsewhere of how police try to and do have an intermediate breaking of the link between them and the victim (me) and that link can be air that radiation moves through, or the thugs placed to attack me and silence me, or similar tactics like evidence plants that take the place of them accusing me of anything and they would say they are not linked to the placing

of the planted evidence.

I have considered the death of William Cooper by firefight (he was entering his house to arm himself when shot thus "reaching for his gun") to be a standard of justice, the right and perhaps the recognized need to fight the police up until death rather than being taken into custody. After the experiences I have had in court and in custody and even out of custody with police Confidential Informants operating without any checks under the law or press I view his death as the preservation of Life, Liberty, and Property, not having liberty, the fight against the Government the Law of the Land and may and even should necessarily be exercised.

Cooper was a briefing officer of Clandestine activities as Prouty was. Both hold conspiracy theories as I do. I think history will bear them out if not in my lifetime (or William Coopers) some day later; maybe, I am not sure the press would report it.

It is incomprehensible to anyone other than a Conspiracy Theorist why such thuggery exists against the press originating in government.

Government is to be feared. It is thus by necessity also to be challenged. I do so through the books I am writing.

In place of terms like *Confidential Informants* (CIs) that police use as recruits I have used *Confidential Assailants*. An even broader term and better generalized one (thanks dude from FMC BUtner) is Contentious Assailants and how I think my father died fighting them. Treating a person in a Contentious way (contending something that is hostile to them, a smear or dis-truth, a threatening situation in some way that is ominous) attempt to in football terms "draw a person offsides." The assailant themselves are "off-sides" but hide that fact thus destabilize stable situations and provoke conflicts. In some cases called "Programmers" or "Psychiatric Drivers" to drive conduct.

When any person is out of place it is a matter of process and substance concern that a scheme of harassment is underway.

"Offside is a minor foul in gridiron football caused when a player crosses the line of scrimmage ahead of the snap of the ball. The penalty associated with the infraction is the advancing of the ball five yards and a replay of the down. Offside is committed by the defense when a defensive player crosses the line of scrimmage before the ball is snapped. In the case of an offside foul, play is not stopped, and the foul is announced at the conclusion of the play."

When lines are clearly drawn who initiated the foul may be easy to spot. Hiding forms of tresspas against a victim may draw that victim into conflict against the tresspasser who will deny any tresspasses.

I have used in my book the Common Law meaning of Trespass.

Tresspass retrieved from Wikipedia and copied or modified to here

Trespass is an area of tort law broadly divided into three groups: trespass to the person, trespass to chattels, and trespass to land.

Trespass to the person historically involved six separate trespasses: threats, assault, battery, wounding, mayhem (or maiming), and false imprisonment. Through the evolution of the common law in various jurisdictions, and the codification of common law torts, most jurisdictions now broadly recognize three trespasses to the person: assault, which is "any act of such a nature as to excite an apprehension of battery"; battery, "any intentional and unpermitted contact with the plaintiff's person or anything attached to it and practically

identified with it"; and false imprisonment, the "unlawful obstruction or deprivation of freedom from restraint of movement".

Trespass to chattel does not require a showing of damages. Simply the "intermeddling with or use of … the personal property" of another gives cause of action for trespass. Since *CompuServe Inc. v. Cyber Promotions, Inc.*, various courts have applied the principles of trespass to chattel to resolve cases involving unsolicited bulk e-mail and unauthorized server usage.

Trespass to land is today the tort most commonly associated with the term *trespass*; it takes the form of "wrongful interference with one's possessory rights in [real] property". Generally, it is not necessary to prove harm to a possessor's legally protected interest; liability for unintentional trespass varies by jurisdiction. "At common law, every unauthorized entry upon the soil of another was a trespasser"; however, under the tort scheme established by the Restatement of Torts, liability for unintentional intrusions arises only under circumstances evincing negligence or where the intrusion involved a highly dangerous activity.

Trespass has also been treated as a common law offense in some countries.

Trespass to the person

There are three types of trespass, the first of which is trespass to the person. Whether intent is a necessary element of trespass to the person varies by jurisdiction. Under English decision, *Letang v Cooper*, intent is required to sustain a trespass to the person cause of action; in the absence of intent, negligence is the appropriate tort. In other jurisdictions, gross negligence

is sufficient to sustain a trespass to the person, such as when a defendant negligently operates an automobile and strikes the plaintiff with great force. "Intent is to be presumed from the act itself." Generally, and as defined by Goff LJ in *Collins v Wilcock*, trespass to the person consists of three torts: assault, battery, and false imprisonment.

Assault

Main article: Assault (tort)

Under the statutes of various common law jurisdictions, assault is both a crime and a tort. Generally, a person commits criminal assault if he purposely, knowingly, or recklessly inflicts bodily injury upon another; if he negligently inflicts bodily injury upon another by means of dangerous weapon; or if through physical menace, he places another in fear of imminent serious bodily injury. A person commits tortious assault when he engages in "any act of such a nature as to excite an apprehension of battery [bodily injury]". In some jurisdictions, there is no requirement that actual physical violence result - simply the "threat of unwanted touching of the victim" suffices to sustain an assault claim. Consequently, in *R v Constanza*, the court found a stalker's threats could constitute assault. Similarly, silence, given certain conditions, may constitute an assault as well. However, in other jurisdictions, simple threats are insufficient; they must be accompanied by an action or condition to trigger a cause of action.

Incongruity of a defendant's language and action, or of a plaintiff's perception and reality may vitiate an assault claim. In *Tuberville v Savage*, the defendant reached for his sword and told the plaintiff that "[i]f it were not assize-time, I would not take such language from you". In its American counterpart, *Commonwealth v. Eyre*, the

defendant shouted "[i]f it were not for your gray hairs, I would tear your heart out". In both cases, the courts held that despite a threatening gesture, the plaintiffs were not in immediate danger. The actions must give the plaintiff a reasonable expectation that the defendant is going to use violence; a fist raised before the plaintiff may suffice; the same fist raised behind the window of a police cruiser will not.

Battery

Main article: Battery (tort)

Battery is "any intentional and unpermitted contact with the plaintiff's person or anything attached to it and practically identified with it". The elements of battery common law varies by jurisdiction. In the United States, the American Law Institute's Restatement of Torts provides a general rule to determine liability for battery:

> An act which, directly or indirectly, is the legal cause of a harmful contact with another's person makes the actor liable to the other, if:
>
> (a) the act is done with the intention of bringing about a harmful or offensive contact or an apprehension thereof to the other or a third person, and
>
> (b) contact is not consented to by the other or the other's consent thereto is procured by fraud or duress, and
>
> (c) the contact is not otherwise privileged.

Battery torts under Commonwealth precedent are subjected to a four point test to determine liability:

1. *Directness*. Is the sequence of events connecting initial conduct and the harmful contact an unbroken series?

2. *Intentional Act*. Was the harmful contact the conscious object of the defendant? Did the defendant intend to cause the resulting harm? Though the necessity of intent remains an integral part of Commonwealth battery, some Commonwealth jurisdictions have moved toward the American jurisprudence of "substantial certainty". If a reasonable person in the defendant's position would apprehend the substantial certainty of the consequences of his actions, whether the defendant intended to inflict the injuries is immaterial.

3. *Bodily Contact*. Was there active (as opposed to passive) contact between the bodies of the plaintiff and the defendant?

4. *Consent*. Did the plaintiff consent to the harmful contact? The onus is on the defendant to establish sufficient and effective consent.

False imprisonment

Main article: False imprisonment

False imprisonment is defined as "unlaw[ful] obstruct[ion] or depriv[ation] of freedom from restraint of movement". In some jurisdictions, false imprisonment

is a tort of strict liability: no intention on the behalf of the defendant is needed, but others require an intent to cause the confinement. Physical force, however, is not a necessary element, and confinement need not be lengthy; the restraint must be complete, though the defendant needn't resist.

Conveniently, the American Law Institute's Restatement (Second) of Torts distills false imprisonment liability analysis into a four-prong test:

1. The defendant intends to confine the plaintiff. (This is not necessary in Commonwealth jurisdictions.)

2. The plaintiff is conscious of the confinement. (Prosser rejects this requirement.)

3. The plaintiff does not consent to the confinement.

4. The confinement was not otherwise privileged.

Defenses

Child correction

Depending on the jurisdiction, corporal punishment of children by parents or instructors may be a defense to trespass to the person, so long as the punishment was "reasonably necessary under the circumstances to discipline a child who has misbehaved" and the defendant "exercise[d] prudence and restraint". Unreasonable punishments, such as violently grabbing a student's arm and hair, have no defense. Many

jurisdictions, however, limit corporal punishment to parents, and a few, such as New Zealand, have criminalized the practice.

Consent

Perhaps the most common defense for the torts of trespass to the person is that of *volenti non fit injuria*, literally, "to a willing person, no injury is done", but shortened to "consensual privilege" or "consent". If a plaintiff participates in a sporting activity in which physical contact is ordinary conduct, such as rugby, they are considered to have consented. This is not the case if the physical contact went beyond what could be expected, such as the use of hand gun during a fistfight, as in *Andrepont v. Naquin*, or where the injuries were suffered not from the plaintiff's participation in the sport but inadequate safety measures taken, as in *Watson v British Boxing Board of Control Ltd*. Where the plaintiff and defendant voluntarily agree to participate in a fight, some jurisdictions will deny relief in civil action, so long as the injuries caused are proportionate: "in an ordinary fight with fists there is no cause of action to either of [the combatants] for any injury suffered". Other jurisdictions refuse to recognize consent as a defense to mutual combat and instead provide relief under the doctrine of comparative negligence.

Medical care gives rise to many claims of trespass to the person. A physician, "treating a mentally competent adult under non-emergency circumstances, cannot properly undertake to perform surgery or administer other therapy without the prior consent of his patient". Should he do so, he commits a trespass to the person and is liable to damages. However, if the plaintiff is informed by a doctor of the broad risks of a medical procedure, there will be no claim under trespass against the person for resulting harm caused; the plaintiff's

agreement constitutes "informed consent". In those cases where the patient does not possess sufficient mental capacity to consent, doctors must exercise extreme caution. In *F v West Berkshire Health Authority*, the House of Lords instructed British physicians that, to justify operating upon such an individual, there "(1) must … be a necessity to act when it is not practicable to communicate with the assisted person ... [and] (2) the action taken must be such as a reasonable person would in all the circumstances take, acting in the best interests of the assisted person".

Self-defense / defense of others / defense of property

Self-defense, or non-consensual privilege, is a valid defense to trespasses against the person, assuming that it constituted the use of "reasonable force which they honestly and reasonably believe is necessary to protect themselves or someone else, or property". The force used must be proportionate to the threat, as ruled in *Cockcroft v Smith*.

Trespass to goods

Main article: Trespass to goods

Trespass to chattels (also known as trespass to goods or trespass to personal property) is defined as "an intentional interference with the possession of personal property...proximately caus[ing] injury". While originally a remedy for the asportation of personal property, the tort grew to incorporate any interference with the personal property of another. In some jurisdictions, such as the United Kingdom[*dubious - discuss*], trespass to chattels has been codified to clearly define the scope of the remedy; in most jurisdictions, trespass

to chattel remains a purely common law remedy, the scope of which varies by jurisdiction.

Generally, trespass to chattels possesses three elements:

1. *Lack of consent*. The interference with the property must be non-consensual. A claim does not lie if, in acquiring the property, the purchaser consents contractually to certain access by the seller. "[A]ny use exceeding the consent" authorized by the contract, should it cause harm, gives rise to a cause for action.

2. *Actual harm*. The interference with the property must result in actual harm. The threshold for actual harm varies by jurisdiction. In California, for instance, an electronic message may constitute a trespass if the message interferes with the functioning of the computer hardware, but the plaintiff must prove that this interference caused actual hardware damage or actual impaired functioning.

3. *Intentionality*. The interference must be intentional. What constitutes intention varies by jurisdiction, however, the Restatement (Second) of Torts indicates that "intention is present when an act is done for the purpose of using or otherwise intermeddling with a chattel or with knowledge that such an intermeddling will, to a substantial certainty, result from the act", and continues: "[i]t is not necessary that the actor should know or have reason to know that such intermeddling is a violation of the possessory rights of another".

Remedies for trespass to chattel include damages,

liability for conversion, and injunction, depending on the nature of the interference.

Traditional applications

Trespass to chattels typically applies to tangible property and allows the owner of such property to seek relief when a third party intentionally interferes or intermeddles in the owner's possession of his personal property. "Interference" is often interpreted as the "taking" or "destroying" of goods, but can be as minor as "touching" or "moving" them in the right circumstances. In *Kirk v Gregory*, the defendant moved jewelry from one room to another, where it was stolen. The deceased owner's executor successfully sued her for trespass to chattel. Furthermore, personal property, as traditionally construed, includes living objects, except where property interests are restricted by law. Thus animals are personal property, but organs are not.

Modern US applications

In recent years, trespass to chattels has been expanded in the United States to cover intangible property, including combating the proliferation of unsolicited bulk email as well as virtual property interests in online worlds. In the late 1990s, American courts enlarged trespass to chattels, first to include the unauthorized use of long distance telephone lines, and later to include unsolicited bulk email. In 1998, a federal court in Virginia held that the owner of a marketing company committed trespass to chattels against an Internet service provider's computer network by sending 60 million unauthorized email advertisements after being notified that the spam was unauthorized. In *America Online, Inc. v. LCGM, Inc.*, AOL successfully sued a

pornographic website for spamming AOL customers and forging the AOL domain name to trick customers. By the new millennium, trespass to chattel expanded beyond bulk email. In *eBay v. Bidder's Edge*, a California court ruled that Bidder's Edge's use of a web crawler to cull auction information from eBay's website constituted trespass to chattel and further, that a plaintiff in such a suit need not prove that the interference was substantial. A number of similar cases followed until, in *Intel v. Hamidi*, the Supreme Court of California held that a plaintiff must demonstrate either actual interference with the physical functionality of the computer system or the likelihood that such interference would occur in the future. The *Hamidi* decision quickly found acceptance at both the federal and state level.

To date, no United States court has identified property rights in items acquired in virtual worlds; heretofore, virtual world providers have relied on end-user license agreements to govern user behavior. Nevertheless, as virtual worlds grow, incidents of property interference, a form of "griefing", may make trespass to chattel an attractive remedy for deleted, stolen, or corrupted virtual property.

Trespass to land

Main article: Trespass to land

Trespass to land involves the "wrongful interference with one's possessory rights in [real] property." It is not necessary to prove that harm was suffered to bring a claim, and is instead actionable *per se*. While most trespasses to land are intentional, British courts have held liability holds for trespass committed negligently. Similarly, some American courts will find liability for unintentional intrusions only where such intrusions arise under circumstances evincing negligence or involve a

highly dangerous activity. Exceptions exist for entering land adjoining a road unintentionally (such as in a car accident), as in *River Wear Commissioners v Adamson*. In some jurisdictions, trespass while in possession of a firearm, which may include a low-power air weapon without ammunition, constitutes a more grave crime of armed trespass.

Subsoil and airspace

Aside from the surface, land includes the subsoil, airspace and anything permanently attached to the land, such as houses, and other infrastructure, this is literally explained by the legal maxim quicquid plantatur solo, solo cedit.

Subsoil

William Blackstone's *Commentaries on the Laws of England* articulated the common law principle *cuius est solum eius est usque ad coelum et ad inferos*, translating from Latin as "for whoever owns the soil, it is theirs up to Heaven and down to Hell." In modern times, courts have limited the right of absolute dominion over the subsurface. For instance, drilling a directional well that bottoms out beneath another's property to access oil and gas reserves is trespass, but a subsurface invasion by hydraulic fracturing is not. Where mineral rights are severed from surface ownership, it is trespass to use another's surface to assist in mining the minerals beneath that individual's property, but, where an emergency responder accesses the subsurface following a blowout and fire, no trespass lies. Even the possible subsurface migration of toxic waste stored underground is not trespass, except where the plaintiff can demonstrate that the actions "actually interfere with the

[owner's] reasonable and foreseeable use of the subsurface[,]" or, in some jurisdictions, that the subsurface trespasser knows with "substantial certainty" that the toxic liquids will migrate to the neighboring land...

Airspace

However, domain of landowners over airspace is limited to the lower atmosphere; in *United States v. Causby et ux.* landowner domain was limited to the space below 365 feet (111 m), Justice Douglas reasoned that, should it find in the landowners' favor and accept the "ancient doctrine that at common law ownership of land extend[s] to the periphery of the universe - *Cujus est solum ejus est usque ad coelum*[,]" "every transcontinental flight would subject the operator to countless trespass suits." Citizens have a right to fly in the "navigable airspace" Thirty one years later, in *Bernstein of Leigh v Skyviews & General Ltd*, an English court reached a similar conclusion, finding an action for trespass failed because the violation of airspace took place several hundred meters above the land: "[i]f the latin [*sic*] maxim were applied literally it would lead to the absurdity of trespass being committed every time a satellite passed over a suburban garden."

Interference

The main element of the tort is "interference". This must be both direct and physical, with indirect interference instead being covered by negligence or nuisance. "Interference" covers any physical entry to land, as well as the abuse of a right of entry, when a person who has the right to enter the land does something not covered by the permission. If the person

has the right to enter the land but remains after this right expires, this is also trespass. It is also a trespass to throw anything on the land. For the purposes of trespass, the person who owns the land on which a road rests is treated as the owner; it is not, however, a trespass to use that road if the road is constructed with a public use easement, or if, by owner acquiescence or through adverse possession, the road has undergone a common law dedication to the public. In *Hickman v Maisey* and *Adams v. Rivers*, the courts established that any use of a road that went beyond using it for its normal purpose could constitute a trespass: "[a]lthough a land owner's property rights may be [s]ubject to the right of mere passage, the owner of the soil is still absolute master." British courts have broadened the rights encompassed by public easements in recent years. In *DPP v Jones*, the court ruled that "the public highway is a public place which the public may enjoy for any reasonable purpose, providing that the activity in question does not amount to a public or private nuisance and does not obstruct the highway by reasonably impeding the primary right of the public to pass and repass; within these qualifications there is a public right of peaceful assembly on the highway." The principles established in *Adams* remain valid in American law.

Defenses

There are several defenses to trespass to land; license, justification by law, necessity and *jus tertii*. License is express or implied permission, given by the possessor of land, to be on that land. These licenses are generally revocable unless there is contractual agreement preventing them being revoked. Once revoked, a license-holder becomes a trespasser if they remain on the land. Justification by law refers to those situations in which there is statutory authority permitting a person to go onto land, such as the England and Wales' Police and

Criminal Evidence Act 1984, which allows the police to enter land for the purposes of carrying out an arrest, or the California state constitution, which permits protests on grocery stores and strip malls, despite their presenting a general nuisance to store owners and patrons. *Jus tertii* is where the defendant can prove that the land is not possessed by the plaintiff, but by a third party, as in *Doe d Carter v Barnard*. This defense is unavailable if the plaintiff is a tenant and the defendant a landlord who had no right to give the plaintiff his lease (e.g., an illegal apartment rental, an unauthorized sublet, etc.). Necessity is the situation in which it is vital to commit the trespass; in *Esso Petroleum Co v Southport Corporation*, the captain of a ship committed trespass by allowing oil to flood a shoreline. This was necessary to protect his ship and crew, however, and the defense of necessity was accepted. Necessity does not, however, permit a defendant to enter another's property when alternative, though less attractive, courses of action exist.

> He drew a line in the sand with the toe of his boot, and said, ‘It’s as though I told you “I can punch you in the nose, but you can’t reach across that line to hit me back.” - The Washington Post, 19 December 1950

Threats to a person's presence to a public space can be threatened by expressions of others. Verbal statements using an alibi to conecal the illegality or actions that cause a person to be viewed in a way that others will be incited against the person who (by criminal conspiracy) is made to look bad or a threat.

Techniques used to Silence Citizens, Journalists, Activits, and Others

Contention = Progression - Oppression. Various names exist for creating fights. "Roadblocking" (getting in the way, tripping a person that is walking forward or running forward while saying it was an accident,) Rough Noise (contextual bothersome stimuli that can include contentions and abuse sounds, noises, appearances, etc.,) that are obstacles that might resutl in fights breaking out or allegations of misconduct about others. Often the cover oppressor hopes for a fight or an allegation from a person being tripped up so that person can be treated as the

trouble maker when that person was the victim of covert troublemaking.

And it is tied to WWII even WWI ties to England, Royalty, and a Deep State of ultra rich.

Organized Stalks are run by the US Marshall, FBI, DEA, and other groups (alphabet agencies) who in tandem with high ranking orders work for the National Objectives of various espionage operations. Nominally for the state the fully equipped and trained agencies with state and local support are capable of evidence fabrication, staged appearances, falsified records, and many of the dirtiest tricks of COINTELRPO and CIA capabilities to destroy a persons reputation, life, family, career, credit, etc., as well as place undercover operatives in roles that can get into private homes and offices such as "plumbers" or other workers or place FBI or CIA backed Agents in Place in rental and leasing offices, banks, etc., as required. In addition local neighborhood watch groups can be composed of or include thugs and prison trustees can be used as stoolies for police or police family members sometimes go under cover.

Run out of the Fusion Centers it is widely believed to be out of control abuse of power targeting whistle-blowers and I and others have been subject to egregious injuries from thugs, intimidation, hostile and abusive conditions, and some under cover police abuse have died in psych wards following bullying, batterings, etc., traumatized, injured, and attacked again inside institutions.

As Jen Moore (aka Task Force the group she was on and turned whistle-blower) will say before she was killed some "Targeted Victims" (those subject to illegal abusive black opps operations inside the USA) are law abiding police or others (reporters and oversight committee members or attorneys) who just came to know too mucn and being discredited with

evidence plants, etc.,

Jen Moore states the attacks on her and death threats (just as I have received) are tied to the OSS CIA Vatican hidden identity of my family, and the connections of the Donegan to Allan Dulles and the assassinations of JFK by powerful elites who remain in or have family in government now and wish to cover up the JFK history I am trying to tell but am being harrased while doing and Jen Moore of that same story of my family was found dead.

VideoOfBlackmailFeedingBlackBudgetProfits.jpg is a screen shot of a Jen Moore video (she was murdered)asserting a covert profit center of illegal frame-ups sabotaging the OSS CIA connected life of the Donegan family was underway, racketeering, money laundering, identity theft, and other frauds.

> **PAINE: How We Dismantled the FBI In Our Pajamas**

While the mainstream media ignored a corrupt FBI & DOJ, Paine and cohorts hammered away and knocked the FBI off its trusted public mantle. Revered FBI leaders were fired. Others quit. FBI officials, targeted by True Pundit's hard-hitting reporting, are now targets of numerous federal investigations. A fitting irony after the FBI -- whom Paine worked for -- came into his home with M4 rifles drawn on his young kids and wife. Twice. Then, the FBI went on a rampage to ruin his Fortune 100 career at Citi and even prevented him from attending his mother's funeral.

v

Implicated too here are U.S. Special Counsel Robert Mueller along with former CIA Director John Brennan, among many others. A Criminal conspiracy involving top players in the Deep State, entrenched in one of the greatest public betrayals imaginable.

They tried to silence Paine and ruin him to keep these alarming revelations secret but something went wrong. Paine rose from the ashes of his battered life and tattered financial career and then re-launched his award-winning journalism career. And this time -- playing by his own rules -- Paine blows the lid off of a massive cover-up that implicates the same D.C. elite who tried to take him down.

Mike "Thomas Paine" Moore's story is one of personal loss, struggle, payback [through journalism about corrupt officials abusing power] and [and his own] patriotism.

… the FBI -- whom Paine worked for -- came into his home with M4 rifles drawn on his young kids and wife. Twice. Then, the FBI went on a rampage to ruin his Fortune 100 career at Citi and even prevented him from attending his mother's funeral.

Jen Moore continued writing about these same CIA and FBI officials the family history story the Mueller, the Barr family, the Bush family, now the Obama Jr family and others and the MKLTRA program now in a Deep State frenzy of espionage assasins cover-up of such scale the cover-up continues to succeed in silencing all reaming witness perhaps down to the last one left, myself and her and now just myself after she was found dead.

For decades I have tried to file reports on this subject and often the fbi prevents me from doing so. For example, ***the fbi destroys any computer that I buy***; so I use the public library. The libraries at Brownsville, Mcallen and Mission, Texas have assisted the fbi in harassing me every time I enter. I notified the city council in Mcallen & Mission, and some of the harassment by staff and security guards stopped. The library at UTHSC, Harlingen Texas, allowed the police there to threaten me and allowed thugs to enter the library to harass me.

Moore worked as a money laundering expertr in banking (as Edward Donegan worked at a National Bank (Wells Fargo) as Network Security all ultimately were privatge in-house bank workers who submitted and coordinated their work with the Secret Service.

That is where the illegal Black Budget (Money laundering and illegal programs) are tried to as the accounts are confused between account holders and protection rackets and other activities are run by special opps for various assignments that can include gun running and drugs and other illegal black opps.

Ted Gunderson, Gene "Chip" Tatum and I Edward Pauld Donegan have written about covert illegal activities and I Ed Donegan fear for my life as Jen Moore did before she was found dead.

The FBI's Fusion Centers are used by government employees to block any benefit (such as police protection) that I may seek (Ed Donegan reports the

> same. Police refuse to arrest or prosecute the thug assailants even if those assailants or burglars are at the scene.) I document many such instances online. We The first group of us are victimized writers with serious egregious injuries (or deaths) and our writing about the highest level figures of the CIA and FBI and Presidency and the JFK assassination and the CIA Family Jewels program, and their most egregious misconduct including an undercover operation driving me from my home by undercover operatives false allegations and into homeless already after repeated break-ins to my home office and vandalizing and theft of my office equipment. We have discovered misconduct and it goes back to the JFK assassination and the FBI and CIA.

By the way do you remember those statements like can not record or reuse those pro basketball, hockey, or football games with express written consent of the various leauges? We the second group of us are the victimized witnesses with serious egregious injuries (and deaths) who in the matter of Ed Donegan (a member of the first group) have been witnesses to the attacks on Edward Paul Donegan and then became victimized themselves. I Edward Paul Donegan and other people being harrassed by the FBI are harrassed by a slander campaign. Stalkers will asssert they are a lynch mob stopping a terrorist, a person who is engaged in illegal actions, is immoral in some way, and that is their excuse. The reality in all of these cases show the stalkers are the criminals and recurited as such. Prone to crime, under the influence of criminal gains, part of lives of crime, menatlly ill, and those who are willing to engage in street life activities like robberies are in fact the criminals. My experience and others show their attacks match my book writing and when I am making progress on my books and working on my books and their excuses they act under are just that.

Our technique here is to examine what was out of baseline for the evidence given and that did not include what was hidden but the alteration of what was given does reveal what is still not visible but discover-able from this alone and other out of baseline events like it.

In a normal burglary, even had this been a normal burglary of office equipment, the original police officer's work and my activities at the 1001 N. Water Street Corpus Christi Neuces County Texas apartment would have been a matter of routine.

But the police report was altered and the law enforcement arriving after the first police officers acted in non-sequitur ways, did not follow the facts and made attempts not to develop facts but instead narrate events that did not fit the unfolding of events I was witness to the police report as it was issued by CCPD was disconnected from reality as was the response from

ARC of Northern Virginia that had some records role such as the serial number of the equipment stolen.

The movie The Kings Speech related to the story Jen Moore was talking about, the history of Edward Paul Donegan in the USA and the CIA OSS History tied to 850 N. Randolph and Free Masonry that I think saved Maria Kutschera from Austria while pregnant. She and Tom Donegan are now deceased and I think tied to that same history as the Trust Fund and genetic history of the Donegan's through her will, drawn up while she lived in that apartment, and part of the reason she lived in that apartment a few miles, walkings distance using one the WMATA, was what the criminal racketeering in the 1001 N. Water Street MacMalamar building concerned.

Geral Sosbee said he ran afoul of the FBI and J. Edgar Hoover and the Hoover crime ring as did Ted Gunderson. I assert the same. Harassment of me in based on manufactured excuses. Ted Gunderson, Geral Sosbee, Jen Moore, and I Edward Paul Donegan knew or know too much as did Brittany Murphy and others. I have always known the slander of me is faked and fraud driven and the real motive is my biography writing. The lynch mob the slander builds is very effective.

The goal of official is to make working on a book very difficult or impossible because of the circumstances created for the writer. Of course it would never be admitted the Government was behind the harassment or the real reason for the harassment. Excuses are generated and intermediaries used.

Romania was part of the Windsor Story (King Goerge V) and Imperialism?

Marie of Romania retrieved from Wikipedia and copied or modified to here

Jen Moore wrote of the sabotage via intermediaries that police are conducting to destroy the lives of those connected to this part of world history.

Queen Marie on the cover of Time, 4 August 1924

Jen Moore asserts the Hidden Identity story of the Donegan's began with public figure families of Romania marrying into the Windsors (where the had a Germanic name) and married into thus replacing the House of Tutor. During this time the gene being studied by the CIA moved into the now Windsor family and its bastard children. While the children lived under faked identities and sometimes in preschools or orphanages they were studied by the CIA who knew the the genes they carried

likely FOXp2 that results in Borderline Personality Disorder and other symptoms. Bastard children of Edward Or Albert or maybe even Anne via Maria Kutchera in 1926 were born in and lived in the United States and perhaps other bastard children elsewhere.

Queen Marie of Romania on the cover of Time, 4 August (that's 8/4) 1924 https://en.wikipedia.org/wiki/Marie_of_Romania#/media/File:TIMEMagazineCover8Aug1924.jpg

Marie of Romania was considered highly attractive in her youth and she had several young men vying for her hand in marriage, however one young man had already stolen her heart - George, Duke of York. Marie had known George for the majority of her life since he was also in the navy and had been a frequent visitor of the family while they were in Malta. George seemed to be just as fond of Marie, and when the prospect of marriage was raised, Albert Edward, Prince of Wales (later King Edward VI of England as he marries Queen Victoria) and Queen Victoria heartily approved of the match. Unfortunately, the same couldn't be said of the Alexandra, Princess of Wales and Maria who had a longterm enmity towards each other. When George proposed to Marie, she reluctantly turned him down and hoped they could remain friends. Its complicated, some of these might be the same people, but the Romanian language Sosbee was asked to specialize in by the F.B.I might cover documents from this 1902 to 1910 era of London' Monarchy.

Marie's dynastic efforts were viewed by critics as those of a manipulative mother who would sacrifice her children's happiness in order to fulfil her ambitions; in reality, Marie never forced any of her children to marry. [124] While attending Peter's baptism, Marie met the Duchess of York, later Queen Elizabeth, by whom she was enchanted.

In 1924, Ferdinand and Marie undertook a diplomatic tour of France, Switzerland, Belgium and the United Kingdom. In England, she was warmly welcomed by George V, who declared that "apart from the common aims, which we pursue, there are other and dear ties between us. Her Majesty the Queen, my dear cousin, is British born."[126] Similarly, Marie wrote that the day of her arrival in England was "a great day for me, one of emotions, sweet, happy and the same time glorious emotions to come back as Queen to my own country, to be received officially, in all honour and enthusiastically into the bargain - to feel your heart swell with pride and satisfaction, to feel your heart beat and tears start into your eyes, while something gave you a lump into your throat!" These state visits were a symbolic recognition of the prestige Romania had gained after World War I. Whilst visiting Geneva, Marie and Ferdinand became the first royals to enter the newly established headquarters of the League of Nations.

The Maryhill Museum of Art in Maryhill, Washington, was initially designed as a mansion for wealthy businessman Samuel Hill. However, at Loie Fuller's behest, the building was turned into a museum instead. Hill wished it to be dedicated in 1926, and he conceived it as a monument to peace, to his wife Mary, and to Queen Marie herself. Marie agreed to come to America and witness the dedication, especially as Fuller was an old friend of hers. Fuller quickly put together a committee that supported Marie's "tour" of America and arrangements were made for her departure.

Marie viewed the tour as an opportunity to "see the country, meet the people and put Romania on the map".[133] She travelled by ship across the Atlantic Ocean and disembarked in New York, on 18 October 1926, accompanied by Prince Nicholas and Princess Ileana.

Upon her arrival, Marie was welcomed enthusiastically with the "whistle of steamers, roar of guns in white

smoke puffs against gray fog, voices cheering in a stinging rain". She was formally greeted by Jimmy Walker, the Mayor of New York City.

Attempts By Illegal Means to Covertly Discredit, Harass, and Conduct the Sabotage and Subversion of Witnesses, Historians, and Media Figures

Supreme Court of the State of New Vork

(Attorney Registration NO. 4015236) Keith Salvatore Labella has submitted an affidavit dated January I l, 2019, wherein he voluntarily resigns from the New York State Bar. Mr. Labella was admitted to the Bar in the State Of New York at a term Of the Appellate Division Of the Supreme Court in the Second Judicial Department on January 9, 2002.

There are no complaints or charges of professional misconduct pending against him. Mr. Labella presently resides in California, does not practice law in New York, and, under these circumstances, does not wish to pay the biennial registration fee. Upon the papers submitted in support Of the resignation, it is ORDERED that the voluntary resignation of Keith S. Labella is accepted and directed to be filed; and it is further, ORDERED that the name of Keith S. Labella is removed from the roll of attorneys and counselors-at-law in the State of New York, without prejudice to an application for reinstatement; and it is further, ORDERED that pursuant to Judiciary law 90, effective immediately, Keith S. Labella is commanded to desist and refrain from (l) practicing law in any form, either as principal or as agent, clerk, or employee Of another in the State of New York, (2) appearing as an attorney or counselor-at-law before any court, Judge, Justice, board, commission, or other public authority in this State, (3) giving to another an opinion as to the law or its application or any advice in relation thereto in this State, and (4) holding himself out in any way as an attorney and counselor-at-law in the State of New York; and it

is further,21 2019

ORDERED that if Keith S. Labella has been issued a secure pass by the Office of Court Administration, it shall be returned forthwith to the issuing agency, SCHEINKMAN, PS, MASTRO, RIVERA, DILLON and BALKIN, JJ., concur.

…

A federal court in New York has ruled that the FBI conducted an adequate search for records pertaining to "gang stalking." The agency originally provided records from another request it believed were responsive to Keith Labella's request, but later admitted the records were not responsive and conducted further searches using extensive terms supplied by Labella. The agency found no responsive records and Labella sued. After finding the agency's search had been adequate, the court examined documents submitted by Labella to show the agency must have responsive records. The court noted that "these documents are neither FBI records nor contain any mention of the FBI, so presumably Labella submits them to suggest that since gang stalking is so pervasive and so well-known to several government agencies, the FBI must have documents responsive to his FOIA request." The court pointedout that ' 'Labella's suggestion that, because it is the nation's leading law enforcement agency, the 'FBI should be charged with constructive knowledge of gang stalking and presumed to have records thereof,' shows only that Labella has no evidence at all that the FBI actually possesses records responsive to his request, let alone that the FBI failed to conduct a good-faithand reasonable search of its records. Labella's proposed 'presumption' turns the law on its head; it is the FBIthat is entitled to a presumption of good faith with respect to its affidavit and Labella cannot rebut that presumption by speculating that the FBI simply must have the records he requests because of its stature and resources." Labella also argued that several articles criticizing the FBI's FOIA practices raised suspicions. But the court observed that "even if these articles are fully credited, two isolated incidents of the FBI 's non-compliance with FOIA does not demonstrate that the FBI

failed to conduct a reasonable search or acted in bad faith in this specific instance." (Keith Salvatore Labella v. Federal Bureau of Investigation, Civil Action NO. I I-CV-0023 (NGG) (LB), U.S. District Court for the Eastern District of New York, Mar. 19) https://www.law.berkeley.edu/wp-content/uploads/2023/06/Access-Reports-v.-38-n.-7-March-28-2012_-10-pages.pdf

Truth Out is a web site that like Gene Chip Tatum (quoted below) in his book *The Mule: Robert S. Mueller III* (available on Kindle and a treasure-chest of National Security relevant informant accuses Mueller of of FBI of contant ilegal activities.)

Robert Swan Mueller III has been the go to man when secrets go awry. Recruited as a CIA asset in Vietnam as an member of the Phoenix Project it was embedded in him that there are No Borders, No Limits, No Restrictions, and No Repercussions. With these standards ingrained in his persona, Mueller became an invaluable asset in protecting what today is called "The Deep State". When the need arises, invariably the Deep State Handlers call on "The Mule" - Gene Chip Tatum

Mueller was born on August 7, 1944, at Doctors Hospital in the New York City borough of Manhattan, the first child of Alice C. Truesdale (1920-2007)

I Edward Paul Donegan trace my uncle I used to spend my summers with in South Carolina and his Camden S.C. Dupont plant employment to the Truesdeale and Robber Barron CIA activities of the DuPont's defense contractors. He along with the Burns Family and Barr family and the Bush family are considered Deep State operatives holding law enforcement cover-identities but using those positions to operate illegal programs and recruit others to participate in illegal programs while working in front companies or employees in organizations willing to cooperate. The CIA does not admit to being behind illegal acts and has cover-stories they were not involved. In my case they even publicy conspire to tie their acts of human trafficking to me by public perceptions of staged

events, identity theft, and forgeries.

As an Atheist (with some pagan sympathies) I write on (and am discredited about) Born Free, and evolved natural world that Natural Science is trying to understand. I began in 2002 writing on high tech and pluralism hoping those who held religious beliefs that were at odds with some US laws and customs be be in a separate set of laws specific to them rather than just exempt from contradictory laws and electronic groupings identities to achieve this.)Group Object with individuals in the group

I have pointed out that Adam Smith was a Natural Law Philosopher who wished to examine forces operating in systems not yet labeled or clearly seen like the Profit Motive that could be identified through study and considered in scientific systems of politics and philosophy. I contine to write in that area but it is "too close to Nazim" for some and FBI programs tie my to Nazim and in fact some Nazism does fit, bigotry and dislike of Christianity and Feudalism..

Others though hold more "extremist" views than me and others are targeted and discredited. I think I and Labella and Sosbee and Gunderson and Jen Moore and others were subject to surveillance and harassment abuse to discredit us in JFK related matters.

Labella's Request

By letter dated January 11,2010, Labella submitted a FOIA request to the FBI seeking thirty-seven categories of documents relating to "the national phenomenon of gang stalking." (Id. ¶31.) The request defines "gang stalking" as follows:

Gang stalking involves groups of individuals ("gang stalking groups") operating territorially and nationwide, and, in communication and collusion with each other, to violate the civil rights of, and disrupt, destabilize and finally destroy individuals who are put on a Stalking List for various reasons. The gang stalking groups use both intensive physical and electronic surveillance means to do this .. . including], but not limited to: "street theatre," in which targets of gang stalking are subjected in public to rudeness, loud speaking and personal references to themselves and their private activities by persons within the gang stalking conspiracy; [and] related "Flashmobbing," or the coming together of an often large group of individuals in the gang stalking conspiracy to disrupt, intimidate, harass and otherwise confuse a gang stalking victim ....

Labella requested that the FBI search terms such as "targeted individual(s)" (id. ¶ 31 (5)), "publicly funded victims groups"

(id. ¶ 31(10)), "informants" (id. ¶ 31(15)), "agents provocateur" (id.), "community stalking" (Id. ¶ 31 (20)), "cause stalking" (id. ¶ 31 (22)), "school shooting" (id. ¶ 31(25)), and "COINTELPRO" (id. ¶ 31(26)), all as they relate to "gang stalking."

For the reasons set forth below, Defendants' motion for summary judgment is GRANTED and Labella's motion for summary judgment is DENIED.

…

Some of the extravagance of the text in the claims made and left to us by Labella and Gunderson and others can be explained by 1) The fact that the FBI and CIA really do things that illegal and 2) Often in cases early speculation as to what the documents mean is wide in scope and even wrong. The child trafficking for instance turned out late to be that children being moved around and hidden between diplomats around the world for various reasons from orphanages often got relocation allowances rather than payments being made for rights to raise the child.

TED L. GUNDERSON & ASSOCIATES

6230-A Wilshire Blvd., Suite 6
Los Angeles, California 90048
Phone: (337) 344-8876

I, Ted L. Gunderson, hereby swear under the pains and penalties of jury that the following statements are true and correct:

…

1. My name is Ted L.. Gunderson. I am the owner and operator of *Ted L. Gunderson & Associates*, an international security and consulting firm based out of Santa Monica, California. I am currently a licensed private investigator in the state of California. I have performed private Investigation and security work for numerous individuals, companies, and governments worldwide since founding my firm in 1979.

   I have worked for, among others, F. Lee Bailey, Esq., The *California Narcotics Authority* by appointment of Governor Jerry Brown, *The 1984 Los Angeles Olympic Committee*, and The *1979 Pan American Games in San Juan, Puerto Rico* by appointment of then U.S, Attorney General Griffin Bell.

   [Ted Gunderson narrowly was passed over to be FBI director as in inbound Reagan Bush team preferred Griffin Bell but the respect between the candidates for the top job was mutual.]

2. Previous to my [Ted Gunderson's] work as a private investigator I spent nearly three decades in the F.B.I. Between 1951 and 1960 I was an F.B.I. Special Agent. In 1960 I was promoted as a supervisor at F.B.I. Headquarters in Washington, D.C., where I was in charge of *Organized Crime and Racketeering* investigations covering 26 F.B.I Field Offices nationwide.

   [The Anti-Racketeering Anti Hoffa Robert F. Kennedy as Attorney General of the United

States of America chose Ted Gunderson to be his right hand man in fighting the mafia. As Bobby Kennedy took the call his brother was assassinated and deceased it was Ted Gunderson in the meeting on the Mafia in his office with him.]

Following the assassination of President John F. Kennedy I was re-assigned to *Special [JFK] Inquiry White House Matters* at F.B.I. Headquarters. In 1965 I was promoted again to *Assistant Special Agent-In-Charge of Internal Security and Anti-Terrorism of the F.B.I. New Haven, Connecticut Field Office*.

In 1970 I was promoted to Assistant Special Agent- In-Charge of the F.B.I. Philadelphia, Pennsylvania Field Office.

On July 12, 1972 I successfully negotiated with two terrorist hijackers of National Airlines Flight 496 for the release of 119 passengers at Philadelphia International Airport: In 1973 I was promoted to *Chief Inspector at F.B.I. Headquarters*[appears to be just below Director of the FBI]. Also served as *Special Agent-In-Charge of the F.B.I. Memphis and Dallas Field Offices*[and continued ever increasing JFK Dealy Plaza material as Warren Commission, etc, unfolded]. I retired from the F.B.I, as Senior Special Agent-In-Charge of the Los Angeles Field Office of the F.B.I. with over 700 F.B.I. employees and a budget of over 22 million dollars in 1979, [perhaps a few cases to supervise].

3. I have read the Complaint in the current action of Mr. Keith Labella against F.B.I. and

D.O.J., It is my professional opinion, based on information, knowledge and belief that the information sought by Mr. Labella in this F.O.I.A suit regarding “gang stalking”, “gang stalking groups” and “gang stalking methods” reasonably describes an ongoing, active, covert nationwide program that is in effect today, and, based on my investigations and experience, has been operational since at least the early 1980’s. Since the 1980°s gang stalking has increased in scope, intensity and sophistication by adapting to new communications and surveillance technology. These programs are using the codenames Echelon Program, Carnivore System, and Tempest Systems.

The Echelon Program is administered by the N.S.A. out of Fort Meade, Maryland, and monitors all email and phone calls in the world. Carnivore System is administered by the N.S.A. out of Fort Meade, Maryland, and can download any computer system without being traced or otherwise known to the owner. Tempest Systems can decipher what is on any computer screen up to a quarter of a mile away.

These programs are negatively impacting thousands of Americans and severely abusing their civil rights on a daily basis.

4. Based on my investigative work, which includes intelligence from sources such as active and former members of the Intelligence Services (including the FBI, the C.I.A, the N.S.A and Military Intelligence), information from informants active in criminal

enterprises, and, victim testimonies, I have come to the conclusion that thousands of victims have been targeted by an illegal government rogue criminal enterprise that is active 24 hours a day within the U.S. This conspiracy is far too active to be controlled or operated by private enterprise whose goals are achieving financial gain.

These operations require extensive financing with no return on the investment. This program's operations are financed by illegal black operations, i.e., narcotics, prostitution, child kidnapping (children sell at covert auctions for up to $50,000 per child), human trafficking, gambling and other rackets.)

5. I have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

6. I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

This rogue element seeks personal power and wealth and considers themselves above the law and the Constitution. They are carrying out the aforementioned surveillance and harassment activities in conjunction with organized crime, the cult movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups.

This illegal surveillance and harassment program is being called gang stalking and organized stalking by the victims targeted by it.

The victims are targeted for a variety of reasons including government and corporate whistle-blowers, parties to financial and employment disputes, parties to marital disputes (usually divorced women), and even jilted paramours. Journalists covering controversial issues, and, even attorneys and private investigators representing unpopular clients or interests, have been targeted by this program.

7. Individuals targeted by this program have been subjected to illegal and unconstitutional phone taps, illegal re-routing of business and private phone calls for purposes of harassment, illegal audio “bugging”, surreptitious entry into home, office, and vehicle, visual surveillance in the home conducted by illegal placement of miniature remote, wireless cameras (often accessible via internet), illegal internet spyware, illegal GPS tracking (often through their own mobile phones), regular fixed and mobile surveillance, mail misdirection, mail theft and tampering, financial and employment sabotage, slander campaigns and community ostracizing , internet disinformation and smear campaigns, poisoning, assaults and murder, illegal set-ups on ding charges and other felony charges, amongst many other civil rights abuses.

8. In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful members of criminal syndicates, multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower

ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

9. Based on my professional experience, extensive intelligence information and belief, it is my professional opinion that the F.B.I is involved in and has investigative files on the subject of gang stalking, related gang stalking methods, and gang stalking groups in the F.B.I's vast intelligence files, that are responsive to Mr. Labella's F.O.ILA. Complaint. Furthermore, I have personally referred numerous victims of gang stalking to the appropriate agents at the F.B.I. for investigation of their cases. I have also furnished the F.B.I. with documentation of an active, international child kidnapping ring probably operated by rogue C.I.A. agents.

The F.B.I has ignored my requests to investigate even though it is their responsibility to investigate kidnappings. I have a contact in Germany who advises me that the C.I.A. has set up secret operations on U.S. military bases for the kidnapping, sale and trafficking of children worldwide. The FBI may be using a unique codename and nomenclature for the gang stalking phenomenon in its records. However, this is a semantic difference, and, in no way changes my professional opinion that the F.B.I. has investigative files on the nationwide phenomenon of gang stalking described in reasonable and specific detail in Mr. Labella's F.O.L A. Complaint.

> These F.B.I. files contain information responsive to Mr. Labella's F.O.L.A. Complaint regarding the subject of gang stalking. The F.B.I. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking. The gang stalking phenomenon appears in the records of both the F.B.I. and the N.5.A. in their records pertaining to the Echelon Program, Carnivore System, and Tempest Systems.
>
> In addition, the gang stalking phenomenon appears in the records of both the F.B.I. and the N.S.A. in their records pertaining to information collected by Narus systems. Narus is a wholly owned subsidiary of defense contractor Boeing that produces sophisticated, mass surveillance computer systems currently being used by both the F.B.I. and the N.S.A.

COINTELPRO - political assassinations through publicly committed hate crime.

Here are some of the tactics used by CointelPro, most of which I have experienced. This occurs in broad daylight, inside the prison system, inside the ABA, inside psychiatric hospitals. These covert operations I and those I know have been subjected

to will be described in my later false arrests and detentions.

"According to Brian Glick, in War at Home, COINTELPRO used a broad array of methods, including:"

1. **Infiltration:**

   Agents and informers did not merely spy on political activists. Their main purpose was to discredit and disrupt. Their very presence served to undermine trust and scare off potential supporters. The FBI and police exploited this fear to smear genuine activists as agents.

2. **Psychological Warfare From the Outside:**

   The FBI and police used myriad other "dirty tricks" to undermine progressive movements. They planted false media stories and published bogus leaflets and other publications in the name of targeted groups. They forged correspondence, sent anonymous letters, and made anonymous telephone calls. They spread misinformation about meetings and events, set up pseudo movement groups run by government agents, and manipulated or strong-armed parents, employers, landlords, school officials and others to cause trouble for activists.

3. **Harassment Through the Legal System:**

   The FBI and police abused the legal system to harass dissidents and make them appear to be criminals. Officers of the law gave perjured testimony and presented

fabricated evidence as a pretext for false arrests and wrongful imprisonment. They discriminatorily enforced tax laws and other government regulations and used conspicuous surveillance, ‘investigative’ interviews, and grand jury subpoenas in an effort to intimidate activists and silence their supporters.

4. **Extralegal Force and Violence:**

The FBI and police threatened, instigated, and themselves conducted break-ins, vandalism, assaults, and beatings. The object was to frighten dissidents and disrupt their movements. In the case of radical Black and Puerto Rican activists (and later Native Americans), these attacks - including political assassinations-were so extensive, vicious, and calculated that they can accurately be termed a form of official ‘terrorism.’”.The FBI also conducted "black bag jobs", warrantless surreptitious entries, against the targeted groups and their members. Source: COINTELPRO - Wikipedia, the free encyclopedia

> From its inception, the FBI has operated on the doctrine that the "preliminary stages of organization and preparation" must be frustrated, well before there is any clear and present danger of "revolutionary radicalism."

> At its most extreme dimension, political dissidents have been eliminated outright or sent to prison for the rest of their lives. There are quite a number of individuals who have been handled in that fashion. Many more, however, were "neutralized" by

> intimidation, harassment, discrediting, snitch jacketing, a whole assortment of authoritarian and illegal tactics.

> Geral Sosbee - [T]he FBI often vandalizes my car and my home; ***regularly the fbi sends men and women to assault and battery me to add stress and to provoke me***. I have never been accused of a crime and the only defense I have is to write reports such as this one. A few individuals anonymously express support for me and I am heartened thereby.
>
> I believe that the USA is in serious peril due to the evil activities of the fbi and due to the corruption of Congress and the Courts. The fbi controls federal judges en queue, especially federal magistrate judges who apparently authorize fbi to torture and kill this activist (as they did Jen Moore).

> Thank you kindly.
> GERAL SOSBEE

…

Sosbee, Ted Gunderson, Ed Donegan and Keith Labella have reported be attacked by thugs from street gangs sent by the FBI etc., as a nearly regular matter. In addition each of us have reported specialized dangerous weapons ranging from D-E-W and trace evidence and contemporaneous reports early than news reports of Havana Syndrome exist and there is extensive corroboration inside and outside the agencies with easily available corroboration of at least the well place agency whistle-blowers.

All of these accounts (or most of them) were independent with no knowledge or communication among the parties at any time with some exception that Ted Gunderson former FBI became aware of Labella's court filings and provided and affidavit to the courts and others of the truth of the complaints.

President George W. Bush Apri 23, 2003

Dear President Bush

On April 3, 2003, I found an intruder (biker type-wearing a head bandana, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

Since retiring as the Senior Special Agent in Charge of the FBI Los Angeles Division in 1979, ***I have publicly exposed pedophilia, murder, child kidnapping, and other nefarious criminal activity on the part of individuals both in and out of government circles; much of which has been covered up or ignored by those responsible for investigating these allegations***.

In the past, there have been attempts to frame me for alleged criminal activity, individuals have been 'planted' on me and there have been attempts on my life. More recently, I have been the target of a disinformation/ smear campaign spearheaded by an FBI informant. In addition, I have been the victim of periodic

surveillances, illegal entries into my home and vehicle, and illegal telephone taps (I have proof.)

I [Ted Gunderson elderly FBI retiree] am making the April 3, 2003 surveillance incident a matter of record as I have no intention of becoming another ‘victim’ such as Bill Colby (former CIA Director) or Dan Casolaro (journalist) Both men were murdered in spite of the “official" reports that state otherwise.

STATE OF TEXAS COUNTY OF CAMERON

On this 27th day of February, 2007, appeared before me Geral W. Sosbee, an individual known personally to me to be the person who affixed his signature to this document below and who, being by me first duly sworn on his oath, deposed and said: “My name is Geral W. Sosbee; I am over the age of 18 years. I am fully competent in all manner to make this affidavit. The information contained in this affidavit is within my personal knowledge, and is true and correct. I am referred to below as Affiant.

I have documented by direct and incontrovertible evidence and personal testimony the criminal activities of dozens (or perhaps hundreds) of agents, operatives and handlers of the FBI and the CIA of the United States of America, including, but not limited to the following:

A. Obstruction of Justice, Suppression of Evidence, Perjury, Fabrication of Evidence, Criminal Conspiracy, Conspiracy to Violate and the Violation of Civil Rights, Attempted Extortion, Attempted Blackmail, False Arrest, False Imprisonment, Fraud Burglary, Robbery, Felonious Assault and Battery, Destruction of Personal Property, Petty Theft, Theft of and Tampering with U.S. Mail and a variety of other high crimes and misdemeanors

as further described in paragraph “B” below.

B. Abuse of civil process, home and car invasions facilitated by physical and wireless electronic surveillance in home and car and further enhanced by the use of a tracking device implanted in the person of the human experimentee, the Affiant; the surveillance of Affiant is ineffect as this affidavit is written and has been in effect twenty four hours a day, seven days a week, three hundred and sixty-five days a year, without cessation and without interruption for well over nine years world wide; all such invasive surveillance is accompanied by various terrorist acts against the Affiant as further described in paragraph “C” below.

C. Repeated assault and battery on the person of the Affiant by street thugs and by the use of high technology authorized by the United States Government …

Prior to my (Edward Paul Donegan) becoming homeless following retaliation against my complaints and accusations at

1001 North Water Street Corpus Christi I (or rather my office equipment) suffered a string of attacks conduct by shill" neighbors placed by the police (replacing the original neighbors) and acting on police orders with police protection of them. The attacks including water poured from above on the computer on my fourth floor balcony from the fifth floor destroyed a computer beyond any recoverability. Following that I moved as depicted here to just inside the window of that same balcony but again on this fourth floor location a water drop came through the ceiling so intense it left an inch of water standing but I was able to protect my PC using plastic on top and random positions. Finally I moved into an all cement broom closet with a padlock I attached offering a key and the location of a hidden key on the top of the door frame. At the time of the theft I was watching some recreational horror films AND the Kings Speech about the WWII history of the Windsors and the probables they had been having during a key era tied to my book and the Special Relationship that has existed. FBI Direct Wray was on the cover of the book at that time accusing him of being a Deep State official.

Brian Gick I The War At Home on Burglaries

These occurred in the homes of Edward Paul Donegan and the police refused to arrest the suspects.

A common practice during the FBI's Counter- Intelligence Program (COINTELPRO) was the use of surreptitious entries or "black bag jobs." Bureau agents were given special training in burglary, key reproduction, etc. for use in entering homes and offices. In some cases, the key could be obtained from "loyal American" landlords or building owners.

Typical indicators are:

- Files, including membership and financial reports

are rifled, copied or stolen.

- Items of obvious financial value are left untouched.

- Equipment vital to the organization may be broken or stolen, such as typewriters, printing machinery, and computers.

- Signs of a political motive are left, such as putting a membership list or a poster from an important event in an obvious place.

Although warrantless domestic security searches are in violation of the Fourth Amendment, and any evidence obtained this way cannot be used in criminal proceedings, the Reagan Administration and most recent Presidents (excepting Carter) have asserted the inherent authority to conduct searches against those viewed as agents of a foreign power. - End of Brian Glick excerpt

The orginal location near the windodw was too unsafe for me to be near or to have a PC near.

At time of break-in I was researching the Kings Speech with a DVD library rental. Attacks in the library occured all through Texas. MovedIntoBroomClosetForSafety2.jpg

Although I had no such ability to lock the PC at my new location of 1513 I bought a small .79 x 5.12 x 3.15 inches of all electronic comments no larger than the ports it had or the palm of my hand and I could plug in keyboards, mice, and my flat-screen to it. Since I could take it with me easily in my jacket

pocket or sleep with it under my bed breaking in to steal the other computer would offer a thief no advantage. The PC was very old and bough refurbished and I was not dependent on it.

The shill neighbors from the old location and other shill neighbors attacked at 1513 in other ways cooperating with the landlord and police as instructed including faking records, facts of fights, allegations against me, rental records, and so on until I was evicted over fighting and even the small PC was not usable homeless as I have been for a year since, it had no keyboard or screen.

Tom Dunham who is a surving victims of extensive illegal operations, break-ins, smear campaigns, and the ruin of his familyl and vocation and of San Francisco and I have encountered the same pattern of sham investigation sham allegation smear campaign and often times it has intertwined himself and I and itself.

First of all what is an Organized Stalk undercover police operation on a large scale?

Operatives of the FBI, CIA, NSA, and high ranking politicians the Secret Service and other groups use (while acting in secret) organized thugs, homeless people, dupes they recruit while running sham investivations of journlists, etc., to interfere with the lives and in some cases end the lives of dissidents and whistle-blowers while pretending no role at all.

Articles published by CBS, the Daily Mail, RT, Tech Dirt, and Courthouse News Service in December 2013 reported that a U.S. government contractor filed a lawsuit against multiple federal agencies for gang stalking him (the complaint refers to gang stalking as such). The plaintiff claims he was subjected to constant surveillance - including inside his residence and his vehicle - and constant psychological harassment from co-workers and strangers.

The Globe and Mail, a national newspaper in Canada, reported in May 2006 that the Canadian Security Intelligence Service (CSIS) and the Royal Canadian Mounted Police (RCMP) used organized stalking techniques (referred to as “Diffuse and Disrupt” tactics) against terrorism suspects for whom they lacked sufficient evidence to prosecute.

A cover article in The Washington Post Magazine in January 2007 by a journalist familiar with military policies and weapon systems portrayed self-proclaimed victims of gang stalking as intelligent and credible, and suggested that claims about exotic non-lethal weapons being used by the U.S. government to harass targeted individuals were plausible.

Former CIA division chief Melvin Goodman was quoted in a June 2008 article by Jeremy Scahill in The Nation (America’s oldest continuously-published weekly magazine) on the vast private contractor element of the intelligence-security community:

“My major concern is the lack of accountability, the lack of responsibility. The entire industry is essentially out of control. It’s outrageous.”

Gang stalking apparently targets American citizens deemed to be dissidents or whistle-blowers (and perhaps potential dissidents and whistle-blowers), although others might be targeted for other reasons - such as for experimental or training purposes. For perspective, it should be remembered that for two decades the CIA performed secret illegal experiments on U.S. and Canadian citizens (the infamous MK Ultra program). Those experiments included physical and psychological torture.

A newspaper article in the Verona-Cedar Grove Times

in March 2009 titled “Stalker Claims Unsettle Police” described how a self-proclaimed target of gang stalking had been distributing fliers in his former neighborhood in Verona, New Jersey, warning about organized stalking of targeted individuals. The fliers stated: “*Their intention is to murder their target without getting their hands dirty. It’s the perfect hate crime.*”

In November 2013, a TV and radio broadcast of *Democracy Now!* featured an interview with the director of the Center for Corporate Policy in which he discussed the shadowy industry of spies employed by major U.S. corporations to conduct secret - and often illegal - counterintelligence operations against critics of those corporations.

Articles published by CBS, the Daily Mail, RT, Tech Dirt, and Courthouse News Service in December 2013 reported that a U.S. government contractor filed a lawsuit against multiple federal agencies for gang stalking him (the complaint refers to gang stalking as such). The plaintiff claims he was subjected to constant surveillance - including inside his residence and his vehicle - and constant psychological harassment from co-workers and strangers.

Zersetzung

Zersetzung is a psychological warfare tactic developed by the East German Stasi Secret Police to nuetralize dissidents quietly without kidnapping and murdering them like the Gestapo.

It means disruption because it disrupts every part of you're life and gaslights you so you go crazy yourself with no touch torture leaving no and evidence.

The CIA and FBI used Zersetzung small scale with DEWs from 1971-2001 and organized community vigilante groups and extremist groups and first responders based on vicious smear campaigns according to CIA whistleblower Carl Clark and Jesus Mendoza who filed 3 lawsuits in Texas and lost.

The CIA runs electronic harassment, Noise Campaigns of harassing, threatening, and veiled threat or veiled other harassment noxiusness to a stalk victim as the FBI runs gang-stalking and Fusion Centers that sychronize everything.

They (under cover operatives posing in various positions) give perjured testimony in court, makes false dossiers or dossiers composed of false reports that are resultant from Subornation of Perjury, and disseminate the smear using their partnerships (in crime) as flying monkeys (dupes believing the smear, shown faked evidence that then attack a smear victim) along with the smear campaign as part of it gaslight (break in to homes to fake evidence that will be shown to others), harass, backstab, conspire against normal civil activities such as credit, home buying, leases sanctity of the home, etc.,

Private Investigator David Lawson infiltrated gangstalking groups in the US and Canada for 10 years. After 911, the government calls it counter-terrorism and the watch-list is a sham to hide the targeted individual program.

The FBI Fusion Centers, FISA, watch-list, counter accusing its victims as being paranoid, using DSM 5 saying it is schizophrenia to accuse US Espionage of illegal and covert acts and puts out disinformation about those it is harassing to discredit them.

At 82 Ted Gunderson was afraid his own FBI could and would kill him and despite his often quite public outcry he never found any safety for himself or for his daughter be he did leave an extensive records of his complaints about be a subject of Gang Stalking that does include poisonings and other covert techniques.

I [Ted Gunderson} have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

This illegal surveillance and harassment program is being called gang stalking and organized stalking by the victims targeted by it.

The victims are targeted for a variety of reasons including government and corporate whistle blowers, parties to financial and employment disputes, parties to marital disputes (usually divorced women), and even jilted paramours. Journalists covering controversial issues, and, even attorneys and private investigators representing unpopular clients or interests, have been targeted by this program.

In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful members of criminal syndicates, multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

These F.B.I. files contain information responsive to Mr. Labella’s F.O.L.A. Complaint regarding the subject of gang

stalking. The F.B.I. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking.

We all four have proof none of us yet have acted together. In my case I bring additonal witness specific to these events of harrasment of me also attesting to the exact same fact pattern.

Attempts to do this using Street People etc to create a flair-up fight with the Chaff takes the writer off target from documenting CIA and FBI wrongs.

Called *Street Theater* (or Rough Music or "loud" conduct that is noxious and abusive) of "parades" of people (Stalkers) various thugs, assailants, antagonists, etc., can become a distressing bother to a person being stalked. IT is also called Terror Stalking and other names.

Charivari alternatively spelled shivaree or chivaree and also called a skimmington) was a European and North American folk custom designed to shame a member of the community, in which a mock parade was staged through the settlement accompanied by a discordant mock serenade. Since the crowd aimed to make as much noise as possible by beating on pots and pans or anything that came to hand these parades are often referred to as rough music.

Parades were of three types. In the first, and generally most violent form, a wrongdoer or wrongdoers might be dragged from their home or place of work and paraded by force through a community. In the process they were subject to the derision of the crowd, they might be pelted and frequently a victim or victims were dunked at the end of the proceedings.

Not fighting with the Parade of Stalkers is meant to be a challenge but the parade will stick together and counter-attack if it is itself attacked.

Chaff and that is what Stalkers are to whistle-blowers (a

countermeasuren designed to entangle the whistleblower's activities and attention) is a radar countermeasure in which aircraft or other targets spread a cloud of small, thin pieces of aluminum, metallized glass fibre or plastic, which either appears as a cluster of primary targets on radar screens or swamps the screen with multiple returns, in order to confuse and distract (the wepaon system from its real target it has locked onto). - Wikipeida.

The Stasi used operational psychology and its extensive network of between 170,000 and over 500,000 informal collaborators (inoffizielle Mitarbeiter) to launch personalized psychological attacks against targets to damage their mental health and lower chances of a "hostile action" against the state. Among the collaborators were youths as young as 14 years of age.

Security forces lacking a case against a dissident before stalking may be able to bring a paraonioa case or fisticuffs case against a dissedent as they attempt to ward off or nuetralized Stalkers and the misdeeds of the stalkers.

Mark Rich writes Tactics Part I Introduction of his book The Hidden Evil and the Financial Elites (of global power) It has been said that when you're first targeted, they hit you hard in multiple directions. Presumably, this is done so you'll collapse after experiencing recurrent emotional violence, which is compounded after realizing that all normal support structures have been removed.

[Others have written on large scale Stalks of writers, whistleblowers, and others elite leaders are attempting to discredit and interfere with those who are a threat to them by smear campaigns, evidence plants, and use of thug intermediaries for break-ins and violent attacks drawn from prison trustees or neighborhood watch programs using often local gang members from bad neighborhoods or prison release systems or recruited from mental health patients rosters.]

People tend to associate the word harassment with acts of temporary aggravation. Therefore, it may not be the proper word to describe the never-ending acts of covert violence inflicted upon targeted people, which amounts to torture and murder.

[Smear campaigns such as the one I Edward Paul Donegan experienced include the appearance I like both teen and tot females, am a fetishist for buttocks who will follow any woman in tights and it is staged by people around me in public places that this is true as people walk in front of me. I can not get a job or an apartment and live homeless as the KOMPROMAT (compromising staged materials) are shown around behind my back in all areas of life.]

Some of the tactics used are borderline-subliminal, which is why they are so difficult to detect, explain, and defend against.

[The system of rumor mongering or seemingly randon break-ins to home office or attack by thugs or street people go unsolved and even orchestrated by COINTELPRO operatives. Gang Stalks base their strategy by working behind a Targeted person's back spreading dis-truth for the purpose of inciting social and business sabotage of a person targeted by COINTELPRO and the whispers are kept away from the person being smeared thus the clique tries to escape a true discussion of the facts and hide behind coy oblique attitudes. Nomitive is relating to or denoting. Oblique is any case other than the nominative. Those who are hostile and part of a smear campaign will show disdain but stop short of exposing to scrutiny the [false] reason the rental app, job app, etc., is being turned down.]

It is my goal (Mark Rich)to make the unconscious, conscious. [and the Covert illegal acts Overt acts of Conspiracy Against Rights]

The Hidden Evil's (my Mark Rich's book) genesis is obviously derived from known tactics such as: perpetual bogus

investigations, surveillance, rumor campaigns, noise, thefts, break-ins, staged accidents, framings, sabotage and vandalism, communications interference, blacklisting, citizen informants for gang stalking, poisoning, drugging, incarceration, and directed-energy weapons.

[I Edward Paul Donegan have also been evicted or banned from many locations (and sometimes battered) after and undercover operation very covertly picked a fight with me, denied doing so, and that covert group had their own allies surrounding the seen asserting I was initiating the fight in a mob may. Called the Office Mob a group working together will gang stalk a person working together but doing so covertly as a secretive clique.]

It is a historical fact that the US Government has officially targeted its civilian population on multiple occasions. Programs such as MKULTRA and Cointelpro can't be denied.

"The methods reportedly employed in these harassment campaigns," explained McKinney, "bear a striking resemblance to those attributed to [what is a dark web of very powerful and influentual figures who have the espionage and political office holding positions to order illegal acts often against whistle-blowers]

(Mark Rich continues in his book)

If policies are set at the top by the controlling elite, then it's understandable how destructive ones which appear to be positive can be filtered down to local and state governments.

Marrs explained: "If the top leadership of government and business is controlled ... then the activities of subservient agencies and divisions must be of little consequence. Government bureaucrats - honest and well-intentioned workers for the most part - simply follow orders and policies set by superiors."

Former FBI Agent Dan Smoot acknowledged this covert power structure in his 1962 book, The Invisible Government, when he wrote: "Somewhere at the top of the pyramid in the Invisible Government are a few sinister people." The Invisible Government that Smoot refers to uses the groups previously mentioned to carry out its policies.

According to authors Jim Marrs [who has written extensively on the JFK assasination and who book becane the bais of the movie JKF) and Ross, these organizations directly or indirectly control local, state, and federal law enforcement, as well as the courts, federal agencies, the UN, and NATO.

"The Rockefellers, Rothschilds, and a few others - numbering less than a dozen leaders of international finance are the real power behind the visible thrones of world government," added Professor Marrs. "No major policy is formulated without their input; no major plan of action is implemented without their specific 'go' signal."

I Edward Paul Donegan assert Criminal Harassment of me in a long running matter that is also tied to criminal harassment and "black" activities of illegal programs that have already assassinated journalists not relate and related to my book series; one person Jen Moore who along with myself and Tom Dunham had proof of a smear campaign of me and attacks upon me as an author trying to silence both her and myself about the world of Allen Dulles and how MKUTLRA story including the Donegan family (mine) is related to the Kennedy family assassination in 1963.

GANG STALKING VIGILANTISM RUN BY U.S. GOVERNMENT, SAYS EX-FBI OFFICIAL reads the post title on Rudy2s blog.

The ex-FBI official is Ted Gunderson mentioned earlier in this page and let’s first look at Ted Gunderson’s death.

In his 80s he said the United States Military was in an NWO overthrow plot and using Directed Energy Weapons on citizens, government officials, conducting poisonings, and other targeted killings on behalf of the NWO and he continued these assertions and writings until his death from Cancer, perhaps Cancer Type CIA-Havana Syndrome.

Rudy2: Former FBI official Ted Gunderson died of cancer on

July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or undesirables.

Ted Gunderson, 82, who has served as the *Special Agent in Charge*of the FBI's **Los Angeles, Memphis and Dallas FBI Field Offices**, has stated in a series of public speaking appearances that **he is now targeted by these same elements, and fears for his life and for the safety of his family**. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to silence him.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube, three years before cancer consumed him.

I and others have written about the FBI, CIA, NSA, and high ranking figures while simultaneously being attacked by a variety of illegal means often trying to covertly trip us up on some way while appearing not to do so.

Among the Ted Guderson works I admire and empathize with was his article on the FBI and CIA techniques used to covertly sabotage journalists who write about these figures and agencies including death threats from gunshots through office windows,

thugs giving threats, or thug attacks upon the authors of such works.

In addition to the names of my books and the poltical figures named in them are the cover images with these figures on the cover and my assertions the are engaged in agregiouis conspiracy against my rights, thke First Amendment, and the Republic of the USA as well.

As an example of a public figure I have included in my books and approaced the FBI in person about is Vince Stewart

I and Jen Moore and others asserted a conspiracy run out of the DIA and realted to the firing of General Flynn from Trump's cabinent by Mike Pence who I also consider a Globalist NWO Deep Stater.

Stewart was born in Kingston, Jamaica, on May 11, 1958. He attended Kingston College before immigrating to the United States in 1971 at age 13. He received his undergraduate degree in history in 1981 from Western Illinois University and was commissioned into the United States Marine Corps that same year.

Jamaica slowly gained increasing autonomy from the United Kingdom. In 1958 it became a province in the Federation of the West Indies, ***a federation of several of Britain's Caribbean colonies***.

Membership of the Federation proved to be divisive, however, and a referendum on the issue saw a slight majority voting to leave. After leaving the Federation, Jamaica attained full independence on 6 August 1962.

The new state retained, however, its membership in the Commonwealth of Nations (with the British monarch QEII as

Head of State) and adopted a Westminster-style parliamentary system. Bustamante, at the age of 78, became the country's first prime minister. Sir William Alexander Clarke Bustamante ONH GBE PC (born William Alexander Clarke; 24 February 1884 - 6 August 1977) was a Jamaican politician and labour leader, who, in 1962, became the first prime minister of Jamaica.

Most of my books focus on Government figures (JFK, RFK, Ted Gunderson, Jen Moore, William Cooper, William Colby, and others) who were victims of Government corruption and I as they write about that very same government.

Jen Moore asserted as I do that an illegal scheme smear me when a retarded and depraved version of myself using my identity "goes on the record" confession to horrific character attributes and actions quite tearfully.

Harassment by Entrapment (forcing conflicts in manipulated contentious environments)

I have stated the development of allegations regarding me were baseless but seized upon by those using theatrics.

Since my ankle would never go into a bear trap because I am not a bear the bear trap is instead moved around me leg. Staging events in places I am (and combing that with forged confessions) entraps me into seeming activities I am not guilty of.

Harassment by Bullying

Kicking sand in a person's face may not be random. The Bully my kick in a particular direction pushing the victim towards the water or elsewhere, in the case of the library, towards the exit as the substance and process of activities turn into conflicts blamed on the bullying victim.

Harassment by Retaliation (from Positions of Power)

Who should have been fired in the dispute? Anita Hill for being paranoid about a covert reference being made OR Clarence Thomas for an Time Place Manner inappropriate reference?

Forcing the victim of bullying to ward off the bully invites retaliation. A bully who who claims someone else s bar-stool is there own challenges for a fight over it. A person being a pest to another can claim the pestered person is intolerant or paranoid.

The Great Treason X, Pillory, Ted Gunderson Bio, Written By The Right Hand, Majic 12 and the Secret Government

The Government And Those Writing About It

Some terms defined are a good start.

The Government (FBI, CIA, NSA, US DOD and its officials)

When the CIA was created J. Edgar Hoover opposed it. The FBI was an espionage agency enacted by Congress to act world-wide for the same reasons and with the same methods the OSS and CIA utilized or would.

The Defense Intelligence Agency and Joint Chiefs of Staff OFfice of Special Operations before it are espionage agencies inside the military and since NDAA Fusion Centers and other removal of stove-piping now are seemless with most policing, fire, and other agencies it acts through under cover identities.

Office Holders

Those like George H.W. Bush who have been elected to or appointed to what are called political positions (elected or cabinet level agency heads appointed by an administration who will further platform goals, etc., have dual identies. In either their carreer role as politicians and office seekers or as office holders and wielders of the powers of the Government they are government officials.

Proprietary Interests and cover-identities

For the purposes of cover-identities so the CIA or FBI can conceal their role in politiccal or miliatary affaris around the world corporations and their exectutives are asked to provide information or cover stories (Legends) for CIA operatives who are studying or working in foreign locations.,

By the time George H. W. Bush founded his own company, Zapata Petroleum, it was not difficult to line up backers with long-standing ties to industrial espionage activities. The setup with Devine in the oil business provided Bush with a perfect cover to travel abroad and . . . identify potential CIA recruits among foreign nationals . . .

“Poppy” Bush’s own role with intelligence appears to date back as early as the Second World War, when he joined the Navy at age eighteen. On arrival at his training base in Norfolk, Virginia, in the fall of 1942, Bush was trained not only as a pilot of a torpedo bomber but also as a photographic officer, responsible for crucial, highly sensitive aerial surveillance . . .

After mastering the technique of operating the handheld K-20 aerial camera and film processing, Bush recruited and trained other pilots and crewmen. His own flight team became part bomber unit, part spy unit. GHW Bush and the JFK Hit

The Authors and Their Content

Colonoel Fletcher Prouty

Had believed from early on the CIA in its quest to rule the world and the USA had assasinated JFK. He worked from 1949 on and beyond (including mostly in Japan's post-WWII forward CIA airbase Japan) in overthrows at first through the Pentagon's Office of Special Operations and later the Defense Intelligence Agency on overtrhows and assasinaytions. I believe he and my father were close friends both from ATSUGI airbase and Massachussettes and both tied to the Kennedy's and the Gladio system of overthrows my father left the Catholic Chruch over "when his friedn was driven out of the church for poltical reasons." This was too early to be RFK and I think it was JFK.

Col Prouty could only get his articles like The Guns of Dallas published in adulat magazines that were looking for a reputation of worldliness as Playboy itself was reaching for.

Jim Garrison

A public figure who prosecuted Clay Shaw for the assasination of JFK and later wrote On The Trail of The Assasins and worked with Col Prouty with others telling the story of the events for a short time to a jury and much more time in media interviews and written works. He was framed by a criminal operation tied to gambling in Nevada and that may have been the CIA operation tied to Murder Inc., Chauncey Marvin Hold, Meyers Lansky, Ray Ryan,

Enrie Dunlieve and others were tied to.

Ted Gunderson

Ted Gunderson during his FBI carreer worked to stop the mafia figures RFK suspected in the death of his brother JFK and after his carreer Ted Gunderon (RFK was deceased by then) pursued the international global elite who hid under false identies like Satanists or other for illegal global NWO activities. Gunderson was formelly invovled (as Special Agent in charge or Racketeering and Organized Crime under RKF) and Los Angeles Special Agent in Charge) in the murders of Marilyn Monroe, JFK, and others and like William Colby beleived Franklin Nebraska activtiiveis were also CIA activities tied to world plots.

"Conspiracy of Silence" is a powerful, disturbing documentary revealing a nationwide child abuse and pedophilia ring that leads to the highest levels of government. Edward Paul Donegan

Like many others writing about the Kennedy assasinations and my theories of them based on my life history and research I have experienced the attacks Geral Sosbee had. I had to keep my very old PC (the only I would be after so many others were destroyed) in a locked broom closet with cement walls and a lock to protect it. I showed the landlord where the key was hidden above the door frame and

offered them a copy. On the outside deck and later inside through the ceiling of my apartment water dropped on top of it destroying one and almost destroying another. in addition to that a theft-break-in occurred and had death threats for what I was writing. Although I was able later to protect the PCs themselves (using small cub-sized portable PCs) my home office lease was finally sabotaged instead. After a period of time I got a laptop and was attacked and nearly blinded that. My eye did swell shut for a while. Other attempts on my PC and using of the library to write my books followed similar to what Geral Sosbee described.

Keep the children and the helpless at your feet. Look up to the flag. There are so few left. Jen Moore I thouht maybe Comey but I may have been wrong. In any case Jen Moore. I tried a few lawyers who said they stood up to the big guys. Nothing back so far from any source. Jen Moore did. This country may not be ours for now. I am trying to get out. Sometimes I use the term Dissident. That is because of my background in Sovietology. That often means criticizing a public official OR a system of governmhttpsent or is policies. But Whistle-blower is what Jen Moore and others use about The Cabal. Those like (in my opinion William Burns and others) tied into the illegal subversion of the US Government so the elite families linked to together in business fraterniality worldwide can abuse offices in the USA to eliminate their critics and cover the trail of an elite corrupt governing cabal that hides its attack on its critics.

I and her (who spoke about my family and the JFK assasination feared for and of illegal covert acts.

…

CULTURE OF DEATH A companion piece to the movie Executive Action noted that "in the three-year period which followed the murder of President Kennedy and Lee Harvey

Oswald, eighteen material witnesses died - six by gunfire, three in motor accidents, two by suicide, one from a slit throat, one from a karate chop to the neck, and five from natural causes." In fascinating testimony before the Church Committee in 1975, CIA operatives gave details of a program The Agency called TWEP - "Termination With Extreme Prejudice".

This program was designed to eliminate targets in such ways that could not be detected in a postmortem examination. According to CIA documents, bodies were to be left with "no hope of the cause of death being determined by the most complete autopsy and chemical examinations."

Continuing on, these documents detailed methods by which "bodies could be left in such circumstances to simulate accidental or suicidal death." Even scarier was the CIA practice of leaving "bodies with residue that simulate those caused by natural diseases." When mobbed-up Jack Ruby eliminated Lee Harvey Oswald, it alerted many people to the realization that a conspiracy may have been at work in the JFK assassination and the mob was protecting itself and its role in that conspiracy.

After all, it's common knowledge that the mafia has forever operated by the principle "*dead men tell no tales*."

What people didn't know then but would come to learn later was that the US government - the CIA in particular - operated by that very same principle.

Though so many suspicious deaths have never been proven beyond a reasonable doubt to be connected to the Kennedy assassination, nor has it ever been proven the government killed this witness and the mafia killed that one, anecdotally, the sheer numbers, suspicious nature, and timing of these deaths HAVE caused investigators and researchers to conclude somebody somewhere was in charge of protecting the cover story at all costs.

It's especially interesting how the deaths were grouped. Many

of the earliest deaths came during the Warren Commission investigation or just afterwards. More took place in the late 1960's when New Orleans District Attorney Jim Garrison was preparing for the Clay Shaw trial. Others occurred in the mid-seventies when the Senate Intelligence Committee - the aforementioned Church Committee - was nosing around, looking into assassinations carried out by US intelligence agencies.

And another group of suspicious deaths happened around 1977, just as the House Select Committee on Assassinations (1976) was beginning its work. Consider the following. Thirty-six witnesses involved in the Warren Commission investigation died between the years 1963 and 1966.

Twenty-four witnesses involved in the Jim Garrison inquiry in New Orleans died between the years 1967 and 1971. Seventeen witnesses involved in the Church Committee hearings died between the years 1972 and 1976. And twenty-six more witnesses involved in the House Select Committee on Assassinations (1976) investigation died between the years 1977 and 1984. If you're counting, that's 103 witnesses total.

Fifty-one of those deaths were by gunshot, mysterious accidents (such as a pedestrian being hit by a moving bus), karate chops, cut throats, axes to the head, drug overdoses, falls, suicides, hit-and-runs, plane and helicopter crashes, electrocution, heater explosions, stabbings, and arson. Thirty-four witnesses died from cancer, heart attacks or "unknown causes".

Considering the CIA's weaponizing of cancer cells and its documented use of techniques to leave "bodies with residue that simulate those caused by natural diseases", it's not a stretch to suspect those thirty-four witnesses’ deaths were the result of malfeasance too. All told, only eighteen of the 103 witnesses who died during that twenty-one year span died of natural causes.

The question is, when does coincidence end and conspiracy begin? Included in those 103 deaths was Gary Underhill (pictured), a CIA agent who claimed The Agency killed President Kennedy. After the assassination, he told his friend Charlene Fitsimmons, "*Oswald is a patsy. They set him up. It's too much. The bastards have done something outrageous. They've killed the President! I've been listening and hearing things. I couldn't believe they'd get away with it, but they did!*."

Underhill's subsequent death by gunshot to the head was ruled a suicide even though the right-handed agent Underhill was shot behind the left ear. Karen Kupcinet, a Chicago Sun Times columnist's daughter and aspiring actress who was overheard by an operator on a long-distance telephone call from Chicago to Los Angeles hysterically predicting JFK's death several days before it happened, was strangled to death. Jack Zangretti, a mob figure and manager of "The Red Lobster" in Lake Lugert, Oklahoma who told friends Lee Harvey Oswald would be killed at the hands of Jack Ruby, was found two weeks later floating in Lake Lugert with bullet holes in his chest. Lee Bowers, the railroad worker who claimed he witnessed men behind the picket fence on the Grassy Knoll before the shooting, was killed in a terrible automobile accident. William Pitzer, a JFK autopsy photographer who was found a few days after the assassination working on a 16-mm film, slides, and black and white photos of the Kennedy autopsy that showed an entry wound in the right frontal area with a corresponding exit wound in the lower rear of the skull, was found dead of a gunshot.

Like Gary Underhill, Pitzer's death was ruled a suicide even though the autopsy revealed THREE wounds to Pitzer's head, the paraffin test came back negative - indicating no nitrates on his right palm - and he left no suicide note. David Ferrie, Jim Garrison's star witness in the Clay Shaw trial, Oswald acquaintance, and intelligence asset, was found dead in his apartment of an apparent aneurysm.

Interestingly, TWO suicide notes were found on the scene the day AFTER he supposedly died of natural causes. One week before, the New Orleans States Item broke the story of Jim

Garrison's JFK investigation. Ferrie reportedly called a Garrison associate in the District Attorney's office and screamed at him, "You know what this news story does to me, don't you? I'm a dead man! From here one, believe me, I'm a dead man!" Less than seven days later, David Ferrie WAS indeed a very dead man. Dr. Mary Sherman, a Ferrie associate working with Oswald and Oswald's girlfriend on a cancer bioweapon for the CIA to be used in an attempt to assassinate Fidel Castro, was found dead in her apartment.

Dr. Sherman's badly burned and disfigured body was first thought to have been killed by a fire in her building until an autopsy revealed a gunshot wound to her head. Volumes of books could be written about the culture of death surrounding the JFK assassination. What began as a conspiracy to eliminate the President of the United States very quickly mushroomed into a conspiracy to eliminate any and all threats to the cover story. That is how innocent bystanders, unlucky eyewitnesses, and yes, even co-conspirators became targets. Eventually, they were all collateral damage in the biggest insurance racket of all time - keeping a tight lid on the truth about November 22, 1963.

The Dissident DeComposes - Tragedy falls upon those on the Enemies of the State List

Veronica Hoffman might have become a Dissident one day by saying she was part of a Covert Operation run by the CIA or FBI or NSA and in fact if she knew it or not that was part of very illegal Deep State connected activities.

I Edward Paul Donegan will list elsewhere all the signs of Terror Stalking were evident in the recorded history of her final days.

The term Zersetzung is generally translated into English as "decomposition", although it can be variously translated as

"decay", "corrosion", "undermining", "biodegradation", or "dissolution".

During its first decade of the German Democratic Republic's (East Germany's) existence, the SED under General Secretary Walter Ulbricht consolidated their rule by overtly combating political opposition, which it subdued primarily through the penal code by accusing them of incitement to war or of calls of boycott and processing them through the regular criminal judiciary.[1

The Stasi then applied Zersetzung before, during, after, or instead of incarcerating the targeted individual. The implementation of Zersetzung - euphemistically called Operativer rgang ("operational procedure") - generally did not aim to gather evidence against the target in order to initiate criminal proceedings. Rather, the Stasi considered Zersetzung as a separate measure to be used when official judiciary procedures were undesirable for political reasons, such as the international image of the GDR. However, in certain cases, the Stasi did attempt to entrap individuals, as for example in the case of Wolf Biermann: The Stasi set him up with minors, hoping that they could then pursue criminal charges.[40] The crimes targeted for such entrapment were non-political, such as drug possession, trafficking, theft, financial fraud, and rape.

Subtypes of Zersetzung

- **Lynch Mobs and Covert Blacklistings**: based on rumors created by dirty tricks and the circulated in an under-handed manner throughout the areas of life of the Dissident.

- **Incited Violence**: Seeking members of society during covert conversations to take the law into their own hands and act against the perceived threat the Dissident is based on rumors created about the Dissident.

- **Plausibly Deniable Roles in Acts of Extra-Judicial Violence Or Crimes**: Use of thugs to assassinate or break into homes or make death threats or harass a person who is disfavored by the state thus gets terrorist threats or burglaries from thugs that the police have an existing relationshiop with.

- **Poisonings**: Use of poisons.

- **Abuse of Psychiatry** - Accusing a person of paranoia about police operations when the police are operating under-cover

- **Inciting the Dissident**: Use of noxious elements to the Dissident that will pester the Dissident and perhaps provoke the Dissident to breach the peace AFTER the Dissident feels mocked or harassed or abused.

Jen Moore was attacked by thugs and warned not to talk by thugs and later was found dead but her online works remain and my books include them.

Jen Moore threw her life away it may seem. I don't think so she has helped me piece together many facts though I only found out about her after her death. She was found dead trying to defend the USA from the elite financially powerful CIA backed terrorists who in the NWO have massacred hundreds if not thousands mostly of rank-and-file USA patriots like Ted Gunderson and others.

This book the Great Treason was dedicated to her from day one of its beginning. Since then after Jen Moore no other Conspiracy Theorists have gained traction against the USA I have come to regard Tim McVeigh the only true savior and his patriotic death killing the mafia, international terrorist, race baitors organ traffickers (Stem cell Jen Moore said or other tissues?) that no one has been able to stop and likely includes

Epstein Island, the VI Brain Foundation, and the worlds most powerful that Cheryl Mills and David Rothkopf have written about.

What we are fighting (many deceased Roman Catholics who were CIA or FBI or US Government connected) is the Continuing battle in the New World against our old foe Subversion, Banana Republics, Robber Barons, Indirect Rule, and criminal cartels in control of Government who are British puppets.

The term "New World" is used to describe the majority of lands of Earth's Western Hemisphere, particularly the Americas.[1] The term gained prominence in the early 16th century during Europe's Age of Discovery, after Italian explorer Amerigo Vespucci published the Latin-language pamphlet Mundus Novus, presenting his conclusion that these lands (soon called Americas based on Amerigo's name) constitute a new continent. -Wikipedia

As Jen Moore said the "Elites" of the CIA often having names with a III on them or August 4 birthdays are part of the Brahim Secret Relationship of British Benefactor assistance. I assert Barrack Obama Jr. was one of these British Puppets likely viewed in 1962 at the Seattle World Expo the Windsors and Kennedy's were at I call House Windsor House Camelot mashup.

The plans are secret and run by the FBI and CIA. I think Sony Bono and many others were murdered by the CIA Wetdivision of secret keepers (some believe is the assignment given to Machen Jr., Holder, and Rod Rosenstien) to protect the most confidential secrets of the USA from ever being leaked.

What I am fighting against Mel Gibsion a Roman Catholic Australian has fought against (and he reports being GangStalked is Boston New World Patriotism. It is the challenge I have faced as the Native American mobs have attacked, the CIA backing the British have, and most crimes in the Declaration of Independence have occurred agaist me, my

home, and my family, and many others mostly sourced from London banks and families and their cohorts in the USA including the Bush, Cheney, Rockefeller, Nixon, Mueller, Barr, and other CIA FBI families from generation to generation.

Prizes of War are what the CIA does forming oil and other companies including large scale like Arnold Schwarzenegger or others own tied into the Deep State that operate as fronts for the CIA as does USAID, Peace Corps, East-West Center and others, not always in criminal activity but supporting subversion by allowed fake IDs, cover stories, access information about locations outside the USA, etc.,

The local gangs are used against Patriots as well as Gang activity is encouraged and incited by those trying to destabilize the area or certain people and the police will stand-down on orders from the Elites and allow the Gangs free reign for terrorist acts.

This has been reported by many other than Jen Moore and Ed Donegan. By Holt and Spooks, Hoods and the Hidden Elite, and the though in the hood on cover of The CIA and the Secret Team by Prouty. The desire to rule the world Prouty says (and Donegan has said for decades) uses Agency, those Agnets operating on behalf the CIA and its overthrow and subversion schemes while in disguise (undercover as normal employees but are really Agents in Place as my landlords have been who faked records and moved Assailants of me in as neighbors.

I believe the bombing of the federal building in Oklahoma City neutralized some of the most dangerous and heavily armed Cabal. It was the new Lexintpon and Kentucky despite not coming away wihit any arms.

George H.W. Bush became a CIA director and vice president because no one has shot the police responsible for JFK investigation to death.

I am a Patriot to as Gunderson, Moore and many others are.

Factual researches will continue to assess the CIA role in JFK and RFK deaths and those who "knew too much."

My books have been about improperly linking me to false allegations about my intelligence, character, and actions and I had planned (after many losing battles placing me in pscych wards and prisons) the change strategy.

In the past I had fought the frauds staged by parades and records I could see were false and calling them out and being called paranoid, bipolar, etc., including when I was radiologically attacked and had what a psych tech with military training said was radiation burns from about half my uppor thigh up to just below my belly button. I dropped trow there in the psych-ward in North Carolina as I was being admitted. Later on I was put in the rubber room. Since then I have seen similar burns on others and other books like mine showing what the USA is doing in GangStalks.

The change in strategy was to fight the false allegations whole-sale by not challenging aggressive contentious acts towards me and thus being arrested again for what seems like unprovoked acts I am taking towards others.

In answering the Jim Voccelcka question I started to find the fifty-percent that was still unknown to me utilizing the 30 percent I did know and the 20 percent contributed by others like Ted Gunderson, Gene Chip Tatum, Chauncey Holt, James Files, William Dakar, Groden, Penn Jones Jr., Mark Lane, and others.

What I have found in the answer that I find probable (the police agencies and individuals in criminal cartels silencing whistle-blowers and Conspiracy Theorists) has undergo worse the negation (falsification.) The reverse has happened and uniformed police, fire, and the Confidential Contentious Assailants trying to use diversion skirmishes stopping my work like hand grenade blast from the introduced into the scene I am in writing my book has occurred. A sapient sentient effort to

subvert me in part hoping to discredit me that credit may be theirs but more obviously that I am impeded from certain areas of research particular to me family that is a threat to State officials the very scenario (especially the CIA) that Jen Moore thought would lead to her death if she continued to talk. I too suspect the CIA but perhaps two thousand to three thousand of others in global milieu.

I am continuing to write but now believe the USA is beyond saving and subversion of me is too easily accomplished to continue my life any longer.

I get by as I can but I do hope to get out of the USA. I make no apologies for any belief I ever held. In fact I don't think there is any part of my character or existence that that not actually supported by federal and state legislation rather than in any way proscribed by it.

Like Snowden, Like Assange, and liked less, I will continue to be me and I hope be me somewhere else.

To support my Truther distrust of Gov theories I pledged these Jen Moore datapoints as deliverables

Yep, Jen was used imo, but she was doing a lot for victims of abuse. She said she would die if 'they' knew her info. But then ended up befriending another woman, who had previously been in intelligence. Jen also went to the FBI to report on the abuse of the young man she was helping. I do wonder what George's real play was in all this saga.

No one seems to want to discuss Seth. I do notice cameras in multiple locations inside the bar one pointed directly where he allegedly sat. At his first presidential debate with Clinton in September 2016, Trump added a number of other potential perpetrators, despite clear indications from the intelligence community that it was Russia. He even said it could have been a severely overweight American.

“I don’t think anybody knows it was Russia that broke into the DNC. She’s saying Russia, Russia, Russia, but I don’t - maybe it was,” Trump said. “I mean, it could be Russia, but it could also be China. It could also be lots of other people. It also could be somebody sitting on their bed that weighs 400 pounds, okay? You don’t know who broke into DNC.”

He said something similar in the second debate, just two days after the intelligence community issued a joint statement saying it was “confident” Russia was responsible. He expanded his doubts to suggest there wasn't any hacking.

“I notice, anytime anything wrong happens, they like to say

the Russians are - she doesn’t know if it’s the Russians doing the hacking,” Trump said of Clinton. “Maybe there is no hacking. But they always blame Russia. And the reason they blame Russia is because they think they’re trying to tarnish me with Russia.”

Even after his win and after the CIA concluded Russia aimed to help Trump in the election, Trump again cast doubt, putting “hackers” in quotation marks.

Perhaps one of the most telling moments, though, was in November when it was reported by the Intercept that Pompeo had met with a former intelligence officer named William Binney who had suggested the DNC hack might have in fact been an inside job - a leak from within the committee. Binney said the meeting was set up at Trump's request. By this time, the intelligence community had issued a lengthy report on Russia's interference in the election. This skepticism spun off at one point into the Seth Rich conspiracy theory, which was pushed with gusto for a while by Trump's cable-news ally, Sean Hannity.

Now the Justice Department has said, clearly and unequivocally, not just that Russia was behind the hacking, but that specific, named Russians were. Everyone is innocent until proven guilty, but these charges were brought after months of investigation and are detailed. They also confirm basically every consensus conclusion of the intelligence community.

Trump is fond of tossing out conspiracy theories, even if just to add a sliver of doubt. His supporters have embraced his conspiracy theories, especially when it comes to Mueller's investigation. In this case, it's clear he felt the idea that Russia was hacking and interfering with the election was aimed at undermining him.

Biography

Binney grew up in Reynoldsville, Pennsylvania and graduated with a Bachelor of Science degree in mathematics from the Pennsylvania State University in 1970. He said that he volunteered for the Army during the Vietnam era in order to select work that would interest him rather than be drafted and have no input. He was found to have strong aptitudes for mathematics, analysis, and code breaking,[7] and served from 1965 to 1969 in the Army Security Agency before going to the NSA in 1970.

Binney was a Russia specialist and worked in the operations side of intelligence, starting as an analyst and ending as a Technical Director prior to becoming a geopolitical world Technical Director. In the 1990s, he co-founded a unit on

automating signals intelligence with NSA research chief John Taggart.[8] Binney's NSA career culminated as Technical Leader for intelligence in 2001. He has expertise in intelligence analysis, traffic analysis, systems analysis, knowledge management, and mathematics (including set theory, number theory, and probability).[9][10]

After retiring from the NSA, he founded, together with fellow NSA whistleblower J. Kirk Wiebe, Entity Mapping, LLC, a private intelligence agency to market their analysis program to government agencies.[11]

In September 2002, he, along with J. Kirk Wiebe and Edward Loomis, asked the U.S. Defense Department Inspector General (DoD IG) to investigate the NSA for allegedly wasting "millions and millions of dollars" on Trailblazer, a system intended to analyze mass collection of data carried on communications networks such as the Internet. Binney had been one of the inventors of an alternative system, ThinThread, which was

shelved when Trailblazer was chosen instead. Binney has also been publicly critical of the NSA for spying on U.S. citizens, saying of its expanded surveillance after the September 11, 2001 attacks that "it's better than anything that the KGB, the Stasi, or the Gestapo and SS ever had"[12] as well as noting Trailblazer's ineffectiveness and unjustified high cost compared to the far less intrusive ThinThread.[13] He was furious that the NSA hadn't uncovered the 9/11 plot and stated that intercepts it had collected but not analyzed likely would have garnered timely attention with his leaner more focused system.[10]

Post-NSA career

After he left the NSA in 2001, Binney was one of several people investigated as part of an inquiry into a 2005 exposé by The New York Times on the agency's warrantless eavesdropping program.[14] Binney was cleared of wrongdoing after three interviews with FBI agents beginning in March 2007, but in early July 2007, in an unannounced early morning raid, a dozen agents armed with rifles appeared at his house, one of whom entered the bathroom and pointed his gun at Binney, who was taking a shower. The FBI confiscated a desktop computer, disks, and personal and business records.[15] The NSA revoked his security clearance, forcing him to close a business he ran with former colleagues at a loss of a reported $300,000 in annual income. The FBI raided the homes of Wiebe and Loomis, as well as House Intelligence Committee staffer Diane Roark, the same morning. Several months later the FBI raided the home of then still active NSA executive Thomas Andrews Drake who had also contacted DoD IG, but anonymously with confidentiality assured. The Assistant Inspector General, John Crane, in charge of the Whistleblower Program, suspecting his superiors provided confidential information to the United States Department of Justice (DOJ), challenged them, was eventually forced from his position, and subsequently himself became a public whistleblower. The punitive treatment of Binney, Drake, and the other whistleblowers also led Edward Snowden to go public with his revelations rather than report through the internal whistleblower program.[16] In 2012, Binney and his co-plaintiffs went to federal court to retrieve the confiscated items.

[17]

Allegations on intercepts

Binney is known for making the claim that the NSA collects and stores information about every U.S. communication.[18] Binney was invited as a witness by the NSA commission of the German Bundestag. On July 3, 2014 Der Spiegel wrote, he said that the NSA wanted to have information about everything. In Binney's view this is a totalitarian approach, which had previously been seen only in dictatorships.[19] Binney stated that the goal was to control people. Meanwhile, he said that it is possible in principle to monitor the whole population, abroad and in the U.S., which in his view contradicts the United States Constitution.[19]

In August 2014, Binney was among the signatories of an open letter by the group Veteran Intelligence Professionals for Sanity to German chancellor Angela Merkel in which they urged the Chancellor to be suspicious of U.S. intelligence regarding the alleged invasion by Russia in Eastern Ukraine.[20][21][22] In the open letter, the group said:

> [A]ccusations of a major Russian "invasion" of Ukraine appear not to be supported by reliable intelligence. Rather, the "intelligence" seems to be of the same dubious, politically "fixed" kind used 12 years ago to "justify" the U.S.-led attack on Iraq.[21]

Russian interference in the 2016 election

Further information: Russian interference in the 2016 United States elections and 2016 Democratic National Committee email leak

Binney has said he voted for Trump in the 2016 presidential election, calling Hillary Clinton a "war monger".[23]

Binney has asserted that the U.S. intelligence community's assessment that Russia interfered in the 2016 presidential election is false, and that the Democratic National Committee e-mails were leaked by an insider instead.[24][25][26] An

investigation by Duncan Campbell later detailed how Binney had been persuaded by a pro-Kremlin disinformant that the theft of the DNC emails was an inside job, and not the work of Russian agents (contrary to the findings of the US intelligence community).[27] The disinformation agent altered metadata in the files released by Guccifer 2.0 (whom the US intelligence community identifies as a Russian military intelligence operation) to make it appear as if the documents came from a computer in the Eastern United States, not Russia. (Specifically, the local time zone of the computer's system clock was changed to UTC−05:00.)[27] Binney appeared on Fox News at least ten times between September 2016 and November 2017 to promote this theory.[18][24][25] Binney said that the "intelligence community wasn't being honest here".[24] He has been a frequent guest on RT and Fox News and has been frequently cited on Breitbart News.[18] In October 2017, Binney met with CIA Director Mike Pompeo at the behest of President Trump to discuss his theory.[24] However, on meeting Campbell and analysing the material again, Binney changed his position: he said there was "no evidence to prove where the download/copy was done", and that the files he had based his previous assessment were "manipulated" and a "fabrication".[27]

Role in apparent release of the Nunes Memo

On January 23, 2018, Binney made an appearance on InfoWars[28] in connection with the Nunes memo, a Congressional document alleging irregularities in the application of the FISA Act, which at that time was not publicly available although its potential release was a topic of public debate.[29] During the show, host Alex Jones announced that Binney had been able to provide him with the actual memo, and the purported leaked document was shown on air.[30] However, this was in fact a public document that had been available on the website of the Office of the Director of National Intelligence since at least May 2017.[31][32] The actual Nunes memo was released February 2, 2018.[33]

Claims of fraud in the 2020 election

After Joe Biden won the 2020 United States presidential election and Donald Trump refused to concede, Binney doubted

the official results and claimed that there had been large-scale voter fraud. One of Binney's tweets alleging missing votes was based on a mistaken conflation between eligible voters and an outdated number of registered voters; this was cited in an article by The Gateway Pundit, which in turn was promoted by Trump.[34][35][36][37]

Documentary film

Binney's story is recounted in A Good American, a documentary film.[38]

> A tripwire in decision making is a predetermined signal or checkpoint that triggers a decision or course of action when certain conditions are met. Tripwires can help identify potential problems or opportunities early on, and can prompt people to revisit their decisions based on new information.

To trip me with children at my feet, blocking my walk towards the bathroom or printer, having mentally ill people near me become dangerous and unpredictable and hostile disturbances, all these are interpersonal trip-wires created for conflicts to emerge from. As a matter of substance each may lead to a conflict, as process that the conflict generation is occurring itself is a trip wire event to be resolved.

The purpose is after triggering a trip-wire with me was to pile-on to my response with an accusation against me and my conduct. Often the people used to trip-wire a person is a person the public trusts or has sympathy for and thus the pile-on to the victim of harrassment will be supported bg the public.

They want a fight. They need a fight. A fight of the type they have picked. And perhaps it is a fight against and Author or Witness to misconduct of police agencies. I believe myself Ed Donegan, William Cooper, Ted Gunderson, Jen Moore, Micheal Hastings, the Tsarnevs, Vernoic Hoffman, Micheal Hastings, and others were covertly stalked, sabotouged, experienced vehicular sabotage, break-ins, etc.,

For without the fight Stalkers who covertly pick and engineer fights, conduct thefts of computer systems or journalist's notes, (and in my case turn off power to the home, cut telecom wiring, alteer telecom wiring, sabotage telecom wiring over weeks and months) that will make the Stalkers and Government look good then what is left is the only fight they have left (and that is the real fight they are waging) is to drag an author from his home or library with no excuse whatsoever. Or barring that using lynch mob to drag a person from their office or home office or live-work space they had safe harbor to author materials in and publish them from.

In fact I believe that is how journalists and others who expose government corruption especially about the CIA and the US Presidency and the CIA controlling the Presidency and other offices are silenced. Some are dragged from their home. I was in San Francisco in hand cuffs when I sounded paranoid about things said near me. Information about the CIA, NSA, and Secret Service types who would shoot down a plane if I was on it. According to some Terror Stalks often use street people with fake badges in cartoon like roles and if people report those stalkers to the police the person making the report is considered bi-polar and placed in a mental ward that both discredits the person making the report and neutralizing that person in terms of being able to perform their jobs.

I do not believe (nor did Jen Moore who said witnesses are killed inside custody by the CIA) that if a person is arrested for a fight or in a conflict related to Stalking that person should think the Government wishes their release soon.

I am adopting a totally open life and belief system. I sent an email to Fetlife that anyone with DIRECT knowledge of me is free (by the posted privacy release) to communicate that honestly to anyone whatsoever. I offered up all social media account names to Denver FBI and wrote them they have full access per the document I volunteered and signed there. In a addition I stated and it is true I do not "clean" anthing from my computers or emails usually. The only time I did it is with my brother when I was embarrased of my treatment of him or I had

informatin that was derogatory about him and I did not want to be litigious. I total maybe three to five emails.

I am going to write a page about Tom Dunman is a Revaealor I learned much from him. But just to summarize here a Flying Monkey is a Bully, usually two workign together that fling TURDS of SPIN. Truth Unrestricted Revolting Dissinfration. SMEAR. The Covert flinging of it suggest no meaning was intended towards a person nearby and the information was not intended for them to hear as the Flying Monkeys flew by. In fact they MAY or MAY not know the turds they are flinging may have been packed up them already by those who created them.

Tom Dunham noted what I noticed. Bizare circumstances NOT believable at the scene they were stage at are carried out and reference to both the scene and a wrong interprestatipon of thje scene gets flung as turds. In addition to the Flyimg Monkeys while pretending to be on the phone are really talking to the person next to them who is not on the phone but DOES HEAR death threats being made, etc.,

The covert activities of Sabatoge if not effective in getting fights may incite others to fight if they belive the dissinformation. In addition poisons and other techniques are used to silence investigators of the government as are car crashes, etc.,

More and more now hold and report the same Conspiracy Theories that I do now and I am attempting to cross-corroobarte them all and btw the all seem to head toards JFK and regime change plans insoide and outside the USA as a Coup was pulled by the CIA and US DOD at Fort Bragg N.C. 1963.

I think my family is tied to that.

> …

The non-violence of my conception is a more active and more real fighting against wickedness than retaliation whose very nature is to increase wickedness. I contemplate a mental and, therefore, a moral opposition to immoralities. I seek entirely to blunt the edge of the tyrant's sword, not by putting up against it a sharper-edged weapon, but by disappointing his expectation that I would be offering physical resistance. The resistance of the should that I should offer instead would elude him. It would at first dazzle him, and at last compel recognition from him, which recognition would not humiliate him but would uplift him. It may be urged that this again is an ideal state. And so it is. The propositions from which I have drawn my arguments are as true as Euclid's definitions, which are none the less true because in practice we are unable to even draw Euclid's line on a blackboard. But even a geometrician finds it impossible to get on without bearing in mind Euclid's definitions. Nor may we...dispense with the fundamental propositions on which the doctrine of Satyagraha is based.

I admit that the strong will rob the weak and that it is sin to be weak. But this is said of the soul in man, not of the body. If it be said of the body, we could never be free from the sin of weakness. But the strength of soul can defy a whole world in arms against it. This strength is open to the weakest in body.

Nonviolence is the greatest force at the disposal of mankind. It is mightier than the mightiest weapon of destruction devised by the ingenuity of man. Destruction is not the law of the humans. Man lives freely by his readiness to die, if need be, at the hands of his brother, never by killing him. Every murder or other injury, no matter for what cause, committed or inflicted on another is a crime against humanity.

Nonviolence is like radium in its action. An

> infinitesimal quantity of it embedded in a malignant growth acts continuously, silently and ceaselessly till it has transformed the whole mass of the diseased tissue into a healthy one. Similarly, even a little of true nonviolence acts in a silent, subtle, unseen way and leavens the whole society.

After covert activities subverted my home in both Austin then Corpus Christi Texas I started using the library, Starbucks, and other locations to write in= while homeless. Fights are picked all the time and the Stalkers and managers of the locations lack the intellect, constitutional awareness, political cooth, or industrial sector competence to know to defend the first amendment and even have no qualms about CIA FBI and NSA progrmas of organ trafficking, etc., even when the black-budge Midnight Climax modeled illegal activities involved the murder of Jen Moore who along with myself showed the real reason for the illegal trafficking and money laundering operation.

"The Stasi applied Zersetzung before, during, after, or instead of incarcerating the targeted individual. The implementation of Zersetzung - euphemistically called Operativer Vorgang ("operational procedure") - generally did not aim to gather evidence against the target in order to initiate criminal proceedings. Rather, the Stasi considered Zersetzung as a separate measure to be used when official judiciary procedures were undesirable for political reasons, such as the international image of the GDR." With no real case against a person (often a dissident) one was fabricated on some other matter alleging

What do gang stalkers want?

Approval for their useless, unaccomplished lives; payment for their nefarious, criminal acts since they're too lazy and uneducated to find real employment; a sense of community from other low-life losers since decent people won't give them a second glance once their true nature is seen; acceptance from their criminal handlers, who pat them on their sad, ignorant heads in approval like the dogs they are. [In the case of Ed Donegan FBI openly brag about them being Stoic theorists while diminuinzing me as only interested in teenager blondes and not philosophy the have frequently taken from my unpublished written works I am now not able to write (mixture of law and philosophy Kronoos etc.k.]

They want to be seen without doing anything worth shining a light on. They want to harm innocent people because doing so makes them feel important, while lying to themselves that the people deserve it. They want to feel like they belong when they actually belong with those like them who fill the prisons.

They are feckless; have no marketable skills; are too stupid or lazy to pursue marketable skills; and they run after cheap praise from the criminals above them in the hierarchy of the government sponsored programs, like flies flock to steaming piles of shit falling from the assholes of horses.

$5 dollar a day losers and Organized Crime. Principles of Money Laundering. Start with the claim property of yours does not or did not belong to someone else. There was no prior art but the Stalker often will co-opt intellectual or other property from a Targeted person. In my case they acted like I had no

scene acumen from long ago and I made no claims to it either. While I did know operators of Fantasy Makers and other clubs personally at at times went to those locations for adult entertainment of leather coutre and go to high couter parties I would refer people to those locations and little more. I would refer males as clients and females as places they might work. Because I had a multi-dungeon home I lent it out to friends a a few dommes at a time just mostly to help them out and enjoy the scene connections. Added to the smear campaign of drug addicted border town losers (who claimed because clubs are sometimes in slums the slum occupants had run them) turned into a money laundering scheme. While asserting (they being violent gang members of skid row) they were providing to me they also claim the caught me with child porn and I had to (the dopple of me) had to pay into their protection services that protected skid row. I am made to seem a gullible who falls for the trick of skid row. Further I recommended Hairstyle and other music knowing nothing about it to diabetics needing high energy, the Skid Row wanted to be the coolest gym coach to pilatets hotties., They just wanted to up their prestige and income through adopting my former life while also proffering from me (through a double) an allegation of my misconduct they could sue me over funding their protection racket further.

Fbi hoodlums also engage in character assassination against Targets; so, MDs, DDS, Lawyers, neighbors, et al, do not care what happens to Targets. They are persona non grata everywhere. Abominable.

Briefly, while fbi tortures, murders, & forces suicide of innocent Targets, fbi engages in outrageous character assassination against same Targets.

Labella's Public and Federal Questions Answered By Authors

Obstacle from Vocabulary.com

Other forms: *obstacles*

When the road is blocked ahead of you, that blockage is an obstacle that keeps you from getting where you want to go.

The Latin word that is the source of the word obstacle combines parts that mean "to stand in the way of," so an obstacle is something that stands against what you want to do. In a dramatic piece, the obstacle is the person or thing that keeps a character from achieving his or her goal. This creates the conflict in a play: since conflict is what drama is all about, the obstacle is the source of all drama.

1. noun something immaterial that stands in the way and must be circumvented or surmounted. "*lack of imagination is an obstacle to one's advancement*" or "*the poverty of a district is an obstacle to good education*"

   Synonyms: *obstruction*

2. an obstruction that stands in the way (and must be removed or surmounted or circumvented)

- Vocabulary.com

The resultant fight with an obstruction is concluded as the liability of the person who was trying to clear an obstructive act of another when that others asserts equal or better right to the path than the person being obstructed.

Labella's Request

By letter dated January 11,2010, Labella submitted a FOIA request to the FBI seeking thirty-seven categories of documents relating to "the national phenomenon of gang stalking." (Id. ¶31.) The request defines "gang stalking" as follows:

Gang stalking involves groups of individuals ("gang stalking groups") operating territorially and nationwide, and, in communication and collusion with each other, to violate the civil rights of, and disrupt, destabilize and finally destroy individuals who are put on a Stalking List for various reasons. The gang stalking groups use both intensive physical and electronic surveillance means to do this .. . including], but not limited to: "street theatre," in which targets of gang stalking are subjected in public to rudeness, loud speaking and personal references to themselves and their private activities by persons within the gang stalking conspiracy; [and] related "Flashmobbing," or the coming together of an often large group of individuals in the gang stalking conspiracy to disrupt, intimidate, harass and otherwise confuse a gang stalking victim ....

Labella requested that the FBI search terms such as

- "targeted individual(s)"

- "targeted individual(s)"
- "publicly funded victims groups"
- "informants"
- "agents provocateur"
- "community stalking"
- "cause stalking"
- "school shooting"
- and "COINTELPRO" all as they relate to "gang stalking."

For the reasons set forth below, Defendants' motion for summary judgment is GRANTED and Labella's motion for summary judgment is DENIED.

Now here are some answers from many of who assert the illegal program is run by the FBI, CIA, NSA, US DOD, and other agencies and often public employees and assets they recruit.

The Cop denies any involvement. The undercover operation denies any wrongdoing. But they both instigating conflicts.

Ed Donegan (myself) and other authors I will cite and quote show that Zersetzung (pronounced [t͡sɛʁˈzɛt͡sʊŋ], German for "decomposition" and "disruption") was a psychological warfare technique used by the Ministry for State Security (Stasi) to repress political opponents in East Germany during the 1970s and 1980s is a system to covertly harrass and destroy the lives of people "targeted" by high ranking officials and further most of them are ordinary people driven into homelessness after carreers in medicine, law, history and teaching, or other connections the history of the US and its elite officials caused them to "know too much" and thus are covertly destroyed.

Street Theater

A general category of harassment, “street theater” can include some of the tactics described above and below, and simply refers to any sort of staged encounter with one or more perpetrators in public. Typically, both the comments and actions of the perpetrators are carefully scripted to resonate with the victim, but appear benign if captured on video or seen by witnesses.

Blocking/Cutting-Off/Invasion of Personal Space

One example of gang stalking “street theater” is to cut-off the victim - when he or she is walking, driving, or riding a bicycle. A related tactic is to crowd the victim by rudely invading his or her space or brushing against the person. Since this occasionally happens to everyone in the normal course of events, accounts by the victim will likely sound paranoid when described to others. Also, anyone nearby will be unlikely to notice - let alone understand that the action was deliberate.

This tactic was described - among other places - in some information posted in the late 1990's by a small group based in Canada called Spy & Counterspy - whose website indicated that they wanted to reveal tactics used by corrupt and repressive law enforcement agencies. This was part of the group’s self-description:

“We are located just across the border in Canada (nine miles outside the reach of the FBI, BATF, DEA, and other goon squads).”

The group - which claimed to have sources in the intelligence and law enforcement industry - reported that the FBI uses a tactic called “managed aggression” when they are trying to apply pressure to the subject of a surveillance operation.

This is their description of this psychological operations tactic:

Here is an example of how an FBI surveillance team will deliberately provoke you.

When you’re walking through a mall or a downtown shopping district, the surveillance team will intentionally interfere with your route. A pavement artist will “absent-mindedly” cross your path, forcing you to change course to avoid walking into him. A group of agents will “inadvertently” obstruct your path - they’ll

be standing together chatting, forcing you to walk around them. Other pavement artists will “accidentally” create near-misses as you walk along. Some of these “pedestrians” will create situations with a potential for a head-on collision, forcing you to dodge them.

As the psychological pressure continues to build, agents may “innocently” bump into you, jostle you, or step on your heel from behind. A group of pavement artists will cue up ahead of you, creating a line-up that delays you as you try to make a purchase, order fast food, buy tickets, and so on.

Activity like this can quickly create frustration, even anger, in you. But because the incidents occur in public locations, it’s difficult to prove who’s behind them. You never see any agent more than once. You don’t know where the next provocation is going to come from. You’re beginning to get upset, irritated, unstable. You’re more likely to make mistakes in judgment. And that’s exactly what the surveillance team wants.

…

There are other names for Pavement Artists. Shills, Con Artists, Confidence Men, etc., These teams will in Long Cons use a taken over real leasing office or staring a new fraudulent one will conduct fraudulent activities under that role. Often they are non-sequator about complaints and seemed skilled at doing so. I called out the wrong adddress used on my rental reciepts and the answer from the rental office was "I just did it that way. I know he did and that is what I accused hi of him and his answer was non-sequitor, it did not in the sequence of things explain or resole the issue.

Here a record was directly wrong and as so it indirectly (through itself rather than through me) tied to a different locations and possibly events at that other location.

Though clear in its meaning it was wrong. Also used though is vaugness.

Vague means hazy, uncertain, or imprecise. https://www.law.cornell.edu/wex/Vague

Acts of fraud often depend on vaugness as a cloak hoping an alibi of some non-nefarious meaing can coexist with the nefarious one. Stalkers often use death threats at the same time they appear to be on the phone, appear to be talking to someone other than you, or speaking to you but saying something vague like listen to this song but what about the song should be interesting? That part is left void. Harrassing explicit acts can be hid in vauge intent of the person doing the harrassing, the harasser can fall back on I meant something else, didn't meen who the action was taken by the listner, was not related to the listner (was just walking not as though I MEANT to walk next to you, in front of you, or follow you in a certain way. Pestering in vauge ways with allibis can be part fraud as well as other illegal acts.

In my case I both suspect and have attemted to prove a ring of opweratives are shakding down an impersonator of me and in support of that is the appearance I am vulnerable to being shaken down by vauge public scenes and facilitated by those will to use identity theft fraud and money laundering layers.

There are layers to this. In the first layer police investigate crines like human trafficking, exploitation of children, crimes against immigrants or the disadvantaged or vulnerable. That is a jurisdiction of the Department of Justice. Another jurisdiction is preemption of radicals and making the look like any of the type of suspect mat by smear campaign disrupt the radical by stigmatizing them. The final layer is the high ranking politicians including it seems those covering up the Kennedy assassination are using political preemption by smear campaign of those who are a political risk to those entrenched political figures.

Use Provocateurs who will traumatically be abusive to a

Targeted Individual with incite the Targeted Individual into a person deemd "aggressive" and a threat withing the jurisdiction of some agency. A fake tax red flag can cause a tax audit, a fake trafficking allegation can draw a DOJ operation in, and fake terrorism concern can bring preemption schemes in.

What is first needed is some flare-up over which the FBI, DOJ, DEA, or some other agency can act as though it has an interest.

Chimpanzees expand their territory by attacking and killing neighbours https://www.theguardian.com/science/2010/jun/21/chimpanzees-territory-killing-neighbours

A study has proved for the first time that groups of aggressive chimpanzees invade the territory of their neighbours in order to acquire more resources or mates

Anthropologists have long suspected that chimpanzees, humans' closest living relatives, kill neighbours for land, but they have lacked any hard evidence until now.

Sylvia Amsler, an anthropologist at the University of Arkansas at Little Rock and a member of the research team, said that the attacks usually occured when the chimpanzees were on routine boundary patrols in neighbouring teritory. In one attack that she witnessed, 27 adult and adolescent males and one adult female had been on patrol outside their territory for more than two hours when they surprised a small group of females from a nearby community.

Some people love instigating fights. Not me.

When they come towards you, should you punch them first or wait for their action?

If you don't hit first you can end up in ground and get stomped tho.

Always try to deescalate first, if possible before they get head to head. The monkey game has nothing to do with being hard or scared, its just stupid. If they force themselves into your space its only reasonable for you to assume they want to attack you, and take countermeasures. Its okay to protect your space before getting hurt. But keep in mind that revenge or law are a treat too, so make sure you are indeed in the right.

[Territorial boundary patrolling by chimpanzees is a striking example of group-level cooperation displayed by our closest primate relatives.] - NIH.GOV

If there is an opportunity to end an seemingly inevitable fight there is no reason not to take it.

…

"Bullies" will treat you like a "john" wanting exploited females, a terrorist, etc., and encourage others to treat you the same way. Their treating you as such and using a smear campaign to say you are one might draw you (a Targeted Individual) into the fight but my experience (Edward Paul Donegan) is that the bullies run in packs and also were sent by the police. It will look like you swinged, for no reason, and swinged first thus the blame is with you and the retaliation by the gang will possibly be lethal or backed by felony charges of assaulting the gang.

Stalking and bullying is best documented to prove the pattern but with seeming accidental contact only with stalkers then showing WHY they are stalking as well as that they ARE stalking is part of fighting back and that is what my and other

books are doing "why do they want a fight with me and to smear me? I still say because of the Kennedy Assassination and I am possible witness.

In most countries, under such circumstances, a serious investigation would have begun with the working hypothesis that the intelligence community in New Orleans had used Lee Oswald as an agent provocateur. At the outset his extravagantly high profile as a "supporter" of Fidel Castro would have been understood in that context.

However, it was plain from my reading that in the years since President Kennedy's murder, federal investigators never once had glanced in the most obvious directions. Similarly, the highest officers of the United States government appeared totally unaware of the concept of the *Agent Provocateur*.

By the time I returned home that day I realized I had some serious problems to resolve. The application of every reasonable model to the available evidence had left me with a troubling conclusion. That was the apparent possibility of a preexisting relationship between the man portrayed as the lone killer of President Kennedy and the intelligence community of the United States government.

Jim Garrison who worked closely with Mr. X who was Col Fletcher Prouty was aware of Psychological Warfare. An Agent Provocateur is a particular kind of Agent of Influence. Both may while not disclosing roles as intel community operatives acting under-cover seek to influence. The Agent of Influence may be a media figure using their own identity and that is called White Propaganda. Black Propaganda seems sourced from a camp being defamed. It could be how a member of that camp is made to look by appearances OR it could in infiltrator of the camp engaging a bad-act while in that camp.

Gang Stalkers make people look certain ways and by covertly picking fights they make people act certain ways. This is Black Propaganda subversion of people.

J. Edgar Hoover and others wanted not to look like Fidel Castro attempted the assassination. He (and others) did want it to look like a communist sympathizer did. LHO was not supposed to get the lucky shot off and did not. Someone else DID though and it was blamed on LHO.

What the far-right-wing Rockefeller Republicans got out of it was a hit on JFK blamed on Communist sympathizers and LBJ of Texas who was beholden to oil money and robber-barron military-industrial complex while JFK was not.

Judiciary Act of 1798 and Marbury V Madison

The Judiciary Act of 1798 created the framwwork of the US Constitution for the court system. The Courts were designed in legislation and populated with judges and magistrates - during the time George Washington and his more upper-crust party was in power.

[The case of Marbury v Madison in 1802 originated in early 1801 as part of the political rivalry between outgoing President John Adams and incoming President Thomas Jefferson.[3] Adams had lost the U.S. presidential election of 1800 to Jefferson. In March 1801, just two days before his term as president ended, Adams appointed several dozen Federalist Party supporters to new circuit judge and justice of the peace positions in an attempt to frustrate Jefferson and his supporters in the Democratic-Republican Party.[4] The outgoing U.S. Senate quickly confirmed Adams's appointments, but outgoing Secretary of State John Marshall was unable to deliver all of the new judges' commissions before Adams's departure and Jefferson's inauguration.[4]

> The common thread between Donegan, Gunderson, Sosbee, Labella and others (Jen Moore) is Organized Crime in public operating under-cover but under color of law that includes special opps activities like wire fraud, money laundering, murder and poisonings, midnight climax programs and humann trafficking, etc., often built on ***sham*** investigations or "black" (illegal) profiteering by the CIA, FBI, Secret Service or others and murders have cover-up whistle blower assertions about the activities. Many like me speculate how D-E-W is conducted but Havana Syndrome does exists even if

there are contradictory reports or the Russians are blamed for confirmed reports.

Ted Gunderson

In the late sixties and early seventies, more than a thousand political organizations were watchlisted. At least 10,000 American homes were burglarized by the FBI in illegal "black bag jobs" for the purpose of political intelligence gathering.

In 1971, only 1% of the paper collected by the FBI had anything to do with organized crime, and 2/3 was devoted to political monitoring and supression of political activities. The FBI carried out 500,000 investigations on so-called subversives from 1960 to 1974, without a single court conviction.- War on Drugs and Human Rights in Colombia -- COINTELPRO -- ECHELON https://archive.org/download/genoracketeering_202001/COINTELPRO.S.pdf

Let me introduce his remarks in support of Labella. Black Opps are special opps that are often criminal enterprises of drug trafficking, Midnight Climax drugs and prostitution research, gun running, sales or sales in prohiited commerce and identity theft or undercover operations, psychological warfare and smear campaigns poisonings, etc., to which Ted Gunderson, Geral Sosbee, Ed Doneagn and Jen Moore have been subjected to.

I (Ted Gunderson) have read the Complaint in the current action of Mr. Keith Labella against F.B.I. and D.O.J., It is my professional opinion, based on information, knowledge and belief that the information sought by Mr. Labella in this F.O.I.A suit regarding “gang stalking”, “gang stalking groups” and “gang stalking methods” reasonably describes an ongoing,

active, covert nationwide program that is in effect today, and, based on my investigations and experience, has been operational since at least the early 1980's. Since the 1980°s gang stalking has increased in scope, intensity and sophistication by adapting to new communications and surveillance technology. These programs are using the codenames Echelon Program, Carnivore System, and Tempest Systems.

I have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

This rogue element seeks personal power and wealth and considers themselves above the law and the Constitution. They are carrying out the aforementioned surveillance and harassment activities in conjunction with organized crime, the cult

movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups.

This illegal surveillance and harassment program is being called gang stalking and organized stalking by the victims targeted by it.

The victims are targeted for a variety of reasons including government and corporate whistle-blowers, parties to financial and employment disputes, parties to marital disputes (usually divorced women), and even jilted paramours. ***Journalists covering controversial issues***, and, even attorneys and private investigators representing unpopular clients or interests, have been targeted by this program.

Individuals targeted by this program have been subjected to illegal and unconstitutional phone taps, illegal re-routing of business and private phone calls for purposes of harassment, illegal audio "bugging", surreptitious entry into home, office, and vehicle, visual surveillance in the home conducted by illegal placement of miniature remote, wireless cameras (often accessible via internet), illegal internet spyware, illegal GPS tracking (often through their own mobile phones), regular fixed and mobile surveillance, mail misdirection, mail theft and tampering, financial and employment sabotage, slander campaigns and community ostracizing , internet disinformation and smear campaigns, poisoning, assaults and murder, illegal set-ups on ding charges and other felony charges, amongst many other civil rights abuses.

In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful ***members of criminal syndicates***, multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), ***petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program***.

Based on my professional experience, extensive intelligence information and belief, it is my professional opinion that the F.B.I is involved in and has investigative files on the subject of gang stalking, related gang stalking methods, and gang stalking groups in the F.B.I's vast intelligence files, that are responsive to Mr. Labella's F.O.ILA. Complaint. Furthermore, I have personally referred numerous victims of gang stalking to the appropriate agents at the F.B.I. for investigation of their cases. I have also furnished the F.B.I. with documentation of an active, international child kidnapping ring probably operated by rogue C.I.A. agents.

The F.B.I has ignored my requests to investigate even though it is their responsibility to investigate kidnappings. I have a contact in Germany who advises me that the C.I.A. has set up secret operations on U.S. military bases for the kidnapping, sale and trafficking of children worldwide. The FBI may be using a unique codename and nomenclature for the gang stalking phenomenon in its records. However, this is a semantic difference, and, in no way changes my professional opinion that the F.B.I. has investigative files on the nationwide phenomenon of gang stalking described in reasonable and specific detail in Mr. Labella's F.O.L A. Complaint.

These F.B.I. files contain information responsive to Mr. Labella's F.O.L.A. Complaint regarding the subject of gang stalking. The F.B.I. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking. The gang stalking phenomenon appears in the records of both the F.B.I. and the N.5.A. in their records pertaining to the Echelon Program, Carnivore System, and Tempest Systems.

In addition, the gang stalking phenomenon appears in the records of both the F.B.I. and the N.S.A. in their records pertaining to information collected by Narus systems. Narus is a wholly owned subsidiary of defense contractor Boeing that produces sophisticated, mass surveillance computer systems currently being used by both the F.B.I. and the N.S.A.

From fbi History Book:

fbi uses high technology & low minded thugs to destroy Targets, both mentally and physically [including Psychiatric Shock Troop acting under cover in in uniform of various public agencies and up to and including poionings]

This paper focuses on fbi high technology that is used in combination with fbi agents, operatives, thugs & assassins to terrorize and confuse fbi Targets such as I.

For at least 35 years the fbi in vendetta sends provocateurs to commit assault and battery on my person in efforts to obtain a criminal record on me. fbi fails.

However, the fbi does not stop their crimes against a Target. So, fbi has an additional method to terrorize Targets: Directed Energy Weapons (DEW) and Extremely Low Frequency Sound Waves (ELF) based in

deep space are values tools that fbi uses to drive their Targets to distraction.

As I have tried to expose fbi illegal and inhumane practices for the past 20 years, the fbi expands their assaults against me by tweaking the ELF assaults to cause deafness and to incapacitate me at times. Anytime I try to publish a report, the fbi sends thugs to assaults and often battery me in the library; also, fbi destroys my personal computers and I depend on public libraries for my access to computers)

In the excerpt below the fbi thug pretends that he is a third party observer, as he states in third person referring to me:

"They must think that he is planning an act of terrorism, or maybe he is getting ready to shoot up a school or theater. I think it is time to find out what the fbi knows about geral, and why he is such a danger to the public. He is obviously mentally incompetent, so maybe, just maybe another mass murder will be prevented by this surveillance."

fbi medical doctors also assist the fbi to portray the Target as psychotic.See M.D. Report: http://www.sosbeevfbi.com/part20-updatefor.html

Each time I try to explain to a doctor that I am under attack by DEW & ELF, the doctor scoffs at my report. Regarding the DEW and ELF attacks see: https://www.reddit.com/r/TargetedEnergyWeapons/comments/d8i346/brain_zapping_drowsiness_neuronal_entrainment_for/

Regarding two previous victims of fbi DEW & ELF assaults, see data on Myron May, Aaron Alexis

No Target of fbi torture by DEW/ELF/Psyops and related dirty tricks (like attempted murder) should be expected, nor required to explain himself. For my experiences at UT note that fbi & UTHSC make a false entry shown in the next link. Such a record reflects fbi manipulation of cops Wilson & Bleier during 10 year 'psyops' (psychological operations) against me https://images.app.goo.gl/aK38p9ZCiG2nuRPP8

All the while the fbi also manipulates the media:

"WASHINGTON (Reuters) - The FBI released surveillance video and photos of Navy Yard shooter Aaron Alexis on Wednesday and said he believed electromagnetic waves had been controlling him for months before the rampage that killed 12 people." Recently, the fbi sends an assassin to threaten me at the library; then, the library security guard is directed to harass me. See my letter below to the City Council in efforts to stop the harassment.

Dear Mayor and Council Members,

I am a former Special Agent with the fbi, turned whistleblower. Presently, at least one of your library employees and several guards are harassing me at the direction of the fbi. I reported the incidents which I consider harassment, stalking and threat by intimidation to the library, but the crimes against my person continue in the library unabated.

On January 7, 2020, I discreetly obtained a verbal admission from the security guard who stated that he was ordered by the library authority to pace back and forth near the study room (#7) for the entire time that I and my wife were working. This has been going on for about the past year; sometimes the stalker is a fbi

counterintelligence operative. In a similar case at UT library, UTHSC, Harlingen, Texas, I successfully prosecuted a library employee named Alonzo Yanez for Class C assault & battery of my person in the men's room (see http://www.sosbeevfbi.com/part19b-updatefo.html).

Also, the City Council of McAllen, Texas, stopped similar assaults on me in the public libraries there by their employees. I request that your esteemed offices might stop the crimes against me and my wife by your library employees and by Allegiant Protective Services. Please note that I am 74 years of age and I am under a doctor's care for coronary artery disease which could be fatal. The fbi has made several attempts on my life. Thank you for your consideration.

GERAL SOSBEE, xxx STREET, MISSION, TEXAS, 78572

Thus, I trust that the reader may suspend disbelief of reports of fbi's torture, false imprisonment, forced suicide and murder in order to join with Targets to stop fbi. The fbi must be dismantled and the people should be told all about the fbi atrocities that I and other Targets document.

Increasingly Media Accounts AFFIRM Ted Gunderson Assertions

> Official confirms what thousands of victims have long known: an evil U.S. shadow government is conducting a covert, taxpayer-funded genocidal purge of American society - while Congress and an apparently entrained Obama administration sleep.

Author's note: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or undesirables.

Ted Gunderson, 82, who has served as the special agent in charge of the FBI's Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that he is now targeted by these same elements, and fears for his life and for the safety of his family. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to silence him.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California-based private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official's comments represent the most compelling testimony to date indicating that "black operations" of the federal government are dedicated to waging a covert war of terror and persecution targeting

EXPLAINING ORGANIZED STALKING

Just because something isn't a lie doesn't mean that it isn't deceptive.

A liar knows that he is a liar, but one who speaks mere portions of truth in order to deceive is a craftsman of destruction [and distortions].

DEFINITIONS

Counterintelligence is the assessment and countering of threats posed by enemy subversion, espionage, and sabotage. Counterintelligence operations include covert surveillance (spying on the enemy), sabotage (disruption of the enemy's activities), and disinformation (efforts to deceive the enemy and - when it serves the objectives of the counterintelligence program - the public).

"Gang stalking" - also known as "organized stalking" - is a slang term for a set of tactics used in counterintelligence operations involving the covert surveillance and harassment of a targeted individual. The goal of such operations - in the parlance of counterintelligence personnel - is to "subvert" or "neutralize" an individual deemed by a government agency (or corporation) to be an enemy.

"Organized stalking" is probably a better term than "gang stalking" since it more accurately conveys the systematic nature of the crime, and it avoids creating the erroneous impression that the activity is connected with street gangs.

This much can be said in defense of the term "gang stalking" however:

it is accurate in the sense that the perpetrators -

federal and local law enforcement agencies and security-intelligence contractors - do often function in the manner of criminal gangs. Although they conduct their operations under the color of law, many of their activities have neither moral nor constitutional legitimacy.

That is true of all of the major perpetrators of organized stalking in the US: the FBI, local Law Enforcement Intelligence Units (LEIUs), security-intelligence contractors, and U.S. military counterintelligence agents. All of those groups - and other federal intelligence agencies such as the CIA and NSA - have histories of abusing their powers dating back to their inceptions.

HISTORY

Organized stalking methods were used extensively by communist East Germany's Stasi (state police) as a means of maintaining political control over its citizens. The Stasi referred to the tactics as "Zersetzung" (German for "decomposition" or "corrosion" - a reference to the intended psychological, social, and financial effects upon the victim).

Although they are illegal in the U.S., the same covert tactics are quietly used by America's local and federal law enforcement and intelligence agencies to suppress dissent, silence whistle-blowers, and get revenge against persons who have angered someone with connections to the public and private agencies involved.

Illegal counterintelligence operations have been perpetrated against Americans by urban police departments in the U.S. since the late 1800s. Traditionally, the groups of mostly-undercover police officers involved are called "red squads," although the modern official term is "Law Enforcement Intelligence

Units (LEIUs)."

The most well-documented example of such operations was the FBI's infamous Cointelpro (Counter-Intelligence Programs) under the direction of J. Edgar Hoover. Those operations ran from 1956 until 1971 when they were exposed by political activists who broke into an FBI office and obtained secret documents which they handed over to the press.

Cointelpro's official goal was to "expose, disrupt, misdirect, discredit, or otherwise neutralize" individuals and groups deemed to be subversive.

TACTICS

As the U.S. Senate's investigation of Cointelpro found, tactics used by the FBI included many of the methods associated with gang stalking, such as overt surveillance (stalking for psychological operations purposes). The agency even perpetrated crimes such as blackmail and assassinations.

Organized stalking methods include warrantless electronic surveillance, slander, blacklisting, and a variety of psychological operations. The latter presumably exploit findings from studies such as the notorious MK Ultra experiments conducted on American and Canadian citizens by the CIA, as well as the aforementioned psychological torture tactics refined by the Stasi. In fact, as explained in the overview below, former CIA analyst and expert on the history of U.S. spying, George O'Toole wrote about a connection between the CIA and the aforementioned LEIUs.

An organized stalking victim is systematically isolated and harassed in a manner intended to cause sustained emotional torment while creating the least-possible amount of evidence of stalking that would be visible to

others. The process is sometimes referred to as “no-touch torture.” Methods are specifically chosen for their lack of easily-captured objective evidence. Perpetrators use common annoyances such as constant noise by neighbors or rude comments and abusive behavior by strangers, but on a frequent ongoing long-term basis. The cumulative effects of relentless exposure to such tactics can amount to psychological torture for the victim.

Accomplices - such as neighbors, co-workers, and even friends or relatives of the victim in some cases - are recruited to participate (often unwittingly) by counterintelligence personnel using various means, such as by telling them that the target is a potential threat or that the target is the subject of an “investigation.”

A whole set of psychological operations are perpetrated against targeted individuals. These methods, described in detail in the overview below, include such things as threats, slander, vandalism, abusive phone calls, computer hacking, tormenting the victim with noise, and “mobbing” (orchestrated verbal harassment by strangers, neighbors, or co-workers).

Accounts by numerous victims of organized stalking share common specific details - suggesting that the perpetrators are following a well-tested and standardized playbook of methods that have proven to be easily kept off of the radar of potential witnesses and the mainstream news media.

NEWS REPORTS

Note: The following published news reports are discussed in more detail later in this overview, and accompanied by links to the original sources.

Although Edward Snowden’s revelations about the

National Security Agency (NSA) in 2013 and 2014 generated a great deal of public discussion about mass surveillance, U.S. domestic counterintelligence activities receive relatively little attention. This is so despite reports - such as those which follow - from sources across the political spectrum.

Published articles and anecdotal reports have appeared with increasing frequency - especially in the past decade or so - alleging that something comparable to the FBI's Cointelpro operations is still happening, although it naturally involves more advanced surveillance technology.

One of the first significant works of investigative journalism about U.S. domestic counterintelligence operations in the post-Cointelpro era appeared just 7 months after the U.S. Senate's "Church Committee" issued its final report about Cointelpro and MK Ultra.

Pulitzer Prize nominee George O'Toole, a novelist and historian who specialized in the history of American espionage, and who had worked for the CIA as an analyst, wrote an article titled "America's Secret Police Network." The article, which was published in the December 1976 issue of Penthouse, exposed a secretive quasi-governmental organization called the Association of Law Enforcement Intelligence Units (LEIU).

Although LEIUs - or "Red Squads" - have existed in America since the late 1800s, the private national network of such intelligence units that was quietly formed in the 1950s had remained - and still remains - mostly unknown to the general public. O'Toole described the group this way:

"The organization forms a vast network of intelligence units that exchange dossiers and conduct investigations on a reciprocal basis. Several of the police departments

belonging to the group have recently been caught in illegal wiretapping, burglary, and spying on the private lives of ordinary citizens. The LEIU is, in effect, a huge, private domestic-intelligence agency."

A New York Times article published in April 1979 reviewed a three-and-a-half-year study of the LEIU association by the American Friends Service Committee. The study described the LEIU as "an old-boy network" whose illegal surveillance "of groups and individuals for political purposes is continuing on a vast scale in the nation." According to the report, the widespread illegal spying posed "a grave threat to the constitutional rights of freedom of expression, due process and privacy."

A Los Angeles Times article published in September 1979 under the headline "***FBI Admits Spreading Lies About Jean Seberg" was the lead story on the paper's front page***. Seberg - a successful film actress and a political activist - had died the month before in Paris from an apparent suicide.

As the *Los Angeles Times* reported, Seberg had been the target of a systematic campaign by the FBI to slander her. She had also apparently been blacklisted and terrorized by the FBI using tactics associated with counterintelligence operations intended to neutralize political dissidents, such as **"black bag jobs," illegal wiretapping, and overt stalking.**

Labella Answered by Fighting Monarch

Method of "no touch" torture developed by the East German Secret Police, utilizing stalking & smear campaign harassment. Now being used by Federal agencies like the NSA, DOO, OOJ, Border Patrol, etc. to intimidate patriot whistleblowers AKA, gang stalking, proxy stalking, cause stalking, psychological abuse, falsified psychological attacks & smears, etc.

Corrupt Feds recreated it as "Gang Stalking" the War Against Whistleblowers

In the case of Ed DOnegan not only is it incestant harrasing of him with malicious abusive fradulent treatment of him it is also defrauding treatment of him including subjecting him to the durress of forcing words into his mouth of what he clearly does not mean to way while at the same time threatening to retaliate against him (and that is me) if he objects to the leading, incorrect, or intoned fraudulent statement.

I have talked extensively about the Mr Rumph an imperonator of Ed DOnegan who tries to hide the side of his head that has the scar on it fro a plate glass window cut on it (playing by the pool sliding doors Manhattan Beach California) and Mr Rumph a buttocks fetishist and exploiter of young females whose legs

can not fill out the sportswere they are in.

a Domina in Austin named Rene Trevi is one I approached online when I think she was in New York. I had asked her about her Russian background. Relations between nations and cultural affairs are quite complex and quite busy and trying as non-diplomat to communicate in the channel is limited in opportunity. I had asked her if she had any contacts in Russia and yes I was interested in some adult entertainment to and like accents.

She put out a nameless critique of a defective client who had contacted her. This "defective" person (in what she described in her Natural Law system of having to remove defective people as part of her study of evolution she described elsewhere) had never been to a domina before, was a mere pron addict, and didn't know how to speack to dominas, had never experienced any kind leather activity including never experienced any single tail whips, etc, that a part of many porn shoots and picture images. This loser was lying about anything he said but did get some lessons from her for a while.

I assert that in Nueces County a group of black and Hispanic gang members many not from the USA were facilitated by ARC of Northern Virginia to use my trust fund to get cultural and other lessons from high price models because it was Mr Rumph his FBI and CIA allies who wanted to get educated on the BDSM and Leather scenes at the same time as smearing me.

Treating me in diminuzing and fraudulent way as Mr Rumph is part of harrassimg me, and when I fight back I am arrested and thrown in pscyh-wards, etc., but use of abusive treatment of me is intended to produce the harm to me of arrest or eviction while providing the benefit to those defrauding me.

When this Mr Rumph does finally get an adult model and is interrogated he confesses to kidde porn, teen porn, and other non-consensual photography or "perving" of women near him and has to pay out or face arrest, a Pay Up or By Arrested con

operation by law enforcement extorting or blackmailing payments. The activities are similar but under different laws.

Police bulling of me with a Mock-up image of me not me gets me into a fight with them or their proxies.

My views on Natural Law Philosophy are distinctly non-christian and non-Christianity are a key element of them; not that they depend on Christianity but rather have a component of defense against it since Christianity is mechanism refuting Epistemic Naturalism.

If we were to read Christian literature it would tell us it all began with a single creation of a single race of mankind that occurred all at once. I believe in a sequential evolutionary theory that in a sequence of evolutionary steps racial traits were developed in different climates. This differences can characterized as large or small but most acknowledge they exist and I assert IQ variances do exist by region of evolutionary adaptations.

This was resented in the border town I moved into and I experienced what can only be described as border violence. Normally this would be easy to deal with except that this border violence was capitalized on by an opportunistic Deep State that was looking for allies against me and this group was a perfect choice for them.

All along my path in fighting Stalkers who engage in felony forms of violence against me with State backing I have searched for the reason the State would back these proxies of police who are engage in hostile treatment of me.

While my evolutionary views are subject to retaliation I have always suspected deeper motives and noted others with different views are Gang Stalked too.

"Do you wish to play a game? Setup a volleyball near a person on the beach. Repeatedly kick sand in his or her face. Pretend

nothing was being done on purpose. Be prepared to retaliate should the person confront a volleyball player. Have many witnesses and allies part of the parade that came in with the volleyball equipment and teams." The goal is to make it impossible to be on the beach or worse to impose a rigged fight onto a person and Ed Donegan suspects this is how his father James Paul Donegan died after he reported being stalked.

A site put up by a son of a free mason says "The scum in the deep state attack no matter what: they've been trying to take me out since birth. https://fightingmonarch.com/2018/02/12/about-me/ (https://fightingmonarch.com/2018/02/12/about-me/)" and I believe him.

He says "I have two books coming out, which tell the story of my targeting from 1969 to 1991." I Ed Donegan noted the Stalk of me began about 1977 or 1978 at least when I noticed it. A broken clock is right twice a day they and only then does it appear to accurately report the time. In fact it does not then either and moments of my life fabricated, faked, flukes, or real create something that is not true about me but may appear true to others. Those like me and others when Stalked point out the Stalkers are fully aware the smear campaign is inaccurate but bully for a fight over the unfair treatment rather than cease the smear campaign.

Some of Fighting [Project Monarch the successor program to MKULTRA] is pretty far out there including electronic brain interference or signaling, etc., but I Ed Donegan find a lot of overlap though differing opinions on matters such as the CIA torture and murder of Farrah Fawcett Majors.

Stalkers have *Animus Nocendi*. In jurisprudence, animus nocendi (from Latin animus 'mind', and noceo 'to harm') is the subjective state of mind of the perpetrator of a crime, with reference to the exact knowledge of illegal content of his behaviour, and of its possible consequences.

Cathy Meadows explains that Stalkers will assault but be covert about it and thus do not fear the illegality of their provocations and abusive activities.

One reason she states a person would be stalked is "*because of differences in religion, political beliefs, or lifestyle*" and/or "*because of jealousy, envy, or deep-seated insecurities on the part of the perpetrator.*"

I Edward Paul Donegan (after decades of being confused by Covert harassment that is seemed bizarrely disconnected from what is true about me) have come to believe that Self-Conscious high ranking officials have a Jelous Fear of me and I will break deconstruct those allegations into their underlying factual assertions.

I believe public officials knew even more than I did about the connection to my father's and mother's history of the JKF assassination, how big money and big power and the oil business in particular was able to fund and carry out RFK and JFK deaths and my existence and ongoing life and onngoing books about our world traveling experiences including during the Cold War to the USSR and world history was threat to the Deep State.

That self consciousness fear they had of me and my life story (like the feared Dorothy Hunt and they feared Lee Bowers Jr.)

lead to Jelous Fear of me. The Jelousy was that when I lowered my A1c from 13.3 in six months down to 4.7 and did it with fun 1960's music to stomping industrial or cyber-goth and good gym habbits of a good gym member the fear was I would become well connected in the D.C. area or elsewhere. I had selected a quiet gym called Arlington Sport and Health I had to walk further to sometimes in the snow because it was a low key gym of office worker types and I liked that environment.

The need to discredit me thus existed and now homeless and having harassment of my books and no contacts that can help me socially in the sense of saying I am credible person (it doesn't look that way) I am easy to ostracize and dismmiss.

The Jelousy was deeper than that. Religious Texas and the Salvation Army and others wanted to know about semantics, dialetics, political philosophers, punk and new wave, Born Free and old movies about Freedom Schools and Earthliness etc., so a socially and sexually retarded Texas could sell itself as the new Woodstock Summer of Love with hippy chicks looking to experiment.

Jen Moore said of my (and her) stalkers who were likely Anti White Hate trying to keep any white nationalism from the hippy scene that they were looking for (in my playlists) a fountain of youth for themselves that they could join the Summer of Love and follow experimental music treands, etc.,

In my book Pillory that focuses and the death of Robert F. Kennedy carried out by the CIA and US DOD I explain I am being pilloried by jealous people who wish to smear me in a vary abusive way. The full title is Pillory - Tools and fools of the USA for its criminal and misdirected illegal programs supported by the US Public and that support is why Snowden and others have had to (or in my case) try to defect. On the cover of Pillory is the statute that protects witnesses from illegal abuse.

In the Great Treason another book of mine focusing on the CIA assassination of JFK I explain I am a potential witness to

events from my fathers and mothers's lives and Jen Moore also stated (Jen Moore was assassinated in violation of the laws protesting witnesses and whistle-blowers.

The Press rejects and mocks in a carefull way any conspiracy theory about the death of JFK (or the September 11, 2001 terror strikes) in both cases in methodical ways days before the events.

Citizen journalists like myself are writing and self publish books with our own "unlicesed typewriters" the true history of the USA and CIA.

This chapter in the 2018 to 1926 timelines is a view of that in summary form with photographic evidence.

Cathy Meadows, Master's, Clinical Psychology Assisting targets of covert crimes for over 15 years

Targeting usually happens for a handful of reasons that include:

whistle-blowing

revenge and retaliation

for reasons of theft or financial gain

to cover something up

because of differences in religion, political beliefs, or lifestyle

because of jealousy, envy, or deep-seated insecurities on the part of the perpetrator

for experimental reasons

for political activism (animal rights, anti-corporate, and others.)

for leaving a bad marriage or domestic relationship

for calling out wrong-doing in any form

Methods of Organized Stalking

The methodology of the targeting is designed to cause confusion and fear in the target. These methods include one or more of the following:

- group stalking (stalking by groups of people while driving or walking)
- mobbing (invasion into your personal space by one or more stalkers)
- noise harassment
- sleep deprivation
- hacking and bugging of devices, vehicles, and homes
- drugging
- chemical/biological attacks
- sexual harassment

illegal entry into a victim’s home or vehicle

small but noticeable vandalism

Gang Stalks include CIA black budget criminal syndicates. These include Charles Harrelson and his orgies and CIA drug parties on his business card as an assasin, or various (there were many of them) funding the CIA assassination of JFK for gambling and other rights in Cuba, and other Murder Inc. ties of criminal cartels part of CIA workings.

In this case I am showing a money laundering and racketeering based human trafficking syndicate wherein Gonzales or others catch a predator (impersonating Ed Donegan) after Ed Donegan is made to look like a predator by dirty tricks and the identity theif as Ed Donegan will ask for conservators to pay into CIA slush funds to avoid arrest. All are drug parties with law enforcement (and even some church personnel) watching the domina cathing the predator as they move back and forth between the activities room and the observation room.

The Black Budget Report: https://www.bibliotecapleyades.net/exopolitica/esp_exopolitics_I_1ba.htm#abstract

An Independent Investigation of the CIA's 'Black Budget' and the Second Manhattan Project

Introduction

Each year the US Department of Defense (DoD) lists a number of single line items in its budget that have a program number such as 0605236F, code names like CLASSIC WIZARD or vague description such as "special evaluation program," that don't

refer to any weapons system known to the general public, Congressional officials or even defense analysts. These single line items are covers for the creation of a 'black budget' - a top secret slush fund set up by the DoD, with the approval of the US Congress, to apparently fund intelligence organizations such as the CIA as well as covert operations and classified weapons programs by the DoD. The 'black budget' allows intelligence activities, covert operations and classified weapons research to be conducted without Congressional oversight on the grounds that oversight would compromise the secrecy essential for the success of such 'black programs'.

These 'black programs' are typically classified as 'Special Access' or 'Controlled Access Programs' that have a security classification system more rigorous than the secret-top secret classifications for most government agencies, making such programs known only to those with a 'need to know'. This report seeks to unmask the size of the black budget and the covert world of 'deep black' projects it funds by investigating the mechanisms used to transfer money into the black budget'. Following the money trail and official efforts to keep secret the size of the black budget and how it is generated, provides the key pieces of a complex financial and national security jigsaw puzzle.

The 'black budget' funds a covert world of unaccountable intelligence activities, covert military/intelligence operations and classified weapons programs. The conventional view is that this covert world is funded by Congressional appropriations that authorize the DoD to use US Treasury funds for classified projects and intelligence activities that appear as vague items on the DoD budget. Subtracting the cost of known weapons systems and programs from the total DoD budget gives Congressional analysts a means of estimating the size and scope of operations of the covert world of 'black projects', without knowing their precise budgets or activities.

There is however compelling evidence that the covert world of black programs is primarily funded by a black budget created by the CIA rather than the DoD. Rather than being a beneficiary

of a Congressionally sanctioned DoD ‘black budget’, the CIA has its own ‘unofficial’ black budget that acts as a conduit for funds to be secretly siphoned into the various military intelligence agencies associated with both the CIA and the DoD for intelligence activities, covert operations and weapons research.

The CIA has the unique legal ability among all US government departments and agencies to generate funds through appropriations of other federal government agencies and other sources “without regard to any provisions of law” and without regard to the intent behind Congressional appropriations.

Allegations of links between the CIA and the drug trade first came to public attention in the 1970's when a number of public

officials came forward with evidence of such links. One of these was a former police officer in the Los Angeles Police Department (LAPD), Michael Ruppert. In 1977, as a result of his official investigation into the drug trade in Los Angeles, Rupert uncovered evidence that the CIA was playing an active role in bringing drugs into New Orleans and Los Angeles. When Rupert disclosed this information to his superiors in the LAPD, he became a target for surveillance, harassment and burglaries that eventually led to his resignation. [67]

Another key official is a retired Drug Enforcement Agency agent, Celerino Castillo III, who was the lead DEA agent in Guatemala and discovered that the CIA was involved in the drug trade to raise finances for its covert operations. In a written statement to the House Permanent Select Committee on Intelligence Castillo gave detailed information on a number of drug running operations that involved cooperation between the CIA and organized crime cartels. [68] Celerino claimed:

> The key to understanding the "crack cocaine" epidemic, which exploded on our streets in 1984, lies in understanding the effect of congressional oversight on covert operations. In this case the Boland amendment(s) of the era, while intending to restrict covert operations as intended by the will of the People, only served to encourage C.I.A., the military and elements of the national intelligence community to completely bypass the Congress and the Constitution in an eager and often used covert policy of funding prohibited operations with drug money. [69]

Another prominent official was Marine Colonel James Sebow, the third in command of the El Toro Airbase, California, who discovered evidence that C-130 cargo flights coming into the airbase from Central America were filled with drugs. Sebow communicated his finding to the base commander, Col Joseph

Underwood, and then found himself along with Col Underwood, subject to investigations for minor offenses, relieved of command and threatened with Court Martial if he did not cooperate with the investigation. On January 22, 1991, Sebow was found dead, apparently by suicide, but an investigation by family members and supporters revealed evidence that he in fact was murdered for what he had discovered.

On the day before his death, Sebow's widow recalled a conversation Sebow had with Col Underwood who had stopped by for a visit:

Underwood stopped by and repeatedly tried to talk Jimmy into accepting an early retirement to avoid a court-martial. Jimmy objected strongly. At this, Underwood became quite angry. Sally stated, "I have never seen such a vicious face as Joe's when Jimmy said he would not retire and would take the entire matter to a court-martial if necessary. Underwood jumped up and said, "You'll never go to a court-martial, and I mean never!" [71]

The events surrounding Sebow's death support allegations that he had uncovered a CIA supported drug running operation into the US, and was murdered to prevent this from being exposed.

In the July 12, 1985 personal notes of Oliver North, used by his legal defense during his various trials and Congressional hearings over his role in selling US weapons to Iran to fund the Nicaraguan Contras, North reported that at a meeting involving a number of NSC and CIA officials, $14 million was mentioned as the funds the Contra rebels would raise from the drug trade. [72] North's admission did not get serious press coverage despite the apparent confirmation that the CIA was complicit in the use of drugs as revenue for covert operations.[73] It can be inferred that North's efforts were an amateurish effort by an NSC 'basement team' to raise revenue for NSC covert operations that was modeled on a far more successful effort by the CIA to use revenue from the drug trade. The best known case of an

alleged link between the CIA and the drug trade emerged from the pioneering investigative journalism of Gary Webb in 1996 who published the “Dark Alliance” series in the San Jose Mercury during Summer 1996. [74] Webb presented a compelling case that the CIA played a role in allowing drug money to be used to fund the Contra rebels in Nicaragua. While Webb’s series was focused on the proceeds of drug activities going to the Contras, his conclusion that the CIA colluded in this endeavor supported broader allegations of the CIA using the drug trade to finance covert operations. Webb’s series of articles generated intense national interest until the pub lication of ‘independent’ investigation by the Washington Post on October 4, 1996, claimed there was insufficient evidence to support Webb’s allegations. [75]

The New York Times and Los Angeles Times followed up on October 20 with equally critical articles. [76] Criticisms began to mount and eventually led to the editors of the San Jose Mercury apologizing for ‘errors’ in Webb’s Dark Alliance series, and had Webb transferred to a less prominent news bureau. [77]

Webb resigned in disgust in November, 1997, ending a nineteen year career as a journalist. It was subsequently learned that one of the two writers of the Washington Post article, Walter Marcus was a CIA asset, suggesting that the Post had been co-opted into a covert campaign to undermine Webb’s work. The critical stories in the New York Times and Los Angeles Times relied on similar ‘unnamed sources’ to the Post article indicating that Webb had become a victim of a covert CIA operation through the ‘establishment’ newspapers to discredit his findings. [78] In January 1998, the Inspector General of the CIA released a report exonerating the CIA of any role in the drug trade. [79]

Having so far determined the existence of a black budget created by the CIA that circumvents Congressional intent on the use of appropriations of different federal departments and agencies, and/or involves laundering of funds possibly gained from organized crime and the drug trade, it is worth estimating

the size of the CIA's black budget and what it is used for.

The COINTELPRO Papers: Documents from the FBI's Secret Wars Against Dissent in the United States is a book by Ward Churchill and Jim Vander Wall, first published in 1990. It is a history of the FBI's COINTELPRO efforts to disrupt dissident political organizations within the United States, and reproduces many original FBI memos.

Publication

The COINTELPRO Papers is published by South End Press. The first edition was printed in 1990 with a foreword by John Trudell, a preface by Brian Glick, and a guide to the documents by Chip Berlet and Brian Glick. The book is dedicated to Fred Hampton and Mark Clark. South End Press produced the second edition in 2002, with a new preface, as part of their 'Classics Series'. With 560 pages, it has ISBN 0-89608-649-6 in hard cover, and ISBN 0-89608-648-8 in paperback.

Fred Hampton

In 1967, the Federal Bureau of Investigation (FBI) identified Hampton as a radical threat. It tried to subvert his activities in Chicago, sowing disinformation among black progressive groups and placing a

counterintelligence operative in the local Panthers organization. ***In December 1969, Hampton was drugged, then shot and killed in his bed during a predawn raid at his Chicago apartment by a tactical unit of the Cook County State's Attorney's Office***, who received aid from the Chicago Police Department and the FBI leading up to the attack. Law enforcement sprayed more than 100 gunshots throughout the apartment; the occupants fired once. During the raid, Panther Mark Clark was also killed and several others were seriously wounded. In January 1970, the Cook County Coroner held an inquest; the coroner's jury concluded that Hampton's and Clark's deaths were justifiable homicides.

My Labella Answered by Dr K and Edward Paul Donegan

The Citizen, the Worker, and the Bully by Edward Paul Donegan

The Citizen is in the State attempting to live life. The Worker is the Government Worker who says he or she works on behalf of the people in multiple functions including upholding the law. The Citizen is in a conflict with the Worker.

Who is the Terrorist? The Worker says the Citizen is. The Citizen says the Worker is. The Citizen or the Worker? Bullying of a Citizen by the Worker is a key part of how Gang Stalks work. Contentious, disgusting, and abusive treatment of the Citizen causes the Citizen to become radicalized, a Citizen who makes allegations or acts on his or her allegations about Government covert misconduct.

The radicalized Citizen is given little choice. As ETK points out the Worker will not acknowlege, remediate, or engage with talks about the misconduct, denying the miscoduct exists and accuses the Citizen of holding delusions.

The Worker (as the Bully) is successful because they recruit "roadblockers" to get in the way of the Citizen's most basic needs thus necessitating an emergent fight. I Ed Donegan have called it Extortion that those things I need like work-spaces in home or public places are attacked with fraudulent allegtions layered on top of my normal and necessary use of work spaces.

Eric Karlson will point out it is often those the Security

Sector fears who are bullied and that radicalizing a Citizen into a terrorist is the goal of the program.

What is Gang Stalking a Targeted Individual? Targeting of Individuals by the US Government for Subversion, attacks, etc.?

By Professor Eric Thor Karlstrom, Ph.D https://erickarlstrom.com/

An October 2013 article in Reason described the FBI as a "dangerous" domestic spy agency. The author, J.D. Tucille, explains not only how the FBI is able to mostly keep its agents from revealing the agency's crimes, but also why the abuses tend not to be investigated very aggressively by the press:

"Never hesitant about flexing its muscles to target dissenters and whistleblowers, the FBI ….is more dangerous than ever.

If you criticize a comedian, you will likely become the target of a joke. Similarly, when a reporter and editor at USA Today investigated and reported on the U.S. propaganda industry in 2012, they were anonymously slandered by those same contractors.

This was the opening paragraph of their first report that apparently did not go over well with the businesses they were exposing:

Harassment (a.k.a. “Subversion”) Tactics (ETKarlson)

In counterintelligence, to “subvert” or “neutralize” an enemy is to make it impossible for that enemy to go about his business. Gang stalkers seek to keep their victim in a constant state of agitation and hyper-vigilance so that he or she will find it almost impossible to function.

In essence, organized stalking tactics (and a national counterintelligence program which uses such tacics) could easily be exploited - and probably are - as a weapon against individuals who are disliked for any reason by someone who is either a member of the community of intelligence/security firms, law enforcement agencies, and intelligence agencies. Similarly, being a member of the FBI-corporate alliance called InfraGard (discussed in detail below) could create a perfect opportunity to have someone blacklisted.

A Simple Definition

Under Occupational Health and Safety laws, individuals are being flagged and placed on community notification lists. This is happening without the targets knowledge. In many countries these community notifications are being used by companies and others to target innocent individuals such as whistle-blowers, the outspoken, etc. In conjunction with these notifications, companies and others are in some cases using a practice that was used in the former soviet union called the psychiatric reprisal. This is used as a means of retaliation, blacklisting, silencing, or controlling members of society. Once on the notification system, warnings about the targets are sent out to every individual the target comes in contact with, thus

poisoning their associations, and socially annexing the targeted individual.

Gang Stalking is a systemic form of control, which seeks to destroy every aspect of a Targeted Individuals life. Once a target is flagged a notification is sent out to the community at large, and the target is followed around 24/7 by the various communities that they are in.

Target Selection

Gang stalking apparently targets American citizens deemed to be dissidents or whistle-blowers (and perhaps potential dissidents and whistle-blowers), although others might be targeted for other reasons - such as for experimental or training purposes. For perspective, it should be remembered that for two decades the CIA performed secret illegal experiments on U.S. and Canadian citizens (the infamous MK Ultra program). Those experiments included physical and psychological torture.

A lot of accounts by self-proclaimed targets of gang stalking suggest that people are often subjected to severe long-term harassment simply because they crossed someone connected with the agencies and security firms which perpetrate such operations.

An example of that type of abuse occurred in April 2012, when USA Today reported that one of its reporters and an editor were slandered by a secret disinformation campaign waged by an intelligence contractor firm to discredit them because the newspaper had investigated and reported on that contractor. The company involved conducted propaganda campaigns for the U.S. military. Similarly, in August 2013 it was reported that at least a dozen National Security Agency

(NSA) employees had used their surveillance system access to spy on their current and former spouses and partners.

Implications

In addition to being morally reprehensible, gang stalking - just like the original version of the FBI's Cointelpro operations - is illegal. It violates criminal laws in all fifty states against stalking, as well as grossly violating the U.S. Constitution's prohibitions against warrantless searches and extra-judicial punishment.

While the vast majority of Americans are never personally targeted by gang stalking, they should still be concerned about the existence of such operations. Even if such activities were constitutionally legitimate (clearly they are not), they would still have an enormous potential for abuse as a personal or political weapon by the practitioners.

Ending this cowardly and illegal practice by law enforcement agencies, intelligence agencies, and their parasitic corporate contractors will require exposing what is happening to the public. Anyone reading this can assist with that exposure by simply sharing this information with others.

The chief most position the Stalker operate from is position of power, gaining Government offices, and holding private business, operating detention facilities such that people are not transported to Due Process hearings, Identification are switched out, camera systems are turned off or Hospital IDs are NOT used and something ambiguous is, etc., and personnel of these institutions are recruits selected for duplicitous activities undermining their assigned jobs and procedures.

COINTELPRO (short for “Counterintelligence Program”) was the name of a secret illegal counterintelligence program run by the FBI from 1956 until it was exposed by civilian activists in 1971 and subsequently investigated by Congress.

The U.S. Senate’s Church Committee investigations in the mid-1970s found that under Cointelpro U.S. law enforcement personnel and their various government and private citizen and criminal accomplices systematically spied on, slandered, terrorized, and committed acts of violence (including murder) against American citizens deemed to be dissidents.

Gang stalking (also known as “organized stalking”) is the covert organized surveillance and harassment of a targeted individual by multiple perpetrators. The goal is to systematically isolate and harass the victim using tactics whose cumulative effects amount to psychological torture.

Organized stalking of a targeted individual employs methods used in counterintelligence operations - such as electronic and human surveillance, slander, disinformation, and a variety of intensive long-term psychological operations (“psyops”) methods. The Stasi - communist East Germany’s infamous secret police agency - monitored and terrorized citizens with the same tactics. They referred to the process of destroying targeted individuals as “zersetzung” which translates as “decomposition” or “corrosion.”

In a society as heavily-policed as America now is - a society whose National Security Agency is tracking everyone’s phone calls and Internet activity for example - it is inconceivable that tens of thousands or more cases of criminal stalking (as documented in the DOJ crime statistics) fail to appear on the radar of law enforcement and intelligence agencies.

Yet there is no mention of such crimes by the federal government anywhere except in those statistics.

The implication is inescapable: federal agencies are acquiescing in what is happening. Assuming the statistics are even roughly accurate, there is no other explanation; organized stalking (the monitoring and “disruption” of the activities of targeted individuals) is being perpetrated as part of a counterintelligence program.

And it is being done illegally - as it violates state laws (in every state) against stalking as well as the U.S. Constitution’s prohibitions against unreasonable searches and punishment without a trial. Stalking is also a violation of federal law (U.S. Code Title 18, Section 2261A).

Whistleblower Protection Act Exemptions- Agencies such as the FBI are exempt from the Whistleblower Protection Act.

Consequently, an agent who tries to reveal unethical behavior by the agency faces potentially serious legal consequences. Contractors of intelligence agencies are also not protected by the Whistleblower Protection Act.

Legal Restrictions on Witnesses Almost certainly, when an individual is targeted for subversion (“gang stalking”), the operation is portrayed to witnesses (neighbors, co-workers, etc.) as an “investigation.” In an investigation, law enforcement personnel can order witnesses to keep silent. For example, when the FBI issues an administrative subpoena called a “National Security Letter” the document has a gag order attached which prohibits the recipient from discussing it.

Tactics Which Create Minimal Evidence - Subversion tactics used by the FBI include many tactics from the

original version of Cointelpro, and some which were futher refined by East Germany's Stasi. For the most part, the tactics are all chosen because they are known to be effective forms of "no-5/18/23, 1:04 PM Appendix 20. What is Predatory COINTELPRO-MKULTRA Gang Stalking? with recommended reading - 9/11 New World Order https://911nwo.com/2023/01/04/what-is-gang-stalking/ 43/330 touch torture." The idea is to destroy the victim psychologically and socially and financially by forms of criminal harassment which create minimal objective evidence from the perspective of witnesses and courts.

Victims' accounts tend to be dismissed since their experiences sound like commonplace occurrences - because that is indeed what they are: strangers who are rude, neighbors who are noisy, businesses which deliver bad service, drivers who cut-off the victim in traffic, pedestrians who bump them as they walk by, etc. These are things which happen to everyone. But for gang stalking victims, these things happen constantly - which becomes a form of real psychological torture, the intensity of which must be experienced to comprehend. [may sound like rantings of a delusional or rantings someone with alleged issues being haunted by his own ghosts of a guilty conscious projecting onto others issues he has and they do not.]

Still, it can only make things easier for an agency such as the FBI to recruit vigilante citizen volunteers and to conduct illegal operations without detection when they are dealing with a society in which 64 percent of the public cannot name the three branches of their federal government and a fourth of the people do not even know that the earth revolves around the sun. (the was ETK beating Ed Donegan out to that same line)

In 2008 the U.S. Department of Justice guidelines which govern FBI investigations were changed to create a new category of investigation called "assessments."

These investigations can be initiated with no evidence that any criminal activity has occurred, and the investigations can involve such intrusive measures as physical surveillance, recruitment of criminal informants, interviewing associates of the person being investigated and deploying undercover FBI agents.

The FBI's internal rules were further relaxed in 2011 so that - without even opening an assessment - agents can begin searching commercial databases for information about the individual being investigated, and search through the subject's trash. {I Ed Donegan have sat in Laundromats and watched children's clothes be placed into my laundry by on person or party then taken about be a differenct group, commonly gay females. This was particularly tue on my motorcycle trip as I tried to comprehend some scenario that made any sense under though now I believe they are using some kind of bounty hunter system to say I have been caught at soemthing.]

Exploiting a Government Program as a Private Weapon
The potential for abuse of power by members of private intelligence corporations and government agencies in all of this is enormous.

Here is an example of such abuse which was reported in the news media - partly because it was directed at members of the news media. One of the counterintelligence tactics which the federal government hires intelligence contractors to perform is spreading disinformation. Most Americans would probably be surprised to learn that systematically spreading lies is even a government contractor job which their taxes are funding, but they underestimate - despite President Eisenhower's famous warning - the extent to which the U.S. government's defense budget has become a pig trough for shady contractors.

If you criticize a comedian, you will likely become the target of a joke. Similarly, when a reporter and editor at USA Today investigated and reported on the U.S. propaganda industry in 2012, they were anonymously slandered by those same contractors.

This was the opening paragraph of their first report that apparently did not go over well with the businesses they were exposing:

> " As the Pentagon has sought to sell wars in Iraq and Afghanistan to often-hostile populations there, it has spent hundreds of millions of dollars on poorly tracked marketing and propaganda campaigns that military leaders like to call "information operations," the modern equivalent of psychological warfare."

As a result of their reporting, this is what happened: "Fake Twitter and Facebook accounts have been created in their names, along with a Wikipedia entry and dozens of message board postings and blog comments. Websites were registered in their names …."

" …Internet domain registries show the website TomVandenBrook.com was created Jan. 7 - just days after Pentagon reporter Tom Vanden Brook first contacted Pentagon contractors involved in the program. Two weeks after his editor Ray Locker's byline appeared on a story, someone created a similar site, RayLocker.com, through the same company."

The article notes that a proxy service was used to hide the identity of the owner of the websites, and a third website was registered to a non-existent address.

Slander is just one of the tactics used in organized stalking by counterintelligence operations. Any or all of the tactics - which are described in detail in a section of this overview - could be used as a weapon by people in the business.

In theory, an organized stalking operation against an individual could be initiated by anyone familiar with the tactics who has associates willing to participate. Perpetrators with financial resources could easily employ private investigators, for example, and others with relevant technical skills to wage a sophisticated operation against someone for revenge or intimidation.

In a tactic called “baiting” a surveillance operation can selectively capture evidence of a targeted person responding to harassment. That evidence could then be used to justify the initiation of more formal scrutiny by a government agency. (Radicalizing a person against their government, soliciting and noting anti-government beliefs held by a person being bullied.)

The Threat to American Democracy Posed by the Spying Industry “In the councils of government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the military industrial complex.” - President Dwight D. Eisenhower

Even Eisenhower was corrupted by the kind of power he warned against. As President, he authorized CIA-backed coups in Iran and Guatemala. In Iran, a democraticallyelected prime minister was overthrown by the CIA (and its British counterpart MI6), and replaced by a monarchy. The CIA also trained the repressive police force used to maintain the dictatorship. Similarly, in Guatemala, the CIA overthrew a democraticallyelected president and installed a military dictatorship. In both cases, the motives were corporate greed and the desire for U.S. government

hegemony.

In addition to the extreme violations of the Constitutional and state rights of the particular individuals targeted for organized stalking, the current counterintelligence program poses a threat to democracy itself, since it can be used against anyone who dares to question the legitimacy of the government's authority.

The FBI's original COINTELPRO operations were illegal and disturbing abuses of power; the modern version is similarly corrupt, and it is supported by the now-vast network of powerful secretive agencies and contractors armed with much more powerful technology.

Political support for a Stasi Big Brother police state in the U.S. is partly rooted in hawkish views about law enforcement and anti-terrorism strategy, but it is mostly rooted in greed. There will always be a long line of contractors seeking to cash-in. They all want to be IG Farben (sort of the gold standard of war pigs).

Tom Engelhardt, who teaches at the Graduate School of Journalism at the University of California, Berkeley, described the expansion of the national security complex this way: "It has essentially merged with a set of crony outfits that now do a significant part of its work. It has hired private contractors by the tens of thousands, creating corporate spies, corporate analysts, corporate mercenaries, corporate builders, and corporate providers for a structure that is increasingly becoming the profit-center of a state within a state."

Job Ads for Gang Stalkers? On August 21, 2013 Drudge Report linked to a brief article posted the day before on InfoWars about a job announcement posted in San Diego. The job - advertised on Craigslist - was for a part-time position with an intelligence/security contractor firm as a “Surveillance Role Player.”

Deep State To understand organized stalking, it is necessary to understand the power structure which sanctions it. Gang stalking is a weapon for people with connections to the government’s intelligence and law enforcement agencies, and their contractors. The fact that counterintelligence subversion could theoretically be used against someone who poses an actual threat to society presumably makes it easy to rationalize the existence of such a program - for example, within the Justice Department. Since such operations are covert, they are subject to no real oversight. Outsourcing most of the work to the now-vast industry of private contractor firms (who in turn, can delegate the operations), creates plausible deniability for those at the top of the food chain.

Though it’s a bedrock American principle that citizens can steer their own government by electing new officials, Glennon suggests that in practice, much of our government no longer works that way. In a new book,

“National Security and Double Government,” he catalogs the ways that the defense and national security apparatus is effectively selfgoverning, with virtually no accountability, transparency, or checks and balances of any kind. He uses the term “double government”: There’s the one we elect, and then there’s the one behind it, steering huge swaths of policy almost unchecked.

Victims of organized stalking can only speculate about the exact nature of the shadowy network of perpetrators arrayed against them.

That speculation is made more difficult by the fact that the people who are overtly and covertly watching them and perpetrating various acts of harassment are of different classes of perpetrators with different motivations and have different connections (and often no connection) to the victim. For example, the street-level perpetrator (“perp” as cops say) is typically someone who appears to be a rough-looking homeless or near-homeless ex-con type.

Their interactions with the target require no technical skills; the perp is just following some simple instruction - for example, to bump into the victim, or to make some specific creepy comment, or to harass the victim at his or her residence by making various noises.

Such participants in the stalking of course would not be told anything about who they are ultimately working for; in some cases perhaps they are simply paid a small sum of cash by a person who approached them on the street to perform a single act of harassment. In other cases, they might be ex-con’s who have been recruited/coerced/paid to function - technically - as “criminal informants.”

At a slightly higher level in the stalker food-chain

(among those who interact with the victims) are people who appear more clean-cut and are often carrying a cell phone - presumably to communicate with their handlers.

The agencies, corporations, & individuals involved in organized stalking Historically, counterintelligence crimes against Americans in the U.S. have been perpetrated by three main entities: (1) “red squads” (Law Enforcement Intelligence Units of local police departments), (2) Private Intelligence-security firms such as Pinkerton (now Securitas), and (3) the FBI.

Crimes Perpetrated Under Authority of the

Law enforcement agencies in America make extensive use of criminal informants in thei investigations, and in many cases authorize criminals to commit crimes when an agency believes it furthers its goals, as reported for example in this August 2013 article in USA Today.

“The FBI gave its informants permission to break the law at least 5,658 times in a single year, according to newly-disclosed documents that sho just how often the nation’s top law enforcement agency enlists criminals to help it battle crime.”

The FBI report from 2011 which USA Today obtained via the Freedom of Information Act does not reveal the nature of the crimes:

“The report does not spell out what types of crimes its agents authorized, or how serious they were. It also did not include any information about crimes the bureau’s sources were known to have committed without the government’s permission.”

A document released in December 2013 showed that informant crimes authorized by the FBI increased

another 5 percent in 2012 to 5,939 crimes.

Sometimes the FBI uses cops to perpetrate crimes too. During the original Cointelpro era, for example, they arranged for police to assassinate two young members of the Black Power movement. On December 4, 1969 in Chicago 14 police officers raided a apartment and killed two members of the Black Panther Party - Fred Hampton and Mark Clark - while they were sleeping.

Noam Chomsky in an interview on Democracy Now! in February 2011 noted that the assassination barely showed up on the radar of the American public:

" …one of the events was a straight Gestapo-style assassination of two black organizers, Fred Hampton and Mark Clark, literally. I mean, the FBI set up the assassination. The Chicago police actually carried it out, broke into the apartment at 4:00 in the morning and murdered them. Fake information that came from the FBI about arms stores and so on. There was almost nothing about it. In fact, the information about this, remarkably, was released at about the same time as Watergate. I mean, as compared with this, Watergate was a tea party. There was nothing, you know?"

Illegal Spying by the FBI

Of course, the most well-known and well-documented crimes by the FBI occurred during the COINTELPRO era, and I devote an entire section to that later in this overview. I will just point out here that despite the extreme secrecy in which the agency operates, evidence continues to emerge of ongoing criminality. No doubt these reports represent the tip of an iceberg.

A report released in January 2011 by the non-profit watchdog group Electronic Frontier Foundation (EFF) revealed documents obtained under the Freedom of

Information Act (FOIA), which suggested widespread civil rights violations in FBI investigations.

Labella Answered By Ed Theory Of Dzhokhar Tsarnaev Mind

I am a Psycho. My parents and others had me tested. Psychosis is a personality disorder that has clinically measurable behavioral impact that adversely affects a person's life and is not beneficial.

Borderline Personality Disorder (volatile emotions) are such a pschosis. Though (as John Decamp and Ted Gunderson hired psyciatrists and those workign on the case of Ed Donegan such as Glorian Donegan stated to Dr Carney and others I was never delusional in terms of reality but excitable and having volatile emotions including at times intense anger.

I believe provocateurs acting as the Righteous but Wrong. righteous stresses guiltlessness or blamelessness and often suggests the sanctimonious. Doing that while being wrong begs for correction of that sanctimony. People Stalking me want a fight and are trying to get it. I think the same was true of the Stalkers of the Tsarnev's. In both cases this may help mask the JFK assassination in the case of the Boston Bombing the lack of focus on the JFK library and in my case the connection with Prouty and the James and Glorian Donegan story could be interrupted if I am in prison or a psych ward again but how could that happen?

Zersetzung is the way State officials with no case against a person soon do have a case agasint a person after a situation like library usage or internet cafe usage is made unstable with abusive activities that are not remediated by those in power; rather, from a position of power mockery and abusiveness continuing begging hot headed arguments because adminisgtragive review of the abusive conduct is denied or rigged to fail.

Many deaths surround the arrest of the Dzhokhar Tsarneve

and questions about whether he was programmed to attack as a Russian immmigree Muslim exist and I believe I am being programmed to through a punch as an Alt-Right threat.

I have for decades tried to explain improper assaaultive conduct against me, first as that motive existe in sociology and later in my family line being tied to the JFK assassination and now I think that is the deeper reason I am being stalked.

Dzhokhae Tsarnaev identification photo released

Dzhokhar Anzorovich Tsarnaev (born July 22, 1993) is an American terrorist of Chechen and Avar descent who was convicted of perpetrating the Boston Marathon bombing. Dzhokhar and his older brother, Tamerlan Tsarnaev, planted pressure cooker bombs near the finish line of the race, killing four people and injuring 264 others.

I don't know if this means anything. It is in my books.

In 1857, the Waltham Model 1857 watch was produced by the American Watch Company in the city of Waltham, Massachusetts. In the late 19th and early 20th century, Waltham was home to the brass era automobile manufacturer Metz, where the first production motorcycle in the U.S. was built.

Another first in Waltham industrial history involves the method to mass-produce the magnetron tube, invented by Percy Spencer at Raytheon. During World War II, the magnetron tube technology was applied to radar. Later, magnetron tubes were used as components in microwave ovens.

These things in my book and the books of others as suspicious

The FBI's Special Agent Christopher Lorek and Special Agent Stephen Shaw, who arrested Dzhokhar, were mysteriously killed on May 17, 2013. In a case of strange timing, during what is presented as a freak accident, the two FBI agents

where killed during a training mission when they were reported to have fallen out of their helicopter off the Atlantic coast of Virginia. Officially, bad weather was reported to be the cause of their deaths.*

On May 22, 2013, a third person of interest in the[Waltham] murders, Ibragim Todashev, was fatally shot by an FBI agent in a Florida apartment while being interviewed in connection with the Boston marathon bombings and the Waltham homicides. Todashev, a 27-year-old Chechen native and former mixed martial arts fighter, knew Tamerlan Tsarnaev and was friendly with one of the Waltham victims when he lived in Allston, Massachusetts. During the interview, Todashev began writing a formal statement implicating both himself and Tsarnaev in the Waltham murders, but before signing the confession, he violently attacked an FBI agent who fired in self-defense, killing him. *

What made Todashev's shooting national news in May was what he reportedly told interrogators before he was shot. In a court filing in Boston in October, federal prosecutors stated that Todashev had implicated Tsarnaev in previous crimes - specifically the gruesome, unsolved murders of three men in Waltham nearly two years before the marathon bombing. If what Todashev was saying was true, that made him a witness to the slayings - apparently the **only witness.**

On the day of the shooting the FBI made a terse statement that Todashev initiated a "violent confrontation." But the FBI has not yet issued a report on whether the use of deadly force was justified. And though FBI Director James Comey told reporters on Jan. 9 that he was "eager" to see the report released, the bureau has shown no sense of urgency to release any details of what happened, despite widely conflicting news accounts of the shooting, based on anonymous federal sources, and accusations by Todashev's family that he was murdered. Citing its ongoing investigation, the FBI even ordered the Florida state medical examiner to seal the autopsy report, which was ready for release in July.

Cointelpro was an FBI program. Gang Stalking is a more desperate criminal activity or more dangerous more powerful criminals. Break-ins to my home and actions show a clear attempt to sabotage my assertions powerful families in the USA killed Ted Gunderson, Jen Moore, JFK, RFK and many ant-racketeeers from Thomas Crane Wales to Justice Scalia to Judge Roll, all of them Roman Catholics in criminal justice.

The rise to power of dangerous criminals means anti terror capabilities now protects the cabal rather than defeat them.

I Ed Donegn know they wish to undermine me and sabotage me. I know they killed Jen Moore and others and downed planes, killed Micheal Hastings AND his fiance and have done far more than that and I also think I know why and now I know other critics fo the CIA and FBI and DHS and the Cabal from Lee Havey Oswald to Jack Ruby to Lee Bowers Jr. and others simply knew too much about THIS government.

I can be killed with ease by the CIA and FBI as anyone can. There are several reasons to keep me alive for now and a I don't want to blow all my best lines for now but why not here on this heroes page Ted Gunderson and Rudy2.

Sacred Cows are hard to kill and who wants to. And the Most Sacred of all Cows is the Cash Cow. My intellect and sophistication and even the mixed bag of my genetic attributes has been milked by con artist who have had no interest in desisting from their operations.

I have written that while at the Salvation Army shelter in Nueces Texas would I help work for them or the NSA? "No" I had said. I did my work with the veterans when I could and as

for the local Methodists I refereed them to some contemporary bands of Cybergoth and others to let them know they might step it up a bit including the Cookie Monster and the Seprano and harder classical music, etc., It is my belief then and now some very scuzzy meant in an abusive way to infiltrate that group undercover and in a criminal way for its fruits and not for its roots. But I am in reality more interesting in my value than my vice, and as for my vice from the US Government perspective that is my critical view of the US Government I spent my life very loyal to but it moved and not me.

U.S. GOVERNMENT RUNS 'GANG STALKING' VIGILANTISM, SAYS EX-FBI OFFICIAL

http://www.nowpublic.com/world/u-s-govt-runs-gang-stalking-vigilantism-says-ex-fbi-official

Official confirms what thousands of victims have long known: an evil U.S. shadow government is conducting a covert, taxpayer-funded genocidal purge of American society - while Congress and an apparently entrained Obama administration sleep.

Author's note: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or undesirables.

Ted Gunderson, 82, who has served as the special agent in charge of the FBI's Los Angeles, Memphis and Dallas field offices, has stated in a series of public speaking appearances that he is now targeted by these same elements, and fears for his life and for the safety of his family. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to silence him.

Since his retirement from the FBI in the 1979, Gunderson has been a Southern California- based private investigator. He is most noted for his defense work on the murder case involving former Army physician Dr. Jeffrey MacDonald.

The ex-FBI official's comments represent the most compelling testimony to date indicating that "black operations" of the federal government are dedicated to waging a covert war of terror and persecution targeting American citizens.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube.

Please search "**Ted Gunderson**" and "**YouTube**" and look for the link to his speech at the **Gulf Symposium.**. I believe this is more blatantly illegal and malicious interference with telecommunications by operatives of Lockheed Martin, under contract to U.S. Homeland-mil-intel, or another entity*

representing the agencies, commands and corporations of the U.S. fusion center network.

"It is far too extensive to be controlled by private enterprise," Gunderson said. "I believe this well organized and sophisticated operation has a central command located somewhere in the United States, with multiple satellite offices scattered throughout the country."

Said Gunderson:

> "It appears those who administer the program can call any location in the United States for surveillance, a telephone tap, or … harassment directed at a victim, and immediately dispense manpower to the source … This well-greased, covert operation makes the old FBI counterintelligence program (code-named "Cointelpro") look like a Sunday school class."

Gunderson also maintains that federal security and law enforcement agencies and commands have been infiltrated by members of secret societies such as the Illuminati, which he has described as a satanic criminal cult.

This correspondent (Rudy Andria or someone beign quoted) has reported that Lockheed Martin, the world's largest defense contractor and the prime cyber-security and information technology supplier to the federal government, coordinates the communications and trains the "team leaders" of a nationwide Gestapo-like apparatus, which has tentacles into every security and law enforcement agency in the nation, including state

and local police and 72 regional “fusion centers” administered by the U.S. Department of Homeland Security. According to company literature, Lockheed Martin has operations in 46 of the 50 states.

nowpublic.com/world/rule-law-morality-die-usa-fusion-center-slow-kill-genocide

Lockheed Martin also has operational command and control over a U.S. government microwave radio frequency weapon system, deployed on cell tower masts throughout the U.S., that is being used to silently torture, impair, subjugate and electronically incarcerate so-called “targeted individuals.” The nexus of this American “torture matrix” appears to be Lockheed Martin’s Mission and Combat Support Solutions central command center in Norristown, Montgomery County, PA., which employs several thousand workers. The defense contractor’s global headquarters is in Bethesda, MD, just outside the nation’s capital.

nowpublic.com/world/u-s-silently-tortures-americans-cell-tower-microwaves

Lockheed Martin, under contract to U.S. security and intelligence agencies and commands, also conducts warrantless surveillance of the telecommunications of targeted persons, and routinely censors and tampers with the content of their communications, as this reporter has documented in a series of recent articles:

nowpublic.com/world/u-s-govt-uses-spoofed-web-pages-and-urls-censor-internet

nowpublic.com/world/phony-facebook-comment-block-lockheed-martin-cyber-censors

nowpublic.com/world/wash-post-blog-moderation-used-cover-u-s-govt-censorship

Thousands of Americans, including this veteran journalist, have publicly reported being the victims of silent electromagnetic assault and community-based home intrusions, vandalism, and even the poisoning of food, water and air. Federal and local law enforcement routinely dismiss their reports as the product of delusions or mental illness, and refuse to investigate their complaints.

These “targets” and their families have been physically harmed and financially destroyed as a result of taxpayer-funded “psychological operations,” police-protected community “stalking” harassment and malicious vandalism, and other covert programs of personal destruction, including government-assisted financial sabotage. Many appear to have been targeted as a result of their politics; their activism or corporate whistle-blowing activities; their ethnic background; or as a result of score-settling vendettas by persons in positions of power - in government and in the private sector.

The former FBI executive's remarks are only now attracting widespread exposure on this and other web sites. This correspondent believes that recent revelations of government-sponsored domestic terrorism against U.S. citizens have prompted some conscientious insiders to call attention to Gunderson's public statements.

Gunderson has said that government-sponsored gang stalking terrorism is financed "through illegal black operations," such as sales of illegal drug; gambling; prostitution; and even sexual exploitation of children. But this reporter believes it is more likely that programs of government-sponsored domestic terrorism are funded from military and security "black ops" budgets that have been illegally diverted to covert domestic programs administered and conducted primarily by defense contractors.

Late last year, The New York Times disclosed that an official of the U.S. Air Force had set up an unauthorized military intelligence spy ring in Pakistan and Afghanistan, run by Lockheed Martin and funded by defense appropriations.

nytimes.com/2010/10/29/world/asia/29intel.html

This correspondent suspects that a similar arrangement could be funding government-sponsored "gang stalking" operations throughout the nation, and has urged Congress to immediately hold public hearings as part of a comprehensive investigation of military-style "black ops" targeting American citizens and their families - a silent, slow-kill genocide motivated by ideology and hate.

“Zersetzung” Strategies and Utilisation of Psychological Warfare on Individuals and Groups Part

One Introduction

Zersetzung, which translates to “decomposition” or “disintegration,” is a covert and methodical form of psychological warfare used by the East German Ministry for State Security, also known as the Stasi, during the Cold War.

This nefarious practise included a variety of measures aimed at destroying the lives, reputations, and mental well-being of individuals perceived to be enemies of the state or prospective dangers to East Germany’s socialist rule.

Surveillance, harassing, gaslighting, propagating false rumours, and different sorts of psychological manipulation were all used in Zersetzung. https://insightintelligence.com.au/zersetzung-strategies-and-utilisation-of-psychological-warfare-on-individuals-and-groups-part-one/

Ed Donegan asserts to criminal benefits are achieved by the stalkers of him (myself.) The rumors damage me initially as I am treated in an abusive hostile and unwanted way, upon my reports of it I am derided or arrested, or upon conflict with the Stalkers I am derided, attacked, or arrested. The conduct of the Stalker is criminal and part of staged appearances and in some cases like the stalk of me the falsities portrayed are fabricated claims that I owe others and people call me the money who has

to pay out to silence the rumors and way (non financial way since I am broke) I or a conservator of me can.

The Government may not arrest a write of a book about government misconduct but the government can act against someone who says they were wronged by a person who denies having had harmed the targeted person.

It might be enough to ignore stalkers but one form of aggression they use is Road Blocking, placing themselves to trip attempts at jogging, mocking abuse that is openly abusive and harassment, and contentious acts openly being forced such as sicking imagery and comments.

Incessant pestering is the key to the operation eventually demanding by persistence an attempt of the Targeted individual to act against the ongoing aggression. Most criminal' don't want to get caught. Criminals under the control of the police do and the police will back the criminal as trouble starts.

The Aggression is covert and is indirect persecution of someone who is an existing victim of or witness to the misconduct of powerful elites. The government theory the Targeted person is a terrorist threat may become a self fulfilling prophecy but that is less damning to the Targeted person if the provocations and aggression of stalkers towards the targeted person is understood thus that aggression must be documented.

Agitation (and agitators) 1) the action of briskly stirring or disturbing something, especially a liquid. "*the techniques mostly involve agitation by stirring<." 2) a state of anxiety or nervous excitement."she was wringing her hands in agitation"*

Despite stereotypical views of stalkers as male, female youth reported engaging in these behaviors just as often as males. Technology vs In-Person While nearly 70% of youth who reported stalking behaviors acted out one or more of these behaviors in-person, some youth used digital technologies (cell phones, the internet) to engage in stalking-like behaviors.

Almost half of the youth who reported engaging in stalking-like behaviors did so via text message. The internet was the digital avenue of choice for about one third of youth who engaged in stalker-like behavior. In other words, most stalking is still taking place in person, but use of tech to stalk is significant. as males.

The Prevalence of stalking

Stalking is a critical issue globally and particularly in the United States. The National Crime Victimization Survey says that in one year, 5,857,030 Americans were stalked or harassed (Baum, Catalano, Rand, & Rose, 2009). The effects of stalking are also well known. More than half of the people in the sample mentioned above changed their behavior mostly out of fear.

People who said they were being stalked changed their daily routines, stayed with family and friends, added caller

ID on their phones, and changed their locks or put in a security system.

Many of the victims of stalking either carry pepper spray or purchase a gun.

People who have been stalked or harassed have also been looked at from a psychopathology point of view.

Pathé and Mullen found in 1997 that victims of stalking develop high anxiety (83%), trouble sleeping (74%), and appetite disturbance (48%). Also, 24% of the people in their sample said they had tried to kill themselves or thought about it a lot.

Research shows that stalking and harassment are common and have devastating effects on the people who are targeted.

What Constitutes Stalking?

To constitute stalking, three factors must exist simultaneously.

1). The stalking behavior must be directed at one person,

2.) The behavior intends to put that person in fear for their safety

3). It must actually make that person fear for his or her safety (Owens, 2016).

In addition, to be classified as stalking, the behavior must occur more than once.

There is no unique stalker profile; stalkers demonstrate a wide variety of actions, motives, and psychological features.

Stalkers use a variety of tactics to follow and harass their victims.

This can be done by sending them letters or emails; spreading rumors; following them, showing up at their home or place of work, giving them gifts, threatening them, or even attacking them. Also, technological progress and social media have given cyberstalkers a multitude of ways to stalk and harass victims.

"Stalking, rather than being a condition in and of itself, is a behavior that fits under the umbrella of symptoms for a variety of disorders.

According to a 2012 study published in the journal "Aggression and Violent Behavior", stalkers may be diagnosed with psychotic illness, personality disorders like narcissistic personality disorder, and delusional disorders like erotomania, which is the belief that another person, usually a famous person, is in love with them.

Despite this variation, research has shown that some features appear repeatedly among stalkers. For example, in a 2014 study by the Centers for Disease Control and Prevention, 80% of people who had been stalked said they knew their stalker in some way. There is also evidence that stalkers are often males in their 30s, and their targets are typically women in their late teens and early twenties-though not exclusively. Other studies have indicated that stalkers often exhibit rage and instability, which typically arise from childhood, as well as impulsive behavior.

The Psychology of the Stalker

Anyone has the potential to become a victim. Although superstars like Madonna and David Letterman are more

likely to make headlines when they are harassed by deranged strangers, the great majority of victims are regular individuals who knew their stalkers, typically as lovers or spouses.

The majority of stalkers have severe personality disorders. The most common one among stalkers is narcissistic personality disorder, which gives stalkers an exaggerated feeling of self-worth and an obsessive desire for other people to admire and revere them.

Extreme dependence, in which a person needs constant help, attention, and acceptance from others, and borderline personality disorder, in which a person has unpredictable emotions and a high sensitivity to rejection and abandonment, are two more personality disorders that experts often see in stalkers.

According to Cupach & Spitzberg (2004), there are eight clusters of distinguishable stalking behaviors:

Hyper intimacy,

Cyber stalking,

interactional contacts,

surveillance,

invasion,

harassment and intimidation,

coercion and threat,

Sending flowers when it is not appropriate is an example of hyper intimacy, which may be thought of as traditional courtship carried to an extreme.

According to research, this sort of conduct may be satisfying to the stalker since it creates indecision/ambivalence in victims (Dunn, 2002). The target may feel both intimidated and charmed by the conduct. This ambiguity might make it more difficult for prospective victims to exit the stalker scenario.

Cyberstalking encompasses all types of communication made possible by electronic devices and technology. This category includes the internet, email, phones, Facebook, Instagram, Twitter, and all other forms of social media. Cyberstalking is more common in ex-intimate relationships. Before the breakup, ex-intimates are likely to have had access to email accounts and other forms of social media.

► *Interactional contact is contact with explicit awareness (face-to-face or brief encounter).*

► *Surveillance tactics are often concealed and covert.*

► *Invasion tactics entail the breach of personal and legal boundaries, such as unlawfully collecting information, trespassing, and breaking into victims' dwellings.*

The most severe forms of stalking entail threats, intimidation, and physical violence. Acts such as spreading rumors, insults, efforts to damage reputations, and harassment. Rumors are meant to tarnish the victim's reputation. For instance, a stalker may inform the victim's family, employers, or acquaintances that they are indulging in activities such as extramarital affairs or embezzlement.

They may attempt to influence their employers by spreading rumors about them to their managers. Insults are also meant to cause emotional distress. The stalker may verbally abuse the target or send electronic communications full of obscenities. Harassment may take many forms, including the ones listed above, but it can even be caused by something as apparently innocuous as an accidental encounter. Aggression may take the form of destruction of property, the brandishing or use of a weapon, physical violence (including attempted or successful attack), physical violence (including murder), or sexual violence.

There is a distinct range of stalker behaviors, from mild annoyance to deadly violence.

Psychological Theories of Stalking

Attachment Theory.

Attachment theory is a psychoanalytic theory that attempts to explain fundamental human interactions from birth through adulthood.

Attachment theory derives from John Bowlby's seminal work. In a London clinic, Bowlby treated youngsters suffering from emotional distress and studied their interactions with their caretakers. Through these findings, he concluded that a strong relationship with a caregiver gave an infant a sense of security and a solid foundation (Bowlby, 1969).

Bowlby's findings inspired the subsequent work of Ainsworth et al. (1978) and paved the way for attachment and dysfunctional relationship studies. Attachment theory has been utilized, for instance, to explain dysfunctional

relationships in instances of intimate partner violence, which has been connected to stalker behavior.

Attachment theory claims that a child's attachment style to his or her parents affects their behaviour in adulthood.

Ainsworth et al. (1978) made substantial contributions to the study of attachment types in childhood. Through experimental observation of caregiver-child interactions, three distinct attachment patterns were identified:

- *Secure,*
- *Insecure avoidant, and*
- *Insecure ambivalent.*

Children who are securely bonded appear to have confidence in their caregiver's ability to meet their needs. Children who are securely attached are easy to calm down, feel safe exploring their surroundings, and look for their caregiver when they are upset.

Those with insecure avoidant attachments are emotionally and physically independent from their caregivers. Additionally, when distressed, they are less likely to seek out their caregiver. It is believed that children with avoidant attachment styles have caregivers that are unresponsive to their needs and reject them (Ainsworth, 1979). Typically, children with insecure ambivalent attachment styles display clingy and dependent behaviors. However, their conduct is not comforting, and they will exhibit sadness when the caregiver returns.

In general, children with a secure attachment style mature into mentally healthy adults, whereas those with an insecure

attachment style regard the world as a hostile and unwelcoming place and act accordingly.

According to research in this field, many stalkers have insecure attachment types (Cupach et al., 2000; Hazen & Shaver, 1987; Kienlen, 1998). Depending on the author, the literature on Stalking describes various adult victims. Bartholomew and Horowitz (1991) looked at a four-category model of attachment and found that adults have four types of attachment:

- *Secure,*
- *Preoccupied,*
- *Scared, and*
- *DIsmissive.*

There is evidence, as the term suggests, that preoccupied people engage in compulsive relationship intrusion (Dutton & Winstead, 2006).

It has been determined that pathological narcissism is associated with stalking. When rejected, people with a high level of pathological narcissism suffer a narcissistic injury and pursue the other to restore self-esteem (Meloy, 1999). Restoring self-esteem may involve expressing displeasure toward the other through vindictive conduct, such as writing disturbing messages or posting once-private photographs online. Individuals that are narcissistic have an inflated sense of self, cannot comprehend why others do not share their viewpoint, and consequently feel justified in stalking them (Menard & Pincus, 2012).

It is widely established that drugs and alcohol can have

disinhibiting effects and induce psychotic-like episodes. In such conditions, perceptions of relational boundaries become lax and can frequently worsen the initiation of stalking behavior.

The loss of inhibitions caused by intoxication may result in stalking behavior. It is a well-known fact that drunk individuals exhibit actions that may not occur when they are sober.

Cyberstalking

The majority of published research has focused on classic stalking, in which the stalker approaches, pursues, and harasses their target. However, technological advancements have altered the appearance of stalking. In the past, stalkers had limited options for contacting their victims, including confronting, calling, and mailing their targets. Today, however, stalkers have various ways to contact, monitor, and follow their victims, including social media platforms such as Facebook, Twitter, Instagram, and Snapchat, as well as texting, instant messaging, and emailing. In addition, the technologically skilled stalker may employ GPS technology on their victims' smartphones or even their cars to track their movements.

Cyberstalking has been defined as a pattern of repeated threats, harassment, or other unwelcome contact through the use of a computer or other electronic communication-based technology (Miller, 2012). As technology progresses and new social media applications are developed, it appears likely that more people will use these tools to pursue relationships or exact revenge

A typical cyberstalking scenario might take the form of the stalker posting false or hostile information on a social media

platform, impersonating the victim online, and/or recruiting others to harass or threaten the target before hacking his or her personal accounts.

One case in particular highlights the devastating effects that these people can wreak on a victim. An ex-partner initiated the harassment by sending emails and making numerous phone calls over a 6-month period, which led to the victim getting a restraining order. However, the stalker subsequently utilized the Internet to continue the harassment.

He took out fake ads in the victims' name for casual sex partners and for selling pornography. In these ads, he put the victim's name, address, and phone number. According to the victim, she received several propositions each day from interested males. It became so bad that men were showing up at her door, even engaging in sex acts. This had a devastating effect on the woman, and she ended up being hospitalised for stress and trauma.

In one study, it was found that cyberstalkers were much less likely to participate in "approach behavior" and significantly more likely to be former intimate partners or the subject of a restraining order.

In order to rebuild self-esteem, a narcissistic hurt leads the stalker to renew the connection or seek retaliation. Meloy said in 1998 that the Internet is different for stalkers because there are no social rules that stop them from being violent, and there is less sensory stimulation. It causes the offender's imagination to go into overdrive, allowing them to lie with ease. That's why it's so important to differentiate between pure digital stalkers and those that cross over into other forms of harassment as well.

Labella answered by RICO laws per Ed Donegan

The Stalkers are creating and links to me that are fraudulent. Both a threat to me at the scene covertly agitating me and blaming me for paranoia or hostility towards others the abusive treatment of me is their compulsions about em and my reproductive system and activities calling me the money and talking about the money I owe and and spending on stalkers linking themselves to me by the staged toxic and fraudulent image of me they create in their street theater, forgeries, identity theft, agitation of peaceful locations, etc.,

I will eventaully write (taught to do so, the government and its actions are my teacher and I have learned) entries into my book Big Bamboozle II the following.

> Ten Department off Public Safety Texas Rangers were tied to poles and held by White Supremacists. Five gunshots went into three of them, one who had been hit was still alive. A White Suprmacist with a Swastika cut his throat open with a serated knife.
>
> The FBI Special Agents with hoods over their head tied at the wrists and feet were hanged in the same open space.

I can not make this scene real I can only make it just with the books that I have written (and despite attacks on me) continue to write working decades on them under attack.

There is no doubt in my mind 1) the racial variation does exist and for the most part Whites are far superior to sub-saharans.

Further, that in providing non-whites a system in Golf like a Handicap to blame whites for their problems is the norm and my already difficult life has been made worse by those hoping to blame me things nevery my fault and humiliate me for things I have nothing to do with even hoping I will die in the fight to stop the attacks on me.

Like Ted Gunderson and others I assert radiological poisenings of me and others, food poisonings, use of thugs to attack and give death threats and start fights I will be blamed for and all this is polive bullying of me and others because the corrupt officials and police have never been taken to task for their illegal conduct even when it is the light of day.

My books series stsarted out as Au Contrair about the scientific method and testing ideas out as sound policy in security so we know what we can depend and what we can not. It was part of the Age of Reason and abandoning blind faith. Over the years the name changed to The Medical State for use of allegations of mentall illness that are not true (quackery - a fruad technique that then inserts me into money laundering and forgeries and arson based criminal fabrics in which me and my homes have been atttacked.

I have for decades passed out discs in the hundreds of an illegal cartel of human trafficing I call Genoracketeering since it uses rackets of organkized crime to sell genome illegally.

Jen Moore knew the truth, was a truth teller, and died because of it. McVeigh who I see as a God achieved the killing of police officers and FBI and others I think have the blame for heinous crimes aginst the US republic, against RFK and JFK, and many others inclding the law of the land and 2nd generation atomic blast testing victims myself the goernment has targeted worldwide.

I have long argued for killing police officers in Texas. They have asserted my beliefs about race make me a open target to illegal acts and pre-emption gives law enforcement the right to

engage in preemption.

I will leaev it for history should history ever study this matter to decide. I will alway be certain a dead police officer in Texas is safety for the USA and if a White Supremacist has killed one even better and the solution is more direct. Many put words in my mouth and those words are about how I am doing wrong and how I am agreeing to give into claims others make against me for appearing to have done wrong. My real words are in the books I have written. I am glad to have written them inn my later years as I hae learned more all throgh my life.

Tara's Story is Ed's Story is Ed's Story

Tara Moore had her apartment complex taken over by people from the City she lived in part of Boston area called The Land of Presidents and she was considered disabled; an agoraphobic who was on forums and social media asserting her city-run leasing agency using name like Baddasini were harassers of her and that she was neither safe inside or outside her home. I have data from her since the same was done to me.

IntolerableSurroundingsCreated.jpg is that abusive dirty hostile neighbors are moved in to pick fights and harass resident.

The location I lived in turned into a slum too dangerous to live in, cockroach infested, apartment lighting, air, and heat did not work, mold, drug addicts so dangerous it was risky to walk in and out of building without cell phone for 911 calls, durg paraphanalia, drug addicts in violent fights, rapes in progress, vomit and feeces and blood soaked cotton balls in open visible areas, drug transacstions in hallways, elevator "tagged" inside

and out, etc., Dispite my hard work the apartment complex I moved into and decorated with hand made lighting and furniture was destroyed by an inside job

Pests of all kinds left feces, filth, gang violence etc., as they stared into my windows even touch the windows just standing their on my balcony catwalk, brandishing knives, dealing drugs, Section 8 dangerous ghetto criminals make obscene and lewd comments to me, etc.,

The leasing office moved out the normal residents and placed insufferable neighbors in who were encouraged to start arguments with me.

In the old south people held as slaves picked cotton, lovers picked roses, and now today the FBI and others pick fights by causing intolerable conditions inside and outside the home and refuse to remediate the condistions and even aggravating them.

The apartment pictured above was broken into by the neighbors the FBI placed there when I was writing my book and the FBI was front and center on the book, as have figures like William Burns the current CIA director and I am trying to write my expose on these officials.

The deterioration of the situation is always blamed on me but instigated by officials acting under cover or acting in the open but in both cases acting illegally to subvert me.

That is here and in my other books for use here I want to explain the bullying three or four edged sword.

Stalked people put out fliers to those near them asking "Have you been told to not offer assistance to a Targed person? Has that targeted person been accaused of Sham allegations you are supposed to covert vigilantees of working behind the scene?

It is called a Man Trap. If a person has no resolution from ongoing bullying (and the bullies will deny abusive hostile

environments) then finaly a person may make death threats, punch, or politically resent and be "paraonoid" about the bullies.

The bullying sysetm creates "destabalized" "tese" situations with normal channels to remove the misconduct intentionly closed. Further the "good guys" do the bullyig fling actionanly icorrect stech towards a person being maligned. If a conflict does not break out with the bully often an Office Mob of the same bullies will (along with forgeries or data far out of context that organizers don't themselves believe) will be a likely source of seeingliy unprooked reactions from the stalked person. This was done to me.

After the Tara Moore story I will go ino the profile of my stalkers and part of what they wanted to do by bullyig me.

Gaslighting has repeatedly left me homeless unhealthy with little communications or hygeine or privacy and under attack by skid row thugs as a bag man in 100 degree heat. All allegations are in some way false and on fabrications of appearances and not reality.

It is exactly the acts of people like Jim Vocelka who take the deal to evict me, profit from it, or help others too, then leave me in homeless shelters where I am said to be there out of mental incompetence needing Social Services representation.

Jim Volcelka intentionally and knowingly engaged in coached fraudulent acts to make me seem intellectually retarded thus needing conservancy as well as faked allegations the layer of conservancy would then pay out as claims though the claims were staged frauds.

"Gaslighting" is the act of moving things around in home when the person is not there such as the location of furniture, etc.,

Stalking a person is most distressing when the Stalker proves to the Stalked person the Stalker has gained access to details of their life, home, etc.,

Gas lighting got its name when a husband in a movie toyed with the mind of his wife saying the gas was off but then in an

out of place way lit a gas lamp that should not have worked.

Coming home as I repeatedly did to find my underwear gone, altered, left outdoors, my drapes cut with peepholes, damaged items not damaged when I left, etc., were a particular subset of Gaslighting, staging fraudulent appearances that will both defame and injure me and my reputation but give others a pretext for retaliation against me for what was staged in the Gaslighting.

That first veiled aggression is creating a phony allegation or the visual support for a phony allegation that then opens the door literarly for a retaliation over the phony allegation.

Tara Moore harassed by the GOP mayor and owner of her building is from Weymouth the Town of Presidents. There are 8.67 miles from Weymouth to Dorchester in northwest direction and 12 miles (19.31 kilometers) by car, following the MA 3 route. These Stalks were not in spite of the importance of the area, but because of them and the histories.

In my last few days of MacLamar property 1001 N. Water St. I spent nights with kitchen knives with me, my mattress pulled to the center of the apartment, the far side of the room from the windows, and furniture arranged to slow intruder entrance into the apartment.

Police assisted break-ins and other threats were a constant as hostile "snicth" neighbors of street gangs were moved next to me.

This is the life of Ted Gunderson whose daughter was shot at through her window after Ted Gunderson had received threats to that affect in advance and later as well. The bullet-hole was photographed and document and Ted was no slouch in being able to collect and research the evidence.

Tar Moore was agoraphobic, a fear of being outside and even being in fear of being in her apartment. We shared that in common and talked on Twitter about Stalkers and the Government operating through landlord office fronts.

Here is what a lawyer responding to her situation had to say,

and at least in my case there was a 25 year plus at least history of every place I lived in custody of or out being exactly the same.

When some people go to bed they feel safe, alone, or with their partner. I don't think I have sensed tat in 25 years and I am not meant to, the stalkers are out their and on a mission to prove that to me at all times.

Dear Attomey Baldassini

I recently made the acquaintance of Tara Moore,

supra, and all I can say is that I was astonished by the story she told me about her landlord/tenant relationship with your client Robert L. Hedlund, of 54 Longwood Road, Weymouth, who is also the current mayor of Weymouth. Mr. Hedlund is the registered owner of a corporation known as HWO, LLC (aka Hediund World Order, LLC), which limited liability corporation owns the subject property.

I am going to cut right to the chase by saying 1): that I find it incredulous that a seasoned attorney like you would participate in what amounts to taking advantage of a disabled woman (diagnosed with Panic Disorder, without Agoraphobia), who is also a recovering addict and who was not advised by or apprised of her rights to counsel in her dealings with you or your cfient, and 2): having seen pictures of the living conditions she has had to endure in her tenancy would be indicative of what a Weymouth slumlord would likely provide to his or her tenants. That the Boston Housing Authority (BHA) participates in the tenant's lease by almost $1 ,200 a month and has done little, if anything, to order your client to correct the glaring deficiencies over a long period of time is astonishing as well probably criminal at least in my mind.

From what I can see your client has also engaged in a pattern of harassment, violating MGL c. 264, S 34A (a) and prowling, the prowling incident admitted on his TV show, "*Ask the Mayor*" on April 6, 2017. If you would like I will provide you with the time stamp information from the show.

I am enclosing herewith a contact sheet with pictures of the premises Ms. Moore leases from your client. The term utterly disgusting really does not fit its description. That you, client and the BHA could care less is appalling and the eviction notice you sent her, without being represented by counsel, has damaged her chances of finding an apartment or condo for her her daughter.

She has already been denied by Weymouth Place: recommended by your client .

That Ms. Moore and her daughter would have to live on the street is apparently not your issue.

Without further ado I am going to print seven copies of the contact sheet: one for you; one for your client; one for the BHA; one for the local Board of Health; one for Judge Coven; one for the Governors Opioid Task Force and one for District Attorney Michael Morrissey to see what they think about the situation and your ruthless representation for an obvious slumlord.

So who is Pimpd Daddy?

I had let some friends and domaina or two use my already dungeon home never charging either just to help out when bored. It is fund to be around dominas and the scene meeting new people etc., and that is part of the Pimp Daddy profile story.

The first thing a pruriently motivated Pimp Daddy wants is access. You aren' going anywhere with a woman you have never met. Even after that IF you have a business and have recruited her into it you have no persuasion over her unless you

are a sophisticate, polished, and can teach her. When I moved to Corpus Christi very poor indigents wanted to by homes, become Pimp Daddies, and have access to the glam world. Not having been a part of it they asserted I had not and took over my identity in a retarded way asserting I was retarded and in need of metro sexuality lessons. In that method Pimp Daddies were raised from a retarded vertion of Ed to ones trained by the highest price domains.

The allegations the FBI and others used to asert I needed to be stuided was building up the backstory the FBI and CIA and local police would need to become infiltrators of Glam Domme.

My own Pagan Deist Stoic was just fine INCLUDING that I made it all look like wholesome non fraudulent mutuality. A few times I looked more closely an found some porn did contain real permanent injury etc., but except when I was in error about what actually was reality and play I only LOOKED like white slavery i that fantasy but the fantasies were so hot and consensutality so clear the FBI thought they could take that over without breaking laws while doing it but still be in thrill seeking on excuses about fighting terrorism.

Covert Harassment

Also known as Gangstalking or Organized Stalking is a highly criminal campaign directed at a Targeted Individual (Mark) that aims to destroy and innocent person's life through slander and carefully executed psychological and physical assaults.- Surveillance and Harassment Survivors Alliance

What is unsettling but possible to get away with IF you are elite espionage special-operators tactical group (the kind Ted Gunderson were active both target and killing many throughout the USA such as himself and other officials tied to JFK and hits on US Government) by a powerful global well placed mafia of corrupt cabal of greed and unconstitutional global activities he called the Corruption Network?

Particularly in the .org version of the sight SHSA was very good, The .info site implemented some changes and focuses increasingly on accusations of electronic brain control I think is exaggerated, poorly founded, and a week area to theorize about.

What Ted Gunderson I and others focus on is the link between covert surveillance that is illegal and the used covert abusiveness in public that is also illegal but based on information only the stalkers and the stalk recognize as directed at the person being surveilled, being fighting-words, and proving the existence of political violence from police directed covert assets. The Terror Stalk is abusive and frightening and in public be denied by those hiding their identities as stalkers while in public.

I have asserted several deaths tied to my mother's will and her and I secretly defrauded by those who wish to gain access to it

on a criminal basis and that includes US Marshall's wanting to where Donegan "hats" (four hats Miami vice reference) the Donegan sophistication ad legacy as themselves IF the Donegan;s were subject to misconduct allegations depended on a judge roll case. Sapping my and her success to they could use it as their own pride, ego, and place in society is their goal.

Russians say there operators inside the USA have tied this and other activities to a Deep State cabal inside the USA who had a trust fund seizure case before Judge Roll. Like the Navy Yard Shooting and my mother's will and the death of Micheal Hastings in Los Angeles (I think tied to my mothers life in MKULTRA) I find these events tied together.

Judge Roll found the US Marshall's protection of him "unsettling" and asked they be removed and they were prior to his death. He was said to be set to rule against an asset seizures case and the low standards for asset seizures to occur.

According to this SVR report, Federal Judge John McCarthy Roll was the Chief Judge for the United States District Court for the District of Arizona who this past Friday issued what is called a “preliminary ruling” in a case titled “United States of America v. $333,520.00 in United States Currency et al” [Case Number: 4:2010cv00703 Filed: November 30, 2010] wherein he stated he was preparing to rule against Obama’s power to seize American citizens money without clear and convincing evidence of a crime being committed.

The SVR RF succeeded the First Chief Directorate (PGU) of the KGB in December 1991.[1] The SVR has its headquarters in the Yasenevo District of Moscow.

Unlike the Russian Federal Security Service (FSB), the SVR is

Labella Ansewred By Walt Whitman

Walt Whitman, a kosmos, of Manhattan the son,
Turbulent, fleshy, sensual, eating, drinking and breeding,
No sentimentalist, no stander above men and women or apart from them,
No more modest than immodest.

Unscrew the locks from the doors!
Unscrew the doors themselves from their jambs!

Whoever degrades another degrades me,
And whatever is done or said returns at last to me.

Through me the afflatus surging and surging, through me the current and index.

I speak the pass-word primeval, I give the sign of democracy,
By God! I will accept nothing which all cannot have their counterpart of on the same terms.

I have never been dishonest about myself nor others. I have been made a mark of, for political reasons or other reasons and I have shown credibly that the same attacks on me are use on physcists (Dr Katheryn Horton) lawyers (Fightng Monarch) nurses (TargetedRn) Jewish activists (Veronic Hoffman) and perhaps 50 others at least 10 of which I thknk died of violennce to keep them from whistle-blowing.

I was born in a world too dumb to know what Western Civilazation was, Liberalism was, the Huammanities were, what free speech was inteded to do and how it was to be used, equal

protection from the law based on intelectual freedom to stop retaliation, and many other basics of life grinning pschoes with hand burred deep in their pockets are mocking me as. I am a homeless person who twine nearly lost an eye to violent assailants lynch mobs are promoting. A least six thousand times in San Francisco aroun 2001 to 2005 I was in fear of my life from gusn being pointed at me and terrror stalks.

After losihng my lifespan to this and being in mental wards the phony claims change to gym clothes fetism alleged to me and other insane allegations.

Much of this can be explained easily. Those who surrouned me at Bikinis Sports Bar in Austin as I watched football and enjoyed the atmosophere said to me (them being so smart and dominas being so smart) that to protect the dominas the samrt domina would leave the bad boy out and party with the goo boys. And that was said to me face. Go sit in the corner loser. As a parade was put on trying to humimilate me as gym clothing peeper.

There are things I have done and I do not know right from wrong, only what I felt was neccesary. I smeared my feeces ona library in Arlington Virigina. I go tired of being attacked in it.

I came Texas and it was no better. Harassers know how to do it. I spent years studying law and speech. Hints at something aren't saying something on an infinite amount of pestering inluding death threats and attempts to sexually humiliate someone or disgust someone of course never was stated, just done.

Violence is the last resort an for 35 year I have been saying this is the last resort.

I had long ago decided I would not fight back and die in the fight people want me to die in. I will fight forward and leave a record of what really happened for future prosecutors to find. I think the Deep State needs covert destruction of the lives

connected to MK-ULTRA and used covert means to wage that dirty war of dirty tricks against the law abiding.

That remains my plan, fight forward and not backwards. I will turn from forward where I am going to backwards where you are.

I was once placed in pscyward for saying hang Barrack Obaam Jr after his name was cited (and many times since) as part of the stalk of me. I had said after a court conviction. I still await a court conviction my assailants and still be build the record for that to be done. I assert they are in capital crimes and attack in generic ways (noise and hard to concentrate, attacks on PCs or writing equipment, death threats against what I am writing if I continue to write,) sexual and religious attacks designed to disgust me in those ways, political attacks and snickering about my politics, etc.,

As with all stalking that are clouds of unwanted hostile and threatening activities in the vicinity I continue to document it as others do as well. usually reporting will cause a physcial fight, eviction, or psychiatric conviction but a good log and denial of being "bipolor" in asserting stalks is the best way.

I know who I am. I know who my assailants are too. THey got too turned on my my workout vidoes, metropolitian life, etc., and thought howm important they occupy it by a predoatory stalk of me .Dirty tricks.

Stoic Anger

Stoics do get angry. When they should and when they should not. Stoics (and the character of Spock on Star Trek is based on Stoicism) were pre-Christians who realized that emotions could be both uncomfortable and perhaps in an attempt to assuage them drivers of bad decisions.

Today Christians use reliance on God for dependency on a just outcome and a good outcome but what did people do before that? As Thomas Paine points out many of the Psalms are fairly pedestrian sayings of helpful tips that contain little indication at all they came from any great intelligence, just a goo one, on ideas for for life.

The Stoics before the Psalms were much the same in the sense of emotions and had lists of reminders of when life might be difficult under various circumstances what to keep in mind about having a calm head.

But it was more than that. Like Christianity it was part of an understanding of existence and a pre-christian one that did not include Creationism and did include Natuaral Law Philosophy and the search that Classical Antiquity had for scientific answers.

In fact it was a system of reasoning and doing so in a way that prevented the error of emotional inerference and relying on intellect instead of what is rational to beleive and rational to do.

This rationalism did had no disdain for art and instead embraced it both for its ability to depict ideas and to bring easthetic pleasure and thus included what are now known as The Humanities.

I was raised in this belief system that the FBI and US Military

call in me "terrorism" and in themselves "elitism.

West Point it seems made a study of me and it decided that because Evolution rather than Creationism is part of what I believe and what I believe is that IQ increased as a result fo evolutionary pressures outside of Sub Saharan Africa where life orginated that I was a Nazi and the worst of Nazism even by my own definition of the worst of Nasim teen blonde obsessed.

I have refused to help the military study me at any time though I have been labled a terrorist on the watch list (as my books have also been placed as terrorist works.

Here is what an expert on Stoicism writes.

…

https://modernstoicism.com/stoicism-and-the-military-an-unvirtuous-coupling-by-massimo-pigliucci/

In the case of Stoicism, the philosophy is about becoming an excellent human being, which for the Stoics specifically means one who uses reason to solve problems and acts in a prosocial, cosmopolitan manner. One way to behave like a Stoic is to use the four cardinal virtues (prudence, courage, justice, and temperance) as one's moral compass. Another way is to practice Epictetus's three disciplines (desire, action, and assent).

If you want to be a Stoic, in the sense of the philosophy, you don't have to engage in any kind of specific exercise, like keeping a journal of self-examination, engaging in a premeditatio malorum, practicing the view from above, reflecting on your mortality, getting up before dawn to meditate at sunrise, or any of that. Those things are useful, and may even reinforce your philosophy of life. But they are not, in themselves, "Stoic."

The idea that the techniques can be decoupled from the underlying philosophy is particularly evident when we consider

that modern cognitive behavioral therapy was inspired, among other sources, by the writings of the ancient Stoics. Yet, if you go to a Cognitive Behavioral Therapy practitioner to take care of, say, your anxiety or depression, you are not thereby practicing Stoicism. And of course you may be a philosophical Stoic without ever having to go to CBT.

Why am I telling you all of this? Because I've noticed what I consider a deeply disturbing trend over the past several years: an unholy - so to speak - entanglement of Stoicism and militarism. An entanglement that may farther the cause of militarism but does nothing good to promote Stoicism.

One good example is an article by Kristin Hitchcock, a self-described "army wife," entitled "How Elite Soldiers Use Stoicism to Survive - and How You Can Too" and published in Modern Stoicism. It seem to confuse Stoicism and life hackery, with worrisome results.

Hitchcock begins by telling us that "Stoicism and the mental readiness of soldiers are nearly one and the same." Not at all. If soldiers were truly practicing Stoicism they would probably not be soldiers in the first place, or at the very least they would assent - to use Epictetus's frequent phrase - only to just wars.

SO if Stoicism is the new how-smart-i-am-fad what and who were Age of Reason Stoics and Deists, the modern name for this? And is it useful in politics today. Stoicism is a school of Hellenistic philosophy that flourished in Ancient Greece and Ancient Rome.[1] The Stoics believed that the practice of virtue is enough to achieve eudaimonia: a well-lived life. The Stoics identified the path to achieving it with a life spent practicing the four virtues in everyday life: wisdom, courage, temperance or moderation, and justice, and living in accordance with

nature. It was founded in the ancient Agora of Athens by Zeno of Citium around 300 BC.

Alongside Aristotle's ethics, the Stoic tradition forms one of the major founding approaches to virtue ethics.[2] The Stoics are especially known for teaching that "virtue is the only good" for human beings, and that external things, such as health, wealth, and pleasure, are not good or bad in themselves (adiaphora) but have value as "material for virtue to act upon". Many Stoics - such as Seneca and Epictetus - emphasized that because "virtue is sufficient for happiness", a sage would be emotionally resilient to misfortune. Wikipedia

Stoicism of Antiquity I consider Humility of Christians. I used Walt Whitman in Alcoholics Anonymous to model my concept of Humility that I had always held anyway. Whitman says of himself *Walt Whitman, a kosmos, of Manhattan the son, Turbulent, fleshy, sensual, eating, drinking and breeding, No sentimentalist, no stander above men and women or apart from them, No more modest than immodest.*

IF you are at ease with yourself you are at ease with anything. In fact I use this (or have intended to) about provocations. I am at ease with who I am and only provoked by that which I am not being accused of me. I find that unjust and angering. For the Stoic (and Epicurean) simply having done ones best being imperfect and being in an imperfect world one simply moves on to the next step forward moving onto the issue of where the next foot to be placed should go.

Along that path if I am treated as the person I am I believe the situation is just and I am at ease. If I am treated as the person I am not then I feel injustice and and sense of injury angers me as motivation to correct it. I am provoked. Yet as a Stoic I also have to know the difference between emotion and being tricked into a fight and a rational person realizing it is a trap. Document the Stalker and find their real motives (and need for) for dirty tricks that bring injustice.

Most of (actually all of) my institutionalizations have been around me asserting the government both copying me and harassing me. After I was fired from Wells Fargo not long after 9/11 I was writing computer-effects theory that the spread of data and information was a major factor of global NGOs. etc., just the printing press had accelerated both Christianity and the Asge of Reason. Much of wy works were electro-digital logic based.

I know at least the FBI and others call me a high value target. I believe I am a target-of-opportunity they same have ambitions in utilizing in their personal agendas, growth, and life ambitions and have no right to disrupt me nor co-opt me.

It was the State Dept Foreign Service mag I accused of plagiarism me. Before that I had repeatedly accused others of Stalking me so I have been in and out of psych wards since about 19987 or so and I think the Stalking is tied to Birther and Truther.

Another saying I used to use in Alcoholics Anymous that appealed to the SToic in me was Vice is but Virtue misapplied. Romeo and Juliet- "Virtue itself turns vice being misapplied,/ And vice sometimes by action dignified"

No one cares the criminality of the Cartel that killed Jen Moore and that cartel taking a virtue of looking for pedophiles into the vice of it, hoping if the fake a pedophile then adult models can give sex ed but only the most elite and high priced models woudl be used. And if caught they would kill to silence the whistle-blower (Jen Moore.)

Teens can look hot and I don't have any problem with that. Its not my thing and frankly findig out a hot bod is a teen turns me off to a large degree compared to baseline for the same body on a mature adult but alleging teen fixation in me or peeping fixation in me or unsophisticated view creatd of of me is just in what organized crime is called Foundation Work that sets up or facilitates the other parts of criminal activity. Sort of like

drilling holes in the bank vault door are foundation work for inserting charges to destroy the lock. That person needs high priced sex modeling services and an impersonator of me acts in that role for the police.

Mark Gonzales as best I can tell worked with Arc of Nova and some religious groups in Corpus Christi to do other foundation work, create a racketeering layer to money launder and although he lost his Nueces County Texas District Attorney Job the racketeering layers survives and still operates as a money laundering protection racket.

I have both seen depictions and heard near me and reported and documented that Mark Gonzales was shaking down an impersonator of me and that impersonator of me had been according to him (and mot me) placed into the Salvation Army program for being a "tweak" who needed Salvation and the Scriptures.

Why would an adult like me be by environments created be forced from the adult women he preferred to children acting like victims?

The Stoic turns to logic and I as a logical person find descriptions of conduct with the controlling jurisdiction of the activities the Federal Codes on Organized Crime and Treason and Subverion.

The person who is confession to misconduct and damaging my reputation is not only agreeing to pay into a Cartel slush fund the person is leaving a trail of being a disreputable person to be shunned and not to be believed and kept from housing and contact with polite society.

Such a sophisticated smear campaign using Information Doppleganger is what is destroying my life as a potential JFK assassination witness. Excuses are made of exploitive cameras and dolls for children (never happened) and Nazim but those are the excuse the public will accept.

I find the criminal machinery that is operating as a Protection Racket is build on fundin fake allegations against me in violation (by both substance and process) of Titel 18 Chapter 73 Obstruction of Justice falsifying evidence and also witness harassment.

Do protection rackets still exist? [and I would add that make me seem a peron the Community needs protection from and also the Community should ostracize from housing and jobs?

Protection rackets are common in places or territories, where criminal organizations resemble de facto authorities, or parallel governments. Sicily, Italy is a great example of this phenomenon, where the Cosa Nostra collects protection money locally and resembles a de facto authority, or a parallel government. - Google query.

The blacklisting (of me) linking me to the characteristics of

the Dopple are Black Propoganda system (the Dissinformation results from the Dopple not me but is said to be sourced to me) and tailored to get me blacklisted from groups not all that important to me.

I have been reading domina ads and talking to dominas since the 1970;s about them and they almost always read "Don't ask me to where a bikini or follow a script." In addition the male stalkers of me were bragging around some high priced models near them at Bikinis Sports Bar where I was watching sports (football) "What do you do to really punish a person? Leave them sitting in a corner all alone (blacklisted.)" In fact the script being run based on one quip one time in an usual circumstance I did suggest a fantaysy of caught with teen shower porn when asked for any idea and that just came to mind since I had some. That was never anything I surfe din particular (teen) though I did at times watch bikini contests. That said my fantasy elements were theatric and copied by those smearing me.

The same is true of the gym. One system I have for emotions is health, fealing good about myself, enoying healthy lifestyle, etc., including outdoors as I did with my father but staged eventss smear my usage of parks and gyms playing to the fears of those who also use those parks or gyms.

In the parties that are thrown and the dopple of me is caught from behind a one way glass durgs and high price models are what are being used and funded by links of me to things I seem to have done and seem to need and seem to be invovled with. All of that is frabicated but how money is laundered to pay for those events and parties using my trust fund by identity theft, my identity rather than me there at the parties often poolside at hotels (Omni) or other locations.,

It Was An Audit

When did all the Nazi half truths begin? It might have been when some of the Dr Edward Teller and lyndon Larouche types offered me a delegate spot in their nazi like sounding party and the alt right often is confused with or has properties in common with Nazis. This was when I was in high school and a huge fan of all sorts. Pierre Salenger, Micheal Cohen, the Moonies, Arnaud de Borchgrave, and many others. The far right non religious views fit mine quite clearly.

When Reagan was sworn in I was elated and wrong about Jimmy Carter though I admired his middle east policies and gentle humility neither harmful to himself nor a judge of others. Simply mild spoken and mild meaning. His courage I remember in Three Mile Ilsand. My father's brother had been a nuclear worker on that project and we followed it closely. When they were suggesting evacuation in preparation for possible melt down Carter had a request.

Get his white-house staff out of the chain of communication. Carter, and submarine nuclear officer from the USN knew the talk of reactors and the basic concepts in physics and engineering. He wanted to be on site during the emergecty to hear the talk first hand by the pros running the site. That more than the Swamp Rabbit defined him for me.

Reagan's tough positions with adversaries I supposed made me fell tough and patriotic and we the Regan Revolution swept into power except for V.P. Bush many of never liked and for me that always got worse.

My best friend of the time was Chris Lloyd and we were both hawks and loved my quick witted and often thoughtless conservatism. In an all Jewish private school we were from Catholic families, the only two in our class, and that was fun though I was raised Atheist.

By the 1990's especially following Ruby Ridge and Waco I was becoming a Minarchist, close to an anarchist always with the Anarchist Cookbook my favorite read, the People's Almanac, and a Bert Gummer distrust of Feds. The very ideology that drove Timothy McVeigh.

By 2000 I was in conversations with my father I believed the USA was about to fall completely, at least as far as we ever knew it before and I did not intend to return to work. I went to work against George Bush and who I considered Establishment judiciary including Justice Roberts who now consider a great legal talent and temperament.

I wrote enemy combatant treatment complaints as (privatly) a Wiccan minded person with sympathies for prisoners of Christians and the abuse the suffered, far ahead of what others were be repulsed by in Abuh Graib.

During these years, 2000-2005 I had been in the scene (leather scene) for twenty years. I was helping build the Citadel and working on Civil Liberties with the ACLE and EPIC and friends I had in those interests. Some of the best conversation I had were at Shatters Die Machina industrial club at The Roundup next door almost to Tom Dunham on Langton and a two minute walk from my front door. I would also attend at times Meat by John Adams fairly close too.

These industrial clubs and the Germanic Torture Garnden rubber and Latex Deislepunk I had been into before it was a thing touring military history of WWI and WWII and Dirigbes Ligher than Air aviation at Moffet field either bree and Crescents and wine hearing the history of RECON fliuimg.

It was during this time also that France was being ripped apart by race riots as New Orleans was as well. I had been reading foreign magaziens and Inernert P2P info (a friend of mine was one of the inventors of the technology) and Altnet nighmare broadcasts from the inside the mainstream would not touch. I had spent decades on shortwave radio reciver sets listiong to 10

to 15 nations government news service from the 1970s on and this added to my fear we might fall. Terroism was chaning and the world was chaning. I was getting racial abuse and so was France and the USA. I felt (like Colin Powell did) much of the anger inside the US was unfair and could be better channeled. My opinion was i was tired of being called a racist oppreesor and I was tired of that growing ideallogy and peoople out to make changes in thier own lives on their own though at the same time I was again deep in drugs.

It was during this time my "race realism " or cryptoconservatism really struck. I the far left BDSM sence I tried to keep it apolitical and with some it was and at the least expected of time odddly mutually respectual but that was rare.

I had my own path to walk and it was reallyu the birth of my radicalism and I think it was both legitamagtely and pruriently of interest to others.

According to a "top secret" video of the assassination that Cooper claimed to have discovered, the driver of the presidential limousine, William Greer, used "a gas pressure device developed by aliens from the Trilateral Commission" to shoot the president from the driver's seat.[possibly a poison fletch device also alledged of the Umbrella Man by asserted by Prouty,]

‘Forward, the Light Brigade!
Charge for the guns!’ he said:
Into the valley of Death
Rode the six hundred.
‘Forward, the Light Brigade!’
Was there a man dismay’d?
Not tho’ the soldier knew
Someone had blunder’d:
Their’s not to make reply,
Their’s not to reason why,
Their’s but to do and die:
Into the valley of Death
Rode the six hundred.
Cannon to right of them,
Cannon to left of them,
Cannon in front of them
Volley’d and thunder’d;

Storm’d at with shot and shell,
Boldly they rode and well,
Into the jaws of Death,
Into the mouth of Hell
Rode the six hundred.
Flash’d all their sabres bare,
Flash’d as they turn’d in air
Sabring the gunners there,
Charging an army, while
All the world wonder’d:
Plunged in the battery-smoke
Right thro’ the line they broke;
Cossack and Russian
Reel’d from the sabre-stroke
Shatter’d and sunder’d.
Then they rode back, but not
Not the six hundred.
Cannon to right of them,
Cannon to left of them,
Cannon behind them

Storm’d at with shot and shell,

Summary

The poem tells the story of a brigade consisting of 600 soldiers who rode on horseback into the "valley of death" for half a league (about one and a half miles). They were obeying a command to charge the enemy forces that had been seizing their guns.

Not a single soldier was discouraged or distressed by the command to charge forward, even though all the soldiers realized that their commander had made a terrible mistake: "Someone had blundered." The role of the soldier is to obey and "not to make reply...not to reason why," so they followed orders and rode into the "valley of death."

The 600 soldiers were assaulted by the shots of shells of canons in front and on both sides of them. Still, they rode courageously forward toward their own deaths: "Into the jaws of Death / Into the mouth of hell / Rode the six hundred."

The soldiers struck the enemy gunners with their unsheathed swords ("sabres bare") and charged at the enemy army while the rest of the world looked on in wonder. They rode into the artillery smoke and broke through the enemy line, destroying

their Cossack and Russian opponents. Then they rode back from the offensive, but they had lost many men so they were “not the six hundred” any more.

Canons behind and on both sides of the soldiers now assaulted them with shots and shells. As the brigade rode “back from the mouth of hell,” soldiers and horses collapsed; few remained to make the journey back.

The world marvelled at the courage of the soldiers; indeed, their glory is undying: the poem states these noble 600 men remain worthy of honor and tribute today. - Wikipedia

The Meaning and Origin of ‘Into the Valley of Death Rode the Six Hundred’ retrieved from https://interestingliterature.com/2021/11/tennyson-into-valley-death-rode-six-hundred-meaning-analysis/# and copied or modified to here

By Dr Oliver Tearle (Loughborough University)

‘Into the valley of Death rode the six hundred.’ Or, to be precise and observe the line break: ‘Into the valley of Death / Rode the six hundred.’ This is one of several famous quotations which originated in the 1854 poem ‘The Charge of the Light Brigade’ written by the UK Poet Laureate of the time, Alfred, Lord Tennyson (1809-92).

Tennyson, who was Poet Laureate for a record 42 years, wrote the poem in response to a very specific event, and it was this event that inspired the lines, ‘Into the valley of Death / Rode the six hundred.’ Let’s take a look at the poem, and the event.

Tennyson’s poem has become one of the most widely

studied and anthologised Victorian poems, and many people would recognise some of the lines from the poem, especially a poem that would last beyond the occasion for which it was written. And although 'The Charge of the Light Brigade' was, in one respect, an occasional poem, it also offered a timeless reflection on the senselessness that accompanies much of war, while also praising the unflinching bravery and sense of duty of the soldiers who gave their lives.

The poem was inspired by one of the greatest calamities in British military history: on October 25, 1854, during the Crimean War, the British Light Cavalry Brigade, comprising some 670 men, charged disastrously against some 25,000 Russian soldiers. Lord Raglan's plan was to send the Light Brigade to prevent the Russians from removing some guns that had been seized from Turkish positions.

But somewhere along the chain of command there was a 'blunder', and the Light Brigade was instead sent on a frontal assault against a vastly superior army, rather than on the gun-capturing mission, with perhaps inevitably tragic results. The Light Brigade charged, as commanded, but were quickly forced into a retreat, though not before some 278 men had been wounded or killed in the charge.

Tennyson wrote the poem soon after hearing of the tragedy, on 2 December 1854. Having read an article he read about the charge in ***The Times*** newspaper, he quickly responded with a poem which manages to salute the soldiers' bravery and sense of military duty while also wagging the finger at those who had 'blundered' and given such an ill-fated command. The poem was published in ***The Examiner*** a week later, on 9 December 1854, while public shock was still high.

One of the things Tennyson's poem emphasises is the

bravery and nobility of the soldiers, the 'Noble six hundred', who obeyed their orders and rode, in many cases, to their deaths. And the poem famously begins with this stanza:

Half a league, half a league,
Half a league onward,
All in the valley of Death
Rode the six hundred.
'Forward, the Light Brigade!
Charge for the guns!' he said.
Into the valley of Death
Rode the six hundred.

'All in the valley of Death / Rode the six hundred' and then 'Into the valley of Death / Rode the six hundred.' And 'the valley of Death' cannot help but bring to mind a biblical passage, from the 23rd Psalm:

He maketh me to lie down in green pastures: he leadeth me beside the still waters.

He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake.

Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me.

In other words, 'the valley of Death' sounds like an unforgivingly bleak landscape, and it was for the soldiers; but Tennyson's subtle allusion to the 23rd Psalm raises the possibility of Christian salvation, and suggests - however gently - that the dead soldiers have been taken up by God and, despite the swift and untimely deaths of many of the men, they are now in heaven, blessed by God.

So much for 'the valley of Death'; but what about that

‘six hundred’? Surely that is straightforward enough …

Curiously, the original report had the number at nearer 600 men, although it later emerged that the exact number was nearer 700; but ‘Noble seven hundred’ wouldn’t have scanned, and Tennyson, whilst annoyed with himself for the inaccuracy, reluctantly let the initial number stand as a record of the public feeling that attended news of the disaster.

This didn’t sit entirely well with him and he didn’t rush to plead ‘poetic licence’ for having a lower number in his poem, even when new facts came to light, which is a measure of the social responsibility he felt as Poet Laureate.

After the charge, not much remains of the ‘six hundred’ who rode into battle - nearly half of them had sustained heavy injuries or been killed, while the other half felt that the whole charge had been a colossal waste of life. Tennyson’s use of the word ‘left’ (‘All that was left of them, / Left of six hundred’) picks up on the word’s use earlier in the same stanza (‘Cannon to left of them’), but shifts the word’s meaning from a spatial sense to one denoting the sacrifice the men have made.

The poem’s insistent dactylic metre (heard so well in the poem’s opening lines, ‘Half a league, Half a league, / Half a league onward’) captures both the plaintive nature of the catastrophe and the dogged and dutiful charge of the men into ‘the valley of death’.

A false patriotism fails to recognize the role of the National Security Council breach in the abstract walls of the USA and into that breach flowed the NWO.

‘Once more unto the breach, dear friends, once more’ is the second most famous speech from Shakespeare’s Henry V, after

Henry’s celebrated Crispin’s Day speech. This speech comes in Act 3 Scene 1 of the play, during the siege of Harfleur in Normandy, carried out by the real historical King Henry V in 1415 as part of the Hundred Years War.

Or Indonesia, or Vietnam or the Ukraine or Russia. What are the plans who who made them? Not Robert F. Kennedy nor John F. Kennedy or Col Fletcher Prouty nor the voting republic of the USA.

When I went to Washington D.C. Arlington Virginia and Fairfax County to resolve being stalked and my mother's trust fund I tried one last patriotic thing going to the Korean War Memorial my father and I visited and the WWII Memorial I volunteered at. In each case teens were planted on me, etc.,

I had a that time two copies of my birth certificate with my mothers fathers and my name on them. The first one I defecated on through it out my hotel room door (Highalnder Motel my father once stayed in where i was also being framed as yellow tape was deployed, etc.,) and as disgusting as it was to me I defacted into the ice bucket so I could move the feces onto my birth certificate then urinate on it and throw it out the door and that i did. The second one I started that on but decided I might need it for getting out of the country. It is still crumples up and with feces and uine on it in trace amounts and my the windows password on it as I tried to give my PC to the russians with the evidence I had collected but I was receiving death threats over if I continued to write it.

Today 3/20/2024 I almost picked up another once I could send in to get a REAL ID for the USA but still I would rather burn myself to death than have one. I just don't know what is next but I know what is past. I dedicate all my books to anyone who as every shot and killed a police officer.

Someone blundered. And it was the police. And I know what others know. Don't be taken into custody if it can be avoided. Dirty Tricks are easiest for those who have badges.

Cuba Mafia Pamphlet

Cuba and the Mafia drug dealers and gamblers and smugglers hoping to get Castro out is the best understood and most examined story of the Mafia. Yet these figures overthrew Gautama much earlier

and had planned to and did overthrow Indonesia much later than Cuba. The story of these Mobsters is introduced as occurring under Truman as early as 1951 though he said he intended the cloak of information gathering of a CIA more than dagger of wet division, and FDR who regretted it and Eisenhower-Nixon who engaged in world crimes under the espionage capability created by the FDR legislation. Eisenhower also came to warn of the military industrial complex and entities controlled by the CIA and US DOD but Nixon was its biggest advocate.

"*Marilyn Monroe was killed by drugs administered by thugs. Failure to solve that crime put JFK next in line*". That is text taken from a longer poem written by Bill Truels concluded the most extensive research into the death of Marilyn Monroe available and who had massive insights into the Deep State.

As Greek in Chicago he knew the story of Eugenia "Becca" Pappas Birth: 1944. Illinois, USA. Death: 1962 (aged 17-18). Chicago, Cook County, Illinois, USA. She had heard and repeated mobsters working for Sam Giancana left Chicago to fly to California to kill Marilyn Monroe. Becca was killed inher car by mobsters shortly thereafter and was found floating in the Chicago river.

Here is the Modus Operandi the mob used on Monroe. Chloral Hydrate and Nembutal were using in combination and delivered rectally. I Edward Paul Donegan suspect this barbiturate death was used as a toxic weapon on Dorothy Kilgallen too. The combination of these drugs act like the three drug protocol of lethal injections that paralyze the muscles of the body and including the heart and lung functions. In the case of Nembutal and Chloral Hydrate seizures and perhaps vomiting would be cause by an overdose except for the seizure

suppressant affects of drug combination.

The Books

The Great Treason: High and Petite Treason in the USA

Chauncey Marvin Holt gives a deathbed confession he was a Hobo with Charles Harrelson and other CIA operatives organized by William King Harvey and others that assassinated JFK though he asserts

some like himself were patsies who did not expect the outcome of JFK being assassinated by the team he was in providing support services to the team.

"Coup d'état (Chauncey Holt) When the shooting started at 12:30, then immediately after the first shot, which was a weak type Of shot, I realized that this was not any simple demonstration. You know, in addition to the shots people were screaming and running in all directions. I didn't actually see the shooting although I was behind the picket fence within 35 yards Of the motorcade, but I didn't see it."

Extensive non-fiction that shows the 100 year history of the espionage covert Special Relationship between England and the USA that led in to the Kennedy Curse and how the Donegan (my own and other families secretly were tied to that history under Hidden Identities and Underground Railroads during several world wars.

Pillory: Tools and Fools of the USA

I try to write my book but really noxious cabbage hits me on the head from the side as I type. Spectacular Spectacular Spectacular. A spectacle of conflicts. How I am treated as teen-phile is a fight when they deny having treated me as that. The fights that people start with me retaliating for how I appear to be a teen-phile and the fight to write my book as the distraction of how I am being treated calls my attention away from writing. My books document the JFK ties to attacks on me that I am usign for law suite filings, police oversight filings https://www.austintexas.gov/department/office-police-oversight, books on history for, law suits I am writing as part of the fabric of works, etc., I also have provided the materials to the US Marshalls at Corpus Christi court house as to assertions of crimial racketeering and public officials either involved or under threat. Letters to coronors are included, etc.,

Ted L. Gunderson An Edited and Approving Biographical Anthology of his Life and Works

Ted Gunderson was the right-hand man to RFK fighting the mafia that was run by Vice President Richard Nixon in the 1946 to 1960 years. As the Kennedy's gained power in the USA and world global dirty business operations subverted the USA and other nations. JFK and RFK attempted to shut down the CIA but it was too globally located to respond to the US Presidency and and held too much allegiance from British trained and supported Espionage in the USA operating as the US Government but through NGOs that again were difficult to control from inside the US Government. It would be comparable to NASA trying to control a long gone satellite past its available connections back to Earth.

A former senior official of the Federal Bureau of Investigation says “rogue” military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based

"*gang stalking*" (harassment, intimidation and domestic terrorism) directed at thousands of U.S. citizens who have been extra judicially targeted as "dissidents" or *undesirables*.

"Based on my thirty years' experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube.

MARY FERRELL FOUNDATION https://www.maryferrell.org/

CIA legend E. Howard Hunt.(img not shown here) In his 2007 book, discussions with his son, and a tape recording, Hunt outlined his "benchwarmer" role in a CIA plot to kill JFK.

Someone would have talked, so the saying goes. But people did talk about their involvement in the JFK assassination--some did so publicly, and some only to intimate associates. So, were at least some of them telling the truth?

Confession of Howard Hunt - CIA master spy and Watergate participant E. Howard Hunt named names to his son Saint John, and created a tape to be released after his death.

[Greatly factually enhancing the on-tape confession of his father St. John Hunt tells the story of the events he witnessed and lived within his family as Watergate occurred, the post WWII era in Japan under spy-masters and E. Averell Harriman, and his mother Dorothy later likely killed by the CIA in the UAL Flight 533 crash. Ed Donegan (myself) uses extensive content from his several published works. - edp]

book tells of the Right Hand operatives of the spooks, hoods, and hidden elites and the children of them. The Burns Family or the Hunt or Donegan family. Generational changes from conspiracy to truth telling.

John Martino's Confessions - John Martino, who played a post-assassination role in the attempts to pin the murder on Castro, talked to his family and his lawyer about his peripheral involvement in the crime.

David Morales - We Took Care of That SOB - JMWAVE Chief Operations Officer David Morales, aka "El Indio," told lifelong friend Ruben Carbajal and business partner Robert Walton that "we" had taken care of Kennedy.

Santos Trafficante - It Should Have Been Bobby - "Mob lawyer" Frank Ragano wrote in his book that Santo Trafficante told him that he and Carlos Marcello "should have killed Bobby" instead of JFK.

James Files - Grassy Knoll Shooter? - James Files claims to have fired the fatal head shot from behind the grassy knoll fence.

Chauncey Holt - One of the Tramps? - Chauncey Holt says that he forged Oswald's "Hidell" ID card, among other activities, and is the oldest of the "three tramps" depicted in photos of Dallas on November 22, 1963. Holt names convicted murderer Charles Harrelson as one of his companions.

The list above is certainly not a complete list of confessions. Also, many other people have alleged involvement with Lee Oswald or some aspect of the JFK assassination story, but not with the murder

plot itself.

…

That many of those figures did kill JFK and others is well documented. What Jen Moore and Ted Gundderson and William Cooper were silenced over is the Deep State CIA that gained and retained power or more likely always held power except from 1961 to 1963. Jen Moore and Ed Donegan continue the work of Ted Gunderson, William Cooper, Phillip Marhsall and others telling the Bush Rockefeller DuPont Rothschild CIA truths to the world and the assassinations that protect the elites.

The State

Loyalty to Loyalty is Loyalty. Loyalty to Disloyalty is Disloyalty. Loyal People in Loyal Government is internally consistent. Disloyal People in Disloyal Government is also internally consistent.

No foreign hands by any loophole or criminal means may ever control US Domestic Lands. The "Eastern Establishment" in the USA have since the 1950's under Eisenhower Nixon Prescott Bush LBJ supported British colonialism and dirty tricks against the USA and other lands.

Obstacle from Vocabulary.com

Other forms: *obstacles*

When the road is blocked ahead of you, that blockage is an obstacle that keeps you from getting where you want to go.

The Latin word that is the source of the word obstacle combines parts that mean "to stand in the way of," so an obstacle is something that stands against what you want to do. In a dramatic piece, the obstacle is the person or thing that keeps a character from achieving his or her goal. This creates the conflict in a play: since conflict is what drama is all about, the obstacle is the source of all drama.

1. noun something immaterial that stands in the way and must be circumvented or surmounted. “*lack of imagination is an obstacle to one's advancement*” or “*the poverty of a district is an obstacle to good education*”

   Synonyms: *obstruction*

2. an obstruction that stands in the way (and must be removed or surmounted or circumvented)

- Vocabulary.com

The resultant fight with an obstruction is concluded as the liability of the person who was trying to clear an obstructive act of another when that others asserts equal or better right to the path than the person being obstructed.

Those who become obstacles (if they come from a consistent identity or group) are part of "programming" resentment in the Target being blocked by the obstacle. Strong and volatile emotions even crippling emotions may develop over time towards the identity of the road-blockers and even if a Target of roadblocking does not act on emotions they may still be distracted by them, distracted by the harassment and documenting it, and altered in the viewpoint held towards who are making themselves obstructions and obstacles. Complex Posta Traumatic Stress Disorder is created in a Target by repetitive abusinve conduct aimed at the Target. Often the abuse ranging from Microaggression that are fairly concealed and subtle to aggressive confrontations such as threating and aggressive panhandling or other intrusions by the mentally ill or other person who will enter the personal space of the Target and begin making a scene with the Target.

Mr Donegan were you already being framed by Thea Smith (a mentality ill neighbor placed there and working wit Tom Donegan) in a seeming scandal Penney Asheley and her Arlington church may hae setup? Yes I need test strips, etc., laundry money, things like that. She did not get my TRust fund in use she eent me to her church. That church piney dialogue was part of the Legend i was in a scandal. I was not, I came to Arlington TExsa with no access to my recovery funds. THe same was done in South Texas implicating me (via fraudulent acts in what I had nothing to do with. First United Methodist Church seemed to want to rewrite wills and I thik so they could assert reciprocity in sperm and egg banks demands . They staged toxicity of mine not at ll like me . Part of that was because they

figured out who Goths and Cybergothers were, Right Wing tweet accounts about Twitmo (Twitter Gitmo) and things, and they thought my assets of they had them could be a system of funds for what is staged and not what is true, But the smears left me homeless as I accused all around me were shills and thus "identified myself" as being a mentally ill pervert who could tell he was being outsmarted by the investigation of suspicious under-clad minors near me. It fallowed me to Texas. The police and Sequoia Plaza mental health services wanted a racket of impersonated confession of me matching suspicious circumstances.

Google; the practice of exchanging things with others for mutual benefit, especially privileges granted by one country or organization to another. "the Community intends to start discussions on reciprocity with third countries" In Ed's case they are using Pay Up OR be arrested where a person not me confession and makes restitution (under police pressure) for criminal or debt forgiveness by payouts when fabricated by a person who confesses under my identity, under duress no debts though were real or confessions of the dopple the police use to demand payouts are real or even really me. The wanted Long Con atomic testing tied DNA also tied to other world scandals and history so faked a basis to demand payouts.

Later Jen Moore began turning Whistle-blower to the illegal acts of police and sheriff and marshals but was assassinated to silence her and the story I am telling. "Up the wazzo with filth? One might imagine what the wazzo is and why the wanted to be valued as heroes when the were dumpster filth looking for fame.

The crime as a smear campaign. I documented that including elder abuse but was placed in Veteran Center (why) where in a few months some 800 forms of odd attacks occurred on my by in-this case people who asserted they were US DOD Illuminati blacks of he Age of Reason. Later some claimed it or in a bumbling way hid they were West Point intellects who needed access to me in pscy wards.

First I thought they were wrong about me getting some facts or tendencies about me wrong then I found the smears were calculated to destroy me and they knew better that what was being acted out.

Q. Mr Donegan you assert local religious entities have an illegal PsyOps false flag working against you. You assert that it is part of a sophisticated illegal dirty tricks program profiting of false allegations so elites have the life of a JFK witness destroyed. A. Yes, and they claim someone not saved by Jesus is given being tempted by sin. In fact the religious groups are tempted into fraud that makes heroes of them to women.

The real attraction to me in the Arlington VA gyms and later in Texas was to defraud me abusively but they acated out I was a loser with them on my trail again, it was all all lie.

Because some of those had "acted" things I was doing wrong comment that fit the lie and not the truth they were found dead. Before that though I had left Corpus Christi and had found out the Mexican criminal interests held the DA's office as sort of once gang NOW on the hunt for a criminal. THey staged they were victims and confessed through Bobby and Jimmy many parts of the fraud. I have research the Nueces Court Court House area and all they said (before they were found dead) about Mark Gonzales and others was true. What the probably knew from my contacts to Blake Farenthold this was long running. I took me several moths after that contact to learn in Station Church Corpus Christi all the same factors at Veronica HOffmand's death were being repeated exactly and I expected more deaths from the gangs. I warned the Gang Unit of CCPD and others that they alleged (Bobby and Jimmy) there openly in street gang activity that through the courthouse was asking fo favors from the. I noticed both CCDP AND Station Church CC that these two had a high risk of dying based on the fake names and other commonalities used in the Stalk, I then left for California and things continued.

Q. Mr Donegan you grew up on the San Francisco Bay Area

and its bondage community. One of the terms in that community (and are of activities you do not use on others) is "predicament bondage." What is that? A. It is what I assert Zersetzung is. An abusive abnormality is created by those under alibis and cover-stories harassing a Target. Often the harassment is such an impediment the Target has or feels the necessity to remove the predicament posed by the harassment.

Q. And the Pluminattti? A. Bike messengers in clouds of pot, riff raff in old cars churgaling down the road in ways that ask legislators to create trade in programs, etc., or Paul Barton Mall Cops or losers who think their security job is sort of a military veteran glamour is warrior capabilities.

Q. Many Targeted Individual claim injury even aggravated injury. Do you and what do you mean? A. Many criminal acts often conducted under-cover cause injury as real but amorphous as privacy violations of being seen naked or having a home or papers or affects examined, etc., Some crimes are about a profit for the thief and in those cases theft, robbery, or fraud may create a loss for the crime victim. In those cases of a profit motive the criminal my be callous or negligent to the harm done to the target. Most Targeted Individuals feel the profit the criminal gets is byproduct of the harm being done intentionally to the target. Compounding and injurious attacks are the goal and disrupt all parts of the Targeted Individuals life.

[Interrogator speaking] Mr. Donegan let's do some word association, words you and others use and what meanings you associate with them.

> **Trained Monkey Acts and the Target of Covert Abuse**
>
> **Target**

A *Target* of covert harassment or abuse in this context. In other contexts of course Target can have other meanings such as a target of CIA recruitment program to invite the CIA recruit to join an illegal corrupt program. That of can be seen as abusive to the Targeted individual too, but the CIA might make the participation in the program very lucrative or inviting or a pathway to new opportunities.

Flying Monkeys or Workplace Bullies

Agents-In-Place of the CIA or FBI or Marshall Service who while under-cover "fling abusive matter" at a person, injuriously defrauding them, smearing them, harassing and annoying them, etc., Often while swinging by the Target they pretend they are only talking to each other on the Trapeze or sidewalk, but the matter was clearly sluing at the Target nearby

Pestering Monkey

Pestering Monkeys also move towards the target. Pestering monkeys become neighbors who cut building wiring both power and internet, conduct break-ins at police instructions, take over the rental office and fake records, etc.,

infringement

Q. Mr Donegan you use the word Tresspass as common law concept and statutory law concept. But you offer the word Infringment as well. A. Yes. Infringing on someone's space such as a stalker who is making abusive, threating, or other obviosly hostile acts infringes on the use of public space. This morning of 10/24/2024; for instance, I was waiting

for the 1 line bus across the street from a Travis County building. A homeless person allegign schizorphrenic converstions in his head happed to walk by my saying I did not belong here and similar concepts. I have heard that before. I came back from a gang violence attack in Corpus Christi several times. One hispanic youth was saying to his black dog next to me, all of use on a few feet apart along a near empy large seawall walkway, "you don't belong here because you are white." I observed to him his dog was non-white and who was he talking to? This happens sometimes 100 times a day like people saying thank you to the back of my head at H-E-B South Congress and I call it out. THey say they were not talking to me but they were clearly in my space doing so. Gangland neighbors mostly black would put their faces to my apartment windows from outside making faces into my apartment or their buttocks pushed up to the windows. THe police backed this although I said citing Texas pricy laws they were not allowed to be looking into my windows as an intended act of theirs and from a position as close enough to be touchng the windows. The lease was infringed upon when all records they were creating were wrong and linked me to apartments I was not in by incorrect ledger statements, and break-ins were conducted under the alibi of building maintenance. Evidence plants were part of that as was theft of office equipment. I have infringed on copyrighted work but use it as material evidence of criminal conduct elucidating the motives of official who have muchg to hide from a writer like myself writing my families Cold War story. I attempt to credit all use of other content, sometimes I am moving to quick and will get back to it later or never do.

An infringement is a minor offense that involves breaking a rule or a law. If your sister takes a chapter from your book and publishes it as her own, you could sue her for copyright infringement.

An infringement can result in legal penalties if you're breaking a law, as in the case of a copyright infringement or a patent infringement. An infringement can also be a violation of a rule or an agreement that applies in a specific situation. In that case tre are no legal consequences, but there are still penalties. If the referee sees an infringement of the rules during your soccer game, he'll penalize your team by awarding your opponents a free kick.

1. noun. an act that disregards an agreement or a right. synonyms: violation

2. noun. a crime less serious than a felony. synonyms:infraction, misdemeanor, misdemeanour, violation - https://www.vocabulary.com/dictionary/infringement

A. Yes. TO destroy a person's life (and mine has been destroyed across my normal years of lifespan) a method is provoking conflicts by subverting and maligning success in life. Virtue likely exist in all in some ways or some measures. To destroy a persons life Vitriolically is to go about contesting a person's Virtues and asserting it was Vice instead. The vitriolic party will often assert they themselves have the virtue and should be chosen in preference to the person being vitriolically attacked. This has been the story of my life.

A Bastion is a military fortress that might be implied to be a place safe from attack like a of a castle. A Bastion Alibi attack uses cover resources hiding under an aliby to commit illegal acts include acts of aggression, money laundering, murder and more. This might be a US State Department facility in Latin America or a Russian diplomatic mission in NYC. International Rescue Committee, USAID and other programs were CIA fronts. A counter-attack on a Bastion Alibi is setup to be lethal for the counter-attacker. Often children are used, people of color, the retarded and helpless, or other role players who will be part of covert illegal programs while denying it.

Q. What are some of the things Jen More spoke of about trying to traumatize people, rub salt into wounds, or use repetitive exposure to the unpleasant? A. Like with Ted Gunderson I will some common terms in. THe MK ULTRA system of infliction of pain or distress psychologically by harassment goes to Selective Perception. Most people focus on what is necessary to their activity and also to what is pleasant to themselves. Forcing perception of the environment to the disgusting, alarming, unwanted inflicts distress.

As to the false flag a parade of grifters, shills, con artists,confidence men, whatever, go about making it look like I am exploiting under age females with my eyes or personal affects in my possession like alleged hidden cameras. One that is staged and an impostor of me forges a confession alleged to me the entire grift has a series of payouts they expect as the profits and role of a protection racket falsely asserting I am threat and not them.

A. Abusive Treatment. If you look at the CIA techique in memory erasure, mind control, etc., as Jen Moore and others assert it begins with traumatizing a person. Of course other illegal acts are as simple as poisons, D-E-W, heart attack guns, etc., but an endless string of disputes an abused person has to fight the more the person seems their own worst enemy, and a problem for the public to cope with. In reality the abused person is being abused and the reports of being abused a real although the reports are difficult for others to believe. The

abusers use allibies.

Attention Slapping, Happy Slapping, Abusive Slaps, Memory Erasure, and programming are really all in a single concept. A person can be programmed to attack a neighbor IF that neighbor (who was planted there in an adjoining apartment) does nothing but bang on the walls all night long when the Target of the Abuse wants AND NEEDS to sleep for the next day. Similar happy moments as slapped down by some abusive imagery or sounds or actions, and happy or normal moments are "erased" by some sinusoidal opposite image close enough that by mocking the original image the mockery becomes implanted in the memory of the target with the original image or even replacing the happier image.

In my case too the public hears people saying "Ed Donegan is near that child again" or similar things when in fact the truth is the other way around and the person as a harasser or me and my image as I am seen by others in a context that was faked. One example was when I swam for health the pool would turn to kiddy-hour as I was in it (non schedules) and I was in a pool full of kids. That has happened many location in Texas including in the Dallas Cowboys stadium when I visited it.

In my case migrant farm families, others, moved next door to me. When I ate dinner in my apartment and THEN left to go down the hall afterwards that who migrant family across the hall would walk out and down the hall with me, regularly doing this, acting out we were family members in a familyi dinner. In a way the Gang Stalk places a person in a context that is as creative as any fictional environment. Who surrounds a person in affect moves a person into a Mexican village, a State Prison, etc., as those individuals or groups form around a normal person. The person like myself my well fight with the Stalkers, but the Stalkers while in illegal acts ARE supported by the police in a long string of harassing illegal acts. Often it begins with a Dopple whose acts become the basis for a series of police actions including the Stalk itself as investigatory measure or safety measure for others.

Q. So you are saying it is like waterboarding. Though the person may not be in physical threat that loss of control of when to breath panics a person bring trauma, and the trauma is something the detainue wishes to escape? A. It is not ME saying that it is the US ARMY Field Manual on Interogations saying that. Here let me show you.

https://www.armyupress.army.mil/Portals/7/military-review/Archives/English/MilitaryReview_20101231_art004.pdf

Examples of enhanced interrogation techniques include the following:

1. *The Attention Grab*: The interrogator forcefully grabs the shirtfront of the prisoner and shakes him.

2. *The Attention Slap*: An open-handed slap aimed at causing pain and triggering fear.

3. *The Belly Slap*: A hard open-handed slap to the stomach. The aim is to cause pain, but not internal injury. Doctors advise against using a punch, which could cause lasting internal damage.

4. *Long Time Standing*: This technique is described as among the most effective.

Prisoners are forced to stand, handcuffed with their feet shackled to an eyebolt in the floor for more than 40 hours. Exhaustion and sleep deprivation are effective in yielding confessions.

5. *The Cold Cell*: The prisoner is left to stand naked in a cell kept near 50 degrees. Throughout the time in the cell, the prisoner is doused with cold water.

6. *Waterboarding*: The prisoner is bound to an inclined board, feet raised and head slightly below the level of the feet. A wet towel is placed over the prisoner's mouth and nose and water is poured over him. Unavoidably, the gag reflex kicks in and a terrifying fear of drowning leads to almost instant pleas to bring the treatment to a halt.

Q. Mr Donegan you assert some of this made it look like you were hoping for glimpses of buttocks. A. Of course and I have. Ever heard Coffee, Tea, or Me or another soft-core comment going back to that era that goes like this "Are you a Eyes, Legs, or Ass man?" Why limit yourself of course. I never have. Can't have too much of any. But this idea I am a compulsive person who does not respect time, place and manner, or consentuallity is mostly wrong. I have downloaded some shower cam, etc., but that is rare to non existance whereas plants of that kind of thing

as false allegations against me are common place.

Q. Do you believe you have been harassed while inside your own homes, harassed by police making a joke of you (and unfairly so) and have you fought a decades against his in Texas and that the dispute is not you fault? A. Yes, and I have spent more than 3 decades trying to figure out why I am being stalked and why race has always been a part of the stalk. I first thought sociology and now I think this goes back to Atomic Testing and hidden identities of MKULTRA made me DNA even more a target of frauds and harassment than me myself. I had considered a few things that would be seen as self destructive. I could have and once did think about getting a compound bow and some double broad-head tipped arrows and standing at the Lamar Blvd Texas Department of Public safety demanding a cease and deist. They could kill me easily, they could handle a bow attack on their personnel quite easily and may well do so non-lethally. But no matter what I end up without a typewrite, the conditions DPS is trying to build in anyway possible. I also believe what Jen More believes. THe cover-identities the CIA, FBI, and others use are jobs inside government criminal justice, and to institutionalized is to be a sitting duck. There is just no way around the truth. Until government corruption ends and as Chauncey Holt and Prouty and E. Howard Hunt and others have explained the Deep State, the state is a danger. I am trying to work WITH the state and not against it. But they don't seem to have any intent to cease and desist so I am trying to get out of the USA. Zersetzung is they I pull a knife on them or something like that and they had no choice but to arrest me or shoot me or something like that.

Q. Mr Donegan you assert this was used on Sirhan Sirhan, and possibly others? A. Yes.

The Ultimate OBJECTIVE Of Harassment : To induce and sustain long-term extremes of stress, and to force the individual to commit an act of violence, whether suicide or murder, that can be plausibly denied (hence the ultimate "success" of the operation). - Julianne McKinnev Former Intelligence Officer

Description We start with a documentary consisting of an electrical engineer, an AI and quantum computer expert, a targeted individual, and, a security insider, who discuss the reality of microwave frequency weapons. The next segment is a brief description of electronic harassment and organized stalking. We conclude with a 2006 interview by Greg Syzmanski who talked with former U.S. Army Intelligence Officer and whistleblower, Julianne McKinney, about the illegal and unethical surveillance program being conducted on U.S. citizens. https://www.spreaker.com/episode/episode-5-microwave-harassment-and-frequency-weapons-with-julianne-mckinney--58648200

I Edward Donegan assert others like Carl Clark have said the same things. Covert attacks on citizens traumatizing and injuring them leads the traumatized into fights and that is the end goal.

In other words I Edward Paul Donegan throw my life away and look like a terrorist, not a victim of MKULTRA that is tied to the Kennedy assassination. I think they the abusers want me to fight back but during the fight take the high ground morally and in position of fighting me once the fight starts.

Q. Mr. Donegan you assert you, Judge Roll, Veronica HOffman (a Los Angeles Dominatrix) are closely connected in ring of events surrounding your mother and her trust fund, and also Micheal Hastings and the Navy Yard Shooting, and though mocked for it you have gone to the Russians for help on behalf of the people of the USA? A. Yes. And my family and the families of those named here. I am going to talk about a Noise Campaign and my own home. I think you will find it similar to what Ted Gunedrson, Geral Sosbee, and Judge Roll have said and was seen from Veronica HOffman. I have to start first with the idea of trackers.

Q. Mr Donegan do you mean as in political trackers who go to other party campaign events to gather oppos research? A. In part yes but even more so some of those you just described may

be the Cloak piece of Espionage. The Dagger piece is a little bit different. Attacker Trackers are often homeless people in lock-steps with the political enemy. IF the person being tracked is getting too close to getting a message out the Attacker Tracker will start a fight, create a distractions, threat situation, etc.,

Q. But you think although your politics are rare since the early days of the Constitutional Convention (limited executive, racial cynicism on equality, and a vector towards paganism or deism) that are outmoded today it is not politics but the danger corrupt politicians feel towards whistle-blowers and the large internal conspiracy of post WWII planners that withing the USA allied with Great Britain and its methods and needs of the royals over US methods and constitutional methodologies? A. Yes. And because smears are how lives are destroyed most allegations about me are made up or tricked-responses to aggressive stimuli. My politics are fair game for complaint or argument, but not a basis for criminal actions against me. THe need for criminal attacks on me are rooted in the needs of corrupt politicians hoping to silence someone.

Q. Mr Donegan you started your Conspiracy Theories based on the Roman Catholic Irish immigrant profile of the Donegan's and Kennedy's versus the Boston Elite. Have you found an Abuse of Power profile as well? A. Yes. The need to "see the blonde or others in bikini's" in an immature way of a young child really belonged to skid row of Corpus Christi and its socially naive and ashamed Christian community. Through the more adult me the hoped to live my more adult ways, but they started with losers from their own community who would use my trust fund for lessons to "grow up" and be a part of world-class adult entertainer and glamorous society. So they portray me as the person who needs that education. I got since being a teen in the San Francisco Bay area.

Q. Mr Donegan you think something like The Bourne Identity is underway. You were a normal guy, some security work in Information Technology but there were living memories and oral history in your family that go back to very dark secrets and black-ops programs of assassinations and overthrows. Your

research is going back to your family of origins history in that as the agencies involved try to silence you. Give us background on the Bourne film franchise as a mental experiment in created a non-fictional parallel.

https://en.wikipedia.org/wiki/Bourne_(franchise)

The overall plot centers around Jason Bourne, a CIA assassin suffering from dissociative amnesia, portrayed by Matt Damon.

The Bourne Identity (2002)

A man is found floating in the Mediterranean Sea with two gunshot wounds in his back and a device with the number of a Swiss safe deposit box embedded in his hip. He remembers nothing about his life before

> [And Ed Donegan had only very partial knowledge of his parents James and Glorian DOnegan in the assasinations program and military history of MK-ULTRA.[]

Upon reaching shore, the man assumes the name Jason Bourne after finding a passport under that name in the safe deposit box, along with other alien passports, large amounts of assorted currencies, and a gun. He subsequently attempts to discover his true identity while countering attempts on his life by CIA assassins, eventually realizing that he is one such assassin who failed to complete his most recent mission.

>

> [Ed Donegan believes the JFK assassination is tied to that history and the CIA group is trying to cover it up

Bourne breaks his connections to the CIA and unites with Marie Kreutz (Franka Potente), a woman who helped him learn about his most recent actions prior to his memory loss. Bourne's conflict with the CIA reaches a climax when he takes the fight to their doorstep.

The Bourne Ultimatum (2007)

After six weeks of disconnection from his job, Jason Bourne (Matt Damon) learns that a British journalist (Paddy Considine) has been investigating his past and contacts the journalist to find out the name of his source. Bourne is subsequently targeted by Operation Blackbriar, an upgraded Operation Treadstone, which also has taken note of the investigation. Believing that Bourne is a threat and is seeking revenge, Blackbriar's director Noah Vosen (David Strathairn) begins a new hunt for Bourne. Bourne manages to take classified documents proving that Blackbriar has targeted U.S. citizens; he is aided by Pamela Landy, who disagreed with Vosen from the beginning and does not support Blackbriar's existence, and former Treadstone logistics technician Nicky Parsons (Julia Stiles). She may have had romantic feelings for Bourne before his final mission and resultant amnesia. Bourne finally comes face to face with the person who oversaw his behavior modification as the first Treadstone operative some years earlier, memories of which resurface. Those responsible for Treadstone and Blackbriar are exposed, and Bourne goes underground.

The Bourne Supremacy (2004)

(film)"The Bourne Supremacy (film)

Some two years after learning that he is a trained assassin and breaking his connections with the CIA, Jason Bourne (Matt Damon) is framed [as Ed Donegan is] for a crime to cover up the true perpetrator. An attempt on his life by Kirill (Karl Urban), a member of the Russian secret service, results in Marie's (Franka Potente) death in India. Bourne, thinking that the CIA is hunting him again, proceeds to hunt those responsible for her death and his forgotten past. Bourne discovers that Ward Abbott (Brian Cox), one of the men who oversaw the program which trained Bourne to be an assassin (Operation Treadstone), had stolen millions of dollars from the CIA [creating Zapata and other companies]. Abbott had planned to frame Bourne for the theft, followed by assassinating Bourne in India. Bourne exposes Abbott to Pamela Landy (Joan Allen), the CIA officer in charge of finding Bourne, after which Abbott commits suicide in front of Landy. Bourne goes to Moscow where he is identified, resulting in a long car chase through Moscow, ending with Kirill's death. Bourne is in Moscow to find the daughter of Vladimir Neski, whom he killed in his first mission. He appears in her apartment and informs her that her mother did not in fact commit a murder-suicide, but that they were both killed as his targets. Bourne then goes back into hiding.

Q. How do you describe the danger of this? In my home it COULD BE as simple as some of the problems I had from surveillance. Trying to do jump rope on my balcony all could see Attacker Trackers would gun engines and try to disrupt the rhythm, sudden interruptions by people, in more public

locations people will way hands frantically near me, etc, making holding a stead rytym very hard. But it was more than that sometimes. When I bought a small circular saw and was trying to cut scrap would and get nails out and work around them, startling noises, the same thing when I was on that fourth floor balcony on a precarious ladder trying change light bulbs.

Q. Mr Donegan for a long time did you believe the stalkers acting out accusations about you might just be mistaken about you and did you try to correct the with corrected information about events that were being referenced? A. Yes and I began to see the stalkers had detailed knowledge and probably did know better themselves. And even after I gave my credible and confirmable version of events they refused to accept that continuing to act out a baseless accusation. I even began to as time went by to see more of the mechanics of what they were trying to accomplish with the sear.

Here is one example. Once homeless in the 1990's with some former AA members on an abandoned horse farm on a Contra Costa California sheriffs property those who had invited me to squat on that land were dating and doing drugs with an underage teen. I discouraged and complained about that to them. I complained about their driving while doing drugs. And they wanted to force an adutl woman into dominatrix activities. I was ok with referals of her to established and law abiding places but never force someone. They DID believ in forcing her to accommodate their drug needs and she was violently beaten by those drug users. I had advised her prirot to that to stay far away from them and after that to report them to the police (I would back her version to the police as well) but she said she was too afraid to do that. In Texas that story expanded to I had forced her AND that she was a star trek fan who mistakenly had gotten near me and the star trek scene needed to be protected from me. I think they found the star trek scene and made excuses about me to get near it. I had no indication at the time and have no information now she had any connection to any star trek like social interests or connections. But that scene is a lot over over 40 high tech white people and my stalkers have wanted to infiltrate that. Just as Star Treck writes have in its

long tradition with Russian Helmsan, female Number Ones and Captains, etc., But that is not the same thing as a protection racket though.

The affect of a terror stalk is unsettling and because of covert messaging bullying one person with references tied to their lives (often in a defamatory and treating way) it may be hard for otehrs in public to see through the alibis Stalkers use to conceal they are following and harrassing a person, or the Stalker may be effective in labeling the Target as threat and even ask the pubic for help. I have asked the Russians for help because they have seen info on these matters and i want help on my TWA flight 800 reserach from them.

Mr Donegan you assert you standing in life and opportunities have been coopted by abuse of power. You have a name for this, *Trading Places utilizing Dopples and Smears*

Q. Do believe part of this has something to do with prison programs? Why? When I arrive in Corpus Christi I was going to AA and NA meetings. Someone offered to be my sponsor. He said he was working with others on building a program of recovery similar to AA but for prisoners. I told him I was not interested in a sponsor trying to write any books or anything like that. AA meetings turned "topic discussions" about things I think counselors like Arlington County Texas and later Nueces County Texas wanted theory of, concepts discussed, things like transcendentalism, and AA and NA was were they could conflict engage with me (as was done before) and I was interested in that. I had been done at Good Sams homeless shelter too, people in fact a scuzzy black ghetto woman followed me from table to table at the homeless shelter shouting at me about white supremacist and she worked for DHS and the FBI and wanted to argue points. I think it was later on Leopard Street as I was trying to do laundry she was running across the street violently yelling at me and dropped my laundry bag to be near a camera if the attacked me though she did not.

Did most of all of the shill group of role players and attackers

seem like ex con Willie Hotron skid row types? Yes, and they were suddenly wearing endless amounts of beads, bandannas, peace signs, leather rocker jackets with studs, etc., and were a new kind of cool for parties. I think there wer in socialization program tying to seem less skid row in their intellect and appearances, and be a better fit for more normal life. A few of them did say they were modeling it on me. Another one said "clone media" and seemed connected to the Domina scene, cloning aesthetics that would work and offering them to aspiring dominas, etc.,

A. Yes.

The Dopple is designed in a way that serves the Aggressor's needs as to how the Target of Aggression should be viewed by the public. Acts of the Dopple including confessions of the Dopple as being involved in misconduct are circulated in the population group the Aggressor wishes to manipulate and control.

As this happens the Target of Aggression has a difficult time in life. Apartment and home buying and car buying applications are turned down on excuses, jobs are lost or never materialize, etc., In the meantime Aggressor study of the Target of Aggression will mean the Aggressor may realize industrial espionage benefits.

As the Target of Aggression is treated in a way that is more due the Dopple the Target may land in fights, get arrested over conflicts, etc.,

The Smear Campaign the Aggressor is waging can be used in Grand Juries, psychological evaluation background briefings, FISA Court or other surveillance warrant requests, etc., and result in blacklisting and blackballing the smear victim. The hostility between the Aggressors and the Target of Aggression will work against the Target if Aggression is the Aggressors act through those viewed sympathetically.

Attempts to name the Aggressors as participating in fraud will often be retaliated against successfully because 'the Aggressors often have occupied positions of power such that they can conduct the covert operations and maintain the alibis the cover actors use rather than cease and desist from the frauds being perpetrated.

As for Best Guesses as to allegations surrounding your life came from music was a part of it. Can you explain arriving in Corpus Christi around 2014? A. Yes. At that time I had about 100 playlists on Youtube. It was part of my excersize and life generally going back to Haight Ashbury. Many of them were from exotic music generres. Of the Goth someone had a fairly creepy one following goth girls around and noticing buttocks. I didn't care that much. It reflected more on the filmer. IY remember at the world soccer match some women tore their shirts off and wore their sports bras as they used the shirts as streamers. THey were saying when asked "should others do that publicly?" The response one of them gave to the interviewer was "If the person is comfortable doing it, of course they sould feel free to." Good answer.

Q. Was their anything else? A. Yes. I was telling others of 1980's goth, Faith Industry band a friend of mine was in, Theramins that the band used, English Beat and girls dancing with their hands over their buttocks. This was being copied as the "Legend" of others and what they "secretly" knew as their first hand experience. I don't know in this case, but often things like this have been the case.

Q. Mr Donegan when you came to Texas were you working on a follow up to life with your father called The Atheist Papers and have you had to suspend that work because of trust fund abuse? A. Yes. here is the TOC but there were extensive written and mental notes not included in this.

** Introduction

The study of Natural Law is the study of the Laws of Nature. The Darwinian Laws of Natural Selection and the Origin of Species, The Newtonian Laws of Gravity and of Laws of Motion that guide the Cosmos.

In the Classical Antiquity of ancient Greece ideas ideas came under study utilizing human reasoning which sought to explain the world as Humans experience it and the reason the world is this way.

Under the broad heading of “Philosophy” polymaths of Greece undertook the Study of Nature, the order it is found in, and the laws which govern it. This includes language improvements and further language development in Syllabic (spoken) languages, mathematical languages in which abstract expressions could be written or represented such as Geometry, Trigonometry, Algebra, and Calculus, rhetoric and logic and reasoning contemplated and discussed, and scientific observation techniques and studies of the mind’s ability to understand formed this study of Natural Law Philosophy, or Naturism.

It was the search to discover the Natural, not the Supernatural, ordering forces of the Universe and the quest to articulate these ordering forces in precise expressions as the Natural Laws which are visible through their effects.

Those were the time of Pythagoras, Aristotle, Plato, Socrates, Hippocrates, and many more.

During the thousands of year from the dawn of recorded civilization up until about 500 A.D both the process of reasoning and the substance of learning were under constant study and advancement and this section of world history was known then and now as the Naturalism or Natural Law Philosophies, the framework for understanding, expressing and interpreting Natural Sciences such as Genetics, Medicine, anatomy, physics, and more.

After the rise of Christianity and in particular the rise of the Catholic Church learning in the West was shut down with violent, sadistic, and brutal oppression which went on a millennia and more.

During the Western Dark Ages centuries of Christianity and church power asserted “Revelations” supposing explanations of Mankind’s existence and the universe in which we lived through the Bible and Church canon. To challenge the Bible or the Church was both Heresy against the Church and symmetric with of treason against the religiously sanctified State authority.

Both of those alleged crimes were considered the gravest threat to society and both alleged crimes were brutally persecuted by Church and State, self-interested power without Due Proccess of Law, in intentional duplicity outside of the regular legal system, outside of any rights of the accused.

Knowledge of Natural Law and philosophy ceased to meaningfully advance during the Dark Ages and much of what was known was lost as places of learning like The Academy and Lyceum, the respective schools founded by philsophes Plato and Aristotle were shut down by Christianity in 500 BCE. after each having had operated continuously for the previous 800 years alongside each other.

The Papacy would not tolerate Pagan learning.

It would not be until the 12th Century that Universities would reopen in Europe and even then only with priests being allowed to hold the rank of professor, these priests authorized to prosecute students and fellow faculty for Heresy in the Inquisition.

Thus, at the same time Universities arrived on the scene to meet the demand for skilled members of society (in engineering, math, law, etc.,) the Inquisition was formed in the 12 Century as a reaction to the formation of non-Church learning institutions. The Inquisition was used to torture, to burn alive, rip apart limb from body, and if necessary to kill scientists and philosophers who would not comport to Christianity.

Thus Natural Law philosophy underwent grave distortions and contortions as all Natural Philosophy of Man and Nature and all that governed both we subordinated to Christianity.

A series of cracks in Church powr opened the world to the Age Of Modernity in the 16th Century. Printing, ever more printing allowed political, engineering, and scientific works, political tracts, and the movement in the West of [Human] Reason Over [Religious] Revelation took root resulting in the Atlantic Revolustions (France, The U.S., Poland,m and others) throwing off Chruch and Nobility.

The Natural Law philosophical movement, reborn in The Age of Reason, was not only different than the study of religious revelation of the Christian Middle Ages it frequently found itself in opposition to religious revelation.

Should we believe Creationism Revealed in the Bible or Charles Darwin's Law of Natural Selection studied in

Natural Science as the origin of Mankind? When studying the Natural Laws of Gravity and the Natural Laws of Motion should we believe Heliocentrism or Geocentrism in Astronomy and the motions of the Cosmos.

And who should we believe in questing for the Truth? Chuch, Nobility, or The People, and what are the foundations for each choice?

In the United States whose legal foundations are based in Natural Law philosophers, whose "Constitution" and Declaration of Independence are Natural Law statements, the First Amendment separates the Church from Powers of State powers in order to protect Natural RIghts from the Church.

This is because of Christianity's brutal violent attacks perpetrated by Christianity upon scientific learning the study of Nature and the Natural state and rights of Man.

Much like King George, the Catholic Church had long abused State power to impede Natural Rights and impose Christianity. As with many other European/ Western governments founded on Natural Law Philosophy during the Age of Reason, protection from religious authority was seen as an essential and inalienable guarantor of freedom for the individual.

This was the separation of Church and State, in the language of the First Amendment, that no church shall become "established." This blocked religions from accessing the powers of the State to indoctrinate or enforce religious beliefs on the People. Religious fundamentalism and forced adherence to "established" scriptures or religious interpretations of scripture were off limits from civil government.

This did not impose Atheism on the citizen any more

than it imposed Islam or Catholicism on the citizen. It left religious questions entirely up to each citizen to decide for his or her self free from the State exercise of power, State indoctrination of children, or State declarations of “truth.”

The Seperation of Chruch and State did deny the existence of any religious instittution with sufficient claim which could justify intrusion on the rights of the citizen.

In most Natural Law documents the authors describe themselves as nearly enslaved or at least under the rule of Christianity and express their hopes to write in such a way as to avoid prosecution by the Church.

In Discourse, for instance, Rene DesCartes discusses his reluctance to publish at all, and if to do so, his reluctance to draw any conclusions from his data in his works, preferring to simply expose his scientific data to others and allowing others to draw the inevitable conclusions, since those conclusions are the inevitable result of analyzing the data.

Despite the oppression Natural Science and Natural Law Philosophy again began to flourish in Europe and led to movements such as The Scientific Revolution.

This was the birth of Modernity, and this is the period of The Scientific Revolution in the Early Modern Era which paved the way for secular thought, secular understanding, and secular civil society which would include protections of Natural Rights.

The work of many who engaged in the study of Nature in the Age of Reason was often carefully bounded to specific scientific questions in order to best match the limited capabilities science had to offer at the time and also to avoid dangerous conflict with the Church.

As time went on and the scientific results of studies became increasingly accepted as Truth and a new confidence grew in the members of Western Civilization who had dared challenge the Church, out of necessity, and slowly, and at great risk, but finally successfully.

From these scientific victories arising outside of the intellectual defeat of the Church and the spread of learning throughout society the concept of The Equality of All, that All Men Are Created Equal,l began to take root and the demand that Nobility and Ecclesiastical authorities recognize the of equality all was intellectually reborn bringing back democratic concepts for so long last from Classical Greaco-Roman antitquity.

Thus Church and State lost the “High” claim as superiors and the philosophical foundations of Mankind to self-govern (without the need for Religious or Noble Officers) was a matter of track record of Man being best able to find The Truth, besting the Chruch in both proccess and substance.

This was not the Age of the Gods nor the Age of the Nobles. It was the Age of Men, now all of Mankind joined in recognized of equality.

In Natural Law philosophy the method to understanding is Human Reason. As Protagoras of classical antiquity stated “Man is the measure of all things.” That which satisfied Human Reason as valid is the highest source of Truth. This is a great leveling from a proposed hierarchical theory of existence where some class purported to be superiorly enlightened infallibles who were able to decry Truth to ordinary Mankind.

In fact a major premise which arose in the natural sciences was that the science needed to be able to support itself. It was not important who made a scientific statement. The strength of the statement was

how well the evidence provided supported the statement, which was the measure of the soundness of the science.

As a proccess matter, this philosophy of Truth itself is Heretical and could have relusted in exectuion. Religion demands faith in spite of evidence, and faith in the word of Clerghy and Scripture merely because they are Clergy and Scripture.

As an engraved plaque in the Great Dome of the U.S. Library of Congress reads “Books should follow Science and not Science Books” and this was the theme of Natural Law Philosophy.

Reason over Revelation was a bold movement and formed the basis of The Atlantic Revolutions which included the U.S., French, and other Western rejections of Church and Nobility. It meant political, civil, intellectual, and revolutionary war against High classes.

Natural Rights, the right, the liberty, to do as any would be allowed to do in the Natural World with no government or other “brutish hujman” oppressors, such as the exercise of Freedom of Speech were certainly necessary for The Age of Reason to advance and spread the type of learning which contradicted the Church, thus, the Church long opposed such Natural Rights which were a challenge to Theocratic (ecclesiastical) rule.

This Rebirth of Natural Law Philosophy is the rebirth of the the democracies of Greece and the Roman Republic before secular dictatorship and organized religious violence (sometimes acting separately, and more often acting in collusion) had devastated and destry Western Civilizations for thousands of years.

Natrual Law Philosophy became the battle cry from

sources such as Cato's Letters (discussed later) that oppression is man-made by Natural oppressors who merely gain power in life despite being of entirely Human origin, born Humans and who are entirely and merely and completely Human in Nature.

Natural Law Philosophy in one sense does not reject governance by "god." It merely beheads human dictators who claim to be gods. The Republic of France was part of the Natural Law revolution, acting in conjunction with the American Colonies against Christianity and Nobility, and French soil is still soaked perhaps five feet assunder with the blood of former clergy and former nobility.

Natural Rights, the freedoms of existence in the state of Natural Habitat, exists merely because there is no higher authority than Mankind that has demonstrated the existence of itself or any establishable higher authority to revoke these freedoms of natural condition.

Mankind is therefore left to self govern, the core precept of Liberalism, Liberty, the world tracing back to ancient Greece meaning "freedom of the mind" and from which freedom to act flows.

In what I will tern The Subsumation from about the 12th Century (when industrial technology such as water mill powered manufacturing plants began to flourish) and onward in time Catholicism has decided "If you can't beat them, join them" and re-labeled Catholic and Christian Theology as "Natural Law," dismissing real Natural Law philosphers and philosopies and repacking them into horrific Christiian distortions.

Religion is the enemy of Natural Rights and not the source of Natural rights. The language of Natural Rights documents throughout history including the U.S. Declaration of Independence bear this out in a consistent

thread of a long historical worldwide movement.

The most famous Natural Law clause in Natural Law history is “We The People” in the U.S. Constitution, the ‘body of law” of the United States created by the People, not Nobility nor The Church.

Similarly the last paragraph of the Federalis Papers notes the ambition of the formation of the United States. It was a bold and historic experiment in self-governance, relying neither nobility nor church for any guidance, and this experiment done under watchful eye of the entire world.

Reason over Revelation, the heart of Natural Law philosophy seff (not religious) governance is the intellectual field of Democracy over Theocracy, Scholastic rather than Monastic knowledge, and is the social order of a single equal class in Equality instead of multiple classes of people in Ordinal classed of extra-ordinary ranked Hierarchy.

The world is Natural not Supernatural.

But don’t expect the and religions to teach this.

*end intro pp 88 **Laws and Language** What is the Natural Order of things? As we exist in Nature what comprises the environment we are in and who and what are we surrounded by?

.These are basic questions even to this day they are difficutl to answer.

The study of these questions including the search for the inner workings of Nature and Truth itself, to expose these secrets of Nature to the Human Mind for

evaluation is the quest of the search for Natural Laws.

Laws are expressions of ordering. Expressions are written in language and the study and advancement of language has been essential to the study and statements of discovered Natural Laws.

In the Constitution law is written in the English langauge. Law always written in spoken language. In “articles” it is described linguistically how matters are handled.

Spoken languages are vague and imprecise thus debate often rages over how the meanings of laws, often written as clearly as possible in spoken languages, should have their meanings constructed.

Syllabic languages like English are designed to be spoken and the written form of the language is common of syllabic languages. Vowel comprise basic sounds which are surrounded by Consonants which provide guidance on how to enter and exit the articulation of the vowel. Thus the spelling of “that” “cat” and “mat” all differ and how we start and end the pronunciation of the “a” are described to us in the spelling.

Letters (A-Z) and numerals (0-9) provide us the alpha-numeric script we write in and we share the basics of that alpha-numeric script with other languages including non-syllabic languages, languages which convey information not meant to be spoken in English language sentences, langauges such as computer programming languages or French.

Math is another type of language which laws can and often are expressed in.

Consider the difference between these two expressions: Five times two and 5X2. Consider the separate written languages

(though the same alpha numeric script) in these equations.

Five times two equals ten. 5X2 = 10

It is not just the spelling. Math has “grammer” such as the order of operations in complex expressions like the following: 5(6-2) which is equivalent to 5X4 rather than 30-10.

Consider a scientist describing a result of an experiment who knows nothing about laser beams but has discovered an interesting phenomenon.

Chalk dust is diffused into air and a beam of light becomes visible. The scientist could write in English “A round form was visible as though a hose about 2 inches thick running along through the air.

Similarly he could describe a cylindrical area of light became visible in the chalk dust and the shape was bounded by the formula Radius = 1 inch around a pinpoint line running in the direction of X Degrees on the X Axis, Y degrees on the Y axis, and Z degrees on the Z axis.

Math, Alegbra, Geometry, Trigonometry, Calculus and varies changing definitions of these linguistic systems for mathematical expressions developed in conjunction with philosophy as a tool of Natural Law philosophy in the expression, discovery, and interpretation of inner workings Nature.

**end laws and language

----------Fall of Superior Classes---------- One of Natural Law philosophy’s most central tenets then is that “higher” classes of existence, Nobles with Divine Rights, were not superior to ordinary Mankind as ordinary

Mankind exists in Nature, but in fact Governments (and their officials) were merely products of a Reasoning Mankind. Natural Law Philosophers such as Hobbes would point out Mankind, as mankind exists in brutish form in Nature, would institute Government to protect against intrusions against the freedoms found in our natural states.

----------Declaration of Independence ---

Unpacking the rich meaning of this excerpt from the The Declaration of Independence provides a broad and sweeping understanding of Natural Law Philosophy but it can not be understood outside of its historical context if we are comprehend and construct its true intended meaning.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. - That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed

Q. Mr Donegan when you arrived in Corpus Christi homeless did you tell some of the local religious groups like First Unitd Methodist Chruch they were way behind with their Contemporary band and music? A. Yes I did and they were clearly interested in glam music.

Q. Mr Donegan did the Salvation Army and some Veterans shelter and a VA worker have an expressed interest in this? A. Yes, they started sporting hankies to show their interests, etc, Q. Was there a racial component to their interests? A. Yes. They were telling me the dispute I had long ago abandoned was of

interest to them and that I was wrong. The new science did NOT support me they said, Asians and Caucasians were NOT closely associated, Blacks and Asians were an original evolutionary original, proto-racial group, and Caucausins were a mutant and diseased form. This fits the "White Cave Bith" ideology also called by some Black Adam. Most know human life began in Africa but the continental areas of human development will probably still be studied 200 years from today.

Q. Was part of that some scuzzy black indigent peope adopting high tech? A. Yes. ONe person who also was a resident in the Salvation Army shelter was starting using a laptop and babbling rather dumbly about"how many cryptographies" the system had. I joked about him quite often. He was asserting advanced high tech knowledge but was a novice. THis became the trend for the area.

Q. You found the scuzzy? Is that because you are racist? A. Could be. I have a chip on my shoulder, many of differing racial groups do. These group of peole back then were openly referencing nasal sills as being in common with blacks, asians, and Hispanics, the original Black Hebrew Isrelite racial group. I really did not want to debate it, but they were in that area at that time.

Q. You had seen this before in Virginia and elsewhere? A. Yes, and for some period of years before 2014.

Mr. Donegan you asserted when you arrived in Texas about 2014 you father had just been killed and he had been stalked before his death. Has your opinion changed? A. No, but I have learned more of the terms for GangStalk since and heard the stories of others too since then.

Q. Mr Donegan you have not used this in your book titles? A. No but I did use Pillory. I reject Rough Noise, that unpleasant sensations of sight and sound are the limits of abuse. That is called No Touch Torture. I and others report food poisoning,

knife attacks and being punched, kicked from chairs I was writing books in at the keyboard, and forms of assault even when not making bodily contact are felony assaults. Thus I speak of cabbage attacks thrown at a stationary victim instead.

Q. Mr Donegan does Jen Moore talk about this as GangStalk too? A. Yes, she was violently attacked several times, bodily blows, and told not to tell her story of her researching the Donegan family, my family.

Q. Mr. Donegan you assert may violent attacks and homicides and money laundering, arson, and frauds have been conducted. A. Yes, but by comparison those are the small stuff. I assert JFK and RFK were assassinated, the presidency overthrown , and UAL 553 shot down and more. Q. Have some of those homicides and fires of occupied apartment buildings been in the news? A. Yes but I assert they were not accidents.

Q. Mr Donegan how can Rough Noise as some call it lead to trouble for a Gangstalk vicim? A. The noise is injury. It is an injustice or an assault. THe hinted information is wrong, in the way, a distraction at just the wrong time, a block to progress etc., It requires the person undergoing the injury to attempt to fight against it. But since the aggression is covert and with an alibi that is a trap.

Q. Mr Donegan there is a good amount in there about languages. A Yes, I consider myself a linguistics student. I particularly am interested in the non-syllabic, not mouth sounds. That is odd because it is the latter in which I am not disabled. But computer languages and in fact all languages are methods of expressions, and expressions are important in science, computers, thought, intelligence, etc., and thus make up the existence we know as Cyber, and in electronics based information spelling it out in all ways is required to tell un-intelligence computers what needs to be done and how to do it and based on what information. That forces us to get it right in how we ask and think it through ourselves.

Q. Mr Donegan was that a combination of a well read home, Heady Royce high school program of education, world travel with a father who was a commercial pilot, and the Cold War? A. Yes.

Q. Mr Donegan you have often talked with counselors and deputies and others while in detention about experiences in your life ranging from the USSR to the Middle East, much of Europe, the COld War, military history, philosohy and European sculpture, art, cathederals and major cities, etc., You assert this made you a high value non-investigatory target? A. Yes. People like Jim Volckelka faked I was buying guns online or trying to while order size 13 boots, my size but that was not me. That kind of thing though adds in investigatory interest that does not exist.

Q. And what of the fruits of this life you had lead? A. Suddenly everybody else who does not have a college degree is a new "scholar" of new swaths of understanding and insight. And this goes beyond a cold war family. Once I am seen as a predator to a normal crowd in a normal gym then the yoga hotties are moved away it is there the mimick of my own gym techniques or music might be taught to others without me in the conversation or knowing about it. I did massive research facing diabetes and read articles that would be hard fo most to read, formed insights and used tech in ways most could not or did not. Tis included my father prodding me to excerzie and mental health and keeping my emotions in check and the outdoors as part of that.

Q. Did you any similar experiences in Austin close to some of those in Corpus Christi? A. Yes. The Hispanic male who sold me the gym membership at Golds was very deceitful about what I was signing up for with three electronic signatures and the documet not visible that was despite the promise made not printed or sent to me. I think it was all a fraud. Later he was at Halcyon in a superhero shirt and later at Iron Bear. In one of those two I forget which he was ordering something similar to a custom fit leather hood for someone, something similar to what I had done once. There are some others examples at Freedom

Fitness Corpus Christi and other locations.

Q. Mr Donegan you spoke of attempts to traumatize a dark experience, one that a person would seek relief from. What is happy-slapping from what you have read and experienced? A. It is a system when a person might enjoy being in public, in a park, in a bar watching football, among others, even if some thing or some one or the place itself would still be there an unpleasant element is added in often in a very high volume "loud" way such that any happy thought or feeling is drowned out by the unpleasant stimuli. The person targeted for Happy Slapping may be undergoing programming to develop anger towards the perceived enemy to happiness. In my case that is often non-whites but I have asserted the longer view is that it is Deep State plan mostly tied to white people like the current CIA and FBI director and others who program those like myself to be in conflicts they have designed. Jen Moore calls this Complex PTSD wherein a traumatized person attempts an escape from a a trauma or else is paralyzed by the unsatisfactory conditioning existance.

Q. In other words at gyms or other locations there have been vans or busses to move the normal crowd away after an emergency is declared? A. Yes, and this happens in Cyberspace and social media groups as well. It is a standard opp described by many targeted persons.

Q. In PsyOps terms you called this an Enemy Prisoner of War strategy. A. Yes, and enemy held a prisoner can be used to understand the enemy mind. Information gained at one location, the area of detention, can be applied in the field of operations elsewhere.

Q. Are borderlines as a personality type that can become volatile under stress and trauma? A. Yes and that is really part of the definition. Rationality exists but as trauma such as abandonment or other traumatic feelings are experienced a violent ideation may emerge. Arnold Schwarzenegger was in a Streets of San Francisco episode as a body builder though

successful was of course by ordinary standards freakish. When he was laughed at as he tried to show woman what he had developed as world class muscle man if the woman would laugh at him he would go into a rage and he in that episode killed a woman. Mocking, shrieking at, laughing at, acting in an abusive way towards a person my elicit in that person a reaction to the abuse that could result in a breach of the peace allowing police or others to step in.

Q. Are there other ways a Targeted person may feel a sting of injustice, a poison to be abated? A. Yes, fraudulent acts towards a Targeted Person even if police, conduct called accidentally like bumping into a person but it really is known by BOTH parties as intentional, bizarre conduct showing the conditions are rigged and irregular by paraders, etc.,

Aviation

[Rhetorically created interrogator] Q. Mr. Donegan you assert Senator and presidential candidate Democrat primaries Robert F. Kennedy Born: November 20, 1925, Brookline, MA Assassinated: June 6, 1968, PIH Health Good Samaritan Hospital, Los Angeles, CA died in a plot you have knowlege of and is part of the history of aviation. A. Yes. The Battle Witchita and the building or Rolls Royce designed engines made by Packard Motors in Inglewood California where I was born was part of the history of labor and organized labor and it was also part of the aviation industry and the P-51 and Boeing bombers changing WWII history as the industrialism of Nazi Germany was matched and defeated.

Q. How is that? A. At the end fo WWIII there were was a huge story in this and the CIA also saw a huge opportunity. At the end of WWII the massive fleet of aircraft were mothballed. The CIA decided to paint them in the various colors of various nations and covertly enter the civil wars of other nations and change the outcome of those wars. During this CIA activity the MK-Ultra regime plans were made that were interlinked with

poisonings, snipers for hire like Charles Harrelson, covert CIA pilots like Chauncey Marvin Holt, and proprietary interests of the CIA and proprietary interests are companies the CIA is covertly an owner of and which will work for the CIA under the corporate or NGO cover-identity., It was this machine built under the military industrial complex that was fighting organized labor and JFK and RFK came up against. RFK and Paul Schrade were part of the Union story.

Q. You assert in your Los Angeles County story of the Hollywood area you father, Marilyn Monroe, you mother, and others were part of CIA covert operations and hidden identities related to air supremacy and propaganda? A. Yes. Let me enter some data on the USA Army Air Corps.

Q. And this was all part of Regime Change around the world? A. Yes. The CIA found it could tilt the balance of power inside other countries covertly. Comapanies like United Fruit Company or Zapata may not need to turn profits directly. Like US aid programs the payoffs to the USA would be that they might tilt the playing field in various countries towards the USA. That is where the phrase "[he] may be a son of a bitch, but he's our son of a bitch" came from.

https://en.wikipedia.org/wiki/Anastasio_Somoza_Garc%C3%ADa#%22Our_Son_of_a_Bitch%22

Although Somoza was recognized as a ruthless dictator, the United States continued to support his regime as a non-communist stronghold in Nicaragua. President Franklin D. Roosevelt (FDR) supposedly remarked in 1939 that "Somoza may be a son of a bitch, but he's *our* son of a bitch." According to historian David Schmitz, however, researchers and archivists who have searched the archives of the Franklin D. Roosevelt Presidential Library have found no evidence that Roosevelt ever made this statement. The statement first appeared in the 15 November 1948 issue of *Time* magazine and was later

mentioned in a 17 March 1960 broadcast of *CBS Reports* called "Trujillo: Portrait of a Dictator". In this broadcast, however, it was asserted that FDR made the statement in reference to Rafael Trujillo of the Dominican Republic. It should be further noted that this statement has been attributed to a variety of United States presidential administrations in regard to foreign dictators. Thus the statement remains apocryphal at this point, though Roosevelt and later presidents certainly supported the Somoza family and their rule over Nicaragua. Andrew Crawley claims that the Roosevelt statement is a myth created by Somoza himself. - https://en.wikipedia.org/wiki/Anastasio_Somoza_Garc%C3%ADa#%22Our_Son_of_a_Bitch%22

Q. And how is that? A. Allowing a local thug profits from his own country may allow the US to create a loyal puppet in that thug. The USA may assert it had no financial interest in profit and that may be true. But the USA got an ally in that thug and save large amounts of defense spending to achieve comparable benefits.

Q. Some of the aviation figures and movie figures include Peter Lawford and his wife Patricia Kennedy who was the sister of JFK. Have you found divorce data that seems unlikely and followed 1963 closely? A. Yes. And my father and mother married 1952 as did JFK and Jackie. I think they all met following the events of 1949 and 1951 and in Palm Springs and Hollywood working on propaganda and CIA OSS plans.

Q. You assert your life story is tied to the assasination of JKF and RFK and the rise of Bush, Nixon, Chenney, Ford, and others. You recently started the directors cut of JKF, the film by Oliver Stone base don the books Crossfire by Jim Mars and On The Trail of The Assasins by Jim Garrison the prosecutor of Clay Shaw. Can you mark up what you saw in the first hour of the film based on those and many other books? DO you feel it is threat to your life reporting infomration like this to the police?

Q. Yes, I think from the many autobiographies I have read including an assasinations team member from Ft Bragg, North Carolina, The books by the two Oliver Stone listed, the autobiography of Chauncey Holt and others I can add some comments addign dept and also Donegan connections.

I begin with this and end it per what I have just watched again, a peice of the director cut upto the first hour mark. Guy Bannister is played by Ed Asner and is an Ex-FBI Special Agent who works for anti-communism in the Carribean. Cuba is part of that circle of nations. He is a JFK hater. THough now now after the FBI he has a private investigations storefront it is amidst CIA, FBI, and US Navy buildings and also were LHO had a phony pro castro office address. Jack Martin is real private eye who drinks a lot. Bannister is a not really doing private eye work. He is gun running to Anti Castro forces that are being organized by George H.W. Bush and are called Brigade 2506. When people ask for detective work Guy Bannister is too busy with CIA and FBI covert-opps so Bannister calls in Jack Martin to sub the work out to. Bannister is deeply suspicious of the unstable Jack Martin and pistol whips him out of fear Martin is potentially a leaker or spy. In this group of people is former Eastern Airlines pilot David Ferrie.

David William Ferrie was an American pilot who was alleged by New Orleans District Attorney Jim Garrison to have been involved in a conspiracy to assassinate President John F. Kennedy. Garrison also alleged that Ferrie knew Lee Harvey Oswald. Ferrie denied any involvement in a conspiracy and said he never knew Oswald. - Wikipedia

According to Holt they had an escape plane on tie down in Dallas and might have been flown out if needed. The pilot might have been Ferrie. At the start of the film by Oliver Stone is information about Coca-Cola and thus Richard Nixon and Phillip Twombly to control Latin American and the Caribbean.

This circle of people is revealed to orbit around International Trade Mart operation Clay Shaw who is a gay former general

from WWII now operating as a slick and well connected international businessman. All of this will researched by Garrison and his team that will try Clay Shaw for murder.

Key parts of this group are General Edward Lansdale, Chauncey Holt and his Murder Inc. group, George H.W. Bush, Col Fletcher Prouty (not part of the assassination, kept away from the operation by other assignments) General Charles Cabell, and Dallas Mayer Earl Cabell the brother of Charles Cabell. Charles Cabell and Allen Dulles were fired by JFK over the assassinations program but was resented for that including not carrying through with a planned full war with Cuba following the small invasion of the island.

The Donegan's are connected to Col Fletcher Prouty at least and I think tied to the plans for Indonesia and atomic testing and DNA testing that were part of CIA and OSS operations back then with children in orphanages like my mother who had covert identities were actually sent into adoption homes.

The OSS and CIA were producing propaganda on the cold war at ATSUGI, the Battle of Britain, and the atomic bombing of Japan. Much of this involved planes made in Inglewood California or the actors and movie makers who were part of filming the propanda I think my father had a consultant role having been a part of all of that.

WIFE'S DIVORCE Peter Lawford Surprised At Swiftness Of Court Action

HOLLYWOOD (UP I) Actor Peter Lawford, divorced Tuesday by his wife, Patricia Kennedy Lawford, appeared surprised at the swiftness of the court action. "I

have no comment to make," the actor said. Mrs. Lawford, sister of the late President John F. Kennedy, was the first member of the Kennedy family to be involved in a divorce. The divorce proceedings took just 12 minutes and were accomplished behind closed doors. After the divorce was granted, Mrs. Lawford was spirited out of the backdoor of the courthouse where a waiting Sun Valley limousine spirited her away. The Lawford's became romantically involved while attending the 1952 Republican National Convention in Chicago. They were married in the Kennedy family home in New York in April, 1954. It was the only marriage for both. Born in England. Lawford, 42, became a naturalized American citizen April 27, 1960, the same year his late brother-in-law was elected president. The Lawfords had four children three girls and a boy: Christopher, 10; Sydney, 9; Victoria,?, and Robin, 4. More than a year ago Mrs. Lawford moved from the couple’s Santa Monica beach home with her children to a New York apartment. ford-retained his California residence. Not until reports of an imminent divorce occurred in early January did spokesmen for Mrs. Lawford announce in New York the couple had separated. Now in her late 30s, Mrs. Lawford came to Idaho for a yuletide skiing holiday with her brother, Sen. Robert F. Kennedy, D-N.Y., and his family last Dec. 20. She and her brother later were joined by Mrs. Jacqueline Kennedy and her two children at Sun Valley. When the others left Sun Valley after the holidays, Mrs. Lawford remained at Sun Valley in a condominium apartment to establish her residence for a divorce.

Q. Mr Donegan you have asserted and do you now assert a Protection Racket based on smears of you has ruined your life? A. Today while that remains true it is not my main point. It can not be. Protection Rackets thrive because people of ten like them. Criminal activity often thrives because people may benefit from illegal acts ranging from drugs sales to smuggling, contraband, and organized crime. Attempt to stop tha can be futile. What I assert today is that these crimes against me including bullying me as threat to under age girls or things like that are part of sabotaging me because of the Kennedy assassination. Even this latter assertion while also true as the former assertion is creates problems. The US Government refuses to acknowledge or cleanse the Deep State of public officials tied to the Kennedy assassination thus hostile government programs like COINTELPRO continue to target witnesses like myself.

Q. Mr Donegan you assert (as does Jen Moore, Ted Gunderson, William Colby, John Decamp all those CIA) that in Franklin Nebraska and in Manhattan Beach City (where you were born) the CIA was doing brain testing of youth that included stress testing under trauma and further those that could endure trauma well were cherry picked to be sleeper agents placed into cover-identities internationally? A. Yes. Jen Moore talks about use of trauma not only to test but to destroy people with traumatic abuse that will lead a target of the abuse to suicide or violence against the percieved threat.

Here is a quote from one of five or more vidoes she (a Masters Degree in psch hired to work on the subject) she did some videos perhaps two hours long I have gone through them all as well as her other videos.

(Conspiracy of Silence) children can be tested as to enduring trauma. Being internally buried in disgustigness to horrific to cope with. The reaction is paralisys OR desire to fight in a deep blind rage at the source of the trauma to escape the trauma. In other videos she talks about GangStalks used to force trauma on those who are whistleblowers and destruction of whistlblowers lives.

okay it is video [5.1 I just got finished making 5.0 I was thinking of something as I was sitting down here waiting for the next probably two hours I get out of this place

um one of the things that has I think struck me the most in coming into contact with all these quote-unquote strangers that I have recently these children grown children and our parents or witnesses or children is you know a lot of them are hiding and a lot of them are so so traumatized and some of them are barely function

some of them their PTSD is so severe they don't they don't get out of bed for days and I know what that feels like my PTSD has been that severe for people that don't understand PTSD you know it's a fight-or-flight response

but that fight-or-flight response goes haywire with chronic severe trauma and you go into what's called a freeze response and it literally means that you freeze and as much as your mind might want to go and do something or move or react you literally have don't have the ability in anymore

body is trapped your mind is frozen with constant flashbacks and memories and there's no worse feeling in the world and it actually makes me choked up a little bit talking about but one of the things that struck me and this is my own journey of healing and PTSD because

normally I can get into these places very easily and I'm doing this as a part of my own journey and facing my own fears and as I've met these these strangers that have for reasons I don't know entrusted me over just providing little bits of information over months through various resources

and I won't say how little bits of information of their stories gained a trust in me and you know I represent actually I did represent some of their greatest fairs I was in law enforcement and they've been rejected by and harmed by law enforcement not listening to their stories which is heartbreaking to me because law enforcement officers FBI agents the people that work on the streets most of them the majority of them are good honest hard-working wonderful people

I would do anything to help these kids and victims in general and do they work hard every day and they get a reputation because of these you know evil creatures at the top that take advantage of the system and abuse their power against these uh you know the the innocence and just abuse their power in general and then abuse their power against us who are trying to do the right thing

but one of the things that really has struck me is after I've spent time with these young people like Franklin kids

a lot of them are kids they're barely over 18 but listen to their horrible stories of trauma as children stories that they thought no human would ever be able to listen to in here and sit with and stay with and not you know meltdown or not become fearful or you know just being present with them and allowing them to share at their own pace and to work slowly into that trusting relationship at the end of every one of these trips these these kids these people who when I first meet them are

obviously very you know maintain a level of distance and they're scared and they're you know they've been scared to leave the house or they're just scared in general

and at the end of every one of these trips they are crying usually and you know and hug me or want me to hug them and which is very very hard for someone who's been traumatized in the way they have and then you know what some beg me to stay and I know offer to try to get me to stay in some way in and I know that feeling because they just don't want to be alone anymore so I'm working hard to help them not feel that way and to connect them

and you know that happened again today somebody crying and you know begging me to stay longer because they're just tired of being alone and tired of being scared and we really need to work hard as a society and as a country to bring these people forward and to get them healing until that their stories be told because they're just you know wonderful kids and just I've been through so much and they need human contacts and they need to trust again and they need the good people of this country and there are so many of us to step forward and be that person that can listen and they can trust and will stand up in front of them on behalf of them and we'll pound the doors of ice for the FBI or Congress or whoever and tell someone listens to their story

we need to be their feet need to be their voices we need to be their hands they are incapable at times right now because of the level of trauma I have been incapable by sometimes it's fairly capable but I'm doing my best to to go forward in my own in my own way and but they need us and so all the people that watch these videos are watch other people's videos are concerned about all this that's going on in the country a fight fight fight fight for these guys and call your Congressman you know call whoever called federal agencies

let them know that this is they know what's going on but let them know you are concerned you are paying attention you are going to fight you are going to write letters you are not going to stop you are not going to let this be very like the Franklin scandal was or than many other scandals throughout the years in our country you're not going to let it happen anymore you are joining together in an army of heroic citizens who are stepping forth on behalf of their country and behalf of innocent people we have the whistleblowers and behalf of victims to do something and change these circumstances the power belongs to the people not to the ones that have stolen the power and we are going to take it back so just wanted to give that I guess a rah-rah speech to myself almost but to some of you also and checking out for now and hopefully the plane leaves soon so English (auto-generated) AllFrom Task Force: Whistleblowers Journey:Live in DCRelatedWatched

Q. Mr Donegan do you fear Interpol, child porn investigations? A. Not much. In fact I have been trying to contact child protection experts about the same scandals Ted Gunderson, WIlliam Colby, John DeCamp, and Lorandt Shcmidt did.

Q. Mr Donegan may I remind you that upon sudden eviction from 1513 #5 Ocean Street Corpus Christi that had holes in your curtains, holes you attribute to others, etc., you delivered your Quieter PC to the Irish Consulate at 300 Congress Ave

Austin Texas and requested they examine it and provide to Russian officials? Do you have anything to fear? A. I hope not. If there was stuff in there I figure it was mostly the extremity of the consenting adults in adult fantasies about other adults that was the issue, community standards, insuring consent was present, safety, etc., There may have been some stuff mixed in. I figured the web site cookies went back a year or two or more, etc.,

Q. At some times do you believe in being honest Mr Donegan. A. When it serves a purpose. I may be flawed, I may be aware of some flaws or not, and other too. But I am who I am. As for false allegations about me I would prefer to offer a complete and consistent picture of who I am and picture of me refute what is being faked. An inconsistent picture I offer is no defense against falsity.

Q. But Mr Donegan you are aware investigation of even false charges may turn up embarrassing information? You have heard of shoppers suing after being searched for shoplifting, etc.? A. Yes, and I assert the FBI and others know well some sham allegations can gain prurient or other access into a person's life and I assert that is a part of why sham allegations are used against me, those allegations becoming something like the General Warrant (non specific search warrant) the British would use to violate the rights of subjects. Such people are sometimes referred to as non-investigatory interests, an interest the FBI has that is not related to a violation of the law but political research, etc.,

Q. Mr Donegan did you send a notice out on Feltlife anyone with first hand knowledge of you is released to speak with the FBI, etc., A. Yes.

Q. Do false allegations that you are visually exploiting teens or others with your eyes (or personal items) give people a power they want to have over you? In truth no. False allegations should cripple them before the law and not empower them over me. In practice if they have enough co-conspirators they can

make fake allegations stick and use the fake allegations in adversarial proceedings. Q. What else do people do to assert you owe them? A. I have heard people openly say right next to me things like "Get a list of items that trigger him [as a visual porn freak]" such that around the clock people work from that list to assert we are a porn activity. I am going to according to them start paying with DNA they demand for items on the list. They start shouting and laughing in public about how "money shot" that sight is earning the providers of items they assert have triggered me.

Q. Does part of the fraud involve faking that you have secret cameras, etc., A. Yes. THey and I know that is fake. Q. Mr Donegan how have some impregnation demands been made? I noticed in Corpus Christi fairly early on very skid row black females mostly black though skid row whites too, and they would hike up stretch pants and say while facing me it was their birthday. THey would say I would make them or others "preggo" by "fapping" thinking about them.

Q. Did you speak to others about this? A. Often including Oil Can Harry's, Halcyon and many other locations. I expected far different conduct than exists including from Jim Volkelca who was rarely close to me in Ronald Reagan era and security type work, him volunteer fire, me high tech security.

Q. Mr Donegan have you seen similar interests to what was on those porn directories on your computer? Yes, paganism, rituals, Bob Denver music, Wiji boards, things like that all over the place not only in Texas but around the world in a social movement this is an unlikely so near exact math for my life history. I think they were coopting it while sabotaging me in it.

Can you give me an example of a Capitola, California roommate who was politicaly angry at you? Yes. William Ruiz. He kept calling me a Nazi piece of shit even though we had barely met. He was part of working with a group behind the scenes. I recorded him, I recorded others of that group talking to him, payments to him they were going to make, and other

data. It was this data I think Jen Moore had available was

Q. Mr Donegan has does the GangStalk work and why is it used? A. Dishonest government officials are battling for time that they hope is on their side. If enough evidence degrades or is lost they may get away scot free. Witness may die off, evidence degrade or be lost, but the reverse of that is true. Deathbed confessions, new techniques in genetics, declassified documents and newly discovered historical back-links and connections are closing in on the Cabal, and people like myself walk down sidewalks littered with banana peels.

Q. Is it hard to write and survive homeless and with reputation damage? A. Yes and that is something Cathy Meadows and others point out. The nest of a person is fouled. A person acts like a victim who is not. When people do that to people like me we get into fights over it but people deny their own misconduct and a group of people who are part of a Rough Noise stalk will counter attack. The fights are lopsided and the Stalk Victim is sent packing.

Google AI Overview

"Foul one's nest" is an idiom that means to damage one's own chances of success or interests, or to dishonor one's family or home. For example, "*Man has invented a hundred brilliant ways of fouling his own nest – the pollution, the heat, the poisons in the air, the metals in the water*".

Here are some other idioms related to nests:

- Fly the nest: To leave one's parents' home for the first time

- Feather one's nest: To get a lot of money out of something to lead a comfortable life

- Hornet's nest: A difficult or unpleasant situation, especially one where many people get angry and complain

- Cuckoo in the nest: An unwelcome intruder in a situation or place

Stalkers act out in frantic and bizzare conduct that are menancing. It creates problems that are tough to handle, tough to prove. Stalkers bring their own backup and know how to be a menacing presence. Some may believe they are creating justice, but they are not. The are often fools on a fool's erand harassing a person for things that aren't even true protected activity or opinion.

Covert harassment hopes for an overt reaction. The harassers deny intending harassing acts and the denials they make are plausible. One stalker will assert they were talking to another staker, not the intended message recipient, or a double-en tender with one construction that is within the law will conceal a real intent and meaning that is against the law.

To defeat stalking it is neccesary to show the denials are not plausible and the actions of the Stalkers are criminal.

Marilyn Monroe (/ˈmærəlɪn mənˈroʊ/ *MARR-ə-lin mən-ROH*; born **Norma Jeane Mortenson**; June 1, 1926 – August 4, 1962) was an American actress and model. Known for playing comic "blonde bombshell" characters, she became one of the most popular sex symbols of the 1950s and early 1960s, as well as an emblem of the era's sexual revolution. She was a top-billed actress for a decade, and her films grossed $200 million (equivalent to $2 billion in 2023) by the time of her death in 1962.

Born and raised in Los Angeles County, Monroe spent most of her childhood in a total of twelve foster homes and an orphanage before marrying James Dougherty at age sixteen. She was working in a factory during World War II when she met a photographer from the First Motion Picture Unit and began a successful pin-up modeling career, which led to short-lived film contracts with 20th Century Fox and Columbia Pictures. After a series of minor film roles, she signed a new contract with Fox in late 1950. Over the next two years, she became a popular actress with roles in several comedies, including *As Young as You Feel* and *Monkey Business*, and in the dramas *Clash by Night* and *Don't Bother to Knock*. Monroe faced a scandal when it was revealed that she had posed for nude photographs prior to becoming a star, but the story did not damage her career and instead resulted in increased interest in her films.

By 1953, Monroe was one of the most marketable

Hollywood stars. She had leading roles in the film noir *Niagara*, which overtly relied on her sex appeal, and the comedies *Gentlemen Prefer Blondes* and *How to Marry a Millionaire*, which established her star image as a "dumb blonde". The same year, her nude images were used as the centerfold and cover of the first issue of *Playboy*. Monroe played a significant role in the creation and management of her public image throughout her career, but felt disappointed when typecast and underpaid by the studio. She was briefly suspended in early 1954 for refusing a film project but returned to star in *The Seven Year Itch* (1955), one of the biggest box office successes of her career.

When the studio was still reluctant to change Monroe's contract, she founded her own film production company in 1954. She dedicated 1955 to building the company and began studying method acting under Lee Strasberg at the Actors Studio. Later that year, Fox awarded her a new contract, which gave her more control and a larger salary. Her subsequent roles included a critically acclaimed performance in *Bus Stop* (1956) and her first independent production in *The Prince and the Showgirl* (1957). She won a Golden Globe for Best Actress for her role in *Some Like It Hot* (1959), a critical and commercial success. Her last completed film was the drama *The Misfits* (1961).

The **18th AAF Base Unit** (Motion Picture Unit), originally known as the **First Motion Picture Unit**, Army Air Forces, was the primary film production unit of the U.S. Army Air Forces (AAF) during World War II, and was the first military unit made up entirely of professionals from the film industry. It produced more than 400 propaganda and training films, which were notable for being informative as well as entertaining. Films for which the unit is known include *Resisting Enemy Interrogation*, *Memphis Belle: A Story of a Flying Fortress* and *The Last Bomb* - all of which were released in theatres. Veteran actors such as Clark Gable, William

Holden, Clayton Moore, Ronald Reagan, Craig Stevens and DeForest Kelley, and directors such as John Sturges served with the 18th AAF Base Unit. The unit also produced training films and trained combat cameramen.

First Motion Picture Unit is also the eponymous title of a 1943 self-produced documentary about the unit narrated by radio and television announcer Ken Carpenter.

Background

When the United States entered World War II in December 1941, the Air Corps was a part of the Army, and motion picture production was the responsibility of the Army Signal Corps. USAAF Commanding General "Hap" Arnold believed that the formation of an independent film entity would help lead to the air service gaining its independence. At a meeting in March 1942, General Arnold commissioned Warner Bros. head Jack L. Warner, producer Hal Wallis and scriptwriter Owen Crump to create the unit. Warner was made lieutenant colonel and Crump a captain but Wallis, who was then in production with *Casablanca*, did not accept the offer. Of immediate concern was a critical shortage of pilots and recruits. Arnold told Warner he needed 100,000 pilots, and contracted with Warner Bros. to produce and release a recruitment film, which would come to be known as *Winning Your Wings*.

Winning Your Wings was directed by John Huston and Owen Crump, and featured James Stewart as a dashing pilot. Stewart's virile, masculine portrayal changed the public perception of military aviators. The film, which was completed in only two weeks, was a great success and according to General Arnold was pivotal in recruiting 100,000 pilots. Warner Bros. would produce several films prior to the activation of the First Motion Picture Unit, most notably *Men of the Sky*, *Beyond the*

Line of Duty and *The Rear Gunner*.

Formation

The success of *Winning Your Wings* created a demand for training and recruitment films which proved difficult for Warner Bros. to fulfill. Jack Warner began the process of developing the organizational structure for an independent motion picture unit. The dual mission of the unit was to produce training and morale films, and to train combat cameramen. The ranks were to be filled with film industry professionals, the first time in history such a unit would be raised.

On 1 July 1942, the First Motion Picture Unit became an active unit of the USAAF. Key personnel that formed the initial roster included Lt. Col. Warner as commanding officer, Capt. Crump, Capt. Knox Manning, 2nd Lt. Edwin Gilbert, 2nd Lt. Ronald Reagan and Cpl. Oren W. Haglund. At first the unit operated out of offices at Warner Bros. in Burbank, California, and then moved to Vitagraph Studios in Hollywood. Vitagraph, however, had not been maintained and proved to be inadequate for movie production on a scale required by the unit. By sheer happenstance Crump came upon the Hal Roach Studios in Culver City. According to writer Mark Betancourt, the facility was perfect:

> The studio had everything the motion picture unit needed: six warehouse-size sound stages, prop rooms, editing bays, costume and makeup departments, even an outdoor set made to look like a city street ... The lot comprised 14 acres and dozens of buildings ...

In October the unit moved into Hal Roach Studios, which the men nicknamed "Fort Roach." Warner returned to running his company, and Lt. Col. Paul Mantz took over as commanding officer.

Life at Fort Roach

Personnel assigned to the 18th AAF Base Unit included some of the most well known film professionals of the day, as well as filmmakers who would have great success after the war. Actors such as Clark Gable, William Holden and Alan Ladd, and directors including Richard L. Bare and John Sturges served with the unit. Future president Ronald Reagan, who transferred from the cavalry reserve, was a captain in the unit. He was the personnel officer and was responsible for maintaining personnel files and orienting new recruits to the operational aspects of Fort Roach. Later he was appointed adjutant. Like the other notable actors Reagan appeared in the films produced by the unit, but to avoid distracting the audience they were eventually relegated to narrating the films.

The 18th AAF Base Unit was unique in comparison to other military units in the methods employed to obtain recruits. Many members were well into middle age and unsuitable for combat duty. Few of the men in the unit were ever sent to a war zone. Due to its special mission, the unit was able to bypass the normal recruiting channels and was empowered to draft directly. Basic Training was not as rigorous as that experienced by most servicemen. According to former unit member Howard Landres, Basic Training was mandatory, "but it wasn't the basic-basic."

Military decorum at Fort Roach was less formal than in most units. Saluting was optional, and unit members

called each other by their first names. Hal Roach Studios did not have barracks, so commuting from home was commonplace. Men from out of the area were billeted at nearby Page Military Academy.

Film production

The first film project undertaken was a flight training aid titled, *Learn and Live.* Set in "Pilot's Heaven", the feature-length film stars Guy Kibbee as Saint Peter. In order to demonstrate correct aviation techniques, twelve common flying mistakes are addressed. The film was highly regarded and led to a series of films including *Land and Live in the Desert, Ditch and Live* and *Land and Live in the Jungle.*

Resisting Enemy Interrogation was lauded by the military and according to documentarian Gregory Orr is considered to be the "best educational film" produced during the war. It tells the story of two captured flyers in dramatic and suspenseful fashion. They are interrogated at a German chateau. The layout of the chateau, the interrogation strategy and the overall experience of the film was extremely realistic. Airmen captured after viewing the film reported that they were able to successfully resist German efforts to extract information. The feature-length film was of the highest quality and in recognition the documentary was nominated for an Academy Award in 1944.

Animation was an essential and integral component of films produced at Fort Roach. Animation provided 18th AAF Base Unit filmmakers with scenarios not possible with live action photography due to technical or secrecy constraints. In an introductory training film, pilots learn how to fly airplanes with the help of colorful cartoon characters named Thrust, Gravity and Drag, representative of the forces which act on airframes.

Another character, Mr. Chameleon was created to teach the fine points of military camouflage. "Trigger Joe"'s appearance in *Position Firing* was an immediate hit amongst gunners. Animators used humor to illustrate common pitfalls when loading and firing and techniques to maximize their efficiency and accuracy. Gunnery personnel clamored for more: "We want more films like *Position Firing* that make the theory simple and clear and yet keep us interested. And Trigger Joe! He's great!" Joe became the central character in an entire series of films developed to further gunnery training. The animation department was staffed with a stellar assortment of animators, including department head Rudolf Ising, one of the creators of *Looney Tunes* and *Merrie Melodies*, and one of Disney's Nine Old Men, Frank Thomas. Also assigned the unit as a sergeant was Bill Scott, later to gain fame as co-producer of The Bullwinkle Show, the "Voice of Bullwinkle" as well as many other characters. Although he was not an animator at the time, he would claim that he was kept in the unit because he was the only person who knew how to drive the stick-shift truck.[*citation needed*]

Bombing of Japan

One of the most important assignments of the unit was to develop navigational and topographic materials to support the bombing campaign against Japan. This top secret series of films, code-named "Special Film Project 152" was, according to Gregory Orr, "perhaps the most important and challenging effort to come from the First Motion Picture Unit." The unit was given forty days to produce the films which would be used by B-29 Superfortress crews.

In 1944 the United States readied its forces in the Pacific Theatre for the final assault on the Japanese mainland. The 20th Air Force, tasked with carrying out

the bombing campaign, lacked necessary information regarding flight routes and targeting data. Orr explains what the unit was expected to deliver:

> every landmark, check point, initial point and bomb release point ... every radar center, every Japanese naval vessel in a harbor, every railroad, building and forest and rice paddies ... The objects had to appear not only as seen on a clear day by the naked eye, but also as viewed by a radar screen through an overcast.

After conducting extensive research on the topography of Japan, an 80-by-60-foot (24 m × 18 m) scale model (1 foot: 1 mile) of target areas was fabricated complete with mountains, buildings, railroads and the rice paddies. It also depicted clouds and fog. The films were produced using a specially mounted overhead camera. The camera was motorized and could be moved to simulate an airplane's flight over the model. According to the *New York Sun*, "the camera recorded what the crew of a B-29 would see from 30,000 feet." Using the films, pilots of the 20th Air Force easily found their targets and were amazed at the level of detail and the accuracy that the unit was able to produce. General Arnold said the following of the units accomplishment: "there never has been anything quite so good as this for briefing men on dangerous missions."

Bomb damage in Europe

After Nazi Germany surrendered in May 1945, General Arnold ordered Crump to document the extent of the

damage caused by aerial bombardment. This project was code-named "Special Film Project 186." Crump and his crew, using color film, surveyed bomb damage inflicted on the major European cities. In addition, Crump recorded the debriefings of Nazi civilian and military personnel in Allied custody such as Hermann Göring, as well as the capture of the Ohrdruf and Buchenwald concentration camps by American soldiers. Upon viewing the film of the camps for the first time, Malvin Wald recollected, "Even though it was a summer day, Reagan came out shivering - we all did. We'd never seen anything like that."

Crump and his crew shot hundreds of hours of film - most of which has never been seen. The Army Air Forces declined to fund the production and editing of the footage at an estimated cost of $1 million. The documentary *The Story of Special Film Project 186* points out that the effort was "the biggest color film project of World War II - and the biggest unseen film of all time."

Combat cameraman training

See also: War photography

A primary function of the 18th AAF Base Unit was the training of combat cameramen. The units were based at nearby Page Military Academy. There were approximately 16 combat units, each made up of seven officers and between 20 and 30 enlisted men. They were trained to use a variety of photographic equipment and cameras and also received combat and weapons training. The cameramen were sent to every army air force base to document all aspects of the base's operations as well as aerial battle tactics and enemy airplane performance. Every cameraman was trained to load film into their camera under adverse conditions, and if need be, to develop it on location. Most of the aerial motion picture

photography shot during World War II was filmed by Fort Roach alumni.[*citation needed*]

Unlike regular personnel at the 18th AAF Base Unit, combat cameramen suffered a number of casualties. Alumni of the program were "highly praised and much decorated." Lt. James Bray, a cameraman trained at Fort Roach was assigned to the Ninth Air Force in Cairo, Egypt. While photographing a combat mission he shot down two Luftwaffe Messerschmitts when the gunner was wounded. For his heroism he was awarded the Distinguished Flying Cross. He then returned to Fort Roach as an instructor.

Although most 18th AAF Base Unit personnel were never assigned to combat duty, they made a significant contribution to the war effort. *Air & Space/Smithsonian* reported that the air superiority enjoyed by the USAAF in Europe was partly due to the training films delivered by the unit. Field Marshal Wilhelm Keitel, commander in chief of Germany's armed forces, noted the decisive role played by film production units:

> We had everything calculated perfectly except the speed with which the Allies were able to train their people for war. Our major miscalculation was in underestimating their quick and complete mastery of film education.

The unit's efforts did not go unnoticed by the American military. The Inspector General's office of the Department of Intelligence in an investigative report wrote:

> This investigating officer cannot conclude his discussion without saying something for those sincere and patriotic officers and men who have contributed so much to the excellent work of the First Motion Picture Unit. The vast majority of its personnel have succeeded in producing training and orientation films, most of which are superior by every standard of motion picture art, training and effectiveness. Men of the First Motion Picture Unit probably represent a higher civilian income bracket than would be found in any other military organization. They are proud of their work and have a right to be so. This can also be said of the Combat Camera Units.

Noting the sheer volume of footage shot under the auspices of the unit, historian John Langellier said:

> Every time you flip on the History Channel or the Discovery Channel, and you see World War II from an American perspective, you're watching the work of one of these gentlemen. That's their legacy.

There are lists of selected USAAF films produced by Warner Bros prior to the formation of the First Motion Picture Unit

Q. Mr Donegan please being by discussing what you learned through your father who flew as an areospace engineer (that is to say an industry certified liscensed pilot in the military and commercial avaition and possibly at times as the flight engineer) and his reading of law, logic, and the justice system including abuses of it by both the British and colonists. We will need your state of mind on programming, crime, and MK-Ultra as it relates to Sirhan Sirhan, The Tsarneves, and others that you use dialetics to describe.

A. What do we do when we link one thing to another, what do are we doing when we synthesize things? Were are bringing elements together. In a Grand Jury we bring together a crime victim and accused and link the accused to the crime.

Q. Mr Donegan do you assert the links to you and crime are being forged as part of an illegal CIA FBI program and that others have been subjected to it including the Tsarneves and Sirhan Sirhan. How is that?

Some call it Mind Control, others programming. Here are some excerpts.

Robert F Kennedy assassination

The story is made up of the event covered in the RFK assassination story and in the fabric of history in which it occured. The two parts each chapters of The Great Treason Book are concattinated into a single RFK Pamplet file. RFK was (along with Paul Schrade) shot over aircraft politics by Sirhan Sirhan who was a Palestinian put up to the job by imbuing him with a rage such that attempting kill RFK and Paul Schrade was

an "automatic behavior" his mid felt was the only escape from the trauma he lived in.

Dr Lo and Jen Moore discuss the Hypnotic production of antisocial and self injurious behavior

“I am sure you’ve all heard the old wives tale but no hypnotized subject may be forced to do that which is repellent to his moral nature whatever that may be nonsense of course oh you note-takers might set down a reminder to consult brandman’s paper experiments in the hypnotic production of antisocial and self-injurious behavior Orwell’s 1941 paper which was titled I believe experiments in the hypnotic production of crime or of course Andrew Salters remarkable book conditioned reflex therapy to name only three

- The Manchurian Candidate 1962. When Sirhan Sirhan shot RFK he had been programmed with the rage RFK MUST DIE so intensely his personality structure needed to satisfy the rage or else continue in the trauma. Could this realy happen? Was asked at John Frankenhiemer (Mancurian Candidtate movie producer) home where RFK was staying the weekend he was shot.

In RFK Must Die and The Polka Dot File the findings that were soft sold for the defense of Sirhan Sirhan used the concept of automatic behavior. After programing a trigger releases (as a ventilation) of massive internal trauma based intense emotions an act of aggression towards another, the act satiating the traumatic rage that was programmed. In the case of Tsarnves Jews, and the USA trauma seems to have been instilled, in the case of Sirhan Sirhan the trauma was over the planes that would be sold from North American Aviation or others to the Middle East. Sirhan Sirhan was programmed to act on that rage and pushed towards RFK to carry out the act. Same likley with the Tsarneves and while the Boston Bombing happenned an event happended at the RFK library too.

Q. Mr Donegan you assert you are being harassed in a similar manner? A. Yes. I have no criminal intent towards anyone. Yet in race baiting non-whites are laughing at me being near teen females they say I am exploiting and that I am seeking the exploitation of teens. This programs me to sense injury and respond to it in a racially charged counter response. I mostly like jews. In fact I am defending a few of them Veronica Hoffman included,.

A. Do you believe the Waltham murders were part of a conspiracy? Yes, I think that someone wanted decoy to attack the JFK library under and someone to shoot from the front at RFK and an expert shot was behind RFK just in case.

Q. In your book series do you consider Veronica Hoffman a double cut-out (enforcing the enforcer) just like the Waltham crew were? A. Yes.

The fabric made by all the threads is aircraft developer Howard Hughes and Robert Mahue were industrial devices (Glomar Explorer salvage, military planes) suppliers to the US DOD and CIA. This included surplus planes modified covertly for groups like the Flying Tigers or Chauncey Holt for Guatemala or for the CIA in attacking Cuba. All of this was done in places like SSFL, Inglewood North American Aviation, the atomic proving grounds, and the CIA activities in that area. This is where the Richard Nixon CIA plants operated out of from 1951 through January 1961 and continued briefly under JFK but were called off. This is where the Donegan piece of the story comes in too. Even in 1968 RFK is about to find out what really happened regarding the Indonesia plans by these same group of people and the Manchurian Candidate story.

The Fabric when fully unrolled is longer than WWII and The Battle of Britain. It goes back to 1902 and the death of Cecil Rhodes and the death of the methods of Cecil Rhodes. It goes into Psychological Warfare and 1910 and Queen Mary and her children Edward and Albert and the Kings Speech. During this tine genetics and eugenics were being studied and so were the

Windsors.

Before the P-51 of Packard Motors and North American Aviation of Inglewood California their was the Curtis P-40

Theresa May says the 23 Russian diplomats kicked out of Britain are "undeclared intelligence officers".

In other words, they're "spies".

This might surprise anyone who thought the key requirements for being a good diplomat were a firm handshake, a decent backhand and the ability to order a gin and tonic in several languages.

So where do you draw the line between official diplomacy and the murky world of espionage?

"Every embassy in the world has spies," says Prof Anthony Glees, director of the Centre for Security and Intelligence Studies at the University of Buckingham. - https://www.bbc.com/news/newsbeat-43556816

Josph Kennedy Sr. once closely connected to Navy Undersecretary FDR and later by President FDR the US Ambassador to England probably knew of some spying and covert programs. So did James Donegan of Dorchester Massachusetts and GLorian of North Carolina.

A federal court in New York has ruled that the FBI conducted an adequate search for records pertaining to "gang stalking." The agency originally provided records from another request it believed were responsive to Keith Labella's request, but later admitted the records were not responsive and conducted further searches using extensive terms supplied by Labella. The agency found no responsive records and Labella sued. After finding the agency's search had been adequate, the court examined documents submitted by Labella to show the agency must have responsive records. The court noted that "these documents are neither FBI records nor contain any mention of the FBI, so presumably Labella submits them to suggest that since gang stalking is so pervasive and so well-known to several government agencies, the FBI must have documents responsive to his FOIA request." The court pointed out that "Labella's suggestion that, because it is the nation's leading law enforcement agency, the 'FBI should be charged with constructive knowledge of gang stalking and presumed to have records thereof,' shows only that Labella has no evidence at all that the FBI actually possesses records responsive to his request, let alone that the FBI failed to conduct a good-faith and reasonable search of its records. Labella's proposed 'presumption' turns the law on its head; it is the FBI that is entitled to a presumption of good faith with respect to its affidavit and Labella cannot rebut that presumption by speculating that the FBI simply must have the records he requests because of its stature and resources." Labella also argued that several articles

> criticizing the FBI's FOIA practices raised suspicions. But the court observed that "even if these articles are fully credited, two isolated incidents of the FBI's noncompliance with FOIA does not demonstrate that the FBI failed to conduct a reasonable search or acted in bad faith in this specific instance." (Keith Salvatore Labella v. Federal Bureau of Investigation, Civil Action No. 11-CV-0023 (NGG)(LB), U.S. District Court for the Eastern District of New York, Mar. 19)

Attorney Keith Labella as Ted Gunderson, Geral Sosbee and Ed Donegan assert along with Dr. Katherine Horton (St John's College of Oxford University Physics, PhD) that intelligence agencies have targed law abiding citizens for illegal sabotage. Noise campaigns keep people awake with guns and red dots pointed into their homes, police guide criminals to attack the targeted individuals, round the clock intensive abusive stimuli prevent sleeping or working like constant banging on the walls or nearby even fully turned up stereos can not drowned out, and other attacks.

Q. Mr. Donegan have you published in your book series Genoracketeering (based on the earlier USA. V. Edward Paul Donegan editions I and II) that an earlier and similar statement as being given here though in the earlier version that compared yourself to Jean Hill and if you made such a statement that provides an overview can you provide it here? Please do so if you can.

A Declaration by Edward Paul Donegan On His Experiencing Government Retaliatory

Violence From US Government Officials Hostile to JFK RFK Case Solutions

That earlier statement as made by myself Edward Paul Donegan

1) That Edward Donegan has the best available Assassination Theory that answers unanswered questions and that by his family background is likely closely linked to the assassinations of JFK and RFK and has available public information supportive of a threshold of likelihood of truth in that assertion.

The the US Government and its Officials have available information on their own and could assist rather than interfere with Ed Donegan's research on US Government connections to the Kennedy assassinations including powerful elite families in the CIA and Congress and US Presidencies, but Ed Donegan has been at all times harassed rather than assisted in researching the government history of this, government records im this such as military and birth records of private citizens, and backgrounds of CIA US DOD families like the Burns family, the Barr family, the Mueller family, and other families of public record including public employees like Ted Gunderson and William Cooper and Jen Moore.

2) That Jen Moore had files corroborating Ed Donegan's information is recorded as her death bed statements I continue to cite that affirms my stories of my family history I also cite family, news-story, and White house records on. That Jen Moore said before she died she faced death threats - being Silenced - by Free Mason connected powerful CIA figures if she spoke out on Ed Donegan is both on the record statement of her in Youtube, Bitchute, Farmer Jones Free Conference Call, and sources of her statements or statements about her and seen in her videos.

3) That these stories of Ed Donegan and Jen Moore trying to get Kennedy Assassination history told is too dangerous in the

USA and will result in lethal covert retaliation by State Sponsored wielders of US Official power in Abuse of Power.

4) That the Abuse of that Power is in deniable mafia usage of allowing gang activity, snitch activity, neighborhood watch groups be front groups for disputes and fights that are the engineered violence against witnesses the Government needs to hide its hand (sometimes hidden) in disparaging, blocking, and suppressing conspiracy theorists as Russian plants, terrorists, or i diversionary smear campaigns, the Conspiracy theorist is ALSO a pedophile in fights with neighborhood toughs or employers are apartment managers of pedophilia accusation smear campaigns or schizophrenia smear campaigns and that this is a Modus Operandi of Targeting witnesses as part of suppression of witnesses.

5) That in the US theory of an unrestrained and free press, a condition of a free society, books and statements from those that todays 21st Century leaders came to power on something likely tied to Partnership for a New Century that ran in th 20th Century allowed George H.W. Bush and his planned successors Barrack Obama Jr make international stride in global allegiance under the propaganda of a liberal democracy when in fact covert allegiance with corrupt business practices was the tru partnership for the 21st Century and the globalization of CIA crime now controls official US policy and activities of State sponsored crime in mafia government.

6) That specific acts like break-ins to my home office (upon which the police records were changed to fictitious and unsupported burglary theory), cutting of utilities to my apartment by outdoor switch and valves operation, physical wire cuts or rewiring and splicing, have been part of black bags on thee home office often tied to very direct activities the Government perceives as a threat, activities naming William Burns in my book, Christopher Wray on the cover of it when my computer was stolen, etc.,

That this is a conspiracy against rights per-empting and

disruption witness accounts to the Government or to the Press.

That Jean Hill experienced this.

That Jim Marrs, Richard Selzter, Ralph Thomas, and others observe is a pattern of the destruction of lives of loss lives by witnesses whose assertions contradict Government accounts.

Norma Jean Lollis Hill (February 11, 1931 - November 7, 2000) was an American woman who was an eyewitness to the assassination of United States President John F. Kennedy in Dallas, Texas, on November 22, 1963.[1][2] Hill was known as the "Lady in Red" because of the long red raincoat she wore that day, as seen in Abraham Zapruder's film of the assassination. A teacher by profession, she was a consultant for Oliver Stone's 1991 film JFK and co-wrote JFK: The Last Dissenting Witness with Bill Sloan.

Hill's claims have been both disputed and embraced. While official sources have considered her an unreliable witness for a number of reasons, other researchers investigating the assassination and the conclusions of the Warren Commission consider her a highly credible witness. They point to significant circumstantial evidence of an apparent smear campaign to undermine the testimony and credibility of Hill, the closest civilian witness to the assassination and its immediate aftermath.

Jean Hill was a consistent critic of the official report of the Warren Commission since its release and in 1992 she co-wrote a book entitled The Last Dissenting Witness. In this book she made the assertion that her reported testimony before the Warren Commission was fabricated by the commission, a claim also made by others about Warren Commission testimony.[3] Others point out that those claims cannot be verified one way or the other, and argue that the Warren Commission did not fabricate testimony at all, although some people who probably committed perjury point to the possibility of an internal conspiracy. Wikipedia

Jean Hill was born in 1931. She worked as a teacher in Oklahoma City before moving to a Dallas school in 1962. On 22nd November, 1963, Hill, watched the motorcade of President John F. Kennedy from the grassy knoll facing the Texas School Depository Building. Hill and her friend, Mary Moorman, who was taking Polaroid pictures of the motorcade, were only a few feet away from President John F. Kennedy when he was shot. Hill and Moorman thought the shots had come from behind her on the grassy knoll and as soon as the firing stopped they ran towards the wooden fence in an attempt to find the gunman. Hill claims that they were detained by two secret service men. After searching the two women they confiscated the picture of the assassination.

Hill gave a statement to the police where she stated: "Mary Moorman started to take a picture. We were looking at the president and Jackie in the back seat... Just as the president looked up two shots rang out and I saw the president grab his chest and fell forward across Jackie's lap... There was an instant pause between two shots and the motorcade seemingly halted for an instant. Three or four more shots rang out and the motorcade sped away."

Shirley Martin telephoned Hill on 25th January, 1964. She told Martin that as soon as the firing stopped they ran towards the wooden fence in an attempt to find the gunman. However, they were detained by two secret service men. After searching the two women they confiscated the picture of the assassination. Hill told Martin that she was very scared as another witness, Warren Reynolds, had been shot in the head by an unknown assailant, the night before: "Mrs Hill told me that she and Miss Moorman had received many threatening phone calls urging them to keep quiet and when they reported these to the Dallas police, they received an official brush-off. Mrs. Hill said Miss Moorman would not talk to me as she was much more frightened and upset over the whole thing than Mrs. Hill was."

Hill later gave evidence to the Warren Commission that was highly controversial. She claimed that she heard between four

and six shots. Hill was also convinced that some of the shots came the grassy knoll. In interviews on television after the assassination Hill said she saw "a little white dog" in the rear seat of the president's car. As there was no dog in the car, the reliability of Hill's witness statement was undermined. However, 25 years later, it was revealed that a small white stuffed animal was on the back seat of the car. A child had presented it to Jackie Kennedy at the beginning of the tour of Dallas. This information was suppressed in order to discredit Hill as a reliable witness.

The Zapruder Film film shows the position of Jean Hill (left) and Mary Moorman when John F. Kennedy was shot.

The Zapruder Film film shows the position of Jean Hill (left) and Mary Moorman when John F. Kennedy was shot.

Jean Hill told Mark Lane: "The FBI was here for days. They practically lived here. They just didn't like what I told them I saw and heard when the President was assassinated. She declined to permit a filmed interview, stating, for two years I have told the truth, but I have two children to support and I am a public school teacher. My principal said it would be best not to talk about the assassination, and I just can't go through it all again. I can't believe the Warren Report. I know it's all a lie, because I was there when it happened, but I can't talk about it anymore because I don't want the FBI here constantly and I want to continue to teach here. I hope you don't think I'm a coward, but I cannot talk about the case anymore."

For many years Hill refused to give interviews about the John Kennedy assassination. However, in 1990, Hill agreed to work as a technical adviser on Oliver Stone's motion picture, JFK. The following year she revealed what happened after the assassination: "They (Secret Service agents) took me to the Records Building and we went up to a room on the fourth floor. There were two guys sitting there on the other side of a table looking out a window that overlooked the killing zone, where you could see all of the goings on. You got the impression that

they had been sitting there for a long time. They asked me what I had seen, and it became clear that they knew what I had seen. They asked me how many shots I had heard and I told them four to six. And they said, No, you didn't. There were three shots. We have three bullets and that's all we're going to commit to now. I said, Well, I know what I heard, and they told me, What you heard were echoes. You would be very wise to keep your mouth shut. Well, I guess I've never been that wise. I know the difference between firecrackers, echoes, and gunshots. I'm the daughter of a game ranger, and my father took me shooting all my life." In 1992 Hill published her book on the case, JFK: The Last Dissenting Witness.

Jean Hill, who worked as a schoolteacher in Dallas for over twenty years, died on 7th November, 2000.

Edward Donegan asserts assets of government are aware of and threatening my writings often while saying they are not, they are talking to someone else, or threatening me on non-verbal gestures or for allegations of pedphilia when the kill (as Noble Savage Prison Snitches) pedophiles, but that is also fabricated about thus I am exposed to the danger of Nobel Savages claiming they have a revenge motive to attack me, that occurring in my surroundings while I write my book or rent apartments in skid row. It is on my book cover intimidation or obstruction of my truth telling on this is Obstruction of Justice USC Title 18 Chapter 73, that Jen Moore was assassinated in furtherance of treason, what the United States as 18 USC Chapter 73 to address.

I Edward Paul Donegan declare I knew as a child likely the same Mr. Prouty that Oliver Stone and Jim Garison did. THe best of my research is that J. Edgar Hoover was serving on Majic 12 a committee of British and US Intelligence operations directors hostile to JFK and Roman Catholics during the Irish Troubles where the FBI was also operation and that this information is in the books I am writing and others have

written.

That the facts of my research and family history show my Roman Catholic family and Roman Catholic PRouty of Boston opposed the Majic 12 allegiance with Great Britain that in 1954 GOP President Eisenhower agreed to in intel cooperation and VP Nixon used for directives in who to assasinate, and that JFK wanted to shut down Majic 12 that J. Edgar Hoover was leading.

That completes my transcription to here that earler statement.

Racketeering Stalk: Use of Shills for financial crimes including financially trading in and using organ or tissues for debt payments and payments for goods and services

Q. Mr Donegan much of your life has been spent debating questions of sociology and the premises upon which modern sociology is founded. Is that what you assert is being used as your Achilles heal? A. Yes, opportunistically that is a great excuse to hit me with COINTELRPO but my experience has been that week spot is always what the defensive measure of government officials use as I research and write about the Kennedy assassination. THe racial issues I am forced to spend time on are the distraction the FBI has created.

Q. Mr Donegan you come from electronics and high tech since the days of ROP Electronics and Computer repair training. Explian you use of COINTELRPO DDOS. A. (Disgusting) (D)isruption (O)f (S)ojourne. Where ever a person that is being provoked goes something that bothers them is in the way.

Q. Mr Donegan you have assserted in early childhood and now later in your life you and others have been preyed upon to trigger volatile emotions. Can explain the practices of bullying enemies into fights the FBI is known for and also the Borderline

personality as you understand these matters?

A. In my experience in life based on the stories of others and what I have experienced and read there might well be two distinct forms of bullying and cyber-bullying. The first I would say is trying to devalue a person's sense of self, self-esteem, by say; for instance, mocking a person who is gay and coming out for the first time and quite self-conscious. The second form is in the devaluation of esteem others and this is to provoke and anger rather than a shame response. In case I am mocked for what is not true. I believe the intention is for me to become angry at and intolerant of those around me. I have wondered if this was done to Sirhan Sirhan and the Tsarnaev's , to exhaust their patience with those they were tolerant of but only to a point.

Q. How would this tie to the Waltham murders, three Jewish dope smoking body builders and drug dealers murdered with ease and thrown around by powerful attackers? And why?

A. This may be a case of double-cut-outs. First they were bad examples of being Jewish to the brothers. This may have been part of the close range programming to incite the Boston Marathon attacks. Later thought the programmers were themselves killed in the cover-up.

>
> All three victims were Jewish according to a number of sources. Other sources have not reported a religion for Mess. Weissman was outspoken about his Jewish faith, and an active member of his synagogue. Teken had majored in history at Brandeis University; he was buried in Israel.
>
> Mess had been described by Tamerlan Tsarnaev as his

best friend. Mess, Weissman, and both Tsarnaev brothers had attended Cambridge Rindge and Latin School at various times. Mess received a bachelor's degree in professional writing from Champlain College in 2008.

The three men, who were described as being physically strong, were dragged to or killed in three different rooms. Mess was a well-known mixed martial arts fighter and was listed as a martial arts instructor on his death certificate. Teken was listed as a personal trainer on his death certificate. Weissman was a bodybuilder.

In 2008, police had pulled Weissman over for failing to yield, and smelled marijuana smoke in his vehicle. He was charged with marijuana possession and intent to distribute. Teken lived in Waltham, where certain neighbors said they believed he was a drug dealer, saying he rarely left the house and had a steady stream of visitors. In 2010, Mess and another man were arrested on charges that they assaulted several people at a store.

2011 investigation

The bodies of the three men-Mess, 25, Weissman, 31, and Teken, 37,-were discovered by Mess's ex-girlfriend on September 12 in Mess's apartment at 12 Harding Avenue in Waltham, Massachusetts. Autopsies revealed that their throats had been slit from ear to ear with such force that they were nearly decapitated. The bodies had been left covered with thousands of dollars' worth of marijuana (seven pounds of marijuana; in what investigators described as a symbolic gesture) and thousands of dollars of cash, in three different rooms. Police found $5,000 in cash at the scene, which suggested that robbery was not the motive.

Police said that the murders were not random. Two unidentified men had been seen at the apartment before

the murders. Middlesex District Attorney Gerard Leone said that it appeared that two unknown perpetrators and the victims knew each other, based on evidence that the police had obtained. It was believed that multiple people other than the victims were at the scene, and that the victims let the killers into their apartment; there was no evidence of forced entry. Neighbors whose windows were open did not hear anything unusual.

2013 investigation developments

The Boston Globe first made the connection of the Tsarnaev brothers to the murders on April 22, 2013, after the Boston Marathon bombing. The Middlesex County District Attorney's Office stated that it was investigating the possible connection of bombing suspect Tamerlan Tsarnaev to the murders. ABC reported that authorities believe Tsarnaev may have been responsible for the triple homicide. The Federal Bureau of Investigation (FBI) joined the investigation in April.

Investigators on the Boston Marathon bombing case said Tamerlan Tsarnaev visited Dagestan and neighboring Chechnya for six months following the date of the Waltham murders. They sought to determine whether the killings may have been timed to take place on the tenth anniversary of the September 11 attacks. - https://en.wikipedia.org/wiki/2011_Waltham_triple_murder

Are they (who are parading themselves near me and then going to a Rendezvous site I am not at and only have heard of at times after the fact) in it for the ***Hoot or the Loot***?

Q. Mr Donegan you have distributed CDROMs and DVDs asserting a con job being run against your trust fund -

conservancy and the managers of that fund complicit. Have any in the Corpus Christi area seemed under their breadth audibly to admit guilt was you passed those out? A. Yes, when I wen to Rainbow Churches shelter I was in for a while. Metro Ministries, etc., have a policy of protecting runaways from homes rejecting gays, etc., and I think falsifying me as a threat to those people in that I am rumored to abuse them and turn them out is a rumor they have been able to use in fraud. I also think some of them use that in profiteering if they can sell that theory of me. When I passed the disk out to them they had said to each other something to the affect of "I think he caught us. I hope no one else finds out" or something like that. This was on Leopard Stree Corpus Christi. That or something like that happened in more than that one location.

The *Rough Noise* (allegations acted out I am a loser) attack alleges I am a loser and after staging that the *Parade* uses an impostor of me to agree to pay-outs of false claims I am a loser. It is obstruction of justice in every component but it is used in the courts as Abuse of Process, the claim I am a threat allows a Protection racket to demand both damages and protection fees and treatment given to the protection racket that uses my identity to hire adult services offered to the retarded.

Q. At all gyms you were attending did the employees change out to mostly blacks? A. Yes. Many of the patrons started carrying military and Marine Corps duffle bags. Many seemed to be disabled especially in the Corpus Christi area. Q. In COrpus Christi did harrassemtn follow youn from Arlingtoni and black detention officials? A. Yes. An Asian spin instructor starting singing what are you going to do when the come for you and looking right at me in front of the spin class. In addition she shouted right at me "YOUR AN AMATUER YOUR AN AMATUER yet she was teaching the class some moves I had been doing in the days beforen the class. I had been doing spin bikes since probably before she had been born and extensive mountan biking in dry creek beds and forrestn trails with ny father for decades.

Q. Mr Donegan have you ever felt alone in an ampty room?

Nor, momre the other way around. I would go to gym during weekdays business hours. It woul dbe empty but they knew my routine. Each piece of circuit training equipment that was in my regular path of standarfd workout for e would be occupied by a scuzzzy non white and a high fashion type model usually white he was looking at. This would go on while I stood there waiting. THey would not use the eu8pment but they would not move from it. THe scuzzy male would often have a cell phone and soime type of bag with him. I suspected that was the device thout could interfere with nmy cell phone or he could take pictures with or both. As for alone in crowde world yes, like most Stlk victims I feel the situation is either not noticed, not believed, or not remediated.

Q. Did this match ewxperiences inside and outside of custody? A byllying inference? Yes and I went in front of the entire class and asked if she had any accusation of me or questions about me. She said no. I did this with Austin Public library and 100 other pkaces,. They have bravado and you call it out and they just deny it.

Q. Mr Donegan you have been suspicious about being in custory especially as a white but for anyone. Can you talk about psycguatric security and deptuies? A. I like Bawatch the old TV series., "How many prevents did you have today" is a good safety question., For some in the "system" how hard a sherric threw and inmate to the ground or how good a kick the head went once the inmnate is on the ground is their bravado type. It is whatn they consider their job and while partly true more often than not they are looking for a fight with a chip on their shoulder and this can often be true of ghetto blacks and white inmates.

> **Hoot**

1. Noun. a loud raucous cry (as of an owl)

2. Noun, a cry or noise made to express displeasure or contempt

3. Verb. utter the characteristic sound of owls

4. Verb. to utter a loud clamorous shout

5. Noun. something of little value

Other forms: hooted; hooting; hoots

A hoot is the musical call an owl makes. The hoot of an owl sounds very much like the word hoot.

An owl's hoot is the inspiration for a similar sound that people make to show disapproval or scorn: "The sound of the crowd's hoots filled the stadium when the soccer player kicked the ball into his own team's goal." To make this sound, whether you're a person or an owl, is to hoot, and if you don't give a hoot, it means you really don't care at all.

Loot

1. Noun. goods or money obtained illegally

2. Noun. informal terms for money

3. Verb. steal goods; take as spoils

4. Verb. take illegally; of intellectual property

Other forms: looting; looted; loots

Burglars and pirates handle a lot of loot - otherwise known as stolen money or goods.

One bank robber might say to the other, "You watch the customers! I'm going after the loot!" Loot most often means money, especially the kind of money you didn't get legally. Loot is right up there with booty and swag in the family of words for stolen or pillaged things. When used as a verb, loot refers to the act of stealing, like when an angry mob loots the local grocery store during a riot.

Robert F. Kennedy and Labour Rackets

Q. Mr Donegan you assert you life and the crimes harrassing

your life are tied to Robert F. Kennedy who is a co-victim with you of Rackets. Could you explain?

A. The Right Wing Nixon republicans had some fraud union activity setup that seemed to protect labor movements but in fact were shills for management. Jimmy Hoffa was part of that. Protecting labor with phony services or degraded services from the better services was part of it. He also went after the Mob and organized crime rings in other matters as well but those entities were in leuage with J. Edgar Hoover as allies in fighting illegal "dirty wars" against political enemies.

As for the simplest of Protection Rackets offering to protect a window after threatening (to the owner of the window) to break it is a clear mafia shakedown, but unless you pay you might have a broken windows.

The more complex form is Protection Racket, not just the labor of protection but other elements too. The Protection Racket will 1) Seek damages for damages that the defrauded party is not liable for, 2) Seek remediation to the seeming threat who is in fact their own agent, and 3) Seek to protect against any future act by providing protection services.

Q. Mr Donegan you have asserted often self funding non-monetary or non US Currency fraud for goods and services shaking down your trust fund and bullying you. Do you and Jen Moore assert like some others have including Jen Moore and Ted Gunderson of human trafficking, murder of children and civillian persons, and assasination of investigators of the McMartin School and Fanklin Boystown and even JFK and RFK witnesses and all that is linked together?

A. I do and I further assert some of the names have changed from generation like Prescott Bush to George H.W. Bush to George Heart to William Randolph Hearst and then to a change Patty Hearst. And Barrack Obama Sr. and Barrack Obama Jr. and the Kennedy line and the Donegan line. From E. Howard Hunt to St. John Hunt from James and GLorian Donegan to Ed

Donegan myself. And some of this was Midnight Climax, MK-Ultra, and now its Pizzate and covert rendezvous of blatantly illegal espionage programs and even repugnant markets and organ (genetics of adn fertilization rights) trafficking. The Mueller Family, DuPonts, and many more of the Robber Barron age and J.P. Morgan and William Truesdale. Brown Brothers Harriman and Lovett.

Q. M. Donegan you assert the government remains either complicit in the Kennedy assassination or negligent in the solving of it, or perhaps on a case by case basis either one of those two. A. Yes and my plan is to put my piece of the puzzle onto the table researchers like myself are piecing it all together and when the picture is clear enough and compelling enough a truth (and we are reaching that point) law enforcement will have to take up key questions even if politicians in power and in the press ban the investigations of Conspiracy Theories as Lloyd Austin has done.

Q. Mr. Donegan you assert you have been damaged by lynch mobs in various ways including by exclusion from public places of accommodations, social circle and networking, etc., Are you familiar with the term "*Lynch Mobs*" and have you read this is related to *Information Doppelgangers*?

A. Yes. It is a little bit complicated in that there are two separate things. The term lynch mobs comes from the South and what is not the scenario is important. Here what is not the scenario. A white woman is approached by a black male who begins to sexually assault her. A crowd defends the white woman creating a safe distance between her and her attacker. That is something fairly direct and linked.

On the other hand the Lynch Mob (also called a Revenge Stalk of angry mob abusive treatment) scenario is that a person is vilified by an inflammatory rumor like a black male has sexually assaulted a white woman. In response to the rumor a retaliatory action is undertaken in this theoretical hanging the black male in retaliation by the mob acting on the rumor. In the

case of PsyOps to encourage bullying of a PsyOps victim very intense rumors are circulated about a a person in their politics, sexual orientation, etc., and in response the mob either gets back at that person in some disconnected way or simply blacklists the person's presence such that the person can not remain in the area and thus the wolf visiting the town has been driven away by the sheep working together.

Q. Is that the Southern policy of "Don't let the sun go down on you?" A. Yes, the mob, the town, the office, whatever has decided it is going to be hard for you to stay. Even if no action is take immediately be sure to move along quickly or the lynch mob may attack.

Q. From what you have read about crowd manipulation is the Lynch Mob created to be in a fixed delusional emotional fervor in which reasoning with the crowd is not possible? A. Yes, that is what I have read. And the crowd has had "face time" with the people conducting the smear, believe them, and are dupes who do not know the Target and would like never to know that Target. That is the whole point of smear campaigns, black-listing, and discrediting the person who is smeared.

Q. Mr Donegan you asserted MK-Ultra based conspiracy must succeed in destroying your life, credibility, and reach of voice of the criminals of the JFK assassination are to remain in power.

Q. Did you write for a while as New William Cooper and place a web site under that name? A. Yes. I also created a proton email account as New William Cooper. I never really used that and now don't want to keep the web site for many reasons including expense, data compatibility between epubs and web domains, and the story of William Cooper. The police and fire and EMS are so dangerous I no longer cared about the JFK and RFK assassinations. That was old news though the substance of my books. The process of my books is the first responders, community based agents, etc,. as such dangerous criminal conduct allegiances that are formed it was necessary (as

William Cooper believe) to fight to the death rather than be taken into custody.

While I do still believe that I am working to change that while also accepting for now that it is true. Keeping to the William Cooper premise is being in the fight. I am trying to avoid the fight and deflate the corruption by going back to the JFK RFK issues. It is also true after you have lost your home as I have (they stopped maintaining the building or can canceled the lease or cut wiring or power, hammered on the walls, moved out neighbors, staged a fight I was forced into, etc., you are as vulnerable to a prison snitch from a group like Ambassador of Austin or Urban Alchemy as you are in custody. IT makes no difference,

Q. Mr Donegan you have stated white identity politics that include blaming thge IQ and societal conduct of non-whites for substandard outcomes is a major political liability. It is racism. A. Yes, and so that is part of labeling me a wolf, and the wolf gets attacked in a lot of way. Part of Criminal Syndicalism even under color of law is groups like Black Lives Matters, Antifa, Rainbow Church, and any number of social services agencies to become "community based agents" of a racketeering level ganstalk, partners of it.

Q. Most do not like white identitarians. That is nice name for white people who consider themselves quite comfortable with the fact they are white. For many elite dominas or others the thinking is the scene must reject white identatarians and prefer the social justice based cops running CONTELRPO welcoming the smear campaign against me.

Q. Does being a white identatarian (and before that a meth addict) in your mind give people the right not to associate with you? In most situations, yes. For rental apps, etc., politics should not come in.

Q. DO your white identity politics make you a terrorist? A. Some say yes. I spent years outlining that a common several

thousand years of Western Culuture includes Eastern Europe and the crazy religious wars some want with Eastern Europe and its pepole are insane. Border policies, civil rights debates, that is all politics for me.

Q. Have you sounded like a terrorist? A. Yes and especially in Austin Public Libraries. They should get the simple stuff like protect library access and equal access and they were trying to and did stop my library acccess. I will die someday. When I do I hope to remember asking for gun ownders to come into the library and end the dirty tricks they were using to harrass my book, and was clearly that they were harassing. Nothing has been more important to me in my life than free speech and weapons used inside that library were missing. This to me isn't about white or black, gay or straight. That is all they wanted it to be.

Q. Before and even after you came to Texas were libraries any different from they are in Austin or Corpus Christi?

No, and I told the library staff that in the APL. And Sosbee described the same here in Texas. After leaving Texas I put feces (my own) on my birth certificate for the absolute stench the USA is. Incredible evil. My opinion of the USA, the cemetery, and those dead in it are far different now. THe USA has fallen. It is a dumpster.

Q. Is this in your perception racial based? A. I think there have been both racial and religious components. I call some of it the Taco Truck Family Reunion. The Mexican-American and 15 to 30 of his cousins and their buddies (of the entire batch perhaps 10 percent speak no English) are crackling and giggling about me giving them babies, looking at my crotch and giggling to each other, or rather abusively lauding at me is young children are near. The assertion is the Mexican community is defending itself from me. I assert they are framing me and with law enforcement helping so they can defraud me.

Austin politics are what they are and this clearly is both Texas

state and Austin city and Travis county sponsored conduct.

A. Civil Rights protection is something I have heard cited by some of these stalkers. They claim the poor immigrant child can not walk the streets safely with a white supremacist pedophile in the area or the apartment complex so they must begin patrolling and sieze assets to do so. One group I cite says it had been made up of former felons but they have now found a new purpose in life in motorcycling or use of vehicles for safety.

Q. Mr Donegan have you heard (perhaps as often as daily) from them that this is then stopping a Nazi? A. Yes., but it reminds me of the violence that shut down Trump rallies when he wanted to build the border to stop crime. His rallies were attacked by Mexican Americans carry Mexican flags many of them non-citizens. Whose point were they making? His or their own?

Q. Mr. Donegan when you are not lying about it have you admitted to expressing racial beliefs? A. Yes. I have always believed Sub Sahara is more remote culturally and genetically than Asia and Caucasia. I was in long term war with the NIH that this was true. In the course of that some science emerged even more conclusive than previous reseach that the premise was correct. I left the point behind after that but I think many still want debate practice with me.

Mr Donegan you have asserted though under color of law this covert operation has many racketeering elements. Do you assert Foundation Work in con artists language, felony intent, wire fraud, and conspiracy to defraud are all in practice nearly interchangeable con artist and legal terms of art in racketeering? Do you assert this ties to Jen Moore's death and even more, harassment of you that itself is endangering you?

The mechanism of fraud being described is subversion. Experts say subversion seeks to destroy all parts of a targets life. This is important since social safety nets can help a person survive adversity. Job loss for instance might easily be overcome in a

happily married couple with sufficient income for the entire family system remaining in the other person. In the case of a journalist or witness to an event job loss of the witness as an adversity alone may worsen the high ranking officials concern. The witness not having the distraction of day-to-day work may take up the events of his or her life the espionage agencies hope to suppress. Inheritance can be disrupted of the person due to receive an inheritance is denied it because a family member has been told the person who would gain the inheritance is under the influence of someone who would defraud it from the beneficiary.

Q. Mr. Donegan you blame Texas Department of Public Safety as the behind most disasters of history. You also assert much of this is religion connected. In your mind are these tied together?

Texas has always been a joke and it always will be. I recently asked Merryferrel.org to ask Dallas CID to be removed from office but the next filth is twice as bad. So why bother?

A. Yes. As far as Texas goes it had big problem with Nation-States that were not "God fearing." Nations that did not allow missionary workers in, etc., or were repressive to their own internal christian populations as the USSR was. It had put intense pressure on the Russian Orthodox Church for instance. This as part of the Anti-JFK movement and this also later was part of an immature Texas that when it needed to smear and coopt me used its own immaturity to claim was mine. When I arrived Corpus Christi they though my normal life was "pornography" they said I was addicted to. It was their demons they imposed on me. They wanted to break into that type of life and saying I need to understand it by using one of their own to get sex ed services was part of a backwards Texas based in the Bible trying to catch up.

Q. Do you tie some of this history to Blacks Beach in the San Francisco Bay Area? A. Yes. It was quite famous in the area as a nudist beach; informally a zone where the laws on nudity were not enforced. It was hard to get to sort of l like the Playa and I

think private but it was accessible through the main gate or sneaking in. A youth like us, a group of just adults thought we were going to a swing party. What we found was not that. It was a relaxation place for swingers who were used to nudity, had seen it all before, and didn't really care about nudity. When in the open air why not take of your clothes and really feel more like you are outside as you lay on your beach towel. That rather than any swinger scene element was the fairly contagious part and visitors as well as regulars sensed that type of attitude. Texas has been very repressed and what comes fairly naturally for me and with ease for then they had wrestled with. The Keep Austin Weird, Keep Austin Topless (at Barton Springs) seemed to try to encourage a swing environment but fairly creepily so.

Q. Can you give us an example of this? A. Yes. When I first went to Barton Springs I had some trouble balancing on the slippery rocks, etc., and some college age people helped steady me with supporting my ams I had out for balance. Sure there were some hotties there enjoying a swim and that was pleasing to the eye, but nothing to be obsessive about. For some it was. When I had been arrested for NO ID CARD (it was more complicated than that after a thirty year debacle of my ID always being harassed or wrong especially as done by law enforcement) I heard in Sheriff's Detention each one of the riff raff were figuring out how to get "crazy checks" (disability) so they could quit low income jobs and spend their days among the topless women, spinning poi, etc., I think the college town has been a driver in this including in using what I consider an intellectual perspective of Atheism and Paganism as a new cultural energy in Austin.

Q. Mr Donegan is bullying you as loser who likes children with no hair on the pubic region, etc., a norm? A. Yes, and it is part of the smear campaign that suggests I am developmentally retarded, like only sexuallized children, and need the sight of a hot female body. The former is not true I like tweens, children, etc., and I never did. The latter is true, that someone in the identity of Ed Donegan needs the sight of an adult entertainer as food for the eyes. While I enjoy that and would expect a norm of life normal people them included the people using my

identity are the ones who want something outside their norm. I assert the mentally retarded, the lower levels of policing, perhaps the FBI on it most prurient programs, and others wanted to study goth, liberalism, etc, and are using a retarded version of me to "tie into" those lessons, to tie my trust fund into paying for those lessons.

Q. How did the large scale operation you assert had White House level support and even PsyOps support make it possible to use a trust fund to pay for false allegations about you and harassment of you? A. By covering all the bases. With my brother and the Trust FUnd or conservancy cooperating the elements were in place to comit the frauds. Here is some Google results on covering all the bases then I will say how they did it.

Google AI Overview Covering All The Bsis

The idiom "*cover all the bases*" means to deal with every aspect of a situation or activity, or to ensure something is successful. For example, "I think I've covered all the bases – I called everyone, ordered the food, and bought some decorations".

The origins of the idiom are not clear, but it likely originated in the United States in the early to middle 20th century. There are two possible theories about its origins:

Baseball

The idiom may come from baseball, where defensive players are positioned near all the bases. However, this would be illogical because covering the bases in baseball is routine, while the idiom usually means going beyond routine to be extra careful.

Military

The idiom may have military origins, as the word "bases" likely had strong military associations during or after World War II. Google AI Overview

Setting up the legend with KOMPROMAT and fabricated information about me as "mentally challenged" and developmentally retarded" creates the first element of someone other than me in control of my assets. Next is that as a result of my developmental retardation I owe victims of my childish behaviors expenses like restitution, protection fees, etc., and also I need lessons is used to bilk the assets the trust was supposed to protect if a trust was needed at all. Finally others are invited to participate in bilking it either from a self-enrichment scheme for themselves as they seek damages for alleged conduct OR they wish the political damage the false allegations do to me. I think there is a final benefit the racketeers get and that is fights with me as they deny crimes that are organized at a high enough level to be accepted as policy but denied and not remediated. Proving a stalker is a stalker is not only difficult it is dangerous as you the accuser become subject to retaliation for the assertion. They (the stalkers have an alibi and stick to it.

People also ask What does my alibi mean? : an excuse usually intended to avert blame or punishment (as for failure or negligence) made up an alibi for why she missed the meeting. - Google

Some kind of cover-story that deflects in some way the allegation of misconduct.

Niedermeyer. Can you give an example of retaliation for an assertion? Yes, it was Project Veritas and a few others that alleged Creamer and Foval were running illegal activities to instigate fights, etc., and many abusive counter-attacks were

launched as to the methods and activities of the reporters. Over time though the substance of the reporting has born-out. In addition I think the Pizzagate allegations and that fraud will be realized as truthful over time. The allegations of Ted Gunderson of the CIA hiding in drug dealing and Satanic groups have been revealed. I know so because I have spent months restoring pixel by pixel Micheal Aquino documents into readability, etc.

Q. Do the CIA and FBI have a practice of mocking critics, using Rough Noise on them, discrediting them, and do you assert this is happening to you? A. Yes.

Q. Mr Donegan; do you think you were a "loser" in the gym when you joined? Why did you join? What happened next? A. Doug, it went something like this just relying upon my memory. I had been release from Sherrifs Detention that was a nightmare, a pscychward where adult models were brought in to "domme" a retarded lose, not me, but in cells near me. That loser had to be told by the domme with the deputies to take his pills, learn about Malcom X, the US Constitution, and Abrahan Lincoln. The person the deputies were using to get those lessons near me and audible to me was not me. That same loser was so addicted to glamourous dominas from Mensa (I Eat Puppies for Breakfast) he had to be put in a psychiatric emergency suit and isolation detention so he would never try antying like that again because he was only a retard.

Have this retarded verions of you bee sited by others? Yes. I use statements from Tom Dunham quite often.

Upon release and overweight did you doctor Christina Beselaga and others are Arlingtion (Virgina) Internal Medicine explain I was morbidly obese and that I need to a full physical scheduled? Yes,m and that was started but I asserted I was aging, had a bad back and accepted my condition as part of aging. Q. Did similar testing as a routing matter at Arlington Virginia Mental Health Services start at that same time now that you were released into their servies as to being discharged from Federal Custody? A., Yes the diabetes screens from the

two different services should off the scale diabetes. I confused A1.C of 13.7 and 3.3 one I think just learning the type of numbers they were but I started exercising right away base on what I found out about how serious Diabetes was. The follow-up appointment with Arlington Internal Medicine was a week or two out for prescriptions, etc,. but I started exersciing right away and focuse on metabolic syndrom and insulin sensitivity and absorbing blood sugar with muscles. I found from my blood sugar readings the downward pressure was for three days after working out. This applied to Nephropathy pain too, even if drinking, exercise before drinking helped moderate blood sugar level before the weekend.

Have you seen this since? Yes. At Orange Theory [of fitness?} in Austin Texas. I had been reporting in my Diabetes journals often posted as gym check-ins in Arlington Virginia or my Diabetes Syndrome X Recover google blog that the cellular activity of restoring used MTP from MTA ofter exersize, restoring oxygen, removign waste, were metabolic and circulatory activty as follow-up. And orange and jump suits? Perhaps. In any case I have seen on person from them. He had crown tattoo. Some of my assailants came they are true kings of ancient lines now forgotten about and crowns and jeweled crowns and gold items are part of their dress standard. At that time I saw the person he was interviewing a blonde as potential employee. Some of those same dressed people have had racially motivated attacks on me, but not just those people.

Q. Mr Donegan did you post and discuss some of your diabetes interests and experiences with city officials and others? A. Yes, I had emailed the city manager of Corpus Christi that a fat camp would be good there. I was posting my Map My Runs and asked if they would be willing to work with Corpus Christi Bayfront Hotel to use its empty lobby rooms for equipment.

Q. In additon to music playlists did your commonly report and blog other elements of your experience? A. Yes. I had said that before I was diagnose I had dry eyes, urinated frequetly, and often in the toilet there was white crud accumulatin and in the shower bacteria. I had before I was evicted from Arlington

apartments talked to my brotherr about a fan in the bathroom to reduces steam and mold. I have found since those days and while in Arlington if the body can;t cope with blood sugar levels the kidneyes will treat high-blood sugar water as a toxin and expell it. This leaves sugar in the urine and causes dehydration. The sugar if exposed to atmosphere may give rise to bacteria.

Q. Mr. Donegan you mentioned playlists. How long have you been a Cyber Goth? A. I still cant figure what that is. I asked online once and said a bunch of neon hair colored people showed up on my autoplay. Are you Cybergoths? No, she said, we are Agro. Ok. that was good to know but I also thanked her and her community for the fun high engergy vidoes that worked so well in the gym.

Q. Are you a Goth? Probably if anything that would be closest to it. I had many goth friends from goth clubs, loved playing there in the Bondage roped off area, thought they were wonderful artistic people, that would probably be the closes fit for me. But I also would say more the older goths who were not quite as "woke" as newer ones. I loved Peanut Girly for liberalism and art, Industrial music for Diesel Punk, lots of things like that, and the German identity of the 21st Century without apology for beign Germany. That is how I have felt as well, post racialism. Across the music spectrum from punk and others I talked about liberalism and art.

Q. Can you describe this? A. Yes violent hate crime mocking laughs at me when child is around that I am loser. I am a loser because I try to peep up their clothing, etc., It is sort of a racially charged shout of "faggot" or "nigger" or something like that. Non white females assert they are my pornography as white females do too. THey assert that this is them preventing child porn., The child porn is people (children) planted on me as KOMPROMAT. This KOMPROMAT and the Labor Racket protecting on the basis of me having hidden cameras is part of the protection racket.

Q. In a short time did you loose 100 pounds, were on pace easily to loose more, were you lighter on your feet and jonts, and younger when you had lost that weight? A. Yes and in that six month period I went from A1c 13.3 to 4.7. I found the blood sugar trends fron just exercise to excersize with metformin were similarly but spikes were far less with metformin and the downward trend sharper.

Q. After battling with the trust fund for gym expenses did you come to Texas? A. Yes and it was not an easy path. I had been arrested for dispute arising fron denial of trust fund money for health care and evicted in a fight with a neighbor who kept telling my "candy" was on the way, teens, etc. She was alson in Social Services.

Q. In Texas did you find similar problems? A. Yes. Just like in custody in Sheriffs Detention (and like custody in FMC Butner) dopples of me and my gym bag and motorcyle were constant and the retard was the worst of such. It looked like one religious group Soldiers of Christ or something like that possibly out of First United Methodist Church of Corpus Christi had been part of it.

Q. Did you discuss the situation with the Gold's Gym staff in Corpus Christi? Yes. I warned then some type of Singray devivce was watching my cell phone and I was being mocked for was normal and on my phone, I was getting junk phone calls and possible with forged not real numbers, and that as I approached 29 mins 30 secs people would walk away from near me as theyt were were together or I was following them and skits like that. I explained to the Gold's staff that it was hard to have regular goals and track them if I have to move randomly in the gym so what is called "set piece" of pieces of KOMPROMAT set along my anticipated path made me vulnerable to the smear campaign.

Q. Did they ask you for proof? A. Yes but I said I do not film inside the gym and asked them to reference their own security tapes. Q. Did there seem to be some racial give and take

underway? A. Yes. I try to keep race out of the gym but they were racially motivated. I had talked at the shared lunch counter at one point I was eating what I called a Squareito. A square plastic container with a tortilla, beans, and other items I liked for lunch. The person said back something to the affect that there were a lot of white women in there and he had love for eating tacos.

Q. Do you make up names for dirty tricks conducted in the gyms? A. yes. Play To Pause. I would be listening to music. It would by itself go to Stop. I would have to touch the electrostatic screen to get it to play again. Q. What would happen when you touched the elctrostatic screen? A. A child or someone would appear in front of my phone. I suspect the scene if viewed by an observer would indicate I had photographed someone. Q. How did you resolve this? A. I found they could not do this if I took the SIMM chip from my phone out. But in California it fell onto the tread of the treadmill and got lost and I had go to Tmobile to repplace it. Also to andf from the gym females in gym clothes were lining my path. Q. Do you like the look of athletic women? Yes. On Facebook I was posting to groups like Fitness Bodies Motivation my music and vid choices like Rokcy Balboas them and other inspirational things. There is a lot to be said for a communities success stories and great bodies look great.

Q. Did you express any Bondage interest while in the gym? A. It is sometimes, not very often, in some of my music. More of was Paganism. That was being copied.

Mr Donegan have you advised other Targeted people of certain things you have noticed and to be on the watch for? A. Yes. Sudden ownership changes, changes in management, or patrons. I think that usually means a Stalk team is being moved into place.

Q. Can you add anything else to the story of arriving in Texas and Gold's Gym Corpus Christi? A. Yes, there seemed to be a black female who took over as general manager and I met with

her and asked for her card. I googled her name and saw she had sold gym memberships at some other business for the US military or vets or something like that. People with military type duffles walked around the gym with me, looked at me with stop watches and clipboards, etc., and for instance when I was watching cybergoth on the Octane Fitness machine elliptical device one of the military types had a cyber raver mask on looked at me and held a 25 pound plate in his outstretched arms and rode the piece of equipment with me him steering the plate back and forth matching my strides on the elepticle.

I recently tweeted this to freind about scuzzy people following me around., Edward Paul Donegan @EddoneganB @HannahBree72 dog's resemble their owners? The neighborhood watch framing me used closeness to me to mirror and. copy my every move. It was a really more sexual than racial profiling. They saw in my music their desired partners

Q. Mr Donegan could you explain some of that tweet? A. Yes. I have smoked since the 1990's, done drugs since mid 2000's, and live a very straight lifestyle. Mexican American's with the tear tattoos in there eye sockets, covered in gang tattoos, often smokers, drug dealers, bragging of being violent criminals openly followed me in the gym. They seemed to want to become Cholo Couture, the same as Hispanics of Latin American and Russian goths. They struck me more as wolves, but life includes competition and everyone is in the game, no one excluded. I will say this. I listened to some Hard-style V. Shuffle, and the shuffle came from the Barrio. It was great stuff and I am glad it was in my music mix, but I think they wanted to portray me as looking for Hispanic minors to exploit. Lots of social media music has minors in it, they wanted to make a big deal out of that I think.

People in white trucks followed me long the Nueces Bay doing exactly that, offering me stopwatch advice and I had no idea who they were or why they were following nme at 5 m/ph. They would not communicate with me. I saw one Bluetooth unpaired device Q Marshall and it seemed some of these were black US Marshalls service from the Q Continuum (of extremes

in intelligence) if you followed their legend story line.

Q. Does some of this fit with the dopple of you? A. Yes. ONe of the high energy dances is One Two Three Fuck Me. What I heard a dopple me ask an adult entertainer is he (the doppple) needed instructions on "fucking like a Timelord" a person interested in physics, time space, aeronautics, etc., I was relly into wing shapes and waves and ripples and shockwaves during this period my life and physics. This recently showed up in Top Gun Maverick.

Q. Does the Tom Cruise conspiracy theory his is a twin of Barry Seal (or even your father) bother you? A. In that all conspiracy theory does, yes, but that personality of my father is in that character and adds some sort of re-connection and revitalizing my memories and connections with my father even if it similar looks and similar high performance flying. I wonder if my father's story might be in part woven into that fabric.,

Q. Mr Donegan in your book writing have you tried to publicize this? A. Yes but conspiracy theories are an uphill journey. At Austin Public Library I already susepcted the staff at Falk (not the writer) Library the earlier one. A few years after that I had trouble in Austin Central Public Lirbrar 300 Cesar Street and could not get epub software to use, etc., so i worked on files on a USB drive only. After going back to Corpus Christi to live in 1001 N. Water and 1513 Ocean Drive I had emailed from Ed Donegan Author Accounts like theMedicalSate@proton.com (state backed abuse through the medical system like abuse of psychiatry) but they replied uselessly under the name of Barney Miller. Like Superman, X files names, Casper, Harvey Dent, these kind of names generally mean that you are being setup in some way by a person adopting an alias and not using a real name.

Q. Do you assert this is part of Zersetzung? A. Yes. I call it *Justice Driving*. Some call it is *Psychiatric Driving*. If you subject a just person to injustice the just person especially if threatened will try to bring justice by fighting back. Because the assailant

denies starting the fight the person who fought back gets either arrested, thrown out of the place they were in, or even violently attacked by a local mob of the stalkers. A person is driven to act against what is being done wrongly to them. The person is driven to act.

Q. Mr. Donegan you have developed based on acuastions your behavior had been ventilation of emotions a new term of channled behavior also called automatic or compulsive behavior? Q. Yes. I assert the psche is pressurized with trauma that creates a sense of an emergency condition and the the relief of the trauma is an act of violence or other behavior to remediate the trauma condition. Jen Moore talked about the CIA system of rubbing salt into people's wounds to give them PTSD or force them into compulsive actions. Here is some transcript on how stimuli creates trame and violence is motivates as a ventilation of the trauma state.

POLKA DOT FILE ON THE ROBERT F. KENNEDY KILLING: THE PARIS PEACE TALKS CONNECTION Chapter 51 Could Sirhan Sirhan be, truly, a "ManchurianCandidate"?

While inclined towards the theory, Faura was always hesitant to endorse it for lack of proven, competent evidence. Such evidence may have come into his possession with an email message from Shane O'Sullivan, the author of Who Killed Bobby? That mail included the Declaration of Dr. Daniel P. Brown PhD to the Parole Board of California prior to a Parole hearing for Sirhan.

Dr. Brown is an Associate Clinical Professor of Psychology at Harvard Medical School at Beth Israel Deaconess Medical Center (BIDMC). Dr. Brown is the author of Memory, Trauma Treatment and the Law, a textbook for which he received awards from seven professional societies for "outstanding contribution to

forensic psychiatry and the law."

He also served as an expert witness and consultant for the prosecution at the The International War Crimes Tribunal, The Hague, Netherlands where his expert testimony has been adopted as the standard of evidence by the tribunal.

Dr. Brown has also written four books on hypnosis - among them a standard textbook, Hypnosis and Hypnotherapy (Erlbaum, 1986-coauthored with Erika Fromm). He also wrote the current guidelines on forensic interviewing for The Comprehensive Textbook on Psychiatry.

Dr. Brown, at the request of the Sirhan defense team, conducted a forensic assessment in six different two-day sessions over a three-year span spending over sixty hours interviewing and testing Sirhan at Corona Penitentiary and Pleasant Valley in California.

Dr. Brown's "Declaration" to the Parole Board convinced Faura that Sirhan is in fact a "Manchurian Candidate."

The relevant excerpts from Dr. Brown's declaration regarding the girl in the polka dot dress follow:

> "...After arriving at the Ambassador Mr. Sirhan recalled ' I felt out of place there it was very hot . sweltering hot. I wanted to cool down I had the idea to get some lemonade. There was a bar there."
>
> Mr. Sirhan's memory of the bartender suggests a strange feeling of familiarity, between them as if even though Mr. Sirhan,

> didn't know who the bartender was, he felt as if some previous relationship had been established. Mr. Sirhan additionally recalls that the bartender communicated by nonverbal signals like making unusual eye contact and nodding, and through this processes of handling Mr. Sirhan alcoholic drinks and nonverbal gesturing to him, Mr, Sirhan got very "tired."

...

Paragraph 10.6 continues:

> "Mr. Sirhan recalls retracing his steps to the same bar. When Mr. Sirhan arrived at the bar he asked the same bartender for coffee. The bartender told him that there was no coffee at the bar. An attractive woman with a polka dot dress was sitting at the bar talking to the bartender. She overheard Mr. Sirhan asking for coffee and she said she knew where the coffee was. The woman in the polka dot dress then took Mr. Sirhan by the hand and led him to the ante- room behind the stage where Senator Kennedy was speaking. There they discovered a large coffee urn and cups.

Paragraph 10.8 says:

> "According to what Mr. Sirhan freely

> recalls, his memory suggests that Mr. Sirhan was led directly to the kitchen by the girl in the polka dot dress, immediately after she had been given this information by an "official."

In effect paragraph 10.13 summarizes the events of that night. Dr. Brown declares: "According to his memory, the bartender, the girl in the polka dot dress, and an unknown official, all play a central role in leading Mr. Sirhan to the scene of the crime, whereupon the girl taps him on the shoulder and Mr. Sirhan responds upon cue with automatic and compulsive behavior - what Mr. Sirhan eventually described as "range mode" - wherein Mr. Sirhan takes his firing stance and experiences a "flashback" at a target at a firing range in a way that has been well practiced While interviewing Mr. Sirhan, I along ith Attorney Dusek, directly observed Mr. Sirhan spontaneously switch into "range mode" on several occasions, whereupon Mr. Sirhan automatically took his firing stance, and in uncharacteristic robot like voice described shooting at vital organs.

Following brief reenactments or range mode Mr. Sirhan remained completely amnesic of the behavior. - POLKA DOT FILE ON THE ROBERT F. KENNEDY KILLING: THE PARIS PEACE TALKS CONNECTION Chapter 51

Q. Mr Donegan have you heard of this before and argued by defense attorneys or others as form of entrapment, that the criminal intent was by hypnosis introduced into an otherwise

unwilling shooter? A. Yes.

Steven Unruh who claims to have been a fellow inmate at the detention centre where Holmes is being held said he told him that he was 'programmed' to carry out the massacre during psychotherapy he had been receiving.

Thirty eight-year-old Mr Unruh said he was in the booking area of the Arapahoe County Sheriff's Office Detention Facility in Colorado when Holmes was first brought in.

He said he communicated with Holmes from a nearby cell and that he told him that 'he felt like he was in a video game' during the shooting and that 'he wasn't on his meds' and 'nobody would help him,' reports Infowars.com - the website of the Alex Jones radio show.

He said Holmes also mentioned neuro-linguistic programming, a form of psychotherapy - and that he had been 'programmed' to kill by an evil therapist,' according to the website.

James Eagan Holmes (born December 13, 1987) is an American mass murderer responsible for the 2012 Aurora theater shooting in which he killed 12 people and injured 70 others (62 directly and eight indirectly) at a Century 16 movie theater on July 20, 2012. He had no known criminal background before the shooting occurred.[10] Before the shooting, Holmes booby-trapped his apartment with explosives, which were defused one day later by a bomb squad.

Q. How does that work? A. Overt aggression as response to covert aggressors will be treated as original (liable) aggression against a party claiming to be a victim.

Q. Mr Donegan do pests talk? A. It depends on the pest. Some can't. But they might land on an single record like up up on the roof the song if they want to suggest something linked to a roof top. Others who can speak might say "let me play this song for you" and the song is up up up on the roof. Q. Mr Donegan do

criminals talk? A. Most can not. If they did say something they might be recorded or quoted on it. They might say something like I really liked the character Mary Jane in Spider-man. Will she be here soon? In the old Cheech and Chong days that was MJ or Marijuana.

Zersetzung is a German term that means "decomposition" or "decomposition of personalities". It was a psychological warfare technique used by the East German Ministry for State Security (Stasi) in the 1970s and 1980s to repress political opponents. - Google

IF a person does not act against bullying KOMPROMAT staged about their person or property then the unmitigated KOMPROMAT will do damage down the road in how it incites lynch mobs, etc., so the person fights back against bullying and unfair treatment.

Q. Mr Donegan let's get to "terrorist threats." Do you know what they are, why they are made, what they are meant to accomplish? A. A threat included one that might terrorize a person into demanded conduct is something like a tit for tat, a quid pro quo. It means "unless you do this I will do that." Doing "this" is the what a person finds objectionable and is demanding the person recieving the threat decists from. Q. Have you made some? A. Yes. I have stated the creation of the appearance I am a peeper in the wrong places peeping at the wrong people has caused egregious injury to me. The system of KOMPROMAT is that once it is generated at one scene it can be used elsewhere to dupe people, dupe peole behind the back of the person the KOMPROMAT was generated on. For instance I have very strict personal ethics in various areas that they are asserting I violate. The staging of that may not harm me at the scene but because the KOMPROMAT can be shown around it will prevent apartment rentals, credit app apporvals etc., as a person is blacklisted. Often the person who has been shown KOMPROMAT will help suggestively get the word out they are working with law enforcement to blacklist the potential roomate, etc., by wearing aviator glasses, etc., as the person is passed over by the potential roomate.

The KOMPROMOAT can be used to influence phonological evaluators, etc. when presented ex-parte during psych evals that do have the defendant present.

Q. So you have asked for defense against the KOMPROMAT that is leading to attacks on you? Yes. Q. What about bombings of government, etc., Have you called any new agencies and claimed responsibility or threatend any terrorist acts? A. No. I have called Infowars during the attacks on me during Mark Gonzales Corpus Christi and what was happening, what the police were openly doing. I assigned responsibility for terrorist acts. I said into an Inforwars voice mail line I assert this conduct now in a backwards way justifies previous terrorist attacks, sort of in a score keeping way. I was beginning to understand previous terrorism I had at contemporariliy with those attacks had been shocked and troubled by.

Q. Mr Donegan did you report your situation to the Salvation Army when you arrived homeless in Corpus Christi? A. Yes. I said I arrived in fear of my life and was surrouned by dangerous covert assailants similasr to the Ruby Ridge situation. That I still assert and I had asserted that to the FOIA in NIH dispute I was in a desperate situation of FBI assaults on my then too I need to get resolved.

Q. What type of groups have you asked for help from? A. Indonesia military, Russia, Republic of Ireland, National Organization of Women, many new agencies, many Inspector Generals, etc.,

Q. Is planting drug paraphenalia on you an outright fraud? Yes. I have used drugs in about 20 years. Q. Is planting tween girls near you even more of a fraud? A. Yes. Although I did consider meth a a drug of choice I am disgusted by sexualized teens. Gays waving butts in my face overtly in various locations I consider repulsive to and not ordinary conduct I consider exoticaly fine including at gay pride rallies, etc., that I enjoy as great art.

Q. What about this from the Senate Torture Report detailing CIA activities? Iten 10: Dietary Manipulation, Forced Weakness and Sickness.

The idea behind dietary manipulation is to weaken the target. This is easily done in a physical setting but in no-touch the hunger trigger needs to be suppressed. Sometimes a false correlation between eating food and sickness is induced to make the target believe they are being poisoned. However, poisoning is common in physical renditions too.

A. I had reported radiation attack and the Targeted Info poster of a woman with radiation burns I recognize too well. I was placed in a psych ward and more about that later. And in addition of reporting that to my mother I also reported to her that at Harris Teeter grocery store where we both shopped until she was too frail and then I just shopped that I had seen a person unknown to me place a syringe in and inject into a single peice of red meat that I was eating at the time making it impossible for me to buy it. Other actions were being undertaken around me too. I was reporting all this to her and we did not know the term Gang Stalk but she kept crying and staying in her bed "they are all just at me. They are just me all the time." Over the course of time as her health deteriorated even worse should would only eat frozen ice bars. I have wondered if she thought the could get syringes into them. She was denies Nephro while in Hospice though she clearly needed it.

Q. Can you address housing, hygiene, gym, and more generically the modus operandi of a Gang Stalk? A. Yes, the basic system is shills are moved in to a location while on some theory about the Target (of the smear) others are moved ot "safety" by the protection racket. (I believe that means into the company of wolves, but wolves often dress nice and attract followers none-the-less.) While surrounded by Shills in neighboring apartments, etc., the Shills begin to become hostile rather than supporting environmental variables. They allow and participate in break-ins, harassment, and evidence plants. They both find things and invent things to complain about and go

about a negative-comments file base. They use names that sound odd if you yourself use those names. They pick fights, look directly into your windows faces touching the glass or put their buttocks to the window glass. They plant child's toys and underwear all over. Many will let this go on or do so because there is no choice. One of the last ditch defense mechanism they have is retaliation for complaints about the property management conduct. When you approach them you might hear some thing like this. "Mr. Donegan I am (or we are) glad you came to speak with us. We have wanted to adress the matter of your lease as well. Many tenents have complained about you and you are in violation of your lease. We are asking you to move out." Similarly a technique of something even more open-ended may be used that might be called the Nuclear Option. "You are in violation of your lease and your lease is canceled. You have three days to move out." This can happen with services like internet or TV, gym access, etc., and the benefit the Stalk team has is that when showing the open-ended eviction notice around to others away from you the Target it can be embellished with endless amounts of vitriolic fraud.

You frequently mention a letter from a lawyer for Tara Moore (who you do not think is connected in anyway to Jen Moore and that you and your mother lived under the samne circumstances of Tara Moore. Would you re-post that here? A. Yes.

At least 30k attacks on me Edward Donegan run since 1992 in public and private and no less than 100 open death threat to me in the last 10 years as I try to write. Most attacks undermining anywhere I write my books or have a home office, eroding use of office. It is the Jean Hill last witness story 1000 times over.

I Ed Donegan will start with Geral Sosbee and the FBI, local police, and the criminal assets they have available used to attack Sosbee in his homes costing him his homes. My expereince including decades of being stalkd and the police laughing a their thugs attack me.

America The Beautiful, NOT

Preface: https://www.academia.edu/41047539/December_21_2018_America_See_What_You_Have_Become

Over the past ***30 years*** since the fbi hijacked my life, ruined my professional standing and terrorized me 24/7/365, continuing to date, ***I have been harassed, subjected to assault & battery by fbi street thugs, have my car destroyed, poisoned, and made homeless***. fbi seemed to make sport of their counterintelligence operations against me in their vendetta, ***often laughing as they drove, or walked by me***. I slept at the airport, in rental cars, on the street and in low cost motels in south central LA, etc.

When I arrived in Rio Grande Valley, Texas, I slept in my car until bankruptcy. Then, I tried to rent a place to live. fbi prevented that. Finally, I rented apartments and later bought a low cost condominium in Brownsville, Texas. Then, fbi went all out to prevent me from having a safe place to live.

Below is a list of some of my residences in RGV (followed by the reason I moved) where fbi had new surprises waiting for me.

2304 Shidler Street, number 17, Brownsville, Texas 78520. May 2003-July 2007.

Multiple crimes against me: ***ransacking my residence, stealing money from my wallet as I slept, assaults by neighbors including a convicted murderer and drug dealers, etc., assaults by cars in the parking lot committed by neighbors; fbi forced me out by pumping toxic fumes into my residence. I moved to Mexico where fbi continued criminal assaults.***.

417 W. 17 Street, March 2007- July 2007, Brownsville, Texas 78520. Toxic fumes 430 N. 3rd Street, Apt # R5, Harlingen, Texas 78550. August 2007-October 2007. Toxic fumes

902 South Loop 499, Apt R5, Harlingen, Texas 78550. October 2007-May 2008 2828 East Grimes, Apt #152, Harlingen, Texas 78550. May 2008- March 2009. Toxic fumes 1901 A Pease Street, Harlingen, Texas 78552. July 2009- May 2009. Toxic fumes 2115 East Vinson, Apt # 1107, July 2009-March 2010. Toxic fumes 701 Sonesta Dr, Apt #1 , Harlingen, Texas 78550, March 2010-March 2011. Toxic fumes 5610 Ben Hogan Cir. Harlingen, Texas 78550. June, 2012-December, 2012. Toxic fumes me. 3413 A North Arroyo Park Lane, Harlingen, Texas 78550. December, 2012 – December 31, 2013. Toxic fumes 2923 Madrid, Brownsville, Texas 78520. 2014-2016 extensive harassment by neighbors 101 E. Fern Street, June 2016-2017, four different apartments. Toxic fumes. 305 N. 35th Street, McAllen, Texas, 2017-2018.

Extensive harassment by neighbors and by fbi operative who was paid by fbi to harass and monitor me.

Mission, Texas June 2018 to present. ‘Over 55 Community’. Extensive harassment and crimes by neighbors and by fbi operatives visiting neighbors with firearm showing and with hand on the gun, shaking fist at me. Electronic harassment, trespass, etc.

During most of the above residences the owner or manager refused to address the toxic fumes issue which threatened my life (per M. D.)

I have never been accused of any crime. I am 74 years of age. See my sworn affidavits 2007 & 2014.

During the entire time that I tried to reside

everywhere, the fbi runs multiple criminal operations against me in efforts to provoke a response.

A federal Judge is aware of all of these crimes by the fbi, but is equally homicidal and criminal and authorizes fbi's crimes. Police often help fbi's efforts to kill me. The fbi vendetta has lasted almost half a century with no end in sight. Let the world know that the top law enforcement agency in USA is MAFIA and operates as outlaw all the time.

Even after I am diagnosed with coronary artery disease, fbi continues their 20 years activity of crimes against me, including assaults constantly by DEW & ELF weaponry causing sleep deprivation and quasi heart attacks.

This report is submitted for the record.

GERAL SOSBEE in defense of country and as attorney

I Edward Paul Donegan assert he purpose of destroying lives with cover criminal harassment using techniques all the way up to radiologically and other poisonings is the eliminate any martyrdom of fame; simply humiliate a person in society as pedophile, schizophrenic, any form of loser, homeless person, psych ward escapee, and insure over time the smear is effective enough to ensure person behind a dumpster is run of the mill street person, not someone the most elite in society are terrified of.

Q. Mr Donegan where you aware in 2007 when you viewed your rented room at the corner of 26th and Wisconsin a veritable bunker you lived in fear of your life from FBI stalks and community based agents readty to attack on buslines, etc. of Sosbee and Gunderson who asserted the same things as the same time? A. No.

Q. As the police were using these techniques in Corpus Christ were you trying to cooperate with them? A. Yes. Q. What was happening? A. Gay police officers were asking me as I went to the gym ejaculation questions or making that reference. For instance in Texas if you have medical insurance you ran ride a motorcycle without a helmet. A Corpus Christi police officer clearly gay and on a bike pulled along side my motorcycle and said "Going to the gym? Put your rain hat on hahaha and made a reference to his helmet. No rain expected that day, etc., The same thing at A Starbucks along that path to the gym, etc., THe police would mock and harass me, then arrested me for using profanity saying they had to arrest me because how could the allow me to swear at them when school children were near. Then they accused me of trying t punch then when I did not and I was complying with their instructions.

Q. Mr Donegan you held back your emotions after that outburst and after supporting police all of your life. Can you now tell us some of your frustrations today that Jen Moore also expressed? A. Yes. It is shocking these criminals who admit to criminal acts seem unworried about the consequences, illegality, or treason of their actions.

Q. Mr. Donegan can you explain based on this series of questions? Do these Criminal Syndicate operators seem to confuse the ease upon which a criminal act is committed with the seriousness of that crime? A. Yes. Q. Do these criminal operators seem to have full knowledge of the treason history you are writing about and do they have a confusing lack of concern about being a part of it? A. Yes. Q. Do these people not seem to understand things like obstruction of justice, fraud on the courts, identity theft, racketeering, etc., A. Yes. There brazenous is inexplicable and perhaps calculated. They seem to have such klout on their side they likely have calculated an attempt to hand to hand fight them from me or a terrorist threat towards themselves from me would be the only stopping attempt they would be subject to and a stopping attempt they have calculated they could explain in a defamatory way as to why I acted and maintain they are the victims.

Q. Have you heard of this before? A. I suspect Sirhan Sirhan was programmed to attack RFK so the CIA could hit him with an expert from behind if Sirhan missed, and the Tsarnevs were programmed to attack the Boston Marathon so the JFK library could be attacked in an overshadowed event.

Q. Mr Donegan you have used the name Story Cover Story as your version of Bond James Bond have you not? A. Yes. The retarded version of me, a sock-puppet needs others to guide him, take him by the hand, to adult models. The dopple of me is working with the governmnent and city workers and cooperation entities. It is a fraud, but what sets-up the access to adult entertainers the police can interview and infiltrate is the models and the police working together on the retarded Ed Donean how needs social services.

Q. Can you give me an example of that which may not be in your books? A. This one is pretty memorable to me and may be in my gym logs and may be in my books. I was trying to figure out how to get the audio while on the treadmill for the flat-screens at Golds Gym Corpus Christi I think Santa Fe road. At some point one TV required FM reception. I used Bluetooth mostly but kept a spare set of headphones in my motorcycle under-seat compartment. When I got those from my bike I could get reception on my FM app on my phone for that TV. I know how radio works but the same black male Gold' Gym worker who said to me he was going to be the one "eating the white tacos" led a retarded person around and out to the parking lot. The Golds GYm worker explained what an antenna was and radio was. I knew a few things about that myself. But the retarded version of me is everywhere I go and he needs retardation lessons (recovery from) and retardation services I refuse to sign up for.

Q. Do these series of events match what is staged about you? You who Dungeon Master parties and orgies for 30 years in the bay area not having had a peek at women before and hoping improper fits of gym clothes could be his first look? A. Yes, that is the Legend of Retarded Ed who with his social workers will all (as a single group) overcome the retardation that whole

group suffers from.

Q. Is the retarded person at the rendezvous just retarded? Q. No. The dopple of me is culpable for misconduct the person that I am alleged to be would do to the community and pay-outs to the community to recompense the culpable acts is expected of the dopple of me who confesses as me.

Q. Mr Donegan did you approach officials frequently explaining a criminal cartel was money-laundering, criminally impersonating, and running other crimes from city and county offices? A. Yes. I believe Jen Moore was silenced by these same Cartel officials and likely the Corpus Christi police chief Floyd Simpson was killed by the cartel. Bobby Courtney also made the same assertions and was found nearly dead mortally beaten I suspect by an operative named Casper.

Q. Mr Donegan did the gym sabotage match earlier sabotoge in other gyms in California and Virginia? A. Yes. In addition laundry money was denied by trust fund, the trust fund denied membership dues and those things I could not afford on my own. In addition to that in the parks people ran towards me especially children towards me feet tripping me in some cases causing injuries such as knee scrapes. When I exercised on my Corpus Christi balcony engine noise disturbed my jump rope rhythm, things were thrown from public locations to where I was, etc.,

In some cases gym equipment came damaged but I fixed it. One example was a manual treadmill that arrived to my Ocean Drive apartment with the wires cut but I rejoined them. In another case a workout bar I ordered from Amazon.com was fine when I got it but one time upon returning to the apartment I found the likely large iron part inside had been bent. I could only imagine by being run over by a truck or a car. When I used to spin in public like at homeless shelter areas homeless people would just walk up to me and direvclty punch me. I reported this often and to no avail.

Q. Mr Donegan you spent a lot of evenings watching political coverage and election night results, taking part in party politics, etc., and you also have read scientific studies and critiques of various ones. Can you tell us what you think the term "representative sample" means? A. I think it means that something that is used to illustrate some attribute of me should actually represent me and not be something that is more of a fluke or out of context, something "cherry picked" by enemies to make the point they want even though they and I know it is an unfair representation of me.

Q. Mr Donegan central to all this (and likely part of the assassination of William Colby) is Set Pieces. Could you describe that? A. Set Pieces is an espionage piece where a person in a stationary position or slow moving position is approaching a person who is moving. Say; for instance, along Key Bridge in Washing D.C. The bridge is named for Francis SCott Key and in the heart of D.C., A Russian Spy could know a CIA agent jogs that bridge every morning at 5:30 A.M. and be waiting in a stationary position greeting the approaching US Spy and making facial eye contact, Vis a Vis I think is the term, and perhaps offer a package into the "breadbasket" of the approaching runner. To an observer of the scene the US Spy approached the Russian Spy to pickup and envelope and perhaps panicked at being observed and dropped it. its the same KOMPROMAT scheme where a guy on a train foir work sitting on train seat has a model jump onto his lap and star kissing him as camera flashes go off.

Q. If Set Pieces directly tie a person to an event by setting the event a a location the person will (by prediction) move into is there other parts of set pieces? One in which the person targeted by the fraud is not directly involved? A. Yes.

A. A Smear Target can be linked to an event or allegations by items planted on the Smear Target (Targeted Individual) or the Smear Target's property may be stolen or taken from the trash or donation or sale to others and then placed (set) elsewhere where a crime has been staged. I have call this *Strewn Items Frauds*. Items linked to a staged event placed on the Smear

Target or property gained from a Smear Target place in an incriminating location.

Q. Are Smear Targets and Terror Stalk Targets and Targeted Individuals necessarily the same in your mind? A. I think it goes to what the goals are of the people who target people. A Terror Stalk may terrorize a person like Veronica Hoffman who took apart her phone or phone parts to stop bizarre phone calls that alarmed her. She died in a mental ward fearful of a Noise Campaign. The terror she was under may have been enough for her downward spiral as no one believed her. Q. Might a husband and wife disagree and argue over whether the husband, a state dept employee, is being stalked or followed? A. Yes. When they look out a window at the same time and see the exact same thing the husband my think that person was at the bank, at the parking garage, at the dry cleaners, and is now outside the home. THe wife had been at none of those locations? "Are you sure honey? I know some of the things going at work you won't talk about are making you feel upset. Should you ask for a different assignment if this is stressing you out?"

When I returned from shopping at 1001. North Water street a pair of my underwear had been removed from my apartment and left by the elevator near at the end of the hallway and it was clearly mine. I had notice in Virginia Clarendon Courts before coming to Texas for the first time, and I have also seen children's clothing including panties left near or on my property. This links me to most often a child being peeped at., etc., though through an item near me. I and others have been linked by similar sounding names or social media or corporate email accounts. In some cases I have worked for months untangling the frauds before I noticed minor variations in spellings, etc., Two most memorably where Yahoo.com and WellsFargo.com email addresses.

Q. What has been some of the prurient aspect of the fraud. The core elements happen at the Rendezvous with an adult entertainer. This may be at the Smear Target's birthday OR a fraudters birthday. At the "spanking party" the truth comes as

police take the forged confession (created by an impostor) to a cooperating trust fund or child court or both. The defamation of the allegation is one gain, a payout to a young minority child or other is also a gain as the damage to my reputation. Its COINTELPRO. The FBI has used a lot of dirty tricks and using a honey pot to catch an impersonator of me and then bill my trust fund AS THOUGH the act that appeared to be mine was mine i a norm for them. THey (FBI and others) assert I am such a Nazi white race perfectionist only the hottest models can used for my needs. Of course the models are called to the hotel rooms or other locations the FBI are at with their dopple of me, not where I am..

There is no getting away from the stalkers and no getting away from the unusual technology that is used to take over someone's life.

I have likened the entire plan to have landlords others drive me out because I am a peeper (when I am not but the Gangsalk manufactures this) and leaving me in skid row homeless shelters under black and white assault and loss of all belongings over and over again to the Law and Order Special Victims Unit episode *Taken*.

Gaslighting has repeatedly left me homeless unhealthy with little communications or hygeine or privacy and under attack by skid row thugs as a bag man in 100 degree heat. All allegations are in some way false and on fabrications of appearances and not reality.

It is exactly the acts of people like Jim Vocelka who take the deal to evict me, profit from it, or help others too, then leave me in homeless shelters where I am said to be there out of mental incompetence needing Social Services representation.

Jim Volcelka intentionally and knowingly engaged in coached fraudulent acts to make me seem intellectually retarded thus needing conservancy as well as faked allegations the layer of conservancy would then pay out as claims though the claims were staged frauds.

"Gaslighting" is the act of moving things around in home when the person is not there such as the location of furniture, etc.,

Stalking a person is most distressing when the Stalker proves to the Stalked person the Stalker has gained access to details of their life, home, etc.,

Gas lighting got its name when a husband in a movie toyed with the mind of his wife saying the gas was off but then in an out of place way lit a gas lamp that should not have worked.

Coming home as I repeatedly did to find my underwear gone, altered, left outdoors, my drapes cut with peepholes, damaged items not damaged when I left, etc., were a particular subset of Gaslighting, staging fraudulent appearances that will both defame and injure me and my reputation but give others a pretext for retaliation against me for what was staged in the Gaslighting.

That first veiled aggression is creating a phony allegation or the visual support for a phony allegation that then opens the door literarly for a retaliation over the phony allegation.

Tara Moore harassed by the GOP mayor and owner of her building is from Weymouth the Town of Presidents. There are 8.67 miles from Weymouth to Dorchester in northwest direction and 12 miles (19.31 kilometers) by car, following the MA 3 route. Dorchester is where my father Jim Donegan was born and the Kennedy's are from, all part of Cape Cod area South Boston, Columbia Point out into Cape Cod, the Brookline area of town, etc,

Abigail Adams was from there, the Kennedys, long history going back to he Boston Tea Party and fighting of the British and Boston Harbor.

These Stalks were not in spite of the importance of the area, but because of them and the histories.

In my last few days of MacLamar property 1001 N. Water St. I spent nights with kitchen knives with me, my mattress pulled to the center of the apartment, the far side of the room from the windows, and furniture arranged to slow intruder entrance into the apartment.

Police assisted break-ins and other threats were a constant as hostile "snicth" neighbors of street gangs were moved next to me.

This is the life of Ted Gunderson whose daughter was shot at through her window after Ted Gunderson had received threats to that affect in advance and later as well. The bullet-hole was photographed and document and Ted was no slouch in being able to collect and research the evidence.

Tar Moore was agoraphobic, a fear of being outside and even being in fear of being in her apartment. We shared that in common and talked on Twitter about Stalkers and the Government operating through landlord office fronts.

Here is what a lawyer responding to her situation had to say, and at least in my case there was a 25 year plus at least history of every place I lived in custody of or out being exactly the same.

When some people go to bed they feel safe, alone, or with their partner. I don't think I have sensed tat in 25 years and I am not meant to, the stalkers are out their and on a mission to prove that to me at all times.

Dear Attomey Baldassini

I recently made the acquaintance of Tara Moore, supra, and all I can say is that I was astonished by the story she told me about her landlord/tenant relationship with your client Robert L. Hedlund, of 54 Longwood Road, Weymouth, who is also the current mayor of Weymouth. Mr. Hedlund is the registered owner of a corporation known as HWO, LLC (aka Hediund World Order, LLC), which limited liability corporation owns the subject property.

I am going to cut right to the chase by saying 1): that I find it incredulous that a seasoned attorney like you would participate in what amounts to taking advantage of a disabled woman (diagnosed with Panic Disorder, without Agoraphobia), who is also a recovering addict and who was not advised by or apprised of her rights to counsel in her dealings with you or your cfient, and 2): having seen pictures of the living conditions she has had to endure in her tenancy would be indicative of what a Weymouth slumlord would likely provide to his or her tenants. That the Boston Housing Authority (BHA) participates in the tenant's lease by almost $1 ,200 a month and has done little, if anything, to order your client to correct the glaring deficiencies over a long period of time is astonishing as well probably criminal at least in my mind.

From what I can see your client has also engaged in a pattern of harassment, violating MGL c. 264, S 34A (a) and prowling, the prowling incident admitted on his TV show, "*Ask the Mayor*" on April 6, 2017. If you would like I will provide you with the time stamp information from the show.

I am enclosing herewith a contact sheet with pictures of the premises Ms. Moore leases from your client. The

term utterly disgusting really does not fit its description. That you, client and the BHA could care less is appalling and the eviction notice you sent her, without being represented by counsel, has damaged her chances of finding an apartment or condo for her her daughter.

She has already been denied by Weymouth Place: recommended by your client .

That Ms. Moore and her daughter would have to live on the street is apparently not your issue.

Without further ado I am going to print seven copies of the contact sheet: one for you; one for your client; one for the BHA; one for the local Board of Health; one for Judge Coven; one for the Governors Opioid Task Force and one for District Attorney Michael Morrissey to see what they think about the situation and your ruthless representation for an obvious slumlord.

Q. As for a D-E-W or raw-source attack on you did your mother fear any attacks on her as she was near death? A. Yes she thought she was surrounded by covert agents giving her the wrong medicine, etc., and tyring to kill her,. She begged me not to leave her bedside and I wouldn't have but after a dispute I backed the nurses on she began intense vomiting. I went to shop for bibs and gowns to cover her body with that could be quickly changed to keep the discharge away from her face. I found such itemns nearby at Sarahs Beauty shop but when I returned she had already died. The dispute was over meds and she had said they were giving her something different. I now

think they did but I never knew who was right and it as chaos every moment.

Q. Do you have any thoughts on who is behind this? You have asserted that you DO know the FBI and DHS has been involved easily seen as so in their own offfices and logo clothing items. Do you also suspect the CIA even though you are reluctant to name them and why are you reluctant to name them?

A. For the DHS operations I have been in DHS (federal dhs) facilities where much of this ocoured I have been inside FBI office in Corpus Christi where it was clearly going on, etc., as well as county and city police buildings. I have never been to Langley. Some have said they were from the CIA others have let it slip (homeless people) that the CIA and Secret Service recruited them. But whoever told the homeless person that was it true? In a few cases the homeless person seemed sure it wa the CIA and Secret Service but how would they know? Jen Moore said it was the CIA and even CIA DOJ connections of the Rod Rosenetein family. She also said she had CIA OSS and Vatican information on this history of the OSS CIA secrit identity stories that William Colby anbd others were exposing unitl President Ford shut Colby and others down. When in Arlingtoin Central Pubklic Library I had no computer I had changed Targted Manhattan Victinm blog to ST Johb Hunt Ed Donegan Expose Press sudden rarely ittimidating attacks began. I became evicted the day I stared writing about the Burs family and North Carolina PsyOs. Most place the GangSTalk blame at CIA Denver and missile command.

Q. If you had to say there was one traitor in the USA and the only option to save the USA was to execute that traitor by firing squad who would that be? A. William Barr. It looks he is Fat Bastard of fiction but in reality and I think Donald Barr of the OSS setup the Indonesia sleeper agent plan JFK was assassinated over the William Barr continues the cover-up.

Q. Is that one of the reasons you can not rent an apartment? Yes. A. What else is there? A. I find it difficult to get cell phone

service without an ID card, rent an apartment, get into a bar, etc. without an ID card. In all cases most Targets report that is the first thing the FBI and others interfere with, prevent, and falsify. Q. Is that why you refused to have any paperwork in your name of Donegan on any peice of paper issued in Texas? A. Yes. I thought I would try for a Passport Card for several reasons. They knew me by face at the Austin Central Public library. That didn't make too much difference but after sending in the Birth Certificate and other information nothing was returned. For deliveries it still would have to as US Mail pass into Texas. It appears most likely the Passport Card and my Birth Certificate was stolen at Austin Resource Center for the Homeless (ARCH) in Austin that is run by the Urban Alchemy criminals who are mostly black long-term felons on prison release and can be very dangerous.

Q. Have you a copy of the letter from a woman named Tara Mooore in your books that from Massachusetts match the situation in Texas? A. Yes. And it seems common world-wide. Julie Harper is having that problem in Spain, I had it Virginia and California.

Q. Mr Donegan do you assert these allegations acted out about your gym use or other allegations on other matters are meant to get under your skin? What do you mean by that if so? A. Borderline Personality Disorder can feel hurt very deeply. Jen Moore talked about the darkness trapped within and I think she too was a borderline. I have often talked of the pain of knowing I am facing losing my limbs and retinas and kidneys to diabetes, that I need a safe place to work out in, good diet, etc,. and instead I am mocked. If you get under the skin of a Borderline that borderline becomes volatile and will burst out of their skin lashing out and perhaps getting arrested or looking like a psychotic person.

Q. You have used the hunting term "smoke you (the Target) out" in your books. Is that related to Borderline Personality Disorder and a vulnerability that is targeted by police abuse? A. Yes. At times I am doing one thing an abusive type circumstance arises that is a contextual strong emotions

distraction, something tailored to pick a fight with me or at least create a strong emotion in the forefront of my mind. Jen Moore spoke fo the CIA using GangSTalk to induce crippling trauma, trauma that is hard to live or work with and seems to need to be resolved as a context.

I have asserted that the liability a Borderline Personality Disorder person has is what is commonly called out-of-body experiences. Also called and expertly called dissociative episodes the conscious mind, the rational mind, may be aware of but not able to control the emotions in a volatile state. Ted Gunderson and John DeCamp did extensive research on this as being present in Franklin Nebraska children, one in particular born on August 3rd. It is NOT the same as schizophrenia in that the rational and emotional mind in unison shift to a different virtualized person but rather that in the single personality the emotions become so strong a force that the rational mind watches the inevitable satiation of them by emotional acts with an awareness of helplessness that the situation is at is. Trying to trigger an extreme emotion in a Borderline is how the borderline is disrupted from the Borderline's activities that a Stalker hopes to disrupt.

Q. Did William Colby, Ted Gunderson, and John DeCamp (militia men) all think this was part of the Family Jewels program and part of CIA conducted research at McMartin Preschool in Manhattan Beach City, Los Angeles County, California you attended (that had secret tunnels and brain research that was conducted on you) and also the Franklin Nebraska Boystown center? A. Yes. In my books I go into extensive details (as Jen Momore does too about this research and ties to the JFK and RFK assassinations and MKLUTLTRA) and I will provide a transcript here.

Thomas Neal Donegan (brother of myself Edward Paul Donegan) was born in Los Angeles on Jan. 21, 1960. A year later, his brother Ned (me) was born. (Ned survives him. He is Edward Paul Donegan somewhat against my father's wishes the British nickname was given to me Ned rather than Ed. I was born almost two years later November 18 1961, Los Angeles

County near Santa Suisun Field Lab and Edwards Air Force Base my father flew out of, later TWA in Los Angeles with Noni Haggards family her husban Pat.) The family lived in Manhattan Beach City, California, and the San Francisco Bay area, divided by a stint in Marshfield, Massachusetts while Tom was in elementary school.

If you looked at a surveyor map of Manhattan Beach (City of) in Los Angeles County you might find these locations of interest. lot 922, 927, 931. Also lot 584 on 35th Street where the Donegan's lived in the years Tom Donegan and Ed Donegan myself were born. Lots 931 and 922 were adjoining though had hidden connections by tunnel, one was the real school the other was a secret facility reached by a later buried tunnel. In the Gunderson docs my SSN are on label with 922 across the street from 927 and 931. This is where (all three of the lots) the conducted its research on me, Tom, and others. Lot922Secret is the picture filename and you can find the reference to it in the column of the scientific report Gunderson had compiles.

Q. So Mr. Donegan you say your family or origin home at the time you were born was in Manhattan Beach City, Los Angeles County, along the bay? And that you and Tom would play at the beach guarded by Tmisha the family German Sheppard? A. Yes. Q. Could you lookup the distance between your home at the time, that lot, and the McMartin school? A. Our home was about 1.5 miles away and pretty much a straight shot along straight streets. Q. And how far from Peter Lawford's Home, and Marilyn Monroe's home? A. To Peter Lawfords home straight up the beach front both homes were near or on is 12 miles. To Marilyn Monroe's last home is 14.5 miles. That city is Brentwoood just north of Santa Monica. Q. Do you assert your family history is tied to all of this and JFK staying at the Lawford home at the time you were born? A. Yes. Q. Do you find it any coincidence that Ted Gunderson and Jen Moore and William Colby and John DeCamp all thought this was connected to JFK and his assassination by the CIA? A. No in piecing this together I find the MK-ULTRA based CIA conspiracy theories Prouty and others espouse are true.

Q. Mr Donegan you assert sometimes"art mirrors life" and that the place of Rocky Horror Picture Show, RKO Studies of Joseph Kennedy Sr were in fact the fictionalized home of Peter Lawford. Can you address this overlap of the Lawford's and RKO?

A. Peter Lawford was known as The Brother in Lawford. He was married to Patricia Kennedy. They lived in the Hollywood area as Marilyn Monroe did. If you look at the "rich weirdo's home" of Rocky Horror you can see it is actually Peter Lawford's home Eddie is "born" at by a sperm bank experiment. The rich weirdo matches Peter Lawford whose right arm injury kept him in the film industry (like John Wayne who was in Jet Pilot and who had no injury) making propoganda about planes like the P40 and Flying Tigers, etc., He was raising money for Kennedy 1964. That is when the invasion by Transylvanians is set. I suspect Marilyn Monroe and Glorian Donegan were those secret identities the OSS then as the CIA had placed in foster homes in 1926. It matches my father and his story of meeting my mother. He modified it some but he was interested in her sister first, I think Monroe. He also liked and fell back to Glorian my mother. They met at the filming of Jet Pilot began in about 1949 or so that told the story of the Battle of Britain, King Edward VIII aka Duke Edward was part of it. His children were present too, the Kings Daughter, I think Glorian and Marilyn. THere is a line in Rocky Horror "I only wen to the refresher course (for Duke Edward on the battle of Britain" to meet the sister, but married Glorian instead. This is also fictionalized in Jet Pilot and other Marlilyn films and fairly obviously if you know the actual story-lines that were fictionalized.

Q. In your opinion could the Internet Movie Database and other sources be quoted fairly easily on the familial history of Peter Lawford? A. Yes. Let me provide some information from them.

Extra work and bit parts

The advent of World War II saw an increase in British war stories and Lawford found himself in demand playing military personnel, albeit usually in uncredited parts. He is briefly seen in *Mrs. Miniver* (1942) and *Eagle Squadron* (1942), both times as pilots.

His first decent role in a major film production was in *A Yank at Eton* (1942), starring Mickey Rooney, in which Lawford played a snobbish bully. It was very popular at the box office.

Lawford was a cadet in *Thunder Birds: Soldiers of the Air* (1942) and *Junior Army* (1942) (starring Bartholomew), a soldier in *Random Harvest* (1942), *Immortal Sergeant* (1942), and *London Blackout Murders* (1943) (directed by George Sherman), and a navigator in *Assignment in Brittany* (1943). He had a billed part in *The Purple V* (1943).

With cooperation from the United States Army Air Corps, production filming began on location at the actual Thunderbird Field No. 1 northwest of Glendale, Arizona, from mid-March to May 6, 1942. The storyline of international flight students, including Chinese trainees, revolved around cadets flying the Stearman PT-17 primary trainer, but also featured many live action formation flights of Vultee BT-13 Valiant and North American AT-6 trainers. Filming coincided with the time frame of the story. Additional sequences were filmed in the first week of June 1942 at the Falcon Field Training Facility in Mesa, Arizona, with retakes during July 1942. Stunt pilot Paul Mantz flew the live action flying scenes.

The **North American Aviation T-6 Texan** is an American single-engined advanced trainer aircraft used to train pilots of the United States Army Air Forces (USAAF), United States Air Force (USAF), United States Navy, Royal Air Force, Royal Canadian Air Force and

other air forces of the British Commonwealth during World War II and into the 1970s.

Designed by North American Aviation, the T-6 is known by a variety of designations depending on the model and operating air force. The United States Army Air Corps (USAAC) and USAAF designated it as the **AT-6**, the United States Navy the **SNJ**, and British Commonwealth air forces the **Harvard**, the name by which it is best known outside the US. Starting in 1948, the new United States Air Force (USAF) designated it the **T-6**, with the USN following in 1962.

The T-6 Texan remains a popular warbird used for airshow demonstrations and static displays. It has also been used many times to simulate various historical aircraft, including the Japanese Mitsubishi A6M Zero. A total of 15,495 T-6s of all variants were built.

https://www.condorsquadron.org/at6/ - The first 517 of the new AT-6A aircraft were manufactured at North American's ***Inglewood, CA*** factory. The remaining airplanes would be built in new factories in Texas, which led to the common nickname of "Texan" for all models of the plane. A wide number of varieties of the AT-6 were built as the model was continually improved, including many built overseas under license from North American. - https://www.condorsquadron.org/at6/

At MGM he was a student in *Above Suspicion* (1943), a soldier in *Pilot #5* (1943), a naval commander in *The Sky's the Limit* (1943) (with Fred Astaire), and an Australian in *The Man from Down Under* (1943). He had a minor role at Republic's *Someone to Remember* (1943) and *The West Side Kid* (1943), the latter directed by Sherman.

Lawford played a soldier in *Sahara* (1943) and sailors in *Sherlock Holmes Faces Death* (1943) and *Corvette K-225*

(1943). He was a Frenchman in *Paris After Dark* (1943) and *Flesh and Fantasy* (1943), and was a student in MGM's *Girl Crazy* (1943) and *The Adventures of Mark Twain* (1944).

MGM

Lawford's career stepped up a notch when he was signed to a long-term contract to MGM in June 1943. The studio signed him with a specific role in mind: *The White Cliffs of Dover* (1944), in which he played a young soldier during the Second World War.

Lawford had a small role in *The Canterville Ghost* (1944) and *Mrs. Parkington* (1944), playing a suitor of Greer Garson.

MGM gave him another important role in *The Picture of Dorian Gray* (1945).

Thunder Birds (subtitled "Soldiers of the Air" and also known as ***Thunderbirds***) is a 1942 Technicolor film directed by William A. Wellman and starring Gene Tierney, Preston Foster, and John Sutton. It features aerial photography and location filming at an actual Arizona training base of the United States Army Air Forces named Thunderbird Field No. 1 during World War II.

The film was made as a propaganda vehicle to boost civilian morale, while at the same time providing a look at training activities and promoting airpower as a means of winning the war. Wellman was himself a veteran of the U.S. Air Service as a World War I fighter pilot.

She was married to former governor of California and actor Arnold Schwarzenegger, from whom she filed for divorce in 2011; it was finalized in 2021.

Q. er Lawford started who married actress-hopefull Patricia Kennedy that Joseph Kennedy Sr. was pushing for the film industry a Hollywood extendend family began for the Kennedy's including Marilyn Monroe largely centered around RKO? A. Yes.

Q. Mr Donegan you assert that the "'no junior chamber of commerce' conventioneers" that Brad and Janet walked into was the DNC black tie fundraiser, and this was tied to your father's Inglewood and North American Aviation life? A. Yes, and I see much of my mother's story. Janet is worried some beauty in there might distract Brad and she says that before entering? Norma Jean of the CIA family jewels like QUEII born in 1926 (see facial comparisons) and my mother born in 1926.

Q. How does that tie in the motorcyclist escort of JFK to the Lawford home and the story-line? A. Denton I think I found is in North Carolina. That is where my mother was from a a farmer before moving to a farmer family in South Carolina. As the story goes those farmers where "alien" infiltrators, Nazis or Great Britain perhaps, or both?

Q. Isn't that where Lee Harvey Oslwalds last phone call was to, US Army Intelligence in North Carolina about the Nazis he knew about there? A. Yes.

Q. Did you see any LBJ v. JFK in the storyline of Rocky Horror? A. Yes. This NYT piece and is Riff Raff really LBJ?

Kennedy, L.B.J. and a Disputed Deer Hunt

https://www.nytimes.com/2014/08/16/upshot/kennedy-lbj-and-a-disputed-deer-hunt.html

On Thursday, Nov. 17, 1960, before dawn, at the L.B.J. Ranch near Johnson City, Tex., Vice President-elect Lyndon Johnson had his houseguest, President-elect John F. Kennedy, woken up to go deer hunting.

It was nine days after the two men had won the national election. Neither a natural early riser nor a hunter (although as president he would shoot skeet with

friends at Camp David), J.F.K. pulled on a checkered sport coat, white button-down oxford shirt and penny loafers; his hair remained unkempt.

Someone present thought the president-elect looked “like a football fan.” Another felt that in the rural Texas setting, Kennedy looked as if he were “on Mars.”

The clashing versions of the deer hunt later provided by Kennedy and Johnson, the Bostonian and the Texan, foreshadowed the sharply different attitudes held today - often regional in nature - by many Americans about hunting and other recreation involving firearms.

William Manchester began an early version of “The Death of a President,” his widely read 1967 book on Kennedy’s assassination, by describing the 1960 Kennedy-Johnson hunt. (Manchester moved the section to a place later in the volume after being advised that starting his narrative with it seemed to imply that a “boorish” L.B.J. was part of a violent Texas subculture that was a breeding ground for the president’s murder almost exactly three years later.)

Drawing largely on his interviews with Jacqueline Kennedy, who told him what her husband had told her after the deer hunt, Manchester wrote that the president-elect, despite his belief that “all killing was senseless,” had “looked into the face of the life he was about to take,” then “fired and quickly turned back to the car.”

Manchester wrote: “Yet he couldn’t rid himself of the recollection. The memory of the creature’s death had been haunting, and afterward he had relived” it with his wife, “to heal the inner scar.”

According to Manchester, after Kennedy’s inauguration, L.B.J. brought the mounted deer head and antlers to the White House and insisted that the new

president put them up in the Oval Office. After Johnson's repeated requests, followed by Kennedy's demurrals, J.F.K. finally ordered the trophy to be displayed in the West Wing's Fish Room (now called the Roosevelt Room).

"The president," wrote Manchester, "had granted a favor - how great a favor only the first lady knew - and his vice president had been genuinely pleased."

Before Manchester's book was published, Johnson and his advisers were poised to perform damage control. They knew that the author was no Johnson fan. As Manchester himself later confessed, J.F.K.'s successor reminded him of "somebody in a Grade D movie on the late show."

When Johnson heard about Manchester's take on his deer hunt with Kennedy, he was outraged. "Forcing that poor man to go hunting?" L.B.J. told his aides, while taping himself on his secret White House recording system. "Hell, he not only killed one deer; he insisted on killing a second!" he said. "It took three hours and I finally gave up. I said, 'Mr. President, we just can't do it.' "

Johnson dismissed Manchester's insistence that Kennedy had been horrified about having to shoot a deer. "Poor little deer - he saw it in his eye and he just could not shoot it? Well, hell, he wasn't within 250 yards from it," he said. "He shot it and he jumped up and hoorahed and put it right on the fender of the car so he could kill another one."

As for asking J.F.K. to display the deer's head, Johnson observed that Kennedy had already installed in the Fish Room a large, taxidermized sailfish, which he had caught during his wedding trip to Acapulco.

With sarcasm, Johnson scoffed: “Even if we had made the tragic mistake of forcing this poor man to put up a deer head along with his fish - I do not know who forced him to put up the fish in the Fish Room that he caught on his honeymoon, but I damned sure didn’t force him to put up anything. It is just a manufactured lie.”

Noting that Manchester’s book also reported that his power had been severely limited as Kennedy’s subaltern, L.B.J. bitterly added, “I think it is the greatest desecration of his memory that an ‘impotent’ vice president could force this strong man to do a goddamned thing.”

One reason Johnson was so indignant about Manchester’s rendition of the deer hunt was that he knew that Kennedy’s assassination had jaundiced many Americans against hunting and guns, and he did not want to suffer unpopularity by association.

Just as he avoided returning to Dallas, scene of the assassination, until February 1968, a month before he announced that he would not face the voters for re-election that year, Johnson respected this cultural shift by winding down his old custom of prodding L.B.J. Ranch houseguests to go deer hunting with him.

(There is no evidence that his strong support for firearms regulation, an important force in moving Congress to pass the Gun Control Act of 1968 - after the murders by gunfire of Martin Luther King Jr. and Senator Robert Kennedy - grew out of anything but conviction.)

Let President Kennedy have his own last word. As it happened, not only did he talk to the first lady about his trip to the L.B.J. Ranch, but he also described it to a friend, Senator George Smathers, a Democrat from Florida.

In 1988, I asked Smathers (who died in 2007) what Kennedy had related to him about his experience deer hunting with L.B.J.

Smathers replied, “Kennedy told me, ‘That will never be a sport until they give the deer a gun.'

Q. Mr Donegan you assert based on most reviews Rocky Horror shows a sperm bank experiment now that DNA has been described scientifically as the secret of life (1961) and the movie occurs between 1961 and 1963 during the Kennedy administration. You assert he Banna Republic Strongman and Eddie had the brain DNA split between them during the sperm bank experiment and Eddie was frozen in the sperm bank but escaped briefly. Did you see anything anachronistic to that? A. Brad and Janet are driving and here Nixon resigning. My belief is that it was Nixon who had set this up at the time Frank Wisner was being fired, etc., and the CIA was planning for Indonesia. But Nixon did not resign from being President of the USA until 1972 or so, but that was thought to be linked to the same group of Special Investigative Unit (SIU) CIA that killed Kennedy in 1963.

Q. What are some of the things that lead you to believe this was the November 18 and 19 visit to Peter Lawfor by JFK?

A. Consider this.

https://www.rockyhorror.com/history/filmmistakes.php

Mistakes?! From the Film

> The Criminologist says that this all occurs on a "late November evening, "yet Richard Nixon's resignation speech is on the radio in the car. Nixon resigned in August. So what's the deal? Was the radio doing a re-broadcast? Did Brad and Janet go through a Time Warp? If it was Nixon's original speech, why were Brad and Janet talking, rather than listening to it like good clean-cut American citizens? And what's with the copy of The Plain Dealer? Its date doesn't seem to match anything. Many explanations could be theorized about, and any number of arguments could be made, but my personal opinion is that nobody really cared. For you Americans, do you know what was the last year that Margaret Thatcher served? These were Brits making a film set in the United States, and I doubt too much research or attention was placed on what the Criminologist said compared to what was on the radio. Most likely, the speech was on there to give a sense of the period, and the paper to give a sense of the location - i.e. 'Apple-Pie Midwest America". Possibly, the speech was also included to give a "feeling of foreboding." - https://www.rockyhorror.com/history/filmmistakes.php

As the fan-site observes Nixon resignation Date: August 8, 1974. So the time and date set by listening to the radio broadcast in the car is not the same as what the criminologist says.

Q. Mr Donegan you have a chapter in your book Manchurian Candidate 1962 decode in the Read the Writing on the Wall section. Why did you name it that? A. Ned Tom and GLorian are shown with a C- Section Section on the wall in the lab were Rocky is born.

The McMartin Scientific Report directed and compiled by Ted

Gunderson about the CIA at McMartin and later Franklin Nebraska scandals.

Q. Mr Donegan you assert this fictional tale is one of JFK who was visiting on the night and morning of November 18 and 19th, 1961 who met with Peter Lawford, Patricia Kennedy, and others including "unconventional conventioners" at the time two were born from the sperm bank (likely fertilized Feb 20, 1961) and this resulted in a dispute between LBJ (Riff Raff) who was living with gay Peter Lawford and JFK (FRankenfuter) with LBJ assasination JFK in a coup det tat. How does Mc Martin school fit into that?

Frankenfurter is there for the birth. THose who were attending were not the Junior Chamber of Commerce. They could been financieres James Jesus Angleton son an OSS CIA agent who worked for the Italian Chamber of Commerce and James worked for the CIA. Donald Barr the science teacher of atomic bombs, the oil industry, who knows the funding.

What I can say is Frankenfurter departs. In that absence LBJ is suppsed to watch over the strongman but the stromg man is tortured as a newborn. This enrages JFK ahem Frankenfurter when Frankenfurter returns from his abscence. Frankenfurter reprimands Riff Raff but Riff Raff assassinates him and takes control.

Gunderson JFK about McMartin 1994

McMartin Scientific Report Ted Gunderson and his co-authors called it.

Drawn from trial testimony and independent archegologicl work including XRAY of tunells below the concrete floor the FBI did not look for a series of tunnels were found.

McMartin preschool on Manhattan Beach Blvd.

"This is where the CIA was operation and terrifying the children" Ted Gunderson stated.

On page 157 of the Scientific Report was the documentation from the 1966 XRAY Machine and a set of numbers to the left.

3233 of 022-46-3233 and the year 1992 of the Langenwalter communication.

He did not know what the "92" was but the 3233 seemed to be a reference to Edward Paul Donegan 022-46-3233, brother of 022-46-3234.

Edward Paul Donegan was being tested at St Josepph's Danial Freeman Manhattan Beach and other locations with advanced machines such as EEG and it seems an XRAY device might have been used too, perhaps from University of Wisconsin Madison.

Donald Barr in his book (science fiction) had referenced better machines to study brains at an earlier age an this might have been one. In the Manchurian Candidate 1962 there also was talk it would take years after starting a candidate to realize the success of one.

This device despite FBI denials may have bee one. Witchcraft, Satanic Images and other stimuli might produce strong and challenging stressors that compared to baseline children expose strong reactional tendencies in those carrying Minimal Brain Dysfunction.

There was more to the report, far more, but this was the VIA activity in Colette MacDonald and her children (the father was Jeffery McDonald wife of Colette) and surely this gene carried by Albert Einstein, Ed Donegan, Marylin Monroe, and many others was being studied her in Manhattan Beach Los Angeles County, birthplace of Edward Paul Donegan 022-46-3233.

1.2 Background of the Project preschool site was located in the greater Los Angeles area of Southern California, in the City

of Manhattan Beach. Specifically it was located at 931 Manhattan Beach Blvd. It was built on a rectangular parcel near the northeast corner of the intersection of Manhattan Beach Blvd. and Walnut Ave. (Figure l). The rectangular lot measured some 35.4 m.(116') NIS by 11.1 m.(36') EAV. In addition we explored the neighboring lot (927 Manhattan Beach Blvd.) which bordered the preschool lot. extending west of it to the intersection of Walnut Avenue and Manhattan Beach Blvd. (see Figure 1). üis property, referred to herein as the "side lot". measured about 35.4 m.(ca. 116') N/S and 12.3 m.(ca. 40') EIW (Langenwalter, et al. 1985). Thus the combined two lots measured 35.4 m.(116') N/S by 23.4 m.(76') E/W. with a combined total area of 828.4 square meters (8,747 sq. ft.). This area is hereafter referred to as the "site."

2.1 History of the Project Parcels two lots that were investigated for the project are located within the City of Manhattan Beach. Specifically they are located on the northeast corner of the intersection of Manhattan Beach Boulevard and Walnut Street at 931 (for the McMartin preschool lot) and 927 (for the first Goldstein lot) Manhattan Beach Boulevard (Figure I).

Virginia McMartin opened the McMartin Preschool in downtown Manhattan Beach, California in 1956. The preschool became popular in the local community. The McMartin preschool was involved in a highly publicized child sexual abuse case that lasted seven years and cost $15 million, making it the longest and most expensive criminal trial in US history. The case resulted in no convictions and the preschool was closed and demolished. -Google AI and other info and source in my books. This was a few miles from the Donegan honme in the same beach city and the preschool of Tom and Ned (me) Donegan especially since our TWA father would be away on flights and my mother needed help.

A wood frame, one story house was constructed on the side Jot (at 927 Manhattan 3each Blvd.) and is showm on a Sandborn Map Company, 1928 map (Figure 9). This was 30 x 32' and had a small front porch (the concrete steps which had

led from Walnut St. to this structure were still present in 1985: see Figure 10 from Langenwaiter. et al. 1985: 7-9, 14). The Sandborn map (see Figure 9) also shows a garage located on the north half of the lot which measured 20 x 25'. The house had a septic tank constructed underground which was rediscovered by our explorations (see Section 4.3 below). This side lot property as well as the lot which contained the preschool were purchased by a Mr. Mark Morris in 1942 (Langenwalter. et al. 1985: 7). Morris put the house up for sale in 1972 and apparently vacated the house in 1972. A demolition order for the house and garage was issued on November 3. 1972. house and lot (the side Jot) were then acquired by a Mr. and Mrs. Clifton Warren who in turn sold the property to its present owner. Goldstein. on January 28. 1975 (Langenwalter. et al, 1985: 7). nie Jot continued to be unoccupied during our field work and is still vacant as of the time of this writing in 1992. first construction on the preschool jot (i.e. 931 Manhattan Beach Blvd.) was the "Virginia McMartin Preschool" itself, for which the initial application for a permit was registered in ***December, 1962*** [One year earlier I was born November 18 1961 (Permit, 1962). The building was built by C.R. Anderson and Co.. Contractors, who submitted architectural plans which were approved on February 15. 1966 (Blueprint, 1966). The actual construction of the school conformed to those

The key takeaways come early. Bonacci was born August 3rd, very close to August 4, Birthday week of the Family Jewels program. "Ritualistic" abusiveness gives rise to another element of his personality that begins to act when the trauma experienced awakens it. DeCamp and others describe that he has something like Schizophrenia but not schizophrenia. In reality it is BDP. This is what the CIA and OSS and Vatican have been researching in people like Glorian Donegan and Ed Donegan. https://www.youtube.com/watch?v=-7rciRItHFc

While especially before these scandals at McMartin and Boystown Franlkin Nebraska there could have been gay sex, sexual abuse, prostitution of youth by townsfolk, etc., and that Bonacci was involved in that rather than being the alternative to a political scandal the sex scandal used the existing sex

scandal to explain-away Whitehouse contacts, etc., as CIA sleeper agents were selected and interviewed.

In 1993 FBI chief Ted Gunderson interviewed Paul Bonacci (of the Franklin cover-up) who described witnessing first hand George H.W. Bush's activity at sex orgies in Washington D.C r/Damnthatsinteresting 6 mo. ago In 1993 FBI chief Ted Gunderson interviewed Paul Bonacci (of the Franklin cover-up) who described witnessing first hand George H.W. Bush's activity at sex orgies in Washington D.C

What the meetings with George H.W. Bush werer for were not orgies, the cover-story, but interviews for possible placement with new or adoption or marriage identities into families around the world, and around the world, becoming CIA agents-of-influence. THe Finders progam had a cover-story of sexually abusing children. While they were abused they were underoing a selection process. I Edward Donegan assert this is how Barrack Obama Jr. was tested and evaluated, even in 1962 at McMartin school with a CIA secret testing area. This was to possibly get him into Kenya, Indonesia, or follow Malcom X and the FBI into Mecca, Saudi Arabia.

0:02 Feb 8, 1993 and it's approximately 2 p.m. Paul Basi is uh going to talk to me on 0:09 tape for the next several hours I presume Paul would you step in here and take your 0:18 place Paul um you're doing this on a voluntary basis yeah okay and um no 0:28 threats or promises were made to you no to get to to have you talk and to discuss this matter with me 0:35 no before we begin tell me when you were born August 3rd 1967 your number 0:42 509 and explain to me what multiple personality is uh cuz you've been a multiple 0:49 yourself yeah multiple personality disorder is a disorder that 0:55 uh people get when they suffer traumatic events usually when they were young 1:00 children usually stemming from sexual abuse or

Satanic ritual abuse and uh it's when person has two or 1:12 more uh personalities living within a body and stuff or usually it's more than that and they each have their own lives 1:19 and they each uh sometimes they see each other as 1:25 being usually they see each other as being a totally different person but 1:32 I um some of them know that they're multiples or that there's other personalities within the same body but 1:38 the majority of the personalities do not and the main personality usually has no awareness of 1:46 uh the other personalities all usually he's totally unaware of everything he just has to live through life with 1:51 everybody saying why did you do thisday and you guys even remember yesterday how how do you switch from one 1:57 personality to another now if you were multiple person personality right yeah how many personality did you have 2:04 uh Al together there were about 12 121 or so did each personality have a 2:12 name every personality has a name some uh 2:17 personalities didn't have names but they weren't personalities that were very active some of them held just a very few 2:23 minutes of time all together and it was just to hold a certain event or a certain tramatic episode in life and why.

Q. Do you have some lengthy transcrptis and records of these CIA friends? (Gunderson admitted shortly before dying.)

Q. Before you enter some those into the record would you take as much time as you would like an the matter of abuse and a different element of personality arising? Did not Jen Moore speak of "Ritualistic Abuse" or "Satanic Abuse" of children in Mc Martin, Franklin, and elsewhere as the trauma within, disabling trauma that a person can not get through, and even a TV series you liked?

Do you have some interest in exploiting teens? So you have any connection to them? A. No, and somwehat. I think Sociogy has gone to far in demoninzing whites. I spent years online fighting schoolbooks that epxlains the worlds' problem were the white people in it. As for exploting teens I have no interest. I have expressed empahty for those in these woke programs today studying white privlege theory, etc., and have tried to

argue white privilede theory down among adults in that conversation.

Q. Mr Donegan have downloaded expoitative teen porn? Would you speak to that? I downloaded a lot of porn, teen included, one time or sevarl times when I was using drugs. I often had great party opportunities outside the several homes I lived in alone but did not wish to be in public on amphetmines, driving or not. So I dowloaded lots of porn and kept to it that. Q. Mr Donegan you have spoken about Roman Catholic concern for life and you say that fits into it? A. Yes, my father an I had great times playing tennis in Walnut Creek California and with Walt and Levita. At poolside we my father and I spoke often and of many things. The tragedy of car accidents was one of them. He was very convincing to me. Q. Did you also have a loss to a drunk driver? A. Yes. Someone I had just begun to date. Q. So though you never were in a DUI accident as a driver you did lose someone? Would you like to keep it that way? A. No. I hope for a time when no one has been lost to any contemporary drunk accident. Texting is now a part of that picture too.

Q. Mr Donegan were you concerned about teen porn? A. Some. I tried to delete the clearly illegal stuff, I kept some though it was quite likely illegal but passable as close enough to non-minors. Actually some of the S& I was also downloading was a bit more of a worry. Who is involved and how, and community standards is a constant question especially in bulk download.

Q. Are there racially charge assaults on you based on that? A. I think it is based on that, or something calculated to gain public acceptance of their (the "parade" givers) an appearance of legitimacy. I still have not figured it all out but part is a protection racket wherein minority people of the community I moved into (Corpus Christ Texas District Attorney Mark Gonzales) create a show (and it is false) that I am exploiting teens but he is catching me in the trap. I think buttocks fetishism was his and the need for models of adult age to go to the trap he sets and expose their white buttocks seems to be his

scripted course of a chain of frauds. In that chain of frauds his poor neighborhood has a claim against me. Some say that the claim against me is one that semen will pay off.

Q. On what basis do you say that? A. Numerous but I would like to focus on the chain of events. That is like Chain of Custody. The false linking of me to things that give others a position of legal and moral power over me is tied to my seemingly guilty of exploitaion of minors. They say my eyes are exploiting all the gym clothes, hiked up yoga pants, etc., In this way they assert they are "going to have my baby" because that means they are going to be paid for what my eyes took in. Q. Is there any reality to that? A. None. But again it goes to fraud. When I was homeless in a tent a person would stand near my tent and say it was his. Other people's property is put near me than moved away from me. My property is placed elsewhere. All of this is a cross linking of who is who.

Q. If as you assert this was racially charged and intended to be did you raise this issue with the library? A. Yes I reminded the library staff of the movie Topgun where a loud noise causes a person to convulse and spill coffee. Sudden noise or noise that is alarming, etc., disrupts the environment. I think it is intended to.

Babylon 5. I loved the colorful graphics, characters, had a crush on on the females and bro crush on all the males and loved the entire series. One of my favorite scenes was Talia the telepath. "Do you know what it is like when two telepaths make love?" she asked a non-telepath. I think we need to start with that if you want to understand Borderline Personality Disorder and deep reaching emotions. Think Nicholas Telsa and waves compounding and the form nodal additives with each new wave added on top of the previous wave as they reverberate and grow with each new cycle. In ADHD a form of emotional distention, an emotion rather than an idea can leak out of normal regulation by the brain executive that keeps things in check. Under normal conditions that may not be a problem. But under stress that is lasting or repetitive stress it can grow, grow very powerful. One PsyCorp explained of telepaths that

telepaths were feared so they were pushed into a dark corner of society where they grew with no on noticing and then became a major dark power.

Google AI - In the 1994 Babylon 5 episode "Mind War", Talia Winters says, "Do you know what it's like when telepaths make love, Commander? You drop every defense, and it's all mirrors: reflecting each other's". - Google AI.

It the outside is disgusting to a person the senses (as they are supposed to do) carry that to inside a person.

I have recently mentioned a symptom of Borderline Personality Disorder to an Austin police officer. Let me start with the Diagnostic Standards Manual

https://neurodivergentinsights.com/blog/dsm-5-criteria-for-borderline-personality-disorder

1. Frantic efforts to avoid real or imagined abandonment.

2. A pattern of unstable and intense interpersonal relationships characterized by alternating between extremes of idealization and devaluation.

3. Identity disturbance: markedly and persistently unstable self-image or sense of self.

4. Impulsivity in at least two potentially self-damaging areas (e.g., spending, sex, substance abuse, reckless driving, binge eating).

5. Recurrent suicidal behavior, gestures or threats, or self-mutilating behavior.

6. Affective instability due to a marked reactivity of

mood (e.g., intense episodic dysphoria, irritability, or anxiety usually lasting a few hours and rarely more than a few days).

7. Chronic feelings of emptiness.

8. Inappropriate, intense anger or difficulty controlling anger (e.g., frequent displays of temper, constant anger, recurrent physical fights).

9. Transient, stress-related paranoid ideation or severe dissociative symptoms. -https://neurodivergentinsights.com/blog/dsm-5-criteria-for-borderline-personality-disorder

These last two are worth our time and attention. 8. Inappropriate, intense anger or difficulty controlling anger (e.g., frequent displays of temper, constant anger, recurrent physical fights).

9. Transient, stress-related paranoid ideation or severe dissociative symptoms.

Dissociative identity disorder (DID), previously known as multiple personality disorder, is a chronic condition that involves the coexistence of two or more distinct identities in a single person. Each identity, or "alter", may have a uniqu name, personal history, and characteristics.

You can see how the "Sybil" story gets confused with a rational person watching how their emotions are running away with their self control but the dissacosiated intelect sharing in that same personality is thinking ah darn here we go again.

Mr. Donegan you say that you reported this to the police? A. Not exacatly. I stated I was under intense stress from the abuse I was experiencing at Starbucks near Whole Foods in Austin. I

had been working on my book, was being drawn into angering interprsonal conflicts I wanted nothing to do with and was asked to leave. I told the police I was working on my book and was mentioning at that time Austin politicians and I felt the fights they were instigating were meant to harrass my use of the space. The police said they would consider the entire matter and aksed I if wished a ride to the Austin Central Public library where I could continue the book writing. I replied i would rather walk because I was under stress and feelig some heart beat stress and wanted to take the walk to come down a little and so I did.

Q. Is this tied to trauma and strong emotions? A. Yes. Traumatic STress Disorder is something I talked to Beacky Harrison about, being so full of trauma over FMC Butner the prison I had a hard time getting to the subject emotional and intellecually. It was like being paralzed. THere was just too much morass and no real tarting point to the whole expereince I could find then I did after multiple fits and starts to work through the trauma. I used breaking the sound barries and getting through the high pressuree front that his hard to see but there anyway.

What are the symptoms of a BPD breakdown? Intense and highly variable moods, with episodes lasting from a few hours to a few days. Chronic feelings of emptiness. Inappropriate, intense anger or problems controlling anger. Feelings of dissociation, such as feeling cut off from oneself, observing oneself from outside one's body, or feelings of unreality. - Google AI. I cant find it now but I think some definitions describe irregular or strong heart beast during BPD episodes.

John Decamp has long findings that the experts found on Paul Bonacci. THey were correct. Bonacci was rational, not delusional. His statements of fact were accurate. He did have psychiatric symptoms though. Those extensive reports publich by the Nebrasak Leadership Conference are entirely correct.

https://science.howstuffworks.com/life/inside-the-mind/emotions/5-types-of-laughter.htm

So what are some of the different types and reasons for all the laughter?

Contents,Etiquette Laughter,Contagious Laughter,Nervous Laughter,Belly Laughter,Silent Laughter,Stress-relieving Laughter,Pigeon Laughter,Snorting Laughter,Canned Laughter,Cruel Laughter.

Laughing at someone else's expense is not only cruel, it's just wrong. Your mom probably told you "It's not nice to laugh at someone else's expense." Unfortunately, whether you were the one laughing or the one being laughed at, you probably broke her rule at some point in your life.

We may think of cruel laughter as insensitive and out of touch, but it's been part of society a long time.

https://science.howstuffworks.com/life/inside-the-mind/emotions/5-types-of-laughter.htm

That is what is happening. Racially hostile people are laughing at me at my expense. Except it isn't true but it IS at my expense. If they can stage and frabric humiliating "truths" about me (actually dissinformation) they can defraud me based on the acccustions they are fabricating and abusing me over. ARC of Northern Viriginia and Mark Gonzales are fairly clearly linked in this racketeering. As it operates a person is extorted for being where I am. That person is gullible and has the characteristics I am accused of. Though it is not me the use of my identity by the fraudster succeeds in extorting my use a public space as including paying out damages and protection feeds I do not owe but it is staged that I owe. My trust fund insures me in a way. I

can be accessed to pay legal and health bills. THe protection racket uses that to get the dopple of me out of trouble by paying out a damage claim to the fake victim, then provides health car in the form of a sex worker for that gullible dopple of me. Both are fraud.

I Edward Paul Donegan am from one of these abused families and and the last survivor.

Part of the Psychological Warfare Deep State was the CIA and MI5 using locations like WACO, Manhattan Beach City Los Angeles County, and other locations doing abusive MKULTRA testing of children. This also occurred in Jonestown Guyana, Kamloops, British Columbia, Canada, elsewhere such was Australia and the family cult group Julian Assange is from.

The CIA is hopeful as is Army Intelligence some emigre families from WWI and WWII era out of wedlock births in the USA can reveal insights into Eugenics, Psychiatry, and be usable as sleeper agents in overthrow plans the CIA and MI5 a plotting out on a "Devil's Chessboard" the CIA would rather not talk about or have talked about.

The identity of these families is secret and elite Free Mason with CIA and FBI backing of the program.

The Press in the USA will not focus on the subject or do so for very long.

the-complex-legacy-of-cia-counterintelligence-chief-james-angleton retrieved from The Intercept and copied or modified to here

In December 1974, CIA Director William Colby fired Angleton after the New York Times revealed the then-unknown counterintelligence chief had overseen a massive program to spy on Americans involved in anti-war and black nationalist movements, a violation of the CIA's charter. Coming four months after the resignation of Richard Nixon, Angleton's fall was the denouement of

the Watergate scandal, propelling Congress to probe the CIA for the first time. A Senate investigation, headed by Sen. Frank Church, exposed a series of other abuses: assassination conspiracies, unauthorized mail opening, collaboration with human rights abusers, infiltration of news organizations, and the MKULTRA mind-control experiments to develop drugs for use in espionage. [Colby will soon be replaced as CIA Director George H.W. Bush who will replace the V.P. Nixon Mafia MKULTRA into the vert CIA that had been headed by Angleton, Dulles, Cabelle, and that JFK had fired]

The exposure of Angleton's operations set off a political avalanche that engulfed the agency in 1975 and after. The post-Watergate Congress established the House and Senate intelligence committees to oversee covert operations. The passage of the Foreign Intelligence Surveillance Act required the CIA to obtain warrants to spy on Americans. And for the first time since 1947, the agency's annual appropriation was slashed.

The Cram [internal CIA review] file illuminates a pregnant moment in the history of America's secret government, when the CIA began to reckon with the legacy of James Angleton, a founding father of the deep state, a master of mass surveillance, a conspiracy theorist with state power.

Sara Ford and William Colby to Jon Decamp

"What you have to understand, John, is that sometimes there are forces and events too big, too powerful, with so much at state for other people or institutions, that you cannot do anything about them, not matter how evil or wrong they are and no matter how dedicated or sincere you are or how much evidence you have. That is simply one of the hard facts

> of life you have to face. You have done your part. You have tried to expose the evil and wrongdoing. It has hurt you terribly. But it has not killed you up to this point. I am telling you, get out of this before it does. Sometimes things are just too big for us to deal with, and we have to step aside and let history take its course. For you, John, this is one of those times,"
>
> Colby will go on an write the forward to the DeCamp book even though he knows it may bring death to himself.

Book: The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska

1) Former CIA Director William E. Colby wrote the Foreword to the John DeCamp book The Franklin Coverup. In the foreword Colby advises DeCamp “Best thing you can do for your personal safety is to tell your story and make sure you have the national press interested in this and looking into it with some really good investigative reporters.” Colby also makes the statement: “There really are people too powerful, interests 100 big, that the rich and the powerful even when doing evil can (and will) succeed and you can do nothing about it at that moment.”

If a former CIA Director makes such a statement we have of necessity to give it credence.

2. Author John W. DeCamp (ex-CIA) is a former Nebraska Senator, a much decorated Vietnam War veteran who initiated OPERATION BABY LIFT out of Vietnam to provide safety for 2,800 orphaned Vietnamese children.

3. Ted Gunderson, former FBI Senior Special Agent in charge in Los Angeles, a 28 year FBI veteran, Gunderson wrote a report on the pedophilic ring for the Nebraska Leadership Conference and includes the comment can state without hesitation that

every statement in this book is documented by hard evidence." Gunderson was an [former] FBI child abuse specialist

The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska

Forward by Williamk Colby, DeCamp is reported to have been a CIA officer.

Be Not Afraid - There is Power in Truth Telling

The first addition of the The Franklin Cover-up was published in 1992. Another addition in 2006.

CIA director William Colby (the one who exposed the family jewels to Congress in the 1975-1976). Colby was John DeCamp's friend. The book is true. One person sued the author for libel and lost in court. His story is supported by documentation.

If people shine the light on corruption it can go away. If people write, speak and go public in a truth telling manner, supported by facts, truth is powerful. FDR's quote was accurate: "The only thing we have to fear is fear itself."

President Franklin Roosevelt said that in 1933 when the first concentration camp opened in Germany outside of Dachau. Within two years Germans had a little ditty that tells it all about fear and not speaking up: "Dear God, make me dumb so that I may not Dachau come."

I worked as a child protective services investigator for the government in the time period DeCamp's book came

out. I wish I had known about it then. The police and our state government actively talked about and gave trainings on ritual abuse of children.

Allegations of using and violating children came out against Army intelligence officer, Lt. Col. Michael Aquino related to a day care on an Army post, investigated in 1987. Aquino heads up the Temple of Set in California. In my opinion and others the investigation was stopped by the powers that be. The Army promoted him to General and he was integrally involved with Psy-Ops (See the Men Who Stare at Goats, the comedic version of torture in the military). I don't know how author Jon Ronson missed Aquino, but he did.

Then it all went underground. We got the "word", ritual abuse, "done", no talking about it. Those that didn't have the power of a John DeCamp were set up and then sometimes attacked through the courts. It happened locally behind the scenes. It happened through local powerful people. Powerful local people connect to powerful state people who connect to powerful national people who connect to the CIA and the military. Like a daisy chain made of thorns and weeds.

A supervisor in my agency said on a regular basis, "You know, sexual abuse doesn't kill children." He was tied into the power structure of the state.

The seeds for the use of children is embedded in a number of institutional government settings including schools. I recently reviewed child abuse reporting training materials on a school district. The school district dropped the term "sexual MISconduct". They now call it "sexual conduct". The materials say "While equally egregious, sexual conduct may not always be child abuse..." The materials further tell school district staff if a staff person has any suspicious to contact their "H.R. legal counsel" and then in RED letters on the bottom of

that page says "Under no circumstances are you to contact the parent or legal guardian".

DeCamp, the author has done the country a great service in not being afraid to tell the truth. His actions, documentation and going public protected him.

I recommend, read his book and don't be afraid.

Our government, our military in seeing the concentration camps directly went themselves into a combination of fear and fascination as one might take in a massive train wreck. In switching fear to the Russians, our government brought over the most heinous Nazi war criminals.

Shortly after the big media Nuremberg trial event, most of those high ranking leaders melted back into German life, came to the US and South America with the assistance of our government, our government helped Mengele, the horrible doctor of the Auschwitz concentration camp who particularly liked to torture, experiment on children and kill them. But first he sexually caressed them. There is film footage of him doing that.

Mengele was part of the MKULTRA program to show the CIA and military through torturing and splitting children's mind what the Germans had been doing. Read Carol Rutz's book "A Nation Betrayed". Her documentation is as great as DeCamp's, another book I missed as I was struggling to figure out why the government agency I worked in wasn't protecting children. Mengele pops up in a number of places in the US as well as Canada.

Be not afraid and trust your intuition. "The Franklin Coverup" would make an excellent suspense film. Now why hasn't anyone in Hollywood made this film?

Read both books without fear. Read them as courageous tales of two people making a difference. Then speak up. Say what you see. Make documents public. Write you're own book. There is a window of great opportunity now and it is Amazon.com. Write your book and put it on Amazon. Like DeCamp and Rutz go forth and truth tell.

https://wordbytes.org/holyspirit/be-not-afraid-to-speak-the-truth/ Are we supposed to stay silent about the truths of the Catholic Faith when we're with those who have fallen prey to worldly thinking and the false teachings of Satan? They don't want to hear the truth. They want us to believe that we should not speak the truth because it would hurt their feelings and make them mad, perhaps even violent.

Anti-Christian sentiment has grown a lot stronger and become more obvious. We're berated and condemned and sometimes even beaten for not agreeing with sinners.

Jesus tells us to "be not afraid" of speaking the truth. Even when there might be repercussions, we need not be afraid. If we have the attitude of, "Yes, I'm willing", the Holy Spirit gives us the words and the supernatural, joyful peace that makes it easy. Fear gets overtaken by the Holy Spirit every time. https://wordbytes.org/holyspirit/be-not-araid-to-speak-the-truth/

Q. Mr. Donegan does your research on the trial of McDonald and the life of Marilyn Monroe and Franklin and Mc Martin schools show the CIA Family Jewels program and do you believe this ties to European covert family history? Q. Yes. In a odd part of the homocide case was an airloom oddly stolen it

seems without explanation from the house. I have done massive research in this and will cut and paste from my books on this and that is cut and pasted from the cited sources.

Maybe Jeffrey MacDonald was innocent after all retrieved from https://www.salon.com/2012/11/30/maybe_jeffrey_macdonald_was_innocent_after_all/ and copied or modified to here

In a rare interview, prosecutor' office co-counsel Wade Smith reflects on the murder case that's long captured America's imagination. By LYNN PARRAMORE

AlterNet Remember the perceptual illusion where you look at a picture and you're certain that you see the bust of a young woman? Then, if someone draws your attention to certain details, suddenly the picture transforms into the profile of an old woman. It's a disorienting trick. You think you know what you're seeing, but then you aren't so sure.

The Jeffrey MacDonald murder case is one of the most disturbing in living memory. There are only two possible pictures, both nightmares.

Picture No. 1. Jeffrey MacDonald, a Princeton-educated Green Beret doctor with no history of violence and a sterling record, butchered his pregnant wife and two young daughters using a knife, ice pick and club. Then he injured himself and set up the scene to make the crimes appear to be the work of intruders. He claimed they chanted, "Kill the pigs! … Acid is groovy!" and scrawled the word "PIG" on the wall in his wife's blood.

Picture No. 2. Jeffrey MacDonald, a bright young man

with everything in life to look forward to, lost his wife and children to senseless, horrific violence. A military hearing found charges against him “untrue,” but he was convicted nine years later in a civilian trial. He has been imprisoned for three decades for a crime he did not commit.

Family History Theory of Collette Mac Donald Murder

It seems three or more heirlooms might have been missing. Marriage rings provided by Dr MacDonald AND some other heirloom. The Defense doubted the theft of the heirlooms motivated the robbery, why just fora few pieces of jewelry it makes no sense. But the removed jewelry did show intruders were in the house.

Closing Argument by Bernard Segal, August 28, 1979
http://www.crimearchives.net/1979_macdonald/trial3/1979-08-28_trial_segal_closing.html

Let me talk about while we are right here on the subject of the chest with the jewelry box. I heard the Government counsel say this morning, “We only have Dr. MacDonald’s word of the two valuable rings” - the one that the Kassabs asked Dr. MacDonald to retrieve that was a family heirloom and the one that Dr. MacDonald had given to Colette himself - “the only proof we have of that is Dr. MacDonald’s word that they were there in the house.”

You have before you one of the exhibits toward the end of the case when Dr. MacDonald testified the Government settled with Dr. MacDonald for these claims of lost property. It says on those cover documents

that they discussed this matter before settling with Dr. MacDonald for those rings as well as the **other items** with two people - Captain Clifford L. Somers and CID Agent William Ivory. Captain Somers was unable to be here.

He was the principal Government prosecutor at the military proceedings in 1970. William Ivory was the same William Ivory. He was the lead investigator in 1970. Now, they had been through this whole process before of having heard the challenge that the rings were missing, and they, having consulted, agreed that Dr. MacDonald had to be compensated because there was no basis to refuse compensation. Here, nine and one-half years later, we hear the same explanation - “There is no proof the rings were there.” Why did the Army pay for it? Why did the Government pay for it? Why didn’t they say, “We resist. We resist. We don’t believe you, MacDonald”?

You ought to consider that that is an admission by the Government that that document where they paid Dr. MacDonald and said they talked - not just a property loss - but they talked to their criminal investigator and the chief prosecutor and agreed that they owed payment for those rings. That is an admission by the Government that the rings were probably taken that night.

Now, look, I am not suggesting to you, members of the jury, that the motive of this crime was to steal those rings. I don’t think that was the motive. We will talk about that motive later at another time. I want to say to you that just because the people did not come into the house with the express purpose of stealing rings, it doesn’t mean that the persons who committed these absolutely horrendous and monstrous crimes did not on the spur of the moment see a jewelry case and grab something from it. Yes, there were other valuables in the house. There were other things that could have been taken. This was not a ransacking of the house, but that

was a jewelry box sitting on top. It was obvious and in an obvious location. One didn't have to do anything. As a matter of fact, I think the reasonable inference that you might draw is that the woman seen in this case did not have a weapon - the woman talking about acid - LSD - and that in one of those strange and whimsical and unthinking moments removed from the crime scene something of value - not because she went there with a purpose of stealing it and not because the men went there to steal - their purposes are different - but that would be a reasonable inference.

His first wife, a Scottish woman, and their infant child were killed in the bombing of London.

Q. Mr Donegan how does this relate to the Defense Intelligence Agency, Micheal Aquino, and drug gangs? A. Aquino was said to be obsessed with Salzburg area castles and WWII. I think he was hunting for and creating plans for cover relatives or underground railroad extended family from that area. Because this is where Hitler and Himmler operated from it was already a big secret after WWII. Later on it became an even bigger secret.

Mr. Donegan, do you Ted Gunderson and Jen Moore and your family of origin (Jim, Glorian, Tom Ned (Edward) and you Edward the last of alive of the 6 people believe there was an heirloom of interest to us here? A. Yes. Rodin's Thinker bookend, not the sendup of it EPD III, a monkey on a stack of book, one with the name Darwin, and the monkey holding a Human skull Affe mit Schädel .

The Thinker (French: Le Penseur) is a bronze sculpture by Auguste Rodin, situated atop a stone pedestal. The work depicts a nude male figure of heroic size sitting on a rock. He is seen leaning over, his right elbow placed on his left thigh, holding the weight of his chin on the back of his right hand. The pose is one of deep thought and contemplation, and the statue is often used as an image to represent philosophy.

Affe mit Schädel is the parody take on The Thinker and is in the Whitehoue office with Donald Barr as Donald Barr of the OSS CIA of WWII now in the 1960's continues with CIA work. The Affe mit Schädel ("Ape with skull") is a famous work by the late-19th-century German sculptor Hugo Rheinhold. The statuette is otherwise known as the Affe, einen Schädel betrachtend ("Monkey viewing or contemplating a skull"). It was first exhibited in 1893 at the Große Berliner Kunstaustellung (Great Berlin Art Exhibition). This is the work the OSS was doing with among others Chauncey Holt who i WWII countered Nazi propaganda making anthropology exhibits that contested Naze evolutionary theories.

Q. How is that relevant to thorkil Kristen and George Ball as you assert? According to Ted Gunderson and me and others like Jen Moore genetics and Eugenics were studied in bastard children of elites of the world who were moved into orphanges or preschools or political families. Theser children were studied as children and some groomed for media, NGO, or political roles in the countries into which they were covertly placed.

Is that in the foreward Ted Gunderson wrote for the Nebraska Leadership Conference on the Franklin Nebraska scandal that broke in news stories just as McMartin school, your preschool, did? A. Yes.

Is it in your family oral history your grandfather was named Edward and an abdicated king? A. Yes, and I think that was on my mothers side who lived as a child with an underground railraod name then later was adopted into a South Carolina home at about 9 years old. This is the Jen Moore and Ed

Donegan story. ALthough JFK and THorkill Kristensen are seen on February 20, 1961 I think this genetics test of the FOXP2 London KE Family gene I carry is tied to that testing, and Joseph Kennedy Sr and JFK and the Vatican had known my father married this woman Glorian with that genetic backround of this rare defect and the covert history of studying it out of wedlock. Some who passed 2 years old and matured well might be notified they had placed in some form of foster care out of concern for publicity regarding their real parents but the real parents would like to become covert benefactors as these children matured around the world where they were placed.

Thorkil Kristensen was elected to the Danish Parliament 1945 and became finance minister under Knud Kristiansen (1945–1947) and Erik Eriksen (1950–1953). Throughout his life he worked with difficult economic problems. Among people of his own party and opposing parties, he enjoyed great respect because of his broad knowledge of economics.

He came to disagree on economic policy with his party, Venstre, and left the party in 1960 [He believed better brains in remote regions of Earth would improve leadership as leaders were being selected to carryout economic world agendas.

After his exit from politics, he was secretary general of the OECD from 1960-1969. He was the founder of the Copenhagen Institute for Futures Studies (CIFS), making it one of the first futures research institutes on the European continent. He was managing director at CIFS from 1970–1988. - Wikipedia

Q. Mr Donegan could you from quick recollection discuss Dr. McDonald? Could you tell us what condition was being researched in your family line that Jen Moore spoke of and was likely in the McDonald family line? A. As I recall he was a US Army Special Forces. He was a medical doctor with a chest surgery specialty and expected and wished to be deployed in support of combat forces. It was decided he would not be deployed into combat though. In North Carolina he resided with his family.

Mr. Donegan could you theorize yourself called as a witness in his trial and offer your testimony? A. Yes. Dr. McDonald was and is a medical doctor. He has training in the brain and psychiatry and would have contact with other physicians dealing with combat conditions and injuries. He was blamed for volatility and it was suggested bed-wetting by his daughter was to blame for his anger fit. I was a bed-wetter until quite late and sucked my thumb later than most children. I was also stubborn and willful and my parents would put me in my room and I would be angry and try a test of will by screaming until they let me out. It was a battle of will my father was patient for but with my mother and I bordelines the intensity of the family situation was a constant high stress struggle. I suspect others feared the traits the daughter and I and other borderlines might have been discored if this family survived.

Q. Did Ted Gunderson believe until the time he died that Mr. George H.W. Bush of the Whiteshouse had eugenics and breeding and childhood abuse, testing, and murdes at these schools? A. Yes, as did Jen Moore and all these were tied to sleeper agents and hidden identities of youths being moved into families around the world by the CIA.

Dear President Bush

On April 3, 2003, I found an intruder (biker type- wearing a head bandana, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

If anything happens to me, my family, or my close associates- including my attorney (former Nebraska State Senator, John DeCamp), Susan Ford, or other individuals within my informational network, the names of the leaders of the cult/drug network and additional information concerning their activities will be released to the public.

Regarding Mr. Colby, he did not drown and he did not commit suicide- he was murdered, shot in the head. [later elsewhere Gunderson and others assert Ice bullet and or cow head impact devices.]

John DeCamp who with Gunderson worked in this case (The Family Jewels Program and related abuses) for decades did not have direct evidence that GUnderson asserted Colby was murdered but DeCamp believes Colby might have been and feared he would be and that a possible "set pieces" attack on Colby had occured about a week before Colby did die. THe elderly Colby was beaten quite badly in a "random" attack in his daily life but survived. It is said Seth Rich died the same way.

Authors Note

I (John Decamp former Nebraska Senator and former CIA) have brought out this new, special 2004-2005 edition of The Franklin Cover-Up because the story and its implications continue to have exploding effects upon the American political and social landscape. In the years since the first copies of The Franklin CoverUp hit the streets, not only have I and others learned far more about the Larry King political sub-culture of drugs and child abuse and the horrors of child abuse committed and covered-up by certain members of the Catholic clergy, but the circulation of The Franklin CoverUp throughout the United States has brought many new cases to my doorstep.

And, one after another. I have become involved as attorney on one side or the other in these startling cases-from Columbine to the Oklahoma Bombing; from MY first-of-its-kind lawsuit against any Catholic Diocese for covering up .child abuse by priests to today, when it seems every day brings a new revelation about the abuse and use of children by clergy. What I was condemned for saying 15 years ago, when the first edition of The Franklin Cover-Up first came out, is now shouted from the rafters of the churches and POLITICAL HALLS across the United States. AND THE ABUSES ARE BEING CORRECTED.

When this book first came out, it was the first to open the ugly side of many of these issues-and I was certainly condemned by many for doing so. In fact, I was so threatened because of that first book that I had to move my entire family to a small town of 300 people, Clatonia, Nebraska, where I felt I had more security and neighbors to help watch out for and protect my children. That move has worked out fine for me. And my children are the greatest ever. I wish I COULD DROP THIS ISSUE ENTIRELY, but I have too many daily, weekly calls from folk all over America asking for help or guidance or information or direction on their particular problems. Hence, I thought the best way to answer them was to make this book available to them with current updates. That is part of what I have tried to do in this 2004-2005 edition of The Franklin Cover-Up. I have never spent one penny advertising or promoting this book. However, whatever caused it, it has sold well over 110,000 (One Hundred Ten Thousand) copies. Hopefully, it will do some good for some and give courage to others to Fight Back and Tell the Truth.

Death of William Colby

(Unkown) I have brought out this new, second edition of The Franklin Cover-Up because the story and its implications continue to have exploding effects upon the American political and social landscape. In the four years since the first copies of The Franklin Cover-Up hit the streets, not only have I and others learned far more about the Larry King political sub-culture of drugs and child abuse, but the circulation of The Franklin Cover-Up throughout the United States has brought many new cases to my doorstep - and some of those extraordinary stories I tell here, in the new, second part of this

book. Lastly, earlier in 1996, my dear friend Bill Colby, without whom The Franklin Cover-Up never would have seen the light of day, died, under very mysterious circumstances. This second edition includes my Memoriam to Bill, to whom I now re-dedicate The Franklin Cover-Up, in renewal of my commitment to fulfill the promises made to him, in the last days before his death.

Film looks at life of ex-spymaster William Colby
retrieved from Reuters and copied or modified to here

LOS ANGELES (Reuters) - When the body of former CIA director William Colby was found underwater near his vacation home in Rockpoint, Maryland 15 years ago, no one suspected murder, but his son Carl Colby has never ruled it out.

In May 1996, Colby went missing for eight days. He had gone canoeing, and is believed to have fallen into the water and drowned or suffered hypothermia. The cause of death was always thought to be a heart attack, but there can be little doubt Colby made plenty of enemies over the years.

“You could say the best way to get rid of a body is to throw it in the water because you can’t see any signs of abuse or injury,” Carl told Reuters. “Everybody in our family always wore a life vest, so why would he not wear a life vest?”

In fact, Carl is not certain what to make of his father’s death -- murder, suicide, accident or fate. Nor does he know what to make of his father’s life -- hero, victim or villain.

But he went looking and the result is his documentary,

for which he interviewed former U.S. government officials such as Donald Rumsfeld, Robert Gates and James Schlesinger, along with journalists like Seymour Hirsch and Bob Woodward.

SEPT. 11, CHURCH COMMITTEE

Carl Colby finally decided to make a movie about his father on September 11, 2001 after former Secretary of State James Baker traced the attack back to the Church Committee hearings of 1975 investigating abuses by the CIA, claiming it crippled the organization's ability to collect intelligence.

Williams Colby's testimony before the Church Committee became pivotal when he revealed the CIA's "family jewels," a series of clandestine and illegal activities such as secret prisons, warrantless wiretaps and assassination plots.

"He would come home and I'd say, 'You're spilling the beans! You're volunteering information they're not even asking you for!" remembers Carl. "He said, 'So they'll learn about these secrets. Place needs a housecleaning.' He ended up taking the heat and falling on his sword but he saved the agency."

"I felt a lot of respect for him around the times of the hearings because he was doing the unpopular thing and he was vilified," notes Carl. "The conservatives thought he's giving away the farm. The old boys hated him at the agency. He was sort of a man without a country."

In 1976, William Colby was replaced as CIA Director by George H.W. Bush. Among the first things Colby did was divorce his wife of 40 years, remarrying a few months later. Carl recalls a family member asking his father what was more important to him, his family or his

career. “He didn’t even bother to lie,” laments the filmmaker.

Toward the end of his life, William Colby learned of an old friend found under a bridge suffering from Alzheimer’s. “He said, ‘that’s never going to happen to me,’” remembers Carl. “One day you’re just going to hear that I was walking on a goat path in the Greek islands and I fell to the sea.”

Although questions still surround his father’s death, Carl feels it was just as likely a case of suicide as murder. “He lost Vietnam, he lost his job, but I think he felt like he wanted to be the master of his destiny,” Carl said. “He would have loved to just fade into the distance like the fog.”

A section on terminology you use or extend as you mean these words. Since you will be using these terms and have altered or refined or subdivided some concepts would state for the records what you mean by the terms that follow?

Sow, Reap, Predatory Stalking, Harassment, Preemption, Reach of Voice

A. I use these terms as follows and find my understanding similar to and consistent with many victims of Targeting. Harrassment is the interference with, the harrassment of, the life's activities of a target. The Target may be involved in sowing some seeds such as attempting to get healthy in the gym, writing a book, etc., Harassers will often try to discredit

that person doing what is normal to themselves in that regard. A Harrasser will often while interfering with the Target cultivation some activity will try to reap for themselves the fruit of what the Target had sowed, laid the seeds of foundation for. In addition the Reapoer will often define the person who sowed the field as a threat the field and an outsider or "demon" to it.

Harrassing a person by blocking their work and premepting them by taking over the work is part of limiting a person's reach of voice thus preempting something that my come from that person who the harrassers hope will not gain an audience.

Q. Mr Donegan do you assert covert harrassment, road-blocking, and preempting the work of a Target is used by PsyOps in order to prevent someone from gaining a credible voice? A. Yes, and the term predatory is the both the dirty tricks to roadblock the success of sowing a project and reachign its completion are predatorial activities by the harrassers and the subsuntion of what the reapers take from the sowers is in that part of dirty tricks. The dirty tricks can escalate to use of break-ins, death threats convyed, and death threats carried out.

Q. Mr Donegan you belive officials of the FBI have recent and long term fear of what their illegal conduct has been in regards to your family and you not limited to the Kennedy assassination to holding you in a pscywhard in a railroad of justice, and the death of several friends. Can you explain a pattern in some of these deaths? A. Yes. Veroinica Hoffman was surrounded by wierd sounding scum "Biplor is no shit" was posted by ""Harvey Dent." Her mental disease of panic allegations of a noise campaign against her, etc., was a BiPolar allegation, not response to a Fear Stalk one designed to prove to a person they are being stalked by hostile strangers. Q. Did you see other things you recognize as similar to other victims? A. Yes, she was very social justice oriented, seemed to be cooperating with law enforcement and deputies, and the FBI in shaking down a loser, and was working with lots of mentally ill, immigrants and others as she would liked to have done. But the probably turned on her as they attack me. Bobby Courtney was attacked by a very scuzzy violent person who threatened me and that person

used the name "Casper" and was violent psychotic black male with clock worn on his chest. I saw him very violently attack no less than five people.

Q. Mr Donegan do you believe use of these type of people in Stalk operations you and Jen Moore had a right to complain about? A. Yes. Here and I believed all of their activities were fraudulent but backed by police.

KOMPROMAT and Subdivions of The Art of Kompromat

A. Compromat uses the K of Russian is related to the letter C in Latin languages. Compromsing Materials are those that call into question the integrity of a person.

KOMPROMAT Subterminology

KOMPROMAT- True

Compromising Material regarding a person (linked to a person) that is probably or thought to be true about the person linked to it.

KOMPROMAT - Smear

Compromising Material that is not true about a person, incorrectly linked to a person by dirty tricks, etc.,

KOMPROMAT -Warn Off

Whether true or untrue a KOMPROMAT file linked to a person will be used to warn people or services

away from the person about whom the KOMPROMAT is tied to. A lawyer will be told the person is NOT being harassed by police, the person is being investigated by police and the interference a lawyer would cause at the present time would endanger the investigation that is oingoing. A donor may be warned privately not to back a ceratin politician, etc., based on the KOMPROMAT

KOMPROMAT Bully

Bully KOMPROMAT is aggressive treating a person in an abusive way and perhaps doing so under color of law, a police officer doing so and an alleged victim staging being a victim or bait bullying the KOMPROMAT victim. THe bulling may hope to and may get a conflict with the target of bullying alllegations.

Q. Mr Donegan have you experienced "No touch torture, GangStalking, rape, and voilent crimes that include being exposed to disgusting imagery, smells, etc.,? A. Yes. Some of the accusations regarding FBI, CIA, NSA, or other agency misconduct sound far flung. While not raped by touch I have had reports of demands for my semen and that has been both violent, explicit, implicit, and part of racketeering.

Q. Is there evidence Sirhan Sirhan was programed to kill RKF because of RFK plans to sell Isreal North American Aviation planes made in Los Angeles? Yes.

The Polka Dot File on the Robert F. Kennedy Killing: Paris Peace Talks Connection Copyright@ 2016 Fernando Faura All Rights Reserved Published by: Trine Day LLC

CHAPTER 51 Could Sirhan Sirhan be, truly, a "Manchurian Candidate"?

While inclined towards the theory, Faura was always hesitant to endorse it for lack of proven, competent evidence. Such evidence may have come into his possession with an email message from Shane O'Sullivan, the author of Who Killed Bobby? That mail included the Declaration of Dr. Daniel P. Brown PhD to the Parole Board of California prior to a Parole hearing for Sirhan.

Dr. Brown is an Associate Clinical Professor of Psychology at Harvard Medical School at Beth Israel Deaconess Medical Center (BIDMC).

Dr. Brown is the author of Memory, Trauma Treatment and the Law, a textbook for which he received awards from seven professional societies for "outstanding contribution to forensic psychiatry and the law."

He also served as an expert witness and consultant for the prosecution at the The International War Crimes Tribunal, The Hague, Netherlands where his expert testimony has been adopted as the standard of evidence by the tribunal.

Dr. Brown has also written four books on hypnosis - among them a standard textbook, Hypnosis and Hypnotherapy (Erlbaum, 1986-coauthored with Erika Fromm). He also wrote the current guidelines on forensic interviewing for The Comprehensive Textbook on Psychiatry.

Dr. Brown, at the request of the Sirhan defense team, conducted a forensic assessment in six different two-day sessions over a three-year span spending over sixty hours interviewing and testing Sirhan at Corona Penitentiary

and Pleasant Valley in California.

Dr. Brown's "Declaration" to the Parole Board convinced Faura that Sirhan is in fact a "Manchurian Candidate."

The relevant excerpts from Dr. Brown's declaration regarding the girl in the polka dot dress follow:

Paragraph 10.3 " ..After arriving at the Ambassador Mr. Sirhan recalled ' I felt out of place there ... it was very hot sweltering hot. I wanted to cool down ... I had the idea to get some lemonade. There was a bar there."

Mr. Sirhan's memory of the bartender suggests a strange feeling of familiarity, between them as if even though Mr. Sirhan, didn't know who the bartender was, he felt as if some previous relationship had been established. ***Mr. Sirhan additionally recalls that the bartender communicated by nonverbal signals like making unusual eye contact and nodding, and through this processes of handling Mr. Sirhan alcoholic drinks and nonverbal gesturing to him, Mr. Sirhan got very "tired.***" - The Polka Dot File on the Robert F. Kennedy Killing: Paris Peace Talks Connection

Q. Can you explain this demand upon your semen if no one has touched you? A. A neighbor of mine in 1001 North Water Street had asserted "illegal animal husbandry" he and his counter-parts were involved in. Long prior to that a deaf mute couple, the female was black and the male may have been mixed race or what was in writing demanding a child from me. THe deaf mute pair were writing it on paper. They attacked me when I said no to them. At another time a large black male in Austin fairly thin rasta acting fellow who had fought with a person named Alex was working with a team of people. One was a black woman who had held a plastic cup to me and demanded I fill it up. I had no idea who she was but the water fountain was behind her. She and others were making

ejaculation references or jokes. Some had been demanding I "make non-white babies" or give them "non-white babies." I had pushed the cup she was pushing to me away and it collapsed when it was cheap thin plastic and I called her a *n*gger" and a Mexican gang member with her kicked at my face breaking my plastic glasses frame nearly blinding me in one eye. THe male who called that black woman his wife threatened my life for days over suggesting I had punched her which I did not. Assaulted me in a string of attacks saying me might just rob and kill me for my watch if he didn't like me, or steal some other property from me if he didn't like me, but what might make him like me? Physical attacks from his occurred I think three times.

At other times gestures are made, thank you references, CC a a liquid measure named as a priced for child-porn, mop pushing gestures signifying our agreement when no such agreement I am making, etc., I have evidence from various directions the ARC of Northern Virginia along with Mark Gonzales have impersonators who agree under confrontation for the circumstances that surround me for him in my identity to plead guilty to those circumstances. I assert this is all extortion and my presence in a library or elsewhere is not tied to being framed and charged for child porn. The group Urban Alchemy lewdly cat-call me and were "sowing family" T-shirts and ARC of Northern Virginia against me will and my mother's will from the Glorian Donegan Trusts Fund to the Family Grow Fund to become part of new families. I have experienced other attacks too; one for instance on a train I forget in which state upon which a person asserting a disability he had (I forgot the disorder) required him to act against me and was quite potentially violent towards me interfering with him in his activities because he had needed what was wanted from me.

An Interview with John DeCamp (Nebraska Leadership Conference)

…

Decamp - "I go on in this very brief opening forward to explain why I was with Colby he's friend advisor going back to Vietnam days.

I was in Washington standard his place and I was telling him you know I received these threats and he was somewhat familiar with Franklin he he had received national press and and I think he had a lot more knowledge than I'll ever know he had but anyway he was warning me to get away from it to stay away - leave it alone to not touch it anymore and I said wait a minute Bill you know how can you walk away from something when you know terrible things are happening when you know institutions of government and we all rely on that there being corrupt?

Yeah it's a real import and then he said to me he said John sit down just it's just cool off and relax and Sully his wife was there Sally ford and Sally by the way was prominant I think ambassador to more countries than any other person has ever been in the history of the United States appointed by Carter so Sally's got a little little heavy duty things herself and she was listening and nodding her head and agreeing with Bill bill says let me tell you my personal story because maybe it'll have a message for you there.

And he says you know last night I returned from Russia now this is the former head of the CIA under President Nixon and President Ford and he sitting me down and telling me that with that I I just better listen he says last night I returned from Russia is what was I doing in Russia he said I was there and remember this is three weeks three weeks before the Gorbachev coup that hmm changed Russia forever tonight the collapse of Russia he said I was there in Russia with kind of a secret group of people whose names you would instantly recognize and those powerful people from all over the world names like myself you know Colby had been the head of the CIA he said we were there to save Russia from a revolution when and if it collapses so that

it doesn't explode into World War Three.

A world war he said this what were you doing trying to actually work with the people we had been defeating to prevent a revolution okay and he says it was the night before I was due to come home he said last night he said I was in my hotel right there on Red Square the most sacred place in all of Russian d'amore communism he said and I couldn't sleep and I got thinking about just how significant these world events were that were occurring he says so I decided what excuse me what they have I'm just gonna go for a walk he said I knew that was forbidden because you know you can't just go walking around Red Square in the middle of the night particularly the head of the CIA spent 40 years trying to destroy Russia he said but I thought I'd see how far I can get.

He says I walked out past the guards nobody's paying attention so I go out of the hotel then I am in Red Square and from the tomb of Lenin walking up to the doors of the Kremlin itself he said nobody cared nobody was paying attention here was the head of the CIA the most hated the most feared enemy that communism had over the years bill Colby head of the CIA during the most critical time he said in it then it struck me he said that I realized it he said we'd won the Cold War was over Russia was dead communism was dead he said after 40 years and Reverend Weezer his words not mine now he said after 40 years of fighting the bastards we had won we won.

It was over the Cold War was Dunnan and I was the only one of the whole planet to recognize know it right then at that instant and then he said something else struck me something something to just really slam me I said well what was that he said I realized that this walk I was having in Red Square was it that was the only parade I was ever going to have for all our achievements there wasn't gonna be the ticker tapes down Madison Avenue there wasn't gonna be the the waving and he said it was all over and we'd won and this was my private parade.

And it was the only one I said okay bill now we've heard about your private parade in the defeat of communism so on so what's that got to do with Franklin and this whole mess I'm trying to get something he said sometimes you better face up to the fact and this is one of those times that the things you're involved in have have significance and people too big too powerful events and things involved you don't even know about that are just too big and powerful for you to deal with and you have to face up the fact that maybe in in the time frame you'd like to deal with them and the way you'd like to do and can't be done.

He said then sometimes evil does succeed for a while and that's just you have to walk away from it get away from it and he says the only way Franklin will ever get exposed and where it leads to and what it goes is if the national press an independent national press just like happened in Watergate happened in iran-contra happened happening with old [Roman Catholic] Joe McCarthy at the independent national press really gets interested and delves into it and takes it all the way to where it leads

Morrow interjecting - is there such a thing [as a free and indeendent press] anymore in this country?

DeCamp again -See that that's that's why I said I said well how do you do that bill he says I'll help y'all I know something he's called notified a number of people he says the problem is getting one of them to really put the investigative research and reporters onto it and not having back off and where it leads.

Well so I went home thought about it was frustrated and I thought okay I'll do my part to start it all right the story of Franklin as a documentary as a documentary with the things that are available right now today that show there was clearly at least again in my opinion a cover-up.

I won't mince words I won't hedge things I'll spit it out straight and what it cost me it cost me but at least the foundation will

be there and of course since since writing the book I've learned a lot more I now believe I think I'm beginning to understand maybe a little more of what bill was saying and where this thing really does lead and I I think now I'm finally understanding why it's so powerful where it leads as I say and I think it leads into things that almost move into the fantasy world that we went to movies and watched and in the 60s and 70s and 80s.

In other words the mysteries of the Cold War battle and how far governments go with their secret services whether it be the CIA or or the Gestapo or the KGB in Russia and I believe and I know this sounds like I'm floating off into Fantasyland right tyro can bring you back here you're right and I dimin the first one a few years ago to say well yeah make good movie but you aren't gonna believe any of this here's what I believe I believe that Franklin had a lot of personalities who through one way or another were linked up to the cold war effort the CIA and other things back during the 70s and 80s.

Morrow: We ran across some information about Larry King in one point that it looked like that he had at one time had some ties with the CIA.

Decamp: he did and I document some of those in the book but beyond that information I've learned since I wrote the book I have no doubt now no doubt Larry King was one of the underlings of the CIA involved in a specific program recruiting particularly young boys particularly kind of a particular kind of boy who were then used in a kind of mental programming a brainwashing (PsyOps) if you would that we were doing to use them for such things as assassinations such things as drug dealing.

remember drug dealing hmm back during the 70s and 80s we now know pretty well was one of the main methods to finance our covert operations we were actually involved in in drug dealing and even even even a lot of those things that sounds like sex, blackmail, so on and so forth at least, yeah mind-

control (MKULTRA) thing now as they say sounds "off".

now if anybody's listening I think yeah DeCamp is off with the Lulu Birds you know like *Manchurian Candidate* you remember that old movie were they yeah well I guess what I'm (DeCamp is) saying is I think that [The Manchurian Candidate and MKULTRA of the CIA and DIA]is a integral part of this [Temple of Set Micheal Aquino].

If you have that kind of thing at stake predicting because the (elite)personalities that it goes up to ultimately mm-hmm the American public would be shocked to find it yes our government really really did these things same thing we accuse the other guys are doing which they were doing too well Congress investigated that back in the early 50s and the CIA.

Yeah but remember this a sophistication of the 50s was nothing compared to what it was in the 70s and 80s this is post Vietnam we had suffered our worst defeat in the history of this country our only defeat we now we're not gonna let it happen again between 1975 roughly and 1986 roughly was the most intense Cold War period in this country

I mean it was just that close to a hot war at all times we always think of the Cuban crisis is the time not really 1975 to 1986 remember the Evil Empire, remember Star Wars SDI, remember the contest to see who could build up [GDP and economic strength and military] faster that's what finally broke the Russians they just couldn't keep up in the contest financially so that was the period when technology was going rampant.

Remember the invention of the computer the understanding of the human mind so much more and the information I've learned since the book came out that is poured in from a variety of sources makes me believe that that may well be why it's necessary for the protection of our entire government in a sense embarrassment.

What people would believe what people would feel about

their government if they knew some of the things that we had done profilers the motives for the cover-up.

I think that's one of the major motives he says people just protecting themselves other people of course have a vested interest of all a child abuser these kind of things you're certainly willing to cooperate if you are a if you're a judge or an official who got your position as a result of help from this or that.

Remember another surprised and this I'm now convinced of which I didn't know when I wrote the book off at Air Force Base if you're gonna pick the most sacred military installation in the United States for the last 140 years where is it it's off at Air Force Base right in the center of the United States what land USA the farthest you can get from Russia.

mmm-hmm well I am convinced now that there was a major CIA operation out of there handled there and of course Omaha the Heartland at least likely place in the world to have something like this that's a major part of this Larry King was merely a tool in this whole thing.

remember another surprised and this I'm now convinced of which I didn't know when I wrote the book off at *Offutt Air Force Base is a U.S. Air Force base* south of Omaha, adjacent to Bellevue in Sarpy County, Nebraska. It is the headquarters of the U.S. Strategic Command, the 55th Wing, and the 55th Wing of the Strategic Air Combat Command, the latter serving as the host unit. Wikipedia if you're gonna pick the most sacred military installation in the United States for the last 140 years where is it it's off at Air Force Base right in the center of the United States what land USA the farthest you can get from Russia.

…

mmm-hmm well I am convinced now that there was a major CIA operation out of there handled there and of course Omaha the Heartland at least likely place in the world to have something like this that's a major part of this Larry King was merely a tool in this whole thing. (Truth is stranger than fiction - DeCamp) who I ever thought would be writing a book when you opened you said the latest book rest assured it's my only book at least at this point and who knows may write another one someday but here's how it opens as I say I'm just gonna take a couple minutes and read this because because I think it'll tell you why I whoo-hoo wish I'd never heard of Franklin I'm sitting here writing a book

trying to document that some of my closest friends over the years are part of a massive cover-up and that's what I'm doing.

I'm destroying friendships one on another I'm destroying myself in a very real sense you know what is certainly financially I just I just had no choice at some point.

ok so here's how it starts what do Ronald Reagan President George Bush former CIA director William II Colby Democratic presidential candidate Bob Kerry billionaire and second richest man in America and now head of Salomon Brothers Warren Buffett and Ronald raskins the current administrator of the US Agency for International Development (USAID) all have in common I asked my close friend and advisor William Colby one day in 1991 I give up former head of the Central Intelligence Agency CIA Colby said what could that group have in common three things I replied all of them a burden at times for those who have to carry them.

It covers DeCamp's journey into the world of the global elites and the pedophile rings and various other misdeeds that he was forced to come in contact with during his time as a lawyer.

Q. In your lawsuits have you asked for domain seizures of abusive corporations, and sex-offender charges against mockers of you and mockers of others? A. Yes. I point out bullying a person like laughing at them as a loser, as a pedophile, a peeper, etc., is harassment. Exposing a straight adult male who wants adult females to view child porn, gay males, etc., is part of FBI and CIA norms. This is not a woman coming on to a straight male too many times, this is a gay male (as an example) trying to eroticize himself to the straight male to revulse the straight male.

Q. You used the word eroticize or your use of it and what you mean by that word in accsusing others of hostile sexual harrassment of you?

A. As I look like it now online here is what I find from Merian Webster. It is a verb. THere use to be a term back in my colledge days at the U of O, "working it" trying to bring out a look. Here is the Merian Webster offering on its definiation.

Dear people:

Nebraska Revised statutes 28-711 impose specific duties, with criminal penalty for those who fail to follow the mandates of the law, upon all individuals having "reasonable cause to believe that a child has been subjected to abuse or neglect.,..."

I believe that under this law I have an obligation to provide information I have received from an individual named Paul Bonacci to the proper authorities for appropriate action. Further, Mr. Bonacci himself has, as he has in the past when he first provided information to public officials, made it clear to me that he also wants to comply with all terms of the child abuse laws of the state of Nebraska.

The information has come to me as a result of agreeing to act as attorney for Mr. Bonacci in conjunction with

indictments issued against him by the Douglas County Franklin Grand Jury for allegedly lying to the Grand Jury about certain. aspects of child abuse he had either witnessed or been a victim of.

Mr. Bonacci has been diagnosed by at least two court appointed psychiatrists as having multiple personality syndrome or ***disassociative behavior syndrome***, which is a form of mental illness but which is not insanity. A third legislatively ordered psychiatrist nationally recognized for her specializing in multiple personality syndrome has also thoroughly examined the young man.

…

As I understand it from all of them, they have concluded that the ailment Mr. Bonacci suffers is a

direct consequence of very serious trauma caused by child abuse over a prolonged period of time. Another characteristic the Court ordered psychiatrist Mead of Omaha and Legislatively ordered nationally recognized psychiatrist Dr. Densen-Gerber have identified as a characteristic of this MPD syndrome is that the individual characteristically tells the truth about the abuse. At least the truth so far as they know it or perceive or understand it. The records of the third psychiatrist are sealed by Judge Mullen, but I presume law enforcement or proper investigative authorities would have the ability to obtain these results which I am not at liberty to discuss here as per Judge Mullen's order.

Both of these highly competent psychiatrists mentioned have repeatedly examined this young man and concluded that they believe his complex tale of abuse is essentially accurate and that this individual, Paul Bonacci, is accurately reporting what he experienced.

However, each of them have also repeatedly emphasized the fact that BECAUSE OF THE MULTIPLE PERSONALITY FACTOR the true story of abuse and individuals involved in the abuse CAN ONLY BE UNDERSTOOD IF ONE PIECES TOGETHER OR CREATES A COMPOSITE Or THE STORIES TOLD BY THE VARIOUS PERSONALITIES.

Needless to say, this was not done at the time of the Grand Jury investigation and the purpose of this letter is NOT TO DEAL WITH MR. BONACCI'S CRIMINAL INDICTMENTS OR ANY GRAND JURY MATTERS. I FEEL COMPLETELY COMFORTABLE IN SAYING THAT THESE MATTERS WILL BE HANDLED IN THE COURTS AND, HOPEFULLY, DUE PROCESS WILL OCCUR AND JUSTICE WILL OCCUR.

It is the purpose of this letter, however, to now provide, as per the above cited Nebraska law, information from Mr. Bonacci which has been obtained relative to child abuse of the past--inveolving not only Mr. Bonacci but a host of others--which information IS THE COMPOSITE OF HIS STORY OF CHILD ABUSE AS PRESENTED BY THE VARIOUS PERSONALITIES. This is the first time this composite has been available and is being provided to authorities immediately upon transcription.

Mr. Bonacci has agreed that he wants to comply with Nebraska law and wants this information presented for investigation and examination as required by law. Further, he wants it made available so that the situation can be corrected so that others do not experience what he has been a victim of.

For the protection of other individuals identified in the transcripts provided with this letter, I have taken the liberty of obliterating the names of certain individuals whose name, because of national attention, would be immediately recognizable and would put those individuals at risk for their life.

However, there is no intent to keep this information from law enforcement. Quite the contrary. There is every intent to share this information along with a wealth of other information received from Mr. Bonacci. In the interest of protecting others, however, we would provide this information only under controlled circumstances to authorities specifically conducting the investigations as required by law.

Again, as stated, the purpose of this letter and this transcript of many hours of tapes which reflect the gradual piecing together of the Bonacci abuse story via the different personalities is simply to comply with Nebraska Child Abuse cases.

There is a second package of tapes which are being transcribed at this time. The moment they are available, I will provide them to the proper authorities for further investigation.

Paul Bonacci has instructed me that he does not want to see these abuses occur to others. Towards that end, and of course in compliance with Nebraska law, he feels this information should go to the proper law enforcement authorities and any other proper entities who can assist in stopping child abuse activity. In accordance with those “instructions, I am making thls information available to you and will provide whatever other assistance or information you request.

Finally, Mr. Bonacci would cooperate in anyway possible including further medical or use of other scientific tools or authorities in any exams, polygraph exams investigative methods necessary for determining and verifying the a stories.

Dear Judge Sessions:

Dear Mr. Gunderson:

The letter and enclosures that you recently sent to Attorney General Barr have been referred to this office,

Your letter alleges that personnel of the Federal Bureau of Investigation (FBI) have obstructed justice and states that you have information concerning kidnapping within the jurisdiction of the FBI.

Having reviewed your enclosures, however, there is no evidence of misconduct by FBI personnel that would justify your charge of obstruction of justice.

If you have any new evidence about kidnapping, please provide it to your local office of the FBI.

Dear Sir:

On March 11, 1992, I [Ted Gunderson] wrote to William Barr ([OSS CIA Creation of Obama Jr. linked to Kennedy Assasination] U.S. Department of Justice in an effort to draw his attention to the Obstruction of Justice Statute which I believe is being violated in the State of Nebraska and what appears to be an organized kidnapping ring operating within this nation.

On January 3, 1992 I wrote to Nebraska Attorney General Don Stenberg alerting him to possible misconduct by various law enforcement agencies in the State of Nebraska. Mr. Stenberg responded on January 28, 1992 through one of his assistants and the documents enclosed are in response to Mr. Stenberg's letter.

I am sending copies to you because the evidence clearly shows that there is a problem in Nebraska and a national problem that must be cleaned up if the citizens of this country are to enjoy justice and safety. As a leader in your community I felt sure that you would want to be informed.

Q. Mr Donegan your father flew for TWA at the time of your birth in 1961 after leaving the USAF following flying the F-86 during the Korean War out of ATSUGI. Do you assert he knew or was connected to Barry Seal aslo a TWA pilot at that time? Is this connected to Phillip Marhsall a Special Activities Pilot who flew with Barry Seal? A. Yes.

https://en.wikipedia.org/wiki/Barry_Seal

Adler Berriman "**Barry**" **Seal** (July 16, 1939 –

February 19, 1986) was an American commercial airline pilot who became a major drug smuggler for the Medellín Cartel. When Seal was convicted of smuggling charges, he became an informant for the Drug Enforcement Administration and testified in several major drug trials. He was murdered on February 19, 1986, by contract killers hired by the cartel.

Barry Seal was born in Baton Rouge, Louisiana, the son of Mary Lou (née Delcambre) and Benjamin Curtis Seal, a candy wholesaler. Seal began to fly as a teenager, earning a student pilot certificate at 16 and a private pilot's certificate at 17. His flight instructor described him as a naturally gifted pilot.

In 1962, Seal enlisted in the Louisiana Army National Guard for six years: six months of active duty, followed by five and a half years of inactive duty. Seal's active duty began in July 1962. He was assigned to the 20th Special Forces Group and graduated from the United States Army Airborne School selection and training. His non-active duty was served in the 245th Engineer Battalion, where his MOS was radio telephone operator.

In 1964, Seal joined TWA as a flight engineer and was soon promoted to the first officer, then captain, flying a Boeing 707 on a regular Western Europe route. He was one of the youngest 707 command pilots in the TWA fleet. Seal's career with TWA ended in July 1972, when he was arrested for involvement in a conspiracy to smuggle a shipment of plastic explosives to Mexico using a DC-4. The case was eventually dismissed in 1974 for prosecutorial misconduct, but in the meantime TWA fired Seal, who had falsely taken medical leave to participate in the scheme.

https://en.wikipedia.org/wiki/Barry_Seal

Is not 1964 about the time your father began at TWA and quickly began flying the Boeing 707 he loved and flew much of his life until he later flew the L1011?

Yes. The would have likely been in the same TWA cockpit at times. I believe he (my father James Paul Donegan) had spoken about Barry Seal several times and a few others. One was when in about 1980 my father was force to retire because airline pilots are not supposed to be at risk for age related heart attacks or other problems the industry required him to retire at an age younger than most retirees. He was looking around at other flying possibilities like firefighting, crop dusting, old plane clubs, but disliked the danger those jobs entailed.

Q. Have you seen this reported by or described by others an

FBI or CIA system to be a repulsive shock to inner self, to the sensibilities, to the sense of well being of someone? A. Yes, the United States Senate examined this type of illegal conduct that I have described as their already known methods. I had been reporting these activities myself (including weapons pointed at me, etc., for decades but have not been believed. I get placed in psych wards as I report these activities. That issue of whether I am being assaulted or not become the fight (and a losing fight for me) thus disrupting my presence in activies such as shopping, going to a movie, wrting a book in a public place. This misconduct and trying to prove misconduct where I am becomes a distraction from my activities.

Q. Can you provide that same information here that is also in your books? A. Yes.

Tax

Other forms: taxes; taxed; taxing

A charge or fee that a government imposes on a citizen or business is called a tax. Taxes help to pay for the services people (and businesses) receive from the government.

There are many different kinds of taxes-on purchases, property, and income, for example-but all tax money is meant to pay for things that benefit people in society. For example, in many places schools, road repairs, fire departments, and health care for elderly and disabled people are all paid for with money from taxes. As a verb, tax can

either mean "impose a tax on" or "put a strain or burden on."

1. Noun. charge against a citizen's person or property or activity for the support of government synonyms:revenue enhancement, taxation

2. Verb. levy a tax on “Clothing is not taxed in our state”

Neuropsychological & Electronic No-Touch Torture Report by Dr. Robert Duncan (used on targeted citizens here in the U.S.) SERE training (Survival, Evasion, Resistance and Escape) MAR 30 2015

The Executive Summary: Neuropsychological and Electronic No-Touch Torture Report Based on “The Torture Memos” and the Senate Intelligence Committee’s Declassified “Torture Report”

Perspectives on Enhanced Interrogation Techniques Project Proposals for Google Summer of Code 2015 By Robert Duncan, A.B., S.M., M.B.A., Ph.D.

“The United States is number one in torture since they are currently the world’s only superpower.” 04/2015

Torture is a horrific topic and most minds will turn away from it because it can't be comprehended that humans can be motivated, or computer programs can be run to do this to other sentient beings. Just when we believed we were becoming more civilized as a culture, the technology for torture has advanced more than a hundred fold in recent decades.

This summary will get into 'the minds of the dishonorable monsters' of the psychology of torture. Those like Dick Cheney who helped authorize it under certain administrations and regimes of the U.S. government which have been proven to be criminal under U.S. law, treaties, and the International Criminal Court. There are many people involved in the conspiracy and cover-up including General Hayden.

The full report discloses the spectrum of techniques of interrogation and torture used by the U.S. and its allies. The United States government will officially deny the claims of this "no-touch torture report" but in time it will stand firm.

The technologies used are still classified as state secrets and will not be discussed in this summary. The torture methods have been leaked through thousands of American citizens who have survived the no-touch torture programs. The research and testimony has been accumulated since 2002 and merely used as examples but the names of the victims are withheld.

This report will not use skewed, misleading language such as "enhanced interrogation" to describe the torture techniques. Why torture? The CIA claims it works. The assumption is that it works to gain actionable intelligence. Torture is often used for revenge, punishment, interrogation, and behavior modification. In other terms torture is used to remove the continuity of thought to confuse the target to reveal information,

erase brain patterns such as values and beliefs, or to break down the human spirit to make them submit and obey their handlers. The downside of torture is that the countries that do it lose “moral soft power” in world politics. Without due process, over 25% of those reported in the Senate Torture Report were declared innocent. Blowback is always a repercussion of torture. Torture often takes a long time to affect the target from months to years. Torture has shown to be unreliable except for getting false confessions and bad information but the U.S. and its allies are improving on their tactics and techniques.

The purpose of this report is to draw the parallels between physical torture techniques and no-touch torture methods used in secret by governments who possess the technologies that still go on today. This is a brief summary of offensive psychological and information warfare methods using traditional methods and modern cybernetic techniques while exploring hyper-game theory to walk the target to the desired path: leak intelligence, commit assassinations, or change beliefs.

Numerated Torture Methods for Interrogation and Behavior Modification (A comparison between physical and no-touch torture tactics)

1. Induction of Depressive/Manic states

   The idea is to shake up the emotional states of the target because different information can be accessed at each state. Making the target feel despair and helplessness is the objective. This cycle of hope building and then breaking is done in many ways. The techniques between the physical methods and

the no-touch technological methods are similar. Speech is very important during this process of emotional manipulation. Such examples are, “We have imprisoned you without due processes or hope of it. You are indefinitely detained.” Hope building examples include, “Sorry. We have mistaken you for someone else. You will be compensated for false imprisonment and torture.” The main difference between the cybernetic technology and physical is that emotional state clusters can be entrained into the target mind which speeds up the process. The communication is done differently but perceived as human speech. In the no-touch torture methods it is helpful if the target is labeled with mental illness that is being created for discrediting purposes so as not to draw human rights groups’ attention.

2. Memory Erasure

The military and CIA have been researching memory erasing drugs for half a century. The focus of this summary report is on interrogation. Memory erasure is an important technique during interrogation. It is used in combination with sleep deprivation. There are many drugs that have been developed for physical memory erasure. One such interrogation method requires acquiring information from the target while on these drugs and recording the subject. After a sleeping cycle, the interrogator claims that the target has confessed. Of course the target remembers nothing of their conversation. The interrogator will play samples of the subject’s conversation back to them making the subject

believe that the interrogator knows more than they do. Similar techniques are used in the wireless, no-touch torture and interrogation programs. The cybernetic methods of memory erasure have additional purposes. The memory erasure can be used on the cybernetic target to make the target believe people have broken in and moved their belongings. While physical black bag jobs do occur, it is a way to make the target more paranoid.

3. Electricity and Shocks

Pain and fear of death are common tactics during interrogation. Shocking by electricity is a traditional method of torture and exposed in the CIA's secret prisons. Shocking the testicles and nipples are the most common due to their sensitivity. Interestingly, the thousand of interviews of no-touch torture involves "stings" and "shocks" to various parts of their bodies over long durations.

4. Fear and Terror

There are many techniques to induce extreme fear in the target. In physical renditions dogs, power drills, guns, insects, mutilation, blow torches, water boarding, suffocation, mock burials, and mock executions are just a few the United States government have used. Remember that many targets of torture die from the physical effects. It is torture to death.

Let us compare the no-touch torture methods used to inflict the same terror and mental anguish. In several of these techniques the target needs to hear their handler's voice. This report does not describe the technologies used to broadcast voices to the target at a distance. While the subject can be broadcast mental images to their mind using hypnosis and other suggestions as well as visual entrainments, the more invasive controls of the brain manipulation technologies can be used to entrained the brain's autonomic nervous systems such as not breathing causing the target to not be able to sleep from fear of suffocation equivalent to water boarding. The neural linguistic programming can add fears such as heart attack, stroke, and cancer threats. Even motor cortex mapping can cause twitches in any part of the body. One example used a swift neck movement with a voice transmission, "We are trying to break your neck." Directed energy effects such as Active Denial System can make the target feel that they are on fire indefinitely without the target dying from burns. Maximum pain and torture weapons have been evolving. Every drug effect can be artificially induced into the target mind including those of poisons.

5. Imprisonment and Isolation

Isolation is commonly used as punishment in prisons. Many whistleblowers like Bradley Manning suffer this condition. In soft interrogation it is used to get the target to talk to their interrogator since humans have the need for companionship. In no-touch torture the target is driven from their friends and

family using different techniques in order to isolate them so that the electronic mind control has more effect on their psyche. Like in Guantanamo, the target becomes isolated losing their job and medical care. Part of the method involves slander in their community. They end up on the most part in poverty and paranoid about doctors and other people from false correlations that are purposefully induced into their lives. Isolation is also a form of sensory deprivation which will be discussed later. Days and weeks lose their meaning.

6. Sexually Disturbing Tailored Pornography

The Summary of the Senate Torture Report disclosed the disgusting revelations that in the secret torture prisons the targets were forced to perform homosexual acts on each other against their will and religion in order not to be beaten or killed. This is a common break down tactic of belief systems and the human will. In no-touch torture the techniques are more psychologically specialized for each target. Most common examples include homosexual targets that are forced with voices that are derogatory to their lifestyle and similar mental images. Almost all targets are forced to view child pornography in their minds. And vice versa is true, that heterosexual targets are forced to view homosexual sexual acts like in the secret U.S. torture prisons.

7. Mutilation

Also mentioned in the declassified report on torture was mutilation of the human. Cutting the naked target's penis and scrotum, pulling nails or teeth is common. In no-touch torture mutilation is done by trickery. Let us look at a couple examples. There have been several targets who believed that the microwave hearing effect and other voice induction methods were done by microchips implanted in their teeth or ears. They had all their teeth pulled because they believed it was a technology called bone conductance. Others have poked out their ear drums in the belief they had micro implants in their ears. There are many more examples of trickery used to make the targets mutilate themselves.

8. Personal and Spiritual Defamation

In physical torture the CIA and other groups use propaganda and defamation of character for those they oppose. For detainees they try to disenfranchise the target from their religion. They will defecate on their Bible or Koran for example. They might say, "Why is your God not saving you?" In no touch torture and behavior modification they might try to make an atheist believe in god. It is just a mechanism to alter belief systems for control and experimentation. Perhaps the target may wish to confess their secrets to a "voice of god weapon". Information warfare covers the gamut of electronic communication as well. The government training exercise uses language like "befriend", "infiltrate", "mask/mimic", "ruse", "set-up", "disrupt", "create cognitive stress", "use deception", "ruin

business relationships", and "post negative information on appropriate forums" - in a malicious effort to target bloggers, activists, journalists, social event organizers and anyone else deemed to be a 'emerging leader' or voice in the public sphere. 9. Psychological Intimidation

This is a topic for a target at the beginning of the trials and programs. Physical break-ins are common even if the target has an alarm system. The NSA has used stalking of foreign officials in the past for economic gain. The FBI does black bag jobs to invade a home without a warrant. The point is to let the target know they are being watched and to increase their paranoia. The NSA easily hacks all computer systems and causes harm to the victim's intellectual property and their relationships from that endpoint. In the no touch torture false correlations between pain and a neighbor coming home can be induced.

9. Rape

Rape is a common practice in torture. It causes much psychological trauma. In the United States methods of rape in their military and CIA secret prisons it is often relabeled. It is commonly done by prods but "rectal rehydration" is the more common misnomer. Often they call it forced feeding through the rectum but it is meant to induce psychological scaring and trauma. Several have died from the technique due to rectal bleeding. In no-touch torture the psychological trauma of simulated rape takes on different forms. Using technique often called EEG-heterodyning the targets will

receive molestation effects of their genitals. In men this can be the anus and genitals. Similarly women can be wirelessly raped by the analogous function of perception.

10. Dietary Manipulation, Forced Weakness and Sickness

The idea behind dietary manipulation is to weaken the target. This is easily done in a physical setting but in no-touch the hunger trigger needs to be suppressed. Sometimes a false correlation between eating food and sickness is induced to make the target believe they are being poisoned. However, poisoning is common in physical renditions too.

11. Repetition

Verbal breakdown is most important during interrogations and torture. Obviously speaking the language of the target is necessary. This is why there are interrogators in all languages. Repetition is an important neural linguistic programming interrogation tactic to influence the target mind. During the breakdown process, threats to kill and to torture the target's family or friends are common. Repetitious questioning and breakdown phrases are automated in both the physical and no-touch versions of torture. An interesting technology that is used for no-touch torture is called chatter bots. Chatter bots, an artificial intelligence program, automate much of the repetition so that the interrogators don't drive themselves crazy

during the neural linguistic torture and programming phases. Let us not forget the Chinese Water Torture, a single drop of water on the forehead of the detainee for months. Repetition is a form of torture.

12. Sensitization of Pain Impulses

While the reverse can be obtained, optimizing perceived pain and misery is the objective in torture. Each trauma adds to the overall misery throughout life. Optimization of pain has been studied by the military and intelligence agencies. In the past the CIA has used drugs such as LSD to enhance fear and terror in the subject. Other methods such as hypnosis can increase perceived pain and the power of suggestion such as telling the subject his pinky finger is going to be cut off before it is done. In no-touch torture the same psychological manipulations are exerted. Subliminal and overt suggested are often told to the subject before the directed energy or EEG heterodyning pain inductions in order to maximize their effectiveness.

13. Sensory Overload and Deprivation

Again, this technique of overloading or depriving the human of sensory stimulus is ubiquitous in torture around the world not just in U.S. secret prisons. Torture subjects in the United States have reported the use of repetitive bad music and noise campaigns. An unusual torture technique used in the U.S. secret prisons was of a use of a plastic suit

filled with ice while they beat the target. Ultra bright lights for days on end in the prison and hot/cold temperature changes in the environment are frequent. In no-touch torture, the target's brain is forced to release dopamine which causes pupil dilatation. This acts as a sensory overload. For example the non-lethal microwave weapons research done by a professor in University of Nevada has shown this capability. Body metabolism can be altered with these weapons causing cold and hot flashes. Targets of no-touch torture often hear endless tinnitus.

14. Sexual Humiliation and Lack of Privacy

Often used in common prisons is a lack of privacy. It is both necessity for security and a form of sexual humiliation. Also in prison many people are raped. No-touch torture offers the same sexual humiliation and lack of privacy by using through wall radar, cameras, and EEG visual cloning to let the target know they are being watched. Degrading comments are often used on the no-touch torture subjects while they are naked or in the bathroom.

15. Maximum Sensory Pain Techniques

Basic torture involves brutalization, i.e. physical strikes, kicks in the groin, pepper spray or tear gas, etc. Anything that involves maximum pain is the objective. Amazingly, these same basic tortures can be done wirelessly into the human mind. All forms of

sickness have been reported without any real illness behind the suffering. All suffering can be entrained into the minds of no-touch torture subjects.

16. Sleep Deprivation

This is the number one torture method along with the popularity in the press of water boarding. This is done in every country that uses torture. The United States is number one in torture since they are currently the world's only superpower. A repetitive sleep deprivation cycle is generally done 180 hrs/7.5 days at a time in the physical renditions, or in no-touch torture five days awake and two days of sleep. Sleep deprivation accomplishes the objective of memory loss during interrogation and induces hallucinations which help with the interrogation process. In behavior modification and programming it is necessary too.

17. Stress Positions

Keeping detainees handcuffed above their head and to walls so that they must stand for days is a common ploy in torture. These types of poses are called stress positions. They can be mimicked in no-touch torture. An example of one such trick requires the target to believe they can deflect radar energy using pots or pans and that it is directional. The target is being given an ample amount of pain until their hands and arms are spread apart holding

> the pans trying to block the signals. They must maintain that position in order to get any relief from the torture signals. However the stress position itself is physical torture. Often accompanying this technique are voices saying to the target, “You are doing it to yourself.”

We will finish off this summary of U.S. and its allies’ torture, interrogation, and behavior modification experimentation with ideas of why they are done to the general public and falsely accused detainees. Anyone can be put into these programs. Justice and rule of law does not exist at the highest levels of government. Treaties are worthless because the #1 agreement in the rules of war, a ban against torture, is not obeyed. This creates a more brutal and barbaric society lead by example.

No-touch torture uses the same interrogation tactics as physical interrogations but with some new twists. Techniques such as “Jeff and Mutt” a.k.a. “Good Cop Bad Cop” are used. The bad cop tortures the target and the good cop tries to gain their trust. In mind control, trust games are commonly employed to manipulate the beliefs of the target. Creating hatred of groups through false correlations and deception is a common CIA method of trickery.

In the CIA programs, the target is put through these phases as written in the documentation, “Disorient and confuse the target. Use them for our purposes, and then dispose of them in any way possible.” We can only surmise by our sample set of a thousand people what “dispose” means: prison, suicide, or perhaps a mental hospital. Coercing and torturing people to suicide is very common. Both tactics in physical or no-touch torture involves plausible deniability.

The no-touch interrogations are better than physical rendition techniques for exposing support networks. Traditional NSA tracking of email and phones calls are useful but if the targets are taken into a secret prison they can't contact their networks. In no-touch torture, the target will contact everyone who might help them. Then those relationships can be destroyed to isolate the target. All these techniques rely on the target having a fear of death and pain.

Deception is very important during interrogation. In physical interrogations the targets are often drugged. This creates the confusion necessary to pull off certain trickery. In terrorist interrogations, for example, the CIA uses fake newspapers to make the target believe whatever event they were suspected of plotting had already happened, obviously looking for a confession. Sometimes the government in charge of the torture is looking for a political gain through a false confession. None-the-less false flag operations are commonly used in both forms of torture and interrogation. The trick is to make the target believe another foreign country is doing it to them. In no-touch torture the trick is to make them believe someone related to them is behind their suffering.

Voice transformation and morphing is an interesting technology also used in both physical and wireless interrogations. It is a form of deception used against a target to trick them into believing that they are speaking to real people that they know. It has been used in war to trick generals. Obviously spoofing email and other identities on internet forums can be used in this manner too.

Finally, the topic of human experimentation for improving weapons, torture, interrogation, and social disruption methods will be breached. Most of the techniques mentioned above work most effectively if the

target has no SERE training (Survival, Evasion, Resistance and Escape) or psychological understanding of the methods to influence the human mind. Unfortunately, every sample point in the world's society needs to be studied to improve the weapons systems. This is why many random people are put into the torture and mind control experiments. There are some devious uses of a secret army of remote controlled assassins in every country in the world. The samples must include different education, language, culture, and economic factors.

Obviously, silencing dissidents, oppositions of political parties, and whistleblowers are included in the lists of applications. [of no touch harassment] The most disturbing of the trends in torture is testing and improving it. No-touch torture is much more complex than physical torture.

Chapter 18 Overview of Harassment Methods Used By (FBI's) COINTELPRO, (OPERATION) GLADIO, Covert Community Recruits and Stay Behind (Armies): (OR "Instruction Manual for Community Gang Stalkers")

ETK Instruction: I have reproduced Dr. Rauni Kilde's chapter 18 here because it is an instruction manual for community gang stalkers. These same techniques, and perhaps this same manual, were evidently also used in the FBI's COINTELPRO (counter-intelligence program) and ***Operation Gladio/Stay Behind Operations*** in Europe between about 1950 and 1990. They also accurately describe the U.S. Military-Intelligence's ongoing, global gang stalking operations as documented in "New World War: Revolutionary Methods for Political Control" by Mark M. Rich (2011). All these top-secret operations went on, officially undetected, for decades; Gladio/Stay Behind functioned secretly and illegally throughout Europe for four decades, when it was exposed in 1990 by Italian Prime Minister Andriotti. Shortly

thereafter, the European Parliament made a resolution condemning Gladio (see Appendix 1), but acknowledged that it may still be operational!

The remarkable revelation provided here is that modern organized gang stalking operations are identical with, or nearly identical with, those used in the FBI's secret COINTELPRO (counter-intelligence program) of the 1950s-1970s, the top-secret "Gladio" and other "Stay Behind Army" operations of Europe between 1950 and 1990, and the destabilization and citizen-elimination operations now being carried out in the name of "counter-terrorism" by the U.S. military in approximately 140 of the world's 195 nations

Q. Mr Donegan you assert your father, mother, Geral Sosbee, and others have been and are subjected to all these Shock attacks? A. Yes.

From late 1959 to early 1962, Murray was responsible for unethical experiments in which he used twenty-two Harvard undergraduates as research subjects.[6] Among other goals, experiments sought to measure individuals' responses to extreme stress. The unwitting undergraduates were submitted to what Murray called "vehement, sweeping and personally abusive" attacks. Specifically-tailored assaults to their egos, cherished ideas and beliefs were used to cause high levels of stress and distress. The subjects then viewed recorded footage of their reactions to this verbal abuse repeatedly.

Q. Are there reasons the Police have painted you as a pedophile and retard? A. Yes. The protection racket the police operate involve them taking the person they say is me (but an impostor) to undergo sex therapy and sexual interrogation practices watched by police as the Domina studies the tied up person before the police watching from one-way mirrors. I have seen this depicted and heard this described to me but it not me needing that therapy. It is a police detachment that is participating in that operation. THat police detachment also collects payouts to child victims who are not victims and

protects glamours females who are glad young children are not being victimized, and that a victimizer of young children could never get past that bedroom door of the glamours lady.

Q. [Interrogagtor takes a moment to adjust his shiny hat] Mr Donegan you assert abuse of children staged events are held and about which we have received more than two dozen reports from you of individual and group acts of perversion SO profound and disgusting that decorum prohibits listing them here.? A. Yes. They are atrocities really, treating children like that. But they assert is is privilege for a loser like me to see, but of course it is also illegal for me to view children like that and I will have to meet payment demands made of me. Q. But you want nothing to do with this? How is this possible? A. By two acts of criminality. THe first is an impostor of me will assert it was my plan all along. The second is those in the conspiracy will do things that support the fraud like thanking me for agreeing to payment demands or helping it look like I am a pervert in need of sex offender arrest or sex offender treatment programs. The entirety of it is fraud but it allows the perception of me to be defined by the activities stage in the fraud.

Q. Are there real sex offenders in this? A. Well that is complex question for a complex criminal scheme. I will say there are real sex addicts in this. The fraudsters hope to win the approval of feminists and high society women by chasing abusers of minors. Trying to stage a phone investigation to get "freebies" from elite women has been part of this. I can take it or leave it. They can not and for many for the first time in their lives they are taking part in a world beyond the jail cells they either guarded or were kept in. That I was in a prison release program let the prison guards afterwards use their flunkies to stage I was still their prisoner and they were on my trail. Prison trustees were used to help stage that. Sequoia Plaza has the mental health services board of directors of the mental health services I was ordered into after release from federal prison and that is where Jen Moore was filming as part of this conspiracy.

Q. Though this is done under color-of-law as law enforcement activities are some or all of the special operators criminal

offenders and if so do some or all of the special operators know that? A. Well, you can be (according to my understanding) a criminal, an offender, if you do not have criminal intent. The operation is too big to fail. That is what it was designed to be. THere is so much head count of undercover operators all building towards a deceit in piecemeal fashion, each piece justifying itself or building on the previous piece, it may be hard or even impossible to see the forest from within the trees. As to those who do have criminal intent that is in the abstract with the DCO does.

The Directorate of Operations (DO) is a branch of the Central Intelligence Agency (CIA) that conducts covert operations and collects foreign intelligence. The DO is also known as the National Clandestine Service (NCS). It's counterpart in military intelligence is the Defense Clandestine Services (DCS.) Consider what "covert" is. It means under some type of cover. A person who is an Agent-In-Place. That AIP might be a bookkeeper cooking the books, a forger, an identity thief, a corrupt security guard, Shills who stage events not happening or alter photos, lie to the police or others, if enough Head Count is In Place (HCIP) to carry they day as the a Legend, a lie being true, the team can in effect vote up a story-line by sheer number of voices contributing enough falisity into the story. Usually it is indirect. The person is not the real person but a fake linked to a real person, a person is the real person but not correctly linked to a crime but wrongly linked by planted evidence. The real person has some item or person as a lie tying the person to what is not true. A group of influencers too numerous to fail.

The Stagecraft" of the team of covert operators mirror very directly the methods of organized crime depending on subterfuge, money laundering, frauds, burglaries, homicides, fraud on the courts, obstruction of justice, witness or evidence tampering, judge shopping, pay-off of public officials or others, deceit, criminal objectives, falsified evidence or records, etc.,

Q. Do you think you were quite exotic to arrive in Nueces County, Texas City of Corpus Christi? A. Yes, and the police seemed to want to use a retarded version of me to receive

counseling on how to become who the actual me is .

Q. Huh? A. Yeah. Most of us in the Targeted victims groups say the CIA out of Denver Colorado and financial elites of the NWO have lists of who to sabotage. The smear campaign against me was undermining that I am much more sophisticated than I seem and much more law abiding and supporting than I seem. I believe that hostility towards the USA and police that has burned inner-cities down has resulted from too much excuse making in social justice, and a stronger defense of our system delivering individual results to individuals rather than identical racial group results is more the path. Expecting all testing to match performance levels is the wrong exception and the wrong promised. That failed promise made in sociology can be a precursor to violence rather than preempt it. That I look like and act like a White Supremacist Terrorist is probably a great comfort to the CIA and FBI.

Q. Can you name one of the most important and well known author on that point? A. Mark Rich. Here are several books on the point.

The Hidden Evil: The Financial Elite's Covert War Against The Civilian Population

[image]

Rich, Mark M. On Kindle

Mark provides compelling evidence that wealthy satanist-psychopaths are waging a covert war right in your neighborhoods as they establish a global dictatorship known as the New World Order.

Their potential enemies are placed under constant surveillance by the security forces and attacked with silent and traceless directed-energy weapons that leave no visible injury. These attacks are combined

with psychological warfare used to inflict recurrent emotional pain.

Use of Blacklisting is a main tool of destroying lives and credibility often staged compromising appearaces then talking them up behind the vicitims back in the office, etc.,

Job opportunities will be trashed. Most Targeted Individuals are unemployed. Many would be in the street if it weren't for parents, siblings, or friends. Those who are employed are usually mobbed.

"Progressive financial impoverishment, [isl brought on by termination of the individual's employment, and compounded by expenses associated with the harassment," wrote McKinney. Most of the targeted individuals she was able to observe during her early investigations were mobbed out of employment by their coworkers.

There are blacklists and software packages used to check these lists for suspected terrorists and threats to national security. Apparently this is a flourishing business, according to the American Civil Liberties Union (ACLU).

Blacklisting has also been used on Russian dissidents. In his book, The Persecutor, Sergei Kourdakov, a member of the plain- clothed PeopWs Brigade, declared that once a person was targeted they could only get the worst jobs, if they were employed at all.1 To accomplish this, the government of the USSR used something called a workbook, which could advance or destroy careers. If you were cooperative with the state, your career could be very successful. If not, you would live in poverty.

In East Germany dissidents were blacklisted as well, and their careers were destroyed. After the wall came down they were allowed to inspect their files, and learned why they were unable to get jobs or enter into universities.

Targets may regularly experience acts of vandalism. Electronic equipment may fail or act strangely. People have reported this happening with electrical systems in their cars, brand new appliances, TVs, radios, PCs, and other electronic devices. Ongoing computer problems which do not follow any logical pattern may also occur. They include hardware and software issues that span from the file to the internet level.

Many times this vandalism is just below what you'd report to the police. For instance, a small but noticeable portion of your wall has been chipped off, and a crack has appeared in one of your windows. This may be restricted to minor vandalism, just to let you know that you're under surveillance.

However large-scale property damage is also done to homes and vehicles. Some people have reported that their pets die suddenly of a mysterious illness. Vandalism and pets being tortured may also be in retaliation for you taking action to expose them. "Automobiles are one of the biggest targets," said Moret.

People have reported that tires are slashed, oil is drained, windows are smashed, electronic components are tampered with, and breaks and clutches are sabotaged.

McKinney wrote: "Vehicles invite peculiarly ferocious attacks in these harassment campaigns-

slashed tires, smashed windows, oil drainage, oil contamination, destruction of electronic components and batteries grounded fuel gauges" and "suddenly failed brakes and clutches," are common, as are recurrent auto thefts.

According to Moret and McKinney citizens are being used to conduct staged vehicular accidents. They are deliberately colliding with the vehicles of targeted individuals.

Ramblings of a So-Called Paranoid Schizophrenic

[image]

Lutterschmidt, Michael On Kindle

In this follow-up to his ground-breaking memoir "Extrajudicial Execution," Michael Lutterschmidt-who was targeted for surveillance, intimidation, torture and death-presents a series of reflections and theories on subjects ranging from the frightening to the bizarre.

Labeled a paranoid-schizophrenic by professionals attempting to discredit his knowledge of government secrets, the author's perceptive mind weighs in on the abuses and vagaries of religion; the manipulation of society by unseen forces; the presence of magic in our world; exotic new technologies used to spy on citizens and influence minds; explanations for aliens and other paranormal entities; criminal conspiracies in major organizations; and a host of other issues. These must-read "rambles" will both startle and illuminate anyone with an open mind.

In his own words, this Targeted Individual (TI) exposes his tormented life and the heartless, sadistic

> and invasive methods used covertly to undermine his credibility, cause illness and excruciating pain, ruin him financially, tear apart his family, drive him mad and lead him to consider suicide. This dramatic and cautionary tale may seem extreme and far-fetched, but thousands of other Targeted Individuals throughout the world are suffering in silence right now. In this candid account, the author describes the psychological, emotional, mental and physical torture that he has endured for over six years, hoping that he will survive long enough to see this book in print.

Q. Uhm. A. Let me just get to it. I have complained for some 40 years perhaps thousands of times a year about this situation and the risks I live with in health, etc., Cops think that is great. I don't. I have nice little conversations with them like if a bullet hits your skull I hope you remember if you can you had it coming. Don't plant evidence, child porn, etc., Yet they do. They make a big deal of sticking together. As they did against Serpico. Cops are dangerous. We all should know that. I want ac ton it, I won't kill a cop. I will explain why others might or should or did.

Vitriolic Embellishments: The system of Gang Stalk (like most frauds or frame jobs) uses team of fraudsters and creates vitriolic embellishments trying to add negativity into (add it to) the positive and normal life such that once toxicity linked improperly as embellishment to the original activity and person is poisoned by the added in toxicity. That embellishment that expresses a negative about a person at library, park, or elsewhere destroys the life of a targeted person, can result in fights with the stalkers, and fights against the stalked person on the basis of the smear.

Poison is an important word. The smear is more than to cause (at least in my case and according to Eric T. Karlson) the targeted individual to be viewed as a threat to the community.

A person may not like having who is called (and I emphasized called) a nazi by others may not be liked as an apartment renter but may be permitted to rent an apartment. A Nazi who is a violent threat is going to be denied an on an excuse apartment leases. Same thing with a peeper with a hidden cam at a gym or near children. The goal of the Stalk (parade) is to stage events that label a person in a negative way and also by other means link a person to acts that threaten the gym or other community. Most community groups think because of the gossip or secret grand jury infor they have or deep fake photos that getting rid of a TI is a public good and are proud of doing so.

That is an important point. It is the right of access to an apartment, a car loan, use of a gym or holding job or a community organization that is the real target. What do we do if we think a person has very negative qualities or worse very dangerous qualities? We cut out ties and close our doors to that person to protect ourselves. GangStalks are built on the theory of the smear.

The smear campaign is covert and not only will stalkers refute that they have placed a child in your path or engaged in other hostile harassing they have made sure they have a counter action to prevail against any action you take against the stalker. Counter-actions the Stalkers may use are calling you paranoid or delusional, schizophrenic, intolerant of those different than you, etc.,

Both the original smear and the prevailing counter-attack against the complaint of a Stalked person will likely be the plan of stalkers. The Targeted Individual may be damaged by the appearances paid actors create and even be sued by them or fought by them as they assert the Target is guilty of that same smear or the smear may be used to justify a protection racket, victims fees, legal proceedings in remedy of what was a smear rather than true, etc.,

Revenge Stalks are stalks in that community groups are incited to defraud, sexually or politically or religiously harasser, or by

any means make a smeared person uncomfortable and want to leave to avoid abuse. People may be encouraged to defraud, make "mistakes" in accounting or other services or commerce, be noxious to, or otherwise show open hostility to the smeared person.

Q. Mr. Donegan you use and have used for 10 years the allegation of criminal racketeering under color of law. Have you heard recently these illegal programs also called black-budget or black-opps or special-access programs have been deemed illegal and that illegal racketeering methods are part of the covert activities? A. Yes I have. Q. Why had you asserted this earlier and why do still assert this? A. Yes, though the Stalkers increase stalking aggression as I point out their methods and motives that almost or does distract me but that is the point. Abuse from them is Rough Noise, problems of toxicty (call if a fire of danger or threat or intolerability) that emerge when my normal activity in normal context is my writing my book about the situation. It is a fight that tough covertly initiated by stalkers is initiated by stalkers hopig I will be blamed for the fight. The stalker is (whether they know it or not_ are beig directed to stop me from writng a book about government officials and goverment misconduct. That is a Conspiracy Against First Amendment and other rights.

Q. So you assert the contentious distracting and unworkable conditions are unconstitutional but does that make them racketeering? A. According to most Stalk experts there is often a financial component to the parades and surveillance. The surveillance allows for cooption of intellectual property and setting up of roadway illegal conditions such as plants of evidence on the path the traveler of the path is going to be framed for being on the path to. Q. Is that a crime? A. I assert that if the smear of me is used to defraud a trust or conservancy then yes, the identity theft a person in my identity uses to admit to misconduct and stipulate to pay-out-demands using assets belonging to me family are money-laundering, identity theft, extortion of me in that where I go I am blamed and charged for things staged and not of my doing or wishes. The black mail victim who uses my identity is more likely con artist

role playing and than a true blackmail victim. In Con Arist language these are Shills, con artists who are in a grift, and Confidence Job of con artists techniques of fraud and defrauding. A. Do you see other violations of racketeering laws other than the financial piece? Yes. the homicide of of one of their own who turned whistle-blower and her name was Jen Moore. I assert all these are aware by felony intent they are in crimes but wish to be.

Q. How can that be? Did you not walk into places like Oil Can Harry's and say the gay community should know better than this? Yes., but a Payoff Convincer appeals to their self gain motives. They know fraud is illegal but flaunt it because the fight with me is politically important to them and the fraud against me is important to them too. A. How is that? A. The Pay-Off Convincer says he is a white supremacists piece of shit (the words of a Capitola roomate) why not defraud the person by going to glamorous dominatrix using his stolen identity and agree to "findom" demands to pay into a fraud fund? I have been violent attacked on a metro and other locations violent demanding access to my genome saying they need it. Given that they seem me as scum, why not make some money defrauding me? That sounds even better than ignoring me.

Do you believe you and others are actually bullied by this racket hoping a fight breaks out and you can be blamed for it? I have spent most of my life in psych-wards saying I was being stalked while experiencing things like being tied down on medical beds given forcible meds by injection to clear my delusions of being stalked. I have had at least 15,000 intense fights with family members (my mother mostly) about whether street stalkers were attacking me.

Q. Have you seen elsewhere that reporting covert aggression is used to place psychiatric detentions on the "schizophrenic, bipolar fixed delusional, and paranoids?" A. Yes most books now on organized stalking say the defensive sheild of denying being stalkers is actually a weapon in that the lie of the stalker denying stalking is believed and the accuser of the stalker is not. Q. Have you seen this described since? A. Carl Clark of MI5

says D-E-W attacks are used in part to assert that a whistle-blower holds tinfoil on the head delusions and should be confined to a pscychaitric ward without access to news, PCs or the internet, etc. and that often happens to me for years at a time including here in Texas.

Q. Do Stalkers try anything at all to get under you skin to distract you? Yes. Q. Do you have Borderline Personality Disorder and it is difficult to work through and survive rage? A. Yes and I think that is being played to. Q. Have you asked militia groups to stop stalkers? A. They stalker hopes I will try and look like a paranoid as I make claims about the stalkers. Q. Has that happened? A. Perhaps one thousand times. Q. Can you give me an example you documented? A. Yes. At North Beach I complained teens and younger where in parade and illegally in my car, etc., acting like I am inovlved with them. Q. What was the result? A. As other stalk victims have also reported I was blamed for noticing the odd way underage females looked as though I were hunting out a victim.

Q. Mr Donegan are you familiar with the concept of exigent threats and threat mitigation? A. yes. If a cop feels they are in danger they will use force to preempt the danger. Q. Do people mock punch you and act out being your victim and is that a threat to you? A. Yes, but again if I act on that I will be called the aggression and be in a prison as fight starter rather than a free man and a book writer.

Q. Mr. Donegan could you explain the Pay-off Convincer more? A. If and that is a crux of the protection racket, what it turns on, it can be made to look like I have toxic and in-sophisticate access or no access to elite women and I thus bottom feed on helpless Mexican or Texan minors as my lust then (if then scheme) the con artists as remedy for being losers (in my identity) can buy or request access elite woman (far out of their range) to cure the condition of being a loser and I assert losers set this con artist rign up. They wanted to figure out how to live my earlier than Texas life so they pretended to be me and pretended not to know that, then requested lessons for that they asserted I needed.

Cases against a person can be poisoned too. Gang Stalkers bullies fabricating abusive and phony crime scene with evidence plants and false-witnesses, tampering with evidence (by planting evidence and victims, taking phony and impersonated statements, refusing exculpating statements, and misrepresenting events is in law enforcement power and they do so including fraud on the courts including using tampered evidence before magistrates, grand juries, court personnel,, etc., The actions are blatantly illegal, obstruction of justice, conspiracy against rights, motivated by the need of political elites with much to hide, and often formed with the cooperation of racketeering influence officials from small towns or institutions that are either duped or wish to be part of ends-justify-the-means fraud. Another term for it might be COINTELPRO that turns a profit for the racketeering influence criminal organizations operating under color-of=law (a police operations) that is blatantly illegal and continues through the assassination of whistle-blowers and break-ins to home or official offices, or larger acts of terror or fraud.

The KOMPROMAT itself is intended as a poison. It is clear I make positive use of the gym an parks. If a poisonous allegation is added into that (embellishment by Deep Fake) the entire access to the gym or park is harassed.

The protagonist is the character whose fate is most closely followed by the reader or audience, and who is opposed by the antagonist. The antagonist provides obstacles and complications and creates conflicts that test the protagonist, revealing the strengths and weaknesses of the protagonist's character, and having the protagonist develop as a result. - Wikipedia

Community Stalkers, Gang Stalkers, Shills, and other protagonists are ***Roadblockers*** who seek to create hostile, violent, and intolerable unsafe environments. Usually drawn for the lower levels of society they (like library security guards, etc.,) act in the role of Antagonist rather than the Protagonist that would make the library a safe place. Covert abusiveness is their specialty. When I would walk to the bathroom a young

gay male (I think) would get directly in the way of the door his lower half in a dress and being in the path of the bathroom door. If a sign blocks a pathway it might be bright yellow and say Caution Slippery Floor or on the other hand someone seeking negative hostile attention might get in the path instead. They are hoping to harass a person and even get fight if they can. They may claim and might even think the labor of their activities are some sort of treatment the victim trying to get to the bathroom needs but that is not true. How a person tries to get to the bathroom getting around the roadblock or complete any other task in the face of covert agression is the hostile environment problem created.

Romania is part of the history of the Windsor family today. The real life Count Dracula, a fictional character who was based on Vlad Tepes is actually related to King Charles III. Bet only a few people knew that but it's completely true, the King is actually the great great grandson 16 times removed of Vlad 'The Impaler'. ary of Teck was from this region and tied to her children one with the gene and one without. Prince Albert of York who had it and Prince Edward of Wales without it. Jen Moore and Ed Donegan say this is tied to eugenics and genetics research and family jewels CIA program of MK-ULTRA and one thousand years of Great Britain.

The types of attacks of which I have experienced 200 to 300 aggravated attacks of in the last 3 years from 2024 have been things like covertly criminal abrogation of my leases (details later) and living homelessness on federals State fo Texas property attacks to prevent my book writing. In the last year I have had to 10 to 15 direct attacks on my head. One example is that sleeping in a tent in Republic Square homeless another

homeless person clearly knowing my identity said "you can't hide from me" getting my attention when he kicked to my skull with his booted foot from outside my tent. Similar threats of that were used in Austin Central Public Library and while attempting to sleep after buying a PC not having had one for 6 months a noise campaign arranged by the Austin police department had a homeless woman in a wheelchair banging a large heavy piece of metal inches from my head for a six hour period as I attempted to sleep and at the same time she was shrieking her lungs out. About this time also about 5 street fights broke out at homeless people directly attacked often prioritizing getting to my laptop bag and trying to destroy it while givng me death threats. More on these will be detailed later.

For a while I was dependent on library computers to upload my press kit. I thought the issue was disk space on my notebook computer and needed the larger memory for the 4 gig zip file operation on desktop PCs. I have found out now I can that press kit operation on my notebook PC if I shorten the paths of the full press kit. One thing the PsyOps workers admit to in documents I have restored is that a reverse-psychology affect is created when battling stalkers. The idea is the complaint a stalk victim makes has the engineered affect of making the stalk victim look bad, not like like a crime reporter. The Stalk victim looks like he notices teens when others don't, fears illegal immigrants, or the Rainbow Coalition, all of those allegedly entitled to be doing wha they are doing with paranoid or schizophrenic complaints regarding their presence near the Stalk victim.

This books asserts a Deep State in cover-up mode and all this tied to attempt to hide CIA and OSS and Great Britain 007 history that worked together and assassinated the non compliant, JFK and RFK among them.

I Edward Paul Donegan assert first responders in Texas and elsewhere are familiar with what I am writing and thus I have received the same death threats from them Katherine Horton and others have, and that being in custody while in the USA is

too unsafe and I have tried to get out of the USA for some 30 years unsuccessfully as I am impersonated by a gullible losers whose actions are tied to me.

I believe the most dangerous threat to the United States of America is the Texas DPS and the DPS Texas Rangers in particular who will not buy Chauncey Holt's book and ignore E. Howard Hunt confession and allow and watch over death threats to me if I continue my writing.

GANG STALKING VIGILANTISM RUN BY U.S. GOVERNMENT, SAYS EX-FBI OFFICIAL reads the post title on Rudy2s blog.

The ex-FBI official is Ted Gunderson mentioned earlier in this page and let's first look at Ted Gunderson's death.

In his 80s he said the United States Military was in an NWO overthrow plot and using Directed Energy Weapons on citizens, government officials, conducting poisonings, and other targeted killings on behalf of the NWO and he continued these assertions and writings until his death from Cancer, perhaps Cancer Type CIA-Havana Syndrome.

Rudy2: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way

certain entities want it.

A former senior official of the Federal Bureau of Investigation says “rogue” military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based ***“gang stalking” harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as “dissidents” or undesirables.***

Ted Gunderson, 82, who has served as the *Special Agent in Charge*of the FBI’s **Los Angeles, Memphis and Dallas FBI Field Offices**, has stated in a series of public speaking appearances that **he is now targeted by these same elements, and fears for his life and for the safety of his family**. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to silence him.

“*Based on my thirty years’ experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States*” Gunderson stated in an October 2008 speech posted last fall on YouTube, three years before cancer consumed him.

…

MEMORANDUM & ORDER NICHOLAS G. GARAUFIS, United States District Judge.

Plaintiff Keith Salvatore Labella brings this pro se

action against Defendants Federal Bureau of Investigation ("FBI"), Office of Justice Programs ("OJP"), and United States Department of Justice ("DOJ"), pursuant to the Freedom of Information Act, 5 U.S.C. § 552 et seq. ("FOIA"). Labella seeks declaratory and injunctive relief compelling the FBI to produce certain documents related to "gang stalking" and compelling the OJP to produce certain data related to the Supplemental Victimization Survey to the National Crime Victimization Survey 2006 ("Survey"). Defendants and Labella both move for summary judgment pursuant to Rule 56 of the Federal Rules of Civil Procedure.

Labella's Request

By letter dated January 11,2010, Labella submitted a FOIA request to the FBI seeking thirty-seven categories of documents relating to "the national phenomenon of gang stalking." (Id. ¶31.) The request defines "gang stalking" as follows:

Setting up a Pile On to a harrassed Person (Targeted Individual)

Gang stalking involves groups of individuals ("gang stalking groups") operating territorially and nationwide, and, in communication and collusion with each other, to violate the civil rights of, and disrupt, destabilize and finally destroy individuals who are put on a Stalking List for various reasons. The gang stalking groups use both intensive physical and electronic surveillance means to do this .. . including], but not limited to: "street theatre," in which targets of gang stalking are subjected in public to rudeness, loud speaking and personal references to themselves and their private activities by persons within the gang stalking

conspiracy; [and] related "Flashmobbing," or the coming together of an often large group of individuals in the gang stalking conspiracy to disrupt, intimidate, harass and otherwise confuse a gang stalking victim ....

[Repeat] ***The gang stalking groups use both intensive physical and electronic surveillance means to do this ... including], but not limited to: "street theatre," in which targets of gang stalking are subjected in public to rudeness, loud speaking and personal references to themselves and their private activities by persons within the gang stalking conspiracy;***

[Ed Donegan calls these *Liographies*, blatant provocative dis-truth that do reference in a covert way a real situation from the near or the distant past of a Stalk Victim that is hinted at (through similar but altered names drawn from the real event to hint at the real event for instance) but smear the target of the abuse. The hope is to draw a person into a fight by an unjust act towards the Stalking victim. Similarly being tripped by children, subject to unpleasant smells or atmospheric particulate that trips asthma fits, others bumping into a Stalk victim asserting the bump was accidental when clearly it was not. If the fight breaks out the Stalk victim may land in the hospital and die later (my father) make it home bloody (me several times) or be arrested or placed in a metal ward (me more than 50 times)]

"*Victims' accounts tend to be dismissed since their experiences sound like commonplace occurrences - because that is indeed what they are: strangers who are rude, neighbors who are noisy, businesses which deliver bad service, drivers who cut-off the victim in traffic, pedestrians who bump them as they walk by, etc. These are things which happen to everyone. But for gang stalking victims, these things happen constantly - which becomes a form of real psychological torture, the intensity of which must be experienced to comprehend.*

In speech law in the USA today truth is a defense against allegations of defamation. Malice is a legal term which refers to a party's intention to do injury to another party if the speech is incorrect about a person. The malice of attackers in dis-truth and hostile actions is clear and a provocation often stirring or driving intense emotions. The intense emotions may lie in delusional dupes who think they are attacking a threat to the community or the target of the abuse who knows of the unfairness being heaped on.

Under Occupational Health and Safety laws, individuals are being flagged and placed on community notification lists. This is happening without the targets knowledge. In many countries these community notifications are being used by companies and others to target innocent individuals such as whistle-blowers, the outspoken, etc. In conjunction with these notifications, companies and others are in some cases using a practice

that was used in the former soviet union called the psychiatric reprisal. This is used as a means of retaliation, blacklisting, silencing, or controlling members of society. Once on the notification system, warnings about the targets are sent out to every individual the target comes in contact with, thus poisoning their associations, and socially annexing the targeted individual. - What is Gang Stalking a Targeted Individual By Professor Eric Thor Karlstrom, Ph.D

Gang Stalking is a systemic form of control, which seeks to destroy every aspect of a Targeted Individuals life. Once a target is flagged a notification is sent out to the community at large, and the target is followed around 24/7 by the various communities that they are in.

Labella requested that the FBI search terms such as "targeted individual(s)" (id. ¶ 31 (5)), "publicly funded victims groups" (id. ¶ 31(10)), "informants" (id. ¶ 31(15)), "agents provocateur" (id.), "community stalking" (Id. ¶ 31 (20)), "cause stalking" (id. ¶ 31 (22)), "school shooting" (id. ¶ 31(25)), and "COINTELPRO" (id. ¶ 31(26)), all as they relate to "gang stalking."

For the reasons set forth below, Defendants' motion for summary judgment is GRANTED and Labella's motion for summary judgment is DENIED.

Mental hygiene is a medical practice that helps people maintain their mental health and well-being. It involves daily activities that can help people:

Prevent negative behaviors Improve emotional stability, Improve quality of life, Build resilience to face challenges, Free the mind of cortisol, the main stress hormone.

Some benefits of practicing mental hygiene include: Improved mood, Better relationships, Deeper concentration, Enhanced creativity, and Greater sense of well-being.

Some ways to practice mental hygiene include: Setting aside 15 minutes of your day, Starting with one activity you do every day, Allowing your mind to fully immerse in the activity, Focusing on every sensation Experimenting with different activities. - The World Health Organization (WHO) says that mental health is an integral part of health.

Mental health encompasses emotional, psychological, and social well-being, influencing cognition, perception, and behavior. According to the World Health Organization (WHO), it is a "state of well-being in which the individual realizes his or her abilities, can cope with the normal stresses of life, can work productively and fruitfully, and can contribute to his or her community".[1] It likewise determines how an individual handles stress, interpersonal relationships, and decision-making.[2] Mental health includes subjective well-being, perceived self-efficacy, autonomy, competence, intergenerational dependence, and self-actualization of one's intellectual and emotional potential, among others.[3]

From the perspectives of positive psychology or holism, mental health may include an individual's ability to enjoy life and to create a balance between life activities and efforts to achieve psychological resilience.[4] Cultural differences, personal philosophy, subjective assessments, and competing professional theories all affect how one defines "mental health".[5] Some early signs related to mental health difficulties are sleep irritation, lack of energy, lack of appetite, thinking of harming oneself or others, self-isolating (though introversion and isolation aren't necessarily unhealthy), and frequently zoning out. -Wikipedia.

Calculating discomfort of a Target is used to psychiatric drive a target to create a hygienic (non-hostile) environment including an environment of a normed state rather than a

manufactured state. In addition to being unpleasant to a stalked person or arousing fear or anger in the stalked person the Legend the stalkers act out may pose later threats to the stalked person if the Legend is not properly mitigated as a threat.

TED L. GUNDERSON & ASSOCIATES

Los Angeles, California 90048
Phone: (337) 344-8876

I, Ted L. Gunderson, hereby swear under the pains and penalties of jury that the following statements are true and correct:

…

1. My name is Ted L.. Gunderson. I am the owner and operator of *Ted L. Gunderson & Associates*, an international security and consulting firm based out of Santa Monica, California. I am currently a licensed private investigator in the state of California. I have performed private Investigation and security work for numerous individuals, companies, and governments worldwide since founding my firm in 1979.

   I have worked for, amongst others, F. Lee

Bailey, Esq., The *California Narcotics Authority* by appointment of Governor Jerry Brown, *The 1984 Los Angeles Olympic Committee*, and The *1979 Pan American Games in San Juan, Puerto Rico* by appointment of then U.S, Attorney General Griffin Bell.

[Ted Gunderson narrowly was passed over to be FBI director as in inbound Reagan Bush team preferred Griffin Bell but the respect between the candidates for the top job was mutual.]

2. Previous to my [Ted Gunderson's] work as a private investigator I spent nearly three decades in the F.B.I. Between 1951 and 1960 I was an F.B.I. Special Agent. In 1960 I was promoted as a supervisor at F.B.I. Headquarters in Washington, D.C., where I was in charge of *Organized Crime and Racketeering* investigations covering 26 F.B.I Field Offices nationwide.

[The Anti-Racketeering Anti Hoffa Robert F. Kennedy as Attorney General of the United States of America chose Ted Gunderson to be his right hand man in fighting the mafia. As Bobby Kennedy took the call his brother was assassinated and deceased it was Ted Gunderson in the meeting on the Mafia in his office with him.]

Following the assassination of President John F. Kennedy I was re-assigned to *Special [JFK Assasination] Inquiry White House Matters [liason offiical to LBJ]* at F.B.I. Headquarters Washignton D.C. Two Years Later.

In 1970 I was promoted to Assistant Special Agent- In-Charge of the F.B.I. Philadelphia, Pennsylvania Field Office.

On July 12, 1972 I successfully negotiated with two terrorist hijackers of National Airlines Flight 496 for the release of 119 passengers at Philadelphia International Airport: In 1973 I was promoted to *Chief Inspector at F.B.I. Headquarters* [appears to be just below Director of the FBI]. Also served as *Special Agent-In-Charge of the F.B.I. Memphis and Dallas Field Offices* [and continued ever increasing JFK Dealy Plaza material as Warren Commission, etc, unfolded]. I retired from the F.B.I, as Senior Special Agent-In-Charge of the Los Angeles Field Office of the F.B.I. with over 700 F.B.I. employees and a budget of over 22 million dollars in 1979, [perhaps a few cases to supervise].

3. I have read the Complaint in the current action of Mr. Keith Labella against F.B.I. and D.O.J., It is my professional opinion, based on information, knowledge and belief that the information sought by Mr. Labella in this F.O.I.A suit regarding “gang stalking”, “gang stalking groups” and “gang stalking methods” reasonably describes an ongoing, active, covert nationwide program that is in effect today, and, based on my investigations and experience, has been operational since at least the early 1980’s. Since the 1980˚s gang stalking has increased in scope, intensity and sophistication by adapting to new communications and surveillance technology. These programs are using the codenames Echelon Program, Carnivore System, and

Tempest Systems.

The Echelon Program is administered by the N.S.A. out of Fort Meade, Maryland, and monitors all email and phone calls in the world. Carnivore System is administered by the N.S.A. out of Fort Meade, Maryland, and can download any computer system without being traced or otherwise known to the owner. Tempest Systems can decipher what is on any computer screen up to a quarter of a mile away.

These programs are negatively impacting thousands of Americans and severely abusing their civil rights on a daily basis.

4. Based on my investigative work, which includes intelligence from sources such as active and former members of the Intelligence Services (including the FBI, the C.I.A, the N.S.A and Military Intelligence), information from informants active in criminal enterprises, and, victim testimonies, I have come to the conclusion that thousands of victims have been targeted by an illegal government rogue criminal enterprise that is active 24 hours a day within the U.S. This conspiracy is far too active to be controlled or operated by private enterprise whose goals are achieving financial gain.

These operations require extensive financing with no return on the investment. This program's operations are financed by illegal black operations, i.e., narcotics, prostitution, child kidnapping (children sell at covert auctions for up to $50,000 per child), human

trafficking, gambling and other rackets.)

5. I have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

   They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

6. I firmly believe that most individuals working in the F.B I, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.I,, other intelligence agencies including the C.I.A, and other key government positions.

   This rogue element seeks personal power and wealth and considers themselves above the law and the Constitution. They are carrying out the aforementioned surveillance

and harassment activities in conjunction with organized crime, the cult movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups.

This illegal surveillance and harassment program is being called gang stalking and organized stalking by the victims targeted by it.

The victims are targeted for a variety of reasons including government and corporate whistle-blowers, parties to financial and employment disputes, parties to marital disputes (usually divorced women), and even jilted paramours. Journalists covering controversial issues, and, even attorneys and private investigators representing unpopular clients or interests, have been targeted by this program.

7. surreptitious entry into hom

Individuals targeted by this program have been subjected to illegal and unconstitutional phone taps, illegal re-routing of business and private phone calls for purposes of harassment, illegal audio “bugging”, surreptitious entry into home, office, and vehicle, visual surveillance in the home conducted by illegal placement of miniature remote, wireless cameras (often accessible via internet), illegal internet spyware, illegal GPS tracking (often through their own mobile phones), regular fixed and mobile surveillance, mail misdirection, mail theft and tampering, financial and employment

sabotage, slander campaigns and community ostracizing , internet disinformation and smear campaigns, poisoning, assaults and murder, illegal set-ups on ding charges and other felony charges, amongst many other civil rights abuses.

8. In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful members of criminal syndicates, multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

9. Based on my professional experience, extensive intelligence information and belief, it is my professional opinion that the F.B.I is involved in and has investigative files on the subject of gang stalking, related gang stalking methods, and gang stalking groups in the

F.B.I's vast intelligence files, that are responsive to Mr. Labella's F.O.ILA. Complaint. Furthermore, I have personally referred numerous victims of gang stalking to the appropriate agents at the F.B.I. for investigation of their cases. I have also furnished the F.B.I. with documentation of an active, international child kidnapping ring probably operated by rogue C.I.A. agents.

The F.B.I has ignored my requests to investigate even though it is their responsibility to investigate kidnappings. I have a contact in Germany who advises me that the C.I.A. has set up secret operations on U.S. military bases for the kidnapping, sale and trafficking of children worldwide. The FBI may be using a unique codename and nomenclature for the gang stalking phenomenon in its records. However, this is a semantic difference, and, in no way changes my professional opinion that the F.B.I. has investigative files on the nationwide phenomenon of gang stalking described in reasonable and specific detail in Mr. Labella's F.O.L A. Complaint.

These F.B.I. files contain information responsive to Mr. Labella's F.O.L.A. Complaint regarding the subject of gang stalking. The F.B.I. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking. The gang stalking phenomenon appears in the records of both the F.B.I. and the N.5.A. in their records pertaining to the Echelon Program, Carnivore System, and Tempest Systems.

In addition, the gang stalking phenomenon

appears in the records of both the F.B.I. and the N.S.A. in their records pertaining to information collected by Narus systems. Narus is a wholly owned subsidiary of defense contractor Boeing that produces sophisticated, mass surveillance computer systems currently being used by both the F.B.I. and the N.S.A.

START OF THE PUBLIC PART

1) Targeting In General. I am working on text form from the JIT Survey Stop007.org. Though that survey is over it is a great model. I am putting a statement is as the open-ended invitation is to do so. I have experienced Government covert harassment. The Harassment also called Terror Stalking is more than just fear as the threat types experienced by the Target are real and actionable (should be defended against) but since the aggression is not admitted to by covert actors the defensive reaction is taken as hostility perhaps a hostility towards others based in "terrorism, paranoia, schizophrenic beliefs, etc.:" At minimum the disrupting though covert aggression cause discomfort such as unpleasant or disturbing sensations, in more intense form the covert aggression involves fraud, sexual assault, robbery, break-ins to homes the police orchestrate and will not investigate that result in vandalism or thefts, etc.., and in the most extreme forms the covert aggression involves poisonings, death threats or other threats covertly conveyed, and violence from those the government hides behind but are in fact directing. Many "trained monkey acts" (flying monkeys" abuse a Target because of a smear perpetuated about the Target. The false allegations my be talked-up as rumor mongering, and passed into grand juries, FISA courts, etc., where they seem to gain in legitimacy. Deep fakes, forgeries, and other crimes are part of dirty tricks including railroading in the legal and psychiatric to deny justice and result in wrongful detentions. I am among those who assert radiological attacks and like many others I assert my family is tied to historic and powerful figures in history and the dirty tricks targeting me are launched by high power figures who hope the disruption of me will protect them from the crimes of their past or their family member’s past ever being exposed. Aggravated crimes are most often cases in which result in injury to the victim including other injuries resulting from the initial injury to the victim. These are the crimes I have experienced.

Abuse is Covert thus hard to establish to others that abuse is present especially in any single instance a Target of Abuse (Jen Moore used the term Targeted Victims, Victims of the Targeting program) since a covert reference is made under an excuses, excuses that could hide ambiguous language conveying death threat, sexually, religiously, racially, or socially abusive acts, or acts of fraud, all denied through the excuse if in any single instance the Target of Abuse calls out for scrutiny. The pattern over time is the only way to prove felonious acts of the stalker and remove the excuse of coincidental double meanings; however, since shame investigations and faked motives are part of the stalk, many will not desist from lynch mob abusive treatment the Target of Abuse is covertly receiving.

Abuse is Calibrated and increases as whistle-blowers and others reach publication or research road-marks and open violence at those times becomes more probable. This was the case with Jen More who was telling of my family and was told she would be killed if she spoke and had already been violently attacked several times prior. Within a day of when she said she would make the name of that family of Arlington Virginia pubic she was found dead, just at what she billed "The Great Unveiling." The truth about Allen Dulles, the CIA, the Vatican, an the Kenned Assassination by world wealth going backed to Albert Pike and robber barons of the 1870's and William Randolph Hearst and Prescott Bush among the families as Nixon was. "Jun 15, 2018 On my way [on a bus] to deliver the goods, the corruption inside the justice system and courts must stop." Abuse is Calculated in that the fears of the community (office, gym, political affiliations, dating and relationships) are played to as smear campaigns are designed to act out various abusive allegations. Abuse is Clipping in that as Targets of Abuse succeed in their lives sabotage begins to undermine their successes. Abuse is Congestive in that the sabotage and fights that result with stalker conflicts often (like drugs) lead to jails, institutions, or

death as the person who fights a stalker is deemed a social or psychiatric threat to others. Abuse is Credit Robbing as the works of a Target of Abuse victim is often robbed of intellectual or other works.

I assert Ted Gunderson and Geral Sosbee each have connections to my life story and the Romian genetic through Mary of Teck that went into the bastard child hidden identity of my mother, and my family because of cold war history is tied to the Kennedy assassination very closely. My books are under attack as I am when I am writing them on these subjects. Attacks include dangerous encounters on the sidewalks, libraries, etc., and mental health patients, pan handlers, and others are told to crowd my and be aggressive in their actions. While they do not always punch or attack in other ways they sometimes do just as they have broken into my apartment and stolen my book notes upon police instructions to do so.

This is something I will adress in-line with this area of the survey index. I attempted to get lawyers but they are duped and made to think other issues exist other than the real issue I approached the laywer on. Similary they lawyer will not allow me in court where illegal acts are uncontested such as fraud on the court where I a the stakeholer in that fraud.

I attempted write and file my own law suits pro se but the clerk was sabotaging me. I sought as remedy a series

of measures of the last decade. Initially i wanted the domains siezed of those engage in lewd type activity. Most of the people staging events know the truth about me by only need the video equivalents of a soundbite for something else to appear to be true and they stage that very illegally. I also sought those engaging in thee conduct they were entered into (upon conviction) in the sex offender registry. I wanted Medical Malpractice against ARC of NOVA that is a behavioral oversight operation approving or disapproving spending for those it has oversight over. I asked for Conspiracy Against Rights, apartment invasion charges, and later asked for State Militias and Judicial Watch and others to intercede including Texas Freinds of the NRA. I turned to police unions, the press, etc., but the truth had no affect. I later asked for gun owners to move to the Sea Wall where faked series of events were being falsified and take defensive action against the poice and city and county employees faking the events.

Later I asked all be charged in the death of Jen Moore who was killed as a whistle-blower to these operations. Now I want then charged in the Deep State crimes they already knew existed, my family history they already knew and found a useful mafia profit center and continued death threats against me if I write about the Kings Speech or anything like it or mentioned certain names of political figures. Jen Moore experienced all the same

I also found a law about Texas police misconduct in Texas code. THe police found they could appeal to the ego of Dominatrices and with then outsmart Ed who was doing all the wrong things that a Domina would and should hate. The police approached the Dominas "the smart dominas will stick with the good guys like us and leave the loser Ed in prison of isolation we will build around him." It is a come-on to Dominas to get an "in" with them.

I have sought death penalty cases be brought for Conspiracy Against First Amendment and other rights.

I have long sought RICO prosecutions for Identity Theft, Money Laundering, Arson and Terrorism that I think are all part of this.

Affidavit
of [Edward Paul Donegan]
Document Authentication

8-Digit Code Chosen by the Author: 022463233

(Numbers only. Use the same code for the long form Of the affidavit.)

1, Edward Paul Donegan of the USA currently homeless, state on oath and say as follows. I make this affidavit based on my own personal knowledge, unless otherwise stated, and that the following facts and matters are accurate to the best of my knowledge.1.1 Age Bracket (60's.)

Theoretical Interrogatory

Q. Mr Donegan when you converted the survey those parts you felt most pertain to your experiences did you intend to provide information about illegal police harassment of you and are you doing so now? A. Yes. Q. Mr Donegan as to the subject matters expressed in the survey have you encountered anything before like the subjects the questionnaire addresses? A. Yes. Twice. The first has been in the course of my own life and experiences over decades. Until shortly before I saw the survey I had only my own reports I had made of these types of activities to reference and my reports independent of other reports were not taken seriously. Q. Who are some of the others you have found made similar accusations to the experiences you also assert? A. Ted Gunderson who investigated the JFK assassination and was tied to both John F. Kennedy and Robert F. Kennedy and Geral Sosbee. Q. Do you feel there is connection to you via Geral Sosbee and perhaps to TEd Gunderson and JFK as well. A. Yes. The Romanian language connected Sosbee worked for the FBI on matters in the Romanian language. I believe the speech and language defect that Mary of Teck Romania who introduced a speech and language gene into the Windsor family and Albert of York and also the older brother Edward of Wales are tied to John F. Kennedy and the Kennedy assassination too.

On the matter in he JIT Survey Property, Assets & Inheritance do you believe you and your family have been defrauded, your assets depleted, and you have been driven to homeless to silence you? A. Yes.

Mr Donegan have you recently looked up Opposite, Hypotenuse, and Adjacent on the internet and did it seem familiar to you? A. Yes. In the diagram I saw the Opposite was like a flag pole straight up as a one of three sides of a right angle triangle. 90 degrees from the base of the flagpole (the opposite side) were the Hypotenuse and Adjacent sides, the adjacent being at the right angle to the Opposite side that is straight up and at 90 degrees from that adjacent side.

A right triangle where the politicians are not corrupt and infiltrate the dangerous gangs

Politicians like Robert F. Kennedy give the orders to infiltrate lower level actors of say a corrupt union and then after flipping them or seizing assets move in undercover to the higher up organized crime bosses. Over the course of the operation all sides of the triangle would be turned to blue and the in parts of the triangle protected from crime.

Mr. Donegan are you familiar with the Four Hats story that is real and the Miami Vice TV Series based on that story? Do you a model or metaphor in this? A. Yes, police become adjacent to the criminals by catching them. The police are opposite the the criminals who are the (now) adjacent and the Hypotenuse who

are also criminals. The Police seized the now adjacent assets and go undercover to catch the criminals at the Hypotenuse.

Q. Is that what you see here? A. No, but others do. What I see is the Criminals are the Opposite and they seize law abiding Adjacent assets (mine) to pruriently or politically gain access to other non criminals at the Hypotenuse.

Politicians like George H.W. Bush and now William Burns or Christopher Wray or Meyorkas give the orders to infiltrate governments around the world with sleeper agents tied to old wold aristocracy. These old world money are in the USA War Industry Board CIA or military created businesses that the CIA and military conduct illegal acts through the companies being shell companies or loyal to the CIA that created them and are cover assets.

022463233.EPD.1.8 Projections of Power, Intimidation, Asset Seizures, and Harassment

Snipe 1: to shoot at exposed individuals (as of an enemy's forces) from a usually concealed point of vantage 2: to aim a carping or snide attack https://www.merriam-webster.com/dictionary/snipe

Mr Donegan you assert covert harassment follows the "Sniper" concept and this relates to the covertly achievd deaths of an

interconnected group of people. Can you begin your Conspiracy Theory as to this circle of people you name? A. The sniper concept as that having sufficient tools to project both recon and weapons into a location from a remote often open public position but with some camouflage or cover of real role the sniper can surviel into and study or harass a target or even project weaponry in, say am missle strike, bullet or other projectile, a poison introduced into the food of a person not a the dining table but in the kitchen, or other such covert attack. Judge Roll had considered the Marshalls who were surrounding him and unsettling presence and asked they be removed. He was ruling in a case of asset seizures of trust funds or retirement assets (really the later) for foreign economies cases on indirect or circumstantial cases. That ruling fit the type of circumstantial cases being built against me as asset seizure frauds. Veronica Hoffman once helped build a case against me. Veronica Hofmand and Judge Roll died before old age or natural causes would have been the cause of death. Veronica Hoffman is said to have committed suicide in a psych ward. I suspect it was either violence against her or motivated by harassment she could no longer endure.

Q. incessant adjective: continuing or following without interruption : unceasing https://www.merriam-webster.com/dictionary/incessant. Do you continue your assertion that coping with incessant bothersome conduct from others including raising you voice in firm clear way or profanity or allegations about others can lead to orders to leave a business or public place, fights, and accusations being delusional? A. Yes and I assert that is the Zersetzung system of an aggressor covertly starting fights that as the agressor will have an alibi for when the bothersome conduct is pointed out by the target of the aggression.

Q. When people Stalk a target from a public location might they parrot, try to bring discomfort to, anger, or threaten the target while denying they are doing so? A. Yes. Q. Does that fit with the allegation of the CIA program Mocking Bird in which critics of the CIA are mocked as delusional, etc.,? Yes.

The United States has conducted many domestic intelligence operations, such as COINTELPRO, which involved bugging the homes, offices, and vehicles of many citizens.

Home security systems

Home security systems can be used to spy on people. For example, one Trusted Internet blog post described an incident where a home security system's Network Video Recorder began transferring a 300 GB video file to an unknown person outside of the home.

Security cameras

Hackers can eavesdrop on security cameras, including smartphone cameras, dash cams, and home security cameras. The distance at which someone can eavesdrop depends on the camera, but it can be as close as one foot or as far as 16 feet.

Residential Surveillance at a Designated Place (RSDL)

In China, RSDL is a system that involves the

surveillance of individuals in their homes. Well-known victims of RSDL include artist Ai Weiwei, Nobel Peace Prize-winning poet Liu Xiaobo, and Swedish bookseller Gui Minhai.

Surveillance programs

The US government has surveillance programs that use communications technologies, such as the FISA Amendments Act and Executive Order 12,333. The Patriot Act has also made it easier for the government to spy on Americans.- Google AI

Veronica Hoffman seems to have had her space invade by mockers, harasses, stalker timed harassing phone calls that let her know someone was watching her and acting as if ordering her around to do something or not do something by roaring of engines nearby, harrasing phone calls, etc., and she like I had done in Concord, California began disabling or testing computers for hacking devices, odd or planted technologies etc., Even if you were to believe any allegation about me they would not apply to her or most other targeted individuals. I have sent the Los Angeles Coroner data from those close to her that she was acting in way that seemed bipolar or paranoid but I think she was being terror stalked to create a situation she was battling against demons others could not see but she did perceive. Q. How could she perceive she was being stalked in her home but others could not see that? A. the public can not see into a person's home. The public can not see the link between her actions in her home and public loud noises, etc.,

Q. Did you write within a file GreatTreason/1001nWater.html while in 1001 N. water street the following "I live in discreet non adjoing units which are Quauntum Tunneled incursion system where from close enough to me the borders can be violated in some way for others near me to create blur moving

their liabilities to me and my assets to them" and could you explain? A. A Quantum Jump is a jump beteen discreet units such as an ergy level jumping up to higher state and the jump being the measure of a sub-atomic particle. In particle physics this help understand and describe the existance of particles and quantum jumps were noticed and analized. Quantum Tunneling is a concept that a continuous path can be created between discreet boundries and traveled like a tunnel under a wall. I asser this was part of a residential surveillance system that watched my positive actions, anticipated them and before I completed them the stalkers attributed my works as their own. They also imposed what were their liabilities on to me.

Q. Is this part of what is happening in Texas and Austin in official conduct? A. Yes, this is run in part by Austin City Council and out of its building. I was "weird" by their standards of street minsitries and religous band group singing sermons to youth. They decided to Keep Austin Weird by my tastes and aesthetics while acting like I was an in-sophisticate. Texas had a reputation of being a backwards God fearing group of military types and ex-military types of hicks. Q. Do you think that is still trued despite the campaign they have been running? A. Yes. The idea that police can blackmail (including on fake charges or use an impersonator to confess) the right for impregnation on commercial for sale markets against a person's will is as repugnant as pro life is at times though I am of mixed feelings on abortion rights, I draw the balance against rather than for midterm abortions. In addition I think these street ministers took advance of my trusting brother who went them after his family of origin (mine) rejected his homosexuality. But are these groups proposing to help the disabled, the runaways, those without families preying upon those who turn to them?

Q. Does Urban Alchemy seem one of those groups? A. Yes, while the claim to be worldly elites from the top of the world most have looked out prison slits most of their lives. Much of their branding of themselves has been based on ideas I proposed in my philosophic works like concepts of alchemy. I ordered from the State Dept a passport card to be mailed to the address fo the homeless shelter they run. It has not arrived nor

has the birth certificate I sent to the State Dept with my application and I suspect their money launderers and fraudsters now have it and use it for identity theft.

Q. Why would these long term prison inmates do that? Officials and the police and neighborhood watch groups that are part of backward Texas learn to be sophisticates by claiming I am not and then taking and impersonator of me to get sex ed lessons from Glamme Dommes.

A. Continuing with this answer I go to the following survey section.

Torture, Destruction of Life/Health
39) Torture & Life Destruction
40) Psychological Harm
41) Physical Signs & Symptoms
42) Medical Conditions & Illnesses and Attacks on Others 46) Attacks on Pets

I have come back from the grocery store and found a blotch of what seemed cat skin and cat hair glued to my counter near the kitchen door I often left partially open. Later the cat that was sometimes outdoors and sometimes indoors showed up with a area of skin about that size missing and exposed wound where the skin had been. Another time it seemed my cat had been burned by a cigarette. Many other exmaples though less dramatic.

Like most people I hold political opinions and have had engaged in activism, stuff and licks for the Libertarian Party, for Rand Paul's father (mostly in support and Rand Paul) and for work for Jerry Brown, and variety of other well known parties and candidates. But I have also held strong opinions on matters of race, immigration, social justice, criminal justice, and ethics and society.

Q. Do you Mr. Donegan place some of this into the "accidents" that have happened to you, you unfairly attacked by FBI and

others for those views? Q. Yes. Stalkers have concluded the views I hold are not worthy of the intellect that underlies my beliefs, the value of my life experiences, and depth of my support of these positions. They have branded them terrorist and used what they assert is their intellect in the competing Black Live Matter type systems as their own "intellect" when it was coopted from me and my beliefs. I think that has been unfair to me but at the same time predictable to me. I have always said the ethics of racial politics today was mostly fad and tripe and could not survive actual Scientific rigor and that is what I approached the matter with. Allowing the social justice system to break the law against me repeatedly is the dice role that came out the wrong way. Many will find that turn of the dice acceptable if you belive in FBI or CIA or NSA preemption of dangerous politics but I assert that it was more my liability they could exploit much the same way the could exploit that Lee Bowers Jr. was driving alone one night and Karen Silkwood were driving along one night. In those cases or apparent suicides, etc., the outcome was accepted by society but may have been or was a staged accident. I also doubt the "accident" that befell Caitlyn Mahoney was an accident either, nor was the death fo Jen Moore.

The Starbucks murders occurred on July 6, 1997, at a Starbucks store located in Georgetown, Washington, D.C., when three employees were killed.

Mary Caitlin Mahoney. Mahoney’s commitment to social justice prompted her to volunteer for Bill Clinton’s 1992 presidential campaign, becoming an intern at the Clinton White House. A university graduate, Mahoney did not aspire to work in politics and applied to Starbucks at 1810 Wisconsin Avenue NW Northwest) in 1995, hoping for HR job in the Baltimore office, but was hired as an assistant manager. She loved her job. The only reminder of her White House past was when Chelsea Clinton ordered a coffee, then realised she had no money on her. Mahoney swiftly smoothed over an awkward situation by paying for the coffee herself.

After participating in her brother’s wedding that summer,

Mahoney was looking forward to celebrating her birthday on 22 July.

Her killer took that happiness away from her and her family. https://missnightterrors.wordpress.com/2021/08/27/the-starbucks-triple-slaying/

I Edward Paul Donegan believe she was Targeted because she expressed FOXP2 symptoms. She was a gay female social justice activist, like most, no where near my own profile. The profile that can be found in the data is of NWO criminals who have a divserse list of witnesses they need to silence as to genetics and eugenics history and US history.

In this diagram those who know too much are are Letter A could be Dorothy Kilgallen or many others.

Over the course of this operation the Deep State including the Bush Crime Family and big media companies along with the covert CIA backed liberals the CIA created will continue to be crime bossess on world agendas who plant evidence on or assassinate people like Lee Bowers Jr. or others in order to keep the "Corruption Network" in place. The Corruption Network uses drug gangs, mafia, spooks, hoods, and the hidden elite to silence whistle-blowers.

Q. Could you tell us who Prince Edward of Wales and Prince Albert of York were and how this history ties to break-ins to you home and even assassinations?

Edward VIII (Edward Albert Christian George Andrew Patrick David; 23 June 1894 28 May 1972), later known as the Duke of Windsor, was King of the United Kingdom and the Dominions of the British Empire, and Emperor of India, from 20 January 1936 until his abdication in December of the same year.

Prince Edward of Wales was born during the reign of his great-grandmother Queen Victoria as the eldest child of the Duke and Duchess of York, later King George V and Queen

Mary [of Teck, and area of Romania territorial history.]

And Prince Albert of York was his younger brother. For a brief while Prince Edward of Wales the place where Winsor Palace is and the eldest Prince is assigned to was King Edward VIII. He resigned almost immediately and his younger brother Abert o York assumed the throne as King Geroge VI and dispite the FOXP2 gene introduced by the Romanian mother led the fight against Nazi Germany and later died at the end of 1951 early 1952. At this time his daughter Princess Elizabeth became Queen Elizabeth II, not Queen Elizeith the Queen Mother born August 4 many decades earlier.

Q. Was Edward of Wales close to the Nazis? A. Yes In fact Marilyn Monroe had a movie that was quite suggestive the Prince and the Showgirl. Several of the movies from the 1960's and 1970's and even the 1950's show the Prince o Wales and Maria Kutschera, niece of Franz Kutchera had an affair and children born in 1926 that were born in the USA at the time Maria Kutschera left the Convent.

Q. Do your books series assert the OSS, CIA, and US Navy, the Vatican, and others assisted Barron Von Trapp get his future wife's out of wedlock children into the USA, born in the USA in 1926? A. Yes. My mother was born near Davidson College in North Carolina to (it is said) Fetus Gainey in 1926. Marilyn Monroe compared facially to Princess Elizabeth was born in 1926 under uncertain real birth lineage. y assertion is Joseph Kennedy Sr. and FDR had much to do with this and thus this was covertly done in part because these bastard children have a gene similar in ways to ADHD that respond to amphetamines and that was under study during MK-ULTRA. Jen Moore confirms this and my motehr and I carry the gene. Dean Rusk was in Davidson College in that area of North Carolina and I assert working an underground railroad to get these children fro rising Nazism in Austria.

A. In t the one of your books which is called Written By The Right Hand you identify Jen Moore as a whistle-blower to the

CIA and its role in the JFK assasination and deep state today. You have a chapter in that book describing the so-called Deep State and assert this was a term used by many familiar with the Deep State. Withouth the longer detail on the history of the terms and Roman emperors could you describe which leakers from the CIA are using that term today and since the Kennedy Assasination?

A. Yes for the record here is some of that information that is in my books as I write as New William Cooper.

> Today, we still live with those consequences a continuing and ominous Cold War, a deceptive secret government, a docile press, a pervasive cynicism, and corruption. To bring an end to this era in which the lies of our elected government and the covert operations of our secret government threaten the very survival of our society, we must begin to see the Cold War and our national security in a new light.

…

Edward Paul Donegan and Jen Moore believe this about something older than the Cold War though something the Cold War flowed out of and even WWII flowed out of.

The USA had a relationship with Leverage Forces the Jedah British Secret Service that could assassinate a few leaders and journalists here and there switching out top level leadership as needed to get a "second opinion" from national sovereigns if they did not like the first one.

These ties go very far back in history and JFK was a threat to that as RFK was.

THe Cold War was a fear of the Hot War that ended WWII and that fear favored leverage cover operators over open combat.

On the Trail of the Assassins (excerots from The

Sponsors Chapter)

> *Whenever you have eliminated the impossible, whatever remains, however improbable, must be the truth.* - The Sign of Four; Sir Arthur Conan Doyle

A *coup d'etat* has been described as "*a sudden action by which an individual or group, usually employing limited violence, captures positions of governmental authority without conforming to the formal requirements for changing offceholders, as prescribed by the laws or constitution.*" A successful coup requires a number of elements: extensive planning and preparation by the sponsors (those responsible for the coup); the collaboration of the Praetorian Guard*_ (officials whose job is to protect the government, including the President); a diversionary cover-up afterwards; the ratification of the assassination by the new government inheriting power; and the dissemination of disinformation by major elements of the news media. If this concurrence of events has a familiar sound, it is because this is exactly what happened when John Kennedy was murdered.

I do not know precisely when the planning and preparation for the coup began. In a sense, it may have been as early as late 1960 when the C.I.A. prepared a dossier analysis on the President-elect. Such a psychological profile surely would not have contemplated assassination of the President, but its purpose was to help the C.I.A., or some elements within it, further its goal of manipulating foreign policy. It probably was

not until later, when Kennedy had veered toward detente and conventional means of controlling policy had failed, that assassination became an option in the minds of some of the C.I.A.'s Cold War establishment.

...

The sponsors of the assassination also arranged numerous scenes where Lee Oswald was impersonated in hopes of laying a trail of incriminating evidence at his feet. (See Chapter 5.) The most significant of these impersonations occurred in Mexico City in October 1963, when Oswald reportedly contacted the Soviet Embassy and the Cuban consulate, ostensibly to arrange a trip to the Soviet Union. The reason this particular impersonation stands out is that all the "documentation" for it was provided by the C.I.A. This evidence-which included C.I.A. memos, photographs of a man who obviously was not Oswald, and tapes of phone calls to the Soviet Embassy that were not of Oswald's voice-was insultingly flimsy. To me, this meant that while some elements within the C.I.A. participated in the Oswald impersonation charades and thus were doing the necessary preparatory work of setting up the scapegoat for the assassination, other elements within the Agency remained uninformed about the plot, or indeed might have been trying to discover the truth.

Oswald appears to have been extensively manipulated by the C.I.A. for a long period prior to the assassination and may well have believed that he was working for the government. Oswald was also an F.B.I. confidential informant, a job that provided additional control over him and may have given him a reason to believe he was actually penetrating the plot to assassinate

the President. His association with the F.B.I. raises a question.

To what extent did the F.B.I. and the Secret Service cooperate in the pre- assassination planning? It appears to me that neither agency took any discernible positive action prior to the assassination-although there clearly was distinct inactivity when activity was called for. This brings us to the second necessary element for a successful coup: the cooperation of the Praetorian Guard. A coup d'etat needs the support neither of a large number of government offcials nor of a broad base of the population. The managers of the coup may well represent the views of only a tiny minority of the populace, but if they have key elements of the Praetorian Guard on their side, the majority becomes irrelevant.

In the United States, the modern counterparts to the Praetorian Guard are the secret police of the intelligence community, beginning with the smallish, close-at-hand Secret Service and extending on through the F.B.I., the intelligence divisions of various federal departments, the Defense Intelligence Agency, and the Central Intelligence Agency. Without key elements of this modern-day Praetorian Guard, a coup d'etat in the United States would be impossible. With them, however, a coup can be unstoppable. The Praetorian Guard is vital to a successful coup because it has the capability of allowing the defensive protection of the leader to vanish at a crucial moment. The removal of the Emperor Caligula in seconds, leaving as the new emperor the stuttering Claudius, was almost casual following the quiet withdrawal of the protection of the guard. And almost equally casual was the removal of President Kennedy in less than six seconds, leaving Lyndon Johnson as the new President.

NWC Response

My Edward Paul Donegan response is 1)that all of what Garrison who was closest to the facts as prosecutor alleged has since been proven true from the deathbed confessions of HOlt, Hunt, and others adn 2) Garrison starts out with a well selected quote that explains why I and other witnesses have been in danger since

On the Trail Chapter 20 The Secret Sponsors

This is the way of all successful coups d'etat. In the early 17th century, Sir John Harington, the English poet, described it in a few lines:

> Treason doth never prosper: What's the reason?
> For if it prosper, none dare call it treason.

MUCH HAS HAPPENED since Clay Shaw's trial and my trial. Leading public figures like Lyndon Johnson, Earl Warren, Allen Dulles, Charles Cabell, and Earle Cabell have all died. And important characters in my New Orleans investigation like the virulent anticommunist

Guy Banister and his private detective associate Jack Martin have gone unnoticed to their graves.

Others have died in undeniably mysterious circumstances. Lee Oswald's Dallas friend and baby sitter George de Mohrenschildt was found shot to death, a shotgun nearby, hours after arranging to be interviewed by an investigator from the House Select Committee on Assassinations. The coroner's verdict was suicide.

David Ferrie, as described in Chapter 11, was discovered dead in his New Orleans apartment with two unsigned suicide notes by his side. The coroner decided that death was due to natural causes. Deputy Sheriff Roger Craig left Dallas and moved to New Orleans as the result of an attempt on his life. He grew homesick for Dallas, however, and moved back. His car was blown up while he was in it, but he survived. Then he was found shot to death at his home. The coroner's verdict was suicide.

Jack Ruby, having been treated at the Dallas Sheriffs offce for a cold, was sent to the hospital when it got worse. Shortly thereafter it was announced that he had cancer, and shortly after that it was announced that he had died from the cancer.

Lee Harvey Oswald, of course, was shot by Ruby in front of a television audience of millions and a virtual wall of Dallas police offcers. Though there is no mystery about the precise cause of death, Ruby's stated reason for killing Oswald-to save Mrs. Kennedy the burden of having to attend Oswald's trial-remains as questionable as ever, particularly in view of Ruby's ties to organized crime on the one hand, and to the F.B.I. and the C.I.A. on the other.

The beginning of the formal ratification process came

when Congress allowed President Johnson, the heir to power, to appoint the Warren Commission, including ex-C.I.A. Director Dulles, to investigate the murder. The Commission's report, carrying the prestige and credibility of its highly respected chair, put the offcial government stamp of approval on the lone assassin fairy tale. For the government, reluctant to face the pre-assassination involvement of the C.I.A. and the participation of its other intelligence agencies in the cover-up, such a ratification must have seemed the easy way out. For many years afterwards, federal officials did their best to prop up this crumbling edifice as critics tore it apart, leaving almost no one still believing in the lone assassin scenario.

With the murder plainly unsolved, a succession of Presidents and attorneys general, each with the resources of the F.B.I. and the entire federal government at their command, made no effort to get to the truth.

On the contrary, when I attempted a real investigation of the assassination, federal officials sought to suppress the truth. I received no cooperation when I sought to subpoena key witnesses like Allen Dulles. I found crucial federal records destroyed, altered, classified as secret, or sealed by the federal government for 75 years. I found myself denounced by the President, the attorney general, and the Chief Justice. I found my investigation infiltrated and subverted by federal agents. And ultimately I found myself on trial in a trumped-up federal case. That is what happens to you when you do not go along with the new government's ratification of the coup.

The government's cover-up and ratification of the assassination have been aided by a flood of disinformation appearing in the major media. Dissemination of disinformation is the last element necessary for a successful coup d'etat, and it also happens to be one of the specialties of the C.I.A. For

many years the Agency secretly had on its payroll journalists ostensibly working for the major media but in fact disseminating propaganda for consumption by the American people. It has also subsidized the publication of more than 1,000 books.

[de Mohrenschildt andIon Mihai Pacepa are an interesting matter in regards to Romania.

Ion Mihai Pacepa Romanian pronunciation: [iˈon miˈhaj pa ˈʧepa]; 28 October 1928 14 February 2021) was a Romanian lieutenant general in the Securitate, the secret police of the Socialist Republic of Romania, who defected to the United States in July 1978 following President Jimmy Carter's approval of his request for political asylum. He was the highest-ranking defector from the former Eastern Bloc, and wrote books and articles on the inner workings of communist intelligence services. His best-known works are the books *Disinformation* and *Red Horizons*.

At the time of his defection, Pacepa simultaneously had the rank of advisor to President Nicolae Ceaușescu, acting chief of his foreign intelligence service, and a parliamentary undersecretary at Romania's Ministry of Interior.

Subsequently, he worked with the American Central Intelligence Agency (CIA) in operations against the former Eastern Bloc. The CIA described his cooperation as "an

important and unique contribution to the United States".

Activity in Romanian intelligence

Ion Mihai Pacepa's father (born in 1893) was raised in Alba Iulia, in the Transylvania region in the north west of Romania, where he worked in his father's small kitchenware factory. On 1 December 1918, Transylvania united with Romania, and in 1920, Pacepa's father moved to Bucharest and worked for the local branch of the American car company General Motors.

Born in Bucharest in 1928, Ion Mihai Pacepa studied industrial chemistry at the Politehnica University of Bucharest between 1947 and 1951, but just months before graduation, he was drafted by the Securitate and gained his engineering degree only four years later. He was assigned to the Directorate of Counter-sabotage of the Securitate. In 1955, he was transferred to the Directorate of Foreign Intelligence.

In 1957, Pacepa was appointed head of the Romanian intelligence station in Frankfurt, West Germany, where he served for two years. In October 1959, Minister of the Interior Alexandru Drăghici appointed him as head of Romania's new industrial espionage department, the S&T (short for *Știință și Tehnologie*, meaning "science and technology" in Romanian) of Directorate I. He was the head of Romanian industrial espionage, which he managed until he defected in 1978. Pacepa claimed he was involved with the establishment of Romania's automobile industry, and with the development of its microelectronic, polymer, and antibiotic industries.

From 1972 to 1978, Pacepa was also President Nicolae Ceaușescu's adviser for industrial and technological development and the deputy chief of the Romanian foreign intelligence service.

Defection

Pacepa defected in July 1978 by walking into the US Embassy in Bonn, West Germany, where he had been sent by Ceaușescu with a message to Chancellor Helmut Schmidt. He was flown secretly to Andrews Air Force Base near Washington, D.C., in a United States military aircraft.

In a letter to his daughter, Dana, published in the French newspaper *Le Monde* in 1980 and broadcast over and over by Radio Free Europe, Pacepa explained the reason for defecting: "In 1978 I got the order to organize the killing of Noël Bernard, the director of Radio Free Europe's Romanian program who had infuriated Ceaușescu with his commentaries. It was late July when I got this order, and when I ultimately had to decide between being a good father and being a political criminal. Knowing you, Dana, I was firmly convinced that you would prefer no father to one who was an assassin."

Noël Bernard died in 1981 of cancer; his wife, Ioana Măgură

Bernard [ro], suggested he had been irradiated by the Securitate. She also linked Bernard's death to those of RFE journalists such as Cornel Chiriac (stabbed to death), as well as Emil Georgescu and Vlad Georgescu, both of whom also died of cancer. According to Bernard's wife, Noël's Securitate file had attached an article from a magazine which talks about Noël undergoing surgery, with a note which argues that the article confirms "the measures undertaken by us are starting to have an effect". Pacepa later claimed a supposed radiological weapon named Radu was used against dissenters and critics by the Securitate. According to Pacepa, "Radu" was a Romanian name used as a reference to "radiation", with the intention to lead the target to cancer which would result in death within months after the exposure.

Pacepa's defection destroyed the intelligence network of communist Romania, and through the revelations of Ceaușescu's activity, it affected Ceaușescu's international credibility and respectability. An article published by *The American Spectator* in 1988 summed up the devastation caused by Pacepa's "spectacular" defection: "His passage from East to West was a historic event, for so carefully had he prepared, and so thorough was his knowledge of the structure, the methods, the objectives, and the operations of Ceaușescu's secret service, that within three years the entire organization had been eliminated. Not a single top official was left, not a single major operation was still running. Ceaușescu had a nervous breakdown, and gave orders for Pacepa's assassination. At least two squads of murderers have come to the United States to try to find him, and just recently one of Pacepa's former agents - a man who had performed minor miracles in stealing Western technology in Europe at Romanian behest - spent several months on the East Coast, trying to track him down. They didn't succeed."

During September 1978, Pacepa received two death sentences

from Communist Romania, and Ceaușescu decreed a bounty of US$2 million for his death. Yasser Arafat and Muammar Gaddafi set a further $1 million each. In the 1980s, Romania's political police enlisted Carlos the Jackal to assassinate Pacepa in the United States in exchange for $1 million. Documents found in the Romanian intelligence archives show that the Securitate had given Carlos a whole arsenal to use in "Operation 363" to assassinate Pacepa in the United States. Included were 37 kg plastic explosive EPP/88, seven submachine guns, one Walther PP pistol serial # 249460 with 1306 bullets, eight Stechkin pistols with 1049 bullets, and five hand grenades UZRG-M.

Carlos was unable to find Pacepa, but on 21 February 1981, he bombed a part of Radio Free Europe's headquarters in Munich, which was broadcasting news of Pacepa's defection. Five Romanian diplomats in West Germany, who had helped Carlos the Jackal in this operation, were expelled from the country.[*citation needed*]

On 7 July 1999, Romania's Supreme Court Decision No. 41/1999 cancelled Pacepa's death sentences and ordered for his properties, confiscated by Ceaușescu's orders, to be returned to him.[*citation needed*] Romania's government refused to comply. In December 2004, the new government of Romania restored Pacepa's rank of general.[*citation needed*]

According to Michael Ledeen in 2016, the two death sentences remained in effect, and Pacepa "has lived in secret" since his defection. Pacepa died in 2021.

Writings and political views

Pacepa was a columnist for the Internet conservative blog site *PJ Media*. He also wrote articles for *The Wall Street Journal* and American conservative publications, such as *National Review Online*, *The Washington Times*, the online newspaper *FrontPage Magazine*, and *World Net Daily*.

Red Horizons

In 1987, Pacepa wrote a book published in the United States by Regnery Gateway, *Red Horizons: Chronicles of a Communist Spy Chief*. A Romanian translation of *Red Horizons* printed in the U.S. was infiltrated into Communist Romania, and a Mao-style pocketbook of *Red Horizons* was illegally printed in Communist Hungary (now a valuable collector's item). In 1988, *Red Horizons* was serialized on Radio Free Europe, arousing "huge interest among Romanians". According to Radio Romania, "the streets of Romania's towns were empty" during the RFE serialization of *Red Horizons*. On 25 December 1989, during the last part of the Romanian Revolution, Ceaușescu and his wife, Elena, were sentenced to death. Pacepa claimed that at the trial most of the accusations came almost word-for-word out of *Red Horizons* (a second edition, published in March 1990, contained the transcript of Ceauşescu's trial, which was based on facts presented in *Red Horizons*). President Ronald Reagan reportedly called "Red Horizons" his "Bible" for dealing with dictators.

On 1 January 1990, the book began being serialized in the new official Romanian newspaper *Adevărul* (*The Truth*), which on that day replaced the Communist *Scînteia* (*The Spark*). In its lead, *Adevărul* explained that the book's serialization by Radio Free Europe had "played an incontestable role" in overthrowing Ceaușescu, according to the text on the back cover of the book's second edition, published during 1990. *Red Horizons* was subsequently republished in 29 countries, and it was made into a documentary movie by the Hungarian TV.

During 1993, Pacepa published *The Kremlin's Legacy*. During 1999, he authored the trilogy *The Black Book of the Securitate*, which has become a bestseller in Romania.

George Sergius de Mohrenschildt (Russian: Георгий Сергеевич де Мореншильд; April 17, 1911 March 29, 1977) was an American petroleum geologist, anti-communist political refugee, professor, and occasional CIA field agent. De Mohrenschildt, who moved to the Dallas area in October 1961, is best known for having befriended Lee Harvey Oswald in the summer of 1962.

De Mohrenschildt's testimony before the Warren Commission investigating the assassination was one of the longest of any witness.

Since his testimony and subsequent death years later, de Mohrenschildt has been a popular figure in conspiracy theories regarding the assassination of John F. Kennedy. For example, those who believe that the United States Government was

responsible have accused de Mohrenschildt of being Oswald's CIA handler. On the other hand, Ion Mihai Pacepa, a high level defector from Communist Romania and occasional CIA asset, has alleged that de Mohrenschildt, despite his claims to be a descendant of the Russian nobility and an anti-communist political refugee from the Red Terror, was in reality a KGB First Chief Directorate illegal field agent, who focused on collecting military intelligence and who acted as Oswald's *Soviet* intelligence handler.

John Stockwell, the son of an engineer was born in the Belgian Congo (Zaire) in 1937. His father, an engineer from Texas, was involved in building a hydroelectric plant for a local mission hospital. His mother managed the only women's academy in Central Africa.

Stockwell was educated at the Presbyterian school in Lubondai before attending the University of Texas. In an autobiographical article Stockwell claimed that while at university he "never had a conversation with a liberal,

much less a radical critic of the system".

After graduating he joined the U.S. Marine Corps. As a result of his ability to speak the languages of the area (Tshiluba and Swahili), Stockwell was sent to the Congo to deal with the rebellion being led by Patrice Lumumba.

Stockwell spent three years in the marines before working in the ranching and land-clearing business in Texas. This was followed by work in the sales and market analysis branch of the Gates Rubber Company in Denver. Stockwell was inspired by a speech made by John F. Kennedy ("ask not what your country can do for you, but what you can do for your country") to join the Central Intelligence Agency.

Assassination of John F. Kennedy Encyclopedia

In 1964 Stockwell voted for Barry Goldwater. As he later explained: "everyone in Texas knew that Lyndon Johnson was corrupt to the core, with mob ties, with murders sometimes associated with his political campaigns".

Stockwell's first CIA assignment was in West Africa. His main task was to monitor communist activity in the region. He was later promoted to the position of chief of the CIA base in the Katanga province. Stockwell reported back to Washington that he did not believe that the CIA presence in the Congo was not justified as it was not advancing "US national security interests".

Stockwell spent six years in Africa before serving in Vietnam. As officer in charge of Tay Ninh Province, he organized covert operations against the National Liberation Front. This resulted in him winning the CIA Medal of Merit. He remained in the country until joining the US flight from Vietnam in April, 1975.

Stockwell now served on a subcommittee of the National Security Council and was appointed as chief of the CIA's Angola Task Force. Unhappy with the way the CIA was targeting the MPLA (Popular Movement for the Liberation of Angola) and resigned from the organization in December, 1976.

Three months later Stockwell published an open letter to CIA Director Stansfield Turner in the Washington Post. He claimed that 98% of CIA operations in the field were "fabrications but were papered over and promoted by aware case officers because of the numbers game". This resulted in Turner initiating a "house-cleaning of the clandestine services".

Stockwell has written two books on the CIA: In Search of Enemies (1978) and The Praetorian Guard: The US Role in the New World Order (1991). He has also made several lecture tours where he has spoken on CIA covert operations.

Q. Mr Donegan do you recognize anything in the quotation from Jim Garrison about his experiences and do you relate it to

any of your experiences? Do you care to put a name to it? A. Yes. Subversion. Again it goes to indirect attacks at someone. If you can't defend Clay Shaw or his allies that were former FBI agents working to overthrow Castro like Guy Bannister why not go after the prosecutor with damning allegations about his character? It was exactly what was done to Jim Garrison and it is done to me with phony bullying allegations I secretly bottom feed photographing the helpless victims of any community I am in. And the name for it is "*subversion*." If you can not defeat something like an army why not defeat something the army of an enemy needs; for instance a bridge or supply line, or even the support of the people the Army is tyring to defend and is funded by. That is the kind of things PsyOps does. Here is a quote from Mr. Garrison I find familiar to me in that the FBI, CIA, NSA or others will not help research and confirm my family story but will subvert me bullying me into fights over phoney allegations about me.

> [From Mr Garrison in his own book] With the murder plainly unsolved, a succession of Presidents and attorneys general, each with the resources of the F.B.I. and the entire federal government at their command, made no effort to get to the truth.
>
> On the contrary, when I attempted a real investigation of the assassination, federal officials sought to suppress the truth. I received no cooperation when I sought to subpoena key witnesses like Allen Dulles. I found crucial federal records destroyed, altered, classified as secret, or sealed by the federal government for 75 years. I found myself denounced by the President, the attorney general, and the Chief Justice. I found my investigation infiltrated and subverted by federal agents. And ultimately I found myself on trial in a trumped-up federal case. That is what happens to you when you do

> not go along with the new government's ratification of the coup. [Ed Garrison Quote]

Mr. Donegan you said there were TWO locations you had found corroboration of you own reports. If the first corroboration of the JIT Survey matters are others reporting identical abuse that you have reported what is the second corroboration? A. The US Senate Torture Report where CIA misconduct has been studied and what I have reported for decades is also listed in that report. Q. Did you make your assertions of large scale misconduct as described by these others before learning of the corroborating reports? A. Yes. The only reports I had ever heard before similar to these or including these were those made by Karen Silkwood.

Q. Mr Donegan you assert now that lingering questions as to whether Uniated Airlines flight 553 and Transworld Airways flight 800 can now be answered in balance towards the conspiracy theory rather than a answer not involving a conspriacy. Why do you assert that? A. Several reasons. One is that the death of Dorothy Hunt who was (per St. John Hunt) divorcing E. Howard Hunt helped Nixon survive an emerging scandal and that was tied to Murder Inc., in latin American and the Caribbean that now has been admited to by the US Government and officials of that era. Next I assert that based on new research into the facts and increasingly available online information that is more available than it was in 1996, and that information included information on Patty Hearst, Brigid Berlin, and the knowledge of the Heast Family in those Nixon plans E Howard Hunt had been involved in. Jed Johson was killed on TWa 800 and that history was central to understanding CIA history.

Finally in yet another unheard of thing I had asserted to a former roommate who had rented me a room in San Francisco California that if I boarded a plane to Arlington VA to live with

my mother the pane would be shot down. I couldn't believe I heard that nor could the many others I told about what I had heard. Since then I have found the connection between the Hunt family and the Donegan family related to those other air disasters. One possibility is that since I had overheard that conversation and reported it a staged aircraft disaster after that would have been too suspicious.

Q. At that time were you concerned high level military involvement was occuring and did you becoe concerned of satellite radiation, etc., A. Yes and today I a still uncertain as to which conspiracy theories have a basis for truth.

Q. Is there anything you wish to add to the Karen Silkwood case that you have researched and mentioned? A. Yes. I asserted not only was I radiologialy attacked those who did so were bragging about doing so. If they had not I might not (except for a few other reasons) believed it so. Yet since then others have reported these kinds of attacks. I do note that Karen Silkwood may have had the FOP2 gene and the company she worked for that was a nuclear power company had been represented by the law firm of William Barr just as William Barr had worked for a law firm that defended BCCI "the worlds dirtiest bank" according to headlines. I also believe Caitlin Mahoney had carried this FOXP2 gene.

Q. Mr Donegan have you researched illegal "*Color o Law* activity by the FBI and aligned law enforcement agencies and those cooperating with them? A. Yes. I have read The War At Home by Brian Glick and have PDF copies I have researched in detail including many of its footnote related materials and wikipedia and other entries on the stories and anecdotes told in the book. I have a copy I am hoping to provide as a gift to some Russian library or another if they wish it. I have subjected to this treatment as my family has. In fact to pick a fight with you the FBI Psychiatric Shock Troops love to harass you over something deeply personal to you and do thins like killing a pet or insulting your family. I am always terrified something about me (and I have many liabilities) was used to start a fight with my father before he died of a head injury. I know how the FBI,

CIA, and others operate and I am not a fan. It Jen Moore's assertion and my own illegal human trafficking is occuring including bio matter and bio rights that is both clearly illegal, clearly money laundering, and clearly an illegal operation that is tied to murders and assassinations in complex politically directed illegal operations.

Q. Do you believe a Color of Law (backed by high ranking officials in use of law enforcement in the conduct as law enforcement activity) illegal activity is udnerway? A. Yes. There (the illegal operation and those participating in it are knowingly on some cases possibly unknowingly engaging in illegal activities without admitting to the illegalities. Illegalities include forcing meanings into my actions that do not exist and relying on deceitful ambiguity to commit money-laundering, fraud and other serious crimes. Some have admitted the illegality others have not. Most feel they have so much high ranking support for the operation no one will interfere with it and it can for and ends-justify-the means rational for illegal conduct.

Q. In what ways do you assert you are being bullied by covert and illegal activities. A. When I order say; for instance, a small fries at counter a teen girl with a t shirt barely reaching the bottom of her hips will appear and fraudsters act out that my secret order for a child to exploitative view has been fulfilled. I believe that type o allegation is something the FBI and others have done before, smearing a person with that type of allegation, and that they are doing it again.

Q. Mr Donegan you have stated the following:

> Vitriolic Embellishments: The system of Gang Stalk (like most frauds or frame jobs) uses team of fraudsters and creates vitriolic embellishments trying to add negativity into (add it to) the positive and normal life such that once toxicity linked improperly as embellishment to the original activity and person is

poisoned by the added in toxicity. That embellishment that expresses a negative about a person at library, park, or elsewhere destroys the life of a targeted person, can result in fights with the stalkers, and fights against the stalked person on the basis of the smear. Poison is an important word. Cases against a person can be poisoned too. Gang Stalkers bullies fabricating abusive and phony crime scene with evidence plants and false-witnesses, tampering with evidence (by planting evidence and victims, taking phony and impersonated statements, refusing exculpating statements, and misrepresenting events is in law enforcement power and they do so including fraud on the courts including using tampered evidence before magistrates, grand juries, court personnel,, etc., The actions are blatantly illegal, obstruction of justice, conspiracy against rights, motivated by the need of political elites with much to hide, and often formed with the cooperation of racketeering influence officials from small towns or institutions that are either duped or wish to be part of ends-justify-the-means fraud. Another term for it might be COINTELPRO that turns a profit for the racketeering influence criminal organizations operating under color-of=law (a police operations) that is blatantly illegal and continues through the assassination of whistle-blowers and break-ins to home or official offices, or larger acts of terror or fraud.

Mr. Donegan are you familiar with the use of dictionaries? A. [gulp} No. Q. Mr. Donegan would would you like to try your hand at a few definitions? A. Sure. Q. What would these words mean to you? Pretense, Alibi, Con Job, Shill, Fabrication, Self-interest? Money-Laundering, Identity Theft. Organized Crime as operates in Criminal Syndicalism? Q. Yes. A Pretense is something done while pretending something that is not true. A homeless person in a library says "I am going to kill you dirty white peice of shit" Comments of that type I often think are directed at me but coaches of the homelss teach them to use the

pretense they were on a Bluetooth telephone call, they were speaking to somebody next them, etc., The pretense they had directed the comment that is clearly illegal at me has the alibi they had meant the comment for someone else. Criminal Syndicalism is high level officials using Color of Law (police, fire, medical, government employees, and Confidential Informants) in operations that are in fact frauds hoping to achieve criminal ends. Often these are defrauding and smearing a person and that is clearly police abuse and it is often directed at those elite espionage officials fear.

Q. Can you name some organizations you think are part of Criminal Syndicalism? A. Yes. Urban Alchemy is facing a racketeering, violence, and money-laundering law suit now. The allegation made inn that law suit match my own independent experiences with them. The claim to sell me child porn and claim they wil send beautiful elite white models to learn about those "white parts" (by that meaning developed breasts, buttocks, hips, etc.,) since I am a loser and retarded. They have failed to deliver items I ordered from Amazon.com and threatened to tackle me as I showed the shipping record the property was delivered to them. I find them too dangerous to be near though it is my official address while homeless. In addition to that the lawsuit claims the skid row state prison release persons operating the organization hires exclusively life long prison population and I have heard from others and directly taht often they are one or two-times murders, etc, The Ambassadors program of trustees that work in downtown Austin as trustees who clean and keep the peace have similar records. Social Services in most US cities are tightly integrated into their operations and engage in politician motivated operations. The ARC of Northern Virginia and Mark Gonzales of Nueces County and some homeless shelters and religious groups seem to be in the criminal syndicate the police help stage the evidence the financial component thrives on, planted evidence that smears my use of parks, libraries, and apartments.

Q. Can you speak to Brian Glick allegations about the FBI that match the CIA operations worldwide and roles in infilratting some political movements while disrupting other? Can you

name some people tied to this criminal activity run by the FBI? A. Yes. The story of Bobby Courtney of Nueces County fits this. Bobby Courtney was as disbaled and overweight person with retarded intellect and part of church services social care going to sermans and feeds for the homeless. He was taken to strip clubs by this syndicate who asked to ask adult strippers to show him what "boobies" felt like and to take some time touching them, him not knowing about adult "boobies." He informed me as we talked about him using suggestiveness to act like me (in the market to buy a car, etc.,) and what he had been doing. He told me this was run by the Mexican Mafia groups organized by the Corpus Christi Police and District attorney. Q. What becaome of Bobby Courtney? I had bought a car and rented an apartment at Casa Linda South Staples and while I had a home and car and limited contact with him others were using my identity to get boobies, buttocks, domina instruction, and metrosexual and Goth lessons from adult entertainers who provided the sex ed to the FBI and Corpus Christi police escorted dopple of me. I called this Weekend at Bernies. The Police were smearing me as a pedophile and at the same time taking a dopple of me to learn about bondage, discipline, knot tying, etc., and every skid row Mexican drug addict in tweny miles had their rope-kit bondage kit at hand. Q. What happened after you bought your car? A. I decided to leave the State of Texas and rented in both Capitola California and Montery area California. Both leases were sabotaged behind the scenes. Q. Did you hear what happened to Bobby Courtney after you lef? He was found near dead from a violent beating. He had lived for a while but was essentially fataly injured and died shortly after being hospilized. I knew violent and espionage backed gangs were in this and was warning the police but they refused my input or police reports on this. One person was Casper a violent thug threatening to cap me the white-boy when had no idea who he was. Tom Dunham and I have found weird superhero names like Casper and other TV show names are used by the gangstalkers. Jimmy had similar role making me look retarded and a peeper with fake doll eyes and he was found dead at about the same time. Jen Moore died during this period as well whistle-blower I think ARC of Northern Virginia role in sabotaging my housing contracts assisting the falsified claims

and claim processioning.

Q. Does this fit earlier smear campaign then deaths? Yes of Veronic Hoffman who changed what I was into then later was found dead after allowing an impersonation of me. Q. Could you be the suspect in any of this? A. No. With Veronica Hoffman I was in federal custody on a misdemeanor charge of annoying phone calls to a Freedom of Information Act officer. In the case of Bobby Courtney and Jimmy I was in California when they died. On the other hand when I was in Texas an impersonator of me was caught on my birthday at massage parlor tied to the mafia in San Francisco California.

Q. Have you seen and heard the impersonator of you? A. Many times in apartments near mine and that erson using my identity. I have seen what appears to be a federal court sketch artist proceeding of Mark Gonzales looking on through a one way windows at high priced models caching the enslaved (slave collar) naked Ed Donegan and he confesses to the domina but is filmed and recorded by the police or security officers (usually with visible erections) and this occurred with Corpus Christ PD too as they went to Los Angeles to meet and work with Los Angeles dominas there using my identity to pay out from. Q. Have you and others been collecting extensive evidence on turning the tables on these frauds? Yes and as I began to public to the police and others is when Jen Moore who also was collecting it was found dead.

Q. Have you heard them (the stalkers) use the term illegal in their actions? Yes, in fact saying that they were extorting "illegal animal husbandry" in that sperm was demanded in retaliation for the vitriolic smear fabricated against me. Q? Is this in drawing some have released with Mark Gonzales? A. Yes. Q. Have you see or heard the same thing in other places? A. Yes, hundreds of not thousands of times. One of the most obvious is the Beaker license plate jeep at ARC of Northern Virgina references the depicted payout from the domina "into the beaker." These are in my books, videos, etc.,

Q. You have described Roadblocking as Gang Members getting in the way of activities. Are there terms for this in various fields? Yes. In High Tech describes DDOS. Distributed Denial of Service uses a flood of requests for a limited resource making the resource unavailable. Surgical Attacks make a service like a televised game or shopping for an item at the store impossible because people step in the way of it. Sabotage includes theft of office equipment and break-ins, death threats, evictions, and cuts of wiring to building, destruction of office equipment in a locked apartment (it can be done) to buildings, and terminations of leases on fabrications, all of which I have experienced. The operatives often have the sophistication or resources or techniques of the Watergate Breakin that rented an apartment next the area that was targeted for a break in and fake IDs that allowed for access even when the burglars had their actual IDs with them, one at least dropping or being caught with it at the crime scene.

Q. Would you describe in your mind the difference between and advisory about a person and a smear? A. Yes, most know I prefer adult women, sophistication, and I am adult myself seeking partnership in this. The smear is opposite this, but the Protection Racket funds itself on the smear because it is the smear of me that creates the harm the protection racket pretends to remediate. Shills are those who act under-cover to perform these illegal activities.

Mr. Donegan before we begin specific sections could we begin with the topic of MK-ULTRA that some have called No Touch Torture. Do you feel you have experienced that? A. Yes and in fact it has led to jails and institutionalization of me. When I have reported abusive conduct of Stalkers who to me are clearly on some weird mission surrounding me and referencing things about my life often in a distorted way those I report stalking do don't understand that these stalkers by eye contact, facial expressions clearly directed at me, and by the types of actions and when they are undertaking actions I can tell of if others can not that my life is under harassment. When I try to write books, etc., the music becomes louder and often to set to music I don't like. Often a patter of songs may be a playlist that has some

weird clown like distorted mirror on the subject of my life while distorting it. It a form of vauge pestering.

Q. If this is pestering are you sure it is hostile? A. Yes, the people making pestering actions clearly mean it in hostile ways distorting the positive part of my life they are referencing. I have specifics of that for later but I can tell you that they behavior is vague but hostile and insulting.

Q. In what ways do you think people want to annoy you? A. They say things like Merry Christmas and when you sneeze they say God Bless You. (Mr. Donegan becomes uncomfortable and begins to go into a cold sweat. "When will they realize the Earth revolves around the Sun?" he wonders"

Q. Mr Donegan, trying to keep to serious answers can you explain what you believe or what is believed to be a Gang Stalk, or what also has been called a "fixers" or "plumbers" operation to stop leaks about government officials? A. Yes, to be dead on balls accurate a team of people sufficiently re-enforcing each other all under cover and with enough backing, resources, and planning can get away with even the most illegal acts even with the public watching. One example was the team of fixers who broke into the Waterate offices but because an ID card from the Whitehosue was dropped the operation and its funding was traced back to the Whitehouse. Q. Dead on balls accurate? A. Yes, its an industry term.

Q. Do you assert that type of illegal operation is underway now? A. Yes, and per information from Jen Moore and other sources it may be tied to Rod Rosenstein, Eric Holder, and Machen Jr., who have faced scrutiny in the press for an operation of questionable legality designed to stop leaks of. Q. Do you recognize his name other than Jen Moore disusing him and Noonan I think his sister or wife? I recall when I was prosecuted by the National Institute of Health aka Health and Human Services (formerly as part of the Department of Health,

Education, and Welfare) for accusing FBI NY Criminal Division of both stalking me and coopting materials from me (at that time the location of Christopher Asher Wray (born December 17, 1966) or sometime near that time-frame. It was Rosenstein list as the US Attorney with an Assistant US Attorney from the state of Maryland in court room proceedings. I was suspicious of presidential level involvement at that time, was accusing Barrack Obama Jr. and others of misconduct at that time, and Obama Jr. during that time was sworn into office just as I was being released from a psych hold. The National Institute of Health is on US Navy property in Bethesda and includes the US Deptartment of Defense Public Health Service Commissioned COrp, the military officers (courtesty ranks) of non-combatant US Naval officers. Q. Was part of that psychiatric hold studying your racial views as a matter of psychology? A. Yes though I have asserted I have a logical scientific approach to race and evolution not widely accepted but backed by available scientific evidence relied up by other outlying opinions in the debate as well.

Q. So Mr Donegan you assert there are some heavy-weight players tied to legal matters you have been involve in? A. Yes, though not from anything I have done. I have asserted I worked in High Tech, quite lucky to do so. I was in the High Tech area of Silicon Valley at the time I flunked out of colledge, and made it into the same jobs as some or most with computer science degrees. This was with support from my family including my mother and father socially and financaily as I lived at home and worked in voc rehab to get those skills, working had to make up for learning problems I had. I lived at home some of this time, and at other times, including with my mother at the home in Arlington Virginia. I suspect what has brought heavy-weight political interests into my family history was both the story of my mother and the story of my father, and like the Hunt family, each had extraordinary backgrounds that though covert brought them together to meet each others. That was the unusual piece of all this story. Q. Who was the FBI Director during that arrest

and investigation? A. Robert Mueller III who Gene "Chip" Tatum (later found dead) and I assert is part of the CIA and tied to robber baron families like the DuPont, Trusdale, and other families. DState Analytics has even more detail on that which I quote them of.

Q. Have you recently made up a witticisms about Gang Stalks? A. Yes, if I may. "If enough criminals are in an area committing a crime against a person and denying the crime has occurred is the victim of the crime actually a victim of their crime?" That is what the Gang STalk does as local business are taken over like property management, delivery drivers or others are recruited to work with the cover operation, etc.,

Q. At several points in your story you left for your old life (Bondage A GoGo) back in California. What happened? A. Wherever I went there were not adult women including at Stay and Play adult bed and breakfast. The landlord Jim Volcelka faked my identity and used it to try to buy rifles on the internet, size 13 combat boots, etc.., I tried to confirm several times and think I did he did not wear size 13 though I did. He allso only had teenage girls there seemingly at times underage giggling snot extensively out their noses. This matched what happeend in Capitola California. Q. Can you explain? A. Jim Vocelcka wanted $600 a month for the one beddroom of a like minded person like me to rent a room, and I like Mark Gonazles was a motorcyclist and only then a motorcvylist no car. Jim Voekcla turned to the black history of Oakland CA and outlaw bikers, etc., and began to assert I only had an interest in teens he was placing there. On the way several things happened. Since he did not take ATM or Tap and Pay I used a cash withdrawal at Wells Fargo. Several times I was using cash and giggling teen girls in hiked up simple white ovesized gym shorts pulled up so far 30 percent of their buttocks were below the gym shorts giglle as they walked near me and hispanics or blacks giglled this was what the money was far and this INCLUDED inside the Wells Fargo. I attempted in both cases to alert thier fraud units

repeatedly impersoonate of me including with Well Fargo domain email addresses were faking being me but I was told basicely sine they had pedohile on the loose (who they tracked) they could not speak to me or allow me to submit information to them. Q. Was that the only cash withdrawal? A. No about the same time in California I went to Gold caberete. I had earlier tried to see Mistress Anna SF I have seen in about 2009. She would be about 10 years older by this time and was about 25 or 30 I think when I saw he that earlier time in Washington D.C. , As I was withdwaring the cash and apointment made she cancelled the seesion after bing approached by others saying she had a "pipe burst" in her apartment and thus had to cancell with me. Similar with Mistress Ultra Voolette of Georgia. Thus known dominas dropped scheduled essions and teens were replave near me. Q. Did you attempt to report this? A. Often for instance I tried to call the FBI from Stay and Play and Jim Volceka shouted NOOO and bumpted into me and the phone. Mutliple times the phone was kicked out of my hand or a person forced a fight with me about the moment I had completed dialing the polie and was attacke by knife or other means, or load and serious destractions occured.

Q. Do you think you are a psychotic and do you experience thoughts of harming yourselves and others? A. There is no question I can lose my temper and do so in a way that is a psychotic episode of clinically ineffective behavior. I also think in reference to the JIT Survey I am being emotionally programmed as the CIA under James Jesus Angleton asserted can be done to an individual. I am the victim of racially charged street theater. I no time of my life can I ever think of anything like an event like this occurring yet it is scripted out constantly. Some racial group often immigrant or non-white sell me the sight of underage girls. Similarly they make a point to show they and thus perhaps me can follow white adult women around who have more form. The latter part works well for me and I did not need to be taught that but the stalk of white women is odd. It is exploitative as to time, place, and manner, trying to use the fact that gym clothes tend to be more unbinding of motion thus cut differently than clothes not designed for exercise. This insults me as a loser hoping for a

peep in all the wrong places and all the wrong times. It also make me feel the people suggesting I am buying the sight of these people from my enemies. It seems to engender in me animus towards those staging those appearances about me.

Q. In what ways do you feel this may have created traumatized sensibilities in you? A. I no longer trust police and feel they use this allegation against me in a predatory way. That will come up in different section but I am surprised Mark Gonzales and police and fire can engage in a protection racket that I assert uses baseless allegations in a distracting fight regarding fraudulent images portrayed of me to become the diversion of my time and resources from the more important work I am trying to engage in, and that it is intentional this other matter of baseless allegations and smear campaign is intended to hinder me.

Q. In the survey one section is do you the person responding to the survey feels romantic relations with others are being interfered with? Do you believe this is so and are you trying to date Dominatrices? A. No, not since Eisana Eiger. I started a relationship of sorts with her as a submissive and not in an exclusive way of any kind. I simply didn't have enough time with her, became unfulfilled, and frustrated with the situation and uncertainty in relationships doesn't work for the volatile emotional type as I learned. I did have friendships with many dominas and enjoyed that. When at Bikini's Sports Bar watching football in Austin Texas I was surrounded by some type of cover operators who were saying (while playing to a dominatrix mindset) why not leave the bad boy who acts badly hoping for punishment for being a bother alone in the corner and play with others? Of course dominas do think that, that idea was being played to, but the image they were portraying to dominas of me was very unfair to me and who I really am. Q. If you weren't looking to date dominas how does that hurt you? A.

Well in several ways. First is that friendship with dominas and mutual respect is part of being connected to the scene, its activities, and events. Being vetted is important, and having good contact, well known, and a good experience and knowledge level is important. Having all that sabotaged to scene leaders means not getting vetted housing with scene members in shared rentals, friendships in the scene, etc.,

Q. Stop 007 org web page has the web page title Fighting Secret Service Criminality and the US Senate Torture Report on CIA Misconduct clearly references the US Secret Service or impersonators of them according to you Mr. Donegan. Are there corroborating history you are your family could be connected with any of this. Anything in your family story or your life history (other than mental health history) that would lead you to think you are connected to world history and these organizations? A. Jen Moore who was telling the Donegan story did. She had the files and also talked about Gang Stalkers using dirty tricks, death threats, and other techniques including plausibly denied murders to stop the truth of Allen Dulles, the CIA, and JFK assassination from becoming known. My family WAS in very secretive activity. My father was a RECON pilot who flew missions in WWII to find targets that people like MacNamara would use to destroy the industrial bases of Nazi Germany. My family was from Boston and my family both my father James and his brother Robert appeared part of the Manhattan Project and the dropping of the two atomic bombs in Japan. In the first and second air wings (attack wings) my father appears to have been prepping pilots of planes like his for the strafing runs on Japan that would weaken defenses as the bombers began to arrive. He was at the atomic blast testing that detonated the first bomb before the other two were dropped in combat.

Q. Is that all that leads you and Jen Moore to think this is JFK and world history connected? A. No. My father served in ATSUGI or a base like it and I believe this as in that 1951 to

1954 time-frame E. Howard Hunt was there in CIA operations with Prouty. Col Flecther Prouty was a longtime friend of my father and mother and I knew him as a child in Boston Massachusetts. He has written on the CIA role in the Kennedy assassination as E. Howard Hunt has, St. John Hunt has, Jen Moore has, Ted Gunderson has too. Ted Gunderson also connected these events to Mc Martin Preschool I went to in 1962 and Franklin Nebraska that William Colby and his CIA assistant John DeCamp believed were CIA activities tied into genetics, bastard children with hidden identities, and covert world programs. Though some of these figures look bad in the press asserting satanic networks in fact they ALSO assert the various cult gangs are state-sponsored and assassinate on commands of elite higher up NWO orders just as JFK was assassinated in that way. Gene "Chip" Tatum shared these beliefs including about the Mueller family tied to Trusdale, DuPont, and other robber barron connections that pull CIA operational strings.

Q. Mr Donegan you quote Ted Gunderson, John DeCamp, William Colby, and Keith Labella and Jen Moore all who have CIA contacts (except possibly Keth Labella?) and would like to explain a quote offered in this statement that is used from Ted Gunderson and Geral Sosbee both?

Sosbee on the topic and others as well. The "Family Jewels" is the name of a set of reports detailing illegal, inappropriate and otherwise sensitive activities conducted by the Central Intelligence Agency from 1959 to 1973. William Colby, the CIA director who received the reports, dubbed them the "skeletons in the CIA's closet".[1] Most of the documents were released on June 25, 2007, after more than three decades of secrecy. The non-governmental National Security Archive filed a request for the documents under the Freedom of Information Act fifteen years before their release. - Wikipedia

Based on my professional experience, extensive intelligence information and belief, it is my professional opinion that the F.B.I is involved in and has investigative files on the subject of gang stalking, related gang stalking methods, and gang stalking

groups in the F.B.I's vast intelligence files, that are responsive to Mr. Labella's F.O.ILA. Complaint. Furthermore, I have personally referred numerous victims of gang stalking to the appropriate agents at the F.B.I. for investigation of their cases. I have also furnished the F.B.I. with documentation of an active, international child kidnapping ring probably operated by rogue C.I.A. agent. -Gunderson

: one having exceptional qualities or potential but lacking refinement or polish https://www.merriam-webster.com/dictionary/diamond%20in%20the%20rough according to Ed Donegan and Jen Moore partially discovered by others before their deaths was the Family Jewels Program. Windsor Bastard Children not elite educated though with great potential would be kidnapped" after meeting with George H.W. Bush and others and groomed for leadership around the world. One liability in the program for Great Britain was that some of these bastard children had the school problem of ADHD, Dyslexia, etc., and those with the FOXP2 gene were a reputation threat to the Royal family. On the other hand those not showing signs could become, at very early ages, placed into political families around the world and become secretive aristocracy with international backing including assassinations to further their careers if their paths were blocked. This was the Finders program.

A. Do you believe Colette Kathryn Stevenson MacDonald (26) Kimberley Kathryn MacDonald (5) Kristen Jean MacDonald (2) Unborn child Date February 17, 1970 Location(s) Fort Bragg, North Carolina, U.S. were Diamonds in the Rough showing FOXP2 signs and killed by drug gangs organized by those like Micheal Aquino of the Finders program to locate children with special skills and on behalf of the Defense Intelligence Agency "Kidnap them and sell them into slavery in foreign political families?" A. Yes, but these diamonds were not suitable to be polished and showed minimal brain dysfunction. Q. Do you believe Marilyn Monroe as as Diamond in the Rough? A. Yes. And she was going to disclose that.

Q. In your family oral and life history is there supporting information? Yes. JFK was in the vicinity of my birth, there is a

White House item in a picture that matches a rare Donegan family book case item, and it seems a CIA program about eugenics and world leaders in a conference call JFK had with Thorkil Kristensen about the time I would have been fertilized possibly by IVF in an experiment or several experiments tied to atomic testing, DNA and tracking DNA defects across generations of people. That picture showed Donald Barr of the OSS and CIA (also the father of William Barr) holding an experimental monkey delivered by an air force pilot a few days after my birth i Los Angeles County where I lived in Manhattan Beach City near city of Santa Monica. My birth was in Inglewood and that is where Packard Motors representatives fitted the Packard Merlin (Rolls Royce design) inot the North American Aviation P-51 fighter. The P-51 was an excellent fighter at low altitude but without the superchargers (much like turbofans of jet engines) could not get enough oxygen for fuel combustion at the altitudes bombers flew at, bombers hoping to avoid ground based anti-aircraft systems. This is has led me to Birther theory that the atomic testing, DNA testing and studies that were part of the Manhattan Project may have (as Jen Moore has suggested) included eugenics and genetics testing in the Los Angeles County area hospitals and Franklin Nebraska Boystown. The CIA is believed to have had connections to the Obama family long before Barrack Obama was born and I am pretty sure this goes to some false birth certificates left around the world son in MK-ULTRA he may have been groomed by the CIA as a potential second generation public figure if his parents were public figures or he was adopted into families selected by the CIA at a young age. Q. Is this and an item also found in that picture of Donald Barr familiar with an item in your home and the oral and written history of your family? A. Yes. I had or rather we the Donegan's had on the bookshelp a copy of a farce of a Rodin sculpture The Thinker in this case the Thinker was a monkey (much like what Donald Barr was holding in that same photo) contemplated his origins on a stack of books about Darwin.

Q. Does the research you place on the Press Kit CDROM go into more detail on this? A. Yes. Thorkil Kristenson and others wanted to improve (by that they meant the quality and orientation of leadership) in poorly developed nations like Indonesia to prosper under US agricultural and other types of aid packages as well as have covertly supported Western leaning leaders and that the CIA hoped for a political future in Indonesia. My CDROM shows the Indochina area was of great importantance to Australia in particular and LBJ, Nixon, and others including PRescot Bush and the Hearst publishing empire supported plans in that area. Col Prouty has writtin on the palns, the firing of Frank Wisner and the CIA plans under Nixon and Eisenhower going back to 1958 and even before. Dr Greg Ppoulgrain (with forward from Oliver Stone) and Lisa Peace who has written on the RFK assassination and worked with James DiDeuginio, Oliver Stone, and others, also point out Indonesia was a focul point under MK-ULTRA and the Kennedy plans for a sovereign and independent Indonesia may have been the underlying dispute leading to the JFK assassination.

Q. What did LBJ believe when he was near death? A. Well of course that veried since he was near death since about 1955 when he had a heart attack and did not run for president in 1968 with continuing heart and smoking problems. ohnson recorded an hour-long television interview with newsman Walter Cronkite at his ranch on January 12, 1973, in which he discussed his legacy, particularly about the civil rights movement. He was still smoking heavily, and told Cronkite that it was better for his heart "to smoke than to be nervous".

On December 8, 1972 UAL flight 553 crashed with Dorothy Hunt.

In April 1972, Johnson had another major heart attack while visiting his daughter, Lynda, in Virginia. "I'm hurting real bad", [338] he confided to friends. The chest pains returned nearly every afternoon - jolting pains that left him frightened and breathless.

At approximately 3:40 P.M. Central on January 22, 1973, Johnson suffered his final heart attack in his bedroom. He managed to telephone the Secret Service agents on the ranch, who found him still holding the telephone receiver, unconscious and "appear[ing] to be dead".

Like Chauncey Marvin Holt with about a week of his death he believed that Lee Harvey Oswald had not acted alone and was tied to the Murder Inc, operation he and Vice President Nixon had run in the Caribbean. And it turns out LBJ was right. That very crowd of Chauncey Holt, Jack youngblood, Charles Harreslson, the Cabell brothers, William King Harvey, and others including General Landsdale did kill JFK together. What Chauncy Holt regrets is that the CIA killed LHO to make a patsy out of him and hide that he was part of the CIA while under-cover as a Communist Sympathizer.

Q. Do you believe that Lee Harvey Oswald at his death was trying to call Raleigh North Carolina and Army Intelligence that cleared the Kutschera family several times to enter the USA and thus as there were Nazis in North Carolina? A. Yes and I believe that was the Dean Rusk and Glorian Donegan story of underground railroad helped by Jospeh Kennedy Sr. and Dean Rusk. Q. Do most confessions of most people who were part of events seem to confirm every peice of this now? A. Yes. The evidence has long been here, but without the sort of story the painting tells the pieces could not be put together. Now that a picture of that history unfolding is told in text here in my books all the puzzle pieces now can pictorially be placed together. Q. Could you be wrong about this Mr. Donegan? A. Yes and I am quite concerned about that. But I more concerned harassment of think I am correct about this and they fear that truth.

Dispite the official accounts being frauds is the truth coming out anyway? A. Yes and I call myself a movement writing asserting the truth of a Deep State and say we (thousands of not millions) of writers now are telling the story of the mafia, the CIA, Latin America, JFK and more. We are gaing in strength since the days of Mark Lane, Gary Shaw, and many others in large part because of the depositions they took on their own,

the evidence the preserved and archived, and the stories told by people like Col Fletcher Prouty.

Did Jen Moore assert at the time of death about to reveal your name as the person who with his mother lived at the location she was filming also assert the Vatican, OSS, and CIA had been involved in these MK-ULtra activities in orphanages and pres-schools? A. Yes.

Q. Do you assert covert programs have wrongfully blacklisted you in other areas such as employment or housing? A. Both. I don't have any intention of asking a police officer or sheriff or anyone else IF I should rent an apartment or buy a home. But reators and apartment managers do ask the police before an agreement is signed, at least in a way. The previous fights the police picked with me show up as misdemeanors or being kicked out of coffe shops or evicted by landlords and sheriffs. But what is not seen is that undercover operations staged egregiously false allegations I used my apartment as peeping tom hut to over look children in parks, common area play areas, etc., and those smears even pursued in the court against my trust fund left a devastating record that when presented to renters, sellers, or leasing agents will result in my app being denied. The same has been true with jobs. Some of it is my fault, some of it is theirs, but they can turn the difference from an app that would have passed to one that will be denied and do that quite easily. Apartments I have moved into had the neighbors changed out to petty criminals who made the apartment crime dens mostly blaming me to the police I was the criminal and that seems to be just what the police placed them there to do. I think all of these techniques were used on my father and other too per their reports to me of odd conduct from neighbors, harassing phone calls, etc.,

Q. Do you assert this is a Modus Operandi of high level policing programs ordered from the Whitehouse or similar levels? A. Yes. My brother was politically connected to those

levels of government and others have written books about this like MarK Ritch about how fixers for high power criminals misuse law enforcement for vendettas against whistle-blowers. Mostly police would NOT go along with a simple campaign of harassing a writer, but a smear campaign the writer is into child porn, etc., will get the police in compliance with the Code Red type operations. Cathy Meadows has written Hi Mom I Am A Targeted Individual. The dirty tricks described have been described (again) by people in my life who have witnessed the smear campaigns, identity theft, etc., One is Tom Dunham. He and I have large amounts of proof a dopple of me and sometimes a dopple of him are leaving a trail of bad behavior that is out of character for either of us but complicating our lives as the smear campaign has been designed to do. That evidence is in my books and data archives.

Q. Who do you believe is responsible for the death of JFK, RFK, illegal activities in the USA, and the greatest failure in law enforcement in criminal history? A. The Texas DPS Rangers and all elements of DPS. The Texas Rangers were unofficially created by Stephen F. Austin in a call-to-arms written in 1823.

The Texas Ranger Division, also known as the Texas Rangers and also known as Diablos Tejanos (Spanish for 'Texan Devils'), [4] is an investigative law enforcement agency with statewide jurisdiction in the U.S. state of Texas, based in the capital city Austin. In the time since its creation, the Texas Rangers have investigated crimes ranging from murder to political corruption, acted in riot control and as detectives, protected the governor of Texas, tracked down fugitives, served as a security force at important state locations, including the Alamo, and functioned as a paramilitary force at the service of both the Republic (1836 1846) and the State of Texas.

Q. Did E. Howard Hunt along with Charles Harrelson confess to the murder of JFK in Dallas? Yes, and many others as well. Q. Do you think the DPS Rangers and most law enforcement agencies are cowards based on your experience? A. Yes. Q.) Mr Donegan do you believe that like E. Howard Hunt and Lois Gibson you can confirm a George H.W. Bush plot to assassinate

JFK? A. No. Q. Mr Donegan did you not asser the Hunt family and the Donegan family are tied together in Cold War history and Lee Harvey Oswald at ATSUGI and RFK at Inglewood California the area RFK was exectuted by assasins in? A. Yes, but I can only explain WHY the Oil and Robber Barrons shot JFK. That is not the same thing. On the other balance scale plate the why not only helps answer as to they did it also answers perhaps 100 more deaths than simply JFK. It was that same missing reason explain JFK and RFK that explains far more world history and connected politicians like LBJ and the Bush family.

Since the confessions of E. Howard Hunt, Chauncey Marvin Holt book in 2014 with an appendix full of complete documentation, the Lois Gibson interviews on Chauncey Holt have the Texas DPS made any moves in this direction of pursuing these leads. A. No. They continue make death threats against me often using FIRE, EMS, and Highway Patrol, and refuse to stop break-ins to my home, etc.,

A. Can you go into the issue of actual cowardice? A. Yes. This goes to several locations including Corpus Christi Texas and TJ. Henry Law. Police were lined up with erections waiting there for high priced leggy models led into through the freight elevator as the police giggles and touched themselves. I pointed out this was racketeering fraud and the District Attorney was pointed out by assets used by those mobsters and had Mexican Mafia involvement in the money laundering that was and is passing large bills paper money between homeless persons. Q. Did you repeatedly give this information to all law enforcement that is was fraud ? A. Yes, and at the union hall for police sheriffs made it clear I was way in the wrong place and get that CDROM away from them.

Q. Was this in the context of other information and events that were inherited from California and Virginia? A. Yes. These relate to Concord and Martinez California. There were two sketchy persons name Jesse and Chad. These two were fairly close and I knew a little about but not much. Several times in our lives we crossed paths. My loss.

Q. Mr Donegan you and others have spoken of Zersetzung as the German word for Gang Stalk and that the covert system allows for detaining in prison or psychiatric wards law abiding people under excuses that are created. Can you explain Covert Aggression and responding to it? A. Yes. This came up once in a psychiatric evaluation for competency I once underwent in FMC Butner FEderal Medical Complex. They evaluation asks those in the legal system about to decide on plea bargains, to excerzie right to trial etc., if they understand the consequences or procedures of these types of decisions.

Q. What was one of those questions? A. If a person enters into a plea agreement can it be overturned? Q. What is or was the answer. A. I stated as a routie matter the purpose of plea agreements is that both parties compromise on a stipulation from the defended if accepted and a sentencing recommendation from the prosecution that meets the desired outcomes from both sides of the case within the boundaries of each parties decision choices. As a routing matter once agreed to it can not be overturned for a number of reasons one being the statement of fact having been given to the courts as agreed to, the proffer of an admission of guilt actually made to the court. The second reason is the agreements are designed to reduce expenditures and time on a case and allowing the case to be appealed defeats that purpose. Q. Did you say you were aware as a normal every day citizen news items about overturning a plea deal? A. I stated as the routine matter and what my answer was (the plea agreement could not be overturned) but that in very rare cases such as with a US Senator it may be found that a plea agreement reached and agreed to at a particular time was so unjust the Manifest Injustice standard is reached. Things that create a Manifest Injustice need to be remediated. The Gang Stalk is so abusive it creates a Manifest Injustice the Stalk victim especially and often only in areas so important to the Stalk victim they have no choice to fight the injustice. Q. Can that be dangerous for a stalk victim to do? A. Yes. the Stalk victim has a hard time

proving unjust treatment of them was directed at them. The Stalk party will often use names that are bizarre and thus when a Stalk victim reports Stalk behavior to the police the Stalk victim not only sounds paranoid but schizophrenic as the Stalk victim uses the bizarre names used by the Stalkers.

manifest injustice noun : an outcome in a case that is plainly and obviously unjust. acceptance of an involuntary guilty plea constitutes manifest injustice. https://www.merriam-webster.com/legal/manifest%20injustice

In impersonator of me is used to fake a confession of me of what is staged that I have done but have not done. The stipulation is used in asset siezures. Everything about it is fraud. Do all or some parties know it is fraud? At least some do know as I know the person tracked down and forced into confessing (to the protection racket faking that I am a threat) is not me nor is that person like me. In a recent visit to Target near the Austin Central Police Station a loser being chased by security was near teen girls bragging no one could catch a person like him and that would be able to get away with it again, of course laughing in the face of the Target security services. When this loser gets caught by security that loser will meet a high priced adult entertainer and learn about adult women ot teens.

Q. Mr Donegan have you heard Al Capone was brought done on a technicality, that technicality being tax fraud. What do you now think of that? A. I have learned that was no technicality. It was the destruction of the alibis he had created for concealing illegal liquor operations. Organized Crime wants to profit from illegal actions but launders criminal activity into fake legitimate activity and moves illegal profits around in shell games and racketeering influence organizations sham transactions in such a way the fact illegal activities are under way and the profit of those illegal activities are lining the profits of the Racketeering Influenced Criminal Organization is what tearing down the alibies as to how the money was earned was good police work. In my case similar RICO is being used to defraud me.

AQ. Are the acts of fraud so sophisticated and highly placed public officials including accounting agencies, courts, health-care organizations, or others are knowingly or unknowingly part of that fabric of fraud? A. Yes.

Q. Have peole demanded sperm bank rights from you and attacked you or given you death threats if you would not comply even though the claimant had no right to such a claim? A. Yes. Q. Who may be involved? It appears Nueces County officials of Texas, Austin County officials of Texas, Arlington County Services of Virginia and ARC of Nova Norther Virginia as involved in that fraud I document in my books. Jen Moore was part of that fabric and found out she was in a fraud run under color of law. As she reported that fraud and the family history of the Donegan family she received death threats and was found dead. Her allegations included money laundering, identity theft, blackmail and extortion, separate crimes but both present, and tied to treason against the USA and a cover-up dating back to Allen Dulles and the CIA.

Q. Could you tell more about Glorian Donegan your mother who you assert was brought to the USA in sorts in the manner that Maria Kutschera arrived in the USA pregnat to give birth after having lef the convent in Salzburg Austia?

A. She was oddly close to Dean Rusk then at Davdison College in North Carlina, my mothers place of birth at that time. He would later work for the Rockefeller Fund in the 1950's and replace John Folster Dulles as Secretary of State. She also had Borderline Personality Disorder and the FOXP2 symptoms. Dry throat leading to chocking and vomiting that I had too and had an upper GI. I finally found drinking water works and the swallowing mechanism did not hold food and distend in herniating way.

As a child Dot Dew and her and the Gandy's tried to figure out why I Ed Donegan was so volatile (Borderilne Personality Disorder) as a child. They thought it was a milk allergy. All through and up to 1979 or so they were pursuing

endocrinologist and metabolic or hormone problems, and this she thought intertwined with alcoholism and sugar. She also had Borderline Personality Disorder and the FOXP2 symptoms. Dry throat leading to chocking and vomiting that I had too and had an upper GI. I finally found drinking water works and the swallowing mechanism did not hold food and distend in herniating way.

King George VI, Price Albert of York, would make the speech in 1925 and later become king of England and Great Brittian after his older Brother Edward Prince of Wales and for one year King Edward VIII was crowned King only to step down for close ties to Nazi Germany. I am told I had a grandfather I thought or Ireland a former king who stepped down and I was nameed after and I believe that was King Edward the VIII and in a gene that shows in half of family members Edward VIII did not show it, his younger brother did. Tom Donegan did not show it, Ed Donegan (me) and his mother did including the swallowing trouble which is from dry throat. Like my mother most of my life I have had dry throat and swalling problems and medical tests like Upper GI Radiology in Contra Costa County California showing testing for that. Drinking fluid is the test and I was able to do that O.K. but not dry food without water at the same time.

Contextual Emotional Distress

> Normal Contextual Emotional Distress. While not a psychiatric symptom it is a synthesized cognitive result. "*You aren't paranoid if they really are out to get you.*" By (deniably) creating alarm in the Stalked person the stalk person's alarm is therefore considered biological rather than contextual. At the same time a person is reactionary to the environmental stressors they are reacting to it also manufactures an animal model as to how nationalists may respond to assault as for instance Adolph Hitler did.

Q. You also assert before reports of Havana Syndrome became public you were a victim of it. Are there any records? A. When I asserted it in 2009 I had only heard of Silkwood. When I asserted it in 2009 I was hospitalized as mentally ill having made the assertion but I did have redness of the skin that was said to be differing skin condition (Eczema that causes red swollen skin) not radiation burns. I had ringing of the ears at that time, etc., Since that time high level security personnel have been reporting it and though I am not my family's covert background was. The burns affected much my body including the hips and lower body but chest and hands and face also.

Once slammed in disability services as a person like me has had done to him those disability services are able to encourage others to reject his accusations of fraud and also at the same time be the party defrauding him, in this case me, using racketeering and money laundering set up at minimum by ARC of NOVA, it sees Arington Coutry mental health services at Sequoia Plazae, and high level white house contacts Tom Donegan, Creamer and Foval, Democracy Partners, and others were involved with and those other partners may have been religious groups.

Jen Moore asserted Mental Health Services (who have a function under US Public Health Services mental health) studying psychology and participating in officially directed

PsyOps. You and Jen Moore assert this advanced warfare system uses thugs ans streat people, prison snitches, neighborhood watch, etc., for politically directed harassment and sabotage of people in the USA. They are parts of Gang Stalks. Mr Donegan what name would you and Jen Moore use for the the role of mental health patients? A. Mufflers. In an internal combustion car the high pressure gasses leaving the cylinder make a noise sound heading into the exhaust system. I will say here that could be analogous to me speaking in a public area or in a meeting or writing on my computer when some kind of sound of my interference distortion or hindrance will begin. A homeless person next to me will start shouting, assets of the FBI or CIA or police may use their family members like a child to mock me at the time I am writing acting like my gym bag or backpack has a camera they are acting out to, the music will be turned up reall loud. It is like baffles are starting to shut down what I am doing, distracting it, harassing my usage of my time and space to write, being frustrating mockers of me, etc.,

Q. Mr Donegan they assert you had little music history knowledge, fashion knowledge, etc,. Can you give us some history as to understanding Domina training and the behind the scenes activities? A. My first BDSM friends were Dominas I had met and about a similar time, mid 1980's in the South Bay I had met Robin Roberts. Like with the strip clubs I was haning out in I hung out with him in the South Bay Backdrop clubs speding hours on electronics and BDSM. I spent many part of that period of my life with him as he trained dominas in the living area and we were pulling electronics parts from large round bins about the size of trash cans going through circuit designs and PSTN, etc., KI had alslo befriended Lorrett of Fantasy Makers and spent similar tinme there in Berkeley. I had know Athena as a personal slave for a while who was part of founding SF GOth in those years.

My freindship with Robin Roberts continued as he encourage me towards my Novell Networking certifications while those in AA were complaing and snearing at me. I really was growing doubtful of AA that time and after a series of events I left. But I also thought I was being stalked and thought politics were

behind it and I wanted to cut the more exotic parts of my life out and I had not returned a few casual calls Robin had made to me asking where I had been in recent years or how it was going.

Involvement in the BDSM Community

"He is considered to be 'the father of Het BDSM' in the Bay Area", says Jay Wiseman, author of SM-101.

He is one of the prime movers in the BDSM community. In the past 40 years, he has trained over 1000 professional Mistresses.

Robin maintains a 12,000 volume / 4,000 video tape library for people desiring to do research on "topics sexual". Eric Kroll has used the library for research on several of his books published through Taschen Press, including his books on Eric Stanton and Bill Ward.

He has been working as a commercial bondage photographer since the late 1950's, having worked with many companies including; Movie News owned by Irving Klaw, Harmony Publications and others. He is well known for his bondage photos printed on the covers of Detective Magazines.

He is currently writing an eBook on BDSM which is scheduled to be released in the fourth quarter, 2006. (Plans changed. I decided to publish it online as a wiki site and you are reading it right now. <g>)

Working in Electronics

After eight years in Navy (serving aboard the Wilson, the Duncan and the Chicago), he worked at Ryan Aeronautical helping design and develop the digital doppler radar aboard the Apollo Lunar Lander, which allowed man to land on the moon.

He moved to Gulf General Atomics installing TRIGA nuclear reactors and designing shaped charge explosives to launch rockets and to model nuclear tests. He also developed instrumentation for underground nuclear testing (See "Project Diamond Dust" and Project Plowshare)

As a Professional Photographer, his photos have been used in many product brochures and catalogs.

After moving to Northern California, he worked at Durrum Instruments building, installing and maintaining Amino-Acid Analyzers. As a direct result of these liquid chromotography analyzers, a test for PKU in newborns was developed. The analyzer was also used to test blood and urine medical samples for many diseases including diabetes and mapping protein structures.

In the late 60's, Robin was the Operation Officer and Training Officer for San Jose Search and Rescue, credited with designing four-wheel drive jeep ambulances still in use today. **See also [Level Four]**

He worked at Byte Shop in Mountain View, California. It was one of the very first Retail Computer Store chains in the US. (He still owns a a copy of Ashton-Tate DB-2 serial #102.) Working at Byte, he designed the Sigma Seven computer system (see a connection in the name?) used by NASA at Moffett field to simulate Space Shuttle cockpit eletronics.

He started Sigma Systems in 1974 and has worked as an Electronics Consultant for many companies including

Hasbro, Covad, Mustang Software and NetForce. He maintained one of the first private owned MP/M multi-user computer systems in the US. He was very well known for designing/laying out multi-layer PC boards well before the advent of PC-Cad software.

He is the inventor of the "Dial-Log 1", a call detail recorder which was one of the first commercial applications of 'automatic number identification or as it is known today, 'Caller ID'. He has worked as an Expert Witness in Patent Infringement cases involving telecommunications.

At MicroProse, he was Build Master and SCM on the Falcon 4.0 project and designed software to serialize individual ISO images (CD-ROM fingerprinting) on the fly just prior to writing.

Robin holds BSEE, Masters in Physics degrees, and a Ph.D. in Business Administration, and is a Fellow of *North American Academy of Arts and Sciences*.

He is currently working as a Certified Notary Signing Agent and has been involved with more than twelve thousand loan closings.

I will just supply some copied text here. Sound Absorbing Materials. https://autoprotoway.com/car-muffler/
Since the muffler on a car offers a noise-deadening feature, there needs to be a component that allows it to provide this feature. The internal components of a car muffler consist of sound-absorbing material, often made of fiberglass. Perforated Tubings The perforated tubings help to guide and shape the exhaust bases as they pass and filter through other tubes and compartments. The perforation in these tubes lows for easy flow of the gases, contributing to the noise silencing and back

pressure regulation Baffles The baffles are internal partitions within the muffler that alter the direction of the flow of exhaust bases. The primary role of this component is to aid backpressure regulation and modulate noise created by these gasses. https://autoprotoway.com/car-muffler/

In a noise campaign as it is called rough noise, or noise attacks (or even physical attaks) occur from Agents in Place who are stalking a person and working to silence that person. That can include cooping the voice of the Stalk victim by copying the work of the stalk victim, deflating the value,, worth, and notice of the stalk victim and the stalk victim's voice.

Q. Are there other dirty tricks? A. Yes, using stolen property of a Stalk victim (or propersty donated to charity after a move from one apartment to another, etc., or similar items) to link a Stalk victim to events elsewhere, or planting of incriminating items on the person (baggage, laundry, common grounds area) of the Stalked area. Undercover operative in DMV, Apartment Manager, restaurant mangers, etc., can deep fake records, appearances, dialogue, etc.,

Q. Mr Donegan you spoke of having some liabilities. Have your even been invited to a Barely Legal party of any type such as was depicted in the film Pretty Baby, or other such event? Have you ever configured your autodownloader is the internet newsgroup days to download teens in bikinis? A. No. Q. Mr Donegan you have said you will swear to telling the truth, the whole truth, and nothing but the truth. Do you remember that? A. Yes. So let me tell the whole truth. I was never invited to a Pretty Baby Party. I was invited to a birthday party and found it was for an underage girl. I and a friend of mine took

appropriate action. I did set an autodowloader to download large amounts of porn when I did not intend to leave my apartment while using amphetamines. In those downloads I included teen bikini but to say that was my preference rather than bikini in general would be misleading. It is also true at most times of my life I have found beach-wear attractive and have YouTube Playlist probably going back to around that time of adult women in bikini and wet t-shirt contests, body sculpting appreciate in fitness, etc.., That is nothing but the truth about any of this.

Q. Could you tell me more about that party that turned out to be for an underage girl? A. Yes. I was throwing parties on a regular basis in my home in Contra Costa County as a person I knew was in San Francisco. He and I both had parties coming up. I accepted his invite to his part but only found out what was happening when I got there. In between the invitation and arriving at his party he had asked if he could bring an underage girl to my party and I had answered no. I checked all IDs at there door and there were never any exceptions. Before my party occurred he had been arrested for what had happened at his party.

Q. Why would sometime try to exploit these events to distort your character or totally invent a gym fitness clothing exploitation interest? A. I believe the goal is to gain a position of power by a hostile allegation against me and also to encourage ostracizing and black-listing of me as COINTELRPO.

Q. For this record would you provide that press kit intro now where this data and supporting data is assembled. A. Yes.

A. I also wish to enter into the record Geral Sosbee the Romania history and linguist and Ted Gunderson statements to the US courts on the Family Jewels program and the harassment of them by the FBI and CIA.

Q. Mr Donegan before we begin with the events of 1926 that were precipitated by the events of 1925 can you confirm you are interested in Natual Law Philosophy and read philosophers like Adam Smith and the Wealth of Nations that speak to divisions of labor? A. Yes. Let put some of that into the record that large oranizations can be more efficient that one person or the same number of people acting without organization.

An Inquiry into the Nature and Causes of the Wealth of Nations by Adam Smith.

CHAPTER I. OF THE DIVISION OF LABOUR.

The greatest improvements in the productive powers of labour, and the greater part of the skill, dexterity, and judgment, with which it is anywhere directed, or applied, seem to have been the effects of the division of labour. The effects of the division of labour, in the general business of society, will be more easily understood, by considering in what manner it operates in some particular manufactures. It is commonly supposed to be carried furthest in some very trifling ones; not perhaps that it really is carried further in them than in others of more importance: but in those trifling manufactures which are destined to supply the small wants of but a small number of people, the whole number of workmen must necessarily be small; and those employed in every different branch of the work can often be collected into the same workhouse, and placed at once under the view of the spectator.

In those great manufactures, on the contrary, which are destined to supply the great wants of the great body of the

people, every different branch of the work employs so great a number of workmen, that it is impossible to collect them all into the same workhouse. We can seldom see more, at one time, than those employed in one single branch. Though in such manufactures, therefore, the work may really be divided into a much greater number of parts, than in those of a more trifling nature, the division is not near so obvious, and has accordingly been much less observed.

To take an example, therefore, from a very trifling manufacture, but one in which the division of labour has been very often taken notice of, the trade of a pin-maker: a workman not educated to this business (which the division of labour has rendered a distinct trade), nor acquainted with the use of the machinery employed in it (to the invention of which the same division of labour has probably given occasion), could scarce, perhaps, with his utmost industry, make one pin in a day, and certainly could not make twenty. But in the way in which this business is now carried on, not only the whole work is a peculiar trade, but it is divided into a number of branches, of which the greater part are likewise peculiar trades. One man draws out the wire; another straights it; a third cuts it; a fourth points it; a fifth grinds it at the top for receiving the head; to make the head requires two or three distinct operations; to put it on is a peculiar business; to whiten the pins is another; it is even a trade by itself to put them into the paper; and the important business of making a pin is, in this manner, divided into about eighteen distinct operations, which, in some manufactories, are all performed by distinct hands, though in others the same man will sometimes perform two or three of them. I have seen a small manufactory of this kind, where ten men only were employed, and where some of them consequently performed two or three distinct operations. But though they were very poor, and therefore but indifferently accommodated with the necessary machinery, they could, when they exerted themselves, make among them about twelve pounds of pins in a day. There are in a pound upwards of four thousand pins of a middling size. Those ten persons, therefore, could make among them upwards of forty-eight thousand pins in a day. Each person, therefore, making a tenth part of forty-

eight thousand pins, might be considered as making four thousand eight hundred pins in a day. But if they had all wrought separately and independently, and without any of them having been educated to this peculiar business, they certainly could not each of them have made twenty, perhaps not one pin in a day; that is, certainly, not the two hundred and fortieth, perhaps not the four thousand eight hundredth, part of what they are at present capable of performing, in consequence of a proper division and combination of their different operations.

- An Inquiry into the Nature and Causes of the Wealth of Nations by Adam Smith.

Mr Donegan do you believe your father and many Democrat people felt that like your father James Donegan the Democrat and Proffessor Baird the ultra-right wing economicst from Cal State Hayward? And Hillary Clinton?

A. Yes. THis is going to be a factor in organized labor building for the war effort but and that is part of the RFK story but it is also part of the George H.W. Bush story and the mafia.

Q. How is that Mr. Donegan? A. Well let me state it here and now before the Panhellenc Council that if a person says they are an airplane building and the do the spot welding of the plane skin that was used on railroad cars in Pennsylvania that led to metal planes and pressurized cockpits and higher altitudes you might watch that worker build the entire plane. But you might only see a worker turn a screw, do that weld, or bore an engine to specifications, or draft a design for a new wing form, or chose a wood for the propeller and negotionate a contract for parts. If you watched any of the divided labor doing that one thing you might not be able to that welder, that purchasing agent, that the engine designer was producing a plane. Organized Crime has a very blurry footprint and while it can be productive it can be hard to detect.

Gunderson And Sosbee Docs On MKULTRA CIA COINTELPRO

It is probably Mary of Romania who nearly married GB's King George V helped get pregnant Maria Kutschera from Austria into the USA in 1926 while visting the USA. If in the Mary of Romania Entourage Maria Kutschera may have given birth, then the names changed of the children Maria Kutschera whould then return with the entourage back to Salzburg.

My theory based on the diaries and stories of those involved is Albert or Edward of York (both sons of King George V) had impregnated Maria Kutschera and likely wanted to test if the condition would be passed on to heirs.

Former FBI agent Geral Sosbee was used in FBI Counter-Intelligence specializing in Romanian matters selected for that work because of his Romanian language skills, Romania part of the CIA Family Jewels history and Mary of Tek and Mary of Romania. Romanian As a minority language it is spoken by stable communities in the countries surrounding Romania (Bulgaria, Hungary, Serbia and Ukraine), and by the large Romanian diaspora. Mary of Romania was British born but became a Romanian royal. She visited the USA in 1926 perhaps covertly traveling with pregnant Maria Kutchere leaving the convent of Salzburg pregnant.

> Mary of Romania in really a Queen Victoria Tudor but marries into Romania nobility. Not long later and in the same era Mary of Teck will leave Germany area to marry into the British line. Edward VII was the second child and eldest son of Queen Victoria and Prince Albert of Saxe-Coburg and Gotha. Mary of Teck marries Edward VII and they produce the brothers Edward of Wales and Albert of York. Albert has FOXP2 and Edward does not. I think Mary of Romania worked

"uncle Albert's (or maybe Edward;s) children by Maria Kutschera into the USA as Maria Kutschera left the convent pregnant in 1926. Sosbee was a Romanina language expert for the FBI counter-espionage group.

Mary of Romania 29 October 1875 – 18 July 1938) [Travels to the USA in 1926

Mary who would become Queen of Romania was the daughter of a son of Queen Victoria, the last House of Tutor royal of England. Alfred (Alfred Ernest Albert; 6 August 1844 – 30 July 1900) was sovereign Duke of Saxe-Coburg and Gotha from 22 August 1893 until his death in 1900. He was the second son and fourth child of Queen Victoria and Prince Albert. He was known as the Duke of Edinburgh from 1866 until he succeeded his paternal uncle Ernest II as the reigning Duke of Saxe-Coburg and Gotha in the German Empire.

Marie (born Princess Marie Alexandra Victoria of Edinburgh; 29 October 1875 – 18 July 1938)[note 1] was the last queen of Romania as the wife of King Ferdinand I.

Marie was born into the British royal family. Her parents were Prince Alfred, Duke of Edinburgh (later Duke of Saxe-Coburg and Gotha), and Grand Duchess Maria Alexandrovna of Russia. Marie's early years were spent in Kent, Malta and Coburg. After refusing a proposal from her cousin, the future King George V, she was chosen as the future wife of Ferdinand, then crown prince of Romania, in 1892. Marie was crown princess between 1893 and 1914, and became immediately popular with the Romanian people.

As queen of Romania, Marie was very popular, both in Romania and abroad. In 1926, she

undertook a diplomatic tour of the United States, alongside her children Nicholas and Ileana. They were received enthusiastically by the people and visited several cities before returning to Romania.

Mary of Teck (German area) 26 May 1867 – 24 March 1953) Wife of King George V

Mary of Teck (Victoria Mary Augusta Louise Olga Pauline Claudine Agnes; 26 May 1867 – 24 March 1953) was Queen of the United Kingdom and the British Dominions, and Empress of India, from 6 May 1910 until 20 January 1936 as the wife of King-Emperor George V.

In 1936 Edward VIII will be coronated and abdicate and his younger brother Albert of York of the Kings Speech 1925 will become King of England until about 1951. His death in 1952 leads to his 1926 born daughter to formally beconme the ruling royal QEII.

Born and raised in London, Mary was the daughter of Francis, Duke of Teck, a German nobleman, and Princess Mary Adelaide of Cambridge, a granddaughter of King George III. She was informally known as "May", after the month of her birth. At the age of 24, she was betrothed to her second cousin once removed Prince Albert Victor, Duke of Clarence and Avondale, the eldest son of the Prince of Wales and second in line to the throne. Six weeks after the announcement of the engagement, he died unexpectedly during a pandemic. The following year, she became engaged to Albert Victor's only surviving brother, George, who subsequently became king. Before her husband's accession, she was successive

CIA's "Family Jewels" Now Public

The "Family Jewels" is the name of a set of reports detailing illegal, inappropriate and otherwise sensitive activities conducted by the Central Intelligence Agency from 1959 to 1973. William Colby, the CIA director who received the reports, dubbed them the "skeletons in the CIA's closet".[1] Most of the documents were released on June 25, 2007, after more than three decades of secrecy. The non-governmental National Security Archive filed a request for the documents under the Freedom of Information Act fifteen years before their release. - Wikipedia

William Colby and his wife sometimes under the name of Susan Ford had planned to reveal the program as the continuous revelations and cover-up attempts grew out of control. Ed Donegan assert in 1958 they began testing IVFs to create all-sperm-bank "donor" babies to the CIA using hidden identity donor parents given halfhearted foster parents and Barrack Obama Jr a few years later is one of them.

The Windsor family interested in studying their eugenics asked Glorian Donegan (living under an assumed identity tied to Maria Kutchera and Prince ALbert) was a DNA donor.

When George H.W. Bush became CIA Director in 1976, Barr joined the CIA's "legal office" and Bush's inner circle, and worked alongside Bush's longtime CIA enforcers Theodore "Ted" Shackley, Felix Rodriguez, Thomas Clines, and others, several of whom were likely involved with the Bay of Pigs/John F. Kennedy assassination, and numerous southeast Asian operations, from the Phoenix Program to Golden Triangle narco-trafficking.

Barr stonewalled and destroyed the **Church Committee** investigations into **CIA abuses**.

Chapter 18 Overview of Harassment Methods Used By (FBI's) COINTELPRO, (OPERATION) GLADIO, Covert Community Recruits and Stay Behind (Armies): (OR

“Instruction Manual for Community Gang Stalkers”)

From Dr. Rauni-Leena Luukanen Kilde’s “Bright Light on Black Shadows”

ETK Instruction: I have reproduced Dr. Rauni Kilde’s chapter 18 here because it is an instruction manual for community gang stalkers. These same techniques, and perhaps this same manual, were evidently also used in the FBI’s COINTELPRO (counter-intelligence program) and ***Operation Gladio/Stay Behind Operations*** in Europe between about 1950 and 1990. They also accurately describe the U.S. Military-Intelligence’s ongoing, global gang stalking operations as documented in “New World War: Revolutionary Methods for Political Control” by Mark M. Rich (2011). All these top-secret operations went on, officially undetected, for decades; Gladio/Stay Behind functioned secretly and illegally throughout Europe for four decades, when it was exposed in 1990 by Italian Prime Minister Andriotti. Shortly thereafter, the European Parliament made a resolution condemning Gladio (see Appendix 1), but acknowledged that it may still be operational!

I Edward Paul Donegan assert the long term connections between the CIA under Donald Barr, William Barr, the Bush family, and many others including Eric Holder in a strange fit to the situation have international cartel connections that have used Mexican Mafia, Italian mafia and their subcontractors Murder Inc., who used the Jewish Mafia also called the Kosher Mafia Jack Rubenstein came from and the Meyers Seigal Mob for CIA dirty work including as mercenary soldiers and that included Charles Harrelson a cohort of Chauncey Marin Holt the accountant for Meyers Lanksy and his cocain, gambling, casino, and entertainment tourism into Cuba under Batista.

William Barr has been a core part of the financial cover-ups and money laundering in these networks Special Activities pilots like Barry Seal, Phillip Marshall, Gene "Chip" Tatum, and others flew "for the government" on during these operations. It was Chauncey Marvin Holt among these pilots after he was

discharged from the US Army Air Corps for throwing a punch at a drill sergeant whon in Holt's telling had it coming. Since discharge files of former FBI, former military, former academia, and other trained but jobless professionals are recruited by the CIA many of them became Foreign Intelligence operatives. In the USA I Edward Paul Donegan have noticed as others have large foreign national involvement. Pakistan, Mexican nationals openly bragging about it, Bangladeshi, possibly Egyptian or Saudi roles., etc., This was in one of my earlier law suites Declaration of Foreign Involvement. Such entanglements make tracing the programs in the USA very difficult since the shots may be called in the USA or its allies but documents and financial trails are obfuscated accross a variets of nations, NGO's, and fully private entities that are not under the jurisdiction of the Freeedom of Information Act so it is hard to follow the money. This William Barr and others tied to "the world's dirtiest bank" BCCI and other similar national embarrassments.

GANG STALKING VIGILANTISM RUN BY U.S. GOVERNMENT, SAYS EX-FBI OFFICIAL reads the post title on Rudy2s blog.

The ex-FBI official is Ted Gunderson mentioned earlier in this page and let's first look at Ted Gunderson's death.

In his 80s he said the United States Military was in an NWO overthrow plot and using Directed Energy Weapons on citizens, government officials, conducting poisonings, and other targeted killings on behalf of the NWO and he continued these assertions and writings until his death from Cancer, perhaps Cancer Type CIA-Havana Syndrome.

Rudy2: Former FBI official Ted Gunderson died of cancer on July 31, 2011. Was his illness induced by silent electromagnetic assault or by other nefarious means? We will never know - and that's just the way certain entities want it.

A former senior official of the Federal Bureau of Investigation says "rogue" military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based "gang stalking" harassment, intimidation and domestic terrorism directed at thousands of U.S. citizens who have been extrajudicially targeted as "dissidents" or undesirables.

Ted Gunderson, 82, who has served as the *Special Agent in Charge*of the FBI's **Los Angeles, Memphis and Dallas FBI Field Offices**, has stated in a series of public speaking appearances that **he is now targeted by these same elements, and fears for his life and for the safety of his family**. He reports that the windows of his home have been shot out, and he believes he has been poisoned and physically sickened by those seeking to silence him.

"Based on my thirty years' experience and research, I have

determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States," Gunderson stated in an October 2008 speech posted last fall on YouTube, three years before cancer consumed him.

Q. Mr. Donegan you assert as a pattern of sophisticated police attacks your rental records were falsified and altered by the management office, you were linked to apartments you had nothing to do with, neighbors from disability programs were moved in and normal neighbors were moved out, and these harrassning neigbors and management company were covertly working for the city and county. Do you have another example of this and was using fake names etc, part of the Stalking conduct of the renter? A. Yes, and that is the story of Tara Moore and I do not know what is now happening but I have a letter from and attorney who once represented her. I include it in my books and provide it here for the record.

Tara's Story is Ed's Story is Ted's Story

The Numbers are astronomical, the decades and daily attacks of system of petty theives and petty people operationg in effect under color of law as State assets to sabotage and harrass my life

Much of my life if not all of my adult life has been exhausted trying to cope with covert government harassment. The sophisticated methods use fabrications, staged and deceitful optics acted out in public, coordinated lying and conspiracy against rights via dirty tricks.

The smear campaigns that include break-ins to plant evidence rather than retrieve it and shills moved in to adjoining apartments as real neighbors are moved out create a marionette

string operated hecklers and provocateurs moving in and outnumbering a victim both numerically and how well placed the under-cover operation is in the support it has.

If the real life Tara Moore is still alive (and she feared for her life) her experiences here recited by her lawyer show the same system of attack she experience that I have experienced. That attack being the kind of false allegations of sexual misconduct made predatorially rather than factually.

An anology in fiction. Law And Order Special Victims Unit - Taken Episode aired Dec 15, 2000 Plot Summary: When a young female reports a brutal rape during a hotel's grand opening, the police investigates the details of the attack to pin down their suspect, who has a prior conviction for statutory rape. Director Michael Fields Writers Dick Wolf, Dawn DeNoon, Lisa Marie Petersen, Stars Christopher Meloni, Mariska Hargitay, Richard Belzer

The “special victim” is a former underage girl rapist and himself under age. At his age 17 a con team (grifters) know his background and fake a **Deep Pockets civil complaint against the hotel** employing him at very low wages, the brand new well financed hotel will have to pay-out because it carelessly hired him. With the detectives on the case they find the female victim was a fake, the team creating the compliant a con artist team. Stabler and his partner plead the grifters to a minor or civil charge and the grifters agree. Then Stabler and his partner arrest the grifters on serious charges right in front of the judge for felony involvement in his wrongful death in custody, attacked as a sex offender after the sex offender allegations made it around as romours during detention. After the KOMPROMAT is placed the lynch mobs are stoked by police.

I Edward Paul Donegan have been black-listed from housing and other resources as police harassment (motivated by undermining me and my book writing) as a smear campaign plants seeming children victims of me and while illegally in my apartment in my absence cutting peep holes in the drapes

facing out into the yards or parks, etc.,

Fabricated allegations also drive attacks on me.

In this book I Edward Paul Donegan and Ted Gunderson and Jen Moore have been harassed, poisoned, and threatened over my families history and this includes McMartin School and Franklin Nebraska, the CIA at ATSUGI, the Cold War, and the Kennedy and Donegan family interlinked from Boston to Patrica and Peter Lawford in Los Angeles County.

Ted Gunderson and Jen Moore both asserted illgal stalker teams gave death threats, deadly assaults, and attacks up to and including poisoning in order to silence their stories they assert tie to JFK.

I am being pilloried over sexual interest in minors buttocks and cut-off I street solicitation and exploitation of others I do not have but why?

Organized Stalking is worldwide and is called gang stalking in some areas. The electronic harassment that accompanies organized stalking is also known as covert harassment.

At least 30k attacks on me since 1992 in public and private and no less than 100 open death threat to me in the last 10 years as I try to write. Most attacks undermining anywhere I write my books or have a home office, eroding use of office. It is the Jean Hill last witness story 1000 times over.

The purpose of destroying lives with cover criminal harassment using techniques all the way up to radiologically and other poisonings is the eliminate any martyrdom of fame; simply humiliate a person in society as pedophile, schizophrenic, any form of loser, homeless person, psych ward escapee, and insure over time the smear is effective enough to ensure person behind a dumpster is run of the mill street person, not someone the most elite in society are terrified of.

I have likened the entire plan to have landlords others drive me out because I am a peeper (when I am not but the Gangsalk manufactures this) and leaving me in skid row homeless shelters under black and white assault and loss of all belongings over and over again to the Law and Order Special Victims Unit

episode *Taken*.

Gaslighting has repeatedly left me homeless unhealthy with little communications or hygeine or privacy and under attack by skid row thugs as a bag man in 100 degree heat. All allegations are in some way false and on fabrications of appearances and not reality.

It is exactly the acts of people like Jim Vocelka who take the deal to evict me, profit from it, or help others too, then leave me in homeless shelters where I am said to be there out of mental incompetence needing Social Services representation.

Jim Volcelka intentionally and knowingly engaged in coached fraudulent acts to make me seem intellectually retarded thus needing conservancy as well as faked allegations the layer of conservancy would then pay out as claims though the claims were staged frauds.

"Gaslighting" is the act of moving things around in home when the person is not there such as the location of furniture, etc.,

Stalking a person is most distressing when the Stalker proves to the Stalked person the Stalker has gained access to details of their life, home, etc.,

Gas lighting got its name when a husband in a movie toyed with the mind of his wife saying the gas was off but then in an out of place way lit a gas lamp that should not have worked.

Coming home as I repeatedly did to find my underwear gone, altered, left outdoors, my drapes cut with peepholes, damaged items not damaged when I left, etc., were a particular subset of Gaslighting, staging fraudulent appearances that will both defame and injure me and my reputation but give others a pretext for retaliation against me for what was staged in the Gaslighting.

That first veiled aggression is creating a phony allegation or

the visual support for a phony allegation that then opens the door literally for a retaliation over the phony allegation.

Tara Moore harassed by the GOP mayor and owner of her building is from Weymouth the Town of Presidents. These Stalks were not in spite of the importance of the area, but because of them and the histories.

In my last few days of MacLamar property 1001 N. Water St. I spent nights with kitchen knives with me, my mattress pulled to the center of the apartment, the far side of the room from the windows, and furniture arranged to slow intruder entrance into the apartment.

Police assisted break-ins and other threats were a constant as hostile "snicth" neighbors of street gangs were moved next to me.

This is the life of Ted Gunderson whose daughter was shot at through her window after Ted Gunderson had received threats to that affect in advance and later as well. The bullet-hole was photographed and document and Ted was no slouch in being able to collect and research the evidence.

Tar Moore was agoraphobic, a fear of being outside and even being in fear of being in her apartment. We shared that in common and talked on Twitter about Stalkers and the Government operating through landlord office fronts.

Here is what a lawyer responding to her situation had to say, and at least in my case there was a 25 year plus at least history of every place I lived in custody of or out being exactly the same.

When some people go to bed they feel safe, alone, or with their partner. I don't think I have sensed tat in 25 years and I am not meant to, the stalkers are out their and on a mission to prove that to me at all times.

Re: Tara Moore, 275 Lake Street, Unit 3,
Weymoutl, MA 02189, Docket # 1756SU000273

Dear Attomey Baldassini

I recently made the acquaintance of Tara Moore, supra, and all I can say is that I was astonished by the story she told me about her landlord/tenant relationship with your client Robert L. Hedlund, of 54 Longwood Road, Weymouth, who is also the current mayor of Weymouth. Mr. Hedlund is the registered owner of a corporation known as HWO, LLC (aka Hediund World Order, LLC), which limited liability corporation owns the subject property.

I am going to cut right to the chase by saying 1): that I find it incredulous that a seasoned attorney like you

would participate in what amounts to taking advantage of a disabled woman (diagnosed with Panic Disorder, without Agoraphobia), who is also a recovering addict and who was not advised by or apprised of her rights to counsel in her dealings with you or your cfient, and 2): having seen pictures of the living conditions she has had to endure in her tenancy would be indicative of what a Weymouth slumlord would likely provide to his or her tenants. That the Boston Housing Authority (BHA) participates in the tenant's lease by almost $1 ,200 a month and has done little, if anything, to order your client to correct the glaring deficiencies over a long period of time is astonishing as well probably criminal at least in my mind.

From what I can see your client has also engaged in a pattern of harassment, violating MGL c. 264, S 34A (a) and prowling, the prowling incident admitted on his TV show, "*Ask the Mayor*" on April 6, 2017. If you would like I will provide you with the time stamp information from the show.

I am enclosing herewith a contact sheet with pictures of the premises Ms. Moore leases from your client. The term utterly disgusting really does not fit its description. That you, client and the BHA could care less is appalling and the eviction notice you sent her, without being represented by counsel, has damaged her chances of finding an apartment or condo for her her daughter.

She has already been denied by Weymouth Place: recommended by your client .

That Ms. Moore and her daughter would have to live on the street is apparently not your issue.

Without further ado I am going to print seven copies of the contact sheet: one for you; one for your client; one for the BHA; one for the local Board of Health; one for

Judge Coven; one for the Governors Opioid Task Force and one for District Attorney Michael Morrissey to see what they think about the situation and your ruthless representation for an obvious slumlord.

Qualifications

High Energy Physics

Dr Katherine Horton in an Oxford-educated particle physicist and systems analyst with a Master of Physics (1st class) and doctorate in particle physics, both from the University of Oxford.

She worked as a high energy physicists on the particle collider at the German Electronsynchrotron DESY in Hamburg, Germany, and on the Large Hadron Collider at CERN in Geneva Switzerland. She taught nuclear physics and particle physics at Hertford College, University of Oxford, and conducted admissions interviews for undergraduate physics at St Hilda's College, Oxford.

Physics of Complex Human Systems

At Oxford, Dr. Horton worked as a research fellow at St John's College, a position that allowed her to expand her research from particle physics into medical physics and the physics of complex human systems. As part of the latter, she conducted systems analysis research of the English legal system, economies, the financial system, currencies, as well as white collar crime and organised crime.

Growing up in Communism with Secret Service Criminality

Dr. Horton's first experience of Secret Services and their boundless criminality was in Communist Romania, where she was born to Hungarian-German parents. Growing up as a young child, she experienced the non-stop terrorism of her family by the Romanian Secret Services *Securitate*, an organisation known for its brutality and uneducated idiocy. Dr. Horton's family were a prime target of the Secret Service thugs as they were highly educated and refused to take part in the snitching and informant criminality that was used by the mob networks of the Secret Services to take over the society in Romania.

British Secret Service Criminality

After fleeing Communist Romania with her parents, Dr. Horton grew up in Germany where she excelled at school, skipping year 9 on merit and coming top of her year in the German *Abitur*. Based on her school results and high aptitude for maths and physics, Dr. Horton was accepted for a place at the University of Oxford

where she completed her undergraduate and doctorate before becoming a research fellow, as mentioned above.

It was during her first week as an undergraduate at Oxford, that Dr. Horton witnessed the very same tactics used on her that the *Securitate* had used on her family during Communist times. A group of older men began to stalk her to lectures in the morning and were waiting for her at various points on the way upon her return to the College. They repeatedly took photographs of her and made their stalking and harassment as overt as possible.

At the time, Dr. Horton ignored the spectacle as life in a foreign country and keeping up with studies at an elite university was overwhelming enough. The stalking and harassment by older men continued intermittently throughout her undergraduate degree, but it wasn't until a decade later that it exploded into a high-intensity terror campaign by British Secret Services.

In November 2011, as Dr. Horton was attending a High Court case in London as part of her systems analysis research into the English legal system, MI5 openly stalked her home from court and placed a thug to wait for her outside her home every morning to follow her to the train station. This overt Secret Service terror campaign, that began with MI5 in 2011 has not stopped to this day and has followed Dr. Horton abroad to all European countries through the terror networks of MI6. So at the time of writing, Dr. Horton has been stalked and harassed by MI5 and MI6 for almost two decades.

What began as overt surveillance became intrusive harassment, overt stalking, physical mutilation and sex trafficking by a group of British men mostly in their 50-70s after the end of the court case. Eventually, it morphed into open, rampant criminality by people

connected to the Secret Services and the police. Dr. Horton suffered a Stasi-style break-in, sex stalking by those perverts in Oxford and wherever she went, regular street theatre and harassment by strangers. One of the barristers from the court case, Jonathan Sumption, began to stalk her as part of this criminal network and took prominent part in her abuse.

During this period he also became a judge of the UK Supreme Court and acquired the courtesy title of Lord Sumption. Due to the timing of his promotion, which saw him leap-frog the entire English judiciary by becoming a Supreme Court Judge without ever having served as a judge in England, and the sexual nature of the abuse that Dr. Horton suffered and continues to suffer, it appears likely that Lord Sumption's abuse of her is for the accumulation of a control file that a lot of establishment figures need to have to be promoted up in the cartel world of the ruling establishment.

The violations of the members of this criminal network grew ever more sadistic and brutal with time. They followed her across Europe, subverted her medical care and eventually escalated into systematic physical mutilation of her with Directed Energy Weapons. These assaults that started overtly in 2011 have not abated to this day.

Start-Up, Finance, Consulting

After leaving academia and returning to Germany, where she had grown up, Dr. Horton set out to launch a company. Her endeavour was sabotaged and destroyed by MI6 and German Intel BND with the methods of *Zersetzung*, which had been developed by the East German Stasi. The criminals from BND also began to openly assault Dr. Horton physically, including launching an attack from a helicopter on her as she was

standing on her rooftop terrace in Munich-Solln and a similar attack on her in bed at night that was launched from a neighbour working for BND.

After having to abort the company due to the incessant Secret Service terror, Dr. Horton worked briefly for an asset management firm in Switzerland, a job she obtained by predicting the unprecedented money printing of the European Central Bank. Dr. Horton was forced to leave the job because she began to fear for her life when MI6 and BND increased their intimidation campaign using collaborating criminals from Swiss Intel NDB.

The subsequent attempt to launch a consultancy in Switzerland, was brutally squashed when Swiss Intel NDB began to machine-gun Dr. Horton with Directed Energy Weapons around the clock in January 2016.

Investigating Secret Service Terror

With the explosion of the Secret Service terror campaigns into non-stop mutilation with Directed Energy Weapons, life became impossible for Dr. Horton as she found herself assaulted 24/7 in a torture program that had her death as its goal. The continuous assaults during the day exploded at night when she was lying defenceless in bed.

She made several reports to the local police in Unterengstringen (Zurich) and to the German Federal Police Agency, Bundeskriminalamt. However, it became

clear that they were involved in the criminality as they refused to take action. So Dr. Horton was forced to take up the investigation herself full time.

After extensive online research and after flying to London to attend the High Court case of *Philip Kerr v MI5* and speaking to the business man Philip Kerr and his partner after the hearing, Dr. Horton discovered that her case and that of Philip Kerr were almost identical.

Dr. Horton realised that during her time at the University of Oxford, she had become the victim of criminal operations by MI5, which used her in non-consensual human experimentation and covert sex trafficking. Upon this realisation, she took MI6 (called Secret Inteligence Service SIS these days), MI5 and GCHQ to court but was thwarted by the defendants who sabotaged her case in every possible way, ***including a death threat on the way to court*** in London that MI6 executed with an assassination attempt 3 days later in Switzerland. In the end, the court case was "terminated" and attempts were made to make it disappear off the record.

After this experience, Dr. Horton tried to withdraw but the attacks only escalated further until it became clear that they would not stop until the Secret Services would have succeeded in murdering Dr. Horton.

In an attempt to understand what was happening, Dr. Horton travelled to Manchester to attend the court case of *Dr. Stephen Frost v MoD* at the end of October 2016. There, Dr. Horton was brutally assaulted in the hotel room with Directed Energy Weapons. Upon reporting the assault to police the Greater Manchester Police lied to Dr. Horton and sent her back to her hotel room promising to send a police officer to the scene. There, MI5 waited until they expected her to have gone to bed and then staged criminal intimidation theatre by faking

the call out of a “mental health ambulance” (no such thing existence in the UK) and pretended to try to section Dr. Horton.

After this experience, Dr. Horton went public on the Richie Allen Show about the Directed Energy Weapon assaults on her by the Secret Services. Through this publicity, she was put into contact with several other women, including Karen Melton-Stewart, who had worked almost 30 years for the NSA and had become a whistleblower about internal corruption. Through the exchange it became clear that the Secret Service criminality was identical between the US and Europe and there were indications that it was founded on a global genocide programs run by the Secret Services worldwide for “population control” and “sustainability”.

In May 2017, through the work of the Joint Investigation Team, Dr. Horton discovered that she had been covertly implanted with military bio-technology and neurotechnology and used as a torture and mutilation slave for almost two decades.

Court Case against MI6, MI5 and GCHQ

In spring 2016, when the physical attacks with Directed Energy Weapons on her became insane, Dr. Horton fled to London and was desperately seeking an emergency injunction from the London High Court against British Intelligence. Her court case

Dr Katherine Horton v SIS, MI5, GCHQ [2016] EWHC 2095 (QB)

was violently sabotaged by British Secret Services who

committed every imaginable criminal act to stop her litigation and disappear it off the record:

- The court case was not listed on the day as it should have been.
- The High Court did not give the case a case number. (This is why the first two transcripts to do not appear with a case number).
- The transcripts of the hearing were falsified by British Intel to remove questions by the judge and Dr. Horton's answer.
- British Intel's barrister openly lied to the court.
- Dr. Horton received a death threat on the way to the first hearing and survived an assassination attempt 3 days later. The number 3 (and the number 7) is often used as cartel-signalling by Intel.
- At the 3rd hearing Judge Holgate terminated the case as "frivolous or vexatious" and used the pretext that it was not even a case to start with because, allegedly, it didn't contain a claim. The reason for the lack of claim was that none of Dr. Horton's court documents had the title "Particulars of Claim". This judgement went against the previous two High Court judges, Justice Spencer and Justice Edis, who did not have a problem recognising the content of the claim. It also went against the rule that when litigants are forced to represent themselves more attention has to be given to content than form by the judge. This rule was confirmed to Dr. Horton

by an internationally known war crimes judge.

More on Dr. Horton's court case

Death Threat and MI6 Assassination Attempt

In retaliation just for daring to approach the High Court, Dr. Horton received a death threat from MI6 who were reading her email live and listening to all her phone conversations and knew that she was travelling to London to go to the High Court. An MI6 agent approached her in gas-lighting theatre on her way from Heathrow airport to her hotel after midnight, and after involving her in small talk said out of the blue *"there is crime in every country, in some it is just well hidden"*; he repeated that sentence and after a meaningful pause he asked *"Did they kill Diana?"*, making a reference to Princess Diana and her death that pointed to MI6 as her killers. The implication was that if MI6 was willing to murder a Princess, they would just as easily murder Dr. Horton.

Straight after the first hearing of her court litigation, MI6 stalked Dr. Horton demonstratively all the way back to her hotel. There, the attackers waited until she came out of her shower wrapped in a towel before assaulting her with intense machine-gunning from Directed Energy Weapons into the back of her head so that she collapsed from pain. The emphasis on nudity and humiliation in Secret Service attacks is a recurring theme in the victim cases and appears to result from mental illness, sexual depravity and sadistic psychopathy that is rampant in Western Secret Services

and the military. The attackers repeated the attack a second time when Dr. Horton's husband arrived back at the hotel as she stood up to tell him what had happened. She collapsed again in pain in front of her husband from the agonisingly painful machine-gunning.

Three days later, Dr. Horton and her husband survived an assassination attempt on the Swiss motorway as Dr. Horton, the driver of the car, was machine-gunned in the head as from a car in front as they were travelling at 100km/h through a tunnel. Had Dr. Horton lost consciousness during the attack as intended, she and her husband would have crashed in the tunnel and likely died in an accident reminiscent of the death of Princess Diana.

Satanic Symbolism & Continued Attacks

On the day of the attack, a life-size black plastic goat was placed by Ms. Nitschke a neighbour of Dr. Horton on a flat roof of a neighbouring property in a prominent place that could be seen from almost every room of Dr. Horton's home. Comparison with other victim cases identifies this as a Satanic symbol of death that the Secret Services like to harass their victims with. Subsequently, the mutilation of Dr. Horton with Directed Energy Weapons became even more psychopathic.

The Joint Investigation Team

As a result of having been let down by all law enforcement agencies in 3 countries and having come across so many victim reports that it became clear that there were larger genocide programs in action in Europe and the US, Dr. Horton linked up with 4 other high-

profile women who were victim of these attacks and founded the Joint Investigation Team US-Europe looking into Directed Energy Weapons, military neuro/ biotechnology and systemic corruption.

The Joint Investigation Team (JIT) publishes a weekly public interest broadcast where they report about the ongoing investigation and the crimes committed by the Secret Services and the military, called the *Techno Crime Fighters' Forum* which is broadcast Thursday's at 11am-1pm ET / 4-6pm UK time / 5-7pm CET.

Dr. Horton also publishes a German video series with her JIT colleague Melanie Vritschan called *Techno-Kriminalermittler*

The Assaults & Mutilation

Sine 2011, Dr. Horton has been stalked and harassed continuously. Her private life has been under intrusive and overt surveillance and interference. All her communications (voice, phone, email etc.) have been intercepted and sometimes overtly acted upon by agents. Furthermore:

> Her home was broken into countless times.

> Her computers were hacked.

> Her website was sabotaged and her email was service taken offline.

> Her private sex life was commented on by strangers in the street.

>

> Two of her business endeavours was destroyed.

> Her family and friends were attacked, some **near-lethally**.

> Her medical care was infiltrated and sabotaged.

> Her blood sample was stolen.

> Her emergency medication was swapped for an unknown tablet.

> There were repeated attempts to break up her marriage.

> Her hip and knee were **permanently damaged** in physical attacks.

> She was sexually denigrated and humiliated repeatedly.

> She received several **death threats**.

> She survived several **assassination attempt**.

> Since January 2016, she is being mutilated with Directed Energy Weapons 24/7.

> She is being tortured non-stop with the non-consensual body implants and neurotechnology that was illegally implanted in her.

> She is being raped several times daily by remote-control with non-consensual chips that were

illegally implanted in her genitals.

The Directed Energy Weapons assaults are incredibly brutal and occur continuously every minute of every hour of the day and night. The attacks ramp up at night when Dr. Horton is lying stationary and defenceless.

Havanah Syndrome, Radio gear, and who knows or can guess what else

Directed Energy Weapons

The microwave beams from Directed Energy Weapons with which Secret Services target their victims, which number in the hundreds of thousands, are invisible, penetrate walls and are so intense that it hurts. Imagine putting your hand in your microwave; then focus that into a beam and aim it at your face.

Techniques used to Silence Citizens, Journalists, Activits, and Others

Contention = Progression - Oppression. Various names exist for creating fights. "Roadblocking" (getting in the way, tripping a person that is walking forward or running forward while saying it was an accident,) Rough Noise (contextual bothersome stimuli that can include contentions and abuse sounds, noises, appearances, etc.,) that are obstacles that might resutl in fights breaking out or allegations of misconduct about others. Often the cover oppressor hopes for a fight or an allegation from a person being tripped up so that person can be treated as the trouble maker when that person was the victim of covert troublemaking.

And it is tied to WWII even WWI ties to England, Royalty,

and a Deep State of ultra rich.

Organized Stalks are run by the US Marshall, FBI, DEA, and other groups (alphabet agencies) who in tandem with high ranking orders work for the National Objectives of various espionage operations. Nominally for the state the fully equipped and trained agencies with state and local support are capable of evidence fabrication, staged appearances, falsified records, and many of the dirtiest tricks of COINTELRPO and CIA capabilities to destroy a persons reputation, life, family, career, credit, etc., as well as place undercover operatives in roles that can get into private homes and offices such as "plumbers" or other workers or place FBI or CIA backed Agents in Place in rental and leasing offices, banks, etc., as required. In addition local neighborhood watch groups can be composed of or include thugs and prison trustees can be used as stoolies for police or police family members sometimes go under cover.

Run out of the Fusion Centers it is widely believed to be out of control abuse of power targeting whistle-blowers and I and others have been subject to egregious injuries from thugs, intimidation, hostile and abusive conditions, and some under cover police abuse have died in psych wards following bullying, batterings, etc., traumatized, injured, and attacked again inside institutions.

As Jen Moore (aka Task Force the group she was on and

turned whistle-blower) will say before she was killed some "Targeted Victims" (those subject to illegal abusive black opps operations inside the USA) are law abiding police or others (reporters and oversight committee members or attorneys) who just came to know too mucn and being discredited with evidence plants, etc.,

Jen Moore states the attacks on her and death threats (just as I have received) are tied to the OSS CIA Vatican hidden identity of my family, and the connections of the Donegan to Allan Dulles and the assassinations of JFK by powerful elites who remain in or have family in government now and wish to cover up the JFK history I am trying to tell but am being harrased while doing and Jen Moore of that same story of my family was found dead.

For decades I have tried to file reports on this subject and often the fbi prevents me from doing so. For example, ***the fbi destroys any computer that I buy***; so I use the public library. The libraries at Brownsville, Mcallen and Mission, Texas have assisted the fbi in harassing me every time I enter. I notified the city council in Mcallen & Mission, and some of the harassment by staff and security guards stopped. The library at UTHSC, Harlingen Texas, allowed the police there to threaten me and allowed thugs to enter the library to harass me.

Moore worked as a money laundering expertr in banking (as Edward Donegan worked at a National Bank (Wells Fargo) as Network Security all ultimately were privatge in-house bank workers who submitted and coordinated their work with the Secret Service.

That is where the illegal Black Budget (Money laundering and illegal programs) are tried to as the accounts are confused between account holders and protection rackets and other activities are run by special opps for various assignments that can include gun running and drugs and other illegal black opps.

Ted Gunderson, Gene "Chip" Tatum and I Edward Pauld Donegan have written about covert illegal activities and I Ed Donegan fear for my life as Jen Moore did before she was found dead.

The FBI's Fusion Centers are used by government employees to block any benefit (such as police protection) that I may seek (Ed Donegan reports the same. Police refuse to arrest or prosecute the thug assailants even if those assailants or burglars are at the scene.) I document many such instances online. April 23, 2003

President George W. Bush
The White House
1600 Pennsylvania AvenueNW
Washington, DC 20500

Dear President Bush,

On April 3, 2003, I found an intruder (biker type- wearing a head bandana, leather jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. I am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

Shots Fired at AFP Reporter

Former senior FBI special agent Ted Gunderson, who is now a staunch critic of the U.S. government, told AFP that his investigations of corruption and cover-up involving high-level U.S. officials have made some powerful people very unhappy. Gunderson recently sent AFP this photograph of a bullet hole in the window of his office. To find out more about Gunderson's efforts, contact him at P.O. Edward Paul Donegan has experienced all of this as well as did Jen Moore.

President George W. Bush Apri 23, 2003
The White House
1600 Pennsylvania Avenue NW

Washington, DC 20500
Dear President Bush

On April 3, 2003, I found an intruder (biker type-wearing a head bandana, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

Since retiring as the Senior Special Agent in Charge of the FBI Los Angeles Division in 1979, T have publicly exposed pedophilia, murder, child kidnapping, and other nefarious criminal activity on the part of individuals both in and out of government circles; much of which has been covered up or ignored by those responsible for investigating these allegations.

In the past, there have been attempts to frame me for alleged criminal activity, individuals have been 'planted' on me and there have been attempts on my life. More recently, I have been the target of a disinformation/ smear campaign spearheaded by an FBI informant. In addition, I have been the victim of periodic surveillances, illegal entries into my home and vehicle, and illegal telephone taps (I have proof.)

My most noted investigations, which I am sure are the reasons for this harassment, include documentation that the FBI furnished the ingredients for the bomb in the February 1993 World Trade Center bombing (NY Times Oct. 28, 1993), a cover-up of the Oklahoma City bombing in April 1995 (at least eleven other persons involved besides Tim McVeigh and Terry Nichols), and most recently, documentation that the FBI bad advance knowledge of the 9-11 terrorist attacks and failed to take appropriate preventative action.

I compiled a 24-page report concerning the FBI's pre-knowledge of the 9-11 attacks in January of 2003 and I distributed to more than 200 members of the Legislative and Executive Branches of the U.S. government (including U.S Attorney General John Ashcroft and Secretary of State Colin Powell) and Mr. Lee Hamilton, co-chair of the recently formed 9-11 Presidential Committee to investigate the attacks.

I told Mr. Hamilton that my source, Mr. Michael Riconosciuto, possessed important, critical, and timely information about terrorist activity in the United States and that he should be debriefed immediately. Thus far, Mr. Riconoscito has not been interviewed and I have been ignored.

I [Ted Gunderson elderly FBI retiree] am making the April 3, 2003 surveillance incident a matter of record as I have no intention of becoming another ‘victim’ such as Bill Colby (former CIA Director) or Dan Casolaro (journalist) Both men were murdered in spite of the “official" reports that state otherwise.

These measures include identifying and exposing individuals in the satanic cult drug network operating within the United States, with ties to top level officials - including politicians, judges, law enforcement, U.S. intelligence agents, and professional business men and women.

If anything happens to me, my family, or my close associates- including my attorney (former Nebraska State Senator, John DeCamp), Susan Ford, or other individuals within my informational network, the names of the leaders of the cult/drug network and additional information concerning their activities will be released to the public.

Regarding Mr. Coby, he did not drown and he did

not commit suicide- he was murdered, shot in the head. [later elsewhere Gunderson and others assert Ice bullet and or cow head impact devices.]

A weave of data from Ed Donegan and Ted Gunderson confirmed by Jen Moore

Ted Gunderson asserts of shots fired at his family, being poised by FBI higher-ups, violent thugs in concert with police conducting thug attacks, etc.,

Individuals targeted by this program have been subjected to illegal and unconstitutional phone taps, illegal re-routing of business and private phone calls for purposes of harassment, illegal audio “bugging”, surreptitious entry into home, office, and vehicle, visual surveillance in the home conducted by illegal placement of miniature remote, wireless cameras (often accessible via internet), illegal internet spyware, illegal GPS tracking (often through their own mobile phones), regular fixed and mobile surveillance, mail misdirection, mail theft and tampering, financial and employment sabotage, slander campaigns and community ostracizing, internet disinformation and smear campaigns, poisoning, assaults and murder, illegal set-ups on pending charges and other felony charges, amongst many other civil rights abuses.

In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy,

powerful members of criminal syndicates, multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

Ed Donegan and Jen Moore assert the same

"According to Brian Glick, in War at Home, COINTELPRO used a broad array of methods [under-cover across locations of a police harassment victim, including:"

1. *Infiltration*: Agents and informers did not merely spy on political activists. Their main purpose was

to discredit and disrupt. Their very presence served to undermine trust and scare off potential supporters. The FBI and police exploited this fear to smear genuine activists as agents.

2. *Psychological Warfare From the Outside*: The FBI and police used myriad other "dirty tricks" to undermine progressive movements. They planted false media stories and published bogus leaflets and other publications in the name of targeted groups. *They forged correspondence, sent anonymous letters, and made anonymous telephone calls. They spread misinformation about meetings and events, set up pseudo movement groups run by government agents*, and manipulated or strong-armed parents, **employers, landlords, school officials** and others to cause trouble for activists.

3. *Harassment Through the Legal System*: **The FBI and police abused the legal system to harass dissidents and make them appear to be criminals**. Officers of the law *gave perjured testimony and presented fabricated evidence as a pretext for false arrests and wrongful imprisonment*. They discriminatorily enforced tax laws and other government regulations and used conspicuous surveillance, 'investigative' interviews, and grand jury subpoenas **in an effort to intimidate activists and silence their supporters [and silence or discredit critics of FBI and CIA officials]** .

4. *Extralegal Force and Violence*: **The FBI and police threatened, instigated, and themselves conducted break-ins, vandalism, assaults, and beatings. The object was to frighten dissidents and disrupt their movements**.

[*All of which Jen Moore and Edwward*

Donegan have suffered and reported, now Jen Moore deceased.]

In the case of radical Black and Puerto Rican activists (and later Native Americans), these attacks-including political assassinations-were so extensive, vicious, and calculated that they can accurately be termed a form of official ‘terrorism.’”.The FBI also conducted "**black bag jobs**" [break-ins or illeal access to home or office to plant or steal of vandalize or search], warrantless surreptitious entries, against the targeted groups and their members. Sexually Abusive Rough Noise to Disrupt and Confuse and to incite conflict and blow-back

Tactics used by Charivari (Rough Music) Gang Stalkers

Tactics of Predatory Gangstalking include highly coordinated surveillance (hidden cameras, conversation bugging in private aswell as public), harassment, and psychological, psychosocial, financial, and sometimes physical assaults on an individual by a

large group of people who are often strangers to the targeted individual.

Anchoring, Baiting, and Manufacting False Narratives attached to objects or events

Anchoring is a technique employed by stalkers to implant a false motivation or reason behind the stalking, preventing the victim from discovering the truth. In more sinister examples, Anchoring involves the implantation of evidence to persuade the victim some other group or organization is responsible for the abuse.

Baiting such as provoking conflict by manufacture of condition in some way or another hostile and in need of being corrected, even by initiating crime hoping for a fight the victim of the fight was led into as a trap

The term “Baiting” is a stalking tactic used to lure a victim into environments, or situations, which cause further problems to the victim. Often “Baiting” involves tricking a victim into committing a crime or unknowingly engaging in an illegal activity such as assault. They trick the victim into thinking an innocent bystander is the culprit of their harassment and try to compel the victim into assaulting the person.

Brighting

Brighting is a term jokingly referred to by stalkers

to indicate the practice of repetitive flashing of a car's high-beam headlights. The victim is usually followed and may be "flashed" from either a "tail-gating" vehicle or a passing or on-coming one. "Brighting" also occurs when bright lights are flashed into a victim's home-windows. The conduct of flashing lights is out of any normal conduct, a flashign light is strong stimuli and when the out of place conduct comes from unidentified strangers it should be worrisome Electronic Harassment

Electronic Harassment icluding susiciously timed and interupting inbound phone o rother inbound activity such as engine overtaching or horns honking in the area or skiddign of cars is the use of technological devices to spy on or cause harm to targeted victims. For example, exposure to a high magnetic field has been shown to induce hallucinations in humans while exposure to intense microwave radiation induces psychotic episodes and causes brain damage.

A frequent form of Electronic Harassment involves beaming a low frequency "hum" or "tone" into a victim's home or general area. Over time, the exposure causes the victim to lose sleep, become agitated, and suffer the effects of prolonged stress. Such tactics are also being used in cases of hostage situations as well as covert government operations. These forms of magnetic fields can be caused by technological or preternatural means.

Ghosting

The term Ghosting refers to the practice of rearranging, or moving, of a victim's home furniture, lawn decorations, desk decorations at work, etc. The purpose of Ghosting is to make a

victim question his or her sanity. Ghosting is also designed to make other's question the sanity of the victim, especially if the victim attempts to complain of the abuse. Coincides with evidence plants as Black Bag Jobs to damage and disparage or malign a persons home by home invasion. During surveillance or recon of a home works in progress can be stolen and used by other including literary works.

Mocking, Mimicry and mimicry in furtherance of Identity Theft and Psychological Harassment about whether a person is or isn't a stalker engaging in mimicry

Mimicry is a specialized form of harassment in which the stalkers publicly imitate every movement made by the victim. This shows an aspect of the trickster. It is a manifestation of the true source of the stalking.

Noise Campaign

A Noise Campaign is an orchestrated effort to produce stress in a victim through prolonged exposure to significant noise levels. A Noise Campaign can range from multiple neighbors routinely playing loud music, individual stalkers with air-horns or fireworks, or organized "repair work" that involves a high level of noise or Rough Noise, annoying noise and as loud stimuli

Sensitization

Sensitization is a psychological term referring to the forced association between a stimuli and a

corresponding reaction. Stalkers use Sensitization to psychologically abuse a victim. For example, if a stalker constantly harasses a victim while wearing a blue baseball cap, then overtime the victim will begin to believe anyone wearing a blue baseball cap is a stalker and is coming to harass. Sensitization undoubtedly creates an extreme level of fear in a victim, in direct fulfillment of the intentions of the stalkers.

Mobbing including mobbs planting evidence and bearing false witness at the scene and talkign up falsified events elswhere later such as wheres a Stalk Victim is headed to.

Mobbing is a term that describes “Group Bullying”. Of itself, Mobbing is not equated with gang stalking. However, Mobbing may be a tactic used by the perpetrators of gang Stalking.

“Flash mobbing” is an event occurring when a targeted individual is spotted in society. Their photo and location is immediately and simultaneously sent out by cell phone text messages and Internet email to all gangstalkers within a certain radius. All gangstalkers then suddenly descend upon the target as a mob.

Street Theater

Street Theater is a term used to describe the odd-actions and

behaviors that stalkers do in public, in an attempt to rile the victim.Such behavior often borders on the extremely bizarre and is aimed at a blurring of the boundaries between reality and fantasy in the minds of the victims.

Examples of Street Theater: Baiting, Brighting, Color Harassment, Convey, Directed Conversation, Ghosting, Mimicry, Noise Campaigns, etc.

Variations of Gang Stalking Gas-Lighting

The term Gas-Lighting originates from the 1944 film Gaslight. In the movie, the character of Gregory Anton, played by actor Charles Boyer, attempts to drive the character Pauline, played by actress Ingrid Bergman, insane. The phrase Gas-Lighting has come to mean similar actions and behavior, as used in the film, against a victim. “The White Glove treatment”

“The White Glove Treatment” is slang for Gang Stalking as jokingly referred to by the Masons who either participate in, or know of its usage against so-called “Enemies of Freemasonry”.

[Note: The phrase “The White Glove Treatment” is not limited to Freemasonry, as members of similar groups and organizations often practice Gang Stalking.)

Ritual Gangstalking

Reportedly performed by cults and secret organizations such as Satanists, secret orders of free masons, some voodoo /obeah practitioners and Scientologists as a means of control or for punishment. “Ritual abuse” is incorporated into “ritual gangstalking” patterns in this case.

Cybergangstalking

A situation where an individual is identified to be a target through Internet participation and their personal identity is determined. Cybergangstalkers pierce the electronic veil and are able to enter into the real life of a person, creating all forms of harassment, theft, psychological operations including slander and libel, and able to commit crimes against the targeted individual.

I will cover more information about this subject and other related topics in future articles. If you or someone you know are victims of gangstalking or any other form of malevolent harassment, feel free to contact us. We are here to help.

Neuropsychological & Electronic No-Touch Torture Report by Dr. Robert Duncan (used on targeted citizens here in the U.S.) SERE training (Survival, Evasion, Resistance and Escape) MAR 30 2015

The Executive Summary: Neuropsychological and Electronic No-Touch Torture Report Based on “The Torture Memos” and the Senate Intelligence Committee’s Declassified “Torture Report”

Perspectives on Enhanced Interrogation Techniques Project Proposals for Google Summer of Code 2015 By Robert Duncan, A.B., S.M., M.B.A., Ph.D.

“The United States is number one in torture since they are currently the world’s only superpower.” 04/2015

Torture is a horrific topic and most minds will turn away from it because it can’t be comprehended that humans can be motivated, or computer programs can be run to do this to other sentient beings. Just when we believed we were becoming more civilized as a culture, the technology for torture has advanced more than a hundred fold in recent decades.

This summary will get into ‘the minds of the dishonorable monsters’ of the psychology of torture. Those like Dick Cheney who helped authorize it under certain administrations and regimes of the U.S. government which have been proven to be criminal under U.S. law, treaties, and the International Criminal Court. There are many people involved in the conspiracy and cover-up including General Hayden.

The full report discloses the spectrum of techniques of interrogation and torture used by the U.S. and its allies. The United States government will officially deny the claims of this “no-touch torture report” but in time it will stand firm.

The technologies used are still classified as state secrets and will not be discussed in this summary. The torture methods have been leaked through thousands of American citizens who have survived the no-touch torture programs. The research and testimony has been accumulated since 2002 and merely used as examples but the names of the victims are withheld.

This report will not use skewed, misleading language such as “enhanced interrogation” to describe the torture techniques. Why torture? The CIA claims it works. The assumption is that it works to gain actionable intelligence. Torture is often used for revenge, punishment, interrogation, and behavior modification. In other terms torture is used to remove the continuity of thought to confuse the target to reveal information, erase brain patterns such as values and beliefs, or to break down the human spirit to make them submit and obey their handlers. The downside of torture is that the countries that do it lose “moral soft power” in world politics. Without due process, over 25% of those reported in the Senate Torture Report were declared innocent. Blowback is always a repercussion of torture. Torture often takes a long time to affect the target from months to years. Torture has shown to be unreliable

except for getting false confessions and bad information but the U.S. and its allies are improving on their tactics and techniques.

The purpose of this report is to draw the parallels between physical torture techniques and no-touch torture methods used in secret by governments who possess the technologies that still go on today. This is a brief summary of offensive psychological and information warfare methods using traditional methods and modern cybernetic techniques while exploring hyper-game theory to walk the target to the desired path: leak intelligence, commit assassinations, or change beliefs.

Numerated Torture Methods for Interrogation and Behavior Modification (A comparison between physical and no-touch torture tactics)

1. Induction of Depressive/Manic states

   The idea is to shake up the emotional states of the target because different information can be accessed at each state. Making the target feel despair and helplessness is the objective. This cycle of hope building and then breaking is done in many ways. The techniques between the physical methods and the no-touch technological methods are similar. Speech is very important during this process of emotional manipulation. Such examples are, “We have imprisoned you without due processes or hope of it. You are indefinitely detained.” Hope building examples include, “Sorry. We have mistaken you for someone else. You will be compensated for false imprisonment and

torture." The main difference between the cybernetic technology and physical is that emotional state clusters can be entrained into the target mind which speeds up the process. The communication is done differently but perceived as human speech. In the no-touch torture methods it is helpful if the target is labeled with mental illness that is being created for discrediting purposes so as not to draw human rights groups' attention.

2. Memory Erasure

The military and CIA have been researching memory erasing drugs for half a century. The focus of this summary report is on interrogation. Memory erasure is an important technique during interrogation. It is used in combination with sleep deprivation. There are many drugs that have been developed for physical memory erasure. One such interrogation method requires acquiring information from the target while on these drugs and recording the subject. After a sleeping cycle, the interrogator claims that the target has confessed. Of course the target remembers nothing of their conversation. The interrogator will play samples of the subject's conversation back to them making the subject believe that the interrogator knows more than they do. Similar techniques are used in the wireless, no-touch torture and interrogation programs. The cybernetic methods of memory erasure have additional purposes. The memory erasure can be used on the cybernetic target to make the target believe people have broken in and moved their belongings. While physical black bag jobs do

occur, it is a way to make the target more paranoid.

3. Electricity and Shocks

Pain and fear of death are common tactics during interrogation. Shocking by electricity is a traditional method of torture and exposed in the CIA's secret prisons. Shocking the testicles and nipples are the most common due to their sensitivity. Interestingly, the thousand of interviews of no-touch torture involves "stings" and "shocks" to various parts of their bodies over long durations.

4. Fear and Terror

There are many techniques to induce extreme fear in the target. In physical renditions dogs, power drills, guns, insects, mutilation, blow torches, water boarding, suffocation, mock burials, and mock executions are just a few the United States government have used. Remember that many targets of torture die from the physical effects. It is torture to death.

Let us compare the no-touch torture methods used to inflict the same terror and mental anguish. In several of these techniques the target needs to hear their handler's voice. This report does not describe the technologies used to broadcast voices to the target at a distance. While the subject can be broadcast mental images to their mind using hypnosis

and other suggestions as well as visual entrainments, the more invasive controls of the brain manipulation technologies can be used to entrained the brain's autonomic nervous systems such as not breathing causing the target to not be able to sleep from fear of suffocation equivalent to water boarding. The neural linguistic programming can add fears such as heart attack, stroke, and cancer threats. Even motor cortex mapping can cause twitches in any part of the body. One example used a swift neck movement with a voice transmission, "We are trying to break your neck." Directed energy effects such as Active Denial System can make the target feel that they are on fire indefinitely without the target dying from burns. Maximum pain and torture weapons have been evolving. Every drug effect can be artificially induced into the target mind including those of poisons.

5. Imprisonment and Isolation

Isolation is commonly used as punishment in prisons. Many whistleblowers like Bradley Manning suffer this condition. In soft interrogation it is used to get the target to talk to their interrogator since humans have the need for companionship. In no-touch torture the target is driven from their friends and family using different techniques in order to isolate them so that the electronic mind control has more effect on their psyche. Like in Guantanamo, the target becomes isolated losing their job and medical care. Part of the method involves slander in their community. They end up on the most part in poverty and paranoid about doctors and other people from

false correlations that are purposefully induced into their lives. Isolation is also a form of sensory deprivation which will be discussed later. Days and weeks lose their meaning.

6. Sexually Disturbing Tailored Pornography

The Summary of the Senate Torture Report disclosed the disgusting revelations that in the secret torture prisons the targets were forced to perform homosexual acts on each other against their will and religion in order not to be beaten or killed. This is a common break down tactic of belief systems and the human will. In no-touch torture the techniques are more psychologically specialized for each target. Most common examples include homosexual targets that are forced with voices that are derogatory to their lifestyle and similar mental images. Almost all targets are forced to view child pornography in their minds. And vice versa is true, that heterosexual targets are forced to view homosexual sexual acts like in the secret U.S. torture prisons.

7. Mutilation

Also mentioned in the declassified report on torture was mutilation of the human. Cutting the naked target's penis and scrotum, pulling nails or teeth is common. In no-touch torture mutilation is done by trickery. Let us look at a couple examples. There have been several targets who believed that the microwave

hearing effect and other voice induction methods were done by microchips implanted in their teeth or ears. They had all their teeth pulled because they believed it was a technology called bone conductance. Others have poked out their ear drums in the belief they had micro implants in their ears. There are many more examples of trickery used to make the targets mutilate themselves.

8. Personal and Spiritual Defamation

In physical torture the CIA and other groups use propaganda and defamation of character for those they oppose. For detainees they try to disenfranchise the target from their religion. They will defecate on their Bible or Koran for example. They might say, “Why is your God not saving you?” In no touch torture and behavior modification they might try to make an atheist believe in god. It is just a mechanism to alter belief systems for control and experimentation. Perhaps the target may wish to confess their secrets to a “voice of god weapon”. Information warfare covers the gamut of electronic communication as well. The government training exercise uses language like “befriend”, “infiltrate”, “mask/ mimic”, “ruse”, “set-up”, “disrupt”, “create cognitive stress”, “use deception”, “ruin business relationships”, and “post negative information on appropriate forums” - in a malicious effort to target bloggers, activists, journalists, social event organizers and anyone else deemed to be a ‘emerging leader’ or voice in the public sphere. 9. Psychological Intimidation

This is a topic for a target at the beginning of the trials and programs. Physical break-ins are common even if the target has an alarm system. The NSA has used stalking of foreign officials in the past for economic gain. The FBI does black bag jobs to invade a home without a warrant. The point is to let the target know they are being watched and to increase their paranoia. The NSA easily hacks all computer systems and causes harm to the victim's intellectual property and their relationships from that endpoint. In the no touch torture false correlations between pain and a neighbor coming home can be induced.

9. Rape

Rape is a common practice in torture. It causes much psychological trauma. In the United States methods of rape in their military and CIA secret prisons it is often relabeled. It is commonly done by prods but "rectal rehydration" is the more common misnomer. Often they call it forced feeding through the rectum but it is meant to induce psychological scaring and trauma. Several have died from the technique due to rectal bleeding. In no-touch torture the psychological trauma of simulated rape takes on different forms. Using technique often called EEG-heterodyning the targets will receive molestation effects of their genitals. In men this can be the anus and genitals. Similarly women can be wirelessly raped by the analogous function of perception.

10. Dietary Manipulation, Forced Weakness and

Sickness

The idea behind dietary manipulation is to weaken the target. This is easily done in a physical setting but in no-touch the hunger trigger needs to be suppressed. Sometimes a false correlation between eating food and sickness is induced to make the target believe they are being poisoned. However, poisoning is common in physical renditions too.

11. Repetition

Verbal breakdown is most important during interrogations and torture. Obviously speaking the language of the target is necessary. This is why there are interrogators in all languages. Repetition is an important neural linguistic programming interrogation tactic to influence the target mind. During the breakdown process, threats to kill and to torture the target's family or friends are common. Repetitious questioning and breakdown phrases are automated in both the physical and no-touch versions of torture. An interesting technology that is used for no-touch torture is called chatter bots. Chatter bots, an artificial intelligence program, automate much of the repetition so that the interrogators don't drive themselves crazy during the neural linguistic torture and programming phases. Let us not forget the Chinese Water Torture, a single drop of water on the forehead of the detainee for months. Repetition is a form of torture.

12. Sensitization of Pain Impulses

While the reverse can be obtained, optimizing perceived pain and misery is the objective in torture. Each trauma adds to the overall misery throughout life. Optimization of pain has been studied by the military and intelligence agencies. In the past the CIA has used drugs such as LSD to enhance fear and terror in the subject. Other methods such as hypnosis can increase perceived pain and the power of suggestion such as telling the subject his pinky finger is going to be cut off before it is done. In no-touch torture the same psychological manipulations are exerted. Subliminal and overt suggested are often told to the subject before the directed energy or EEG heterodyning pain inductions in order to maximize their effectiveness.

13. Sensory Overload and Deprivation

Again, this technique of overloading or depriving the human of sensory stimulus is ubiquitous in torture around the world not just in U.S. secret prisons. Torture subjects in the United States have reported the use of repetitive bad music and noise campaigns. An unusual torture technique used in the U.S. secret prisons was of a use of a plastic suit filled with ice while they beat the target. Ultra bright lights for days on end in the prison and hot/cold temperature changes in the environment are frequent. In no-touch torture, the target's brain is forced to release dopamine which causes pupil dilatation. This acts as a sensory overload. For example the non-lethal microwave weapons research done

by a professor in University of Nevada has shown this capability. Body metabolism can be altered with these weapons causing cold and hot flashes. Targets of no-touch torture often hear endless tinnitus.

14. Sexual Humiliation and Lack of Privacy

Often used in common prisons is a lack of privacy. It is both necessity for security and a form of sexual humiliation. Also in prison many people are raped. No-touch torture offers the same sexual humiliation and lack of privacy by using through wall radar, cameras, and EEG visual cloning to let the target know they are being watched. Degrading comments are often used on the no-touch torture subjects while they are naked or in the bathroom.

15. Maximum Sensory Pain Techniques

Basic torture involves brutalization, i.e. physical strikes, kicks in the groin, pepper spray or tear gas, etc. Anything that involves maximum pain is the objective. Amazingly, these same basic tortures can be done wirelessly into the human mind. All forms of sickness have been reported without any real illness behind the suffering. All suffering can be entrained into the minds of no-touch torture subjects.

16. Sleep Deprivation

This is the number one torture method along with the popularity in the press of water boarding. This is done in every country that uses torture. The United States is number one in torture since they are currently the world's only superpower. A repetitive sleep deprivation cycle is generally done 180 hrs/7.5 days at a time in the physical renditions, or in no-touch torture five days awake and two days of sleep. Sleep deprivation accomplishes the objective of memory loss during interrogation and induces hallucinations which help with the interrogation process. In behavior modification and programming it is necessary too.

17. Stress Positions

Keeping detainees handcuffed above their head and to walls so that they must stand for days is a common ploy in torture. These types of poses are called stress positions. They can be mimicked in no-touch torture. An example of one such trick requires the target to believe they can deflect radar energy using pots or pans and that it is directional. The target is being given an ample amount of pain until their hands and arms are spread apart holding the pans trying to block the signals. They must maintain that position in order to get any relief from the torture signals. However the stress position itself is physical torture. Often accompanying this technique are voices saying to the target, "You are doing it to yourself."

We will finish off this summary of U.S. and its allies' torture, interrogation, and behavior modification experimentation with ideas of why they are done to the general public and falsely accused detainees. Anyone can be put into these programs. Justice and rule of law does not exist at the highest levels of government. Treaties are worthless because the #1 agreement in the rules of war, a ban against torture, is not obeyed. This creates a more brutal and barbaric society lead by example.

No-touch torture uses the same interrogation tactics as physical interrogations but with some new twists. Techniques such as "Jeff and Mutt" a.k.a. "Good Cop Bad Cop" are used. The bad cop tortures the target and the good cop tries to gain their trust. In mind control, trust games are commonly employed to manipulate the beliefs of the target. Creating hatred of groups through false correlations and deception is a common CIA method of trickery.

In the CIA programs, the target is put through these phases as written in the documentation, "Disorient and confuse the target. Use them for our purposes, and then dispose of them in any way possible." We can only surmise by our sample set of a thousand people what "dispose" means: prison, suicide, or perhaps a mental hospital. Coercing and torturing people to suicide is very common. Both tactics in physical or no-touch torture involves plausible deniability.

of origin in Moraga California and the pain of a secret of sorts inside the household, at least one and perhaps two or three over which fights and troubling emotions occured. To begin with and the real issue of that actual time in question 1974 to 1982 was that I was a failure in school. Private school an elite private school Head Royce was tried but with everyone's help and much forgiveness for my errors and troubles that was just enough for me to graduate witih about a C- average but get into University of ORegon I also flunked out of and in such as haze I doubt I even knew what my classes were or if I registered for them.

I would find 20 years later I had a form of ADHD, Dyslexia, Dysgraphia and Borderline Personality Disorder that fits into the profile of FOXP2 Minimal Brain Disorder something that I was diagnosed with as a child in Mc Martin Preschhool about 1962. The neigbohood was well-to-do with with high level corporate executives of large corporations in secluded expenisve homes near the Oakalnd San Franisco area but in commuting range on the east side not the west side of the East Bay Hills. Oakland and Berkeley were to the West side of of those rolling hills and that is were I went to Head Royce School and played at the Lawrence Livermore Lab Museum.

My father was born a Roman Catholic to Irish immigrants. 1923 Dorchester, Suffolk, Massachusetts, USA. Dorchester is where the Kennedy family is from and the Prouty's (Col Fletcher Prouty) were friedns and I think the Kenney family too though the Kennedy family as benefactors as my granfather on my father's side had his accounting business wiped out and died in poverty after working in a Herscheys chocalate factory as a janitor. My father joined the US Army Air Force as WWII came and becamej a P-51 pilot and as child we lived near the plant Inglewood California Los Angeles County. Following the flunk-outs from school I lived at home for a while in Alcoholics Anonymous and NA and during that entered high tech vocational training and then worked in High Tech. This led to some fairly fast career growth since I was in the high tech book area and the Regional Occupational Therapy program for the unemployed targeted training for high tech as a regional interests in developing labor pools.

I have feared tyranny seeing the castles, dungeons, wars depicted in art such as Third of May and other works, seen immense representations of European achievements, and appreciated the USA as being home after long travel and being back to familiar territory again. While I have disliked Fuedalism I have recently wondered if the unwritten constitution of Great Britain may be superior to the badly written laws of the USA that created the CIA, Department of Defense, etc., that became nests of corruption and illegal covert activities. I have doubts about racial theory and the equality of the black race but that is less rare in the USA than is often spoken and I have suggested curtailing immigration. Some call me a Nazi. I call myself pragmatic and a liberal using free speech to debate my position. As for some of those who have attacked me I assert it is them who are not the liberals but they claim they are. The represent (groups like ANTIFA) more of a Hobesian form of brute violence not necessarily to overthrow but to heckle enough to get an unfair payout to them and their causes. That is more anarchy than libralism.

Gang stalking apparently targets American citizens deemed to be dissidents or whistle-blowers (and perhaps potential dissidents and whistle-blowers), although others might be targeted for other reasons - such as for experimental or training purposes. For perspective, it should be remembered that for two decades the CIA performed secret illegal experiments on U.S. and Canadian citizens (the infamous MK Ultra program). Those experiments included physical and psychological torture. What is Gang Stalking a Targeted Individual By Professor Eric Thor Karlstrom, Ph.D

Texas itself and homeless work and workers is another theory of mine. At places like Foundation for the Homeless where Randy and Pasteur Kathy minister from bible readings and sermons it sounds empty compared to what I research and write about. I think they wanted "up their game" too into 21st Century movement culture. Witch poking me was important to them trying to develop a peer relationship with sophisticated underground culture. An elemnt of that has been those who want to make Princess and Queens mostly non whites with crowns tattooed all over. The protection racket helps the sham reach the glamm in nightlife by 1) Comercializing the whole thing beyond a mere lap dance or fantasy session into assets and asset seizures and adult sex workers managment and usage. In the methods of using services for hire in racketeering inside that system of "everything is porn and we are paying for porn" the protection racket across all its functions including sex education and victims funds and patrolling funds creates a platform for the sham to be peers of the glamm. I am not suggesting a quality difference in a PFC coming back from three years of deployment and having just learned avionics or fed other soldiers when they made it back to base after a mission and a dominatrix in either balance, just that in dating and fast line of the night, its a meet market and that starts another story.

From:
Edward Paul Donegan Subject: Emerging history of the Kennedy assassination and I believe a Donegan family tie to them and Nixon Rockefeller ties to them. Inglewood home of the P-51 is central and the missing piece to this story. So is the history of Robert F. Kennedy a former DOJ employee then a Counsel to the Senator Committee on Labor Rackets and Organized Crime or said another way which was the usual the Get Hoffa

Committee. Republican supported Unions used muscle against strike lines and that included Ford Motors employee a relative of Chauncey Marvin Holt and this plan of the Red Scare about labor movements overlapped internationally to as the USA suppressed independence movements and socialists governments at the very time Great Britain had lost its colonies as WWII was being fought.

The events surrounding Senator Robert F. Kennedy's death I have a missing piece to explain but also an analysis of sufficient applicability even without my part of the story not provided still explains the situation well and perhaps even better since events unfamiliar to the listener are not present. Who is familiar to the listener of this story is Don Nixon who while RFK was staying with John Frankenheimer tried to get RFK to the Palm Springs and Nevada test grounds area. Don Nixon the brother of Richard Nixon knew of the Manchurian Candidate plot line my family is a part of and part of the reason JFK was assassinated in the dispute of Nixon's policies. In 1957, with his hamburger stand in trouble, Donald borrowed $200,000 to shore up his business. ***The lender was Howard Hughes, a major defense contractor***. Richard Nixon had trouble convincing anyone that he, then vice-president, had not traded favors with Hughes for the loan. During the Watergate investigation, investigators learned that Donald had been a conduit for illegal campaign contributions to Richard. Yet Richard didn't trust his brother and ordered the Secret Service to monitor Donald's phone calls. https://www.saturdayeveningpost.com/sep-keyword/sam-houston-johnson/ Donald Anthony Nixon (born December 12, 1945) is an American businessman. Nixon and "philanthropic" robber baron families included experts like Thorkil Kristenseon. Thorkil Kristensen. 1st Secretary-General of the OECD. In office 30 September 1961 30 September 1969. who felt and struggling third world need better leaders and as the labor leaders of these nations were being suppressed Agents of Influence placed by the OSS and CIA into families around the globe were CIA aspirations to have aristocratic or politically based family members who would recieve covert aid in the political or military quest for the power in the nations they were placed in, and when in power, ally with Western nations.

It was this battle between Nixonian dirty tricks of illegal actions of subversion and overthrows funded by robber-barons world planning versus more openly democratic and independence from Great Britain Kennedy family that was where the USA fell to Treason. The globalists in the Special Relationship and CIA connections around the world built by James Jesus Angleton and careful grooming of the media supported cover treason against a large number of governments including Cuba, Indonesia, Iran, and in Latin America. This machine overlapping with Nixon's effort in the USA against organized labor is the Great Treason in the USA, one of the many nations that fell to covert warfare.

My family (and I am the last living on and my life at great risk now) was close to Col Fletcher Prouty and that history. Here is

a Prouty book. This book includes the battle to contorl Indonesia and Barrack Obama Sr. and Jr. (and other family) as CIA covert planning and other conspiracty theories too such as this was the Manchurian Candidate story line RFK was discussing with the movie producer in his Los Angeles home at the time of his campaign trail death.

The Secret Team, L. Fletcher Prouty's expose´ of the CIA's brutal methods of maintaining national security during the Cold War, was first published in the 1970s. However, virtually all copies of the book disappeared upon distribution, having been purchased en masse by shady "private buyers." Prouty's topics include:

- President Kennedy tried to control the CIA.
- The nature of clandestine operations.
- The Dulles-Jackson-Correa Report in action
- Defense, containment, and anti-communism
- Khrushchev's Challenge: the U-2 dilemma

- From the Bay of Pigs to Dallas.

- And much more!

This is the Donegan family story and the continuing cover-up of the JFK assasination. Mailer.html is the start file. The entire version 1 press kit that is 4 gigabytes in size might be available for download at https://drive.google.com/file/d/1-F9czBKWkt2G1LMfKgcuKaK7jdRwrYrI. The download contains two important and full length archived movies. One is the Battle of Britain made in 1969. The air defense of England is represented and in history from their the Royal Air-force with the US Army 8th Air Force continues over Europe to defeat the Nazi war machine. Another movie is Jet Pilot 1957 in which John Wayne plays a Cold War pilot and shows a Russian defector the secrets of Fighter Control Radio and RADAR and how it allowed strategic ground-command of fights changing WWII.

This all ties to Paul Schrade and JFK and RFK and Joseph Kennedy Sr. Kennedy Sr upon return to the USA enlisted Packard Motors to build the Rolls Royce Merlin engine used in the Spitfire and other planes turning the history of WWII with that mass production capability.

The 1950's (even 1949) as Micheal Swanson of The War State notes was Vice President Nixon of the World Wide Meddling Program (WWMP) and the 1960's resistance to it inside the USA, and the 1970's was the cover-ups including Watergate, the

downing of UAL 553, and TWA 800. You might note that TWA 800 went down in 1996 but it was carrying Jed Johnson. With Patty Hears and Brigid Berlin at Interviews Magazine the truth of MK-UTTRA was being revealed by those from the family members tied to it. Flight UAL 553 was likely destroyed as an act of treason as well. Doroth Hunt and others were killed on that flight.

Much of this history I and Jen Moore and others write about goes back to the Kings Speech in 1925 and FDR and others in the time of the events surrounding WWI. During that time and leading into WWII a favor was done for Edward and Albert. Bastard children were moved into the USA. Later these bastard children wanted to study a quirk gene would have offspring born under real names or under covert hidden identity names. Some of those latter births have grown into positions of power around the world, covertly as planned and now this is covered up successfully after JFK was stopped from revealing key parts of the plan. Hearst, the Windsors, Nixon, and many others did know. Others who knew were Robert Mahue and Howard Hughes and the activities surround the Desert Inn near where surplus planes were modified for covert roles around the world by the CIA and US DDO.

We are the Right Hand of the history of the United States of America and global operations with Great Britain or Children of the Right Hand. St John Hunt the child of E. Howard Hunt. Dorothy Kilgallen. Dorothy Mae Kilgallen (July 3, 1913 - November 8, 1965) was an American columnist, journalist, and television game show panelist. After spending two semesters at the College of New Rochelle, she started her career shortly before her 18th birthday as a reporter for the Hearst Corporation's New York Evening Journal. In 1938, she began her newspaper column "The Voice of Broadway", which was eventually syndicated to more than 140 papers. In 1950, she

became a regular panelist on the television game show What's My Line?, continuing in the role until her death.

Kilgallen's columns featured mostly show-business news and gossip, but also ventured into other topics, such as politics and organized crime. She wrote front-page articles for multiple newspapers on the Sam Sheppard trial and, years later, events related to the John F. Kennedy assassination, such as testimony by Jack Ruby.

James L. Kilgallen, one of the nation's best-known newspaper reporters in a career that spanned three-quarters of a century, died Tuesday night at the Mary Manning Walsh Home in Manhattan, which he had entered earlier this month. He was 94 years old. Mr. Kilgallen, who was at International News Service for 38 years, was once described by Damon Runyon as "an editor's dream of a reporter." Mr. Kilgallen joined International News Service in 1920, and went on to cover major stories of the period, including the Lindbergh baby kidnapping case and the German surrender at Rheims, France, in World War II. - New York Times

US Senator George Hearst is important and mabye central to this entire story. He moved to California to confirm the existance of gold in California mountians and in the 1860's and 1870's era was part of J.P Morgan's conquest of the world by hegemonic business frequently under control of or similar to the law firms Allen Dulles would serve on also a CIA Director.

Bridid Berlin daughter of Heart CEO and manager Richard

Berlin and Patty Hearst daughter of Wiliam Randolph Hearst Jr. are part of the story as is Richard Nixon who as a Congressmen in California close to the William Randolph Hearst San Simeon Castle and post WWII 1949 Marshall plan to regain control of nation-states who gained independence following the withdrawal of Japanese or German forces are part of the story and Hearst may have been the rich friend who gave no money to Nixon (the Checkers the dog speech) but gave influential help to Congressman Nixon aspirations to the Vice Presidency and if Hearst Communications had its way President Richard Nixonn up the defeat or John F. Kennedy (much less Great Britain minded than Hearst or JP Morgan or Dulles) would have come to power.

The programs Nixon as US Congressman and post WWII planning and creation of the CIA out of the OSS and Marshal Plan and passage of the Mutual Defense act recommitting the allies of WWII to a common defense turned into Vice President Nixon as the head of the National Security Council planning out CIA activities around the world that come under scrutiny in the 1970's as the New York Times and Congress revisit CIA activities and attempt political oversight.

I Ed Donegan come from a family tied to these events and though not a child of Col Fletcher Prouty or families (the Donegan's and Prouty's) ere very close even though I was a small child.

Both TWA flight 800 with Jed Johnson and UAL flight 553 appear to be sabotaged flights as the CIA history under Nixon and MK-ULTRA backed by industrialists like Hearst began to come out.

One thing to know about Edward VIII who will figure into this story is the world is easily deceived. Portrayed officially as a has been with no loyalty to or from the Windsor family he was in fact what the US has used in creating Flag Officers. Nobles may serve as King, as Lord Governors of parts of Great Britain or its holdings like India, or in battle may carry their coats of arms as military commanders as US Flag Officers do for instance and Admiral and his or her flag displayed on the carrier of the carrier strike group the carrier is heading.

Duke Edward led the Battle of France for Great Britain until France fell. After the war he was reassigned to Bermuda seeming isolated and holding golf matches for the rich and famous but secretly working with the CIA, Bermuda Dunes airport, and efforts in the Caribbean with Nixon and Chauncey Marvin Holt, Col Prouty, and others.

Dorothy Kilgallen will have key pieces of this story that tie into he Donegan family and bastard Windsor children used in colonies under faked names, and that too is part of the story.

If you know who Col Fletcher Prouty was the USAAF liaison between the Joint Chiefs an the CIA assassinations team (and I knew him as a fried of our Donegan family as a child) you might have read *JFK: The CIA, Vietnam, and the Plot to Assassinate John F. Kennedy*. Colonel L. Fletcher Prouty, the former CIA operative known as “X,” offers a history-shaking perspective on the assassination of president John F. Kennedy. His theories were the basis for Oliver Stone’s controversial movie JFK.

In 1949 China fell to Mao. The USSR was according to The Long Telegram not God fearing nor did the believe in free markets. The Iron Curtain in Europe and the Americas was a foot as was the Bamboo Curtain in the Indochina area. Australia and the USA were a threat from the V2 and even worse.

Dorthy Wetzle was working in China for the Treasury Department and barely made it out by train with a last hope of a small gun she had with her just in case but was not stopped by anyone. After that she met E. Howard Hunt who was working for the CIA as sh was reassigned to work under E. Averall Harriman on post WWII Office of Policy Coordination OSS CIA operations as the agency names and progression went Dorothy Wetzel was born in Ohio on 1st April, 1920. She became an employee for the Central Intelligence Agency (CIA) after the Second World War and was stationed in Shanghai, China, where she met her future husband, E. Howard Hunt. - Spartacus Educational.

In 1949 Col. Prouty will arrive in Japan and James Paul Donegan who was part of the P-51 detail for the first and second bomb drops also flew from Japan during the Korean War and against the Soviets airspace as an interceptor jet pilot later.

As Jen Moore will explain this is not a Cold War or WWII story. WWII and the Cold War are part of the James and Glorian Donegan story concealed until now. The British Empire wanted the Pacific and Americas back though they had lost most all of the globe during WWWII. Rising labor unions and

workers parties were threat to getting the Pacific Islands or other nations back. Nixon and the Republicans planned dirty tricks. JFK planned economic aid packages and peacekeeping. Those all met together in USAID, the Peace Corp, and other programs but the balance between an open had helping feed and a knife in the back of WETDIVISION into an independence leaning president or press corp member would tilt the tide. The Boston Elite chose the British way, not the Kennedy and Constitutional way. That is where the treason against the USA emerges as we in what turned out be a Eugenics scheme backed secretive out of wedlock bastard children of the Windsors around the world to lead CIA backed governments around the world.

Symbolic Speech and Expressive Acts are speech and often suggestive requiring interpretation of the suggestiveness

Communication of political, economic, social, and other views is not accomplished solely by face-to-face speech, broadcast speech, or writing in newspapers, periodicals, and pamphlets. There is also “expressive conduct,” which includes picketing and marching, distribution of leaflets and pamphlets, addresses to publicly assembled audiences, door-to-door solicitation, and sit-ins. There is also a class of conduct, now only vaguely defined, that has been denominated “symbolic conduct,” which includes such actions as flag desecration and draft-card burnings. Because all these ways of expressing oneself involve

conduct rather than mere speech, they are all much more subject to regulation and restriction than is simple speech. Some of them may be forbidden altogether. But, to the degree that these actions are intended to communicate a point of view, the First Amendment is relevant and protects some of them to a great extent. Sorting out the conflicting lines of principle and doctrine is the point of this section.

Justice Jackson wrote: “There is no doubt that, in connection with the pledge, the flag salute is a form of utterance. Symbolism is a primitive but effective way of communicating ideas. The use of an emblem or flag to symbolize some system, idea, institution, or personality is a short cut from mind to mind.”1599 When conduct or action has a communicative content to it, governmental regulation or prohibition implicates the First Amendment, but this does not mean that such conduct or action is necessarily immune from governmental process. Thus, although the Court has had few opportunities to formulate First Amendment standards in this area, in upholding a congressional prohibition on draft-card burnings, it has stated the generally applicable rule. “[A] government regulation is sufficiently justified if it is within the constitutional power of Government; if it furthers an important or substantial governmental interest; if the governmental interest is unrelated to the suppression of free expression; and if the incidental restriction on alleged First Amendment freedom is no greater than is essential to the furtherance of that government interest.”1600 The Court has suggested that this standard is virtually identical to that applied to time, place, or manner restrictions on expression. https://law.justia.com/constitution/us/amendment-01/17-speech-plus.html

Racial Epitaphs should not be confused with racial violence or sexual violence as racial violence.

An epitaph (from Ancient Greek ἐπιτάφιος (epitáphios) 'a funeral oration'; from ἐπι- (epi-) 'at, over', and τάφος (táphos) 'tomb')[1][2] is a short text honoring a deceased person. Strictly speaking, it refers to text that is inscribed on a tombstone or plaque, but it may also be used in a figurative sense. Some epitaphs are specified by the person themselves before their death, while others are chosen by those responsible for the burial. An epitaph may be written in prose or in poem verse.

A Racial Eptiaph may be a comment about a person's race

such as "Whites live their lives on generational opportunities they had only from head starts in wealth they obtained exploiting others"

Racial Violence may be motivated by an Epitaph thought, a description of the person but be something like a hit with a baseball bat, strictly and anatomical assault and often only discernible as racially motivated by the assailant in some making clear the motive for violence as being race.

The Offensive Conduct is offensive to me and designed to be though the state of mind of those whose conduct is offensive is not always clear. They may be dupes who think they have some legitimate reason for their conduct or they may have an un-confused interest in being abusive and disruptive to book writing.

In either case of State of Mind offensive conditions are created that are disruptive and abusive to me, and as I see them unjust as to how I am portrayed and treated, and dangerous that others may believe how I am being portrayed by their acts.

According to Jen Moore and most of her tapes left after her death and I am including videos I listened to drinking tea and looking out over Nueces Bay or petting the cats or something like that. I did not keep notes as to which Farmer Jones or Youtube Video I was glistering to an in many cases several different subjects are on a single 45 minute or one hour conference call of which there are 10.

What I can say Jen Moore said is the abusive and traumatic stimuli is created increasing in loudness and duration to try and rub salt in wound after wound of abusive treatment and under those conditions the person abused by lack of sleep, malicious and abusive allegations and mockery, physical attacks, attempts a sexual humiliation etc., are intended to create explosions of rage that will result in fighting with police snitches, attacks on guards of jails, outburst, and the inability to focus on what you are doing because the abuse takes of focus.

this relates to Veronica Hoffaman being driven crazy and into a pscy ward, my probably 20 times, and my moving back to my mothers who then lived at 850 N. Randolph Arlington VA after selling the house at 52 Lambeth Square Moraga California in the late 1990 or so I think and arriving in Arlington Viriginia she did what she had said what she said she would do since the divorce. Along parts of retirement that went to her she got the house and she kept that in full as principle living in part of the interest and dividing it between Tom as inheritance and Edward Paul Donegan as trust fund for vehicles one she already had left me an other types of assistive expenses.

In the years I was in San Francisco living neary and around Tom Dunham I was calling my mother 25 to 30 times a day in long calls trying to figure out what I was being stalked and also attacked out of the blue by crazed insane people as Tom Dunham put it referencing things that never occurred for rumors sake as either dupes of the rumor or to promote rumors the the speech act of physically attacking me in the streets or in plain clothes walking along near me in the streets brandishing weapons pointed at me and my at times taking off my clothes about the waist holding up my arms “Why are you following me?” I am not armed and have done nothing wrong. Who are you?” No answer ever came back but Ted Gunderson statements match mine.

Even with Arlington Virginia I was telling her watch out for the neighbors they change them out to Overwatch and the snitches are drug addicts.

I remember we were seeing a movie together in a theater just released and such an operation was in the movie. Female lead, I forget which one but she did begin to think about it.

The Bravado stalkers have they are on the trail of someone is theatrics being sold to the public. There is nothing real to it.

This has been my experience all the way along. i have recently written the Los Angeles Coroner that Veronica Hoffman was

likely GangStalked into the psychyward.

The Wolf and the Lamb retrieved from Wikipedia and copied or modified to here

The Wolf and the Lamb is a well-known fable of Aesop and is numbered 155 in the Perry Index.[1] There are several variant stories of tyrannical injustice in which a victim is falsely accused and killed despite a reasonable defence.

The fable and its variants

A wolf comes upon a lamb while both are drinking from a stream and, in order to justify taking its life, accuses it of various misdemeanours, all of which the lamb proves to be impossible. Losing patience, the wolf replies that the offences must have been committed by some other member of the lamb's family and that it does not propose to delay its meal by enquiring any further. There are versions of the fable in both the Greek of Babrius[2] and the Latin of Phaedrus,[3] and it was retold in Latin throughout the Middle Ages. The morals drawn there are that the tyrant can always find an excuse for his tyranny and that the unjust will not listen to the reasoning of the innocent.

In his 1692 retelling of the fable, Roger L'Estrange used the English proverb "Tis an easy Matter to find a Staff to beat a Dog" to sum up the sentiment that any arbitrary excuse will suit the powerful.[5] At a slightly earlier date, Jean de la Fontaine began his very similar version

of the story with the moral summary of its meaning, La raison du plus fort est toujours la meilleure[6] (The strongest side always carries the argument).[7] The line eventually became proverbial in French and was glossed with the alternative English proverb, “Might makes right”, as its equivalent.[8] Ivan Krylov’s translation of the French[9] was likewise close and has given the Russian language two proverbs. The first, “The stronger always blames the weaker” (“У сильного всегда бессильный виноват”), is taken from the poem’s first line. The second idiomatic usage is provided by the wolf’s final reply to the lamb’s reasoning, “My need of food is guilt enough of yours” (“Ты виноват уж тем, что хочется мне кушать”), and is used ironically of someone casting around to find blame, no matter what justice demands.

A variant story attributed to Aesop exists in Greek sources. This is the fable of the cock and the cat, which is separately numbered 16 in the Perry Index.[11] Seeking a reasonable pretext to kill the cock, the cat accuses it of waking people early in the morning and then of incest with its sisters and daughters. In both cases, the cock answers that humanity benefits by its activities. But the cat ends the argument by remarking that it is now her breakfast time and “Cats don’t live on dialogues”.[12] Underlying both these fables is a Latin proverb, variously expressed,[13] that “an empty belly has no ears” or, as the Spanish equivalent has it, “Lobo hambriento no tiene asiento” (a hungry wolf doesn’t hang about).[14]

/

The fable also has Eastern analogues. One of these is the Buddhist Dipi Jataka in which the protagonists are a panther and a goat. The goat has strayed into the presence of a panther and tries to avert its fate by greeting the predator politely. It is accused of treading on his tail and then of scaring off his prey, for which

crime it is made to substitute.[15] A similar story involving birds is found among Bidpai's Persian fables as "The Partridge and the Hawk".[16] The unjust accusation there is that the partridge is taking up all the shade, leaving the hawk out in the hot sun. When the partridge points out that it is midnight, it is killed by the hawk for contradicting.

Moral applications

Punch cartoon, 1893

Down the centuries, interpreters of the fable have applied it to injustices prevalent in their own times. The 15th-century Moral Fables by Scottish poet Robert Henryson depict widespread social breakdown. The Lamb appeals to natural law, to Scripture, and to statutory law, and is answered by the Wolf with perversions of all these. Then Henryson in his own person comments that there are three kinds of contemporary wolves who oppress the poor: dishonest lawyers; landowners intent on extending their estates; and aristocrats who exploit their tenants.

A political application of the fable to international relations is an 1893 Punch cartoon published when Britain and France were both thinking of extending their colonial influence into Thailand and were looking for excuses to do so. A wolf in French Army uniform eyes the Thai lamb across the Mekong River. Much earlier, the fable's presence in the borders of the 11th-century Bayeux Tapestry (see above) has suggested a similar political comment being made by the English embroiderers to express their dissent and horror at the 1066 Norman invasion of Britain.

Artistic applications

The story was among those included in La Fontaine's Fables (I.10)[19] and was set to music by several French composers, including

Louis-Nicolas Clérambault at the start of the 18th century.[20] Alfred Yung (1836-1913), a setting for two equal voices (1862)[21] Louis Lacombe, among his Fables de La Fontaine (Op. 72 1875) Charles Lecocq in Six Fables de Jean de la Fontaine for voice and piano (1900)[22] André Caplet in Trois Fables de Jean de la Fontaine for voice and piano (1919)[23] Marie-Madeleine Duruflé (1921-1999) in 6 Fables de La Fontaine for female a cappella choir (1960)[24] Isabelle Aboulker in Les Fables enchantées (1979)[25] Claude Ballif, the last of his Chansonettes : 5 Fables de La Fontaine for small mixed choir (Op.72, Nº1 1995) Sacha Chaban, a setting for orchestra and recitation (2012)[26]

La Fontaine's fable in Catalan translation is part of Xavier Benguerel i Godó's Siete Fabulas de La Fontaine for recitation with orchestral accompaniment.[27] But it was Martin Luther's German translation, Fabel Vom Wolf und Lämmlein that Hans Poser set for male choir and accompaniment in his Die Fabeln des Äsop (0p.28, 1956). A ballet based upon the fable was choreographed in 2004 by Béatrice Massin for the composite presentation of Annie Sellem, Les Fables à La Fontaine. This was interpreted to the Baroque music of Marin Marais.[28]

The fable was also the subject of several paintings by Jean-Baptiste Oudry, including one over the door in the Grand Cabinet du Dauphin in the Palace of Versailles (1747) and a canvas currently held in the Museums of Metz.[29] In the 19th century it was made the subject of a statue by Hippolyte Heizler (1828-71), currently in the Le Mans botanical garden, in which the wolf looks down threateningly at the diminutive lamb.[30] Later the fable

figured on two French stamps: first was a 1938 portrait of La Fontaine with the tale illustrated in a panel below it;[31] there was also a six-stamp strip issued in 1995 to commemorate the third centenary of La Fontaine's death, in which the lamb is shown as startled by the wolf's reflection in the water.[32] In 1977 Burundi issued a four-stamp block of fables where the designs are based on Gustave Doré's illustrations, of which this fable is one.

FRIDAY, AUGUST 1, 2008 NEWS The Obama "Death List" hoax retrieved from The CLog and copied or modified to here

If you have gotten the Obama "Death List" e-mail, you either have some gullible people in your circle, or some ironic ones. Because the following morbid "death" e-mail circulating through the Internet panders to every fear and whisper of fear associated with Obama and all he stands for.

Sadly, racial and social stereotypes abound. For example, the finger-pointing "He's-not-white-and-his-name-is-funny-so-he-must-be-scary" claim that as a young boy Obama beheads a classmate as an initiation into Islam. You don't need Religion 101 to know that's a complete lie. And yet, there will be someone touting these "talking points" during your next debate. Because the people who put together this ridiculous e-mail would have you believe that everything Obama stands for is different than what you stand for. And since you never beheaded anyone when you were 9 years old (we hope), Obama must be evil.

So, here's the fiction, and then the facts, of the Obama "Death List":

The Fiction:

The Obama Death List

The following is a partial list of deaths of persons connected to Barack HUSSEIN Obama during his time inside the United States. Read the list and judge for yourself …

SARAH BERKLEY - Author of “The Jihad at the Ballot Box” - a book examining Obama’s relationship with radical Islam. Died in a mysterious car crash in 2003.

RUSSELL MCDOUGAL - Former FBI operative, January 23rd, 2007. McDougal was known to hold sensitive information about meetings Barack Obama had with arms smugglers. His wife was murdered March 2006 after he went public with his initial reports. His father died July 8, 2006 four hours after McDougal presented his findings on the Savage Nation. Suffered administrative retaliation after reporting discussions by jihadist groups concerning Obama to his superiors.

RODRIGO VILLALOPEZ, a television news camera man who shot the footage of Obama describing small town voters as “bitter” and “clinging to their guns during the primary season.

BRIAN GORING - A defense attorney for Obama patron Antoin Rezko during his trial for extortion and bribery. Died of apparent “natural causes.”

MERCEDES HUGLEY, one of Obama’s many white, female conquests while at Harvard. Filed sexual assault charges against Obama for date rape in 1990. Because “date rape” was not considered a crime like it is today, she ended up dropping the charges. Two years later, she was found dead of an apparent cocaine overdose.

TAMIKA HILL - A former secretary for Obama's office in Chicago was murdered July 6, 2005 at a rib shack in the south side. Hill had spoken off the record with a reporter from the ***Chicago Sun Times*** about meetings Obama had with black militants in the city. She was murdered before she could ever be properly interviewed.

HASAD AL SHAREEZ - FBI informant. Reported to his handler in January 2001 that he had a tape about of a person named simply "B. Hussein" meeting with 9/11 hijacker Mohatma Atta in Prague. Was found shot in the basement of a mosque in Dearborn, MI in October, 2001.

DARSANO RAHARDJO - Childhood classmate of Barack Obama when he attended a madrassa in Indonesia. Was found with his head cut off in a Jakarta alley way in 1970. Many children at the school attributed Rahardjo's murder to the young Barack Obama. It was likely done as an initiation ritual, since Islam demands that a boy spill another's blood before the age of ten to prove their loyalty to Allah.

REVEREND DAVID MANNING - Former head of the Trinity Baptist Church in Chicago. Was murdered during the apparent robbery of a catfish restaurant in 1972. Shortly afterwards, Rev. Jeremiah Wright took over as head of Trinity and a many parishoners (who later left the church) suspected Wright in having a hand in Reverend Manning's death. Decades later, Manning's son JAMAL MANNING was found dead of an apparent crack overdose in 2004. It was rumored he was going to bring evidence of Wright's complicity in his father's death. His testimony was timed to coincide with Obama's first senate race.

CHRISTOPHER HARGROVE, A former lover of Larry Sinclair. Found dead in a hotel room of apparent auto-erotic asphyxiation in January 2001. Was said to have been enraged when he found out that Sinclair had

cheated on Jackson with Obama in the back of a limousine. To get revenge, Jackson planned to release digital pictures Sinclair had taken of the encounter on the Internet.

PAUL ROTHCHILD - Democrat National Committee Political Director found dead in a hotel room in Washington DC in 2003. A “friend and trusted advisor” to senatorial candidate Barack Obama. Dead of an apparent suicide.

CURTIS “POOKIE” JACKSON - Chicago drug dealer. Was the subject of a police investigation in which he was suspected of funneling money to Obama’s many various community projects. Killed in 1998 in an apparent gang murder.

HARVEY KENYON - Head of Obama’s senatorial security team in Chicago. Gunned down in his car at a deserted intersection outside of Grant Park in 2005. Kenyon’s son said his father was building a dossier on Obama. He allegedly threatened to reveal this information. After he died the files were mysteriously removed from his house

SHEILA BAUGH - A Washington DC madam. Died from a gunshot wound. Reported to have a black book of people containing names of influential people who visited the prostitutes in her brothel. One of those names was allegedly Barack Obama.

KEYSHAWN “SPOON” CALWORTH - Was found dead of an apparent heroin overdose May 18, 1997. Was reported to have ties to Rev. Jeremiah Wright.

LAWSHAWNA MARTIN- 26 year old mother of five, a Cabrini Green resident with a history of substance abuse. Told two of her co-workers at the Blue Peppermint Gentleman’s Club that she would have to quit work

because she was pregnant again. Strongly implied that the “baby daddy” was Barack Obama. The next week, she was reported missing. No body was ever recovered, but Lawshana has not resurfaced since making those remarks.

BILL FERGUSON- Senior aide to Barack Obama. Found dead of an apparent heart attack.

GANDY BAUGH - Attorney for Obama friend Antonin Rezko died by falling out an eightieth story window of the Hancock Tower, January, 2003. His client was a convicted Chinese spy.

The Fact:

The following is a compilation from MyRightWingDad.com and SadlyNo.com. I Googled a few of these myself to double-check, and came up with the same results. The people who actually exist (all of three of them) are alive and kicking. One name is iffy, since he was on a similar “Death List” in February (and as far back as 2002), but for the Clintons:

Gandy Baugh - Attorney for Clinton ‘s friend Dan Lassater, died by

jumping out a window of a tall building January, 1994. His client was a convicted drug distributor.

Pretty impressive to die twice.

The three that exist are:

REV. DAVID MANNING. The Rev. James David Manning is the head of a black megachurch in Atlanta, and is still alive. Rev. Jeremiah Wright took over the Trinity United Church of Christ (not the Trinity Baptist Church) in 1972, but it was from Reuben A. Sheares, not

David Manning. Sheares was alive and healthy when Wright took over the job.

SHEILA BAUGH. An Arkansas realtor, not a D.C. madam.

BRIAN GORING. There really is a Brian Goring who's a Chicago attorney, but he's still alive, and no lawyer by that name worked for Tony Rezko.

SadlyNo.com states: "We're coming up cold blank on several so far, including the 'Sarah Berkley' who wrote the apparently nonexistent book, The Jihad at the Ballot Box."

That's right. There is no such book or person.

Here's the rest of the compilation:

LAWSHAWNA MARTIN. Does not exist, therefore cannot be dead. Also, there is no such place in Chicago as the Blue Peppermint Gentleman's Club.

BILL FERGUSON Turns up nowhere on Google despite being a "senior aide" to a man running for President of the United States.

KEYSHAWN CALWORTH. Nothing on Google except this list.

HARVEY KENYON. No Google references, despite being an Obama security boss as recently as 2005 who was allegedly murdered.

CURTIS "POOKIE" JACKSON. Doesn't show up on a list of murdered Chicagoans from 1998, despite having a pretty common name.

PAUL ROTHCHILD. No one by this name was ever Political Director of the Democratic National Committee.

CHRISTOPHER HARGROVE. The only place this name occurs on Google in conjunction with Larry Sinclair is, surprise! On this list.

DARSANO RAHARDJO. Nothing on Google. Also, the Quran doesn't say anything about Muslim boys having to commit ritual murder to prove their loyalty to Allah.

HASAD AL-SHAREEZ. Again, nothing on Google. "Hasad" means "envy" in Arabic.

TAMIKA HILL. "tamika" + "hill": lots of results. "tamika" + "hill" + "murder": 0 results.

MERCEDES HUGLEY. Nada. For the record, date rape was a crime in 1990, too.

RODRIGO VILLALOPEZ. Incidentally, more than one cameraman filmed that campaign stop; why did Obama direct his wrath only at poor fictional Rodrigo?

RUSSELL McDOUGAL. The Federal Bureau of Investigations makes public lists of all of its agents who have died in the line of duty, and none of them have been named Russell McDougal. No one by that name ever appears to have been on Savage Nation, either.

What Are The Differences Between Burglary, Theft, And Vandalism? retrieved from Voss Law and copied or modified to here

Someone has broken into your business and caused damage. You may be confused by which crime was technically committed on your property and whether the damage is covered by your commercial insurance policy. In order to better understand how your business was damaged, it is important to know the differences between burglary, theft, and vandalism. Let's take a look at their basic definitions:

The Differences Between Burglary, Theft, And Vandalism

- ***Burglary***: Burglary is the act of entering a property illegally with the intent of breaking a law. Elements of burglary include trespassing, breaking, and entering. Someone who commits burglary could do so in order to steal from the property, to illegally dwell there, or to vandalize property.

- ***Theft***: Theft or robbery is a criminal act in which a person takes someone else's property without permission. While burglary often goes hand-in-hand with theft, theft can occur without burglary and vice versa.

- ***Vandalism***:Vandalism is the purposeful and malicious destruction of property by someone who does not own the property. It is sometimes referred to as malicious

> mischief or malicious trespassing. It is common for those who commit vandalism to first commit burglary, though not everyone who commits burglary is guilty of vandalism.

> When your business or commercial property has been damaged by burglars, thieves, or vandals, the damage can be significant and expensive. It is important to understand exactly how your property was damaged and exactly what your policy covers when you make an insurance claim. The espionage we Targeted Individuals are subjected to (as my mother was) depends on *Broken Links*.

Broken (or invalid links) come in two forms. The first is that an evidence plant, a home invasion, a faked property record, items taken from or placed into our homes, or even wrong billings of what TV service we have link us to a distruth.

and the second form of broken links is once we have been improperly tied to negative things through plants of evidence, etc., on our property links that then SHOULD occur are postive and correct outcomes but do not (failed to get hired at a job) do not occur. The wrongful link to negatives and thus sabotaging links to our forward progress in life act together to destroy our lives.

1. Links to things we are not tied to generally negative and a type of negative which will harm us in the communities we wish to thrive in.

2. Fail to create new links to things upon the earlier sabotage

Combine to …

3. Dead ends in life and little community or media reach of voice or standing in the community.

What is Gang Stalking a Targeted Individual? Targeting of Individuals by the US Government for Subversion, attacks, etc.?

By Professor Eric Thor Karlstrom, Ph.D https://erickarlstrom.com/

“Gang Stalking” is, very likely, a disinformation term created by U.S. intelligence agencies. It refers to the intense, long-term, unconstitutional surveillance and harassment of a person who has been designated as a target by someone associated with America’s security industry.

Such operations have nothing to do with criminal gangs. Official domestic counterintelligence operations of this type are

- apparently - perpetrated by federal agents and contractors, sometimes with the support of state and local law enforcement personnel. The goal of such operations - in the parlance of counterintelligence agents - is to “subvert” or “neutralize” an individual deemed to be an enemy (or potential enemy) of clients or members of the security state. Arguably, the most accurate term for this form of harassment would be “counterintelligence stalking.”

Espionage Agencies target people for subversion of careers, housing, family, jobs, etc., thorugh illegal acts and under-cover operations.

Legend (Urban)

An urban legend or contemporary legend is a genre of folklore comprising stories circulated as true, especially as having happened to a “friend of a friend” or family member, often with horrifying or humorous elements. These legends can be entertaining but often concern mysterious peril or troubling events, such as disappearances and strange objects. They may also be confirmation of moral standards, or reflect prejudices, or be a way to make sense of societal anxieties. - Wikipedia

Legend (Espionage)

A spy’s claimed background or biography, usually supported by documents and memorized details. - Spy Museum

Creating Dessired Legends Via Fixers or Actors

legends are most often circulated orally, but can be spread by any media, including newspapers, mobile

news apps, e-mail, and social media. Some urban legends have passed through the years with only minor changes to suit regional variations. Some my come from false flags such as Komprmoat, evidence of misconduct placed on or around a victim who will be wrongly blamed.

- ***Street Theater*** Is the Gang of Stalker surrounding a victim in public and alter the correct context of the Slander Victim into a distorted context of the Slander Victim.

- ***Office Mob*** Is the same paid actors or other paid actors who surrounded the Slander Victim at one location that talk up and circulate rumors about the Slander Victim based on earlier events.

A Simple Definition

Under Occupational Health and Safety laws, individuals are being flagged and placed on community notification lists. This is happening without the targets knowledge. In many countries these community notifications are being used by companies and others to target innocent individuals such as whistle-blowers, the outspoken, etc. In conjunction with these notifications, companies and others are in some cases using a practice that was used in the former soviet union called the psychiatric reprisal. This is used as a means of retaliation, blacklisting, silencing, or controlling members of society. Once on the notification system, warnings about the targets are sent out to every individual the target comes in contact with, thus poisoning their associations, and socially annexing the targeted

individual.

Gang Stalking is a systemic form of control, which seeks to destroy every aspect of a Targeted Individuals life. Once a target is flagged a notification is sent out to the community at large, and the target is followed around 24/7 by the various communities that they are in.

The goals of Predatory Gangstalking of an individual are numerous. Predatory Gangstalking is intended to deprive someone of their freedoms and rights. It destroys a person's privacy and control of their own environments. It is intended to create distress, disrupt all relationships, deplete person's resources, destroy one's physical and mental health, and inflict great overall long term suffering. They interfere with a target's sleep thereby producing chronic sleep deprivation, as a strategic tactic. They employ a variety of interactions with the targeted individual which are likely to produce accidents and various forms of illness. One of the main weapons they use for their own protection and to enable their success in gangstalking is to manipulate the target's life in such a way as to cause them to lose their credibility with others. This is usually the first objective reached. After that, gangstalking the target involves only minor risk. Notably, people who become involved generally stop caring about the abuse by either turning a blind eye or actively joining in. While others, though concerned for the target, become too frightened to speak out or come to believe the propoganda that the target is mentally ill and needs 'this' help.

Predatory Gangstalking also involves provoking "accidents" and consequences of harm to the target. Predatory Gangstalkers will surrounding a target's moving vehicle and attempting to force them off of the road when they are stressed and exhausted.

Worse, these tactics will be employed after tampering with a targeted individual's vehicle. Predatory Gangstalking is very serious business. Predatory Gangstalking is, at the least,

psychological violence, and at most, it is a protracted sadistic sociopathic domination and calculated destruction of an innocent human being for reasons of pleasure, power, and social control by a group predatory stranger.

Target Selection and Targets of Value or Interest

Gang stalking apparently targets American citizens deemed to be dissidents or whistle-blowers (and perhaps potential dissidents and whistle-blowers), although others might be targeted for other reasons - such as for experimental or training purposes. For perspective, it should be remembered that for two decades the CIA performed secret illegal experiments on U.S. and Canadian citizens in the infamous MK Ultra program of the Donegan family comes from, the atomic bombing of Japan, atomic testing and DNA, behavoiral research on FOXP2 gene. Those experiments included physical and psychological torture.

A lot of accounts by self-proclaimed targets of gang stalking suggest that people are often subjected to severe long-term harassment simply because they crossed someone connected with the agencies and security firms which perpetrate such operations.

Assault Battery Battery Model (Edward Paul Donegan)

Assault including Sexual (unwanted suggestive references or imagery from others) assault does not include touching. If it leads to battery of the Stalker by the Stalked the FBI has likely won.

Stalkers create alarm in the Stalked. The Stalked is being taunted by strangers in public who are “Hyper-intimate” (proving they are Stalkers by revealing private details of the Stalked the Stalker should NOT have) and Stalkers often offensively mimic or by gesture or time assault or harass or

sexually harass victims with body positions, expressive activities, etc.,

> **What is sexual harassment? What is Sexual Attack? What are Expressive Threats or Expressive Non Verbal Messages?**
>
> **rapecrisis.org** *
>
> Sexual harassment is a type of of sexual violence - the phrase we use to describe any sexual activity or act that happened without consent. Other types of sexual violence include rape (sexual battery) and sexual assault. Victims and survivors of sexual harassment are often told that they are being ‘unreasonable’ or ‘too sensitive’, or that they ‘can’t take a joke’.
>
> But, sexual harassment is never funny and should not be happening.
>
> It can often often make victims and survivors feel upset, scared, humiliated or unsafe. For some, it can have a serious impact on their physical and mental health, and affect their quality of life.

An example of that type of abuse occurred in April 2012, when USA Today reported that one of its reporters and an editor were slandered by a secret disinformation campaign waged by an intelligence contractor firm to discredit them because the newspaper had investigated and reported on that contractor. The company involved conducted propaganda campaigns for the U.S. military. Similarly, in August 2013 it was reported that at least a dozen National Security Agency (NSA) employees had used their surveillance system access to spy on their current and former spouses and partners.

Harassment (a.k.a. “Subversion”) Tactics (ETKarlson)

In counterintelligence, to “subvert” or “neutralize” an enemy is to make it impossible for that enemy to go about his business. Gang stalkers seek to keep their victim in a constant state of agitation and hyper-vigilance so that he or she will find it almost impossible to function.

This serves multiple purposes. For one thing, it makes it hard for the individual to pose a threat to the client of the gang stalkers - whether that is a corporation or a government.

Note that - as discussed in detail elsewhere in this website - the distinction between corporations and the government is often meaningless in America, given the vast industry of private intelligence contractors with secret clearances, the use of the FBI and other agencies to serve corporate interests, and the lucrative revolving-door nature of employment between the public and private spheres in law enforcement and intelligence. This is another obvious purpose of gang stalking: income for the perpetrators.

Implications

In addition to being morally reprehensible, gang stalking - just like the original version of the FBI’s Cointelpro operations - is illegal. It violates criminal laws in all fifty states against stalking, as well as grossly violating the U.S. Constitution’s prohibitions against warrantless searches and extra-judicial punishment.

While the vast majority of Americans are never personally targeted by gang stalking, they should still be concerned about the existence of such operations. Even if such activities were constitutionally legitimate (clearly they are not), they would still have an enormous potential for abuse as a personal or political weapon by the practitioners.

Ending this cowardly and illegal practice by law enforcement agencies, intelligence agencies, and their parasitic corporate contractors will require exposing what is happening to the public. Anyone reading this can assist with that exposure by simply sharing this information with others.

Comments by Edward Donegan

ETK will introduce Paid Actors system of assaulting Stalk Victims harass, sabotage, and destroy the lives of a Stalked person.

The chief most position the Stalker operate from is position of power, gaining Government offices, and holding private business, operating detention facilities such that people are not transported to Due Process hearings, Identification are switched out, camera systems are turned off or Hospital IDs are NOT used and something ambiguous is, etc., and personnel of these institutions are recruits selected for duplicitous activities undermining their assigned jobs and procedures.

This is especially dangerous since criticizing (calling out a stalker) lands the stalk victim in the stigma of a crazy conspiracy theorist.

WHO KILLED BOBBY? : THE UNSOLVED MURDER OF ROBERT F. KENNEDY

It's tempting to write off the LAPD's bullying, incompetence, omission, and destruction and manipulation of evidence as simply the cover-up of a botched investigation-the avoidance of another Dallas, by any means necessary-until you see the connections fanning out from the department to other government agencies, specifically the CIA.

By late 1967 , LBJ was besieged by the antiwar movement. From his bunker at the White House, he looked out at the

student dissent and disgust with government and could not believe it was the work of true Americans. Foreign influence must be at play, corrupting American youth, and he encouraged the CIA to root it out with the launch of Operation Chaos, a domestic surveillance operation on the protest movement and the Black Panthers. Through a network of informants and agent provocateurs, Chaos would determine if foreign powers were funding and fomenting this domestic unrest.

The program was tightly held, known only to director Richard Helms and his top lieutenants, Richard Ober and Cord Meyer, who helped establish and run it. One of the main cities targeted was Los Angeles, and links were established with the intelligence division of the LAPD, which was also responsible for the security of VIPs visiting Los Angeles. In sync with this effort, the CIA provided training to police departments in guerrilla techniques and tools of urban warfare. Former CIA offcer Victor Marchetti told researcher Betsy Langman that while he was with the agency in 1967, the Chicago and Los Angeles police departments received several days of "training" from the Clandestine Services Division. When Marchetti asked why a dozen or so LAPD offcers were at CIA headquarters, he was told it was a "special," "sensitive" activity that had been directly approved by the CIA director.

In 1982, author Philip Melanson obtained a three-hundred-page "Domestic Police Training" file from the CIA through the Freedom of Information Act. These documents confirmed that during the sixties and seventies, the CIA had secret ties to police departments across the country, providing training and equipment in exchange for surveillance, break-ins, and the provision of police credentials to CIA operatives. Los Angeles was one of the cities that received this special training.

The two men who had effective day-to-day control of the RFK investigation also had CIA connections. As day watch supervisor, Lieutenant Manuel Pena had to sign off and approve every report and decide who to reinterview and who to dismiss as the case was prepared for trial. This was the same Manny Pena who scrawled across several blank interview summaries
